Chapter 1291: Frog

Li Yun looked at the biggest frog demon lying in a small blood-colored lake.

This frog demon is bigger than all frogs combined. It crawls like a bus in the blood-colored lake. It is covered with huge red sarcomas. The sarcomas are swollen and full. Just seeing it makes you feel nauseous. !

"Crack!"

The bus-like frog demon's abdomen suddenly shrank, and accompanied by the dull frog calls, a surging wave of air rolled and spread, shaking the blood-colored lake it was stepping on, making huge ripples, and the blood seemed to be stimulated Like, it splashes a few meters high!

Disgusting and weird. fear!

This is what Shan Ruqing feels at the moment. Just seeing these dense weird frogs, she feels cold skin and weakness in her legs, and she can't help but reach out and grab the corner of the man in front of her.

"Li, Li Yun, what kind of monsters are these?"

Obviously, this is not normal, not even the frogs that live on earth!

"It used to be a frog, now, I think it can be called a frog demon!"

"Frog monster? Monster?"

The mother and daughter looked at him in surprise. Are monsters similar to animals and plants, but intelligent creatures?

According to legend, everything can become a demon.

Monsters are naturally powerful and possess all kinds of magical abilities, such as spitting flames, spreading their wings for thousands of miles, and so on. Even legends say that humans were nothing more than monsters' food in ancient times.

But these are just myths and legends. Modern biology has already judged that human beings evolved from forest ancient apes!

"These blood seem to be able to breed monsters!"

Li Yun looked at the **** water covered with the wreckage of the plane. The frog monsters jumped and rolled back and forth in the **** water, stirring the blood water upside down. The blood was sucked into the mouth.

The three of them stood less than a hundred meters away from the frog monsters, still shining with lights, but these frog monsters turned a blind eye to them and they kept rolling in the **** water of the wreckage of the plane.

Shan Xiaoxiao gradually calmed down, hesitated, and said, "Brother Li Yun, the blood was on the plane? Why did it become so much?"

Indeed, it is impossible for the blood in the sealed iron tank to cover the entire wreckage of the aircraft, and Li Yun watched it for a minute, and the blood did not decrease, and there was even a tendency to spread!

"It should be the blood in the airplane can, but it has increased for some reason!"

Li Yun no longer underestimated Shan Xiaoxiao, but talked to her in the same tone as an adult. Sometimes, Shan Xiaoxiao's wisdom might have miraculous effects!

"Brother Li Yun, what was it like when you came to see it before?"

"everything is normal."

"Well, the change is later." Shan Xiaoxiao nodded as if, "It seems that it is the problem of these frogs, or it is because of the magic of the magic."

frog?

Li Yun's gaze was once again placed on these frogs. From the morphological point of view, these frogs are all species in the forest, and the blood should really work.

Before he checked the evil blood, there was something like black frog eggs inside. The frog demon never hatched, right?

"Ding, trigger the option event, please choose from the host:

Option 1: Kill all frogs, reward justice value +10000, experience value +2 million, all attributes +3000, purple gift bag*3, and get a skill randomly.

Option 2: Catch a few frogs and give them to the country for research, reward justice value +20000, experience value +1 million, purple gift bag*1.

Option three: I want it all! Reward to be determined. "

Chapter 1292: Thunder strike

Seeing the prompt from the system, Li Yun's eyes flashed with surprise, and the justice value was so high!

It seems that if these frog monsters are left alone, certain consequences will result.

"The frog monster...you monster, and it's a new-born monster, no matter what, you have to check it yourself!"

There was a strong curiosity in Li Yun's eyes. He had seen many Gu worms, but Gu worms were Gu worms, and monsters were monsters. The two were completely different.

In the cave of Ten Thousand Faxians before, the double-winged lion guarding the door was not bad, stronger than the usual innate consummation, and with very sensitive intuition, you could almost find the hidden Li Yun!

What kind of abilities does the frog demon in front of me have?

"Ruqing, Xiaoxiao, stand back!"

Li Yun gave a soft drink, and the mother and daughter looked at each other, holding hands and stepped back.

They knew that the man in front of them was about to fight those terrifying monsters, and they knew that they couldn't help much, so they could only step back and try not to make trouble.

"Brother Li Yun, be careful!" Xiao Xiao shouted.

"You... be careful." Shan Ruqing bit her thin lips and exhorted. If there is any accident to him, she and her daughter may not be spared.

"Haha, don't worry, you stand back and see how I clean up these frogs!"

Li Yun smiled confidently, and slowly pulled out the golden dragon sword. The golden sword was particularly dazzling in the dark, and the chill was pressing, but Shan Ruqing actually felt a strong sense of security.

It seems that as long as this man fights, he will be able to win, just like the invincible God of War!

"kill!"

Li Yun yelled, the shirt on his body had no wind, and an invisible coercion instantly spread, and the mother and daughter behind him backed away again by this momentum!

The lion fights the rabbit, also with all its strength.

The ethereal footwork was unfolded, and the golden dragon sword in his hand rang out. The next moment, Li Yun appeared beside the wreckage of the plane, and the sword pierced forward.

In an instant, the sky full of sword aura swept through like a violent wind, stirring a pool of blood, and several frog monsters in the front died suddenly and were chopped into flesh by the sharp and hot sword aura.

"Chi Chi Chi Chi!"

Li Yun once again attacked the wind-slashing sword technique, and the sword aura came out again, killing like a tiger entering a flock of sheep. More than twenty giant frog monsters were directly penetrated by the sword aura, and their bodies burst open, bursting out blood and minced pork.

Standing in the distance, the mother and daughter who were shining the lights on this side were stunned.

They had already seen Li Yun's strength on the plane, and they were able to fight people on the plane at an altitude of 1,000 meters without fear.

But now, facing these weird and terrifying frog monsters, he can even swing his sword as usual and behead the frog monsters on the spot!

The blood under his feet and the meat of the bull-like frogs splattered, making Li Yun like a demon fighting in **** at this moment, with countless corpses of monsters and ghosts under his feet!

"Crack quack quack!"

The frog monsters jumping around on the wreckage of the plane were all startled, and the frogs' calls suddenly became sharp and piercing. There were less than fifty frogs left, but they actually sounded like a mighty army, thunderous, and blasted through Shan Ru The ears of Qing mother and daughter!

"Mom, mom, hurry, go back!"

Shan Xiaoxiao grasped her mother's hand tightly, and the two hurried back, the scene in front of them was more terrifying than imagined!

Feeling the danger coming, the group of frog monsters stirred their abdomen together and made a loud croak of frogs.

The sound waves echoed all around, but they were messy and disorderly, and had no effect on Li Yun. Every time the Golden Dragon Sword in his hand was swung, several frogs could be broken!

Chapter 1293: Sound explosion

"Crack quack!"

The frogs called more and more quickly, as if realizing that the screams could not stop this **** human slaughter, the frogs quickly changed their fighting methods.

"laugh!"

A big, slimy red tongue, more than ten meters long, spit out from the mouth of a frog monster as big as an elephant, like a whip that was waving vigorously and fiercely at Li Yun. Come.

"Um?"

Li Yun's eyes condensed, and he saw the smelly mucus on his tongue, but it was a pity that he knew the consequences of being licked by the frog's tongue!

"Frogs in nature hunt by their tongues, and they can also croak, and become the queen of frog demon. Instead of degrading, these functions have been strengthened!"

Realizing this, Li Yun had a general understanding of the new species of monsters.

"Mantis turns into a demon, can it be a mantis fist? Haha!"

With a bask in a smile, Li Yun raised the golden dragon sword and pierced it against the rushing tongue.

"Zhengzheng!"

The sword shook, and the bright sword light was violent, accompanied by blood splashing. Behind them, Shan Ruqing saw a long tongue rising into the sky, flying straight to more than ten meters away, and hitting the ground heavily. It was twisting like a python, and it stopped after a long time!

"What a strong vitality!"

With emotion in his heart, his hands kept moving. He set up the Golden Dragon Sword and Li Yun directly killed the biggest frog demon in the field!

Fire, thunder, and the sound of thunder could shock the Ten Thousand Magic Immortal Cave Mansion in the distance, so Li Yun could only fight close, relying on his sword energy to wipe out the group of frog monsters.

"I hope the calls of these frogs will not attract attention!"

Li Yun's sword glowed like electricity, and he cut several frog monsters in succession, and came to the huge frog monster like a bus. Without any hesitation, the golden dragon sword was cut off.

The sword light was training like a snow-white horse, sandwiched with a blazing sun-like vitality, the sword light was actually three or four meters long, as if it was about to cut this huge frog monster with one sword, and it was cut down like thunder!

"Crack!!!"

The giant frog demon had already bulged its abdomen, and a huge amount of air was sucked into it. At the moment Li Yun's golden dragon sword slashed, the frog demon stared with cold eyes, opened its huge mouth, and its abdomen bulged, sending out a cracking stone through the cloud like a voice!

"boom!"

Its surroundings felt like an explosion, and the air wave burst out in a circular shape, directly destroying Li Yun's sword energy, and directly stunned the weaker frog monster around him to death!

The mother and daughter of Shan Ruqing in the distance buzzed in their minds, and the leaves were swept in the wind, and the leaves of the big tree within a radius of half a mile were swept away, and the ground was bare!

In the valley.

"frog?"

Concubine Wan Qing who was about to sleep in the guest room heard a frog call, and she suddenly woke up.

Wan Faxian was introduced to her by the sacred mother-in-law, but Concubine Wan Qing did not completely believe her. From beginning to end, she had been vigilant about the mysterious origin of Wan Faxian, who was not seen by the dragon.

Including when she came here, she also specially put on the exclusive saint costume of the Six Demon Sect, the reason is to respect Senior Wanfaxian, but in fact she is guarding him!

"Is there a frog demon in the cave?"

In the cave of Ten Thousand Faxians, Concubine Wan Qing did not rashly use her spiritual sense to probe, but went out, ready to listen to where the frog demon's voice came from.

"Qing concubine."

The gentle and magnetic voice of a man came into her ears, and Wan Faxian was talking to her in a mysterious way.

"Senior, is this...?"

"Don't worry, this is an evil species on the wreckage of the plane, attracting frogs to swallow it."

Chapter 1294: Six Ways of Freedom

After a pause, he said: "This frog demon was probably alarmed by the officials, and the two sides are fighting."

"People from the government?"

Concubine Wan Qing's heart jumped, isn't it the guy!

Wanfaxian is a little weird. Is the contemporary saint a fool?

"It is probably someone from Hidden Sacred Valley who can force the frog demon to make such a loud noise."

This is not surprising. Behind the battle between the two cultivators of immortality, there are more or less officials from the government. Now the government is much stronger than before, and it will not let the demon be at ease.

"Hidden Sacred Valley...Senior, I plan to go and see." Concubine Wan Qing said immediately.

Wan Faxian frowned, then stretched out.

"Alright, Wang Da, Li Da, you follow the protection of the saint, you must not make mistakes."

"Yes!" x2

Two figures appeared, standing respectfully not far from Concubine Wan Qing.

"Whee."

Concubine Wan Qing laughed, and said softly: "As a guest, Concubine Qing dare not bother seniors, Concubine Qing is confident that she can protect herself, even if the saint of the Hidden Sacred Valley comes, please rest assured, Concubine Qing will go back. ."

While speaking, her figure became illusory, like a light golden smoke, floating out of the Ten Thousand Magic Immortal Cave Mansion's mountain protection formation, and soon disappeared.

After a long silence, Wan Faxian sighed and said: "Six ways of freedom, Qing concubine has already cultivated to the third level, and even my formation can come and go freely. It is really not to be underestimated."

The two Wang Dali dare not answer, they also know that this cave mansion's mountain guard array is just set by the master, and it is normal for the six free bodies of the three-level realm to break through.

"Retreat and pack the things in the cave mansion."

"It's... uh, master?!"

The servants in the cave mansion heard these words, and Qi Qi looked at the attic floating in the middle of the cave mansion in surprise.

"Prepare to give up here."

"?"

Wan Faxian no longer speaks, but everyone is puzzled. What is the danger in this cave? Even if the elders of the Hidden Sacred Valley personally lead the team, plus the saint who is said to be born with a holy body, with the strength of the master, it is enough to easily defeat them!

However, the majesty of Ten Thousand Faxians has penetrated into their minds, and no one dared to object at the moment, but quietly packed things.

...

"This!!"

Li Yun was shocked. When the sword light was shattered, he covered his whole body with infuriating energy in time, but his scalp was still numb from the shock. He felt that his whole body couldn't help shaking, and his ears buzzed!

"This frog monster...little!"

Li Yun suddenly thought of the mother and daughter behind him, and quickly looked back.

A circle of transparent, milky white shields blocked the sonic attack at the last moment, saving the mother and daughter.

Fortunately, a golden ring was given to Shan Xiaoxiao before, and there is a requiem body cover that can be automatically activated, otherwise, they are estimated to be directly shaken to death by the sound!

"Ruqing, take a little away quickly!"

"Good, good!"

Shan Ruqing was frightened, and immediately picked up her daughter and ran out after she recovered.

"Be careful!!!" Shan Xiaoxiao screamed, who had been looking here. She saw the huge frog monster spit out a thick and long tongue and rolled towards Li Yun like an electric shot, the smelly smell and disgusting. The smell, as if you can smell it after a few hundred meters!

"Looking for death! Zhanfeng Broken Moon!"

Li Yun's eyes flashed with a sharp light, and with a wave of the golden dragon sword in his hand, he cut off against the bright red tongue.

Chapter 1295: Scary Frog

"boom!"

If he hit a train head-on, Li Yun was shot and flew out, and his figure tumbled in mid-air for several laps before stabilizing!

"My Cao!?"

Li Yun couldn't help but explode, the tongue of this frog demon was so solid, the ordinary sword energy didn't work at all, and it collapsed when touched. Fortunately, the Golden Dragon Sword is a magic weapon, otherwise it will take a lot of effort to face the frog monsters on these platforms!

In addition, the tongue of the giant frog demon was poisonous. Feeling unwell, Li Yun quickly took out a small detoxification pill and threw it into his mouth. This relieved the frog poison!

"Crack!"

The cry this time was not loud, but it revealed a strong sense of pride. Li Yun looked at it with a concentrated look, and the sarcasm could be vaguely seen in the cold eyes of the giant frog demon!

"I'm Cao! This frog demon is really good!"

Li Yun was so frustrated, he was dignified and perfected, holding countless magic weapons in his hand, and having a system plug-in, he was actually despised by a mere frog demon!

"Beast, do you think I can't help you?"

Li Yun got angry, and at the same time, in order to make a quick battle, he directly took out the Nine Heavens Thunder Talisman and injected most of his true energy!

Strangely speaking, after Li Yun's Zhen Qigong method was converted from the Nine Sun Heavenly Scriptures to the Earth Shaoyang Fire Work, there was almost no change!

Thunder shot out from the spell, and the thunder light flickered.

The giant frog demon seemed to feel the crisis and puffed his stomach again.

"die!"

The spell was thrown, the thunder light was dazzling, like a **** of thunder, and an infinitely powerful cyan thunder fell in an instant, hitting the huge frog monster straight!

In the distance, a misty shadow is watching this side.

"Sure enough, this **** guy!"

"This thunder talisman... really, it's no wonder that he can kill a few gods in a row, and even Venerable Black Eyebrow was planted in his hands."

"Unfortunately, the preparations are too slow, and driving with true energy will cause such problems, and there is always a gap with the practitioners!"

Concubine Wan Qing could see the weakness of the Nine Heavens Heavenly Thunder Talisman at a glance, and that was indeed the case.

When the thunderbolt fell, the giant frog demon also puffed up the air, and his body soared, as if it turned into a pufferfish, before the thunderbolt hit it, it burst out suddenly.

"boom!"

The sky shook and the earth shook, and the cyan thunder swept away the frogs entrenched in the wreckage of the plane, electrocuting at least fifty frogs!

But the giant frog monster escaped!

"I'm Cao!"

Li Yun exploded for the third time. The frog monster did not attack the sky, but sprayed a sigh of relief at the ground. The huge body like a bus flew upside down, and when it fell to the ground, it smashed a giant pit.

But after all, he still avoided it!

"This Nima... the frog has become refined!"

Li Yun was very depressed and said nonsense. The first few attacks of the Nine Heavens Thunder Talisman were all of a sneak attack nature, and it was strictly the first time that it actually faced the enemy head-on.

The result is loaded.

Tianlei is so powerful that it can't hit the egg and it's useless!

"The sky thunder talisman can't be used, should I use a Silvin pistol? Nonsense!"

Without having to take out a pistol, Li Yun knew that with the power of a bullet, he couldn't even tick the frog demon!

"Crack quack!"

After avoiding a sky thunder, the giant frog monster yelled more and more proudly, and the eyes that looked at Li Yun became more mocking, as if to say that humans are nothing more than this!

"Uh... Brother Li Yun seems to have no choice?"

Shan Xiaoxiao is worried, even such a powerful Tianlei can't use the frog demon.

"Mom, let's ask Brother Li Yun to escape together!"

Shan Xiaoxiao turned to look at her mother, but her body froze in the next moment.

A female ghost appeared in front of her!

Chapter 1296: Not bad

Wearing a big red dress, with a coquettish face and a charming smile on her face, she hovered in the air and walked towards the two of them step by step.

"You are that guy's new woman?"

The woman in the red dress walked up to them, condescending, and raised her right hand. Suddenly, the mother and daughter were both raised by an invisible force with their jaws raised, and they were forced to bear the intense gaze of this woman!

"Female, female ghost, don't come over!"

Shan Xiaoxiao held back for a long time, and finally yelled out. The smug expression on the woman's face froze, she squeezed her face forcefully, and snorted: "Who is a female ghost? What a unaware little girl!"

"Who are you!?"

Shan Ruqing recovered from the shock of seeing her, hugged her daughter tightly, did not want to run away, nor did she want to call Li Yun.

She suddenly appeared in the forest in the middle of the night, wearing a beautiful and complicated dress, with dazzling jewellery on her body, and she seemed casual and leisurely as if coming for an outing. She was no ordinary person at first sight!

The seductive woman did not answer, she squeezed her finger imaginarily, and Ling Kong looked at Shan Ruqing's face several times, then turned to Shan Xiaoxiao, and carefully checked her small face and facial features.

Shan Ruqing's mother and daughter had their hair on their backs, and this woman just moved her fingers, but she controlled them to death!

This power once again exceeded their understanding of the world!

As if checking the goods, the woman gave a satisfied smile.

"It's okay, it looks pretty good, but I didn't expect the little handsome guy to have such a bad taste, and he actually took a mother..."

"Concubine Wan Qing!!"

Li Yun, who was fighting, couldn't help it, turning his head and shouting: "If you are so free, come and help me fix it!"

The two of Shan Ruqing were taken aback, and it turned out that Li Yun knew her.

"Humph~"

Concubine Wan Qing took out a fan from nowhere, opened it to cover her face, her eyes shone with inexplicable excitement: "For the sake of friends, you can help you~, but the so-called brothers I will help you out, how do you plan to thank me?"

".....no need."

"Huh? I didn't even say what I wanted."

"It's nothing more than a pill, but unfortunately, I won't give it to you casually!"

"Hehe, what a stingy man, the concubine body is really worthless for these two women, I actually followed a stingy like you~!"

Li Yun's goose bumps are about to rise, and this woman is always fine when she claims to be a concubine!

Shan Ruqing was silent, she was not a face-saving person, this weird woman would say whatever she wanted, and she would not refute it.

It's just that she is very strange, how did this woman know that she and Xiaoxiao are mother and daughter?

"boom!"

The battle over there was fierce, and the frog demon started a counterattack. The tongue, body, and voice were all its weapons. With its huge, strong and hard body, Li Yun was forced to scurry!

Concubine Wan Qing said with a smile: "Little handsome guy, monsters are not so easy to deal with, monsters of the same realm can beat at least five humans. Surely you have also experienced it? The huge bodies of monsters are their best weapon."

Li Yun was depressed, as she said.

Human weapons are used to deal with humans, not against monsters!

The incredibly powerful Sylvin pistol, hitting the frog demon is like tickling it. The golden dragon sword cuts into its body and can cut a large hole, but compared to the frog demon, which is more than ten meters wide and high, it counts. No fatal injuries.

"So." Concubine Wan Qing snickered with a fan. "If the handsome guy is willing to match his sister for a night, we will spend the night together. By the way, I will give my sister a pill to replenish my body. My sister can't help you~ vent~ vent!"

Chapter 1297: Voice restraint

Li Yun dodged his tongue, and said in wonder, "Concubine Wan Qing, do you want pill so much? I have this stuff, but not many. If you want it, you have to change it!"

"Huh? Isn't the concubine's body enough?"

Concubine Wan Qing made a pitiful look, and the fan in her hand slowly moved down, along the smooth chin, across the slender swan neck, and finally came to the red dress, with a touch of thrilling snow white and slippery.

The stimulus of words and the provocation of actions make the concubine Wan Qing at this moment full of charm that far exceeds that of a secular woman, like a depraved nine-tailed fox demon, showing his amazing beauty to the world!

"!"

Shan Ruqing and the two only felt a buzzing in their heads, as if they were hit by the previous frog's call, their spirits suddenly became trance, they stared at her blankly, attracted by her beauty. attention!

"Wan Qing Concubine! Put away your charming technique!"

Li Yun gave a cold scream, with some Qinglong roaring righteous power in his voice. Suddenly, Shan Ruqing and the two woke up immediately, and their eyes were full of awe when they looked at Shan Ruqing.

"what?"

The demon girl was very surprised, her voice was as bright as the sun, full of righteousness, and it was the only way to restrain her kind of enchanting tricks.

Strange, when did he learn this kind of sound killing technique?

According to what she knew about Li Yun, if she had used it before, she would have used it to scare her a long time ago, and she wouldn't wait until now.

But if you just started practicing, how can you become so fast?

However, this voice can deal with fascination, but she is not only fascinating, the heavenly devil's bliss mental method is not within the three realms and six ways, and naturally cannot be classified as a demon.

"Huh~, this guy is getting stronger again, so fast!"

Concubine Wan Qing's face changed, but when she looked at the battlefield, she showed a look of surprise.

Li Yun also found out.

With a roar of the blue dragon, he actually stopped the huge frog monster's attacking movements abruptly, leaving it to stay in place for a moment, and even the look in his eyes changed!

"Could it be that the sound of this sound is even more astonishing to it?"

Li Yun's heart moved, and he turned his head and shouted at it: "Beast, you can't catch it before you swiftly!"

"Puff!"

Shan Xiaoxiao couldn't help but laugh, and these words were exactly the same as those in the movie.

What shocked a few people was that this frog demon really... turned around and fled!

With a kick on his huge legs, two big pits were stomped on the ground with a bang. The huge body of a small hill rushed towards the distance, his eyes panicked, as if a frog had encountered a poisonous snake-in front of a natural enemy, and there was no resistance. force!

"What's the situation? Qinglong's roar is its nemesis?"

Li Yun's face was weird, and he couldn't think of such a difficult frog monster, who was afraid of the sound killing technique!

Without much thought, Li Yun chased after him and shouted again. The power of Qinglong's roar plus the justice value of 200,000 made his voice like the judgment of the gods. All monsters and ghosts have nowhere to hide, they can only tremble!

The giant frog demon was stopped abruptly by the roar of this voice, fell in the air, knocked over countless big trees, and smashed the forest into a big hole.

The sound was originally a method that the frog monster was good at, but Li Yun's Qinglong roar was restrained instead!

Li Yun didn't talk nonsense, his hands rose and fell, and a cyan sky thunder fell, exploding the frog demon into blood and blood, then made up a few swords, cut off the limbs, and completely lost the ability to resist.

"You better kill it."

Chapter 1298: Explain God

Concubine Wan Qing walked over with a graceful figure, said leisurely, and stretched out her delicate thin finger to move forward.

An invisible wave of air flashed past, pierced the frog demon's head, passed through its body, and left a bowl-sized hole.

The giant frog demon instinctively struggled with convulsions, like an electric shock reaction in a biological experiment, but the frog demon's huge body struggled extremely astonishingly, and it knocked down a large area of forest before it completely died.

"Ding, the host makes a choice, justice value +10000, experience value +2 million, all attributes +3000, purple gift bag*3, a random skill: piano skill (master level

Seeing the system rewards, Li Yun gave a wry smile. He wanted to kill the biggest frog monsters, but left a few more to be studied. Unexpectedly, the aftermath of the battle would shake all the frog monsters to death, and the reward was reduced by a lot. cut.

However, the piano skills obtained are directly at the master level, which is not bad.

"Youkai's vitality is far stronger than that of human beings. Cutting off limbs is nothing, and it can be resurrected even without the head."

Concubine Wan Qing smiled at Li Yunying, as if saying, I'm helping you so, why don't you give me some medicine!

Li Yun shrugged, treating him as missing.

This demon girl probably used the detoxification pill, so she couldn't forget this thing.

"Brother Li Yun!"

The mother and daughter Shan Ruqing ran over, and when they approached Concubine Wan Qing, they became more cautious again.

"Are you two okay?"

"Hee hee, it's okay, by the way, brother Li Yun, why is this big frog demon stopped by the shout?"

"I don't know, it's probably because it's mentally disabled."

Brain damage means that the brain fills up the incompleteness, and it is discarded after being drunk.

Shan Xiaoxiao blinked and said in a cute little girl's voice, "I don't think so."

"Um?"

"Because frogs use sound to attract female frogs in summer. Whoever calls louder has priority in mating...hehe~"

"Cough cough cough cough!"

Li Yun almost vomited blood. After seeing the little girl's smirk, he couldn't help reaching out and tapping on her little head, "Where do you get so much messy knowledge?"

It means that the roar of the blue dragon he just now was similar to the frog's cry, because it was so loud that it made the frog demon scared?

I'll go, this explains the gods!

"Little girl knows a lot."

Concubine Wan Qing said with a smile to her, Shan Xiaoxiao quickly closed her mouth and hid behind Li Yun.

"Don't mess around."

Li Yun warned her, others may not know, but Li Yun just saw her smiled expression, he knew that the demon girl must be making a bad idea!

"Humph, I didn't say anything."

Concubine Wan Qing showed the air of a little girl and turned her head proudly. In front of Li Yun's two women, she didn't mind doing this.

"Okay, let's pack up and leave." Li Yun didn't want to stay here.

"No hurries?"

"It's so smelly here, would you like to stay here?"

"lie!"

"...Fine, I'm afraid Ten Thousand Magicians will chase it out, okay?"

"Hmph, I thought you were not afraid of the heavens, and even dared to hide in front of his cave and peep at it. You are really courageous."

"Oh? So, you know Wan Faxian very well, know, and even respect his strength?"

"Why should I tell you~?"

The two chatted casually, like a pair of ordinary good friends, but Shan Ruqing always felt that they couldn't tell the strangeness between them.

I don't understand what is strange.

Chapter 1299: You want to die like that

Li Yun knew that Concubine Wan Qing's nonsense was endless, so he asked her straightforwardly.

"How did these things appear?" Li Yun pointed to the dead frog demon.

The corpses of this large group of frog monsters are undergoing changes, their bodies are beginning to become smaller, and a strong evil spirit emerges from them. The entire wreckage of the aircraft becomes a dead zone within a few strokes, full of corpse energy, evil spirits, and various foul smells. Gas, intertwined, is as horrible as hell.

"You ask me, who am I asking?"

There was a faint smile on Concubine Wan Qing's beautiful and enchanting face. Of course, she didn't reveal that these things were related to the Ten Thousand Faxian, let alone that the evil seed came from the Ten Thousand Faxian.

"Mom." Shan Xiaoxiao saw it. She took her mother's hand and whispered: "Let's leave, Brother Li Yun and this beautiful sister are going to talk about painting."

Hearing the words of the beautiful sister, Concubine Wan Qing couldn't help but laugh, and squeezed her face: "The little guy is so cute. Come on, my sister will give you something."

She took out a small piece of jade pendant from the mustard seed to Shan Xiaoxiao's finger, smiled and said: "Next time you are kidnapped by a bad guy, take out this jade pendant and tell the other party: "My lady is wearing the book. Miss, please let me go quickly, otherwise you will look good! Humph~!"

Shan Xiaoxiao looked embarrassed and looked at her brother with a plea for help.

"Take it."

Li Yun couldn't laugh or cry, the character of Concubine Wan Qing was really...I couldn't figure it out.

"It's just that this thing can't be seen casually, remember to put it away, don't let anyone know it."

This is the status symbol of Concubine Wan Qing. It is good for the people of the Demon Gate to see it. If it is seen by the people of the Hidden Sacred Valley, the joke will be big.

Shan Xiaoxiao nodded, holding Yu Pei tightly and pulling her mother's hand to the side, muttering something quietly.

Shan Ruqing looked back at Li Yun, feeling inexplicably uncomfortable in her heart, and finally started to follow her daughter.

"Can you talk now?" Li Yun looked at Concubine Wan Qing.

This is a rare opportunity. Instead of trying to investigate, it is better to directly ask the insider.

"say what?"

Concubine Wan Qing spoke in a smiling tone, leaped gently, and sat on the trunk of a collapsed tree in an extremely graceful posture, without any concern about whether she would be dressed in a luxurious and complicated red palace costume. Dirty.

With her dress flying, Li Yun couldn't help but turn his eyes to her.

Hidden under the heavy dress, Concubine Wan Qing's graceful and peerless curves are faintly visible. The gorgeous clothes contrast her gorgeous figure, the temperament is pure and charming, and it is impossible to stop!

"Still playing stupid?"

Li Yun sat next to her, and she watched the strange scene of the corpses of the frog monster piled up in front of her, the evil spirits permeated, and the blood was full of pits.

Talking about love is pure nonsense.

"Do you want to die that way?" Concubine Wan Qing said briskly, but the words she said made people feel awkward!

"Ding, trigger the option event, please choose from the host:

Option 1: Kiss the saint of the Demon Sect and conquer her! Reward experience value + 5 million, all attributes + 10000, colorful gift bag*1, random access to a powerful martial arts skill, favorability random ± 100 .

Option 2: slap the demon saint and tell her, woman, you are too arrogant! Reward experience value +2 million, all attributes +3000, golden gift bag*3, and the favorability changes randomly.

Choice three: flirt with her and reward a limited gift. "

Chapter 1300: Woman, don't be too arrogant

This cheating system!

After reading the three options, Li Yun had an idea in his mind at the moment, how to give away Concubine Wan Qing!

Of course, you can only think about it.

With the strength of this demon girl, what she really wants to do to her, it is estimated that she can directly dismantle him and throw the corpse in the forest to feed the wild wolves.

But choose the third item, what the **** is flirting, the limited gift doesn't seem to be very fragrant.

"Wait, the favorability changes randomly?"

Li Yun looked at Concubine Wan Qing with a weird look. The latter seemed to feel that the atmosphere was not right. He rolled his eyes and rolled him.

"Why keep looking at me? Do you think that our country is so beautiful, you want to...handle me!!!"

"Snapped."

Li Yun stretched out his palm and calmly slapped Concubine Wan Qing's white, tender and clean face, which was enough to charm sentient beings.

Just a little bit, I don't even feel the pain, it is more like flirting between lovers, rather than men and women beating|women.

"you!"

"Woman, don't be too arrogant."

"you you you you!!!"

Concubine Wan Qing was so angry that her seven orifices were smoking, her delicate body trembled, her black and bright round eyes seemed to be emitting flames, staring at him, her small fist raised up, making a creak.

"Here, me, a, explanation, explanation!!!"

After a word, Concubine Wan Qing turned her fist and shone in front of Li Yun.

There is no doubt that if Li Yun's explanation is not perfect, she will have to punch it over!

"Ding, the host made a choice, slapped the magic door saint woman, rewarded experience value +2 million, all attributes +3000, golden gift bag*3, Favored Concubine Wan Qing +1"

I'm Cao!

Now Li Yun only has this idea in his mind!

It just slapped Concubine Wan Qing, no, it definitely can't be counted as a hit, just a light pat, but the system still judged it as a hit, and directly rewarded three golden gift bags!

Moreover, Concubine Wan Qing's favorability has actually increased!

Is she M?

No, it doesn't seem to be because of this.

Li Yun didn't know. If this incident were to be heard by the Hidden Sacred Valley and the Six Demon Sects, he would have to drop his jaw!

The dignified saint, the face of the Six Demon Sects, a master of Returning to the Void Realm, was actually slapped in the face by him!

"Ding, trigger the option event, please choose from the host:

Choice 1: Answer her: I will explain a fart, reward experience value +4 million, all attributes +5000, golden gift bag*3, and the favorability of Concubine Wanqing changes randomly.

Option 2: Laugh without speaking, reward experience value +1 million, all attributes +800, purple gift bag*1, Favorable Concubine Wanqing -10.

Choice 3: Kiss her forcibly, reward experience value +5 million, all attributes +8000, golden gift bag*5, the favorability of Wan Qing concubine changes randomly.

Option 4: Run away, reward skill: grandson of tortoise (effect: grandson of tortoise who dare to do but not behave). "

After reading it, Li Yun had only two words in his mind: I'm Cao!

He seems to have found a way to make money?

As long as it continues, before Concubine Wan Qing is completely angry, he madly cheats the rewards of the system and directly brushes dozens of golden gift bags and massive experience points. Is he invincible? ?

Li Yun looked at Concubine Wan Qing who stared at him with beautiful eyes, his face changed uncertainly.

Do you want to do it?

If it's done, it may be frightened, but it may also be punished by Concubine Wan Qing.

If you don't do it, you may regret it again!
