Chapter 1471: Pegasus Ranch

"Pegasus Ranch!"

Four large characters of dragon and phoenix dancing were carved on the gate of the ranch. Two yellow-orange horse statues were placed in front of the gate. Li Yun looked inside through the two security guards at the gate. The inside was full of green grass, vaguely It can be seen that a row of buildings is estimated to be a horse farm for raising horses.

"Okay, Manager Mu, you can go back."

Li Yun calmly opened the car door and walked out. The two beauties, big and small, who were sitting in the back seat, also got out of the car. Manager Mu looked around, then took another look.

After reading it more than a dozen times, his head turned like a top, but I still couldn't find where Li Yun's bodyguard was!

Instead, the security guard at the gate looked over, as if he was about to do anything if he didn't agree.

"Brother Li, where's your bodyguard?!"

Manager Mu's heart was beating fast, and his words were a little trembling, shouldn't...

"There are no bodyguards."

"what?!"

Manager Mu was completely frightened, "You don't have a bodyguard?! What you said before..."

Li Yun shrugged and walked forward calmly, leaving him with only one sentence: "I only said that I had bodyguards, but I didn't say that I brought Mount Aduuo."

"I... Cao!"

Manager Mu, who has a good temper, had to make a **** at this moment, his mouth opened wide, "You didn't bring bodyguards...? Isn't this looking for death!"

"Don't worry, today I see me, Hu Xiaomeng, want to show off my skills and be an anti-violent and peaceful woman!"

Fox Xiaomeng was full of excitement, Xiaofen squeezed her fists, kicked her calf, and looked like I was going to beat ten!

"stop!!!"

The two security guards in the security room finally confirmed that there was a problem with the car that suddenly came to the gate of the ranch. The two beauties who came were not only the lovers of the boss, but also came for trouble!

"Who are you?!"

After the two security guards sounded the alarm, they each rushed out with electric shock batons, and shouted fiercely, "Do you know where this is?!"

"I know~"

The little beauty among the three pointed to the four big characters on the gate of the ranch, and replied very seriously, "Isn't it the Flying Horse Ranch?"

The expressions of the two security guards softened a bit. After all, this little beauty looks cute and speaks cutely, and she doesn't seem to be a troublemaker at all.

"Since you know, then why are you here?" A security guard showed an ambiguous smile: "Are you here to apply for the boss's secretary? Hey, if that's the case, I'm sure you will be able to apply for the little beauty. Come on, I like the cute and petite beauties like you as the boss!"

"Secretary? What is a secretary?" The little beauty blinked innocently and innocently, her big eyes were watery and pure, revealing her ignorant immaturity, let alone Luo Li's kind, normal men would not be able to bear it.

"Secretary? Of course it's the boss's personal*, the so-called secretary..."

"Snapped!"

The security guard didn't say a word, and suddenly a palm wind blew, and it hit his face righteously, his cheeks swelling up and swelling instantly.

"Xiao Meng, there is no need to say anything to this kind of person, because I dirty my mouth."

"Yeah, okay~" Hu Xiaomeng glared at the stunned security guard, and said in a crisp and tender voice: "Even your boss wants me to be a secretary? It's so beautiful! If you want to fight, I can only Become Brother Yun's personal secretary~, let Brother Yun do whatever...well."

Zhao Tianfeng covered her mouth, this girl didn't cover her words, did she understand or not?

"You, you!" The security guard who was slapped on his cheeks, his nose crooked with anger, pointed at the only man among the three, and was about to yell at him. Suddenly, his pupils suddenly widened:

"I... Cao!"

Chapter 1472: crazy

A shadow enveloped the sky and covered the evening sun, bringing a deep sense of fear to all those who witnessed this horrible scene!

The cheeks were red. The swollen security guard's teeth trembled. What did he see? !

Located on both sides of the entrance of the Pegasus Ranch, it was two meters and five meters high and made of brass. The statue of Pegasus weighing more than one ton was easily lifted by the man who slapped him just now. !

As the man walked step by step, the huge Pegasus statue pressed on top of the two men's heads like a big mountain. The force of terror caused the two security guards to frighten their legs directly, forgetting to escape, and directly gave up resistance.

When this thing is smashed down, they will directly become meatloaf, there is no other possibility!

"I only ask one thing." With the heavy statue in his right hand, Li Yun smiled slightly: "You old slaughter, are you inside?"

No one answered.

Only madly nodded.

The two security guards were so scared to pee their pants, their tongues knotted, and they couldn't say a word.

"Very good, very honest!"

Li Yun smiled, and then tossed the two-ton statue with his right hand, and flew under the shocked gaze of the security guard and Manager Mu sitting in the car, kicking the Pegasus statue into the air like a football.

No, to be precise, it's an undercut in football!

Huhu! The howling sound hit the gate of the ranch heavily, and the whole gate exploded directly with a bang, and countless pieces of wood were exploded and flew close to the ranch together with the Pegasus statue.

Boom!

The ground was shaken, and the two security guards were directly

The huge Pegasus statue made a huge scream and sat on the ground, his eardrums buzzed, and he fainted when he rolled his eyes!

Hu Xiaomeng hid in Zhao Tianfeng's arms first, and the latter also covered her ears, as if her sister was protecting her.

And Manager Mu, who was sitting in the car, was completely frightened by Li Yun's supernatural power.

Further away, some thugs who were attracted by the alarm, holding sticks directly froze in place, cowering and daring not to move forward.

"Are you always so violent?"

Even Zhao Tianfeng couldn't help but give Li Yun a roll of eyes. This guy is really barbaric!

Li Yun patted his hands and said with a smile: "Since I am here to smash the venue, the plaque on the gate must be knocked down, otherwise it is in vain?"

"Go, what are your theories!" Zhao Tianfeng scolded with a smile: "I think you are very skilled. You must have done this kind of thing often before!"

Rubbing the head of the little girl in Luli, Zhao Tianfeng suddenly felt that it felt good to hold Hu Xiaomeng, soft and fragrant. No wonder Li Yun often hugged her.

. Li Yun shrugged, and then received a prompt from the system.

"Ding, the host makes a choice and forcibly breaks into the Pegasus Ranch, reward: experience value + 1 million, all attributes + 1000, purple gift bag*1."

"Ding, trigger the option event, please choose from the host:

Option 1: Find the slaughter and bring it to justice, reward experience value +4 million, all attributes +3000, golden gift bag*1, justice value +20000, extra reward: random martial arts skill level increased by one level .

Option 2: Find the people behind Tukai and behind the scenes, and capture them all alive! Reward experience value +6 million, all attributes +5000, golden gift bag*2, justice value +25000.

Option 3: Run quickly, reward: crisis induction. "

The person behind the scenes?

The corner of Li Yun's mouth bends, so it's not easy to slaughter it!

Chapter 1473: awkward

"Go, let's go in!"

Li Yun took the lead to walk into the ranch, Hu Xiaomeng and Zhao Tianfeng followed closely. Neither of them took out their weapons. From their point of view, the mere Pegasus ranch was not in their hands?

The huge rumbling sound alarmed everyone in the ranch. When the three of Li Yun walked in, groups of thugs rushed out, but everyone dared to step forward and stood and watched from a distance with various weapons.

"Hee hee, it's like welcoming us in line!" Hu Xiaomeng looked left and right, nodding very satisfied.

Zhao Tianfeng was expressionless, and there was a gust of scent between the movements of his slender legs, which stunned the thugs at the Flying Horse Ranch.

"Where is your old slaughter?" Turning Zhenqi, Li Yun's voice spread all around: "Tell him to get out and die!"

Everyone took a step back in fright.

In A Duoshan, how many years has no one dared to call the boss's name directly? !

Moreover, the young man who broke in also uttered wild words, letting the boss come out and die...

Zhao Tianfeng couldn't help but said, "Why are you so arrogant now? Didn't you pretend that you couldn't beat me on purpose before... Wouldn't you mean to make me ashamed?"

"Ding, trigger the option event, please choose from the host:

Option 1: Explain, reward Zhao Tianfeng's favorability degree +2, white gift bag *3.

Option 2: No explanation, no reward. "

Seeing the prompt from the system, Li Yun's mood was quite complicated. Do you want to explain?

If you get too close to Zhao Tianfeng, Li Yun is worried that her favorability will become full and won't drop down by then. Just like Tang Anxi and Song Xi, she will continue to cut, and the reason will be chaotic.

When he was thinking, a group of people walked in the distance. The two headed by them showed their gazes and walked and sprinted. They were surrounded by seven or eight men holding submachine guns. They looked full of imposing momentum and brought a billowing black cloud to press over. .

"I don't need to explain too much to you."

Li Yun stared at the front, and walked a few steps indifferently, blocking them in front of them.

Hu Xiaomeng blinked his eyes, as if they were... a little strange.

Zhao Tianfeng suddenly felt irritable, and suddenly stepped forward to take the lead, facing Tu Kai and the others who came over, and said in a very indifferent voice: "Huh, you don't need to pretend to be a good person!"

The voice seemed to tremble slightly.

"Ding, the host makes a choice, no reward, additional reward: Zhao Tianfeng's favorability is -11."

This kind of favorability, as long as you die once...that's a slashing drop!

Li Yun gave a wry smile and couldn't help but glance at the beautiful, tall, arrogant beauty standing in front of him.

Others may be desperate to get close to the tall beauties. They are powerful and talented, and they are rare in the world. She is a daughter of grandmaster level, and her seniority is terrifying.

It can be said that whoever marries Zhao Tianfeng does not need to work hard in this life, and he has all the things a man pursues, money, power and color!

"It's you guys breaking in...!"

"die!!!"

Zhao Tianfeng interrupted him indifferently. With a movement, he rushed towards Tu Kai, slapped his palms fiercely at him, as if he was about to vent some anger.

Tu Kai's pupils suddenly shrank!

When he saw the gate of his ranch being knocked down abruptly, he was already furious, and he wished to kill the three by himself. It didn't work for beautiful women!

Unexpectedly, he didn't finish a word, the tall and arrogant beauty standing at the forefront would attack him with a murderous move!

Chapter 1474: Master Song, save me

Zhao Tianfeng was like a toned female leopard. When he struck out his palms, he heard the sound of wind and thunder. Tu Kai's expression changed because of his strong sense of oppression, and he quickly punched the front with a solemn expression.

"Bang! Bang!"

The palms of the fists collided and the wind was blowing. Both sides took a step back. Tu Kai was about to ask. The next moment, Zhao Tianfeng lifted her slender right leg fiercely and kicked it against his waist.

"you!"

Tu Kai was forced to retreat, but he didn't expect that Zhao Tianfeng won the power and did not forgive people. His moves were endless, or punches or feet, so that Tu Kai could not be fully displayed, and he was forced to challenge one move after another.

"This woman...!"

Tu Kai became more and more frightened. Not to mention that she was young, and that she was dissatisfied with Double Ten, and that she had innate late-stage cultivation. She said that her moves were fierce, and every move was aimed at his vitals, and there was no mercy at all. Say it!

What's more terrifying is that Tu Kai actually felt the powerful killing intent in this young woman, as if the strong suffocation formed by killing tens of thousands of talents, blending these killing intents into the battle, every move can make Tu Kai. Feel a palpitations!

"No, you can't go on like this!"

After 30 strokes, Tu Kai's complexion has turned blue, his hands are numb, his abdomen has a foot, and his internal organs almost shifted!

"Master Song, save me!"

Zhao Tianfeng's attack became fiercer, his eyes were cold, Tu Kai was completely panicked, and he shouted again and again.

Tu Kai's men could see their jaws dropped.

In A Duo Mountain, the boss is the sky. Whoever dares to offend the Explosive Gang will be able to see his body from the volcanic lake outside the next day!

But now...

Boss Kai was beaten so that he could only run away in embarrassment, and even had to find Master Song Xian for help!

"Hey, I like this beauty!"

Accompanied by the laughter of the dark test, a golden light lit up and rose slowly, as dazzling as a new-born sun!

The thugs of the Flying Horse Ranch looked at the golden light emerging from Master Song in horror, and then cheered and cheered for the power of Master Song!

"The Immortal Master Song is invincible in the world!"

"The Immortal Master Song is invincible in the world!"

The cheers gave Manager Mu in the distance a bad foreboding, and he sneaked in and took a look.

"What?! What is this?!"

A dim golden light floated in Master Song's hand, and it was vaguely visible that there was a small sword in it, making a faint whistling sound.

Zhao Tianfeng felt this powerful aura and was forced to stop. Tu Kai took the opportunity to escape back, staring at her with a dark eagle in his eyes.

"Bitch! If it weren't for Master Song to want you to be useful, I must strip you alive!"

Of course, Tu Kai did not dare to say this sentence.

The beauty that Master Song liked, Tu Kai didn't dare to do anything before he got bored, lest he angered him.

"Beauty, do you know what this is?"

Immortal Master Song stretched out his hand, and the golden little sword swished in the air, making a whistling sound, extremely fast, and the ordinary innate would definitely not be able to stop it!

Zhao Tianfeng's face changed slightly, but he stood motionless and refused to take a step back!

Never go back even half a step!

Unwilling to stubbornly ask the people behind for help!

"Hehehe, beauty~"

Master Song Xian stared at Zhao Tianfeng with squinted eyes, especially when she scanned her beautiful figure and those big long legs back and forth, looking like she would be swallowed and eaten.

"How? Will you surrender?"

Chapter 1475: Swordsmanship

"As long as you follow me, you will be prosperous and wealthy for the rest of your life, and you will not be able to enjoy it. Even I can let Tu Kai be your subordinate and let you take charge of all his industries in Mount Aduuo. Hey, I, Song Huang, will do what I say. !"

Tu Kai's face was a bit ugly again.

If she really agrees, wouldn't he slaughter him to succumb to a woman? !

And this is his property!

"clank!"

The golden little sword trembled lightly and pointed at Zhao Tianfeng from a distance. Master Song waited for her to show a shocked expression, but when he waited, he still couldn't wait for Zhao Tianfeng to ask for mercy.

Even her eyes, her expression, and her movements have not changed at all!

Just standing still on the spot, the cold eyes remained, the killing intent was suppressed by the golden sword, and he was forced to retract back.

"what?"

Song Huang is a little strange, this tall beauty also has spiritual thoughts?

"It's a bit like, and a bit different, too weak!"

Song Wei quickly left the matter behind. For him, he should subdue this beauty as soon as possible, so that her arrogant face will show a humiliating expression, her slender legs kneel down, and she is forced to serve him helplessly. .

This is the point!

Oddly, there was a moment of silence around Song Huang when he was thinking.

No one spoke, they were all waiting for something.

Hu Xiaomeng felt vaguely, as if Brother Yun was stunned with Sister Fengfeng? No, no, on the contrary, it should be Sister Fengfeng who is having an awkward relationship with Brother Yun.

Hu Xiaomeng couldn't understand the reasons for being awkward at will.

"Tianfeng, come back, I'll deal with her." Li Yun finally said, confirming that her spirit was too weak to deal with the golden sword.

"...Give me Crescent Double Blade!"

There was a moment of silence before Zhao Tianfeng spoke, and his tone seemed to have been soothed.

It was like a couple who had quarreled, after a period of fusion, there was a little looseness again.

"Can you do it?"

"It's a big deal, you can give me that pill again."

"Resurrection is not omnipotent, Tianfeng, you must remember this!"

"Huh, long-winded, give it to me!"

Hu Xiaomeng watched Brother Yun take out two crescent-shaped white weapons from the space ring, and threw them to Zhao Tianfeng, who was awkward and a little shy. When Sister Feng took it, her cold eyes seemed to melt.

It's amazing!

Why is this so?

"You, you guys!"

When Tu Kai and others saw that Li Yun had summoned two crescent-shaped weapons out of thin air, perhaps they thought they were doing magic, but Song Huang understood it at a glance.

This is Sumeru mustard, also called a storage bag!

This thing was very common in ancient times. The monks had almost one hand, but in modern times, after the immortal law fell away, and the spiritual energy disappeared, this kind of storage bag in Nasumi and mustard has become extremely rare!

"You are from the Hidden Sacred Valley!"

Song Huang's face became pale, and the hands of the remote control Feijian became trembling.

After contacting these three people and seeing the sword charms he released, they were indifferent. Song Huang didn't know that these people came to him on purpose, and were guessed by the bald wolf brother by mistake!

"Hidden Sacred Valley?"

Holding both crescent blades, Zhao Tianfeng glanced at Li Yun, then turned his head indifferently: "Are you ready to die?"

A vulture flashed through Tu's eyes. The weapon in this woman's hand was very weird. It was held in the shape of a crescent. The blade was shimmering and exuding an icy killing intent. Together with the indifference of its owner, the two together will never add up. simple!

Even... isn't Master Song an opponent?

Chapter 1476: Flying Fire Sword

This thought came up in his mind, Tu Kai was startled, and the hand holding the pistol trembled.

The subordinates had already handed over his weapons to him, but now Tukai had no intention of fighting, and was shocked by the thoughts in his heart!

There is no doubt about the power of Master Song Xian. He broke into the Pegasus Ranch alone a year ago, easily blocked all the bullets, and a golden sword arbitrarily ruined the ranch so horribly!

If it hadn't been for that nightmare, how could Tu Kai, the overlord of Mount Ado, succumb to the plain-looking Song Huang!

"Tianfeng."

Li Yun pointed out behind her: "Pay attention to using divine mind instead of eyes. As far as the congenital martial artist is concerned, divine mind can see faster than the eyes. This is a three-dimensional feeling. You should have already experienced it."

The mystery of divine mind can only be felt by those who possess it, which is more acute than the human sense of smell, hearing and vision!

"damn it!"

Song Huang cursed in his heart, looking at Li Yun, wishing to kill him!

How dare you use him to exercise your actual combat experience, when his spiritual master teaches that disciples don't exist?

"Flying Fire Sword!"

Song Wei pinched a magic jue in his hand. The golden little sword flew in the air and made a whistling sound. Soon, the little sword soared to three or four meters in length. The huge sword body was like a door, which could directly touch people. Abruptly snapped off!

"What about the Hidden Sacred Valley? Bitch, I want you to regret that you didn't kneel down earlier and beg for mercy!"

Song Huang's voice was violent, the golden little sword, no, the huge Flying Fire Sword was suspended in the air, and the tip of the sword pointed at Zhao Tianfeng from a distance. The scent of ruining the world made the people around him terrified.

Everyone is retreating, slaughtering the subordinates holding guns, usually arrogant when facing outsiders, and even more unscrupulous when kidnapping and threatening girls.

But at this moment when Feihuojian showed its true power, they couldn't wait to throw away the guns in their hands and escape directly!

Compared with the fighting method of immortals, guns and ammunition are extremely weak!

"Be careful, use your skills directly!" Li Yun couldn't help but pointed to Zhao Tianfeng. He had only seen this type of flying sword control the first time he met Concubine Wan Qing.

"knowledge."

Zhao Tianfeng did not refute or snorted coldly. Although his tone had not yet eased, he no longer had a cold war with him.

"Bitch, flirting and scolding at this time!"

The anger flashed in Song Huang's eyes, frantically mobilizing mana, making the Feihuo Sword more dazzling, with white flames in the gold, and the brilliance completely overshadowed the slanting sunset.

"Die to me!"

Holding Fajue's hand and swiping it down fiercely, Song Huang controlled the Feihuo sword to fall towards Zhao Tianfeng, and the tip of the sword was pointed at her chest and abdomen, as if he planned to string together Zhao Tianfeng and Li Yun in one breath. Root kebab!

Hum!

With a blast of swords, the golden flying sword fell slowly, not fast, but the momentum was majestic and vast, like the sun's sinking, unstoppable, unable to escape, burning and destroying everything underneath!

Zhao Tianfeng did not take the slightest contempt. It was not because she took a good sword from Li Yun that she thought she was invincible. She was killed three times at this time yesterday. If it were not for Li Yun, she would have been lying on the ground and turned into a corpse. .

Therefore, even though Song Huang in front of him is much worse than the Ghost of the Mist, Zhao Tianfeng is still fully focused, with a move of mind, to display the skills attached to the double-blade of the crescent moon.

"Crescent Moon Double Blades!"

One after another, crescent-shaped sword qi was urged, no, this should be a mixture of sword qi and mana, not just simple true qi!

Chapter 1477: Collision

And this time, Zhao Tianfeng felt the difference after having divine consciousness.

The sword energy aroused from the double-blade of the crescent moon was easily controlled by her divine mind. The crescent moon whizzed out from round to round, covering her body in an instant, and the sharp knife intent cut the grass. , There were countless vertical and horizontal knife marks on the ground instantly!

But these terrifying crescent moons danced back and forth under the control of her divine mind, and none of them showed any signs of losing control!

"He's right. Divine Sense is the foundation of all spells. No, Divine Sense is also a great help to the martial artist. It is no less than the mystery when the Body Tempering Realm enters the Houtian Realm and possesses True Qi!"

Compared with the last time he released the Crescent Maneuver when there was no spiritual mind, Zhao Tianfeng could only let these Crescent Knives cut enemies in a certain direction with vague air.

But now she has the confidence to control all the crescent knife energy and shave off a person's hair, but she can't hurt his head at all!

Rumble!

The golden flying sword and the crescent sword qi collided together, and the surrounding grass was blown into a big pit in an instant. Numerous air waves surged crazily, golden light and fire light, and white crescents crisscross, forming a shocking scene. Amazing picture!

Tu Kai, like his thugs, stood in the distance with his mouth wide open, looking there in disbelief.

Countless pieces of grass and soil fell, pouring them into a soup chicken!

"Okay, awesome!"

Manager Mu's chin was almost frightened. He would never have imagined that that cold, arrogant, long-legged beauty would be so powerful. Is she a fairy? !

The cold fairy... Although it is indeed a little different from the fantasy, it is not impossible.

The dust dissipated, revealing the two men on the battlefield.

The two blades in Zhao Tianfeng's hands were still shining with cold light, but the Master Song who let Tu open and tremblingly pleased the Pegasus Ranch was very embarrassed.

He vomited blood, his face was pale, and his right hand was chopped off by a crescent sword qi. What's worse, the flying sword has exhausted his mana, and now he can't beat any acquired realm!

"It seems that the victory or defeat is..."

"die!"

After an indifferent drink, Zhao Tianfeng's figure flickered, and in the blink of an eye, he came to Song Huang. In his horrified eyes and Li Yun's gesture of "Don't go Ziwei", the double-edged blades lightly swept across.

"Bah."

The sharp crescent double-edged blades are like cutting some soft cloth, and with the splash of blood, there is a pool of indistinguishable red minced meat on the ground.

Master Song, completely dead!

Tu Kai shuddered in the distance, and only felt a chill enveloped his whole body: "Song Xianshi died like this?! These people are the same as Song Xianshi, they are all Xianshi...flee, escape!"

Suddenly, a white ball of light appeared in Tu Kai's sight. It slowly emerged from the corpse of Master Song, and quickly rose to mid-air.

At the same time, he was very familiar with a curse that was full of resentment:

"Bitch, I will come back again, my master Linghuo Master is nearby, you wait, you are dead, bitch!"

The white light ball flew farther and farther, and the voice was very resentful, but just when he thought he was going to escape.

Boom!

The purple thunder fell from the sky, and everyone faintly heard a scream. The white light group was directly broken up by the thunder and disappeared completely between the sky and the earth.

The Pegasus Ranch was completely silent.

Those who have witnessed this scene have temporarily lost their ability to think, I am afraid they will never forget today in their lives!

Chapter 1478: Ten Thousand Horses (Part 1)

"Brother Yun, was that his soul just now?" Hu Xiaomeng asked quietly. Although she has been exposed to some magical things through Li Yun, she still knows a little about most things.

"Yes." Li Yun faintly retracted the thunder talisman, and the remaining enemies don't need to use this big killer. "Soul is the essence of a person, and those who lose their soul will become idiots. For practitioners, The body can be replaced, and as long as the soul is still there, there is hope of resurrection."

Li Yun remembered the soul-evoking fairy he had encountered before. It seemed that he often occupied other people's bodies in order to achieve the purpose of prolonging life.

"Why didn't the island owner of Sancai Island before... Ah, I understand, he got into Grandpa Zhao's body and was killed by Grandpa Zhao!"

"Haha, that's it!"

Li Yun rubbed Xiaomeng's head. Fortunately, she was no longer afraid of the corpse, otherwise Zhao Tianfeng's violent division of the corpse would leave her a psychological shadow.

In fact, Zhao Tianfeng is not to blame, that crescent double-edged blade is too sharp, it is like tofu when it hits a person, and the hard skull can't stop it.

"boom!"

Li Yun took out Silvin's pistol and fired a shot at the sky, and his indifferent and majestic voice spread around: "The first evil has been condemned, immediately throw away the weapon and surrender, otherwise the end will be the same as this person!"

Only then did Li Yun realize that he still didn't know who Zhao Tianfeng had killed!

"Humph!"

Zhao Tianfeng's face was a little embarrassed, but he forced to make the expression that I was too lazy to care about you, very proud.

"Don't surrender yet?"

Li Yun took the gun and walked forward calmly with Hu Xiaomeng, and glanced at the people in a daze. The sharp eyes gave them a great sense of oppression. Suddenly, everyone had a weapon that hadn't been scared off. They were all thrown on the ground.

The reason for this swiftness is that apart from the shock that Immortal Master Song was killed, it is also because fools can see that ordinary guns are useless to immortal masters like Li Yun. In addition to surrendering, there may be a way to survive. Others are looking for death. behavior!

Hu Xiaomeng's eyes rolled, and in a crisp little girl's voice, he pretended to be dignified and shouted: "Give me my hands and hold my head and squat down! You can remain silent, but every word you say will become a testimony. for!"

The corners of Li Yun's mouth twitched. This little girl is really a fool, no wonder the surname is Hu.

"It is the right to remain silent."

Xiao Xiao corrected her statement. Li Yun was still satisfied with what he did this afternoon, and received a few more gift bags...?

"No, why doesn't the system prompt to complete the selection event?!"

With a thought, Li Yun immediately thought of a person, turned his head and glanced a few times, and asked, "Where is Tukai?!"

"Boss?"

The thugs who were about to squat down hurriedly looked around, and soon someone found their boss.

In other words, I noticed what I was going to do when I opened the boss!

"No, I drove the boss to the racecourse!"

"What does the boss want?!"

"Uh... he wants to escape on horseback!?"

"Isn't it? How could the boss escape? He is the boss of our Explosive Gang. In A Duo Mountain, he is the emperor of the earth..."

There was a commotion, and some people couldn't believe it was true, but then there was a sound of a wooden door being knocked open from the racecourse, and then ten thousand horses galloped!

There are more than 300 horses in the Pegasus Ranch. Just now, they were alarmed by the fighting here. Now that the fence was violently knocked open, all the horses suddenly ran away with their hooves.

Chapter 1479: Wanma Galloping (Part 2)

For a time, the dust was everywhere!

Hundreds of horses let go and ran wildly on the pasture. The pasture was originally without much dust, but the dust raised by Zhao Tianfeng and Song Xianshi just now spread all over the surrounding area. Now they are all being driven by the horses to fly again.

"Wow!"

Hu Xiaomeng screamed and hid behind Li Yun. The momentum of the hundreds of horses galloping was too strong. It was almost like the flood that opened the gate.

The frightened steed trampled wantonly, and many of the slaughtered men were trampled and broken with their hands and legs broken. The wailing sounds were arranged and the scene was very chaotic.

"Ding, trigger the option event, please choose from the host:

Option 1: Hunt and slaughter, reward justice value +1000, experience value +500,000, all attributes +500, blue gift bag*1.

Option 2: Stay to protect Hu Xiaomeng, let Zhao Tianfeng hunt down, reward justice value +1000, experience value +100,000, free attribute points +100, green gift bag*3. "

Li Yun hugged Hu Xiaomeng's slender waist and looked far away. Tu Kai had already mounted a horse, and was frantically slapping the horse with his whip and running away.

"Tianfeng, go and catch him! I will stay and deal with these things."

"Hmph, I know if you don't tell me!"

Zhao Tianfeng has already begun to take action. She flutters and jumps, and her tall model-like body leaps and hurts the back of a galloping horse in a graceful posture, just like a female gymnast stretching her soft The body, curvy, beautiful movements, it is pleasing to see.

"Take my weapon, I'm going!"

Throwing Crescent Double Blades back to Li Yun, Zhao Tianfeng pulled the reins, and the frightened horse galloping was immediately controlled by her. She turned the direction cleanly and chased towards Tukai!

"Give you this!"

Li Yun caught her weapon and threw Silvin to her by the way. Zhao Tianfeng was not polite. His slender fingers accurately grasped the gun he used frequently, pointed the muzzle at Tukai, and said softly, "Here I stop!!!"

At the same time, she shot without hesitation.

boom!

The recoil made Zhao Tianfeng startled. After the bullet hit the grass in front and exploded a hole the size of a fist, the power made her startled again.

"This gun is not bad!" Zhao Tianfeng, who was riding on the horse, turned his head and smiled at Li Yun, as if he meant something.

"Don't think about it!" Li Yun twitched his mouth, "This pistol is my treasure. It's not enough to have crescent and double blades. Do you still want my gun?"

After meeting Mr. Zhao, Li Yun received one hundred thousand justice points because of his relationship, so he gave his daughter the double-edged crescent-this is what Zhao Tianfeng was thinking of, and he accepted it without any kind of politeness.

"Can't even think about it? Hee hee~"

After leaving behind a string of silver bell-like laughter, Zhao Tianfeng chased Tu away on horseback.

"like....."

Hu Xiaomeng watched the conversation and actions of the two of them, and blinked as if he had understood something.

She was only skeptical before, after all, Sister Tianfeng just came to "hot springs" with Brother Yun, which could not explain much.

But now Sister Tianfeng's relationship with Brother Yun is completely close friends, and based on Hu Xiaomeng's understanding of Zhao Tianfeng's character, it should be impossible to have close male friends. Women are almost impossible. Zhao Tianfeng is really too close. Arrogant, always want to control everything.

So, unless it is her approved boyfriend, or even a further kind of relationship...

Sure enough, it was right to have a good relationship with Tianfeng sister.

Chapter 1480: Eat more jealously

"Ding, the host makes a choice, rewards justice value +1000, experience value +100,000, free attribute points +100, green gift bag*3."

Hundreds of steeds trampled back and forth in the racecourse like a swarm of bees gathered and scattered. The thugs and guards who had guarded the racecourse are now embarrassed, either hiding and shivering, or being trampled unscrupulously.

Li Yun deliberately caused these guys to be punished a little bit, so he didn't take any action. Instead, he put his arms around Hu Xiaomeng's slender waist and led her to the roof of a house in

the racecourse, leisurely watching the group of thugs get frightened. A good show of horses chasing for their lives.

"Brother Yun~, come~"

Hu Xiaomeng took a few glances at the bottom and became disinterested. Instead, he put his arms around Li Yun's neck and acted like a baby to make him lower his head.

Then, in Li Yun's somewhat surprised expression, Hu Xiaomeng raised his blushing face and kissed him on his lips.

Two clicks.

Three times.

...

As if to vent some dissatisfaction, and as if to be coquettish and begging for intimacy, Hu Xiaomeng, with little experience-or only one experience in the cinema the day before yesterday, casually offered his own fragrant kiss until it came from below. There was a girl's sharp cry for help, and she stopped panting slightly.

Actually... it shouldn't be long this time, less than half a minute.

After the separation, Hu Xiaomeng blushed, showing a shy and contented expression, and muttered: "Bad brother Yun, Dahua. Heart ghost, I'm jealous~~, you have to have a good chat with me tonight, otherwise I'm jealous and eat more~"

The little girl's delicate and soft voice trembled slightly, but she bravely expressed her jealousy, or love.

Li Yun's heart swayed, and a warm breath rose in his heart. Unfortunately, this is not the time to be tender and sweet.

"Ding, trigger the option event, please choose from the host:

Option 1: Stop the frightened horses, save the people in the racecourse, reward justice value to be determined, experience value + 2 million, all attributes + 2000, gift bag to be determined.

Option 2: Ignore, no reward.

Option 3: Ignore Hu Xiaomeng while being intimate, reward evil value +10000, Hu Xiaomeng exclusive gift*1. "

Watching a play while being intimate? ? ?

Li Yun almost vomited blood, and the choice given by the system was too... evil. Evil!

Is Xiaomeng's exclusive gift a very special reward?

"Cough cough cough, what am I thinking about, this is too much!"

Li Yun restrained his distracting thoughts and looked in the direction where he had just screamed for help.

Under the corner, there are a few thinly-clothed, beautiful girls shivering, frightened by the threatening horses that are graying out in front of them.

"Are they Xiao Mi who was raised by Tukai? They tried to escape but were surrounded by horses."

Li Yun sighed in his heart. Originally, he didn't want to save the thugs here. These guys deserved the crime and deserved to be trampled to death.

But these women did nothing wrong, they just fell.

Forget it, let's save it, don't worry about Hu Xiaomeng's exclusive gift!

Covering the ears of the cute little girl who was still blushing, Li Yun took a deep breath. The true energy in his body that was initially transformed into earth and sun fire ran to the throat, the vocal cords vibrated, and the loud voice rolled out like thunder: "Stop Down!!!"

Hong Zhong Dalyu, vast and magnificent!

Manager Mu, who hid in the distance, buzzed in his mind, and only felt that Li Yun's voice was like the wrath of a real dragon, rolling from above the nine heavens, and the sound pressure made all creatures surrender!
