Chapter 1361: Otherworldly

"Ahem, old Hu, I remembered one thing!"

Li Yun quickly changed the subject, neither affirmed nor denied.

To say that he refused completely, Li Yun, as a man, couldn't say it. After all, men are eating bowls and watching the pot. Although Hu Xiaomeng is young, he is cute and beautiful. He must be a man when he grows up. Not much beauty.

Coupled with the quirky talent, he will definitely be a good helper in the future, and with the help of the Hu family, it is perfect!

But because she was still a young girl, and there were enough confidantes around Li Yun, it wouldn't be appropriate to take the initiative.

Hu Ying is an example, and Li Yun resolutely refused, without the slightest enthusiasm!

Now he can honestly say that even if the system has a favorability setting, Li Yun will not necessarily win this Bai Fumei.

"What's up?"

Old Hu laughed, because he saw Hu Xiaomeng secretly pinch Nephew Li Xian, the relationship between the two is indeed extraordinary.

"My girlfriend Fang Xue,"

When he said this, Li Yun felt that the little hands around his waist were pinching harder.

"That is the daughter of the Fang family in Longyang County, let me treat her to say hello to Mr. Hu!"

He said that, Mr. Hu should understand, right?

Unexpectedly, Old Hu smiled and stroked his beard: "Only Fang Xue's child? No other girls want to say hello to me?"

"have!"

Hu Xiaomeng raised her little hand violently: "There are also big brother's **** sisters, and the daughters of Nantian Technology Group, the daughters of the four major families of the rivers and lakes, all have to say hello to Grandpa!"

"Cough cough cough!"

This time, it was Mr. Hu who coughed. He looked at Li Yun with a weird expression: "I know that Li Xian, you have special skills. You are not ordinary people, but there are so many girls...you have to pay attention, otherwise it will not affect you. it is good!"

It is not strange for people in the upper class to interact with many people at the same time, but generally speaking, these are very secret things and cannot be heard by ordinary people.

Li Yun nodded with a wry smile: "Old Hu, I will remember."

He is very strange, how did Hu Xiaomeng know so much?

"Let's talk about these things later, I believe in your character, Nephew Li Xian!"

What Elder Hu meant was probably because he believed that Li Yun would not attack his little granddaughter, but he didn't seem to be very opposed to it either?

The corners of Li Yun's mouth twitched, and it seemed that the matter of 'spell' would invisibly make him surpass the mundane vision.

Hu Xiaomeng's face blushed, and he held Li Yun's arm without speaking. The young girl's cute heart made her heart beat much faster, which was a wonderful feeling.

"Go, let's go to other places to eat and talk, I have a lot of things I want to ask Li Yun about you, Xiaomeng, you too."

When Mr. Hu spoke, Li Yun and Hu Xiaomeng naturally did not object.

...

Early the next morning.

Li Yun was awakened by a ringing of the door, and the phone kept vibrating. He picked it up and found that it was Fox Xiaomeng.

"This girl, it's really early."

Li Yun patted his face and sat up, the quilt slid off, revealing the snow-white fragrant shoulders of a beautiful little boy.

With a happy smile at the corner of her mouth, the little princess lay on the soft big bed with her eyes closed, her expression satisfied and happy, her petite body sunk into the bedsheets, unspeakably cute and charming.

"I'm leaving, Shu'e."

Seeing the little princess's sleeping posture, Li Yun smiled, bowed her head and kissed her on the forehead, the little princess gave a dazed hmm and continued to sleep.

After knowing that her husband was leaving again last night, Yongning had been in love with her husband and chatted for half a night. Now he must be very tired. It is estimated that he would have to sleep until noon.

Chapter 1362: Hu Xiaomeng's visit

"Big brother!"

"Brother, open the door~!"

"coming."

Li Yun reluctantly opened the door, and the well-dressed Fox Xiaomeng rushed into him, cheering and acting cute, and the girl's crisp and gratifying laughter was easily refreshing in the early morning.

"Little Meng, why do you get up so early?"

"It's too early~, I can't wait."

Hu Xiaomeng spoke in a lovely tone, observing Li Yun's house dripping with his eyes, and muttering something about the two-story building, the beauty of the golden house.

"Woo, elder brother not only has a sister, but also a twin sister?"

"Wait, wait, who is the princess?"

"Hate, I want to know now~"

"Hehe, thank Sister Li Feng for making breakfast for Xiaomeng, it's delicious!"

"Caiwei, Caixia, how old are you? 14? Hey, like me, when is your birthday? Wow, it's me, hehe, can I call you sister Caiwei and sister Caixia?"

"La la la, goodbye sister Li Feng, goodbye sister Caiwei and Caixia~"

Hu Xiaomeng carefully visited Li Yun's home and entered Princess Yongning's bedroom. After seeing the cute and sweet sleeping face of the little princess, and eating the breakfast made by Li Feng, he was finally satisfied.

The distance between this and the big brother is a bit closer, hehe~.

"Goodbye brother."

Li Feng said goodbye to his younger brother, and the expression in his eyes became more complicated.

There is another beauty next to her good brother, and her rank is still not low this month. It can be seen from the extravagance of her body, and the car parked downstairs violated the regulations, but the security guards did not dare to go forward. Stop, because the security recognized the value of this car, at least ten million to start, who would dare to stop it?

"Hehe, let's go, big brother, let's go to the capital~"

Hu Xiaomeng happily took Li Yun away, humming a song on his mouth, and after going down the stairs, he pushed him into the car again, as if he was going to abduct his elder brother instead of being abducted.

"Are you so impatient?"

Li Yun got into the car, dumbfounded.

After chatting with Hu Lao last night, Li Yun decided to go to the capital in person in order to catch Zhao Tianfu's black hand behind the scenes, and Hu Xiaomeng took the initiative to follow him to help.

The black hand behind the scenes is related to the magic door, and it is estimated that Li Yun can solve it, so he can't go, plus Li Yun wants to trigger an event to get rewards, this trip to the capital is inevitable.

"I can't wait so much~, just a little~"

Hu Xiaomeng's face blushed, he put his arms around Li Yun's shoulders a little shyly, leaned half of his body against him, bit his ears and said, "Big brother, Xiaomeng also wants to learn spells, okay?"

The little girl's tone is delicate and cute, and normal people can't bear to agree to her.

The luxury car moved slowly, and Li Yun sitting in the back seat was accompanied by such a little beauty. He was so coquettish and cute, so naturally, he felt uncomfortable.

"Spell?" Li Yun squinted his eyes and lay halfway on the seat, allowing Hu Xiaomeng to toss and act like a baby on him.

"Yes~!"

Hu Xiaomeng turned around and lay on Li Yun, shaking his shoulder and begging: "It is the first time Xiaomeng knows that there is such a magical thing in the world. In the past, Xiaomeng's goal in life was nothing more than to live happily and happily. , But now that I know these things, I am obsessed with it, I really want to learn these things, big brother, you can promise Xiaomeng, Xiaomeng can promise you anything~~!"

Chapter 1363: Life negotiation

The driver shook his hand and almost drove in the wrong direction. He was shocked that the little lady of the Hu family had a relationship with this magical young man so...good!

"Uh."

Li Yun was a little embarrassed, Hu Xiaomeng was no longer a hint, but made it clear.

But not surprisingly, her favorability is already 99, and her body and mind are almost completely tied to Li Yun. It's not surprising to say such a thing.

—The driver is from the Hu family. He knows the rules and will never pass these words out.

"It's not that I don't want to, but I can't, and it's not a spell after finishing it."

Li Yun explained to her the reason. Hu Xiaomeng's IQ would naturally understand it, and she was also very serious. After asking a lot of questions, she was finally convinced.

"Hee hee, good!"

Fox Xiaomeng hugged Li Yun coquettishly again, rubbing his head against his chest, like a little cat: "Then Xiaomeng will learn martial arts seriously, and he will enter Dao with martial arts in the future~~!"

With that, Hu Xiaomeng approached Li Yun's face and kissed him, her little cheek is full of shy blushes: "There is the medicine pill given to me by the big brother, Xiaomeng is now in the early days of the day after tomorrow, but sure I will soon be able to enter the innate, and then I will learn the fire control technique, hehe, the big brother's hand was so handsome last night~, Xiao Meng was so excited that he didn't sleep well all night!"

"Did you sleep last night? Then go to bed now."

"Xiaomeng is not sleepy yet, wait until I get on the plane."

Hu Xiaomeng kissed him again.

Li Yun laughed dumbly. Compared to ambiguous, Xiaomeng kissed him more like the intimacy between brothers and sisters.

However, it seems that people with high IQs are very curious, such as Qingyu and Shan Xiaoxiao, they are also very interested in spells.

Li Yun really didn't lie, he is still worrying about how to advance the Shayang Fire Art to Intermediate. If he can't, he can only wait and then switch to spells.

The source of aura... is the aura in the Lotus Immortal Mansion. Before that, Li Yun needs to obtain more aura values!

"Big brother."

Hu Xiaomeng lay on Li Yun's chest and said in a faint tone: "Do you know what Xiaomeng's goal in life is?"

"Just now you said, be happy."

Li Yun laughed and said, Hu Xiaomeng is indeed very happy. She knows that she has a high IQ, but Xiaomeng often pretends to be innocent and does not want to expose her IQ and EQ, and she does not know that it is because of her body. In the big family, it is still because of the simple desire to hide.

She is similar to Shan Xiaoxiao in a way.

"Um."

Hu Xiaomeng's chin rested on his hands, his hands were flat on Li Yun's chest, and he looked at him with big eyes: "Brother Yun, do you know? I am actually quite afraid of birth, old age, sickness and death."

"Um?"

Li Yun was taken aback for a moment, and he couldn't think that people like Hu Xiaomeng who sell cute every day would have such troubles.

"In Xiaomeng's impression, grandma is a very good person and treats Xiaomeng very well, but unfortunately she passed away when Xiaomeng was seven years old. Grandpa was very sad, and Xiaomeng was also very sad."

"Little Meng!" Li Yun comforted her by touching her little head.

Hu Xiaomeng bit his lip. "Grandpa is also very old now. Every time I haven't seen him for more than a month, I'm worried about whether Grandpa will get older...not much."

After a pause, she said happily: "I feel much better now. My elder brother took out the elixir, which made my grandfather healthier all at once!"

Li Yun smiled. The small recovery pill is not built, it is enough for Hu to maintain a healthy and long life. It is not a problem to live to 90 or even 100.

Chapter 1364: Fox Xiaomeng's favorite

Hu Xiaomeng said a lot of things, and Li Yun felt that his relationship with her broke through a lot. This is completely different from the 99 favorability suggested by the system. The two are like close brothers and sisters, or lovers, suddenly become Be different.

The driver didn't interrupt during the whole process, and he didn't plan to tell anyone about it afterwards.

The relationship between the little lady and Mr. Li Yun is probably the result of Mr. Hu's approval!

The car came to Zhonghai Airport, waited in the VIP room, and boarded the plane again and took the first class. Hu Xiaomeng finally closed her mouth and began to feel dizzy. She did not lie down in her position to sleep, but lay down. I fell asleep on Li Yun, with crystal saliva flowing out of the corner of his mouth, and I didn't know what he was dreaming of.

Li Yun felt that if Xiaomeng hadn't taken the initiative to do these things and had a happy expression on his face without any signs of intimidation, it is estimated that the stewardess would have called the policeman.

But even so, the stewardess looked at him with a look of scum, and muttered something like a perverted scum, Lori, and the service did not have a good face. She gave him a stern look, fully demonstrating what it means to watch Look at the heart with nose and nose.

"Little Meng, you really hurt me."

After getting off the plane, Hu Xiaomeng woke up, but still did not want to get up, and instead lay on his back, coquettishly said that he had just woke up with soft legs, and asked Li Yun to get off the plane and board the car with her on his back.

"What is the misfortune?"

Hu Xiaomeng chuckled and put his arms around his elder brother's neck, and said in a childish voice that was quiet but full of strange temptations: "In school, I don't know how many boys want to get close to Xiaomeng. It's a pity that all of them are stupid. There are a few who are not stupid and bad, smart and not bad, and not handsome enough."

"No one is handsome, smart or not bad?"

"Yes, as soon as I met, Xiao Meng couldn't wait to catch him~, hehe~!"

"Isn't it me?"

"Hehehe~, big brother, when I get home, will I give you a kiss? As a reward for carrying me back~"

Li Yun coughed and coughed. Fortunately, this girl spoke in a very small voice, otherwise the people who were paying attention to them would definitely report to the police.

"Little Meng, what are you talking about!?"

"Humph, don't think that people don't understand anything~, boys and girls in school have been exposed to these for a long time...No, eldest brother, you are only in high school, why don't you know this? Humph~"

Hu Xiaomeng squinted and smiled like a little fox. Li Yun couldn't see her eyes, but he could certainly imagine the expression of this cute and cunning little girl.

"Naughty."

Li Yun stopped talking quickly, Hu Xiaomeng was already a girl's age, how could Li Yun, who was carrying her soft body, couldn't feel it.

The graceful posture has all the beauty of a girl, full of youthful vitality, slightly green, enough to make people feel the taste of beauty.

"I'm not fooling around!"

Fox Xiaomeng turned his eyes, suddenly raised his head, turned his head and shouted at the people around him: "Uncles and aunts, brothers and sisters, my Fox Xiaomeng announced that I like Big Brother the most, and Big Brother is Xiaomeng's boyfriend. , Also the future husband, Hu Xiaomeng likes big brother the most~~~, la la la~~!"

In an instant, the airport became quiet.

Everyone was stunned at this wonderful combination. The handsome boy carried a slightly immature ***** his back. The picture was unspeakably beautiful, just like the urge to love each other at an early age and desperate to prove his love for each other.

Young and energetic, the bitterness and sweetness of love accompany each other, and many people smiled knowingly, thinking that this is just a mess between young lovers.

Chapter 1365: Rice is expensive in the capital, and it's not easy to live in big

Although the girl being carried by the teenager is indeed a little young, the teenager is not too old, and very handsome, unlike the greasy uncle who abducts and ignorant Lori.

"It's so handsome! Tall and handsome and full of sunshine, ooh, ooh, when I was in high school at the beginning of the year, how could I not meet such a handsome person? If my old lady meets him, I will chase him to death!"

"Go, just do you want the old cow to eat tender grass?"

"Oh my God, what a cute little loli!"

"The name is Xiaomeng? It really is a cute loli, she has dimples when she smiles, and I am so cute..."

"Cute loli with a handsome boy, a combination of childhood sweethearts...I have already made up a 1.42 million-word novel."

Li Yun heard the surrounding voices of admiration or admiration, and quickly grabbed Xiaomeng's thigh and walked out. The crowd of onlookers quickly saw that the two of them got into a luxury car.

A luxury car is nothing, but behind this luxury car, there is actually a bodyguard's vehicle!

This shows that one or both of these handsome and lovely couples are rich enough to have a certain social status, otherwise there is no need for a dedicated bodyguard team!

"My god, rich, handsome, and his girlfriend is still a childhood sweetheart, isn't this deliberately enviable to death?"

"The TV dramas are all deceptive. The rich are not very happy, and they are very happy!"

"Mom, I also want to be a rich man."

After leaving behind a group of onlookers who ate dog food and envied them, Li Yun took Hu Xiaomeng into a luxury car and officially drove towards the capital.

Capital, the capital of Huang Xuan country.

The political, governance, and cultural center, the second largest economic city, is only slightly weaker than Zhonghai City.

Here gathered the whole Huang Xuan State's head and face. There is a saying that if you drop a brick at random, it is a fifth-grade official who hits it.

This is enough to prove the prosperity and power of the capital.

If you want to eat well here, one point of background is not enough, and two points of background are not enough. You have to have a lot, and a large background, in order to enjoy the things that are truly enjoyed by the upper class here.

For example, the courtyard in front of you is spacious and has a towering courtyard.

Chongwu District, located on the second ring of the capital, the unknown represented by the name of the second ring is amazing enough!

To put it bluntly, the price of any commercial house here starts at 100,000 yuan per square meter, and a three-bedroom house of 100 square meters costs at least 10 million yuan, which ordinary people can only look up to.

The value of the courtyard house in front of Li Yun is incalculable because it is four-in and four-out.

"It's annoying here."

Hu Xiaomeng puffed up his mouth and held out his little finger at this tens of billions of courtyards and said: "Grandpa doesn't know what to think. He always wants me to live in an old house in the capital, and it will be uncomfortable to die in the summer. It's better to live on the upper floors and be dry, big brother, don't you think?"

Li Yun couldn't laugh or cry.

I don't know how many people dream of wanting a big house. As for the courtyard, it is the dream of the next life, and there is no hope in this life.

But Hu Xiaomeng, the little girl, said that it was uncomfortable to live, moldy in spring, hot ground in summer, no wind in autumn, snow in winter, and a lot of dust.

It's not easy to live anyway.

"It's not bad if you can live." Li Yun vomited.

"That's not it." Hu Xiaomeng was very serious. "My mother bought a villa and three commercial houses. She didn't want to live in a village, but she wanted to live. She lived in her hometown in Beijing for less than a month each year. broken!"

Li Yun was speechless.

Chapter 1366: Hu's welcome

So people in different circles have no common language at all.

Ordinary people need to be house slaves for decades for a house of five million yuan, but rich people can take turns to live in. Hu Xiaomeng has no intention of showing off in his tone, but simply narrates the situation. She thinks Li Yun I definitely don't care about the "secular" house anymore!

"It's alright, let's talk about being beaten again." Li Yun smiled and flicked her head. Sometimes rich people are really hateful. For example, earning a small goal or something, it's so annoying cough!

"?"

Hu Xiaomeng blinked big eyes suspiciously. Who is going to hit her? Didn't you fight? Huh~

"Uncle Ma." Hu Xiaomeng looked at the driver and asked him: "Why don't you drive in?"

There is a staircase in front of the courtyard, the vermilion door is open, and the plaque on it reads four characters: Qin and Jiaying.

Judging from the age of the plaque, this family seemed to be engaged in business before. As business professionals often split their families, they used the plaque to encourage their families to be diligent and harmonious.

"Miss, the third wife will come out to greet you immediately." The driver replied respectfully, and Hu Xiaomeng understood it all at once.

Not to greet her, but to greet Li Yun!

"Uh, no need for that, let's go Xiaomeng, let's get off the car."

Before the driver had time to speak, Li Yun had pulled Hu Xiaomeng out of the car, but it happened to greet a group of people from the gate of the courtyard.

There are males and females, and they seem to be three couples, plus a few young people who are slightly older than Li Yun.

"Little Meng!"

One of the young men greeted Hu Xiaomeng with a smile, but was quickly stopped by a beautiful woman next to him: "Nothing, no rules!"

"Mom, you named me Hu Weiping, not a fool."

"Shut up, talk more to see how I can deal with you!"

The young man named Hu Weiping hurriedly shut up. Her mother was really hitting, and she was very powerful, so that the spanking came to fruition.

A group of people greeted him. The middle-aged man in the middle took the initiative and said to Li Yun in a three-point respectful tone: "Are you Mr. Li who came from your hometown in Longyang County with Xiaomeng?"

The young men with the temperament of a big family were suddenly shocked.

Their second uncle, who can almost be said to be one of the core in the Hu family, and who is in a high position, is now respectful to a young man who is younger than them!

What the **** is this? !

Moreover, the second uncle, the third uncle, and the second uncle and uncle all rushed back, and only the uncle outside the province did not show up. It can be said that half of the Hu family came forward to welcome the young man!

How could this not shock the Hu family's sons and daughters?

"Mr. Li dare not be, just call me Li Yun, may I ask you who?"

"Hu Guorong!"

The middle-aged man replied in a calm tone, with a smile on his face: "My father gave our brothers and sisters a very distinctive name, called Prosperity Prosperity. Unfortunately, I only have two brothers, so in that order, I have only my eldest brother Hu Guofan and my third brother. ——" He pointed to another middle-aged man who was slightly younger than him, "Hu Guochang."

After speaking, he motioned to the next beautiful woman with his eyes.

The beautiful woman seemed unwilling, so she glanced at Li Yun with her eyes, and reluctantly said: "My name is Hu Guomei, and my sister is Hu Guoli."

The male symbolizes the prosperity and prosperity of the motherland, and the female is the beauty of the mountains and rivers. From the names of the children, we can see the patriotic heart of Hu.

In fact, the names of the older generations are all like this, and even many company names have this meaning.

Chapter 1367: Four-in-four-out house

"My name is Hu Weiping!"

The young man who spoke before stood up and smiled and gave Li Yun a thumbs up: "Brother, I admire you!"

Isn't this good enough to let the people of the Hu family mobilize to greet him?

"Hu Weiping!" x2

Hu Guorong and Hu Xiaomeng spoke at the same time, the former's tone was angry, while the latter's tone was three-pointed showing off.

The two looked at each other, and finally Hu Xiaomeng began to speak: "Hu Weiping, you must not offend your elder brother, otherwise your grandfather will definitely not spare you, you know?"

The expression on the young man's face froze, "Xiao Meng, why did you call me by name again? Didn't you call me fourth brother? Really!"

"Humph~~"

Hu Xiaomeng was very proud. He turned his head and smiled at Hu Guorong and said, "Second uncle, father, mother, let's ignore this Hu Weiping, go in, go in and talk."

The previous beautiful woman Hu Guomei was still not very happy. Anyone who was called back to meet a young man and a mere junior would be upset.

If it weren't for the old man's death order, she didn't want to come back at all!

Li Yun followed this big son into the courtyard. It is said that the reason why the Hu family was called Miss Hu Xiaomeng is because she is the third brother of the three brothers, that is, the daughter of Hu Guochang, and she is the youngest, so Became a little lady.

The quadrangle courtyard is very large, four in and out, the main house, the east wing and the west wing, the penthouse, the large garden, the small garden, the front yard, the back yard and so on. Ordinary people can get stunned when they enter the courtyard!

The so-called several entrances and several places means that one courtyard is connected to another courtyard. The door in the middle is called "one in and one out", and several courtyards are called several in and out.

Divided by the number of ancient yards, only one yard is naturally an ordinary family, three-in and three-out are at least rich and noble merchants, five-in is high officials, seven-in is princes and generals, and nine-in is decapitation...no, it is a royal garden.

Jiu is the extreme, except for the emperor in the courtyard of Jiu Jin, everyone else is decapitating.

Although the courtyard house owned by Hu's family has only four entrances and four exits, it is not as modern as in ancient times. All the princes' mansions are nationalized. Only this four-in and four-out courtyard can be reserved by private individuals as a historical and cultural site. Yes, but don't change too much at will.

"The house with four ins and outs...It's really big!"

Li Yun can only use what he sees to express his emotions. When he thinks about it, he knows how spacious the mansion connected by four courtyards should be.

There are five or six rockery alone, as well as a small lake. Of course, the pavilion garden is also indispensable. Living here is undoubtedly an absolutely extravagant act!

"Humph."

The beautiful woman Hu Guomei snorted insignificantly, as if it was an arrogant attitude toward the countrymen entering the city, but it was hidden well.

"Hehe, it's okay~"

It seems that because of returning to the place where he often lives, Hu Xiaomeng jumped up and down when he walked, humming and saying: "There is nothing surprising here. It is better to live in Huangting Mountain in Zhonghai City, where the castle is only Beautiful~, if I have time, I will take your eldest brother. The mountain is beautifully built~!"

Needless to say, Hu's family must also have real estate there.

Most of the people in the Hu family didn't look good towards Li Yun. Even Hu Xiaomeng's parents were not too cold towards Li Yun. Even if they saw that Li Yun and Hu Xiaomeng had a good relationship, they didn't care about it. Caring is just to complete the welcoming task given by Mr. Hu.

Chapter 1368: This is what the old man meant

Only Hu Guorong was very enthusiastic and took the initiative to introduce to Li Yun: "This was originally the residence of a large merchant in the Qing Dynasty. It was later robbed by a member of the National Army. Later, we took it back and assigned it. When the credit was given, this courtyard was given to my dad as a trophy, and continues to this day."

Li Yun looked respectful and said: "Old Hu is defending his family and the country, he deserves the respect of a younger generation like me!"

Mr. Hu spent his entire life on the battlefield, and this courtyard is a precious legacy he left to his descendants.

This sentence made the Hu family's complexion better.

Hu Guorong smiled slightly and brought Li Yun to a living room. Everyone sat down at once, and several servants dressed in mandarins and some modern clothes brought fragrant tea.

After everyone took a sip, they had a boring chat. When Hu Guomei and the others almost wanted to leave their seats, Hu Guorong asked, "I wonder what happened to Li Yun when you came to Beijing this time? Don't worry. As long as it is within Hu Jiali's ability, we will do our best to handle it for you!"

The faces of the Hu family sank again.

They don't know why the second uncle is so respectful to Li Yun. This is simply not a return of favor, but a kindness, and it is still a great kindness!

Look, Hu Guorong's term is to handle it for you, not to help. Isn't this a great kindness?

"Second brother, you are so generous." Hu Guomei finally couldn't help but sneered. The others also looked at Hu Guorong with strange eyes.

"This is what the old man meant."

Hu Guorong replied without raising his eyelids. Although blunt, no one dared to refute it.

In the Hu family, as long as Hu is still alive for one day, he is the only core and the key to the Hu family's ability to unite and contribute to the outside world.

Hu Xiaomeng blinked, as if her uncle and aunt didn't even know the inside story?

Li Yun also watched his nose and nose while drinking tea. He was not interested in the small disputes of the Hu family, whether he was contemptuous or ignoring, he didn't bother to pay attention to it.

The stronger his strength, the better Li Yun's mentality, because there is no need to explain too much to others.

trouble.

"actually....."

"young people!"

Hu Xiaomeng and her father spoke at the same time. Needless to say, Hu Xiaomeng of course let her father Hu Guofan.

"what?"

Li Yun still respects Hu Xiaomeng's father.

Hu Guofan glanced at his daughter, and then asked, "I wonder if there is anything wrong with you coming to the capital? The old man asked me and my second brother to receive you. I think this is not easy, right?"

As soon as his voice fell, Li Yun saw the system prompt.

"Ding, trigger the option event, please choose from the host:

Option 1: Answer: I'm here to marry your daughter! Reward experience value +2 million, all attributes +3000, golden gift bag*1, extra reward: Hu Xiaomeng's favorability +1.

Option 2: Laughing but not speaking, no reward, a high probability of causing the anger of Hu Xiaomeng's parents.

Choice 3: Answer: I am here to find some people's troubles, reward experience value + 1 million, all attributes + 1000, purple gift bag*1. "

Li Yun glanced at Hu Xiaomeng weirdly, and if he proposed to marry him directly, he could make this girl's favorability directly full. It seemed that the 100 favorability score was only one shot away, and he could break through to fullness at any time.

He couldn't help sighing in his heart. He didn't know whether it was because of a lot of system blessings, or because of his strong strength, which caused the girl's admiration and caused so many girls to like him.

Maybe it's both. After all, it is a woman's nature to worship the strong.

Chapter 1369: Want to hit a few people

"Big brother, what's the matter?"

Hu Xiaomeng asked with a smile, she has indeed identified Li Yun now, otherwise she would not go to his house to meet his family, let alone be so close to him, and even do things like sleeping on his chest. Out.

"Nothing, I'm thinking how to answer this question."

Li Yun glanced at Hu Xiaomeng's small body again, and felt it was fine. It was not worthwhile to lie for rewards. He was not here to propose marriage.

Xiao Meng is not the enchantress of Concubine Wan Qing, she slapped her a few times on Concubine Wan Qing Li Yun, and was kicked back after the big deal, but Xiao Meng was different.

"Humph!"

Hu Guomei couldn't understand Li Yun again, and sneered: "I can't even speak, I really don't know how the old man was defrauded of trust by you, second brother, I don't think this will work, Longyang County's hometown still has to send someone back Keep it, lest the old man get confused for a while!"

Hu Guorong was noncommittal, and smiled at Li Yun and said, "Just talk about it, don't be nervous."

"It's not nervous either."

Li Yun took a sip of tea slowly, moistened his throat, and said, "I came to the capital to kill a few people."

"puff!!"

"Kang Dang!"

"what?!"

"Cough cough cough!"

"you!"

There was a mess in the living room. Hu Haili spit out a sip of tea. Xiao Meng's mother widened her eyes. Hu Weiping shook her hands in fright. When everyone heard Li Yunshi's shocking words, they almost couldn't believe their ears.

Hu Guorong rubbed his ears and asked, "You mean, you came to the capital for...?"

"Yes, I want to kill a few people."

Li Yun answered him honestly, and the needle suddenly dropped in the living room. They couldn't believe that the old man was actually getting involved with a killer.

Is it to kill for the Hu family?

No, it's impossible. With the old man's character, he doesn't bother to do assassinations at all. Besides, who else in Huang Xuan is worthy of the Hu family's fight? joke!

"Puff hahahaha~~~!"

Hu Xiaomeng finally couldn't help it. She clutched her belly and laughed. She burst into tears and wiped her little hand: "Big brother, you are so amazing and endless when you speak, Xiaomeng admires you. Hee hee~~!"

She deserves to be someone she likes, and her uncles and aunts were shocked by a word.

boom!

"Naughty!"

Hu Guomei slapped the table angrily and stood up and shouted: "I don't have time to chat with you young people. My company still has a lot of business to deal with, huh!"

When he finished speaking, he wanted to walk away, but Hu Xiaomeng held her back: "Auntie, Brother Yun is not fooling around, what he said is true!"

"Um?"

Hu Guomei still loves her little niece, her anger cooled down a little, and she touched her head and asked, "What's going on? Auntie doesn't remember that Xiaomeng is such a fool, you know how big it is to kill in Beijing Is his sin?"

The ancients said that at the foot of the emperor, on the roots of the imperial city, it is the place where there is least disturbance.

When something happens, there will be countless eyes staring at you immediately, and you will peel off if you die!

"I know."

Hu Xiaomeng nodded seriously. Of course, she knew that the capital could not be messed up, but some things had to be done, and the elder brother still had to do it~.

"Li Yun!" Hu Guorong's face was solemn: "What you said is true?"

"It's not all true."

Everyone breathed a sigh of relief.

"Perhaps it was killing several families."

"puff!!"

Everyone vomited blood again, and they all looked at him with horrified expressions.

Chapter 1370: just kidding

In modern society, the death of one or two people is enough to alarm a major case team, this kid actually said to kill several family members! ?

"Either a lunatic fool, or a butcher madman!"

Hu Weiping took a deep look at Li Yun. He thought he had lived a chic and bold enough life, but compared to this madman who promises to kill, he even felt that he was as well-behaved as a harmless rabbit. of.

Everyone had weird faces, thinking about whether to call a guard to control this guy.

Killing is too heavy!

"Hahaha."

Li Yun laughed and said, "It's just a joke."

"you!"

Hu Guomei was very angry, she found that she and the rest of the Hu family were all being played around by this kid, just like a monkey playing!

The Hu family is in power. The noble capital is a behemoth. When has it been teased like this? !

At this moment, Hu Guomei could not wait to personally give him a few big ears, let him know what the majesty of the big family is to be offended!

"I just think that someone sees me unpleasantly." Li Yun took a sip of tea and said slowly: "I think I have too low a background. I am completely a countryman. That's why I uttered wild words and scared you. ."

After a pause, Li Yun looked around with a smile at the corner of his mouth, "It seems that the effect is good now."

Everyone was completely speechless, and they really didn't know what to say. Even Hu Guomei who was scolded by him was speechless.

"Puff puff puff~" Hu Xiaomeng bit her lip and sighed. She was about to laugh out of her belly, but in front of her elders, she did not dare to be too presumptuous.

"I. Damn!"

Hu Weiping slapped Li Yun's shoulder abruptly, "Brother, you are the fiercest and madest person I have ever seen. What are the four big princes in Beijing, the four big daughters, all shit! In front of you, dude, they are scum Scum!"

Li Yun was stunned. What are the four big sons and four big daughters, which seem to be similar to the top ten beauties on the university campus?

"Then you are one of the four princes?"

"No, I'm more famous than the four princes..."

"Shut up."

His mother slapped over, Hu Weiping went silent on the spot, and Xiao Meng chuckled again.

"Young man, no, Li Yun!"

Hu Guochang sighed and patted his shoulder: "It is best not to be too arrogant in the capital. Although the Hu family can protect you, if you act too arrogantly, it is easy to offend others and cause your future development to be unsuccessful, understand?"

Li Yun wanted to say that he was not arrogant at all, and of course he didn't want to develop in the capital, but he still nodded.

"Don't say the joke just now." Hu Guochang warned him again: "Otherwise, it will spread to other people's ears and it will be easy for people to hold the handle."

"...It's not exactly a joke."

Everyone was astonished again, this kid still wanted to say rants?

"I came to the capital to destroy several families. As for who it is and which family it is, it is still unclear."

A determination flashed in Li Yun's eyes: "But it is certain that some families will definitely not live long!"

Everyone was stunned for a long time, and Hu Xiaomeng smiled and said: "Uncles and aunts, don't be afraid, it's definitely not our Hu family who suffered. Of course, if someone gets stuck in, then we won't protect him. Well, that's what grandpa meant. ."

Hu Guorong nodded solemnly. Xiaomeng's words meant to say that if Li Yun does something to the Hu family, according to the instructions of Old Hu, the Hu family must cooperate fully and no one is allowed to resist!
