

Godly Choice 1321

Chapter 1321: Son, I'll hold an umbrella for you

Li Yun, who was in the forest thousands of miles away, naturally did not know what had happened in foreign countries. He confirmed that Wan Faxian, Concubine Wan Qing and others had indeed left, and after all the missiles had fallen, he took Nie Xiaoqian into the valley with great interest. .

"The son, the son."

Nie Xiaoqian approached cautiously, and the red oil-paper umbrella in her hand leaned in Li Yun's direction, and said shyly: "The slave family will hold an umbrella for you, right? The sun is a bit fierce."

Li Yun was stunned and dared to let a female ghost hold an umbrella for him. It is estimated that there are not many people in the world.

Looking at her shoulder, because of the loss of the oil paper umbrella, the sun shines on it and emits a trace of burning smoke. Although Nie Xiaoqian can survive in the sun during the day, it will always be uncomfortable.

"No, you should support it yourself." Li Yun patted her shoulder, "Look, the sun still hurts you."

"But....."

Nie Xiaoqian looked at Li Yun with blood-red eyes, tilted her head for a moment, and suddenly raised the red umbrella in her hand and shook it. The red umbrella suddenly became bigger, successfully blocking the scorching sun above their heads.

"This, that's it."

Nie Xiaoqian's pretty face with evil beauty showed a trace of blush, and she lowered her head shyly, as if she was very happy.

A female ghost in a red dress showed such a shy and graceful expression. While enjoying it, Li Yun also felt very weird.

Speaking of Nie Xiaoqian's current favorability rating of 92, which is still a bit short of the full favorability rating, the system gave Nie Xiaoqian favorability settings. Will it be given the elixir to reshape her body when the favorability rating is full?

Although the current Nie Xiaoqian has a physical body, can touch, eat and drink, but she is not a real body, she is still the body of a female ghost, and Recovery Pill is probably not useful, because she is a female ghost.

"The son?"

Seeing him in a daze, Nie Xiaoqian asked in a low voice.

"It's okay, let's go."

Li Yun rubbed her head and said with a smile: "The buildings in the valley below are ancient. Maybe you can recall something...Although it is not important, it doesn't matter if you remember."

".....Um."

The movements of the son just now made her feel a tremor. After a while, Nie Xiaoqian responded softly, holding the umbrella, and following him.

The two walked slowly down the mountain. One was handsome, handsome and heroic, and the other was tall, holding a red oil-paper umbrella. She was soft and graceful, but she had bright red eyes and a red dress that seemed blood-stained. The weird red really formed a sharp contrast with her soft temperament.

If an ordinary person sees a beauty holding a red umbrella in the forest, he must be so scared!

"My son, I will check it out first."

When they arrived in the valley, Li Yun gave her a brief account of what happened along the way, and Nie Xiaoqian took the initiative to suggest.

She is the body of a female ghost, and she lives in the Lotus Immortal Mansion. Even if she is beaten and dissipated, she can quickly recover.

"Ding, trigger the option event, please choose from the host:

Option 1: Agree to let Nie Xiaoqian go to explore the way, reward Nie Xiaoqian's favorability degree +5, and obtain skill: scumbag.

Option 2: Reject, reward Nie Xiaoqian with +7 favorability, white gift bag*2, and obtain skill: Flower Protector. "

The corner of Li Yun's mouth twitched, and the cheating system unexpectedly gave the option of a scumbag. He was awe-inspiring, upright and upright, like a scumbag! ?

"Xiao Qian, let me come!"

Chapter 1322: Ba Ba, can these be eaten

Nie Xiaoqian still wanted to persist, but Li Yun also insisted on not wanting the scumbag skill.

As a result, Nie Xiaoqian had no choice but to make concessions, and followed the young man step by step, ready to sacrifice his life to the Savior at any time.

——Even if you don't mention the Lotus Immortal Mansion, she, Nie Xiaoqian, is also Li Yun's slave and maidservant, and even her name is obtained by the son, not to mention other things.

It's just that the son is kind and never let her be a slave, but instead treats her as...as a...wife and wife to raise.

"The son..."

Thinking of the two shame words, Nie Xiaoqian's cheeks once again showed a shy flush, and she lowered her head not to look at him.

"Ding, the host makes a choice, Nie Xiaoqian's favorability degree +7, white gift bag*2, and skill: Flower Protector."

Well, there are no skills to use for eggs, but the favorability level directly soars to 99, which is almost full.

However, even with 99 points of favorability, Li Yun didn't feel that he could have something to do with a female ghost. Isn't this nonsense.

If Nie Xiaoqian's ghostly instinct suddenly judges that he is a bad person when he hugs and kisses her at will, causing a frenzied flare up, the joke will be a big deal.

"You have to think of a way to restore Xiaoqian's human body, and no matter how bad she is, she must get rid of the murderous instinct of the ghost!"

In meditation, Li Yun and Xiao Qian went down to the foot of the mountain and once again came to the cave of Wanfaxian.

Yesterday he was forced by the lion beast to meditate on the Buddhist scriptures to protect himself. He did not expect to be able to walk into this cave in a big way today. Although this is achieved because of the support of the country's missiles, Li Yun can't stand Li Yun's pride!

Think about it, a cultivator who is so powerful that Wanfaxian can make the saints of the six magic gates behave like ladies, but now they can only abandon their homes and run away, and the sense of refreshment is so exciting.

"Ahem, Xiao Qian, let's go in and see if there is something good."

Li Yun calmed his mind. This kind of self-satisfaction of a villain was harmless occasionally once or twice, but he really thought he had defeated Ten Thousand Faxians. That was definitely a silly idea.

"Um."

Nie Xiaoqian responded softly and looked around with her crimson eyes to prevent something dangerous from escaping suddenly.

Facts have proved that after the baptism of the missile, there is no danger in the cave.

All the auras were provided to the mountain guarding formation. The pavilion that was originally in the middle of the valley and suspended in the air also descended to the ground. Li Yun stepped into the valley, surrounded by only messy scenes.

The last missile broke through the shield and exploded in mid-air, and the violent metal shrapnel fell like raindrops, destroying this beautiful fairyland cave house. Although it was roughly preserved, the atmosphere of the Xianjia cave house had disappeared.

"Baba!"

The Nine-winged Black Feather Butterfly, who hadn't shown her face for a long time, came out again. She didn't hide in Li Yun's pocket recently. Instead, she stayed in the Lotus Immortal Mansion and fell asleep. Although she didn't dare to swallow the aura inside, she just When she breathed, letting the spirit flow all over her body was enough to make her very comfortable.

The Black Feather Butterfly flew out, said hello to Baba, and greeted Sister Xiaoqian again, before shaking her beautiful black wings, she stared at the valley of Wanfaxian with wide eyes.

"Dad Baba, can these be eaten?!" Heiyudie looked at Liu with shining eyes, and asked impatiently.

Her IQ judged that Ba Ba defeated the bad guys here, and the entire valley was Ba Ba.

It's hers too! Humph~!

Chapter 1323: Good tower, handed over to the country

"You know how to eat!"

Li Yun couldn't laugh or cry and flicked on Black Feather Butterfly's little head. Every time this little guy appeared to eat, he was too lazy to move.

Now for the aura left in the valley, she is willing to spend her body's strength to flap her wings and fly in the air. It can be seen that if she doesn't give her some food, the black feather butterfly will not give up anyway.

"Hee hee, Ba Ba is the best, Xiaodie likes Ba Ba the most~"

The IQ of the Black Feather Butterfly, who was born for several months, has gradually increased, which can be seen from the beginning of being cute and acting like a baby.

"Well, eat as you like, but you can't eat randomly. Some things are still useful for dad, and be careful to eat badly."

"Hmm, Fluttershy knows~!"

Black Feather Butterfly cheered, his body flashed past like a black streamer, and said with a grin: "I'm going to find good things for Baba~~!"

Li Yun still believes this. With her terrifying appetite, any place that exudes spiritual energy can't escape Black Feather Butterfly's tracking.

"Fluttershy has been cooking the herbal garden in Xianfu for me recently."

With a gentle smile on Nie Xiaoqian's mysterious face, Xiaodie and her have always lived in the Lotus Immortal Mansion, so they have a good relationship, although Xiaodie spends most of their time sleeping.

"Unexpectedly, she is still useful, she deserves to be born in a butterfly." Li Yun laughed, but if the enemy really treated the nine-winged black feather butterfly as a butterfly, he would probably die miserably. This little guy is very cruel.

Nie Xiaoqian didn't find Black Feather Butterfly strange, perhaps because of her memory loss.

Even if he has become a ghost, it is no surprise to meet a flying butterfly elf.

With the help of Black Feather Butterfly, Li Yun found a lot of precious herbs, all of which were transplanted into the Lotus Immortal Mansion. Xiaoqian took care of them daily. Even if they couldn't be planted, Li Yun didn't lack this herb. .

After turning around, Li Yun took Xiao Qian to the suspended pavilion in the middle of the valley. Of course, the pavilion had already landed on the ground due to lack of spiritual support.

"Very powerful spell!"

Li Yun walked around the nine-story building, which looked like a tall tower. He felt that this pavilion should be called a hanging pagoda.

The pagoda is an octagonal pavilion-like telescopic tower structure, surrounded by a circle of white marble railings with strange runes carved on it. Perhaps when there is aura, the runes on these railings will play a real role!

The tower is nine stories high, with a gilt spire, ornately decorated with carved railings and jade columns, which is beautiful.

Li Yun had seen it from a distance when it was suspended. At that time, the pagoda emitted a faint light, as if it was the core of the entire cave, which was mysterious and unusual.

Unfortunately, now the aura in the valley has dissipated, and the pagoda can only fall into the mortal world, and no longer has all kinds of magical functions.

"Ding, trigger the option event, please choose from the host:

Option 1: Good tower, I want to hand it over to the country! Reward: Justice value +10000, experience value +1 million, all attributes +1000, purple gift bag*2, additional reward: the recognition of the host by the leader of the country has been greatly improved, and the future development of Huangxuan will be unimpeded. The loan funding policy has been green light all the way.

Option 2: Good treasure, I want to give it to Qingsheng! Reward: evil value +100,000, experience value +2 million, all attributes +2000, golden gift bag*1, extra reward: princes of the beacon play (I have a pagoda, to win laughter with the saint). "

Chapter 1324: Cold saint

"Choice 3: Good things, I am missing a pagoda to play around! Rewards: evil value +50,000, experience value +5 million, all attributes +3000, aura value +10,000."

Seeing the system prompt, Li Yun was refreshed!

The rewards of each of the three options are quite amazing, which should be similar to the choice of life route, which is quite important.

Especially options 2 and 3, which directly add tens of thousands of evil values, are really cheating!

After thinking about it, Li Yun decided to call Qingsheng and ask her opinion.

"Qing Sheng?"

"Huh~!"

A crisp and charming girl hummed over the phone. Of course, it was not the cold and holy Lord Saint, but her close maid, Fan Qingzhu.

"Ahem, it's Qingzhu, I'm Li Yun, ask your saint to answer the phone."

"what?"

"I have something more important to ask her."

"No!" Qingzhu said in a loud voice: "My Lord Saint is practicing now, you can't bother her!"

"Uh."

As the saying goes, Hades is so hard to deal with little ghosts, and Li Yun now realizes it again.

"Qingzhu, just let me know her, I promise Qingsheng will be interested!"

"No~~~ OK!"

"What if I said, I defeated a lord of the Six Demon Gates?"

"what?!!"

In an instant, the little maid Qingzhu jumped up like a fire on her ass, her cute and round eyes widened round: "You mean it? It's impossible, just relying on your three-legged cat skills-the algorithm is a bit more powerful. It is impossible to defeat a lord, you—"

"Anyway, you report to Qingsheng first, okay?"

"...Hmph, wait, if you dare to tell lies, I will definitely cut off when I see you next time, hum!"

Qingzhu, who is currently staying in the No. 8 Mansion of French Rent in Zhonghai City, was watching TV in the living room. He stepped on the third floor with his mobile phone and stepped on slippers, knocking on the door of Master Saint's study.

They have moved into Mansion No. 8 for some time. The servants and maids of the mansion did not dismiss them, but ordered them to be banned from entering the main building, especially forbidden to go upstairs. Usually, the maids do the food and cooking. Bamboo is only responsible for conveying the orders of the Lord Saint.

"Come in."

The door sounded like the voice of Fan Qing Sheng that day, Qing Zhu opened the door and entered. Of course, the saintess did not practice, she was just reading a book.

"Master Saint, Li Yun said he defeated a lord!"

The little maid handed the phone to her and emphasized: "But I think he must be lying!"

"Um."

The expression on Fan Qingsheng's face was as indifferent as before, and he talked directly with Li Yun without asking too much.

"Qing Sheng?"

"Well, it's me."

The voice was clear and cold, like a Taoist aunt who saw through the world, saying this in a cold tone.

But her voice is very beautiful, like a haze that pierces people's hearts.

At least when Li Yun heard Qing Sheng's voice, he only felt that his body was soothing, as if he had eaten ginseng fruit.

"Qingsheng, haven't I been dealing with the hijacking of the plane recently? Sure enough, the six magic gates are doing the trick. At the end of the investigation, I met a man named Wanfaxian...After throwing dozens of hundreds of missiles, Finally blasted his mountain guard formation and successfully captured a cave mansion!"

Qingzhu on the side was dumbfounded, what did this guy say... It was really whimsical, and what kind of missile explosive was used to blow up the monk's cave. If this were to spread out, it would have to be hostile by a large group of monks!

Chapter 1325: Spiritual projection

"Wanfaxian...I know him."

Sage Fanqing nodded slightly and said, "Master once mentioned him, saying that he is a very strange and powerful person."

"How do you say?" Li Yun was quite curious about Wan Faxian.

"He doesn't have a clear view of good and evil. To kill is to kill, and to save is to save. He doesn't care about his position."

"In addition, he is also top-notch in strength. He may have surpassed the Void Return Realm and reached the Soul Bright Realm."

Soul Ming Realm!

This is the first time Li Yun has known this state.

According to the information he currently knows, the two saints of Fanqing and Wanqing, the six masters of the Six Demon Gates, and the elders of the Hidden Sacred Valley, they are all just returning to the Void Realm.

But this Ten Thousand Magical Immortal actually surpassed the Void Return Realm and reached the Soul Bright Realm? !

In this way, Li Yun's action was really risky to the extreme. Once he noticed, he really didn't know how to die!

"That's it, it seems that I was reckless."

Li Yun gave a wry smile, the difference in strength was too great. He did not dare to touch the mold of Ten Thousand Faxian for the time being. It was a fluke to be able to seize one of his cave houses.

However, the master of the Vatican Sage, the saint of the Hidden Sacred Valley of the previous generation, laid down the Nine Heavens Fairy who locked the vitality of Princess Yongning with the 28-star formation of the sun and the moon. It is probably not the soul and light realm, is it almost the same?

After all, she has lived for at least four hundred years!

And Concubine Wan Qing took his detoxification pill to save a certain elder, and it seemed that she was also a top powerhouse.

In this way, the Lord and the elders are just the powerhouses on the bright side, and the old monsters who have left their positions and devoted themselves to cultivation are the real behind-the-scenes!

"Ten Thousand Fas, Soul and Bright Realm..."

The little maid on the side was wide-eyed. After listening, she couldn't imagine how Li Yun secretly captured a cave under the hands of such a strong man!

What kind of missiles are they so powerful?

"Hanging pagoda?"

After listening to Li Yun's words, Sage Fanqing thought for a moment, and said, "You take out the bell I gave you, and I will take a look."

Um? Come and have a look?

Li Yun felt a little inexplicable, but still Yiyan took out the bell of the saint—this was something that Saint Fan Qing personally handed him during the last parting.

For this bell, the little maid Qingzhu gave him a good look.

It is said that this saint bell was made by Van Qingsheng himself. It can send out a powerful spiritual attack at the most important point to deter the enemy so that he can escape.

It's just that Li Yun has the system, the Saintess Bell can only stay in his pocket and eat ashes.

"Take it out, then?"

"shake."

"it is good."

Li Yun gently shook the bell, and suddenly, a clear and sweet bell rang, like a wind chime being blown by the breeze, the sound clearly passed through the barriers and spread to the distance.

"!"

Nie Xiaoqian, who was standing by and holding an umbrella for Li Yun, was shocked, and was frozen for a moment by this ringing tone. If it weren't for the ringing tone, Nie Xiaoqian would instinctively escape from here!

The bell rang, and a white light rang, and the beautiful figure of Saint Fanqing, like a fairy in the moon palace, appeared. She took the bell and nodded slightly to Li Yun who was in surprise: "I'm here."

"Qingsheng, you are...!" Li Yun was indeed shocked. Her body seemed to be transparent, incarnation? Is it a clone?

"Divine Mind Projection." Fan Qingsheng explained: "The Divine Mind of Returning to Void Realm is already very strong. You can leave a mind on the artifact to achieve the purpose of manifestation."

Chapter 1326: Holy body

Dharma body, avatar, divine mind projection, dangling formation, illusion, seizure, etc., Li Yun can only sigh with various mysterious spells.

Spells are spells after all. Although he has several powerful attacks comparable to spells, there is no magic of spells after all.

At this moment, he is even more looking forward to the conversion to magic spells after the congenital Dzogchen!

"Wh, this lady is?"

Nie Xiaoqian asked tremblingly in a low voice, she felt a strong crisis just by standing beside Van Qingsheng.

It is as if the Sage Fanqing is her natural enemy, naturally restraining her ghost body!

The fierce ghost instinct is useless in front of her!

"Oh, by the way, I forgot to introduce you last time."

Li Yun smiled slightly. He didn't know that Sage Fan Qing was born with a holy body. He only thought that it was Nie Xiaoqian who was afraid of her strength. Besides, Sage Qing was able to thunder and exercise more restraint on her.

"Hello, Miss Fan, Fan!"

Nie Xiaoqian resisted the instinct to escape and greeted her. The last time she showed up in front of the women, it seemed that she was not afraid because she was in the Lotus Immortal Mansion and because she was far away from the Sage of Fan Qing.

But this time it was close, which directly gave her the desire to escape!

The holy body has a keen intuition, and has a strong ability to restrain the evil energy, malice, resentment, ghosts, curses, etc., she is afraid of the Vatican is normal.

Nie Xiaoqian greeted her tremblingly, but Fan Qingsheng just glanced at her, did not speak, and fixed his gaze on the pagoda in front of her.

"Uh." Li Yun touched his nose, and said helplessly: "Xiao Qian, don't take it to heart. Qing Sheng's character is a bit strange, just be familiar with it."

Nie Xiaoqian nodded stiffly, and quietly changed her position, feeling a lot better after being separated from the Sage Fanqing.

"Let's go in."

Sage Fanqing held a bell and controlled the projection of the spirit to walk into the pagoda. Li Yun and the two followed.

The tower has a large space and gorgeous decoration. There are antique calligraphy and painting collections everywhere. Except for the living room on the first floor, the rest of the floors are mostly collections of books.

"Natural Breathing Technique?" Li Yun picked up a book on the third floor, opened it and read it.

"Very normal practice method." Fanqing Sheng paused, "It's all true."

Li Yun raised his eyebrows, it seemed that the harvest this time was far beyond expectations.

With so many methods, even if there are no precious cheats, it is enough to train many practitioners, and put them on the rivers and lakes, without knowing how much blood and blood will be caused.

Of course, if you have a practice method, you must also practice with spiritual energy, otherwise you won't be able to cultivate anything even if you practice for a hundred years.

Three floors, four floors, five floors, six floors...

Li Yun and Fanqing Sheng looked up layer by layer, and his heart became more shocked.

In addition to practice techniques, there are also books on alchemy, craftsmanship, medicine, formations, illusions, divine consciousness, introduction to monsters, zombies, ghosts, gu worms, curses, etc. There are a lot of books!

It can be said that the entire collection of books in the hanging pagoda has completely covered all the knowledge of the spiritual world!

"This is what Wan Faxian left behind intentionally."

Standing in the ninth-floor ten thousand Faxian's bedroom on the tower, Sage Fanqing judged and said.

Li Yun raised his hands to agree with this statement.

There is no doubt that with the terrifying cultivation base of the Ten Thousand Faxian, he only needs to wave his hand and pat, and the entire pagoda will be smashed, and the collection of books in it will naturally disappear.

But now the pagoda is intact, which can only prove one thing.

Wanfa Guiyixian was deliberately left to the government's practice books!

Even, it was left to Li Yun!

Chapter 1327: Xiaoqian's memories

"Why?"

Li Yun couldn't understand why Wan Faxian left these books.

There are more than 10,000 books in the collection here, which is related to the cultivation strength of the Ten Thousand Faxian, and it is easy to guess that so many books are slowly collected by him over hundreds of years.

With his strength and status, it is impossible for him to take away the ring without the space. It is almost 100% sure that he left it intentionally!

"trap?"

"Differentiation?"

"Wind up?"

Li Yun thought of all kinds of possibilities, but still couldn't get a reliable answer. Looking at the Holy Vatican, the saint shook his head lightly: "It's useless to think more."

Li Yun smiled blankly, "That's right, anyway, we don't need these things, so let's hand it over to the country, how about?"

"Can."

"Do you want this pagoda?"

"There is nothing surprising, and it consumes too much spiritual energy."

It means don't.

Li Yun understood. In the eyes of the Sage of Fanqing, this hanging pagoda is just like that. There is nothing to study. It is better to study the rune obtained from the Nine Heavens Thunder Talisman, and the fairy spirit of the great purple spirit. Bracelets are also amazing things.

"Okay, then give it all to the country!"

Li Yun made a decision with a generous wave of his hand. It is useless for him to ask for these ordinary books. Firstly, they are not precious, and secondly, they don't need the knowledge.

In the past, he still valued these things very seriously. For example, he needed to ask Concubine Wan Qing about the knowledge of Gu worms, but after getting to know the Sage Fanqing, Li Yun didn't need these things at all!

If you don't know anything, call Qingsheng and get it done directly.

Li Yun is righteous and confident as a little white face...cough cough!

"Qingsheng, you still need to go to other places to see... Huh?" Li Yun looked around and found one thing: "Where did Xiao Qian go?!"

"Stayed on the third floor."

"Uh."

Li Yun patted his head, he didn't notice that Xiaoqian hadn't followed and made a mistake.

He Qingsheng returned to the third floor, and Li Yun looked for a circle before seeing the red figure of Nie Xiaoqian.

She was leaning in front of the railing, holding the red oil-paper umbrella, turning it gently, as if looking at something underneath, she had a gentle sadness.

"Xiao Qian?"

Li Yun called out, but Nie Xiaoqian did not respond to him. The breeze blew her skirt. The tall red figure was a sentimental landscape, which gave birth to endless sadness.

"Xiao Qian?"

"Xiao Qian!?"

It wasn't until Li Yun stepped forward and patted her shoulder that Nie Xiaoqian slowly turned her head and looked at him with blood-red eyes.

Um?

Li Yun found out that Nie Xiaoqian's eyes were filled with confusion, and she was in mourning as if she was standing here and recalled some memories of her life.

"What's the matter?" Li Yun asked softly.

"...Master."

Nie Xiaoqian looked at him with dazed eyes for a long time, then suddenly stretched out her hand and threw herself into Li Yun's embarrassment and hugged him tightly, her body trembling slightly.

It is hard to imagine that a scary ghost in red would also have fear and sorrow.

Li Yun looked embarrassed. He wanted to hug her and was afraid that Qing Sheng would be jealous. Although Qing Sheng's feelings were cold, he probably wouldn't be jealous.

"Xiao Qian, what's the matter?"

"The son..."

Nie Xiaoqian didn't answer, she still hugged him tightly. If the female ghost also had tears, she might already be in tears now.

"Think of memories from life?"

Sage Fan Qing asked, his eyes looking at her with a hint of curiosity.

Chapter 1328: Virgin's Kiss

"Memory of life?!"

Li Yun was startled, and quickly held Xiao Qian's shoulders, staring into her eyes and asked: "Xiao Qian, did you think of something? Have you ever lived in a similar place?"

According to his understanding, if you want to get rid of the ghost instinct, only by retrieving the memory of when you were a human can you suppress the desire to kill.

Just as the Buddhist school said, put down the butcher knife and become a Buddha on the spot.

Xiaoqian sometimes kills people uncontrollably because the resentment is hard to dissipate when she died, and if you want to eliminate this resentment, you must know what happened before you can let her let go of the resentment!

"No, son, I... I'm sorry!"

Faced with Li Yun's question, Nie Xiaoqian chose to escape.

She disappeared with a whistle, went back to the Lotus Immortal Mansion and hid, leaving Li Yun with a stunned expression.

Fan Qingsheng said in a calm tone: "There are human souls in the ghost, and she instinctively carries some memories. Maybe she thinks of things from the past in this place, so she is sad."

"Can you retrieve the memories of her life?"

"Maybe, maybe not."

"Huh? What do you mean?"

"If there are more memories in the remaining soul, it can be retrieved, otherwise, it can't."

"Moreover," Fan Qingsheng said again: "Even if it is retrieved, it will cost a lot of energy."

She looked at Li Yun, it was indeed difficult to retrieve the memory by ordinary methods, but he was not necessarily so.

"...I will ask her again later."

Li Yun frowned, the system did not prompt to select an event, he really had nothing to help Nie Xiaoqian!

"Um."

Sage Fanqing nodded, still looking at him with cold eyes: "Then I'm leaving?"

"Okay, I'll look for you again in a while."

Sage Fanqing nodded again, but the peerless shadow remained in place. Li Yun didn't understand at first, but when she seemed to realize that there was a faint expectation in her eyes, he suddenly came back to his senses.

"Qingsheng!" Li Yun stretched out his arm around her emptiness and transparent body, bowed his head and kissed her forehead, smiled and said: "This is a goodbye kiss. It belongs to the difference between lovers."

What she was waiting for... should be this, right?

"Um."

Sage Fan Qing responded softly and kissed Li Yun on the cheek, and then there was a light bang, the transparent figure returned to nothingness, leaving behind a bell with a jingle bell, which was held by Li Yun. Up on hand.

"...?"

A question mark slowly appeared in Li Yun's mind.

Although he kissed Qingsheng, he was still bewildered until now.

What does Saintess mean? !

Although she asked for a kiss, her eyes almost did not fluctuate, and her expression did not have that shy and smiling gesture, as if she did it deliberately, a kind of 'I don't know why I want to ask for a kiss, but it seems that this is the case between men and women. So I want to feel.

She insisted on asking for a kiss as if she had completed the task, but it was not very accurate.

Li Yun felt that she wanted to experience more emotions between men and women.

"Hey, what's the use of a 100-point favorability in front of my cold saint wife?"

Li Yun couldn't laugh or cry. He planned to see her next time and teach her what she would do to strengthen the relationship between men and women.

Speaking of it, I didn't kiss anything just now, no, even Li Yun hadn't even snatched the first kiss of Sage Fan Qing. Thinking of this, Li Yun tickles, wishing to fly to Zhonghai City to see her right away!

"I, Cao, when did I get so astringent? Is it true that Qingzhu and Jin Liuli are scolding, it's a luscious child? Ahem, calm!"

Chapter 1329: First work

Because of a sudden kiss by Fan Qingsheng, Li Yun, who was awakened by the desire for a kiss, had a foolish fantasy for a while before waiting for the helicopters of Xia Ming, Liao Hua, and Shang Guan Ming.

"Finally here."

Li Yun took out his pistol and fired a shot into the sky, and motioned to the helicopter in the distance to let them fly in directly.

He didn't immediately go to Xiaoqian for a heartfelt inquiry. Now, what Nie Xiaoqian needs first is to calm down. Anxious is not anxious, otherwise he will easily be impacted by the memory and cause his soul to fly away.

"Li Yun!!!"

General Xia leaped down from the helicopter, Shangguan Ming followed closely, and the two of them looked excited as if they had been hit by tens of billions, too excited.

But in the end, Li Yun received another punch from his brother-in-law.

"Okay, Li Yun, you kid did a good job, worthy of my Shangguan's son-in-law's name!" Shangguan Ming said cheerfully, and Xia Ming's Liao Hua on the helicopter was startled.

Li Yun is Shangguan's son-in-law? when did it happen?

"It's okay, if you can speak well, brother-in-law, I would be even happier."

"Hahahaha, your kid is so funny."

"..."

Li Yun didn't bother to pay attention to him, turned his head and said to Xia Ming: "General Xia, I have already confirmed here that Wan Faxian intentionally left this cave mansion. For details, please go and see with your own eyes."

"Leave deliberately?"

Xia Xia Ming frowned. After the helicopter stopped steadily, he and Shang Guanming and other soldiers searched the entire valley, and finally focused on the suspended pagoda.

When they saw a total of nine layers of books, more than 10,000 volumes of various types of immortal cultivation books, they all showed shocked expressions.

"Wtf?"

Shangguanming exploded again, "What's the matter? So why did Ten Thousand Faxians leave these books? With his giant hand spell, he should be able to slap the tower to pieces! Could it be that these are the book fakes?"

Xia Ming and others also had the same question, and Qi Qi looked at Li Yun.

"No, the book should be true. At least the contents of the books I checked are all accurate."

Li Yun spread his hands together, "As for why Wan Faxian left these books, I don't know. You can guess that he cherishes books too much, so he left them."

"There is such a thing?"

Everyone was puzzled and didn't entangle it anymore. After Liao Hua reported it to the core leaders, an order came from there immediately: Protect these books at all costs, and transport them back to study them slowly!

Needless to say, the purpose is, a secret research institute will definitely be established in the follow-up to see if the mystery of the fairy spell can be researched, thereby enhancing Huang Xuanguo's national power!

Eliminate cows, ghosts, snakes, and gods, because these things were all fake before, but if these monsters, ghosts, gods, sacred Buddhas are real, the situation needs to change!

"Huh, Li Yun!"

Xia Xia Ming took a deep breath, patted Li Yun on the shoulder, and solemnly said: "This operation is a complete success. You are the first work. No one can deny this. After all, you are already in the core I have shown my face in front of the leader, rest assured, your contribution will never be less, and I can promise you Xia Ming Ming!"

Li Yun knew the meaning of Xia Ming's words.

He was a civilian in Li Yun district. He came from a humble background and didn't have much background energy, but he suddenly made shocking things. The huge credit is enough to make him clear the sky and go straight to the sky, and his social status has undergone earth-shaking changes!

It is absolutely impossible to say that no one is jealous.

Chapter 1330: go home

Xia Ming's words are tantamount to backing Li Yun and supporting him to take the primary credit.

"General Xia, you worry too much."

Liao Hua smiled slightly, and looked at Li Yun appreciatively: "The superiors have already paid attention to Mr. Li. This time everyone has seen everything. Who dares to take the lead? In front of several core leaders, I'm afraid it is not necessary. Is it dead?"

Indeed, there are a few bosses in the lineup, so you don't have to be afraid of being robbed.

"I just beware." Xia Mingming smiled: "Li Yun, if you have any trouble in the future, please come to me. If it can be solved, I will solve it for you. If it can't be solved, I will also find a way to solve it!"

"Uh, then I would like to thank General Xia and Brother Liao."

Li Yun smiled, and didn't refuse their kindness. This should be the meaning of the green light all the way in the system prompt.

"Ding, the host makes a choice, handed it over to the country, reward: justice value +10000, experience value +1 million, all attributes +1000, purple gift bag*2, extra reward: the leader of the country has great recognition of the host With the increase in the rate, Huang Xuan's domestic development will be unimpeded in the future, and various loan funding policies will be released all the way."

There are few rewards, but the focus is on additional rewards. The hidden benefits are countless.

Moreover, the justice value has been added too coolly! !

Then there was nothing wrong with Li Yun, he directly boarded a helicopter and hurried towards the nearby town.

"Thank you."

When he arrived in the town, Li Yun got in an arranged car and went to the airport. Everything had been arranged properly to ensure that he would be sent back to Longyang County comfortably.

This is the benefit of power.

Every move, there are countless people paying attention, every request, the people underneath will do their best to arrange, every look in the eyes can make people scared.

Of course, Li Yun does not want to pursue these, he has his own ideas and development direction.

"Do not!"

The pilot of the helicopter knew what had happened, so he respected Li Yun: "It is our honor to serve Mr. Li. It is your hard work for Mr. Li to fight on the front line."

"Haha, it's serious."

After bidding farewell to him, Li Yun got into the car. The driver was also a soldier, but seeing that the driver was so respectful to Li Yun, he was quite puzzled. He didn't understand why the leader sent him to pick up Li Yun.

However, he knew the truth about not asking if he shouldn't ask, so he didn't ask more questions during the whole process.

Arriving at the airport, taking the dedicated passage and being first-class, the stewardess was specifically confessed, and one was arranged to serve Li Yun.

After getting off the car, someone immediately came to pick him up, and Li Yunshun smoothly returned to the Ankang apartment, downstairs of the luxurious 500-square-meter duplex building that the emperor enjoyed.

"It's no wonder that people want to climb up. The benefits of power really make people wanting."

Li Yun's emotion continued until his sister opened the door and threw into him excitedly.

Compared with power, it is not as good as a beauty in the arms, the golden house hides the beauty, and the ring is fat and thin.

"Brother, are you back?!"

Li Feng was very excited. After the voice entered the door, the twin sisters heard the news, like two happy little swallows, both leaped over and hugged his brother.

"Well, I'm back!"

Li Yun embraced the two sisters Caiwei Caixia, one in each hand, and amidst their happy screams, he hugged them into the house.

Li Feng followed behind him with a smile on his brows, and gently closed the door. Only with his younger brother in this home is a complete home!
