

Godly Choice 131

Chapter 131: Adoration of Su Muxin

"You are a great god! You can't be wrong, great god, great god, I am your little fan girl, I really like your pioneer strike, I tell you, I..."

Li Yun said a lot of red chili peppers. Li Yun became impatient and replied: "If you have anything to say in the evening, I am going to buy groceries now."

"Buying groceries?"

"...Buy groceries for dinner."

Li Yun released the deduction and asked Wang Houliang to ignore the matter for the time being and not to disclose more information. People on the Internet should not believe it too much.

Wang Houliang naturally did not dare to disobey Li Ge's instructions, and patted his chest to ensure that he would come down.

After Li Yun left, Wang Houliang slumped his face in frustration, "It seems that this little girl with bright red pepper has no chance with me. With Brother Li, Xiaojiao can't resist the charm of Brother Li at all!"

Everyone nodded in agreement, the little girl admired Li brother so much, and Li brother was afraid that instead of hooking his finger a little, this rich little girl rushed over and happily rolled the sheets with him!

Luxury apartment room.

The bright red pepper, that is, Su Muxin happily hugged the pillow and rolled around, and she finally added it to the idol's button~.

Moreover, is it really a great god? Go shopping for groceries in person!

This is probably the so-called "return to nature", a true **** who is not moved by fame and fortune!

Su Muxiang admired Li Yun more and more.

"Woo, I look forward to the evening coming soon!"

On Su Muxin's graceful body, she was wearing a pink silk pajamas, her crystal-clear and lovely feet were exposed, curled up in the soft quilt to play with her mobile phone.

She was peeping into Li Yun's deduction space, and remembered every sentence Li Yun wrote deeply in her mind.

Moreover, for every one of Li Yun's talk, Su Muxin must reply, from 2019, all the way to the first talk of Li Yun in 2011!

"Hehe, he should be able to feel my sincerity now, right?"

Su Muxin buried her face in the quilt and rubbed her face, smiling extremely happily, as if she imagined that Li Yun's expression changed from shocked to touched after seeing so many replies.

Thinking of this, her girl's heart couldn't help but tremble, and the sweet emotions in her heart made Su Muxin feel exceptionally happy at this moment. If she could see him with her own eyes, hold him and act like a baby, that would be great...

—
Li Feng went shopping with Fang Xue at night, but Li Yun did not follow.

First, the two said that they were going to buy girls' secret clothes. Secondly, Li Yun was also worried about the twin sisters at home.

Speaking of it, the relationship between Li Feng and Fang Xue really made Li Yun unable to understand.

Sometimes they would tit-for-tat and ridicule each other mercilessly, but sometimes they were more like girlfriends than anyone else, Li Yun really couldn't understand.

However, although he didn't understand, Li Yun was secretly thankful. Fortunately, the two of them weren't too jealous, so that he could enjoy the happiness of Qi|people.

Ahem, Li Yun felt that he was too evil!

"Forget it, I'll open the gift bag."

Li Yun opened the personal panel. He now has 50,000 experience points, all attribute points are over 1,000, and his agility is close to 2,000.

"Six random gift bags, one purple, I hope you can get something good!"

A gleam of excitement flashed in Li Yun's eyes, and he said silently: "System, open three random gifts!"

Three white lights lit up.

"Ding, get a pair of scissors."

"Ding, get a packet of restaurant paper."

"Ding, get a bag of biscuits."

Li Yun is full of black lines, what are these things?

Chapter 132: Ding, golden gift, space ring

"Keep on!"

Li Yun gritted his teeth, and then he saw one white, one green, and a purple light that excited him!

"Ding, get a small experience pill."

"Ding, get six bullets."

"Ding, congratulations to the host, open the purple gift and get a red umbrella from the female ghost!"

"...?"

Li Yun slowly typed a question mark in his mind.

Female ghost's red umbrella? What is this stuff?

After reading the description of the item, Li Yun started to think.

"The female ghost's red umbrella (purple): She was a peerless beauty. On a rainy night, she was attacked by gangsters and unwilling to be insulted. She chose to bite her tongue and commit suicide. Before she died, she swore to kill all the villains in the world!

Explanation: The female ghost's resentment soars into the sky, giving this umbrella a magical power. Opening the umbrella will have unknown consequences (Note: If there are villains around, the female ghost will come out to claim her life!) "

The style of painting in this world suddenly became weird!

Li Yun guessed that there should be real inhuman powers in the world, such as immortal cultivators who can practice, such as the Taoist priest who catches ghosts and so on.

And the justice value he obtained from the system before is that the system allows him to choose the magic way, or the right way!

There is no doubt that Li Yun will not be attacked by a female ghost when he opens this umbrella. After all, he has a high justice value and is not an evil person.

"This umbrella... let's put it aside."

Li Yun is still far from the realm of cultivating immortals. It is estimated that this umbrella will not be effective for a long time.

"Finally, the purple gift bag, open it!"

After obtaining this magical umbrella, Li Yun became more interested in purple gifts.

The purple gift bag shook, and then a golden light lit up, and Li Yun felt that his heart had stopped.

"Ding, congratulations to the host, open a golden gift and get a space ring!"

"Fuck... tough?!"

Li Yun was stunned, it turned out to be a space ring! ?

Is it really a space ring? !

Holding his breath, Li Yun found an empty corner and tried to put the phone in the space ring.

Huh, the phone disappeared.

With a thought, the phone returned to his hand.

"I'm Cao, so cool!!"

Li Yun finally confirmed that this thing is really the same as the legendary space ring, which can be deposited and taken out at will!

No, this is not so cool anymore, but very cool, so cool to fly!

Li Yun only felt that his body's 36,000 pores were opening at the same time, as if he had taken a panacea, and his body was uncomfortable everywhere!

With the space ring, Li Yun can make too many show operations!

For example, if you store some prohibited items, guns, ammunition, or lethal weapons in the space ring, no one will find it!

Li Yun can even put a motorcycle in it and take it out when he wants to escape quickly!

A space ring of 10 cubic meters can store too many things. Even at the end of the world, Li Yun is confident that he can live a comfortable life with the space ring for several years!

"In short, I am very comfortable now!"

Li Yun excitedly stroked the golden ring he wore on his left hand. This thing is the strongest item he has ever obtained. Even the colorful gift god-level skill Dan can't compare with it!

Of course, it was also because Li Yun had not yet found the time to use the god-level skill pill.

Li Yun walked toward the vegetable market with a smile on his face. Today, he harvested a space ring, which is so cool!

At this moment.

"Boss Li!"

Chapter 133: Qian Hu comes again

Hearing this name, Li Yun narrowed his smile, turned his head and looked around, and found that it was Brother Tiger, that is, Qian Hu, who turned out to be Boss Xue's subordinates!

"What are you doing?"

Li Yun asked indifferently, Qian Hu seemed to have something to ask him, his face was full of pleasing expressions.

"Boss Li, me, that..."

Qian Hu hesitated and hesitated for a while, then gritted his teeth and said, "I'm here to find Boss Li for help!"

"Help?"

"No, not to save my life, but to save the life of my little third son!"

Looking at Qian Hu, Li Yun frowned slightly, "What have you done in the past few days? You got **** because you went around and messed around?"

"No, no!" Qian Hu hurriedly waved his hand, crying and said, "We are all for you, Brother Li!"

"For me? Forget it, come with me."

Li Yun found a milk tea shop nearby, ordered two drinks, and sent Caiwei a message that he would go back later.

"Let's talk, what happened?" Li Yun asked lightly after taking a sip of his drink.

"This... has to start three days ago."

It turned out that after Qian Hu was driven out by Boss Xue that day, Li Yun refused to accept him. These people who had not done a serious job were desperate and thought of crooked brains.

They believed that Boss Xue would definitely not give up, and would definitely go to Li Yun's troubles again.

Therefore, Qian Hu took a few hands to follow Boss Xue and monitor his casino, thinking that when he stared at Xue Ji, Qian Hu would report to Li Yun.

Then, Qian Hu was discovered by Xue Ji, and one of his men was also arrested!

He also threatened to ask Qian Hu to find Li Yun to redeem him in person!

"Really nonsense." Li Yun said lightly: "Just because of those of you who haven't learned to track, you want to monitor others?"

"this....."

Qian Hu was very embarrassed and argued: "I once learned a few tricks from someone, and thought it could be... but it was actually possible. I was not discovered by Xue Ji, but caught by a man named Feihumen. It's a horse kick!"

Feihumen? !

Li Yun took a sip of his drink slowly. If I remember correctly, he once beat a man named Wang Kai, who was also from Feihumen, Zhonghai City.

"Tell me what the situation is."

"Yes, Boss Li!"

Qian Hu became excited, and Li Yun's power was deeply imprinted in his mind. He wanted to come, as long as Li Yun made a move, he would surely be able to save his little brother!

"This Feihumen is a sect in Zhonghai City. It is said that it is a second-rate sect of martial arts, and it is very powerful!"

"The person who came to Longyang County is an old man named Zhou Tianyong. He is fifty or sixty years old, but he is very strong. With a slight pinch, the bruise on my shoulder is still not healed!"

With that said, Qian Hu showed his shoulders.

Li Yun looked at it, and there was indeed a bruise, but he couldn't see how much strength Zhou Tian had used.

"go on."

"Yes!"

Qian Hu said bitterly: "This week's Tianyong should have been found by Xue Ji to deal with Brother Li. I vaguely heard about one million yuan. I think Xue Ji has spent one million for this week's Tianyong, so I will come. Look for you, Boss Li..."

Qian Hu stopped talking and looked at Li Yun expectantly.

"Ding, trigger the option event, please choose from the host:

Option 1: Call the police to deal with the matter, reward justice value +10, experience +3000, random gift bag*1.

Option 2: Ignore, reward skill: danger perception. "

Chapter 134: Attribute breakthrough two thousand

"Choice 3: Solve the matter personally, beat Xue Ji and others, reward justice value +100, general experience 15000, charm +1, random master martial arts skills, additional reward: the allegiance of Qian Hu and others (PS : The future can be used as the host's subordinate, loyalty can be guaranteed)!"

Li Yun nodded secretly, and it was indeed time to choose an event again!

There is nothing to choose from this choice event. It is the easiest to report to the police, but the reward is also the lowest, so Li Yun chose——

"Okay." Li Yun stood up, "I already know the situation, let's go."

"go?"

"Lead the way ahead!" Li Yun's eyes flashed, "Let's go to Xue Ji!"

Qian Hu was trembling with excitement, Boss Li is too domineering!

How dare to go directly to Xue Ji to fight!

Sure enough, he didn't find the wrong person. After this incident, he only needs to hold his thighs tightly, so there is no need to worry about the future!

"Ding, the host makes a choice and rewards (justice value +100, general experience 15000, charm +1, master martial arts skills: misty footwork

Li Yun's spirits lifted up. He originally thought the reward was a little low, but after getting the sloppy footwork, Li Yun had to praise how generous the system was!

The master-level misty footwork, the virtual and the real, are flexible and elegant, and there is no trace of the geese.

Not only can it exert agile characteristics in the Body Tempering Realm, but after Li Yun enters the acquired realm in the later stage, and when he raises his true energy, this move is the time to truly show his power!

"Now that I have 67,000 experience, it's time to increase a wave of attribute points!"

Li Yun wants to prepare for the next battle. There is a good saying that he despises the enemy strategically and attaches importance to the enemy tactically!

This time adding attributes, Li Yun still gives priority to improving his agility, after all, the power of the ethereal footwork is really powerful!

In the end, his personal panel is as follows:

"Host: Li Yun.

Constitution: 2000 points.

Strength: 2000 points.

Spirit: 2000.

Wisdom: 2000 points.

Agility: 2645 points.

Charm: 34.

Justice value: 496.

General experience points: 6431.

Skills:... God-level cooking skills, God-level computer knowledge, advanced singing, conquest, advanced steel and iron bones, advanced diamond fingering, master-level writing skills, master-level misty footwork.

Owned items: women's panties... God-level skill pill, space ring, female ghost's red umbrella, six bullets. "

When he saw that he had six bullets, Li Yun pondered for a while and asked Qian Hu: "Can you get a gun?"

Qian Hu was taken aback, his expression was a little frightened, as if he was shocked by what he said.

"Boss Li, Li!" Qian Hu smiled wryly, "I was a gangster before. Of course, I'm also a gangster now. How can I come into contact with this kind of thing... However, I know someone who has some pistol!"

Li Yun nodded lightly, without saying anything.

Qian Hu glanced at him hesitantly, thinking of something, and quickly said: "Boss Li, don't worry, Xue Ji doesn't have a gun in his hands. It's too difficult to get this stuff!"

"I'm not afraid of guns, go ahead!"

Qian Hu's expression of awe, Li Yun did not brag, as long as the opponent is not ten or eight pistols or submachine guns, he can now easily avoid things like pistols.

After breaking through two thousand points of wisdom and spirit, Li Yun's neural response speed, as well as his acuity of vision, etc., have all gone up a step.

Chapter 135: Ignore everything

In the village in the city, in a closed old courtyard, passing pedestrians can hear shouts, yells, scolds when they fail, and screams of excitement from time to time.

Here is a poker court opened by Xue Ji.

Said to be a poker court, in fact, it is also a place for gambling.

"right here?"

Li Yun looked at the courtyard house in front of him, which seemed to be the ancestral hall of the village in the city.

From this point, we can see that Xue Ji has a close relationship with the village chief of this urban village. Perhaps the people in this urban village are Xue Ji's eyeliners. When there is a raid, the casino is closed, and the limelight continues to open. !

"Correct!"

Qian Hu gritted his teeth, but looked at the dilapidated wooden door of the courtyard with some complicated eyes, "I have been here for two years and I am not familiar with it. Xue Ji is usually here at this time, but at night. Go out and fool around-of course, now the people from Feihumen are here, and he has to entertain him!"

Li Yun nodded, Qian Hu was about to ask how to get in, but was shocked to see Boss Li walk over like this?

"Boss Li!?"

Qian Hu's chin was frightened, and he quickly grabbed him: "No, no, there are at least 20 thugs in the casino, and Xue Ji has a very good relationship with the people in the city village. He can call hundreds of people with a single call!"

"Hundreds of people? It's just a chicken dog!"

Li Yun gently shook Qian Hu's hand and strode forward.

"stop!"

As soon as he walked in, Li Yun was stopped by two capable guys. The two looked at Li Yun up and down, and some of them said disdainfully: "What are you doing here, kid? Do you know where this is?"

Generally speaking, newcomers to gambling have old customers with them. Even if no one brings them, their expressions will not be as indifferent as Li Yun.

"Me? I'm here to find the difference." Li Yun smiled.

"Find the fault?"

The two thugs obviously would not have thought that someone would dare to answer so boldly, and they were shocked for a while.

"I, we are here for the appointment!" Qian Hu was obviously surprised by Li Yun's words, and his words were a little uncomfortable. "Tell Xue Ji, Boss Li is here!"

"Brother Tiger...no, Qianhu!"

The two thugs recognized Qian Hu. First, they were taken aback, and then furious, they reached out to grab a steel pipe placed by the wall and knocked Qian Hu's head against him.

"Okay, Qian Hu, you dare to come back!"

"The boss treats you very well, you actually turned your head to watch the boss, you are so damned as a white-eyed wolf!"

Qian Hu was taken aback, and quickly dodged, yelling: "Don't spit people, I've been driven out by Xue Ji, now I'm following Boss Li!"

"Too much nonsense, want to go in? Yes, just give us a beat!"

A thug smashed his head with a steel pipe. Judging from the sound of the air breaking, if this stick hits, his head will have to blossom!

"boom!"

A fist suddenly appeared, blocking the steel pipe, and the huge force not only shook the steel pipe, but even the thug himself couldn't help but step back three steps, looking at the young man in front of him with shocked expression.

"You're looking for death!" The other person changed his goal and called Li Yun viciously!

Li Yun flew a kick, hitting his stomach, and kicking it so that he couldn't even scream, and he flew out a few meters away, hitting a row of shelves, making a huge noise.

"Who?!"

"Who the **** is getting impatient, dare to come here to go wild!"

"Where is Da Zhou? Tell him to go out and see what's going on!"

Chapter 136: Kicked the hornet's nest

Li Yun's kick undoubtedly hit the hornet's nest. In the courtyard, dozens of rooms, large and small, rioted. From it, a group of thugs with clubs rushed out fiercely!

Qian Hu was terrified. He knew that Li Yun was awesome, but last time he was in a food stall, he was not at the same level as here!

In this village in the city, it is Xue Ji's site!

"Qian Hu, it's your kid!"

The head of this group of fighters was a 1.9-meter tall, sturdy man with a one-meter-long iron rod. He walked up vigorously, and everyone around him dodged in fear.

Being hit by this one-meter-long iron rod is not as simple as a concussion, but a question of whether you can survive!

Qian Hu was frightened by the harsh shout, his legs trembled, and an ugly smile appeared on his face: "Zhou, Brother Zhou!"

"You **** have a face to call me Brother Zhou? Die to me!!!"

Brother Zhou jumped into a thunder, and the iron rod slammed down at Qianhu. The momentum was extremely shocking, and people couldn't help thinking that this rod would be able to punch Qianhu's brain out!

"Humph!"

Li Yun stood up and blocked the blow for Qian Hu.

However, his actions shocked everyone!

"Senior King Kong finger!"

With an expression on Li Yun's face, Gu Jing was not waved, he stretched out his thumb and pressed against this iron rod that was at least three inches thick!

Brother Zhou sneered, instead of closing his hand, he increased his strength, intending to knock Li Yun's wrist off in one shot!

"boom!"

The thumb and the iron rod collided fiercely, making a dull sound. The iron rod seemed to hit a thick wall. Zhou Ge's expression changed, and the force of the shock made him almost unable to hold the iron rod in his hand.

"what?!"

"how is this possible!"

"It turned out to be... really blocked!"

"Monster!"

The people around were shocked, and their faces paled by Li Yun's move.

The attack that can smash the brain with a stick is blocked by Li Yun's thumb, which is far beyond the scope of this group of people's understanding!

"you!"

Brother Zhou's expression was very ugly, and a word flashed in his mind unconsciously: Body Tempering Realm!

Only the masters of the Body Tempering Realm can temper their bodies to be as hard as steel. It is said that some powerful people in the Body Tempering Realm are so hard that they can't even shoot pistol bullets!

"puff!"

When he was lost, Li Yun kicked him again, kicking him five or six meters away. After Zhou Ge's 1.9-meter huge body knocked down a large group of people, he stopped!

Everyone looked at Brother Zhou again and found that he had fainted and was kicked by Li Yun and lost his resistance!

"Damn!"

The thugs broke up.

Just kidding, Brother Zhou is already the strongest among them, and even he can't resist Li Yun's move. If the others are hit by Li Yun, I am afraid they will not be killed on the spot!

Qian Hu swallowed. He had known that Boss Li was awesome, but he didn't expect Boss Li to be countless times stronger than he thought!

"Tell Xue Ji to get out."

Li Yun said lightly, the casino's thugs ran into it with fright and passed the news.

Siheyuan, reception room.

"Deacon Zhou." Xue Ji cautiously said to a majestic old man sitting in the main seat: "You mean, as long as I put this stick in my casino, you will help me kill Li Yunna for free. Kid?"

As he said, Xue Ji glanced at a one-meter long stick wrapped in bright yellow cloth and placed on the table.

Chapter 137: Unthankful Xue Ji

This stick gave Xue Ji a very mysterious, wicked and weird feeling!

Originally, Xue Ji planned to use half a million to hire a killer to kill Li Yun for him in order to vent his hatred.

Unexpectedly, the informant he contacted contacted him with a deacon from Feihumen, a top master of the late body tempering stage, Zhou Tianyong!

What kind of power is Feihumen?

Its reputation is so great that even Xue Ji in Longyang County is like a thunderous!

Feihumen is known as the underground emperor of Zhonghai City. Everyone who wants to go on the Zhonghai City Road needs the consent of Feihumen and visits the wharf before opening up some gray industries.

Such as discos, such as casinos, there are some darker side, but also more profitable industries!

As a last resort, Xue Ji could only double the price again, give Zhou Tian a million, and let him kill Li Yun!

But I didn't expect that Zhou Tian didn't need any money, so Xue Ji put the stick wrapped in bright yellow cloth in the casino and guarded it strictly to prevent loss.

Such a simple thing is worth a million in rewards?

"good."

Zhou Tian took a sip of tea with a slow sip of tea, "You just need to do what I tell you, you shouldn't ask, shouldn't think, and all the things that shouldn't be passed on will rot in your stomach. Just do my Feihumen's In this matter, you have the opportunity to make money in the future, understand?"

Xue Ji was shocked, and his hands holding the teacup trembled, almost unable to hold the teacup, so he had to place it on the table tremblingly.

He regrets so much, why bother to Li Yun!

The origin of this stick is too mysterious, and it has some connections.

This is not something he can touch at all!

"Humph!"

Zhou Tian let out a cold snort, and threw the cup in his hand heavily on the table, "Why? I don't want to agree?"

"No, no, me, that..."

Xue Ji was about to cry, how could he be involved in such a thing!

"Boss!"

When Xue Ji was in a dilemma, a panicked cry of his subordinates sounded outside the door: "Boss, Qian Hu is back again, and he also brought that Li Yun, he beat all of us to the ground!"

"Li Yun?" Xue Ji was taken aback, and then he was relieved.

Now he would rather face Li Yun than face this mysterious Zhou Tianyong!

"Hehe, that's fine."

Zhou Tianyong stood up, glanced at Xue Ji indifferently, and said, "The old man will let you see my strength. When I kill Li Yun, you will not be too late to think about it!"

After speaking, he strode towards the door.

Xue Ji wanted to cry without tears, and neither of the two won, he didn't have a good fruit!

Who the **** is going to reason with?

It's all the result of his own death!

Li Yun walked straight in, Qian Hu followed closely, grabbed a person to ask, and rescued several of Qian Hu's men. More than 30 thugs did not dare to let go.

Some villagers in the city who came here after hearing the news, because of the benefits of this casino, originally wanted to swarm up to take Li Yun down, but after seeing the tragic situation of Brother Zhou, they all said nothing and slipped away quietly.

The so-called gods fight, and the pond fish is affected, they dare not stay here anymore!

"Thanks, thank you Boss Li!"

Several of Qian Hu's subordinates who were rescued thanked Li Yun for Dade's thanks. Li Yun waved their hands to make them retreat, looking at an old man in a blue robe approaching him.

Chapter 138: Zhou Tianyong, Xuanqing Poison Palm

"Are you Li Yun?" The old man narrowed his eyes and looked at him murderously.

"it's me."

Li Yun nodded calmly.

He was an ordinary high school student two weeks ago, but after gaining the system, his own powerful strength gave him a strong confidence, and Li Yun's temperament has also undergone earth-shaking changes.

Calm temperament, publicity in doing things, no action will be enough, and a movement will burst like thunder!

"Hehe, then you go to die!"

The next moment, the old man in Tsing Yi, Zhou Tian, came to Li Yun in a flash, with a pair of black palms, as if exuding a pungent and stinking gas, and hit Li Yun's abdomen. !

"You are Zhou Tianyong of Feihumen? What kind of trick is this?"

Li Yun frowned slightly, dodged his attack with a faint footwork, and asked suspiciously.

The surprises these people in the world gave him were really extraordinary!

"Hehe, although the old man came from Feihumen, he is proficient in Xuanqing Poison Palm!"

As he waved his black palm towards Li Yun, Zhou Tianyin said with quite arrogance, "Boy, you should be stunned if you can die under the old man's poisonous palm!"

"boom!"

Zhou Tian hit it with a palm, and the swift palm wind swept the audience. The flowers and plants in the yard were quickly withered and drooped. The people around felt dizzy. They fled in a panic and fled to the distance. Stopped tremblingly.

"Hehe, your poison palm is nothing more than that!"

The corner of Li Yun's mouth ticked, so it turned out to be like this.

What poison palm, it's just that every time Zhou Tianyong waved his palm, he mixed some powder in his hand and took the opportunity to sway it out.

It is not surprising that his hands have been soaked with poison for a long time, turning black and blue!

"you!"

Zhou Tian was surprised secretly in his heart. When ordinary people saw his poisonous palm, they would definitely be frightened for a while, and would not dare to face him head-on.

Even if the mystery of Poison Palm can be discovered, it will be after a while.

But Li Yun saw through the mystery of Xuanqing Poison Palm within three moves, how could Zhou Tianyong not be surprised? !

"Are there any other moves?" Li Yun said with a smile: "Give you another chance, let you use more of your unique skills, so as not to say that I bully the elderly!"

"you wanna die!"

Li Yun's condescending attitude made Zhou Tian jump into a rage, "What if you see through it? You still have to die!"

Reaching out his hand in his pocket and taking out a handful of powdered medicine, Zhou Tian sternly shouted: "Let you see my unique skills in Feihumen, Tiger Prison Town Kill Punch!"

Let's just say, he turned his palm into a fist, and his black fist hit Li Yun's face heavily, bringing up a blue whirlwind.

"break!"

Li Yun did not evade, stretched out the index finger of his right hand, gathered the strength of his whole body, and pressed it against Zhou Tian's fist.

With a scream, it was as if a burlap bag full of air was punctured. Zhou Tian used the surging power of his fist to be abolished by Li Yun with a single finger. The pain in his heart made him speechless, and he stepped back a few steps. Sitting on the ground, his right hand dropped softly!

Xue Ji was stunned. Li Yun actually broke Deacon Feihumen's palm with one finger? !

The spectators in the distance were silent, and all the flowers and plants in the yard had withered, but Li Yun was still standing in place like an okay person!

"Okay! Boss Li is amazing!"

Qian Hu and his men shouted loudly, and everyone quickly moved away from these people for fear of being pursued by Li Yun.

"You, are you... King Kong finger?"

Zhou Tian looked at Li Yun with horror.

Chapter 139: Ding, investigate

The Diamond Finger is very different from other kung fu. It has an extremely powerful attack power, far better than any fist palm. Its penetration power is extremely large, and it will cause internal organ damage when hitting a person!

But this kung fu is also extremely difficult to practice. After all, it is necessary to practice the fragile fingers of the human body so that the diamond is not bad, which is much more difficult than the palm of a fist!

And Li Yun's powerful physique, the balanced development of all attributes, coupled with the passiveness of high-grade steel and iron bones, makes his diamond finger destructive far beyond the scope of the Body Tempering Realm, almost comparable to the blow of the acquired realm powerhouse!

"You're still acquainted."

Li Yun flicked his fingers indifferently, and asked condescendingly: "You are Xue Ji who invited me from Feihumen to deal with my body tempering master? It doesn't look very good!"

Xue Ji in the distance wanted to run but didn't dare to run. Longyang County belongs to Zhonghai City. If he wants to run, at least Zhonghai City can't stay. Feihumen investigates it. He stays here to die!

"Humph!"

Zhou Tian snorted with disdain, even if he was defeated, he would not be afraid of Li Yun's threat at all!

"Tell you the truth." Zhou Tian said with a sneer: "I'm the person Xue Ji invited to kill you. I'm the deacon of Feihumen. There is a kind of you kill me today. Otherwise, I'm Feihumen...Ah! "

Before he could finish his words, Li Yun raised his foot and stepped on his right hand. With a little effort, Zhou Tianyong screamed, his face turned pale, and he didn't dare to say anything cruel!

The surroundings were quiet, and even Zhou Tianyu didn't expect that the young boy in front of him really dared to attack him!

"I'll just ask, if I want to live, or I want to die."

After stepping on his arm, Li Yun still looked calm, as if he had just done a trivial thing, and everyone around the audience was shocked by his coldness.

Zhou Tian didn't say anything, his face was quite resentful.

Li Yun turned to Xue Ji and shouted, "Get me here!"

Xue Ji had already been scared by Li Yun's methods, and he walked over obediently, without a word, knelt in front of Li Yun with a thump, confessed his mistake, and expressed his willingness to offer five million as compensation.

Zhou Tian glanced at Li Yun coldly, he wanted to see what tricks this kid could do!

When Li Yun was about to ask Feihumen, the system prompt sounded.

"Ding, trigger the option event, please choose from the host:

Option 1: This is the end of the matter, reward skills: danger perception, experience points +5000, all attributes +50.

Option 2: Kill Zhou Tianyong, take away the things he brought in Longyang County, and escape. Reward skills: advanced desperate run, experience points +10000, all attributes +200, justice value +500.

Option 3: Investigate the true purpose of Zhoutian to Longyang County, reward justice value +1000, experience points +20000, all attributes +300, reward skills: advanced danger perception, additional reward skills: master sneak skills. Note: Once the host is involved in the Feihumen incident, the host will have a high probability of being regarded as an enemy by the master messenger behind the scenes, please pay attention to the host! "

Li Yun was shocked, this Feihumen incident involved so many things.

From the second option, once Li Yun chooses to kill Zhou Tianyong, the system will think that he cannot resist the revenge from Feihumen, so he has to run away!

"I choose: Investigate the true purpose of using the week!"

Li Yun's eyes flashed, and he made a decision without much hesitation.

Not only was option three the most rewarding, but also because option two was too stupid, he wouldn't kill people in the public.

Chapter 140: Add 300 to all attributes

"Ding, the host makes an option, and the reward (justice value +1000, experience point +20000, all attributes +300, bonus skills: advanced danger perception, master level sneak skills) has been issued!"

Adding 300 to all attributes made Li Yun feel that he was much stronger, but he was not too proud. He knew that Feihumen was very powerful, and it was far from the time to be exposed!

From the justice value of the reward as high as 1000, it can be seen that this Flying Tiger Gate, and the big forces behind it, must be planning some evil conspiracy!

Everyone looked at Li Yun in fear, waiting for the young man's decision.

"Forget it." Li Yun pretended to wave his hand generously, "Remember what happened to me today, don't **** want to trouble me, otherwise don't blame me for being polite!"

"Humph."

Zhou Tian heaved a sigh of relief. From the unpredictable expression on Li Yun's face just now, he knew that this kid would definitely not dare to mess around.

Sure enough, this kid didn't dare to pursue it anymore!

However, if I offend Feihumen, is it so easy to escape?

Zhou Tianyong has secretly vowed that after he picks up his hand, he will ask a master in the martial art to kill Li Yun!

"Remember?" Li Yun shouted sharply, shaking Zhou Tianyong with fright.

"Listen, hear!"

Xue Ji answered hurriedly, Zhou Tianyong nodded reluctantly.

Li Yun smiled faintly, turned around and left, regardless of what Zhou Tianyong brought to Longyang County.

The system rewards him with master-level sneaking skills and rewards the perception of danger. Any fool can see that the system is suggesting that he is investigating quietly and don't be rash.

After leaving behind a group of onlookers with different faces, Li Yun took Qian Hu and left the courtyard.

Although this is a casino, Li Yun didn't want to call the police for a while. As long as Xue Ji mingled with Zhou Tianyong, it was only a matter of time before he died.

"Boss Li, we--"

Qian Hu wanted to say something but stopped. He thought that after experiencing this incident, he could have some friendship with Li Yun.

Unexpectedly, Boss Li's shot was as fast as thunder, and before he could react, the matter was over!

Li Yun glanced at Qian Hu and his men. All of them looked at him with respect, and they seemed to have some admiration in their eyes.

"Are you not afraid of death?" Li Yun smiled.

Qian Hu was taken aback, and then he wanted to understand what Boss Li meant.

"Don't be afraid!" Qian Hu straightened his chest and patted fiercely, "I, Qian Hu, have been out since fifteen years old. I haven't seen any big winds and waves. Boss Li only needs to say a word. "

The others also quickly promised.

Li Yun smiled faintly, "Okay, I still don't know what your virtue is? Just a small bastard. I am afraid that my legs are weak when I encounter something, and I can't get on the table at all!"

Qian Hu's faces flushed with shame, but the point is that they could not find a reason to refute.

"But." Li Yun smiled and patted Qian Hu on the shoulder. "Your subordinate was kidnapped by Xue Ji, and he didn't want to run away. You can come to me to find a solution. It's considered loyal."

Qian Hu looked at him in surprise.

"I'll give you a chance." Li Yun said slowly: "I want to start a company recently and give you 200,000 yuan. Whether you ask someone to do it, or find a way by yourself, you can go through the relevant procedures. And find a small office to start the company first!"

Qian Hu was stunned for a moment, then admired Li Yun again.
