

## Godly Choice 1351

### Chapter 1351: Upright

As a saint, the Saint Fanqing could give a death order to let her go, but Li Yun didn't want to embarrass her.

"Yeah." Xia Ming nodded: "I've seen a bit of it, but as you said, it is impossible to cultivate mana without aura."

After a pause, he laughed: "After the people of country M know that these books are useless, the expression on their faces must be very wonderful!"

"Not always."

"what?"

"It may be possible to practice in the future."

Li Yun didn't say much, he is not sure what the future will become.

"Okay, I see, I will pass your opinion to the negotiating team."

In the end, Xia Ming said with a smile: "We launched hundreds of missiles a few days ago, causing a loss of more than one billion yuan. I didn't expect to be able to pay back soon and make several trillion more yuan. No, it should be the rich. Good things that you can't buy, Li Yun, these are all because of your credit!"

Had it not been for Li Yun to observe on the spot and let the missile change its target at the last moment, the valley would have been blown up long ago, and it would be of no use value.

"Uncle Xia, what you said is too exaggerated." Li Yun couldn't laugh or cry. "Aren't the missiles that really work?"

"The missile also needs someone to command it. Don't worry, you can't do this without you!"

"It's not necessary. I have no plans to pursue a career, and I have no interest at all."

"Haha, it's too early to say this. Let's talk when I have dinner with you."

"Okay, then Uncle Xia, you are busy, hang up."

Li Yun finally breathed a sigh of relief after hanging up the call.

He seems to have changed from Liao Hua to Xia Ming as the official communication person. Liao Hua is still doing related work, but he has already been assigned to Xia Ming, so he will communicate directly with Xia Ming in the future.

"Ding, the host makes a choice and actively exposes his own bad background. Reward: experience value + 1 million, free attribute points + 5000, skill acquired: natural arrogance (minor increase in mental power), additional reward: Hu Xiaomeng's favorability +3, Hu Ying's favorability degree +80.

Fox Xiaomeng's favorability is not bad, cute and lively little girl, just wait a few more years.

Hu Ying, let it go, Zhao Tianfu is the boyfriend she brought home, and his personality is not to his taste.

Taking a look at the people around him, Li Yun smiled and said, "Why don't you speak? Oh, yes." He looked at Zhao Tianfu, "Do you now know why I can be upright with a gun?"

Hu Ying, Hu Xiaomeng, and Zhou Chunyong all looked at him, Zhao Tianfu's face rose like pig liver, and his lips trembled for a long time before he suffocated a sentence: "Don't be proud, don't think you have something special... Humph !"

Zhao Tianfu stopped the topic in time and didn't continue. Li Yun's eyes flashed with a gleam. It seemed that this guy was going to... hehe, he was really bold, and he dared to plot a conspiracy in front of a man of mind!

"Big brother~~!"

Hu Xiaomeng came over pitifully, his eyes full of 'I'm very curious': "You just talked to that Uncle Xia, Xiaomeng didn't understand it~, can you..."

"can not."

It was Elder Hu who was talking. He reached out and knocked on the head of his granddaughter, and said with a smile: "You girl really dare to inquire about everything, can you know these things?"

"Woo~, grandpa is a big badass!" Hu Xiaomeng hugged his head aggrievedly, and hid in his elder brother's shame and rubbed it.

Chapter 1352: Sixi Meatballs

She likes her now, she likes her elder brother so much~, hehe~!

Such an excellent man, with good grades, good cooking skills, and a lowly background, yet able to talk and laugh with Huang Xuan's top domestic figures, such an excellent big brother must be caught in his hands as soon as possible!

"It's the same with you."

Elder Hu ignored her, turned his head and said sternly to the other people: "I have forgotten everything just now, don't talk nonsense."

"Yes!"

Everyone hurriedly agreed, Zhao Tianfu's face was reluctant, his head was lowered, and a flash of hatred flashed in his eyes.

If this matter is not publicly documented, it cannot be passed on to ordinary people. Even if it is passed on, it will only be passed on to the upper class. Sooner or later, the upper class will know about it through various channels, so there is no need to keep it confidential.

Li Yun stood up, glanced at the cabin, and said with a smile on the corner of his mouth: "I have finished the barbecue, or I will go in and cook you a dish."

"Yeah!"

Hu Xiaomeng immediately clapped his hands in welcome, and said with a smile that he would also help.

But Zhao Tianfu did stand up abruptly: "No!"

"Um?"

Everyone looked at him strangely, Zhao Tianfu seemed to be a little panicked, and his tone of voice became severe: "Do you think that you have a barbecue skill that can really match the American banquet master? Da Si Xi meatballs are the main dishes, but not yours. Barbecue can be compared!"

Old Hu said slowly: "At the state banquet, there were also barbecues."

Zhao Tianfu's expression was stagnant, and he bit his scalp and said: "Even so, but Chef Zheng needs to keep it secret when making Da Si Xi meatballs. This is his unique skill."

"Bullshit!"

Zhou Chunyong interrupted him unceremoniously: "Back when I was cooking in the same kitchen with him, I knew clearly about the steps he took to make Big Sixi meatballs. Zheng Xianyue's meatballs are delicious because of him. Added a unique recipe!"

Zhao Tianfu's expression became panic again.

"It's so amazing!" Li Yun pretended to be amazed, and walked to the kitchen: "I'm so excited to say that I want to see Master Zheng's craftsmanship with my own eyes and how this Big Sixi meatball is made."

"stop!"

"I let you stop!"

Zhao Tianfu panicked completely. He wanted to hold Li Yun, but was slightly shocked by him. Zhao Tianfu was shocked for several steps and almost sat on the ground.

"Student Zhao, what's the matter with you?" A smile was drawn from the corner of Li Yun's mouth.

"you!"

Zhao Tianfu was trembling with anger, and at this moment, Zheng Xianyue's voice finally came from the kitchen, which instantly turned Zhao Tianfu's expression into surprise.

"Okay, the big four happy \*\*\*\* are ready!"

Zheng Xianyue walked out holding a plate with a smile on his face.

On a porcelain-white plate, four golden oily \*\*\*\* are arranged in a square, surrounded by a circle of dragon and phoenix dishes.

The meatballs are golden in color, crisp in color, and bright in juice. With the exquisite dragon and phoenix patterns all around, it is really appetizing!

The so-called four great joys refer to the four great joys of Fu, Lu, Shou and Xi.

With a bright smile on Zheng Xianyue's face, he placed the dishes with four \*\*\*\*\* in front of Mr. Hu. As soon as he opened his mouth and wanted to talk, Li Yun interrupted him: "Doesn't anyone really want to eat your stuff?"

Zheng Xianyue's smile instantly froze, "What do you mean by this?!"

The people around him looked at Li Yun in surprise, wondering why he suddenly said such a thing. Is it because he was jealous of this big Si Xi ball doing well, so he deliberately vilified it?

Hu Ying thought in her heart, the look in Li Yun's eyes suddenly became a little complicated.

Chapter 1353: What do you mean

"Ding, trigger the option event, please choose from the host:

Option 1: Prevent Mr. Hu from eating the balls, reward justice value +5000, experience value +2 million, all attributes +1000, purple gift bag\*1, medium detoxification pill\*2.

Option 2: Ignore, no reward.

Option 3: Wait for Mr. Hu to eat, then rescue him, reward evil value +10000, justice value +5000, experience value +3 million, all attributes +1500. "

After triggering the system's selection event, Li Yun became more and more sure that there was something different in this ball!

"It doesn't matter what I mean, the point is, what do you mean with Classmate Zhao."

Li Yun looked at these two people with sharp eyes, Zheng Xianyue's pupils shrank suddenly, couldn't help taking a step back, and calmly said: "What the \*\*\*\*\* do you mean? Do you want to say that I poisoned the ball?!"

As soon as these words were said, everyone's face changed.

Only Hu was as steady as Mount Tai, his expression was only slightly surprised.

"I didn't say that." Li Yun shrugged and said with a smile: "I only asked what you and classmate Zhao mean, but you slandered me about poison or not. Besides, I was outside all the time. How did I know you were the one What do people do in the kitchen? Right?"

This sentence is innuendo, it can be described as extremely vicious!

In this way, Zheng Xianyue making meatballs in the kitchen alone is worthy of fun!

"Big brother is really talking... what about it~"

Hu Xiaomeng quietly spit out her little pink tongue, inexplicably, she believed Li Yun very much, thinking that he must have found something.

"Li Yun!!!"

Zhao Tian and Fu fiercely slapped the table and pointed to his nose and cursed: "If you have anything to say, just say it, it's yin and yang. My grandfather and Hu Lao are on the battlefield. Slander here!"

Li Yun looked at Mr. Hu, who nodded slightly: "Nephew Zhao Xian's grandfather had a very good relationship with me back then. Unfortunately, I haven't seen each other for many years, and I don't know what the situation is now."

"Thank you, Mr. Hu, you care." Zhao Tianfu hit the snake with the stick and said immediately: "My grandfather is all well, and I can eat a big bowl of rice recently."

"That's right, then I can rest assured." Old Hu said with a gratified smile.

"Puff!"

The conversation between the two made Hu Xiaomeng laugh out loud. Everyone looked at her, and Hu Xiaomeng quickly covered her mouth and acted as if she was cute.

Hu Ying said calmly, "Xiaomeng, now is not the time to gag, Li Yun and my...friends have conflicts. I think we should make it clear so that we won't have any misunderstandings in the future."

"Yes~~"

Hu Xiaomeng spit out her little pink tongue again and hid behind Li Yun.

This kid is really strange and strange, his head is clearer than anyone thinks!

Li Yun couldn't laugh or cry. What Elder Hu meant just now was that he and the Zhao family had a normal relationship, otherwise, he wouldn't have been in contact for many years.

Mr. Hu also said that he didn't know the situation of the other party now, which meant that maybe Zhao Tianfu's grandfather might have changed his personality in these years.

Zhao Tianfu did not hear the meaning of these hidden words, nor did Hu Ying. Only Hu Xiaomeng heard it and laughed.

"Then I'll be straightforward."

Li Yun's face was as usual, and he pointed to the four \*\*\*\* on the table and said: "You--maybe Zhao Tianfu, you instructed, maybe Zheng Xianyue made his own claim. In short, two of these four \*\*\*\* were put in some Something with evil spirits, if I say this, do you understand?"

Chapter 1354: Give you one last chance

This is more than just understanding, it is as clear as a shock!

Hu Ying suddenly became frightened.

If her new boyfriend, no, doesn't need to be a boyfriend, just the person she brought in, and if it is found out that he dares to prescribe medicine to Mr. Hu, the Hu family still must not have her skin peeled off? !

Even if her parents can keep her, Hu Ying's position in Hu's family will plummet in the future, and the company's share interests will be immediately taken back. In the future, she will be driven out of Hu's family immediately after graduating from university, and she will die for herself!

Thinking of this, Hu Ying trembled with anger.

"Zhao Tianfu!"

Before he could speak, Hu Ying took the lead and looked at him with vertical eyebrows, and showed the style of the eldest lady who came from a big family to the fullest: "Have you done this? Answer me immediately! I will never Allow anyone to hurt my grandfather!"

No matter what, first express her own position, Hu Ying really dare not do anything to her grandfather, because her status as Miss Hu family depends on Mr. Hu.

"Slander is pure slander."

Zhao Tianfu's face changed from the beginning, and he soon calmed down. It seemed that he had never done anything like this before, or he had a chance to win.

"I don't know where you are from..."

"Ah, it's all right."

Li Yun waved his hand, "I'm too lazy to listen to you, you just want to say that I'm outside and can't see the situation in the kitchen, right?"

Zhao Tianfu clenched his fists in irritation, if he couldn't beat this kid, he would have to teach him severely!

"Yes~"

Hu Xiaomeng still said in an innocent and lovely tone: "Big brother and us are outside, how did the big brother know?"

"Ha ha."

The little girl Hu Xiaomeng is so cute, even if she knew she was pretending, Li Yun couldn't help but pinch her cute little nose, which made Hu Xiaomeng annoyed.

"How did I know? I can only say that you don't know too much."

Li Yun's face calmly said something plausible, quite like a worldly expert.

"Ding, the host makes a choice, reward: justice value +5000, experience value +2 million, all attributes +1000, purple gift bag\*1, medium detoxification pill\*2."

After the reward is over, the system triggers the next selection event.

"Ding, trigger the option event, please choose from the host:

Option 1: Give Zhao Tianfu the last chance, reward experience value +100,000, justice value +100, green gift bag\*1, Hu's recognition degree will increase greatly, and it will be easier to get Hu's recognition, for marrying Hu Xiaomeng, etc. Prepare.

Option 2: Take out the evidence directly, reward experience value +500,000, justice value +500, blue gift bag\*3. "

Li Yun's face was weird, and the system hinted that he was related to Hu Xiaomeng's future, but to be honest, he liked Hu Xiaomeng at most, just like his brother liked his sister.

Hu Xiaomeng now wants to be out of shape, and what to do is nothing. Of course, from the perspective of her growth and development, she will definitely become a noble and noble daughter in the future, and her every move is full of charm.

But now, Hu Xiaomeng is nothing more than Fox Xiaomeng, the whole little fox, cute, cunning, but not sensational.

"Zhao Tianfu."

Temporarily put away his thoughts on Xiaomeng Fox, Li Yun said meaningfully: "Entering a field you don't understand without authorization will probably lose your life and even destroy your family, classmate Zhao, do you understand?"

Chapter 1355: Let you know

"you!"

The cursed family was destroyed, and he was still the person he hated the most. Zhao Tianfu was extremely annoyed. He sneered and stretched out his palm and patted the Sixi \*\*\*\* on the table.

Snapped!

A Sixi meatball carefully made by the chef of the state banquet was turned into a pot of meat. From the effect point of view, this ball is worthy of the hands of the chef of the maiden state banquet. The meat of the ball is very soft and tastes absolutely delicious!

"Zhao Tianfu, what are you doing?!"

Hu Ying wanted to stop her boyfriend, but Zhao Tianfu ignored her, took four shots and arranged all four \*\*\*\* into meatloaf!

The air seemed to freeze, and it was impossible for anyone to think of things to such a degree.

Hu Xiaomeng glanced at Li Yun, but found that he was still as stable as a mountain, and was not affected by the scene in front of him in the slightest.

"Check it!!!"

Zhao Tianfu sneered again and again, tilted his eyes, and stared at Li Yun with a sinister look: "If you can't detect anything, I want you to look good!"

Mr. Hu continued to remain silent, making it hard to see what he was thinking.

"what to check for?"

Li Yun smiled slightly: "I didn't say it was a poison before, and if it is a poison, it obviously doesn't need to be broken."

"What do you mean?" Hu Ying was stunned.

"Meaning, unless someone knows that it is not poison, but something very small, so small that it is almost invisible with the naked eye. Right, classmate Zhao?"

Being watched by Li Yun's stern gaze, Zhao Tianfu couldn't help but jumped his eyelids, and said calmly: "If you don't have evidence, don't speak indiscriminately in front of Old Hu!"

"It's really not yellow. He doesn't give up."

Li Yun shook his head helplessly, "Student Zhao, for the sake of Mr. Hu's face, I will give you another chance to surrender. Otherwise, if I am caught by myself, no one can keep you!"

Zhao Tianfu was furious, "You are in front of Mr. Hu..."

"This is your last chance!" Li Yun interrupted him indifferently, his eyes full of icy coldness: "I advise you to think clearly, whether you want to live or die!"

The people around them breathed quickly, and they felt an invisible aura, pressing on their heads like a mountain, majestic and vast, suppressing the Quartet, and the power of God like a prison!

Hu Xiaomeng's eyes widened. She hasn't seen a big person. When her grandfather was angry, it was as terrifying as the sky collapsed.

But compared to the aura that exudes from Li Yun, her grandfather and the big men are like three-year-olds. No, they can't be compared at all!

Li Yun's Wia is real, it makes the scalp numb, and the horror of heart trembling is far from simple as a psychological effect!

"Say, are you going to live or die?"

"I...want, give birth...no!"

At the last moment, Zhao Tianfu finally recovered, gritted his teeth and glared at him: "You don't pretend to be a \*\*\*\* here, what are you, you dare to die?! A joke!"

After the refutation, Zhao Tianfu felt that he had regained his sanity. Just now he almost fell to his knees and begged for mercy, but fortunately, he reflected in time.

It's just that the look in this kid's eyes makes his heart tremble. Isn't there any accident?

No, impossible, this thing will never be found!

"Old Hu!"

Zhao Tianfu quickly turned his head to salute Hu, and pointed to Li Yun to complain: "Even if he comes from an extraordinary background, he can't slander me without evidence, what do you always say?"

Mr. Hu was silent for a while, then slowly said: "Li Yun's background is indeed extraordinary, maybe he did find something."

"impossible!"

"Nothing is Impossible."

Li Yun's face was calm, "Since you want to die to understand, then I will fulfill you."

As he said, he snapped his fingers at the barbecue grill next to him.

Chapter 1356: Fire control, shock

"Snapped!"

The sound of snapping fingers was very crisp, and with Li Yun's chic movements, it was like a \*\*\*\*\* sitting in a luxury car, blowing a whistle at the tall beauty standing on the side of the road, with an indescribable gesture.

Everyone was at a loss. This is Hu's Villa, not yours. What about your snapping fingers?

But the next moment, everyone present was shocked.

"Peng!"

The charcoal fires in the three barbecue grills suddenly burned, and three red and white flames rose into the sky, like dancing red diamonds, rushing towards Li Yun.

Everyone was shocked, almost thinking that these three flames were about to burn Li Yun, but when the flame approached him, it turned out to be like a child, rotating around his body!

"My goodness!"

Everyone was shocked, and the gun in the hand of the guard in the distance fell to the ground with a bang. Old Hu's eyes widened, and Hu Xiaomeng opened his mouth.

"Control the flames, this this this!"

Zhou Chunyong and the others were so shocked that they couldn't speak, they could only watch three flames and then pounced on the table, surrounding the plates filled with Sixi balls.

"Zhao Tianfu, do you mean you want evidence?" Li Yun's mouth curled up with a faint smile, "Then be optimistic, and see what you put in the balls!"

Zhao Tianfu's legs trembled, his face was as white as a dead man, and even the color of the flame could not hide his paleness.

After recovering from the shock a little bit, Hu Xiaomeng quickly looked over. For the first time she saw this wonderful...spell, which was completely strange to her, as if it suddenly opened her mind. At a certain gate, an unprecedented thought came out.

It's strange to say that the flames surrounding the plate are attached to the wooden table, but these fires did not ignite the wooden table, as if someone deliberately controlled the burning range of these flames!

"Squeak!"

The flame circle slowly shrank, and soon, under the pressure of the heat, two small bugs the size of a hair were drilled out of the four meatballs that Zhao Tianfu had shot into meatloaf.

Everyone was shocked again. Although they couldn't see the appearance of the bug, the little thing made a piercing scream, and quickly flew back and forth in the circle of flames, just like being imprisoned by a rat, squeaking wildly!

"Did you see it clearly?"

The flames were burning, illuminating the lake at night, and also illuminating the pale faces of Zhao Tianfu and Zheng Xianyue.

"Guard. Guard! Get these two people up for me!"

Hu Laochong shouted from the guards not far away, and these guards reacted and hurriedly rushed over to hold the two of them tightly, without even having to pick up the guns they dropped.

"Old Hu, no, it's not me, it's not me!" Zhao Tianfu struggled and shouted, "It's all him, it's all this \*\*\*\* who harmed me!"

"Zhao Tianfu, don't spit on people, it's you, I just follow your instructions!" Zheng Xianyue quickly retorted that he was not the mastermind at all, it was Zhao Tianfu!

"Pull the two down first."

Old Hu's face was terribly dark and his eyes didn't move. "In addition, before the investigation is clear, Hu Ying is forbidden to do anything. Wait for the investigation to be clear!"

Hu Ying's body suddenly shook, and then she smiled sadly.

From the time she saw the bug, she knew that there would be an ending. In any case, if the person she brought back tried to harm Grandpa, she would not be able to get rid of it!

Hu Xiaomeng blinked, "Grandpa, I don't think my sister will make..."

"I'll talk about these things later!"

Chapter 1357: See also Gu worm

Elder Hu interrupted his granddaughter Xiaomeng, without even looking at Hu Ying, turning his head to respectfully ask Li Yun: "Mr. Li, these bugs...what should I do?"

The movement by the lake attracted the attention of the entire farm, and the guards rushed over, and many servants also stopped and watched in the distance.

Without exception, they all showed surprised and puzzled eyes after seeing a circle of flames that did not appear to be naturally formed.

"what is this?"

"What happened?"

"The people brought back by Miss Hu Ying are trying to murder Mr. Hu!"

"What? Who is so bold!"

"Call the second master, right?"

"Oh my God, how could Miss Hu Ying..."

"I heard that the man the young lady was close to..."

The servants in the distance talked a lot, and the guards nearby were dumbfounded. They could see clearly that the flame on the wooden table was indeed controlled by Li Yun!

"These two worms are Gu worms, but I can't see what they are."

Li Yun stretched out his hand and pointed, the flame circle shrank rapidly, engulfing the two insects in an instant, and quickly burning them together with the table to ashes.

The fire blazed into the sky, and more than a hundred people in the farm were silent, and the man in front of him was like a \*\*\*\*\* of flames.

The guards and security guards who tried to stop him at the door before, were even more frightened and sweated.

This kind of flame, which is obviously not normal, is enough to burn a person with no \*\*\*\*\* left!

"Gu worm...?" Mr. Hu vaguely heard about the messages in Miaojiang and the small states in the southeast, but aren't these all fake?

"There are many kinds of Gu worms, and you can imagine them as specialized insects."

Li Yun clapped his hands and said with a smile: "For example, the tiger helmet beetle that is very hard enough to block bullets, the ghost worm that can bite hard ghosts, the painful yin and yang corpse insects, and the puppet Gu that can control people. "

After a pause, Li Yun knelt down and found the bodies of the two insects in the ashes of the flames, "I guess these two insects are also the sons of the puppet Gu, and the mother Gu is in someone's hands."

Hu Xiaomeng leaned over, stuck to Li Yun's side, and asked, "The big brother said that, the person who eats the child Gu is controlled by the mother Gu?"

"Correct!"

Zhou Renren's complexion changed again, and the look in Zhao Tianfu and Zheng Xianyue's eyes grew more resentful.

"This worm is so vicious!" Zhou Chunyong cursed through gritted teeth.

"Who wants to do this?" Hu Xiaomeng didn't think that Zhao Tianfu or Zheng Xianyue could make such bugs.

"There is a high probability of being a person of the Six Demon Gates."

Hu Xiaomeng seemed to be quite mature when he was serious. Li Yun looked amused, and threw the worm's corpse into her tender little palm.

Unexpectedly, Hu Xiaomeng was not afraid at all, and she smiled and looked closer: "What? Gu worms are nothing more than this. Big brother's supernatural powers burned them all at once, hehe~"

Zhao Tianfu, who was locked in an anklet and handcuffs, was completely desperate. If he had known that Li Yun was so powerful, he wouldn't dare to play tricks if he killed him!

But now it's too late to say anything.

"Ding, the host makes a choice, experience value +100 thousand, justice value +100, green gift bag\*1, Hu Lao's recognition has increased significantly, additional rewards, Hu Xiaomeng's favorability +2."

"Ding, the host made the right choice to destroy the bee colony Gu, experience value +2 million, justice value +3000, all attributes +2000, golden gift bag\*1, Hu Xiaomeng's favorability +4, additional rewards: skills Dan\*1."

Chapter 1358: Ding, 99 favorability

Li Yun's eyes suddenly brightened, and Hu Xiaomeng's favorability reached 99...No, what he meant was that he actually rewarded the skill pill!

Ignoring the eyes that the girl Hu Xiaomeng has become more and more admiring for him, Li Yun now has two skill pills, 10 golden gift bags, plus a colorful gift bag, and his wealth suddenly swells!

"Mr. Li." Hu's tone became more and more respectful: "What do you think of these two people?"

"There is nothing to deal with."

Li Yun smiled faintly: "They have a high probability of joining the Six Demon Sects, and they have done something to Mr. Hu. They have become a frenzied type of people. Just interrogate the cause and course of the matter directly. I am worried about another matter."

"Okay, just do what you said, Mr. Li!"

Mr. Hu immediately issued an order to disperse the crowd of onlookers, and he wanted to interrogate the two people personally.

"Grandpa, I want to listen too~"

Of course, Hu Ying stayed as a party. Hu Xiaomeng was going to be driven away, but she just held Li Yun's arm and acted like a coquettish, and she ran down shamelessly.

Lao Hu glanced at Li Yun, and then helplessly gave his naughty granddaughter a brainstorm: "I really don't know why your girl likes these things so much. Forget it, if Mr. Li is in charge, you can stay."

"Hehe, Big Brother is the best~"

"Ahem, Hu, why did you call me Mr. Li again? Just call me Li Yun."

"Yes, grandpa, why are you so polite!"

Hu Xiaomeng's cute face suddenly blushed, what Mr. Li, maybe it will be grandson-in-law in the future...

Hu Ying, who was silent on the side, looked a little darker again, and she would definitely be punished later, but Hu Xiaomeng met a backer like Li Yun again.

It is almost certain that the third generation of the Hu family in the future will be based on Hu Xiaomeng!

In this invisible struggle for family resources, no, it didn't even start, she Hu Ying was defeated!

"Okay." Old Hu stroked his beard with joy. "That old man, I'm cheeky. I call you Nephew Li Xian, hahaha!"

"Ahem, just call Li Yun!"

Li Yun always thinks that the title is obedient, but forget it, there are really not many young people in the country to be recognized by people like Mr. Hu.

"Zhao Tianfu!"

Mr. Hu personally interrogated him, and when he looked at Zhao Tianfu, the expression on his face quickly turned to majesty and indifference: "You must be very clear about your current situation. Just as Nephew Li Xian said before, if you want to survive, you have to be honest. !"

Kneeling on the ground, Zhao Tianfu's body trembled with fear while being pressed by the two policemen.

There is almost no need to go through trial, as long as there is a rumbling that Mr. Hu was poisoned by him, the entire Huang Xuan country will be shaken!

The only one who greeted Zhao Tianfu was a dead end, and he could keep a dog's life, which was considered great luck!

"Zhao Tianfu."

Old Hu's tone eased a little, "Your grandfather and I are old comrades-in-arms, but unfortunately, I don't know what happened to your house, and I don't know what you were so fascinated with, that you actually did such a thing."

He mentioned his grandfather, Zhao Tianfu suddenly had hope, and suddenly wailed: "Old Hu, Grandpa Hu, I was wrong... Please look at my grandfather's sake. Forgive me this time, don't do this. Spread out..."

"Shut up!"

Hu Ying rushed forward and slapped him fiercely, and said angrily: "Do you still dare to negotiate terms? I was so blind that I thought you were a good person, bah!"

Zhao Tianfu did not dare to refute, so he could only be beaten passively.

After being beaten up, he had to tell the story frankly in frustration.

Chapter 1359: Cause and effect

"Your grandpa has been seriously ill for several months?"

Hearing what Zhao Tianfu said, Hu asked sternly. To play the emotional card, Zhao Tianfu repeatedly said with certainty: "Grandpa has been ill for more than a year. He is still lying in an ICU bed and can't get up. Every day just costs More than 10,000, Grandpa Hu, I can't do anything...just."

"No way?" Hu Ying sneered: "No way, you can harm my grandfather, okay, Zhao Tianfu, you are so brave!"

Zhao Tianfu's head shrank, not the same as before.

Li Yun probably understood what happened.

The Zhao family is considered to be a middle-to-upper family in the upper class of the capital, but the premise is that Mr. Zhao is still alive.

After Zhao Lao became seriously ill, coupled with the fact that the second generation of Zhao's family was not able to handle it, the family plummeted. Without Zhao Lao's seat, several important positions were also taken away, leading to further decline.

Seeing the decline of the family, Zhao Tianfu inevitably took the rest of his mind.

On the one hand, he actively made friends in the noble school, chasing Hu Ying is an example.

On the other hand, he met some magical characters and got promises, as long as he finds a way to make Old Hu eat the swarm gu, the Zhao family will be able to come back to life!

"You are such a badass!"

Hu Xiaomeng commented unceremoniously, Zhao Tianfu didn't dare to refute, lowered his head and whispered, "Grandpa Hu, I really don't know about this Gu worm. I thought it was a simple one...what? ...Drugs or something."

"Don't pretend to be here."

A mocking smile appeared at the corner of Li Yun's mouth: "You must have seen some magical spell, thinking that there are some worldly experts, enough to deal with the old Hu family. Worms, but you should also know that this is a kind of poison, right?"

Zhao Tianfu flushed, unable to speak.

"You bastard!" Hu Ying couldn't help it anymore, stepped forward and gave him a vicious kick, kicking him to the ground!

The surrounding guards and Zhou Chunyong also showed angry eyes. They absolutely respected Mr. Hu, but now some people dare to plant worms to kill Mr. Hu. This is absolutely unbearable!

"Capital sins are forgiven, but living sins are inevitable."

Old Hu gave Zhao Tianfu a verdict indifferently: "This matter needs to be investigated thoroughly. If you cooperate with Zhao Tianfu, then I can spare you Zhao family, and only give you to the court for murder."

Zhao Tianfu's pupils suddenly widened, go to the court?

"If you don't cooperate," Hu continued: "After your grandfather's death, your Zhao family will get out of the capital directly!"

Get out of the capital!

Mr. Hu's extremely indifferent words made Zhao Tianfu really scared.

Getting out of the capital means that all the more than a dozen people in the Zhao family have been knocked out and completely depressed. With the energy of Old Hu, he can definitely do it!

After that, when he comes out of jail, there are no people connected to it!

But then again, if he did such a thing, even if he came out of prison, who in the Zhao family would forgive him?

"I, I... cooperate."

Zhao Tianfu sat slumped on the ground, and finally chose to cooperate. No matter what, the Zhao family could not fall!

If it falls, there is no hope at all.

Li Yun nodded slightly, Hu Lao deserves to be a great general who has experienced many battles, killing and decisively, even in the face of the grandson of the deceased without mercy.

Of course, no one would show mercy to anyone who wanted to kill him. The ancient emperor would have taken a knife against his rebellious son, not to mention that Zhao Tianfu was not Hu's son.

Chapter 1360: You are not smart enough

After the trial of Zhao Tianfu, Zheng Xianyue was much simpler, and said directly by pouring water from the bamboo tube.

He is also for profit and power.

As Zhao Tianfu said, no matter how good the dishes prepared by the state banquet chef, he is just a cook.

But if he can become the permanent director of the Chefs Association, it can be said that Zheng Xianyue can reach the sky in one step. From then on, he is also an official, and he does not need to live by cooking.

"Zheng Xianyue!" Zhou Chunyong looked at him contemptuously and said, "I used to think you were too utilitarian when I was in a kitchen. I saw that everyone brags about my big four happy meatballs. I was afraid that others would not know it. Now I did it. This kind of thing!"

Zheng Xianyue's face was gray and he kept kowtow begging for mercy, but it was a pity that Mr. Hu didn't want to bother him at all.

"Let's take it with you. Detained for the time being, and then tried as a secondary criminal for murder."

"Yes!"

"In addition, Xiao Zhou." Mr. Hu looked at a man in his fifties: "The order is passed down. Discuss this matter today is forbidden. Until the mastermind is found, it will be handled in accordance with the military secrecy level."

"Yes, General Hu!"

This man named Xiao Zhou has been with Hu Lao for 30 years, and he is naturally clear about the military-level secrecy regulations.

It is foreseeable that all mobile phone networks in the farm will be monitored in the next few days, and private discussion with others is prohibited until the matter is resolved.

After dealing with these things, Mr. Hu looked at his granddaughter Hu Ying.

"grandfather."

Hu Ying bit her lip and knelt down altogether, "I did this wrong. No matter how grandpa goes, Xiaoying will accept it."

Hu Xiaomeng wanted to talk, but Li Yun stopped her, because seeing Mr. Hu's appearance, he didn't look like someone who could listen to persuasion.

After a long silence, Hu sighed: "Xiaoying, do you know where you are wrong?"

After a long while, Hu Ying couldn't answer either, she could only shake her head in shame.

"You are not smart enough."

"!"

Hu Ying suddenly raised her head to look at Grandpa, not smart enough...?

"I don't know people, my eyesight is narrow, my eyesight is short-sighted, and my actions are reckless, all these," Mr. Hu stood up and patted Hu Ying on the shoulder: "It's all your shortcomings. In general, it's just not smart enough."

Hu Ying was ashamed.

"Go back and think about it behind closed doors. When this matter is over, after the college entrance examination is over, you will concentrate on studying for a business degree. Let's talk about it then."

Business degree!

This means that Hu Ying can't participate in the resource allocation of the biggest head, and can only manage the company in the future.

Managing the company after graduation is unimaginable for ordinary people, but for a lady like Hu Ying, it is tantamount to being in the cold!

"It's... Grandpa."

Hu Ying lowered her head and stepped back. Before leaving, she looked at Xiao Meng with complicated eyes, and left a very quiet excuse.

Recalling what my sister did just now, she seemed to understand something,

Only people like Hu Xiaomeng can be smart.

After Hu Ying left, Li Yun smiled and said: "Hu Ying is not bad in nature." With the last sentence I'm sorry, I can get a good sister's reputation among the rich.

"This is my family affair."

Mr. Hu said indifferent words, but there was a teasing smile on his face: "Could it be that Nephew Li Xian, you plan to take care of it?"

While speaking, he looked at Hu Xiaomeng, the meaning was self-evident.

Do you want to manage? Row! If you marry my granddaughter, you are not an outsider!

"Grandpa, you hate it!"

Hu Xiaomeng's cute face blushed with shame. Even though she is very smart, she is still a big girl...  
No, it is a girl who is still shy!
