

Godly Choice 1451

Chapter 1451: fly

But unfortunately, his height in front of Zhao Tianfeng is really tragic.

Zhao Tianfeng has beautiful legs and long and straight legs. Even though he is only wearing flat shoes, this Tao is still short out of thin air, and he has to look up at Zhao Tianfeng slightly when he speaks.

This leads to one more thing:

Zhao Tianfeng glanced at him condescendingly, his aura directly stunned him, and Tao He took a step back in fright.

"Humph."

Zhao Tianfeng, with long legs, hummed lightly, his eyes were full of disdain, and he turned and left.

She attracted the attention of many people along the way. After all, the beautiful, tall, and very special beauties who walked there can attract a lot of attention.

"Cough cough cough!"

Tao He was very embarrassed, he could only retract his outstretched hand helplessly, touched his nose, but still looked at Zhao Tianfeng's slender legs unwillingly, and his eyes flashed with the brilliance that a man knew.

Li Yun smiled faintly, without introducing too much explanation, and after nodding to Professor Ji, he walked towards the hall with Hu Xiaomeng.

"Grass, what to pretend to be, it's great to have money!"

Tao He's face sank, he lowered his head slightly, and looked at Li Yun with jealousy and a hint of hatred in his eyes. "When a person plays with two beauties, he will die on the belly of a woman sooner or later. No, this **** rich second. Shouldn't you break the law?"

Li Yun's face remained unchanged after walking some distance, and he only said to Hu Xiaomeng: "I found one thing."

"what?"

"There is no inevitable connection between high education and high quality. Many scumbags have high education, but the quality is really poor.

"Eh?"

Holding Li Yun's hand, Hu Xiaomeng thought for a while with a small face, then turned around and glanced at Tao He. It must be this guy who whispered and was heard by Brother Yun, right?

When he arrived at the airport lobby, Li Yun hired a taxi and reported his destination: a station in the province.

He was speechless all the way. After arriving at the station, Li Yun asked the two women to sit in the waiting room. He went to buy three tickets to Adoshan City.

"Beauty!"

Unexpectedly, Li Yun just sat down and heard a familiar voice again. He looked up and found that it was Professor Ji and Tao He and his party. They also came to the station in this province.

"Meet again, it's a coincidence." Tao He didn't give up, but cheeky came up to strike up a conversation: "Aren't you going to Aduo Mountain?"

Li Yun glanced at Professor Ji and nodded slightly: "We are indeed going to Aduo Mountain. Professor Ji is also the target of your visit to Aduo Mountain?"

"Correct."

Professor Ji gave a gentle smile, "We are indeed going to Mount A Duo, where there are volcanoes that are famous all over the world, young man, why are you going there again? Travel?"

"Travel, and hot springs!" Hu Xiaomeng replied, with a wicked smile on the corners of his mouth, as if he had specially ordered the hot springs.

"Soak, hot spring!?"

Sure enough, Tao He's expression became very exciting in an instant, his eyes patrolling between Zhao Tianfeng and her, his eyes were green with jealousy, and he looked like he could not replace Li Yun and these two beauties in hot springs together!

Not to mention Zhao Tianfeng's disgust, even Professor Ji's other student, a young man with gentle gold-rimmed glasses and a watch, can't stand it, showing an expression of disdain to join him.

"Beauty!" Tao He looked eagerly longing: "Why don't we go to Mount A Duo together? I know where there are high-quality hot springs, and it is also an open-air bath, equivalent to the beach, where you can bathe with men and women!"

"roll."

Chapter 1452: Chartered car

Only Zhao Tianfeng greeted Tao He with words of contempt in his indifference.

"Beauty, I..."

Tao He wanted to say something more. He had enough patience for this big beauty with slender legs, but suddenly, his eyes collided with Zhao Tianfeng's eyes, and it was like falling into an ice cave. The chill went straight from the spine to the Tianling Gai, and the whole person was cold.

"Hee hee hee."

Hu Xiaomeng covered her mouth and snickered, and she felt relieved when she saw this guy being taught by Zhao Tianfeng to kill her~!

"okay."

Li Yun patted Zhao Tianfeng on the shoulder and motioned to her to let go of the act of frightening the other party with divine thoughts.

Because Zhao Tianfeng died three times, his soul gained divine consciousness after going out of his body. Now it is time to be eager to try. Li Yun is sure that if she doesn't stop her, she can use her special killing intent to directly press Tao He down and let him fart peeing, my legs are so soft that I can't walk!

"Humph!"

Zhao Tianfeng retracted his unskilled spirit, and immediately Tao He sat on the ground with a cold sweat, and the look in Zhao Tianfeng's eyes was also frightened.

Everyone looked at each other and didn't know what happened—Zhao Tianfeng's spiritual thoughts could only be aimed at one person for the time being.

Li Yun chuckled and said to Tao He: "I'll give you a suggestion. In the future, you must meet up with beautiful women, otherwise you will easily provoke people you shouldn't provoke, and you will be embarrassed."

Professor Ji and the gentle student were a little embarrassed. Li Yun didn't wait for them to speak, and then said to Professor Ji: "It's okay to go to Ado Mountain together, Professor Ji, why don't we just charter a car? This is more convenient and faster. "

"Okay." Professor Ji quickly agreed, and at the same time warned Tao He with his eyes!

"Then I'll find out if there is a chartered car, you take it first."

There were only three people before, and Li Yun didn't bother to look for a chartered car. Now if he wants to go to Ado Mountain together, it is better to charter a car.

Tao He stood up with flushed face, patted the dust on his buttocks, felt the mocking sight of the people around him, and the fiery feeling on his face became more intense.

"This bastard!"

I didn't dare to do anything to Zhao Tianfeng, the anger and suffocation in his heart had nowhere to vent, Tao He directly attributed his spear to Li Yun, thinking that this kid had been ridiculing and ridiculing him, and he was humiliated by occupying two beauties!

"You have to find a chance to teach that kid too!"

Watching Li Yun discussing prices with some people, a trace of hatred flashed in Tao He's eyes.

He can't play with two beauties, so don't you want to have fun!

"Okay, let's go!"

Under the temptation of a high price of 50% premium, Li Yun quickly found a large van with 10 seats, enough to seat everyone.

Professor Ji came over with his luggage, reached out and opened his wallet, "Li Yun, how much will I pay you?"

"Need not."

Li Yun waved his hand and found an excuse: "I will ask for the fare this time. Professor Ji, you have worked so hard to learn. If this little money can still be used by you, just treat it as my support for scientific research!"

Many people nowadays don't believe in the so-called professors and experts, and even ridicule that they are called Beast Bricks. This trend is very one-sided in Li Yun's view.

It is true that there are some messy and well-known experts who have made a lot of cerebral palsy remarks, but more experts and professors have real materials. Huang Xuanguo's rapid rise depends on these people!

For example, Professor Ji, who is doing geological research, is in his fifties and is still investigating topography in the southeast, northwest and northwest. On this point, not many people in the country can do it!

Therefore, as long as they are professors who come from universities and have formal teaching tasks, Li Yun respects them.

Chapter 1453: You explain

"No need?" Professor Ji couldn't help showing a smile on his face. This young boy could make such beautiful verses while on the plane, and now he took the initiative to entertain guests. He was indeed a young man of good character.

"No need!" Li Yun smiled: "I still have this little money, let's go, Professor Ji, you are welcome."

Professor Ji glanced at Zhao Tianfeng, then at Hu Xiaomeng, and nodded thoughtfully: "Then I would be disrespectful."

Being able to travel to hot springs in the volcanic town of Neijiang Province, accompanied by two top beauties, it is conceivable that this young man does have some money.

It's just that the little beauty looked a little too young. She was fourteen or five and she was just a little loli.

Professor Ji shook his head helplessly. The young people nowadays are too precocious, and he can't persuade him, forget it.

"Really rich, no wonder you can come to the hot springs!"

A strange sound of Yin and Yang sounded, and everyone knew it was Tao He without looking, so no one paid any attention to him.

The disregarded Tao He's face became more gloomy. After taking a look at Hu Xiaomeng, he sneered and said, "Rich man, how old is the little beauty next to you? No need to study? Her parents knew that you would kidnap her. Hot springs?!"

Everyone looked weird, Tao He consciously found a way to attack Li Yun, so he clung to it more and more: "Little beauty, don't be afraid, we are from Zhenguan Provincial University of Geosciences. If you are threatened by him, just tell us. By the way, did you go to junior high school this year?"

If she is under fourteen, it is appropriate to report to the police arresting people, nothing to say!

But if you are fourteen years old, you can't control what others do.

Everyone's expressions became more and more strange, and the gaze looking at Li Yun was even more wrong.

"Ding, trigger the option event, please choose from the host:

Option 1: Give a severe lesson to Tao He, reward justice value +10, gift bag to be determined, experience value +100,000.

Option 2: Answer: Hu Xiaomeng is my girlfriend, please report it and see who dares to arrest me! Reward: Evil value + 10 million, lower prestige value in Huang Xuan country.

Option 3: Ignore, no reward. "

Seeing the system prompt, Li Yun was very surprised. The evil value was directly increased by 10 million? !

The system does not seem to be a spoof, if you dare to choose 2, it will definitely add tens of millions of evil points!

"Could it be said that if I choose to do illegal things by virtue of my prestige, or if I speak wild words and act unscrupulously, the evil value will soar?"

When Li Yun thought about this possibility, the more he thought about it, the more he felt right.

Sure enough, a thousand good deeds does not mean that you are a good person, because people have two sides. In the morning, you can help your grandmother to cross the road, you can cheat on exams in the afternoon, and you can play games in the evening and laugh and curse.

It's easy to do good things, but it's difficult to do good things all the time. As long as you do a bad thing, your personality will be contaminated and will not be washed away.

This is probably why the system does not allow the justice value to offset the evil value.

"Professor Ji, I think it's better to call the police!"

Seeing Li Yun's face change, Tao He became more proud and directly took out his cell phone and threatened triumphantly.

This kind of cute and cute, like a little beauty from the second element, he can't get it, and others can't imagine it!

"Cough cough." Even Professor Ji coughed and reminded him: "Li Yun, I think it's better for you to explain."

The three bodyguards looked at Li Yun as if they were looking at the scum, but Hu Xiaomeng blinked innocently, as if he didn't know anything.

Chapter 1454: Explain what

Hu Xiaomeng's innocent and lovely little girl's appearance has made a few people more and more angry, and they can't wait to personally rescue her from the scum!

"really weird."

Li Yun looked at them in confusion: "Me, Xiaomeng and Tianfeng just came to the hot springs. Why did you report the police? Is it illegal to come to the hot springs?"

Everyone was taken aback, then coughed again and again.

Is this because they want to be dirty, or they want to be crooked, or are they impure?

Professor Ji coughed and coughed a few times. He also thought of going somewhere else just now. He blamed Tao He for what he said was really imaginative, plus Hu Xiaomeng looked really small, but there was something else. A different kind of charm can even be said to be a sense of Ning.

"Don't pretend here!" Tao He sneered, "I don't believe you know what this means. I have seen you a lot of rich second generations, which one is not a lot of tricks? Pick up girls, take drugs, all kinds of brand-name sports cars. Bao Xiaomi, hum!"

The more he said, the more jealous his tone seemed, and he seemed to wish that he was the rich second generation and played all the above!

Li Yun smiled faintly, "If you don't be a rich second generation, I suggest that you can pick up girls and drive sports cars just like me. Do you want to know what it is?"

"Yes, what?" Tao He asked subconsciously, his eyes faintly fiery.

"Be the rich generation."

Leaving a flirty word, Li Yun got into the van.

Everyone laughed, "If you don't be the rich second generation, just be the rich generation. That's really good!"

"Tsk tsk, if you don't become a rich generation, it means you are too bad."

"Some people are crazy when they want to be the rich second generation, but they don't work hard to be the rich generation. They only want their parents. Who is to blame?"

"Oh, so, you can't just rely on your parents!"

The three bodyguards ridiculed each other, turning Tao He's face green with anger: "You, you wait, see if I will not report, the police will arrest you!"

"This big brother~"

Hu Xiaomeng looked at him with innocent and innocent eyes. Tao and his bones were softened by this look. He only felt that the little girl in front of him was really cute, just like the loli who came out of the anime!

"Why do you want to catch Xiaomeng's boyfriend?"

"Because, because of him..."

"Ah, I get it~"

Hu Xiaomeng patted his hands and looked at Tao He with pity: "Big brother, you must have reached the age when you can fall in love, but you don't have a girlfriend yet, right? So you are jealous of Xiaomeng, I'm in love with Brother Yun. Big brother, you are really a bad guy!"

Tao He was dumbfounded on the spot.

"Ha ha ha ha!"

The three bodyguards laughed together, and even the gentle student couldn't help but smile.

Professor Ji couldn't help but said, "Student Xiaomeng, even if you are at an age where you can fall in love, you should also focus on your studies. Also, remember to protect yourself!"

"Got it~!" Fox, Xiaomeng, and the raccoon smiled sweetly, jumped into the van, and hugged Li Yun's arm with a happy face: "My brother Yun is not a bad person, so you don't have to worry about Grandpa~"

The underlying meaning is that she knows that she also understands the conversation just now, but she is willing to trust Li Yun and let Tao and such people stop making trouble.

Li Yun couldn't laugh or cry, this fox Xiaomeng is really a little vixen, he is bigger than a small devil, and more naughty than Shan Xiaoxiao!

"It's good if you know."

Professor Ji shook his head, but felt relieved. The little girl looked naive at a very young age, but she was actually very clever. With her IQ that can tease Tao He round and round, she can't suffer.

Inferring from IQ, it is estimated that she is just looking young, and she should be at the age of falling in love, so he doesn't need to worry about it.

Chapter 1455: I'm Brother Yun's girlfriend

But things are not over yet.

"Tao He." After getting in the car, Professor Ji thought of something. He turned around and glanced at his student with a majestic look. He warned for the second time, and he directly warned, "Don't be troublesome!"

Tao He's face turned pale, and he was speechless.

As a graduate student of Professor Ji, it can be said that his teacher has the power to kill and kill. The graduation defense, thesis, and the follow-up letter of introduction are all extremely important to Tao He. Unless he wants to withdraw from school, Professor Ji absolutely cannot Offended!

"Just remember it."

Professor Ji sighed secretly.

He was a good student during the interview, but after he really took him for a while, he discovered that Tao He was completely uncarving, all kinds of scams, and his mind was not academic at all.

Had it not been for the inability to return the goods, and the dismissal of him would affect his reputation, Professor Ji would have blasted him away long ago!

"Ding, the host made a choice, gave Tao He a severe lesson, rewarded justice value +10, blue gift bag*2, experience value +100,000, extra reward: geology (graduate level)."

Are there additional rewards for small selection events?

Li Yun blew a whistle, not bad, geology at the graduate level is equivalent to Tao He's level of knowledge.

Coupled with his mastery of master archaeology and some knowledge of geology, Li Yun estimates that his level of geology is definitely better than Tao He!

"Everyone is there?" The driver slammed the door closed, then looked back at the passengers' opportunity, and then glanced at Zhao Tianfeng with amazing eyes.

"Well, let's go."

Li Yun nodded, he and Xiaomeng Zhao Tianfeng were sitting in the three positions in the last row, and he didn't know how, he became the one sitting in the middle, which led to the enjoyment of hugging and hugging. feel.

In addition, Xiaomeng's girl has been sticking to him, half of her petite body is lying on him to act like a baby, her soft voice is very cute, which makes the people in the car envy and jealous.

"Then let's go, let's go!"

The van driver reluctantly retracted his gaze. The beauty sitting behind his car is definitely the most beautiful beauty he has ever driven!

And although the younger one is not his food, he can also see that the little beauty will not look much worse than the big beauty after waiting a few years.

"What do these people do?"

The driver muttered in his heart, waiting for the car to drive out of the city, and when he was free, he asked: "Brother Li, don't you look like you are together, traveling with your girlfriend?"

"Yes!" Hu Xiaomeng answered first, his voice very clear and sweet.

The driver was surprised and almost drove the car into the ditch!

Dare to feel that this little beauty is his girlfriend, and that big beauty is just here to accompany?

"Hee hee~"

As if seeing the driver's thoughts, Hu Xiaomeng said triumphantly: "I am Brother Yun's girlfriend, Sister Tianfeng is not, she came to play with us~"

At this moment, the drivers and bodyguards all sighed in their hearts: nowadays students, it is really getting early to fall in love!

I heard that many of them started in elementary school, and junior high school is already quite sophisticated. As for high school, they are almost the same as adults.

I can only say that the Internet is harmful!

The gentle-tempered student pushed his glasses and said thoughtfully: "In fact, in ancient times, we were married at the age of fifteen or six. It's just that the modern life span has increased, so the age of marriage has also increased."

Professor Ji denied his view: "The age of women in marriage and childbirth is still between 20 and 28."

"That's right. Eighteen-year-old adulthood is determined based on scientific research."

Li Yun can only sigh, as he deserves to be a top student, and the topics he talks about are quite professional.

Chapter 1456: Bubble volcano

"Brother Li, did you really go to the hot springs? It's great to have money!" The driver was quite envious, and then asked for a topic: "I know a few cheap hot spring hotels with good facilities. Two or three people can stay. There is absolutely no spring water!"

Zhao Tianfeng quietly pinched the man next to him.

"Why pinch me?"

Li Yun looked embarrassed. He said that he was just joking about taking a bath in the hot springs. Why is everyone now emphasizing bathing in the hot springs?

Sure enough, it was because there were two beautiful women around.

"Brother driver." Li Yun had no choice but to explain: "The hot spring I want to soak in A Duo Mountain is not an ordinary hot spring. Well, ordinary people definitely don't want to go in!"

"Oh?"

As the driver drove, he said strangely: "It's impossible. I know all the hot springs in A Duo Mountain. Better hot springs have been bought and opened in hotels. The hot springs in the wild are not easy to soak at all. They are either too hot or too cold. It's not cold or hot, it's muddy, okay!"

Li Yun smiled and said, "The hot spring I'm going to is very hot."

"How hot is it?"

"The kind of heat that can burn all human bones."

"Damn!"

A bodyguard inserted the mouth and looked at Li Yun with surprise: "Brother, are you going to go to the crater to soak in the hot springs?"

"Huh? You guessed it, I just want to go to the volcano."

"puff!"

"squeak!"

"Cough cough cough!"

The people in the car were in a mess, and the driver's car almost drove into the gutter again, frightening him quickly to hold back his smile and concentrate on driving.

"Hahahaha, brother, cow!" The bodyguard gave Li Yun a thumbs up and laughed happily: "This is the first time I heard that someone went to a hot spring in a volcano, hahaha!"

Tao He couldn't help but sneer and sneer: "Poo the volcano? This joke is really bad enough!"

"Oh." Li Yun sighed, "You don't believe it after you say it, forget it, don't say it."

Everyone had the expression that you screamed at me, and Xiaomeng Fox smiled with tears, wiped her eyes with her little hands, and said with a smile, "Really, Brother Yun didn't lie to you, he I really want to go to the volcano, um, just jump into the crater and blast the volcano to make it more comfortable!"

Everyone: "..."

What else can they say? Jump into the crater, isn't it just turned into ashes!

"So you are here to find a volcano."

Recalling Li Yun's method of manipulating the flames in the mist, Zhao Tianfeng finally guessed Li Yun's purpose. She just said, although the dead ***** is very anxious, he is not that kind of idiot. He went all the way to take her and Hu Xiao. Meng went to the hot springs.

Li Yun smiled and did not answer Zhao Tianfeng.

"volcano....."

Professor Ji frowned, "Li Yun, are you kidding me?"

"Of course." Li Yun nodded affirmatively, making everyone unable to tell the truth from the real for a while. Wouldn't there be a fool who wanted to jump into the crater?

"What volcano are you looking for?" Professor Ji asked again.

"I don't know the details, but there is a very special volcano in the Haraha volcano group."

Li Yun smiled slightly and asked, "Professor, it seems that you came to Aduoshan City not only to investigate geography, right?"

With that said, he glanced at the three bodyguards sitting in the front row.

After asking this sentence, Professor Ji's expression became more and more gloomy. After a long while, he sighed heavily.

"It sounds like my fault..."

Professor Ji's tone was low and he revealed a sorrow: "Half a month ago, I asked my students to investigate the geographical environment of the Haraha volcano group, by the way, to examine the reasons for the recent frequent small-scale eruptions of the volcano, but I didn't expect... "

"disappeared?"

"Yes."

Chapter 1457: The Missing Case (Part 1)

Shi Liangcai, this is the name of the missing student of Professor Ji. This year's third-year graduate student has a very high academic level. He has confirmed that he will go abroad to study for a doctorate. A letter of recommendation written by Professor Ji himself.

Since a year ago, the geological monitoring agency of Aduoshan City has been monitoring abnormal conditions. The Haraha volcano group 30 kilometers away from the urban area has been erupting on a small scale. There are signs of a large-scale outbreak.

So Professor Ji sent his student Shi Liangcai to investigate, but unexpectedly, Shi Liangcai set out to go to the volcano group, but he disappeared.

It's like falling into a volcanic crater and being swallowed by billowing magma.

Zhao Tianfeng frowned and glanced at Li Yun, then looked at Professor Ji: "You have a police report, right? What did the police say?"

It was a coincidence that made Zhao Tianfeng doubt Li Yun's purpose in coming here, so she took the initiative to ask.

"There is a report!"

Professor Ji shook his head slightly, "Unfortunately, there was no news. The police only confirmed that he had left Adoshan City and went to Haraha Volcano. He never came back. The police also organized people to search the volcanoes several times, but ...Nothing was found."

Volcanoes!

Even if you haven't seen it with your own eyes, you can imagine the intricacies of the environment, and coupled with the raging magma, hundreds of people disappearing in it can't make any waves.

Li Yun opened his mouth to say something, but the system issued a prompt at this moment.

"Ding, trigger the option event, please choose from the host:

Option 1: Help find Shi Liangcai, confirm his condition, reward justice value +1000, experience value +2 million, all attributes +1000, purple gift bag*2, extra reward: geology upgrade to doctoral level.

Option 2: Ignore, no reward. "

Is there another event trigger? The reward is okay, but it might not be easy to find the missing Shi Liangcai in the volcanoes.

Unless he did not disappear naturally, but was murdered!

Li Yun asked in a deep voice, "Professor Ji, how do your students usually be? Are there any people who have a disagreement? For example—"

"Grass! What do you think of me!?"

Watched by Li Yun with suspicion, Tao He jumped up on his seat as if he was electrocuted, and denied aloud: "Although I don't usually have a relationship with Shi Liangcai, I never thought about buying a murderer. It's even more impossible to go in person... To be honest, I don't even know how to buy murder. The police have asked me many times. You **** don't doubt me!"

"That's it~" Hu Xiaomeng showed a sweet smile: "Then it seems that the relationship between you and the missing brother, this big brother, is really not very good."

When a little girl pointed out these, Tao He's face became stiff, his smile became uncomfortable, and he couldn't get angry, so he could only mumble: "It's not me anyway, teacher, can you still trust me!"

Li Yun looked at Professor Ji, who just shook his head and did not speak.

Another student of Professor Ji, the gentle-looking Xu Zimo denied: "It's not Tao He. He can't do such a thing. If the brother is indeed murdered, then I think he's because I was in Ado. What happened to the mountain, not because of the original life circle."

Zhao Tianfeng analyzed in a calm and almost indifferent tone: "For example, exposing his own money, or being involved in some social vendetta, or seeing something that shouldn't be seen, drugs, gangs, horror|group. Weaving and so on."

Chapter 1458: Missing case (part 2)

Every one of Zhao Tianfeng's list may be frightening. If Shi Liangcai was involved in these things, the possibility of finding out is very small.

Unless it happens to catch the mastermind.

"professor."

Li Yun looked at the worried old professor: "I happen to be going to Haraha Volcano too. Why don't I help you find it."

Zhao Tianfeng glanced at him with slender Ruifeng eyes, this dead **** was really kind.

Professor Ji hesitated for a moment, "Li Yun, I appreciate your kindness. However, although the Halaha volcano is not full of magma, it is not easy to find people on foot, especially if you still bring two girls. "

Li Yun said, "Professor, don't underestimate us. Besides, our purpose here is to go to Haraha Volcano, really!"

Tao He said with yin and yang strangely: "Would you really find a crater to jump down?"

Li Yun smiled without saying a word, too lazy to talk to such a person.

Professor Ji wanted to say something, but Hu Xiaomeng stretched out a small pink fist, squeezed it hard, and showed off: "Grandpa Ji, don't underestimate us, Xiaomeng and Brother Yun are not ordinary people. Don't surprise you!"

Professor Ji was taken aback, and then suddenly realized, "So you have practiced martial arts, okay, so I have nothing to say, thank you Li Yun for your help."

The bodyguards and Tao He and others may not know the martial artist, but Professor Ji still knows some things, knowing that some people's physical abilities are different from ordinary people, and they are very fighting!

"It's nothing."

After the matter was settled, everyone soon came to A Duoshan City.

It is a city, but Li Yun seems to be about the same as a small town, larger than a small town and smaller than a county seat. Looking at it, there are almost no buildings with more than ten floors, and the architectural style is completely different from the style of the coastal area of Huangxuan State. It is a kind of woodcut flute similar to the bear country. It is carved from wood and hand axe. It has edges and corners, and is neat and orderly. It is very special.

After entering A Duoshan City, everyone could see the heat from the large hot spring everywhere. Hu Xiaomeng yelled from time to time and pointed out the window to let Li Yun look at the smoking mountain.

Li Yun nodded secretly. Mount A Duo is far away from the volcanoes. Instead, it is a tourist city with beautiful mountains and clear waters and a magical natural landscape. Tourists from all provinces of Huangxuan State and even countries around the world can be seen on the road.

Harun Aershan, the original meaning is "warm and holy spring water", here is one of the best choices for hot springs!

"Go find a better hotel."

Li Yun told the driver, Hu Xiaomeng bit her lip and seemed to be complaining: "Don't you go to the hotel where you can take a hot spring?" She was looking forward to having a hot spring with Li Yun for a long time.

Generally speaking, big hotels do not have good hot springs. Those hotels with chic shapes and elegant decorations are specially designed to entertain people who come to hot springs.

Li Yun helplessly rubbed her little head: "If there is something waiting to be done, it will be uncomfortable to soak in the hot spring. Wait until you come back to soak again, if there is still time.

".....Ok."

Hu Xiaomeng bulged and felt that Brother Yun was right, he should finish things quickly so that he can enjoy the hot spring comfortably.

Zhao Tianfeng has no objection. Soaking in the hot springs is like going to the beach. Wearing a swimsuit is nothing to be shy. Besides, she has been watched by this **** eunuch...

"Humph!"

"?"

Zhao Tianfeng

Chapter 1459: Invite Zhao Tianfeng

After finding the hotel, everyone settled down, put their luggage, and ate lunch.

After discussing with Professor Ji, Li Yun decided to make preparations this afternoon and leave early tomorrow morning.

"Brother Yun, let's go, let's go shopping in the supermarket and go shopping by the way, hehe~"

Hu Xiaomeng couldn't sit still for a moment, and now it's hard to get a chance to get along with Li Yun. It's not okay to use the date to deepen the relationship~

Zhao Tianfeng's expression changed slightly. He sat on the sofa in the living room of the hotel suite, holding a mobile phone in his hand, not knowing who he was chatting with.

Li Yun stood up, but the system issued a reminder at this moment.

"Ding, trigger the option event, please choose from the host:

Option 1: Invite Zhao Tianfeng together, reward Zhao Tianfeng's favorability degree +2, white gift bag*2.

Option 2: Not invite her, let her buy things for her in the living room, and reward Zhao Tianfeng with a degree of -10.

Option 3: Ignore and reward Zhao Tianfeng with a degree of -20. "

Seeing the choices given by these three systems, Li Yun was speechless.

Dare to love now that Zhao Tianfeng wants to go out shopping with him and Xiaomeng, but he is shy and afraid to speak, so he sits on the sofa like a fool?

Thinking of this, Li Yun couldn't laugh or cry. He didn't think that Zhao Tianfeng, a woman who cultivated killing intent, had a decisive character, and fought like a Valkyrie, could actually have such entanglements.

"Sister Fengfeng~"

Before Li Yun could speak, Hu Xiaomeng naturally grabbed Zhao Tianfeng's hand and pulled her up, and said with a smile: "Let's go together~, let's go, let's go shopping~"

Zhao Tianfeng's pupils shrank slightly, and it seemed a little surprised that Hu Xiaomeng would take the initiative to call her.

In theory, she and Hu Xiaomeng are not friends. Although they have fought together in the fog, for various reasons, the relationship between the two was not good. The meeting was a mockery, and it was impossible to play at all. piece.

But now...

"go!"

Li Yun waved his hand and went out first.

Can you complete the task of the invitation?

"Ding, the host makes a choice, reward: Zhao Tianfeng's favorability +1, white gift bag +1, additional bonus: Zhao Tianfeng's favorability for Hu Xiaomeng +100%, the host's harem and crab power increase, it is gratifying."

puff!

Li Yun almost vomited blood, what the **** is this extra reward?

Zhao Tianfeng's affection for Hu Xiaomeng... Is it possible that the two of them have to develop Lily?

Who doesn't like to see two beautiful little sisters doing Ji.jpg together.

"Hehe, Sister Fengfeng's hands are so beautiful~, how do they take care of them?" Hu Xiaomeng took the initiative to hold Zhao Tianfeng's hand, and the two exchanged their skin care experiences.

Li Yun couldn't intervene, so she shrugged and thought, when I send you the skin care and beauty pill, other cosmetics will not be needed at all.

"Miss Zhao, what a coincidence!"

The three of them left the hotel suite and saw Tao He standing in the corridor at a glance.

He greeted him with a smile on his face. Just as he was about to speak, Zhao Tianfeng raised his fist and slapped him in the face.

call!

The strong wind blew his face, and the whistling sound from his fists sounded in his ears. Tao He was so frightened that his face was pale. After the three of Li Yun left for a long time, he realized that his back was completely wet with cold sweat.

"I, I'm a stinky watch!"

Tao He weakened his legs and sat directly on the ground. He really thought he would hit his face with the punch just now. The indifferent and murderous look in his eyes was definitely not fake. The woman would really kill him!

Chapter 1460: Beauty in front

"That person is really annoying!"

After entering the elevator, Hu Xiaomeng complained directly and complained for Zhao Tianfeng.

Zhao Tianfeng said indifferently: "This kind of person is just fine. The toad eats swan meat, it's really wishful thinking."

Li Yun vomited: "You still treat yourself like a swan so shamelessly."

"Of course Xiaomeng and I are swan meat." Zhao Tianfeng's eyes were slightly smiling: "And someone must be a toad!"

"That's it~~~" Hu Xiaomeng pointed his finger at her white, tender and fat face, and looked back and forth between Li Yun and Zhao Tianfeng: "Is it possible for the toad to eat swan meat?"

"Cough cough cough cough!"

"Humph!"

Li Yun coughed endlessly, Zhao Tianfeng's white face was stained with red glow, and his eyes avoided answering this question.

Favorability is 91, which is already a very high value.

After a short period of awkward and ambiguous elevator time, after walking out of the hotel, under Hu Xiaomeng's gag, the atmosphere of the three quickly improved.

Hu Xiaomeng went from walking with Li Yun's arm to holding Zhao Tianfeng intimately. The two seemed to have become a pair of real girlfriends and sisters. They talked and laughed, not like they just became friends.

Li Yun wondered whether it was Hu Xiaomeng's high social skills, who would be cute and behave like a baby, or was it because of his relationship that they quickly became friends?

"Sister Fengfeng~, what do you want to eat at noon tomorrow? Hee hee, ask Brother Yun to store things for us, so you can bring a lot of things!"

When he came to the supermarket near the hotel, Hu Xiaomeng started his own demon skills, and Zhao Tianfeng pushed shoppers in this three-story supermarket and yelled, as if he didn't need money, and he picked it up when he saw something delicious. Throw it in the shopping cart.

In her words: "You don't need to bring your own anyway, we will have a super, super hearty meal for a picnic at noon tomorrow!"

Li Yun was speechless, dare this girl think that tomorrow is a spring outing in the wild?

To have a picnic on a spring outing to the volcanoes, but she can't figure it out!

The appearances of the two women are both top-notch beauties, coupled with noble temperament, although they are dressed very low-key, they still can't hide the elegant temperament revealed on their bodies, which has led to the attention of these two beauties. Bigger.

Infected by Hu Xiaomeng's giggling laughter, almost everyone who entered the supermarket was attracted by these two top white riches. The delicate features and skin of the two women are as dazzling as the sun in this small tourist city!

"Beauty! The beauty in front!"

"Hey, what a coincidence beauty, we also happened to come to the supermarket to buy things!"

The beauty of the two finally attracted some small gangsters to accost, and they still used a rather low-level approach—at least in Li Yun's view, the four social people dressed up and the men with tattoos are gangsters.

"beat?"

Zhao Tianfeng didn't talk too much nonsense. He took Hu Xiaomeng's hand and pulled it back to protect her, and looked at Li Yun, who was pushing a full shopping cart behind him, with a questioning look.

Sure enough, it was Zhao Tianfeng. The first sentence was asking if he wanted to beat them up. He was more irritable than Li Yun.

"beat?"

Among the four gangsters, the headed one was short and sturdy, with a bald head, tattoos on his arms, and a big face laughed: "Beauty, look at your age, you don't have a small tone, know where we came from. Do you know where this is?!"
