

# GODLY CHOICE SYSTEM

## Chapter 13: Ding, trigger option event

The news that Li Yun and Zhou Xianming bet, with the help of the name of the school flower Fengxue, spread throughout the first, second, and third grades of Zhicai High School.

"Nima's, are you talking about me? A poor student from Class 14, who wants to compare his comprehensive and English scores with those in the experimental class?"

"It's true! If you don't believe me, post it yourself, go and see!"

"I'm Cao...? Really or fake, where did Li Yun come out and claim the highest score?"

"No. 1 in the total score? Why doesn't he go to heaven!"

"Hehe, Li Feng, the best grader in our school, only got full marks once...Huh, wait, Li Yun, Li Feng?"

"Well, you guessed it right, these two people are siblings, and they are not relatives. They are both from an orphanage!"

"I'm Cao? Li Feng is very beautiful and has good grades. Li Yun is the \*\*\*\* proper treatment for the protagonist of the novel!"

There was a lot of discussion. Li Feng came to the school. After learning about it, he immediately went to Class 14 downstairs and asked Li Yun about the situation.

"Ahem, that's how it is, sister, you first let go of my ears, it hurts!"

In front of his elder sister, Li Yun could only let her, after all, it was just natural for her sister to beat her younger brother.

May I ask which younger brother has the ability to resist in front of her sister?

"You are really mad at me!"

Li Feng stomped his feet, and Li Yun couldn't help but take another look.

"How do you agree to this kind of gambling? You are not afraid of losing your face, besides, how could Zhou Xianming give you one hundred thousand!"

The corner of Li Yun's mouth twitched, "Don't worry, sister, I'm sure of winning, besides, I have a way to get money!"

The reason why he is so confident is naturally because of the system.

"Ding, trigger the option event, please choose from the host:

Option 1: agree to the game, reward +10 mental power, and 100,000 money (Note: provided by Zhou Xianming, if the opponent refuses, the system will force a deduction and 10 times the compensation).

Option 2: Reject, reward skill: useless. "

Li Yun didn't want to know the effect of being useless, so he agreed directly.

He is now anxious that Zhou Xianming would not agree to the compensation, so that he can directly take one million.

Li Yun thought with amusement that Zhou Xianming should have enough money to be deducted by the system, right?

Seeing him full of confidence, Li Feng helplessly raised his forehead, "You may not know that Zhou Xianming has already gone to the dean of teaching. He and the dean are relatives."

"Why are you looking for him?" Li Yun said strangely, "Even if I ask him to divert my test paper, it won't help. The handwriting is different."

"It's not the problem!"

Li Feng calmed down, "He wants the teacher to change the papers on the spot after the exam in the afternoon. This time it is only a mock exam in the school. This can be done.

Li Yun shrugged, "It's not bad to change the paper on the spot. I won him early and took a 100,000 bet earlier."

"you really.....!!!"

Li Feng is about to die of anger, but who called Li Yun his younger brother, he can only say helplessly: "Well, don't be too anxious in the afternoon, just bear it and pass."

"Hahaha, don't worry, sister, I can win!"

"Huh, you are the only one who believes~"

After giving him a cute white eye, Li Feng was still puzzled, and then reached out and knocked on Li Yun's head, "If you weren't my brother, I wouldn't bother to care about you!"

Li Yun looked bitter, and it was too bitter to have an older sister pressed.

Although Li Feng really cares about him.

"But, don't you believe that I will get full marks? Ha ha, Zhou Xianming, you are sure to lose!"
