

Godly Choice 1391

Chapter 1391: Help

"You, you, you, don't mess around!"

Not to mention Wan Zicheng, even the surrounding Minghua Middle School students were terrified.

This golden sword is no joke!

"Chaos? How do you call chaos."

The golden dragon sword in Li Yun's hand gestured back and forth: "You admit your gambling and you lose. The little gangsters on the street know this. Why don't you, a noble-born Wan Shao, understand?"

Everyone looked at Wan Zicheng again, and some people who didn't think it was too big to watch the excitement began to booze.

"well!"

Stimulated by those scornful gazes, Wan Zicheng gritted his teeth, pointed his neck with his fingers and shouted at Li Yun: "Come on, just cut here, I think you dare, or don't... Damn!"

Before he could finish a sentence, Li Yun's Golden Dragon Sword had already passed him, and the speed was not fast, but if he didn't avoid it, he could definitely cut his brain off!

"I'm Cao!"

Wanzi jumped away like a frightened monkey, covering his neck with his palm, his expression on his face was uncertain: "You **** dare to chop!?"

"What can't you dare?"

Li Yun said indifferently: "Since you Wan Zicheng dared to attack the old Hu of the Hu family, and plan to control all the fools in Minghua Middle School, what you are doing is bold, what happened to me killing someone?"

Everyone was shocked, what's the situation?

Mr. Hu? Refers to Hu Xiaomeng's grandfather? !

"I, Cao, is this Wan Zicheng guilty of the bear heart and leopard? How dare to treat the retired old Hu..."

"You are paralyzed, this kid still wants to control us?! Impossible!"

"really?"

Everyone couldn't sit still all of a sudden. They thought they were just watching the show, but they didn't expect it to be related to them? Li Yun actually saved them? !

"The dead **** without dermatitis actually scolded me again!"

Hu Xiaomeng snickered and laughed. Zhao Tianfeng was so angry that she couldn't understand that this yin and yang guy must be referring to her idiot.

But Zhao Tianfeng couldn't refute it yet!

Because if Wan Zicheng is really plotting something wrong, and doing some conspiracy against her, Zhao Tianfeng will really become a fool, and Wan Zicheng will be invited to a golf party.

"Wan, son, success!"

Zhao Tianfeng's pair of Ruifeng eyes were filled with monstrous anger, and under the blessing of a tall figure of 1.75 meters, Wan Zicheng was shivering under the pressure of her aura.

"Say! What the **** is going on?!"

Because of this bastard, Zhao Tianfeng was scolded as a fool by the dead eunuch, how could this keep her from being angry!

"I!"

"Don't me yours."

Wan Zicheng still wanted to quibble, but Li Yun swung another sword horizontally, still not fast or slow, giving him a chance to escape in embarrassment.

"I'm Cao...you!"

"I know what you have done, so I don't need to argue."

Li Yun took a step forward and slashed his head with a sword. This time the speed increased. The golden sword drew a bright sword light and chopped it down. With a stab, it turned Wanzi into a garment on his arm. A long cut was made on his shoulder, and blood suddenly splashed out.

"you!"

"Hey, why do you keep being you, I'm afraid that you have become stupid like everyone else, right?"

Li Yun shook his head and sighed. He kept the golden dragon sword in his hand, and another sword passed, cutting off the hair on Wan Zicheng's head in half.

"No, no, help, help!"

Wan Zicheng collapsed completely, ran away in a panic under his feet, Li Yun unhurriedly chased up, the sword light swayed out and fell on his body parts.

Chapter 1392: Hu Jiabao is under

The students around were silent, their hands and feet cold.

They would never have imagined that in the noble school of Minghua Middle School, there would be people who dared to act fiercely in full view, and they would kill a classmate into a blood man with one sword at a time.

"stop!!!"

The security guard and the teacher finally arrived. When they saw the scene in front of them, they almost frightened their souls.

Every student here is an incomparably precious existence, not a top learning genius in the country, or a young master with an extraordinary background and a family with billions of assets.

But now they are being assaulted in the school. One can imagine what kind of pressure the school will face!

"Old teacher, save me!"

Wan Zicheng fell to the ground, his whole body hurt as if he was being cut by countless knives - in fact, it was indeed the case. He had been chopped by sword energy for at least twenty or thirty times, and he was considered merciless if he did not die on the spot.

"Security, get him fast!"

A leader who looked like a leader was shaking all over, pointing to Li Yun to give orders, and seven or eight security guards swarmed up immediately.

"stop!"

This time it was Hu Xiaomeng who called to stop. She stood in front of Li Yun with her arms akimbo, her face was full of righteous expressions: "I am Hu Xiaomeng, the daughter of the Hu family, do you dare to do it to me? !"

Suddenly, the vigor of the security guards faded.

The name of the Hu family is like Lei Guaner.

"Vice-Chancellor!"

Hu Xiaomeng said to the leader again: "My Hu family has taken over this matter. Any consequences will be borne by my Hu family. You'd better retreat, lest you get into trouble!"

The vice-principal's expression froze and he couldn't say a word.

As the leader of Minghua Middle School, he has enough pride and capital outside.

But facing the students in the school, especially Hu Xiaomeng, he didn't dare to put a fart.

"Furthermore." Hu Xiaomeng showed a smile: "Brother Li Yun is also for Minghua Middle School. It's best to kill someone like Wan Zicheng with a single sword, huh!"

The surrounding classmates had weird faces, and Li Yun was obviously the one who committed the crime. How come he has become a hero now?

"Chang!"

Li Yun took the Golden Dragon Sword back into its sheath, and smiled faintly at Wan Zicheng who fell to the ground: "Forget it, don't be so stubborn. For the sake of the vice-principal's face, I will give you one day to go back and bid farewell to your parents. , I will talk to you again tomorrow night."

This time, Wan Zicheng shivered with fright and dared not look at him again.

"Ding, the host makes a choice, reward: justice value +2000, experience value +1 million, all attributes +500, purple gift bag*1. Additional reward: Zhao Tianfeng favorability +10."

It's a pity that Li Yun could not get the golden gift bag, but the cost of killing Ten Thousand Sons was not included in his plan for this operation, and it will not be changed due to the system.

"Wan Zicheng, take good care of the last time and figure out what to do to keep your head, understand?"

The **** Wan Zicheng nodded tremblingly.

"Okay, that's all for today, Xiaomeng, let's go."

"Oh hoo, let's go, go back to dinner!"

Seeing Hu Xiaomeng jumping around holding Li Yun's arm, there was a hint of cruelty in the cuteness, and everyone shuddered.

Zhao Tianfeng glanced at Wan Zicheng coldly, and left a sentence: "Before tomorrow, I need a truth."

"Eldest sister wait for me, oh yes, Wan Zicheng, find out and report it to me as soon as possible. I am still blindfolded by the fuck, grass!"

Long Xingchen wanted to catch up with Zhao Tianfeng, but when the latter slapped him, he was dumb and stopped.

He understands that this woman is now getting angry and will not listen to anyone's words.

The onlookers looked at each other, and they all dispersed in the end. The vice-principal took a deep look at Wan Zicheng and left without saying a word.

It's no longer a simple problem of classmates fighting. There must be a deeper reason behind it!

Chapter 1393: Angry Hu Family

"boom!"

"This bastard!"

Along with the sound of cracking teacup, Hu Guomei's extremely suppressed anger sounded in a secret living room.

"How dare to behead the young master of Wanjia in front of many students in Minghua Middle School, he is so bold!"

"A little boy from Longyang County, who actually did such a thing in the capital, did he think that the capital was his home?!"

"Relying on the old man to support him, he would behave nonsense and blatantly commit a crime. Does this little **** still have a king?!"

Hu Guomei was so angry that she couldn't help turning her head and shouting at the other man in the room: "My third brother, your daughter just followed her around and didn't want to care at all?!"

In this room, the second-generation figures of the Hu family were sitting impressively, including the old Erhu Guorong, the youngest Hu Guochang, and Hu Guomei's younger sister, Hu Guoli.

Several of them learned that Li Yun had played the Hu family's name, and after a big fight in Minghua Middle School, they were frightened one by one, and they hurriedly gathered here to discuss what to do.

"This... I have already called Xiaomeng, but she said that she is eating out now and will talk about it in the evening."

Hu Guochang was embarrassed. Strictly speaking, Hu Xiaomeng now has a higher status in the eyes of the old man.

Even my own daughter is not as good as my own daughter, and being a father is also a failure.

"Humph!"

Hu Guomei was very annoyed, but Hu Xiaomeng's girl was backed by an old man, so she couldn't say anything.

"I don't care, anyway, I'm already married and I'm not counted as a member of your Hu family!" Hu Guomei was angry, and said directly to force the palace: "Second brother, if you don't want to do anything, the Hu family will have to toss that kid. No!"

Hu's family is her natal family. Although her Hu Guomei did not recruit her, her husband is also begging for food under the shade of Hu's family. She really wants to leave Hu's family and she can't bear it.

Hu Guorong lit a cigar and smoked mouthfuls, his eyes flickering, as if thinking about something.

After a long time, he squeezed out the cigarette **** severely, and said with a gloomy face: "I personally called the old man, and you guys help me speak!"

With him alone, there may be no way to move the old man.

"it is good!"

Several Hu family brothers and sisters immediately agreed.

"Beep~~Beep~~"

The phone rang for fifty seconds, and when Hu Guorong and the others were so nervous, the old man finally connected.

"Dad, I think..."

"Don't think about it."

Hu Guorong didn't finish a sentence, and Hu interrupted him: "I know what you want to say. The next time you change your position, your seat will remain the same. Don't try to make a relationship and go one step further!"

puff!

Hu Guorong almost vomited blood, he didn't even start talking about things, why did the old man suddenly talk about his position?

This phone call was blood loss, and he lost his father's support for no reason? !

"The brain is as stupid as a pig, and the next step will only bring a crisis to the Hu family. You should stay honestly!"

Hu was so annoyed that he was so scared that Hu Guorong quickly begged for mercy, let the old man calm down and talk about it, so as to avoid danger.

"Hmph, I am in good health now, enough to hold on to work until Xiaomeng graduates from university!"

Several people were shocked, meaning that the old man gave up on them and chose to cultivate Xiao Meng?

Oh my God, Xiaomeng is obviously the youngest of the three generations of the Hu family.

"Dad, I don't quite understand what you mean..." Hu Guorong was cautious. Despite working for many years, he was still very afraid of the old man, so the eldest brother could talk to him in a calm manner, and the others did not even dare to call past.

Chapter 1394: Listen to Xiaomeng's command

"Don't understand? It means your brain is too stupid!"

Mr. Hu reprimanded on the phone again. Hu Guorong and Hu Guomei were speechless. They also wondered if the old man was controlled by Li Yun, but this tone of speech definitely cannot be faked!

"Let me ask you, what is happening from all walks of life in the capital?" Hu asked in a deep voice.

"Of course it is reprimanding Li Yun's behavior in his eyes!"

Hu Guorong gritted his teeth: "He did something like that in the school. Many people called me to ask me what was going on. Even the heads of many departments directly warned, including business, education, public safety, foreign exchanges, and security. Wait, there are several big families involved!"

"Yes, Dad." Hu Guomei also nodded again and again. If it weren't for this, she wouldn't come back in a hurry to discuss countermeasures.

"Confused!"

Old Hu scolded again: "So many people called you, but someone really caught Li Yun himself?"

"This... should be there soon, right?"

"Yes? Haha, let me ask you again, is there a discussion meeting in Beijing for such a big thing?"

"No...not yet."

"The third question, has the security of the capital moved?"

"No....."

Hu Guorong sweated like rain, and he realized the problem.

A few hours have passed since Li Yun beat someone, but he is still having dinner and watching a movie leisurely with Hu Xiaomeng, and still have time to date outside? !

Even with the face of the Hu family, Huang Xuanguo's legal principles are extremely strict, at most he will tell the Hu family before arresting people, and will never condone until now.

"Do you want to understand?" Old Hu sneered: "There are really a lot of people involved, hum, whoever dares to move, I will catch whoever does it!"

Hu Guorong's body was shocked. There were many people who called to reprimand, and many families were involved. If they were all arrested, it would be really...

A big earthquake!

Enough to really turn the capital and set off a huge wave!

"Dad." Hu Guorong swallowed, "Will this be too serious?"

"Serious?" Old Hu smiled faintly. "You will see more serious things in the next few days. I can't even imagine what will happen. I can only suggest that you idiots stay at home and listen to Xiaomeng's instructions. ."

Listen to that girl's command?

Hu Guorong and others were astonished, but Hu had already hung up the phone without any explanation.

Several people looked at each other for a long time.

"really."

Hu Guomei looked at the information gathered from all parties, and her heart was shocked.

Although the pressure from all parties on the Hu family was very high, the upper side remained unmoved and did not intend to send troops.

Even, there is faint and extremely hidden news that a large number of security forces have quietly entered the capital, much more than ever, enough to overturn any family's power!

This means that Li Yun's actions are within the scope of the plan, just waiting for those clowns who can't bear to jump out, and then... catch them all!

"This... how could this happen."

After a few people sat there for a long time, they realized that an invisible storm had quietly struck, and anyone who dared to move would be crushed to death by a finger!

Hu Guorong smiled bitterly, "After all, the Hu family is supported by Mr. Hu and his eldest brother. We are just clinging to the minutiae of the Hu family... This matter, I will listen to Xiaomeng from now on."

They can even see through better than Hu Xiaomeng who is still studying!

Xiao family.

Xiao Wen hesitated for a while before knocking on his father's study.

Chapter 1395: Guardian Excalibur

But not long after, Xiao Wen was kicked out.

He didn't get any answer-in fact, he knew the corner of the incident in a disguised form, because his father was not angry and did not express anything.

This is enough to prove that he knew Li Yun would do such a thing, and even his father was one of the people who secretly supported him!

"Li Yun!"

A brilliance flashed in Xiao Wen's eyes, but it quickly dimmed.

He did not have any qualifications to participate in this matter.

At the same time, a small courtyard with elegant decoration in the capital.

Few people here know, but those who know are all important people, and they are even proud of being able to step into this courtyard.

But for Zhao Tianfeng, every time she came back here, she was suffocated.

This time is no exception.

It's just that the anger is not because of someone living in the courtyard, but because of the **** dead eunuch!

"Fengfeng, are you back? It doesn't seem to be the weekend today...ah, look at what I said, Fengfeng will come back whenever he wants."

A beautiful woman in the yard was carefully cooking the vegetable garden. After hearing the sound, she raised her head and suddenly revealed a beautiful and gentle smile.

If outsiders know that the area of the capital city, where the land is so golden, is actually used to grow vegetables, I don't know what it would be like.

"Well, mom, what about him?"

The cold expression on Zhao Tianfeng's face eased a little, but he still didn't have a good temper, especially when he mentioned 'him'.

"Your dad is reading a martial arts book." The beautiful woman whispered, but one sentence made Zhao Tianfeng more indifferent. The beautiful woman noticed this and quickly explained: "This time the martial arts book is very unusual. ..."

"What kind of book I am too lazy to care about!"

Zhao Tianfeng interrupted him coldly, stepped into the study, and went straight in without knocking.

In the entire capital, she is probably the only one who dares to treat the old man who is addicted to books in such a rude manner.

"Fengfeng?"

Buried in a pile of books, the mysterious old man who looked less than fifty years old, but whose hair and beard were all gray, raised his head, was dissatisfied at first, but soon a glimmer of joy flashed: "Come, sit down Come by Dad, Dad will tell you about these martial arts and make sure you listen to it with an eye-opener!"

This old man with a childlike appearance is exactly the father of Zhao Tianfeng, and he is also a supreme powerhouse standing at the apex of martial arts.

"not interested!"

Zhao Tianfeng's face turned to one side, it seems that because of the kind attitude of the protector of the godsword, her cold attitude has been somewhat eased, but when she thinks of her father's performance, Zhao Tianfeng's anger has overwhelmed the affection.

"Hey? Fengfeng sit down first. The martial arts book I found for my father this time is absolutely different. Not only can I point you to the advanced master realm, but I can even..."

"That's it!"

Zhao Tianfeng interrupted him, and said with a three-point anger: "I'm not here to listen to you talking about these useless things. I need you to do something for me. Can you help?"

If she hadn't had to, she wouldn't want to ask the person in front of her for help.

But because the dead ***** was really hateful, Zhao Tianfeng had to go home!

"Oh."

This old man, known as the Protector of the Country, is a bit disappointed now. He can't read the book anymore. He reluctantly said: "My daughter asked me to help. Of course I will help. Let's talk, what's the matter? Solve it."

"It's very simple." Zhao Tianfeng gritted his teeth and said, "I want to find out the details of a man named Li Yun, what does he do!"

"Li Yun? Li Yun... Wait, these books were captured by Li Yun!"

"what!?"

Chapter 1396: watch movie

eight pm.

"Big brother, let's go, go to the movies with Xiaomeng~!"

After having dinner in a high-end restaurant and strolling around in the nearby AD, Li Yun was still entangled by this girl, shaking his arm, looking at him with pitiful eyes, and attempting to go with him. Some things that couples will do.

For example, go to the amusement park, for example, to the haunted house, for example, to the hotel...cough!

The last option is of course impossible, so Li Yun can only helplessly agree to go to a movie.

"Yeah~~!"

Hu Xiaomeng happily made a victory sign, and took him to the luxury car where the driver had parked on the side of the road.

Her cute and innocent face, coupled with a youthful and lively atmosphere, wearing a lovely fluffy skirt, the whole figure is as cute as a doll, making passers-by turn their heads to look at her.

Some people are even more envious. To have such a cute little girlfriend is something junior and high school students dream of.

Although current students have repeatedly emphasized that they can't fall in love early, in fact, in junior high schools, there are already a lot of doubles secretly...

"Brother Yun is so nice~"

When he got into the car and his height was satisfied, Hu Xiaomeng was finally able to put his arms around Li Yun's neck, and happily kissed Brother Yun's cheek again, with a happy smile on his face.

.

Li Yun's face blushed, Xiao Meng is really getting more and more clingy, although it is really refreshing to have such a cute little Lori by her side, there is a sense of guilt inexplicably.

Fortunately, Li Yun is not that kind of evil spirit. Before Xiaomeng went to college, he wouldn't do anything to her, at best he would kiss her.

"All right."

Li Yun grabbed the little head that the girl wanted to come over again, "Don't be foolish, lest it affect it badly."

"What's the bad influence?" Hu Xiaomeng blinked innocently, "I am the sister of the big brother, what's wrong with getting in touch with me? Could it be that the big brother has any bad thoughts...well!"

Li Yun hurriedly covered the girl's small mouth, lest she could not stop her and let the driver go back and tell Mr. Hu.

"Don't mess around, let's go to the movies, and you will be at home tomorrow."

"Hey? No, Xiao Meng will also go out with his big brother tomorrow. Big brother is so powerful, he can definitely protect Xiao Meng~!"

Li Yun had a headache.

When the two came to the movie city, Xiaomeng Hu just pulled him to buy two love movie tickets. When buying the tickets, Li Yun felt that the conductor's eyes were not right.

If he hadn't been tall and handsome, he would definitely be treated as a pervert.

"Brother Yun, do you want popcorn? Drink? Hehe, Xiao Meng decided to have it, um, a big bucket, let's eat it together~"

The ticket office also sold popcorn by the way. The conductor looked at the little sister who was on tiptoe, then looked at Li Yun, and then secretly sighed and handed the big bucket of popcorn to the cute little sister.

They are handsome men and women, and they are obviously rich. She can't do anything to object, so she should not be nosy.

Besides, this little sister is probably at the age of a girl and she can't control it.

Li Yun looked at the ticket seller's eyes, touched his nose awkwardly, and quickly walked into the cinema with an excited Hu Xiaomeng.

Staying longer, someone will really come to cross-examine.

"Brother Yun."

Hu Xiaomeng took his hand and suddenly shouted.

"what happened?"

"This is my first time in a cinema~"

Chapter 1397: Ding, Hu Xiaomeng has a favorability rating of 100

Hu Xiaomeng's words were as soft as a beautiful girl, not just a cute Loli.

"And I came with someone I like, I'm very happy, really!"

Hu Xiaomeng lowered her head shyly, and the dim lights of the cinema corridor shone on her petite body, as if it gave her a gentle and emotional charm.

The delicate facial features are stained with red clouds, and the small ears are also slightly red. Two small hands are holding a large bucket of popcorn uneasy, and their eyes shyly dodge from side to side.

What she said just now is tantamount to an active confession.

And it was different from the confession of liking big brother in the past. It was completely the emotion between men and women. The affection contained in the girl's heart was suddenly shown in front of Li Yun, waiting for his answer.

"Little Meng..."

Only then did Li Yun realize in a daze that the girl in front of him is already a girl who has moved feelings for him, not just a little girl.

"Um."

After a long time, Li Yun nodded and made Hu Xiaomeng suddenly look up, his eyes full of surprises.

"From now on," Li Yun stretched out her hand and scraped her little nose: "Little Meng will follow me, how about it?"

"Only~~No~~I want~~"

Hu Xiaomeng suddenly became mischievous and stretched out his fingers to shave his face with soft and slender nails: "Brother Yun is right after me, hehe~"

Li Yun couldn't laugh or cry, this girl is really...cute!

"Ah~~~"

Hu Xiaomeng grabbed a large amount of popcorn and held it up, and handed it to his mouth. Li Yun smiled and ate the popcorn and said, "I'm not hungry just after eating, so I will eat it later."

"Hehe, Brother Yun, fool~"

After getting his affirmative answer, he asked him to eat the popcorn he bought and handed him personally. Hu Xiaomeng seemed to feel that this was an engagement ceremony, satisfied and happy, his big eyes narrowed, and he held his hand. Jump forward.

"La la la, Xiao Meng has a boyfriend~, a boyfriend who will never change for the rest of my life~~!"

The happy and crisp voice echoed in the theater corridor, which made many people look over in surprise. After seeing the cute look of Xiaomeng Fox, they couldn't help but smile, thinking that this was just a young man's joke.

But they certainly won't know that this is a declaration from the heart of a girl, and her mind about the person she likes will not change in her lifetime.

"Ding, congratulations to the host for getting Hu Xiaomeng's full favorability, and a red envelope is rewarded."

Li Yun was touched, although he had many confidantes around him, the more he was like this, the more guilty he was in his heart.

These beautiful girls who single-mindedly treat him are all people he deserves to protect.

"Little Meng, wait for me to give you something."

"Huh? What is it?"

Hu Xiaomeng was a little shy. Even though he had kissed Brother Yun's face many times, the two had a lot of ambiguity, but to be precise, until she confessed on impulse just now, the two officially established a relationship.

"Yes, is it a wedding ceremony?" Hu Xiaomeng squeezed, and the naughty and lively girl would still be shy when faced with this.

"...No, what do you think!"

Li Yun couldn't laugh or cry, and rubbed her little head dozingly: "It's still early to talk about this, let's talk about it later."

"Woo~"

Hu Xiaomeng puffed up her mouth. Of course she knew there were other girls beside Li Yun.

"Don't worry, it's a good thing, to ensure you are happy."

"Really? Xiao Meng looks forward to it~"

Chapter 1398: Ten golds open together

The gift Li Yun was talking about was of course what he opened out of the gift bag.

He now has an exclusive red envelope for Xiaomeng, a colorful gift bag, and more than a dozen golden gift bags. There is no reason to open a good thing!

Tomorrow to take Wanzi into their heads, it's time to strengthen your own strength!

"System, open the red envelope."

"Ding, congratulations to the host for getting the reward from the eighth red envelope: money*1,888,888,888, skill: justice aura, special reward: 1. Use three golden gift bags, you can specify special equipment to send to Hu Xiaomeng, 2. Use 6 golden gift bags to get Hu Xiaomeng's suitable exercises for cultivation, and enter the innate realm to obtain divine consciousness. 3. Use ten golden gift bags to obtain additional skills suitable for Gong Qingyu's practice Law."

"Justice aura: being upright, one can't help but feel good, double the lethality of girls who like sunshine, and it is easier to get the other side's goodwill."

Sitting in the cinema, Li Yun's mouth twitched.

The monetary reward was beyond his expectation. It directly rewarded 1.8 billion. Wouldn't the next one be 18.8 billion?

But then the special rewards given by the system are very cheating!

The price is clearly marked, 10 golden gift bags are exchanged for two exercises and a special equipment. The reward is not high or low, but it makes people want to stop.

"Woo, the hostess is so stupid, I can't think of this~!"

Hu Xiaomeng leaned close to Li Yun and put his arms around him, looking at the huge movie screen in front of him with tears, and was so moved by the plot inside.

Then, she got up and sat on Li Yun, sat comfortably on his lap, rubbed quietly and well-behaved like a schoolboy, and then watched the movie.

Li Yun is her petite body. Li Yun can't laugh or cry. There is no one in the cinema. The seats are casually seated. In addition to the dim environment, after a cursory glance, you can see that several couples are intimacy while eating popcorn. The atmosphere is quite sweet. .

This may be the biggest market for love movies!

"System, I choose the third item, use 10 golden gift bags!"

Li Yun made the decision to directly exchange 10 for two exercises plus a special piece of equipment.

The reason for supporting him so extravagant is because he got a lot of golden gift bags during this period.

Mixed into the hostage team*2, choose to board the plane*1, choose to continue flying*1, lightly slap the concubine Wan*3. Teach Wanfaxian*1, enter the Hu family*1, destroy the bee colony Gu, anger Zhao Tianfeng, force Wanzicheng and so on.

There are a total of twelve golden gift bags, plus a colorful one by kissing Concubine Wan Qing. This is why Li Yun dared to be lavish!

Besides, he also has a special reward, that is, he has chosen four golden-grade medicinal pills*5 that are still useless. There is no shortage of medicinal pills for the time being.

"Ding, the host makes a choice and rewards Hu Xiaomeng's special technique: Fox Demon Technique, rewards Hu Xiaomeng's special equipment: Phantom Fox Demon Claw, and rewards Gong Qingyu's special technique: Pour the country and the city. Additional reward: Two girls open When reading books, he automatically learns the exercises and is promoted to intermediate level."

Li Yun's eyes lit up, and the system actually generously gave his confidante the ability to learn skills automatically!

You know, Li Yun immediately grasps the skills when he learns the skills, but ordinary people can only read it word by word, and even need to slowly understand the content of the exercises. It takes several years to practice until the intermediate level. Even those who are nearly qualified can't get started.

Chapter 1399: Ding, colorful

But now the system has an ability attached to the exercise books, and they can immediately master the intermediate level when they open it, which is equivalent to saving at least three years!

"It's worthy of the reward for consuming 10 golden gift bags, it's worth it!"

Li Yun smiled very happily, showing a row of neat white teeth, Hu Xiaomeng looked back at him and puffed up his mouth, "It's so sad in the movie, but the big brother is still smiling, it's too bad!"

With that, Hu Xiaomeng grabbed a handful of popcorn and stuffed it into his mouth.

"Uh!"

Li Yun wants to cry without tears. He doesn't know what the role is in the love movie, but Hu Xiaomeng is not sure about the relationship. The big brother was the best and the best, but now it is too bad to become the big brother. NS.

"I will give you something good when the movie is over," Li Yun explained.

"what?"

In an instant, Hu Xiaomeng forgot the movie, and she wrapped his arms around his neck with joy. Like those couples in the movie theater, she twisted her body and kissed the corner of his lips, her face flushed red like a green and slightly mature little apple. .

"Watch the movie first."

"Woo, badass brother, isn't this enough?"

Hu Xiaomeng bit her moist lips, looked at him misty with big eyes, and after a long while, she moved up tremblingly... to offer a kiss.

Moreover, it was the first kiss.

"Ahem, it's not the reason!"

Knowing what she wanted to do, Li Yun hurriedly reached out to block her little mouth. Xiao Meng's first kiss can't be wasted here unclearly.

"Um....."

Hu Xiaomeng turned into a bird with her head and looked blushing on the screen while hiding in him, but she felt inexplicably that the movie was not good at all, and the love story she played was not sweet enough, not as good as the brother Yun next to her..

"The system opens 20 white gift bags, 10 green gift bags, 10 blue gift bags, and 5 purple gift bags!"

Li Yun opened dozens of gift bags in one go. It is estimated that there is nothing good. The rest is directly opened in gold. The highlight is the colorful gift bags. See if you can open a useful thing!

"Ding, the host gets the items from the gift bag: a box of biscuits, shampoo*1, a small-sized building block*1, a set of bed supplies, 300 pieces of barbecue*1, rabbit dolls*1..."

The screen full of white, green, blue and purple, Li Yun is not too surprised, these things are just...

Suddenly, a dazzling colorful light burst out suddenly, and Li Yun's heart stopped for a moment.

"Fuck... trough?"

On the lottery turntable, the pointer clearly showed that it pointed to an item that exuded colorful brilliance.

Moreover, the speed of the pointer is extremely slow, it is impossible to point to the next item!

"My mother, don't you say...?!"

Li Yun was ecstatic.

"Ding, congratulations to the host for opening a colorful item from the white gift bag: shooting the sun's arrow."

Li Yun was completely dumbfounded, and said that there was nothing good, but it turned out to be opened in a white gift bag!

This is really an unexpected surprise, and a big surprise!

I remember that the first time he obtained a colorful item, it was the god-level skill pill that he opened in the blue gift bag-it is still in Li Yun's inventory and has not been used.

"Let me see, what a good thing this sun shooting arrow is!"

Li Yun smiled from ear to ear, and a person flashed in his mind. No, it should be a god. Isn't it related to him?

Sure enough, after watching the arrow shooting the sun, Li Yun was sure that this thing belonged to that god!

Chapter 1400: Ding, another colorful

"Shooting the Sun God Arrow (Remnant).

Special effects: All invincibility, the top of the poor blue and the yellow spring, the arrow will not be emptied.

Explanation: According to legend, in ancient times, the earth turned into a fierce prison in the sky on ten days. Yi Wu shot out in anger, standing on the earth, holding a bow and arrows, shooting for nine days.

Restriction: The arrow of the gods is alive, only willing to attack the evil ones, and can only be used once within three months. "

This arrow should be the magical arrow used by the great witch of Hou Yi (also known as Dayi). Together with the sun-shooting bow, it shot and killed nine golden crow birds in one breath. It was powerful enough to destroy the world.

Unfortunately, there is no sun-shooting bow to cooperate.

Regrettably, this divine arrow is also crippled, and its power has been greatly reduced. Otherwise, it should be not only a colorful level, but a higher peerless treasure.

But even so, the sun shooting arrow is also a colorful item, and its cooling time of three months is enough to prove its powerfulness!

"The arrow of the sun shooting, the bow of the fairy-Silvin, the Lotus Immortal Mansion, the Heavenly Thunder Talisman of Nine Heavens, plus a god-level skill pill."

Li Yun checked the colorful grade items he had now, and his confidence increased greatly.

He will continue to attack now, there will be continuous attacks, if there is an outbreak, there will be an outbreak, and there are invincible escape items-big deal to hide in the fairy house, although in this way, the enemy will capture the lotus fairy house, which is a bit cheating.

"I still lack a piece of colorful equipment to protect my body!"

Li Yun looked at the last small pile of gift bags in the inventory, one of which was emitting a heart-pounding colorful light.

"The system, except for the colorful gift bags, is all on!"

"Ding, the host gets the items from the gift bag: mobile power*1, medium recovery pill*1, intermediate detoxification pill*1, anti-wolf spray*1, dead. reservoir water*1, three kilograms of oranges..."

"Ding, the host gets the item from the golden gift bag: Zhu Jidan*1."

"Ding, congratulations to the host for obtaining golden grade equipment from the golden gift bag: Space Ring (10*10*10)."

Li Yun's eyes lit up, it was actually a space ring!

He only opened three of these things, one for his own use, one for Fang Xue, and now this one for...Xiao Meng?

Uh, forget it, Xiaomeng already has a special piece of equipment, and this space ring will be given to Gong Qingyu...or else to Shangguan Lingxian? She needs medical treatment at any time to save people, and the ring will be much better if there is space.

But not necessarily, Lingxian is too virgin, if she exposes the space ring and has no protection ability, it will harm her instead.

"Happiness troubles, if only there were ten and eight space rings."

Li Yun sighed contentedly, and chose to open the final finale.

"Ding, the host opens the colorful gift bag. Congratulations on obtaining the colorful grade equipment: Ling Xiao stepping on the clouds."

"Ling Xiao steps on the clouds

Special effect: Chasing the moon and stepping on the clouds, reaching the sky.

Skills: Superb speed (passive skill, speed greatly increased), flying in the air (0/10000, can input true qi and aura to store, up to 10,000 points can be stored)

Explanation: This seems to be a set of equipment, which will have more powerful abilities after being assembled. "

Colorful grade suits?

Li Yun had some expectations, but when he thought about it, there were at least seven or eight sets of suits, and there were too many messy things in the colorful gift bags. Opened out of the gift bag.

However, even without considering the effect of the suit, the power of these shoes is beyond doubt, especially when Li Yun has not yet entered the realm of masters!
