

Godly Choice 1281

Chapter 1281: Father, mother

"Ah, Brother Li Yun!"

The girl Shan Xiaoxiao became excited when she saw Li Yun, she jumped directly from the ten-meter-high branch, her little face smiled like a flower and threw herself into Li Yun's stun, rubbing hard, amazing. Her mother was terrified by her actions.

"You little girl... don't be afraid of falling!"

After hugging her in time, Li Yun knocked on her little head like punishment, lest she be fooled next time.

"Hee hee~" Shan Xiaoxiao hugged him happily, her eyes gleaming and said: "Little boy is not afraid, heroic brother is so powerful, he can definitely save him, right? Mom."

Shan Ruqing's expression was a little embarrassed, and she wanted to ask the ***** man to hug her, but she was embarrassed to speak.

Fortunately, Li Yun quickly jumped up, hugged her slender waist again and led her down to the ground.

"Why did you come back?" Shan Ruqing took the lead in attacking her shyness.

"The sun hasn't set yet, don't worry, I have a sense of measure. Okay, let's find a place to camp and hug me tightly."

"what!"

The surrounding scenery quickly retreated, and Shan Ruqing screamed again. The ***** man ran in the forest with her back on his back. It was... it was like taking advantage of her!

"Wow, the hero is so handsome~~"

However, Shan Xiaoxiao kept screaming and laughing for fear that the world would not be chaotic, and was not afraid of being thrown off by Li Yun's brother.

The three of them found a place with water source and set up camp on a clean grass slope.

"Shan Ruqing, you go find some dry firewood back. By the way, give you a plate and drop by to get water."

"how about you?!"

"I'm setting up a tent."

Then, Shan Ruqing was stunned and watched Li Yun take out the tent, basin, bowl, chopsticks, fork, ham, instant noodles, and a small gas stove from the magical space of Doraemon. Small can of gas...

"You, you!" Shan Ruqing pointed her finger at these things, her big beautiful eyes widened: "These picnic things...Why do you put everything in the space?"

She wondered if this **** man had anticipated this situation a long time ago, so she was able to take out a lot of things.

"Is there a problem?" Li Yun pretended to keep his expression indifferent, but his heart was dark.

"My space ring is very big, not to mention picnics, it's not a problem to hold a banquet!"

"Wow, that's amazing~~~!"

Shan Xiaoxiao didn't care so much, she clapped her hands happily, and leaned forward with a smile:

"Then Brother Li Yun, I want to eat cake tonight, uh, mousse cake, do you?"

"Of course!"

"Hehe, great, brother hero is the best~!"

"No, Xiaoxiao, you ate the cake at noon. You can't eat it at night. It's not good for your health!"

"Huh? But mom, it's a special day, can't we celebrate it?"

"If you say no, it won't work!"

Shan Ruqing insisted on his principle. Now that he has been saved, he should eat well and not eat more desserts.

Li Yun smiled at her, "There should be surprises in life, not so rigid, little, I support you in eating cake."

"Hehehe, mom, did you see it? Dad supported me~"

"Wha, what dad, don't talk nonsense, little!"

Shan Ruqing made a big red face again. Wasn't the conversation just like a family?

Mother sings black face, father is a daughter's slave sing red face, a warm and sweet family.

It's just... are men trustworthy?

Shan Ruqing took a few deep breaths and calmed down, "You can eat if you want. You can eat more if you want to give permission for Xiaoxiao today."

"Ye... uh, mom are you angry?"

"No." Shan Ruqing shook her head, a bit bitter in her heart, "Mom will never be a little angry."

Chapter 1282: Ding, add 130 favorability

As night fell, the forest became quiet and deep. The night did not make the animals rest. Instead, there were quite a few weird nocturnal creatures moving around, and weird calls sounded one after another, which made people shudder.

Fortunately, there is this bastard... with him.

Taking a deep breath, Shan Ruqing was secretly grateful that if she and her daughter were allowed to spend the night in the forest, she would be very suffering now.

Not to mention living in a warm tent, eating barbecue and drinking juice, it is estimated that the two of them can't even light a bonfire.

"Brother Li Yun, do you want to eat cake? I'll give you a little bit~"

"Yeah, big brother, big brother, I want to eat barbecue too~, hehe."

"Mom, Brother Li Yun's barbecue skill is better than yours. Would you like to try it?"

Her daughter's innocent laughter never stopped. Shan Ruqing even felt that her daughter was happier than when she was at home.

Is it because of this man?

"Are you full?"

Li Yun scratched Shan Xiaoxiao, who rushed in his arms to act coquettishly. This little girl has been clinging to him so that he can't find a chance to leave.

"full!"

Shan Xiaoxiao replied grinningly with the unique voice of a crisp and childish little girl.

Li Yun nodded, "Then Brother Li Yun will leave temporarily, you guys..."

"no!!"

Before he finished speaking, Shan Xiaoxiao's expression became panicked, clutching the clothes in front of his chest: "Brother Li Yun, where are you going? Do you still want to find those people? Don't go!"

"Uh....."

"You think, now it's my mother and me, and the surroundings are so terrible. Doesn't my brother bear the heart to leave us? Uuuuu~"

Speaking of this, Shan Xiaoxiao burst into tears, planning to use his tears to make Li Yun give up his intention to leave.

Shan Ruqing's face also became very subtle.

If this man leaves, she will feel very upset even if he leaves for a short while.

The surrounding forest is pitch black, and even the tree tops are not safe!

"Ding, trigger the option event, please choose from the host:

Option 1: Stay with them, reward Shan Ruqing's favorability degree +130, white gift bag*3, limited gifts: small Peiyuan Dan*2, small building base Dan*2, skin care beauty Dan*1, additional rewards: Shan Xiaoxiao has a strong dependence on the host and will definitely follow the host in the future.

Option 2: Go to explore the Ten Thousand Magical Immortal Cave Mansion, reward experience value + 1 million, all attributes + 1000, single Ruqing favorability + 30, purple gift bag * 1, random access to a high-level martial arts.

Option 3: Leave and send a text message to Concubine Wan Qing. Reward: Option 1 will be rewarded all, Concubine Wan Qing's favorability degree +5, additional limited gift: "Incarnation of the Demon""

When Li Yun raised his eyebrows, the reward for Option 1 was already quite amazing. Shan Ruqing's favorability soared from -70 to the 60 level of ordinary friends, and Shan Xiaoxiao, a talented little girl, would have a sense of dependence on him. It is equivalent to the level of goodwill.

But the prompt of option 3 is what surprised Li Yun.

Send a text message to Concubine Wan Qing, you can directly get 5 points of favorability, breaking through to 94 points, and the system also specially presented her with a tailor-made "Incarnation of the Demon" method.

Give it to Concubine Wan Qing?

Li Yun thought for a moment, then shook his head decisively.

Unless Li Yun gave her a detoxification pill as in the first transaction with her, and Concubine Wan Qing told him more information, Li Yun would not benefit her for no reason.

Chapter 1283: tell a story

Concubine Wan Qing is not a sage of Fan Qing.

She is the saint of the overbearing and arrogant Six Demon Sects, and her favorability is only 94 points. It seems that she is not far from the full 100, but she is actually a hundred mountains away.

"Well, I will stay."

"Yeah~~!"

After Li Yun reluctantly agreed, Shan Xiaoxiao became excited again, and slapped his face forcefully. The small cheek was full of happy smiles, red and bright like a green apple.

I don't know if it's because of the firelight.

Li Yun didn't think too much. After all, Shan Xiaoxiao was only eight years old, and she was not mature enough even if she was genius. This little girl should be so inextricably lacking in her father's love that caused her to stick to him.

It's just a pity that Li Yun himself is not too old, at most he can only be her brother.

However, the eldest brother is like a father. After the death of his grandfather, Li Yun and Li Feng were also the parents of the twin sisters to a certain extent.

"Huh, it would be nice if you promised it early."

Shan Ruqing whispered, but the smile at the corner of her mouth couldn't hide it.

Li Yun agreed not to leave to stay with her and Xiaoxiao Empress, which gave her the illusion that he would be by his side forever in the future.

Obviously, she will be parting with him soon, but Shan Ruqing still feels a taste of happiness.

Unprecedented happiness.

"Brother Li Yun, I want to hear stories~"

After eating and drinking, Shan Xiaoxiao started acting cute again, holding his arm and shaking.

Shan Ruqing: "..."

Telling stories to her daughter was originally her job! !

In the end, he was snatched away by this man!

"Ahem, okay, I'll tell you a new story of Snow White."

"New edition? Is there any old edition?"

"Uh... I don't know the story of Snow White? Okay, then I'll start from the beginning."

Li Yun suspected that the story of the Seven Dwarfs and Snow White was also one of the messy knowledge that the system gave him. Like those myths and legends, it was knowledge that was not available in this world.

However, he didn't study it carefully. The knowledge provided by the system was generally reliable. For example, when he saw the short spear in Alice's hand, he immediately guessed that it was the weapon of the goddess of wisdom Athena.

replicated.

"Legend, there is a beautiful princess in the world. Her skin is as white as snow, her lips are blood red, and her hair is as black as an ebony window frame..."

Shan Ruqing wanted to interrupt her. How could a girl's lips be as red as blood? She must have put on lipstick!

But seeing her daughter listen intently to the lecture, Shan Ruqing sneered and did not speak out.

"...Finally, the princess and prince lived a happy life!"

"Wow~~~Listen! What do you think of mom?"

Shan Xiaoxiao turned her head to look at her mother, only to see her in a daze, as if she was immersed in the story and couldn't help herself.

"Mother?"

"Mother!!"

"Uh, what?"

Only then did Shan Ruqing come back to her senses. When she saw her daughter and Li Yun both look at her, a blush quickly appeared on her face, and she lowered her head shyly.

"Uh, uh... the story is very nice."

In the fairy tale, Snow White easily won the love of the prince, but how can the reality be so simple?

No matter how beautiful a woman looks, a man will not give all his heart, but covet what is on her body, and want to greedily seize it anytime, anywhere!

"Hmph, I won't be deceived anymore! No matter how good a man is, it is only temporary. They will definitely change their hearts!"

Despite this thought, Shan Ruqing was in a state of confusion.

Chapter 1284: Short message

This was what she had been insisting on for eight years.

Since being deceived by that hypocrite, Shan Ruqing's heart has cooled down, except for her daughter Xiaoxiao, no one else believes it!

Even if she opened a company with a market value of 50 billion yuan, Shan Ruqing did not change herself. Her achievements were entirely derived from her excellent business intuition and methods. All her small talents were inherited from her, not the hypocrite!

She knew that the man beside her had disturbed her heart.

"Shan Ruqing, ah, Shan Ruqing, it seems that you are so proud that even men can believe it."

After scolding herself fiercely in her heart, Shan Ruqing forcibly calmed down.

But the next moment, her daughter held her with one hand, and Li Yun with another hand, as if a family holding hands, the warm atmosphere made her indulge again.

Perhaps, at least tonight I can indulge my heart....

"Brother Li Yun, I still want to hear stories~~"

"Well, I'll tell you another Hai's daughter. This is a sad story."

"Hey? Don't be sad, don't you end up with a happy ending?"

"..."

While coping with the little girl's entanglement, Li Yun took out his mobile phone and began to communicate with Concubine Wan Qing.

"Wei? zaima?"

"?"

Soon, Concubine Wan Qing returned to say hello, proving that she could also receive mobile phone signals in Wanfaxian's cave.

"Say something quickly, let it go if you have a fart."

Seeing this vulgar short message, Li Yun was speechless. Concubine Wan Qing, you wear gold and silver on the surface, and you are very beautiful. Riding on a private plane, riding rare birds and exotic animals, surrounded by maids, you breathe fragrantly behind your back. The little mouth was smeared with honey.

After thinking about it, Li Yun showed a smirk at the corner of his mouth and sent her a text message.

"In the afternoon, I saw a beautiful woman."

In the distance, ten thousand faculties belong to a fairy cave mansion.

A beautiful and enchanting woman in a gorgeous red dress was sitting in a garden full of exotic flowers and weeds, chatting with a handsome man who looked like a fairy.

The two sides were in a leisurely manner. There was even a mobile phone on the table in front of the beautiful woman. Her slender hands tapped and tapped on the screen, as if they were communicating with her subordinates.

"Why?" The fairy-like man smiled and looked at her with a petting look, "Qing concubine, is there anything else in the martial arts that can bother you now?"

"There are some."

The coquettish woman in the red palace dress is Concubine Wan Qing. She kept an elegant smile and whispered softly: "Don't talk about me, Senior Wanfaxian, Concubine Qing is here to ask you about it."

As she spoke, her hands kept moving, Concubine Wan Qing sent a paragraph out.

She also tilted the phone deliberately to prevent Senior Wan Faxian from seeing it.

Because... the one who is texting and chatting with her is not a good person!

"Pretty woman? Me?"

Li Yun raised his eyebrows again, this woman's instinct was really terrifying, and she had guessed it.

"Wearing a red dress, sitting on a monster beast with lightning feet, and the beautiful women followed by four maids, they look a lot like you, but they don't look the same at all."

Go to hell! !

After seeing this information, Concubine Wan Qing held the phone's left hand and pressed her silver teeth tightly, wishing to kill the little handsome guy and shave him a few big ears!

Make him arrogant, make him proud, make him dare to flirt with himself!

Chapter 1285: Senior advice

"what happened again?"

The handsome Wan Faxian seemed to be quite concerned about the saint of the Six Demon Sects. Seeing her angry, he asked.

"No, nothing, it's just that they don't do things well, and their brains are too stupid to make people angry."

Concubine Wan Qing barely squeezed out a smile. Every time she chatted with that bastard, she got half angry. Every time this guy found it, there was nothing good.

But inexplicably, she was still a little happy in her heart.

This man must have been hiding nearby to take a peek, and he didn't notice it, but at this time he took the initiative to confess and expressed his willingness to believe her.

Although the ridiculous tone still makes Concubine Wan Qing very upset, she can't wait to teach him a lesson so that he will not be so proud, so as not to underestimate her!

"Haha, Concubine Qing, you don't have to be like that."

Wan Faxian smiled and said: "Most people in the school are stupid, and they only care about the little benefits in front of them. Like a fly, they will sting when they see the flesh. You can use them, but don't put the hope of success on them."

Concubine Wanqing nodded reservedly and agreed.

Since the beginning of the magic gate, there will be accidents every time you do something. Although the first stage of the arrangement is successfully completed by magical means, there are many loopholes in the process, which makes it hard to look back.

"The bait has been cast, and it's only a matter of time before the fish gets the bait."

Wan Faxian took a sip of tea slowly, "We don't need to do much now. Qing Concubine, you can retreat and practice as soon as possible to improve your strength as soon as possible, so as to better welcome the arrival of the prosperous age. At that time, I am afraid that you, the saint, will also It doesn't need to exist anymore."

If someone else said that, Concubine Wan Qing would probably pull the hairpin and give the other party a hairpin, blasting his head!

The saint does not need to exist? Isn't this going to kill her! ?

But Wan Faxian in front of him didn't mean that, even if it was, Concubine Wan Qing didn't dare to attack him.

This person is one of the few in the sect, who can make the saint mother-in-law be jealous, and the means can reach the sky, which can be seen from the immortal mansion that was forcibly opened up far away from the mountain gate.

Concubine Wan Qing didn't know much about the old immortal, but she also knew how extravagant it is to have a cave mansion full of spiritual energy in this world.

Even the venerable has to accept the distribution of benefits from the sects and receive some spiritual energy pills every year for cultivation. Even if the mana on his body is so powerful, he still has to use his fingers bit by bit, so it will not be wasted easily.

"Yes, the imperial concubine Qing must remember the advice of the predecessors."

Concubine Wan Qing nodded respectfully, and turned the topic back to asking for advice. She told her all the problems she encountered in her practice, and took this opportunity to ask questions.

In fact, Concubine Wan Qing came here for another purpose.

"Senior Wanfaxian."

After talking about cultivation issues for a while, Concubine Wan Qing asked about another thing: "About the evil species, what do you think of the predecessors?"

Wan Fa Gui Yixian looked at her without saying a word, his eyes seemed to be smiling but not smiling, which made Concubine Wan Qing's heart chuckle.

After a while, the Ten Thousand Faxian said leisurely: "The evil seed comes from the hands of the self."

"Uh....."

Concubine Wan Qing is really embarrassed now. I didn't expect the talent in front of me to be the real big 'BOSS', one of the driving forces behind the scenes!

"Forgive me for being reckless." Concubine Wan Qing stopped asking about this. She wanted to know more from the supernatural beings, but she didn't expect to hit the master by mistake!

Chapter 1286: Ding, the incarnation of the demon

It's also because the holy mother-in-law knows that Wanfaxian, although powerful and detached, has an elegant and easy-going personality, and will not fight without saying a word, so Concubine Wan Qing dares to inquire like this.

"It's okay."

Wan Faxian smiled very easy-going, "The evil species is not harmful, but the effect is very strong. In order to speed up the accumulation of spiritual energy, this is a more convenient method. You don't need to worry about Qing concubine, just wait patiently and practice. Can."

Concubine Wan Qing nodded respectfully again, and did not dare to bring up these topics again. After chatting with him for a while, she left.

Wan Faxian looked at her away back, showing a faint smile.

"She is different from the holy fairy, so things must be the opposite."

"Unfortunately, the general trend of the world cannot be stopped by manpower."

...

Li Yun put away his mobile phone and ended the text message exchange with Concubine Wan Qing.

In fact, the two had nothing to talk about.

He didn't ask Concubine Wan Qing what exactly did she come here, and Concubine Wan Qing also didn't ask him the purpose of coming to stealth near Wanfa Immortal Cave Mansion.

The relationship between the two parties is maintained at a certain level of trust, but on the guard.

"Ding, Shan Ruqing's favorability degree +130, white gift bag*3, limited gifts: small Peiyuan Dan*2, small Jiuji Dan*2, skin care beauty Dan*1, extra reward: Shan Xiaoxiao generates on the host Strong dependence, will definitely follow the host in the future.

Additional reward: Concubine Wan Qing's favorability degree +5, additional limited gift: "Incarnation of the Demon"

Demon incarnation!

After receiving the reward from the system, Li Yun moved in his heart and directly took it out to observe it.

This is a limited gift for Concubine Wan Qing, he can't use it directly, but it's okay to watch it.

"Huh?" Shan Xiaoxiao leaned her head to read the book in her hand: "The incarnation of the heavenly demon...The method of the incarnation of the heavenly demon outside the territory can shape the second body, and the magical effects are endless...Ah, this is a book for practicing magic!"

Li Yun glanced at her with a surprised look, this little girl was really talented.

"Ding, trigger the option event, please choose from the host:

Option 1: Introduce Shan Xiaoxiao to the Sage of Fan Qing, worship in the Hidden Sacred Valley, reward experience value + 2 million, free attribute points + 5000, golden gift bag * 1, properly cultivated, and Shan Xiaoxiao has a high probability of becoming one in the future A strong person in the Void Returning Realm.

Option 2: Introduce Shan Xiaoxiao to Concubine Wan Qing, worship the six magic gates, reward evil value +1000, free attribute points +5000, golden gift bag*1, fit inside and outside, and Shan Xiaoxiao has a high probability of becoming the saint of the six magic gates in the future .

Option 3: Train Shan Xiaoxiao by yourself, reward limited gifts: "Innate Magic Skills"

Li Yun's face was weird, and he couldn't imagine that just showing Shan Xiaoxiao a book of cultivation techniques triggered the selection event.

In this way, Shan Xiaoxiao's spiritual talent is comparable to that of the two saints, maybe only slightly worse, after all, Shan Xiaoxiao has Li Yun's help.

Only option 2 made him a little surprised.

Shan Xiaoxiao became a saint, what about Concubine Wan Qing?

Is this demon girl not wanting to do it, or is it killed by someone?

Li Yun frowned, fixed his gaze on Shan Xiaoxiao, and solemnly said to her: "Little, would you like to learn spells?"

"what!?"

The mother and daughter showed surprised expressions. Shan Xiaoxiao said excitedly: "Brother Li Yun, I can also practice these magical spells, I can see through the illusion, I can beat others with one punch, and I can fly with the sword. Immortal, all of these are okay?!"

"Cough cough cough cough!"

Chapter 1287: Shan Xiaoxiao's choice

Li Yun was shocked, what on earth was this girl thinking.

Punching someone to fly, how violent is in her mind!

"The flying sword may not work."

Li Yun bounced the girl's forehead dumbfoundedly, making her hold her head and pretend to be pitiful with tears, "But it's okay to teach Gale to these people."

Shan Xiaoxiao was overjoyed.

Li Yun's conversation turned, "It's just that when you step into the realm of practitioners, you will embark on a completely different path. Although it is not the cut-off of human **** and the decisiveness written in movie novels, it is also inevitable. When it comes to fighting, it's just like today."

He believed that Shan Xiaoxiao's IQ was enough to understand the pros and cons.

"Ah, this!" Shan Ruqing hurriedly hugged her daughter in her arms, and said again and again: "Little, we don't learn this, it's too dangerous!"

Li Yun did not speak, it was their decision, and he would not interfere too much.

"Mom~!"

Shan Xiaoxiao had different opinions. She said seriously: "Even if we don't learn spells, we will encounter danger. Although the hero's brother is very powerful, the enemy is also very cunning, not to mention--"

She looked at Li Yun, "Brother, the last time I saw a piece of news about a person standing upside down on a busy street to urinate and urinate suddenly, and I saw the video, is that also a spell?"

"..."

"Correct!"

Li Yun didn't know what to say, this was the incident of the little maid Qingzhu.

"So," Shan Xiaoxiao persuaded her mother eloquently: "Xiao Xiao thinks it's better to learn some spells. The big deal is that we won't take the initiative to meet those bad guys, right?"

Shan Ruqing was in a state of confusion, always feeling that her daughter had grown up overnight and was leaving the safe circle that she had created.

But is the safety circle really safe?

"Brother Li Yun!" Shan Xiaoxiao said suddenly: "There will be many kidnappings like this in the future, right?"

"Huh?" How did she infer it?

"Those gangsters are bold, and can create such a huge fortification in the forest. It can be seen that the other party's power is definitely not small. Coupled with this weird spell, I think they must be difficult to eliminate, and there will be such a thing in the future. thing!"

Shan Ruqing was stunned, why did her daughter think more than her?

Li Yun smiled, "It's true, so let me tell you a little bit...what the world might become in the future."

What will happen in the future?

What is the conspiracy behind the mad Taoist personification of Xianyuan, Song Yuan, and this incident?

Li Yun had a vague guess about this, but it was too shocking and inconvenient to speak out.

After listening, the mother and daughter fell into contemplation.

"I choose to stay with my brother!"

Shan Xiaoxiao quickly made her own choice. Instead of joining some hidden sacred valley, she might as well learn with Li Yun. He could accompany his mother and learn spells, killing two birds with one stone.

Li Yun looked at Shan Ruqing, saw her biting her lip, tears flickered in her eyes, but did not express any objection.

"it is good."

"Ding, the host makes a choice and rewards a limited gift: "Innate Transformation", and an additional purple equipment: Qingxinzhu."

"Clean Heart Pearl

Explanation: Make people calm and enter the cultivation state faster. "

The rewards of the system made Li Yun a little surprised, and he didn't expect to give him a piece of equipment to assist his cultivation.

Innate divine art is also good. Although it is also a way to enter the Tao with martial arts, it is much stronger than ordinary martial artists, especially in cultivating spiritual power. If Shan Xiaoxiao cultivates properly, she can be like Li Yun in the innate realm. Have God's Mind!

Chapter 1288: Frog calls

Moreover, as long as she cultivates to the innate, she can immediately switch to practicing spells, which is also one of the benefits.

"Xiao Xiao is like a piece of uncut jade, who can practice step by step from the beginning, the innate divine art is suitable for her."

Li Yun pondered, Qingyu always wanted to have spiritual consciousness, but it was a pity that even if this exercise was given to her, she couldn't cultivate.

In the end, Li Yun gave the limited gifts that the mother and daughter had received before, and gave Shan Xiaoxiao the soothing ring and Qingxinzhu to Shan Xiaoxiao, so that she could wear it when she was practicing, to speed up the progress of her practice.

However, Li Yun did not expect Shan Xiaoxiao to help. No matter how fast she practiced, it would take several years for her to make small achievements. These things are just future investments.

In other words, Shan Xiaoxiao is a cute little girl and has a strong dependence on him, which is equivalent to the effect of full favorability.

"Thank you hero brother~"

Shan Xiaoxiao's small face was filled with a happy smile, she threw her head up in Li Yun's arms, and kissed his face with a snap, and then smiled and acted cutely. The baby's fat little face was red and cute.

Holding a box containing a few pills, Shan Ruqing stared at the laughter of the two.

It's like a pair of siblings who are slapstick. She has been a single-parent family since she was a child, and Shan Ruqing, who has no siblings, felt the warmth of home for the first time.

"Perhaps, this is also good..."

Shan Ruqing realized in a daze that a family needs a woman, but it also needs a man, otherwise there will be something missing, just like living things are divided into male and female, heaven and earth are divided into yin and yang.

"Li Yun," Shan Ruqing gripped the pill box and said solemnly, "Thank you, I..."

Quack! !

At this moment, there was a loud frog cry in the distance. I don't know how far the sound was. The surrounding forest was instantly awakened. Numerous birds that had fallen asleep were awakened and preyed quietly in the dark. The beasts scurried frantically.

The tranquil forest was instantly broken and plunged into crazy restlessness.

"this is!?"

Shan Ruqing's face was shocked, and he subconsciously approached Li Yun for a few minutes, while Shan Xiaoxiao hugged the hero's brother directly, looking around with surprise and a hint of curiosity.

"Brother Li Yun, what is this?"

Quack! ! !

The second frog call sounded, which seemed to carry an inexplicable power, causing Shan Ruqing's mother and daughter to stand upright, causing many goose bumps on their skin.

It's like facing a wild and ferocious monster, human power is naturally restrained!

This beast is a natural enemy of mankind!

"Monster!"

Li Yun quickly woke up. From these two frog calls, he felt the similar aura to the two-winged monster beast during the day.

Wild, ferocious, and terrifying!

"Crack quack!"

The sound of frogs sounded one after another, just like a pond after a summer rain, one after another, endlessly!

Li Yun's expression finally changed. It turned out not to be a frog monster, but a large group!

Shan Ruqing and her daughter were very scared. Xiao Xiao hugged him tightly. Even Shan Ruqing didn't care about anything else. She leaned against him, shaking lightly.

"A large group of monsters... how is it possible!"

Li Yun frowned. Could it be that Ten Thousand Faxian opened the cave and let all the domesticated frog monsters escape? The purpose is to find out his location? !

Or... Concubine Wan Qing betrayed him and told Wan Faxian that he was hiding nearby!

Chapter 1289: Shan Ruqing's transformation

The sound of frogs hurriedly continued, echoing in the dark and gloomy forest, like howlings of evil spirits desperate for their lives, making the creatures terrified!

The small animals all around flee madly, ladybugs, moths, butterflies, mosquitoes, tree frogs, squirrels, monkeys, ants...

Born to fly, running on the ground, all the moving creatures are staying away from the frogs that make weird calls. Shan Ruqing even heard a screaming roar of a bear not far away. Such a beast is also afraid of this frog. Voice!

Li Yun had already taken out the Golden Dragon Sword, and then took out the Nine Heavens Thunder Talisman, and looked far away guarded.

"Brother Li Yun!"

Shan Xiaoxiao looked at the place where the frog sound was coming from, and suddenly said, "It seems to be the place where a plane crashed, and the frog didn't approach us either!"

"Um?"

Li Yun's eyes narrowed, indeed as Xiaoxiao said, the frog's call came from the direction of the plane crash. Although the call was ups and downs, it was not near here.

Could it be that the people of Ten Thousand Faxians went to explore the plane again? !

No, it seems unlikely. Now that it has been several hours since the two men in black searched the plane, Wan Faxian could not react so slowly.

Unless it was to entertain the concubine Wan Qing, so I couldn't get out of it and I didn't go until now.

"Ding, trigger the option event, please choose from the host:

Option 1: Go to the survey, reward experience value +1.5 million, all attributes +1000, purple gift bag*2, and randomly upgrade a martial arts skill level.

Option 2: Stay still, reward white gift bag*3, power +100.

Option 3: Escape, no reward. "

The system prompt sounded, but Li Yun was relieved.

It has to be said that the system is the plug-in that he has gotten against the sky, there is no one!

Even if the system didn't prompt anything, Li Yunguang was able to infer from the reward it gave, how dangerous those frogs, monsters, and things would come here.

Obviously, the danger is not high, even if you stay in place, it's okay.

"I'll take a look!"

Li Yun made a decision immediately, but Shan Ruqing and her daughter were afraid to stay where they were, and he was forced to take them with him under the little coquetry and cuteness.

"Come up."

Li Yun squatted down rather helplessly, Shan Ruqing's face was red and hot, but he quickly lay down on his back, his hands clasped his neck tightly, and his soft posture once again fitted the man's generous back. Close together.

What shocked her was that she almost instantly accepted this kind of intimacy with him, and a wonderful warm peace of mind replaced the initial anxiety and shyness.

She even closed her eyes with some enjoyment, and pressed her cheek to his spine, feeling Li Yun's fast and powerful running in the forest.

"Mom, this is...like, I succeeded?"

Shan Xiaoxiao hugged her brother Li Yun in front like a koala, but her **** eyes were secretly observing her mother.

From the beginning, the screams that Li Yun suddenly carried on his back, to the awkward and arrogant, and then turned into shy and blushing, and now, my mother actually started to close her eyes and leaned on Li Yun's back with a rather enjoyable expression. .

Mother's fall seems to be faster than imagined!

Perhaps, Li Yun's brother will soon become a father~.

"Hee hee~"

Shan Xiaoxiao hid her mouth and snickered. Brother Li Yun is so handsome and has the ability to protect girls. It is normal for her mother to like him.

After all, even such a smart and peerless genius as herself, was impressed by the charm of the heroic brother~.

Chapter 1290: Ding, 80 degrees

The sound of the frog is getting closer and louder.

In the end, the three of Li Yun stopped less than a hundred meters away, and the sound of frogs one after another sounded like a ghost in their ears!

"Brother, me!"

After landing on the ground and leaving Li Yun's protection, Shan Xiaoxiao was very uncomfortable, her face was flushed, and the same was true for Shan Ruqing, short of breath, and trembling all over her body. She was irritated by the strange frog sound.

"Little, where is the Qingxinzhu that I gave you?"

"Huh? Oh!"

Shan Xiaoxiao quickly took out the beads from her pocket. Just when she touched them, a refreshing sensation came from the beads. The terrifying and gloomy frog calls were instantly expelled from the brain, making her mind clear.

"Amazing!"

Shan Xiaoxiao's big eyes lit up, as expected to be something from Li Yun's brother, which resisted these hateful frog calls.

"There is also a soothing ring, take it out and put it on your mother." Li Yun gestured at Shan Ruqing.

"it is good!"

Shan Xiaoxiao's eyes rolled, she took out the ring with a smile, raised her mother's hand and said, "Mom, this is the 'ring' that Brother Li Yun gave you~~"

She deliberately emphasized the word ring. How could Shan Ruqing not understand, her beautiful and glamorous face blushed again, but she couldn't refuse, so she could only wear it.

The ring represents love.

The ring given by a man to a woman is even more of a marriage proposal!

"Ding, reward experience value +1.5 million, all attributes +1000, purple gift bag*2, skill gun proficiency is upgraded to master level, additional reward: Shan Ruqing favorability degree +20."

Favorability 20?

Li Yun's face was a little weird, and he didn't do anything, but Shan Ruqing's favorability reached 80 points, enough to be a boyfriend and girlfriend!

To be honest, Li Yun didn't have that kind of strong pursuit of Shan Ruqing, unlike facing the Fan Qingsheng, he had a feeling of restlessness at the time, wanting to please, but was afraid of the abrupt beauties.

Fortunately, Fan Qingsheng's feelings are thin. He took the opportunity to come in and usually got a full favorability degree. Looking back now, it still feels a little weird.

Compared to Shan Ruqing, Li Yun is more optimistic about Shan Xiaoxiao. After all, this little girl has amazing talent and unlimited future achievements.

"What, what's wrong?"

Shan Ruqing was a little at a loss when Li Yun looked at him like this. Why did he look at himself like this? Could it be that.....

"Nothing, cough cough, follow me closely, be careful!"

Li Yun's face blushed, but I have to say that Shan Ruqing, a young woman and wife, has a different charm.

As an imperial sister, she has maternal brilliance.

The cold, lonely and arrogant female president, but also shy and innocent, shy and moving like a young girl in love.

Reminiscing about the information she had read, Li Yun was a little emotional. Shan Ruqing was actually a poor woman, very similar to Tang Anxi.

"Um."

"Let's go."

Holding the golden dragon sword, Li Yun took the lead in cutting open the bushes in front of him, and walked towards the sound of frogs, which is the place where the plane crashed.

The place where the frog monster is located is exactly where the plane crashed!

Li Yun had vaguely guessed why the monsters gathered, but after seeing the scene in front of him, he couldn't help but gasp.

"This is... hiss!"

"what!"

"very scary!"

The three exclaimed, shocked by the scene in front of them.

Dozens of weird frogs of different sizes hopped and screamed on the wreckage of the plane. The big ones are as big as a car, and the small ones are as big as human heads. The Cumbrian bullfrog!
