

Godly Choice 1271

Chapter 1271: Ding, add 1 to Shan Ruqing's favorability

"I'm afraid it's not that simple."

Li Yun thought of something, "Our current location is very close to another secret base of the Six Demon Gates. They will definitely come to check after the plane crashes!"

Shangguanming jumped up all of a sudden, "It's them again! What do you want to do? We haven't had time to support you."

"I know...gather them together first. The place near the parachute can't stay for the time being."

"Okay, I'll talk to General Xia, but this time they don't have hostages to act as shields. See if I won't clean them up!"

After understanding the general situation of the Six Demon Gates, Shangguan Ming was not very afraid. Their spells were very strong, but the modern weapons were not vegetarian.

After hanging up the phone, Li Yun shook his head. Fortunately, this phone was a satellite phone sent by Liao Hua. The signal was strong enough, otherwise the outside world would not be reachable in the mountains, so he could only stare.

Back on the ground, Shan Xiaoxiao jumped up and hugged him happily. Before the little girl could speak, Li Yun directly hugged her, making Xiaoxiao scream in surprise.

"What are you doing?" Shan Ruqing asked angrily, hugging her daughter at once. Is it because she wanted to be a circuitous tactic?

"let's go."

Li Yun held Shan Xiaoxiao's petite body in one hand, and took out a long sword with the other to cut the way.

Shan Ruqing quickly staggered to keep up, "Aren't we going to stay where we are? Where are we going?"

If she can, she really doesn't want to trek in the forest.

"You have heard the words of the gale before. There is a base built by the Immortals of Ten Thousand Fas. They may have noticed the crash of the plane and will soon send someone to search for it!"

"Ah, aren't we...?" Shan Ruqing showed an anxious expression on her face before leaving the wolf den and entering the tiger den again.

"Don't worry, the forest is so big, it's not easy for them to find it. But I said one thing wrong before, and now I have to take them all away from the parachute."

Shan Ruqing fell silent, she also agreed with Li Yun's statement, but...

"Um?"

Li Yun looked back, and saw Shan Ruqing's face full of crystal sweat, panting with her mouth open, holding high heels in her hands, walking barefoot on the leaves and dirt, looking very embarrassed.

"Don't care about it!"

Before Li Yun could speak, Shan Ruqing rejected him in a cold tone-although she didn't realize why Li Yun turned her head, she guessed that he wanted to care about her.

Perhaps subconsciously, Shan Ruqing has recognized that he is a good man.

"Ding, trigger the option event, please choose from the host:

Option 1: Take the initiative to walk with her, reward: Shan Ruqing's favorability +5, justice value +10, white gift bag*1, skill: the love of the domineering president (there is a probability that girls will fall in love).

Option 2: Give her a pair of shoes, reward: Shan Ruqing's favorability +1, justice value +1, white gift bag*1.

Choice 3: Kiss her strongly, reward: Shan Ruqing's favorability degree ± 100 , a small probability of getting the full favorability degree, a high probability of being completely disgusted. "

After reading the system's options, Li Yun couldn't laugh or cry. The cheating system gave him the option of a strong kiss. He was a little bit irritated. If he really kissed, could he still get a full favor?

"At least put on shoes, right?"

In the end, he didn't choose to kiss strongly, Li Yun shrugged, took out a pair of women's sneakers from the inventory and handed it to her.

This time, Shan Ruqing did not refuse, and took it logically, but Li Yun still stretched out his hand.

Chapter 1272: Three hundred thousand high heel sandals

".....Humph."

Shan Ruqing bit her lip, her beautiful and glamorous face showed an awkward look, and finally she handed over her high-heeled sandals worth 300,000 yuan to him.

"You, you can keep it, it's not convenient for me to hold it." Shan Ruqing flushed hot, "Be careful, my shoes are expensive, remember to pay me back when you go out!"

Shan Xiaoxiao chuckled and smirked, and her mother, who is always pretentious to men, would be shy.

It seems that she will have a hero dad soon!

"it is good."

Li Yun shrugged and threw the high heels she had worn for four days into the space ring.

It doesn't taste much.

Taking a look at her pair of crystal clear, but stepping on the slender feet of the forest withered branches and leaves, Li Yun took out a bottle of mineral water and a pair of women's socks, handed it to her and said: "Wash, wash and wear. Right, there are a lot of mosquitoes in the forest."

After thinking about it, "Forget it, just take protection, Xiao Xiao, you also put on your clothes, and apply anti-mosquito toilet water to prevent mosquitoes from biting your cheeks."

Li Yun smiled and squeezed Shan Xiaoxiao's fat little baby face. The child's round face felt like a good touch.

"Woo, mom, my hero is bullying me~~"

"Stop complaining, put on your clothes quickly!"

"Yes~~~ Brother Li Yun is so domineering!"

Shan Ruqing held the things given by Li Yun with an extremely weird face.

How much did this man hide in his body? Moreover, there are so many women's things, huh, it is really a juvenile romantic, no wonder so many girls are pleased!

However, she was not polite and used it directly. After washing her feet, she dried her feet and put on her socks, which made her feel much more comfortable.

"Ding, the host makes a choice, Shan Ruqing's favorability degree +1, justice value +1, white gift bag*1, additional rewards: Shan Ruqing favorability degree +20, Shan Ruqing favorability degree -10, small favorability degree Rose slightly."

Li Yun: "?"

How does the degree of affection change so fast back and forth? Sure enough, it's a woman's heart, a needle in the seabed.

After putting on neat clothes, the mother and daughter sprayed anti-mosquito dew, the three set out again.

Li Yun was still holding Xiaoxiao, Shan Ruqing followed, and the little girl was just over one meter and two meters away. The weight of her small body was negligible. If possible, Li Yun could travel ten times faster!

"Huh~hu~hu~!"

Shan Ruqing wanted to behave like a strong woman in front of Li Yun, but this guy didn't know if it was intentional. While holding her daughter, the sword in his hand was waving like an electric fan. Cut off the bushes blocking the road and walk fast!

The three of them trudged in the forest for less than 1 kilometer, and they just walked for ten minutes!

"Come up."

Li Yun squatted helplessly, looking ahead, and had to pretend to have a flat tone: "No one here sees it, and I will come down when I find someone."

This is the third time he has said this.

The woman Shan Ruqing was extremely stubborn. She was already panting as a cow, and sweat was constantly leaking from her forehead, but she still clenched her teeth and persisted.

"Mom, let Brother Li Yun carry you." Shan Xiaoxiao also persuaded, "Brother is very strong."

".....Need not!"

Shan Ruqing took a deep breath, gritted his teeth and continued to walk forward, but when passing by Li Yun, he felt something kicked at his feet, and then he fell on Li Yun's body.

"Really talkative, let's go."

"you you you you!"

Shan Ruqing's shyness is almost about to break through this virgin forest!

Chapter 1273: Find the captain

"This bastard!!"

Leaning on the man's broad and powerful back, Shan Ruqing could only hold his shoulders tightly because of his fast running movements in the forest, trying to reduce the area of contact between himself and him.

But no matter how hard she tried, some of her shy people would inevitably come into contact with Li Yun in unsuitable places. This made Shan Ruqing feel ashamed and fainted!

What's worse, because she was afraid of falling, she had to lock her hands and feet.

"This bastard! I have to, I have to... scold him to death!"

Shan Ruqing gritted her silver teeth, bitterly thinking about how to retaliate against him after going out.

However, this man's strength is terrifying. Even if she is the president of a listed company, holds 60% of the shares, and graduates from a famous foreign university, she has nothing to do with him.

Therefore, she could only curse in her heart, and she would not dare to continue to face Li Yun.

"Arrived."

Li Yun's face was calm. He had done things like carrying women a few times, usually Fang Xue, and Princess Yongning. He had no other bad thoughts about this, just to speed things up.

"Humph!!"

Shan Ruqing immediately jumped down and deliberately snorted loudly to express her dissatisfaction. Her face maintained the look of a glamorous female president, as if you were away from me, making Shan Xiaoxiao snickered.

When has mother been so rude?

"Go, let's see who the person in front is."

Li Yun shrugged and could only ignore this, and after handing Shan Xiaoxiao to her, he took the initiative to walk forward.

But Shan Xiaoxiao's words made Li Yun almost slippery.

"Dad handed Xiao Xiao to his mother, mother must protect Xiao Xiao~"

"puff!"

Shan Ruqing, who was about to drink water, was shocked by these words. She spouted a mouthful of water and looked at her daughter in disbelief.

"What's wrong, mom?"

Shan Xiaoxiao blinked innocently, "Isn't it good for Brother Hero to be my father?"

"No, no, no, no!"

Shan Ruqing flushed, and said in a panic: "I won't be looking for him... Xiaoxiao, what are you talking about! Mom won't marry anymore! Isn't it enough for Xiaoxiao to have mother's love?"

"It's good to have a mother and a father~"

Shan Xiaoxiao's voice was so milky and milky, Li Yun couldn't listen anymore, so he hurriedly left.

This little girl is obviously very high in EQ and IQ, but she pretends to be an innocent and cute child and turns her mother cheated around. It's so outrageous!

Ahead, Li Yun quickly found the person staying in the tree.

"captain?"

"Li Yun! It's really you!"

The captain was very excited when he saw Li Yun and quickly jumped off, "I'm still worried about how I will spend tonight, hahaha, I feel more at ease with you!"

Li Yun shook his head and gave a wry smile: "It's not time to rest assured yet."

He repeated his guess, and the captain's surprised expression suddenly froze.

"It's exactly the same as you said."

The captain's face became solemn, "The enemy's secret base is nearby. They should find the crashed plane soon, and then they will come to find the parachute. We can't stay here anymore. Li Yun, what do you plan to do? Do? Find everyone first?"

"Ding, trigger the option event, please choose from the host:

Option 1: Go to the crashed plane and wait, reward experience value +500,000, free attribute points +500, blue gift bag*1, choose this option, there is a small probability that you will find some useful information.

Option 2: Stay in place, no reward.

Option 3: Find everyone first, reward experience value +100,000, white gift bag*3. "

Chapter 1274: I want to eat cake

It is rare that the system prompts so detailed, Li Yun moved a little.

"Well, let me give you something."

Looking at the captain, Li Yun took out a few pistols and some magazines, plus several boxes of biscuit milk, and placed them all on the ground. A large amount of things suddenly appeared and all three were startled.

"Ah, eat it!"

Shan Xiaoxiao cheered, her eyes lit up, and she ate a biscuit in the morning, flew for a few hours on the plane, and played a thrilling skydiving. She was so hungry now that she was groaning.

"Cuckoo~Cuckoo~~"

She thought, her belly really screamed, but soon, Shan Xiaoxiao realized that her belly was not calling her, but...

"I, I..." Shan Ruqing's face blushed again when everyone looked at it with weird eyes, and he defended: "I didn't eat breakfast in the morning, nor did I eat at noon..."

"Okay, okay." Li Yun smiled: "I didn't think about it well. I should give you something to eat first when you are on the plane. You should eat a little now."

Hearing what he said, the heat on Shan Ruqing's face subsided a little.

She discovered that the man was actually quite gentle. She had noticed the problem of her walking staggering in high heels before, and she took out shoes and socks for her to wear, and even took away her high heels thoughtfully.

But sometimes it is very domineering!

For example, forcibly carrying her...

"Oh, dinner~"

Shan Xiaoxiao cheered, and she didn't care about all the magic, as long as there is a heroic brother, any enemy can be defeated.

"Brother Hero~" Shan Xiaoxiao began to act like a coquettish and cute offensive. "Little wants to eat cakes. Little hasn't eaten sweet pastries for four days. Does my brother's Doraemon magic bag contain pastries?"

Doraemon's magic bag?

Li Yun laughed out loud, this little girl's metaphor was quite appropriate.

"Yes, but what did I tell you before? What brother?"

"Woo~, it's Brother Li Yun~"

For the cake, Shan Xiaoxiao worked hard to please her cuteness. She has to say that this little girl is really cute, with a body of 1.2 meters, long black hair that reaches her waist, round eyes and very energetic eyes, and her cute face has baby fat. , The contours of the facial features have revealed the potential of peerless beauty in the future.

After growing up, she will definitely grow into a beauty who is more beautiful than Shan Ruqing.

While several people were eating, Li Yun told them his plan.

"Captain, you bring your pistol to find other people. After all you gather, find a hidden place to hide. These foods are enough for you for three days to support search and rescue personnel."

"How about you?" The captain quickly understood, "Do you want to find the plane that fell in the forest?"

"Correct!"

Shan Ruqing, who was eating biscuits and drinking yogurt, hadn't reacted yet. Shan Xiaoxiao, whose face was covered with white cakes, already yelled: "Ah, Ying...no, did Li Yun leave us? No, no, no. Xiaoxiao will go with his brother too!"

Uh?

Shan Ruqing burped a little, and when she heard that Li Yun was going to look for the crashed plane alone, she felt a little flustered in her heart.

She knew that Li Yun would be more dangerous to face the Ten Thousand Faxian, and it was far better to find a place in the forest to hide it safely, but inexplicably, she just felt a panic.

As if to lose something very important, everything in her mouth became tasteless.

"no!"

Chapter 1275: Also together

On impulse, Shan Ruqing spoke directly, and her glamorous face suddenly blushed again.

"I, I just... think it's better for Xiaoxiao to follow you."

She hurriedly found an excuse that she couldn't even deceive herself.

"Brother Li Yun~, you promise Xiaoxiao~" Shan Xiaoxiao pounced on Li Yun and acted like a baby, the cake on her cheeks rubbed Li Yun all over her body. "Without brother, Xiaoxiao walks in the forest. Do not move!"

Li Yun was speechless and had to agree.

With Shan Xiaoxiao's small body, it is indeed too difficult to walk in the forest.

"Yeah~!"

Shan Xiaoxiao cheered again, and happily put a scent on Li Yun's cheek, and snickered after taking a look at her mother.

Shan Ruqing overtook her head and acted like a glamorous female president, but the blush on her face made her look very charming.

"sharp."

The captain sighed in his heart and glanced at the three of them with ambiguous eyes. No wonder they all said that heroes are worthy of beauties. The hero who rescued them by plane alone won the favor of the big beauties.

"Okay, it's so decided."

The captain nodded and agreed. As the pilot of a civil aviation plane, his body has been maintained very well, and coupled with the handguns given by Li Yun, it is not a problem to move in the forest.

Before finally parting, Li Yun agreed with him to light a bonfire at 12 o'clock tomorrow, so that thick smoke will be emitted as a beacon's message.

"let's go."

Li Yun picked up Xiao Xiao again, greeted Shan Ruqing, and walked in the direction where the plane crashed in his memory.

After walking away for a certain distance and completely unable to see the captain, Li Yun stopped and turned to look at the beautiful young woman behind him trying to keep up.

The two looked at each other for five seconds, and finally, a blush appeared on Shan Ruqing's face.

".....Humph!"

She walked behind Li Yun awkwardly, and after a while, she took the initiative to open her hands.

"Come on you."

"what!!"

Li Yun grabbed her hard and threw her on her back. Shan Ruqing screamed in fright. He locked Li Yun with his hands and feet tightly. An expression of fright and anger appeared on his small face:
"You bastard!"

Shan Ruqing was very angry, this ***** really didn't know Lianxiangxiyu at all, so rude!

"Sing Ruqing."

Li Yun ran forward quickly, "I found out that you are really arrogant."

"What arrogant? You mean to be proud, right?" Shan Ruqing leaned on the man's generous back and immediately retorted: "An uneducated guy, he can't even use words!"

"I'm uneducated? You are too outdated, Tsundere doesn't know what it means."

"you!"

"Mom, Tsao Jiao means disagreement. This is an anime term from the Sakura Country. It probably means that a girl is acting tough and arrogant in order to hide her shyness and shyness. Hehe, mom like this is Tsao Jiao ~"

Shan Ruqing's face became more blushing, and she stretched out her little hand to pinch her daughter's face in embarrassment: "Little, how are you facing outsiders!"

"I'm not an outsider, Li Yun is my mother...well, Ma Mafang opened Xiaoxiao~~"

The three of them were noisy, leaving a laugh all the way. When Shan Ruqing recovered, Li Yun had already arrived at the wreckage of the plane.

"Come down."

"Um?"

Shan Ruqing was stunned for a long while before she woke up. She was actually carried by Li Yun for a long time with peace of mind, and she was lying on his back, her soft body completely relying on him.

Chapter 1276: Find the plane

He must have felt the soft figure unique to women...

Just thinking of this, Shan Ruqing's entire face was almost red!

"I, I...!"

After a long time of mine, Shan Ruqing still couldn't say anything, because the ***** man didn't have a strange expression on his face, and his gaze had already turned to the place where the black smoke came out.

"This bastard!"

Shan Ruqing cursed secretly in her heart. She herself didn't know why she wanted to scold him. Although Li Yun's indifferent appearance is the most suitable for the current situation, it's just that this ***** man didn't say anything about her figure. This is where Shan Ruqing feels angry.

It's just weird. Looking at him, Shan Ruqing's face turned red again.

He hadn't noticed it when he was carrying it on his back. Looking back, Li Yun had a very good smell on his body. It was not the smell of sweat, but a wonderful smell.

Mature, steady, and sunny, it's like all the strengths of a man have gathered. Just smelling the breath makes Shan Ruqing feel warm.

What she didn't know was that this kind of breath came from the rewards of the system, which made Li Yun exude a man's unique fragrance, which can make girls feel comfortable after smelling it, and it is easier to feel good about him!

"Ding, the host makes a choice, rewards experience value +500,000, free attribute points +500, blue gift bag*1,"

Li Yun frowned slightly, and following the system's previous prompts, coming to the crash site might let him find some useful information.

What exactly is it?

Is it a sealed jar stored in the economy class, or is it waiting for someone from the six magic gates to come and explore?

Maybe there are both, you have to see it with your own eyes!

"You stay here, I'll check it out."

Li Yun hugged them to a towering tree and left them some snacks, but Shan Xiaoxiao still pouted her mouth. She didn't want to leave the hero brother for a moment~.

Shan Ruqing's face was complicated, and she couldn't help saying: "Be careful."

This sentence seemed to be like a husband whose wife had told her to go out. Shan Ruqing blushed again. In this short period of time, she blushed far more times than eight years combined!

What made her even more embarrassed was that Li Yun grabbed her waist and hugged her up, but he was not very opposed to it, so naturally he hugged him.

"Well, I will."

Li Yun smiled, squeezed his little cheek again, and left.

The remaining mother and daughter sat on the branches of the big tree, staring wide-eyed.

"Mom, let Brother Li Yun be a little dad, OK?"

"..."

How did Shan Ruqing answer this?

"Mom, okay?"

"Mom~~you promised Xiaoxiao~"

...

Li Yun came to the vicinity of the wreckage of the plane and did not directly check it. Instead, he went around in a circle to confirm that there was no one around, and then walked forward lightly.

After the forty-meter-long plane hit the ground, the wreckage was thrown away for a full kilometer, as if leaving a large scar in the forest. The violent impact caused friction and heat, and ignited a lot of weeds and dead trees.

Fortunately, the fuel of the aircraft has been exhausted and there has been no big explosion, so that the whole of the aircraft can be almost completely preserved-although it has been fragmented, the aircraft parts are scattered everywhere.

"Why are those jars used?"

Li Yun thought of the canister containing blood in the fuselage, searched, and quickly found a squashed iron can.

Chapter 1277: Man in black

Pulling out the Golden Dragon Sword and splitting the tin can, revealing the contents inside.

Half a can of bright red liquid.

"What the **** is this?"

Li Yun pondered for a moment, stretched out his finger and stained some of the blood red liquid.

This thing was rather sticky and dark red. There were small black ones inside, like frog eggs. The smell was similar to human blood. But after Li Yun smelled it, he judged that it was not pure human blood. A lot of ingredients are added.

"Is it something used to cast spells?"

The ***** liquid exuded a faint evil spirit, Li Yun speculated from this.

"Forget it, I can't study anything without a system prompt. Take it back and show Qing Sheng what these are."

The state can also study what these things conceal, but Li Yun estimates that modern scientific and technological research methods may not be able to identify the really useful things in them.

Putting the whole jar into the space ring, Li Yun clapped his hands, planning to look for other useful things.

At this moment, he had already spread out the guardian spirit around him and sensed that two people were coming quickly. Li Yun's expression was stunned, and the enemy really came!

He came to a nearby big tree and blocked his figure with a dense canopy. Li Yun narrowed his eyes and looked at the two men in black who suddenly appeared on the wreckage of the plane.

They are all thirty-four-year-old middle-aged men, with spiritual power fluctuations on their bodies, and their postures are different from those of ordinary martial arts. Obviously, they are all practitioners with spells.

"This is a gale-controlled plane, what about the others?!"

The two quickly checked the plane, but did not find any dead bodies, and their faces changed slightly.

"The people of Hidden Sacred Valley are here?"

"The high probability is."

"No, the other party may still stay nearby."

The two were not fools, and soon realized that there might be surveillance nearby, and Li Yun had to admire the agility of the two.

"Then we..."

"Go back and report to Master Wanfaxian, let him make a choice!"

"Hey, it's better to catch..."

"Shut up and go!"

Two men in black came and went in a hurry, and Li Yun smiled slightly, presumably one of them was worried about one thing.

If the people of the Hidden Sacred Valley are nearby, if they go back now, they will definitely expose the location of the Ten Thousand Faxian.

But if they don't go, they will be in danger, and they will die if they are caught by the Hidden Sacred Valley.

In the end, they can only grit their teeth and go back. Even if the Hidden Sacred Valley knows the place, forgive them for not daring to attack!

"Ding, trigger the option event, please choose from the host:

Option 1: Follow the two to find the place of the Dongfu where Ten Thousands of Laws are Returned to One Immortal, reward experience value +2 million, all attributes +3000, purple gift bag*2, blue gift bag*5, and the skill level of formation technique is upgraded to advanced.

Option 2: Return to the original place, no reward. "

There is no doubt that Li Yun chooses the first multiple choice question!

Regardless of the experience value and attribute value rewards, just getting to the advanced level of the formation technique makes him salivate. If he has a master-level formation technique this time, he does not need to rely on the Qingsheng, and he will be able to recognize the ecstasy formation on the spot. Where the eyes are.

Yes, Li Yun only learned the name of the magical array after describing the things in the formation to the Sage Fanqing.

The ecstasy formation is a more advanced formation, one function is to conceal the heaven and the earth, and the other is to confuse the gods.

It means that it can not only prevent the outside world from seeing what is enveloped in the formation, but also can confuse people who accidentally enter, making them blind as Shangguanming.

Chapter 1278: Ten Thousand Ways to One Immortal

The ecstasy formation is not that powerful, it is not much worse than the 28th Sun and Moon formation that seals Princess Yongning.

But no, no, Li Yun couldn't see the reality of this formation, so he could only use off-field support to let the Saint Fan Qing identify him where the formation was. Then, Shangguanming and others could use a rocket launcher to break the formation forcibly. .

"Advanced formation techniques, everything has to be obtained!"

Therefore, Li Yun didn't hesitate to envelop himself with spiritual thoughts, cast the turtle hiding technique, and quietly followed behind the two men in black.

Relying on the master-level spirit turtle hiding technique, plus his own spiritual mind is not weaker than the refining stage, Li Yun easily followed to a valley surrounded by mountains.

Two men in black stood in front of the valley, and one of them took out a token and raised it to the front.

"Huh!"

A beam of light shot from the token, hitting the air in front of it, and in an instant, it was as if the curtain was slowly opened, revealing what was hidden inside.

A fascinating valley full of vitality!

Li Yun saw a huge body with two pairs of peculiar wings, a lion-like beast crawling at the entrance of the valley. Behind it, in the valley, there was an ancient pavilion suspended in mid-air, emitting a dim light. .

There was a herbal garden in the valley with strange flowers and weeds. Li Yun glanced around and saw the same spiritual plants in the Lotus Immortal Mansion.

Sanxian flower, sun lotus root, snake letter leaf, thousand magic lotus and so on!

There are also many herbs and flowers that Li Yun failed to recognize, all showing a different look from ordinary flowers and plants.

"Ten Thousand Ways to One Immortal..."

It wasn't until the magical formation in the cave mansion closed again that Li Yun let out a long breath.

What is the origin of this Ten Thousand Dharma Guiyi Immortal? It seems that it is more powerful and powerful than the elders and elders.

The Venerable Black Eyebrow that Li Yun encountered had a miserable life. He had hidden in the tomb of Princess Yongning for thirty years. He had only a few artifacts that he could barely pass on. He was not like a cultivator who called the wind and the rain.

In addition, the two saints of Fanqing Sheng and Wanqing Concubine, they don't see much enjoyment. They have a lot of magical instruments, but they don't have the luxury of sitting on an immortal cave mansion. Fanqing Sheng can buy a mansion. However, Concubine Wan Qing just stayed around in the hotel.

Although this is not their entire life, Li Yun believes that the two remaining cultivators of immortality generally do not live well.

Not to mention flying swords, the fairy trails are ethereal, and even the spiritual power used in cultivation has to be counted with a finger, for fear that it will be used too much!

But the Ten Thousand Ways Guiyi Immortal Cave Mansion in front of him was extravagant to tame a monster, and many strange flowers and weeds were planted in the Cave Mansion. It was obvious that his usual pill was opened to eat, and his life was extremely chic.

"Ding, the host makes a choice and finds the cave mansion where ten thousand magics are returned to one immortal. The reward is +2 million experience points, all attributes +3000, purple gift bag*2, blue gift bag*5, and the skill level of the formation technique is upgraded to advanced. "

"Ten Thousand Fas belong to Yixian, this name is really domineering."

Li Yun pondered for a moment. He didn't believe that the other party was an immortal. At most, he had the name of an immortal, which proved that he was not bad in strength. It is estimated that he was a senior of the older generation, and his status was equal to the six lords of the Six Demon Gates.

"Can you get in?"

Li Yun looked forward to the unremarkable valley after being covered by illusion. The phantom array here must be better than the ecstasy array, and he didn't know whether he could break through the advanced array technique.

Chapter 1279: Dongfu

Performing the invisibility technique of the tortoise, Li Yun's figure gradually merged with the surrounding nature. When standing still, he was confident that even a powerful person like Wan Qing would not be able to find him!

"I have a closer look, and will not disturb the other party for now."

Li Yun walked slowly towards the valley, not much faster than the walking speed of ordinary people, and the magical turtle invisibility technique would reveal big flaws no matter how fast.

The high-level formation law should be able to break the illusion formation in this valley, but it will definitely alarm the other party. He has not been arrogant enough to face seven or eight people in the Divine Refining Realm, plus one that may be the Void Return Realm!

Walking slowly to the place where the two black-clothed men stood before, Li Yun carefully probed into the valley with spiritual thoughts, and instantly, a violent breath rushed toward his face.

"Roar!!"

A dull beast roar sounded like thunder, and the next moment Li Yun had seen it before, the monster beast with wings and mighty lion like a lion broke through the illusion and jumped out!

Li Yun's cold hair stood upright in an instant, he immediately converged his breath and held his breath, his divine consciousness quickly retracted and enveloped himself, his breath was completely integrated into a big tree behind him!

The lion beast levitated in the air, with thunder on its four legs, and its wings were blue and white. The lion-like body was strong and powerful, and the tail like a steel whip gently swung away the weed coffin on the ground.

"Xiao Bai, what did you find?"

A gentle man's voice came from the valley. Li Yun lowered his eyes and tried to keep his mood as calm as possible, like a Buddha statue standing on the side of the road, quietly watching the hustle and bustle of the world.

"Roar!"

The demon beast named Xiaobai made a humanized cry, his nose went back and forth sniffing around, and then he slammed on the ground, exploding countless waves of thunder on his body, hitting Li Yun's body, punching his skin out. Minor damage.

"The Bodhisattva Avalokitesvara, who walks deep prajna paramita for a long time, sees that the five aggregates are all empty..."

Li Yun meditated a paragraph of Buddhist scriptures in his heart. There are monks in this world, but it seems that Li Yun has never read this scripture in his memory.

"Saving all misery, relic, color is not different from emptiness, and emptiness is not different from color."

The Buddhist scriptures cleansed the mind and made Li Yun's heart calm again. The magical turtle invisibility technique was 200% effective, and his whole person turned into nothingness, without a trace of breath overflowing.

"Come back if there is nothing, the outside world is uncomfortable." The gentle man's voice was like a clear spring, with a very mysterious power, the monster flicked its tail from side to side, and the next moment it jumped back into the valley illusion array.

But at this moment, it heard a roar from a distance, and its body stopped in mid-air, looking up at the sky in the distance.

Li Yun's eyes were calm, and he looked up.

Soon, amid the roar of a huge engine, a small plane appeared in Li Yun's field of vision.

"This is also hijacked?"

Li Yun just nodded doubtfully in his heart, but immediately suppressed this year.

He now needs to keep the ancient well in a state where he does not wave, any distracting thoughts may cause the breath to leak out.

The plane did not land in the valley, but landed at the foot of a nearby mountain. Li Yun looked slowly, only to realize that there was also a phantom array shrouded there. It was estimated that this was the place where Wan Faxian and the others came and went daily.

In this way, this plane was not hijacked, but a private plane owned by the Six Demon Gates!

"Roar~!!!"

The lion monster beast let out a roar of surprise, and its body turned into a blue-white lightning and flew out so fast that it left an afterimage in the air.

Not long after, the monster came back slowly carrying a gorgeously dressed woman. After seeing it clearly, Li Yun was startled.

"It's actually her!"

Chapter 1280: It's her

A woman in a gorgeous palace dress, sitting sideways on a terrifying monster with a leisurely look, two feet wearing small embroidered shoes swaying slightly, the shoes are embroidered with a circle of white gold patterns, and there is faint flashing light on them. .

Similarly, the woman's dress looks very extraordinary, gorgeous and elegant, but also engraved with many magical runes, making her look radiant and beautiful.

It's just that the imperial woman's temperament is extremely coquettish, with a pair of seductive eyes, a smile on her mouth, a coexistence of coexistence and evil, and her demeanor but she is enchanting and gorgeous, making her like a flower of the other side blooming from the road of hell!

The red hibiscus flower is the flower of ***** that leads people to death, also known as the manjusawa.

"Um?"

The woman sitting on the monster beast tilted her head and looked at this place. Li Yun immediately held her breath again and recited the Buddhist scriptures silently in her heart: "Lose is emptiness, emptiness is lust, demon is a saint, and saint is a demon."

"Xiao Bai, did you find anything?"

"Roar?"

"Oh, you didn't find it either." The coquettish woman glanced at the corner of her mouth with a smile, then stopped paying attention, and gently kicked her body with her beautiful embroidered shoes: "Forget it, probably where it came from. It's just a mouse, let's go in, this saint hasn't talked to Senior Wanfaxian for a long time, and she misses her very much."

"Roar!"

Xiaobai carried her, followed by four maids holding magical instruments, and the group quickly disappeared into the illusion.

Li Yun remained silent. After waiting for a long time, he slowly moved his steps and moved away from the valley step by step. After confirming that the other party's spirit could not detect such a far place, he breathed a sigh of relief and lifted the turtle's invisibility.

"Ding, the host makes a choice, ignores her, rewards a blue gift bag*3, and free attribute points +1000."

I go!

It's Concubine Wan Qing!

Almost exposed!

Li Yun couldn't laugh or cry. When he saw the concubine Wan Qing in a gorgeous palace outfit, he was surprised that his breath leaked, and she was almost spotted by her.

Although Concubine Wan Qing has 89 points of affection for him, Li Yun dare to pat her chest and say that even if she shows up, Concubine Wan Qing will not take him anyway, but there is still a den in the valley after all. The people inside are not familiar with him!

"Concubine Wan Qing, the enchantress came to find Wan Faxian? Is it because she has a good old friend?"

Li Yun's mood is a bit complicated. He still doesn't know how old Concubine Wan Qing is. Maybe he has lived for more than four hundred years, like Fairy Jiutian.

After thinking about that monster beast again, Li Yun couldn't help but smile.

"It seems that this Wanfaxian's chassis is quite difficult to get in."

He had just gotten in with a trace of spirituality, and he was noticed by the monster, but it was right to think about it. Although his hiding skills were good enough, his spirituality was still too weak, and it was easy to be spotted if he rashly used it to probe the enemy.

"Ding, trigger the option event, please choose from the host:

Option 1: Go back to meet Shan Ruqing's mother and daughter, and reward a white gift bag*1.

Option 2: Stay, continue to explore, reward green gift bag*1, wisdom +100.

Option 3: Directly break in, reward experience value +20 million, all attributes +30000, randomly reward a piece of colorful grade equipment, and randomly upgrade a martial arts skill to ***** level.
"

Li Yun: "..."

Isn't it just looking for death? The cheating system will give out these unselectable options!

"Forget it, let's go back first, tonight... come back and see."

Li Yun didn't want to let it go easily. This Ten Thousand Dharma Immortal could make the Demon Sect saint honorable as a senior. Obviously, his status is not low. Maybe he can get more information!
