

Godly Choice 1481

Chapter 1481: Ding, large enchantment talisman

Hu Xiaomeng, who was standing on the roof with Li Yun's arms around his waist, looked around, and saw that the hundreds of horses running wildly just now were all lying on the ground, their legs trembling, and they couldn't stand up.

The thugs were even more frightened by Li Yun's throat, and fell to the ground shivering.

It can be said that with Li Yun's order, the entire Flying Horse Ranch immediately became quiet!

"Brother Yun is so handsome~"

Hu Xiaomeng raised his head to look at him excitedly. Because of the intimacy just now, his slightly moist lips were pursed, as if he wanted to express his jealousy again.

Before, she didn't understand those couples in movies and TV, why they kissed and hugged after the matter was over, but now Hu Xiaomeng understands!

It turns out that when a girl is excited and there is a boyfriend by her side, there is really an impulse to hug him and give love to her hero.

"Let's go down."

It's a pity that the hero who belongs to Hu Xiaomeng was puzzled by the style and took her off the roof, wasting this excellent opportunity for emotional exchange.

"Woohoo~!"

Hu Xiaomeng bulged his cheeks again. Even though he had offered a fragrant kiss before, he still felt it was not enough.

She felt that if the girl hadn't taken the initiative, Brother Yun would definitely not find a girlfriend! Humph~!

What Hu Xiaomeng didn't know was that Li Yun had forgotten because he was very satisfied with the rewards of the system...

"Ding, the host made a choice and saved most of the people in the racecourse, rewarding justice value +30000, experience value +2 million, all attributes +2000, golden gift bag*1, extra reward: large enchantment talisman*3 (Golden quality, an enchantment is opened after use, which can resist most attacks

The enchantment amulet is a charm type. One can only be used once. It is similar to the enchantment that blocks missiles in the Immortal Cave of Ten Thousand Magical Immortals, but Li Yun estimates that even a golden amulet is not as good as the Immortal Immortal's cave Enchantment, estimated to be colorful quality.

Even so, Li Yun was still satisfied, and he immediately rewarded three enchantment charms of golden quality, which was basically equivalent to a protective type of golden equipment!

At the critical moment, it may be more effective than equipment that can only be protected once!

But what happened to that scream at the end?

Soon, the two horses rushed back one after the other, and everyone saw clearly what was going on with the screams.

The one who ran ahead was Tu Kai, who was also known as the Emperor of A Duo Mountain, the leader of the Banghuo Gang, and the boss of the King of A Duo Mountain!

However, the current situation of the master who dominates the Adu Mountain and the Pegasus Ranch is very bad!

His arm was broken by a shot, and his clothes were torn, which seemed to be traces of being beaten back and forth by a stick. Well, combined with a visible stick scar on his face and the horse running behind him or chasing him. The hostess, she was holding a wooden spear in her hand to see that the wound on the boss's body was caused by a stick!

"Bitch! I am going to kill you!"

Listening to the chased Tu Kai incompetent and furious roar, the many thugs of the Explosive Gang were dumbfounded.

Even after experiencing a series of things before, they still can't imagine being chased by a woman on horseback with a spear in the old meeting. I'm afraid it's not even there being given by the terrifying woman behind them?

"Watch! You must die!!"

Tu Kai roared again, but it seemed useless.

Riding on the back of a steed, Zhao Tianfeng, holding a wooden spear, is like a majestic female general, arrogant and invincible on the battlefield!

Every time the spear was shot, it could accurately hit Tu Kai's body, and his clothes all over his body were torn to pieces. At a glance, you could see that Tu Kai's strong body was full of bruises.

It's not that Tu Kai didn't want to resist, but he had already tried to resist. He even ran to the far side of the weapon shelf. He took a spear with a metal spear and knocked over the weapon shelf by the way. Used by Zhao Tianfeng.

—This weapon rack was originally for the guests who came to ride horses at the racecourse. The only spear with a metal spear was only for display, and it was slaughtered and snatched away.

result.

Zhao Tianfeng, who arrived on horseback later, had slender legs locked on the horse's back, and his upper body naturally hung down. A monkey fishing for the moon easily picked up a wooden spear.

After that, the two had a horse-riding and gun battle. In less than 30 seconds, Zhao Tianfeng picked out the metal spear in Tu Kai's hand, and beat him up like a falling dog.

Tukai couldn't stand it anymore, and wanted to escape, but was shot in the arm again and was scrapped on the spot.

In the end, Zhao Tianfeng was like chasing cattle and sheep, riding a gun, and beating and driving the slaughter back!

Everyone can probably tell from the bruises and scars on the boss's body how many times the heroic female general swung the spear during the journey.

Terrible!

Chapter 1483: because of you

"I'm cautious of you, the cousin is cheap...people...ah!!!"

The scarred Tukai yelled again, and then Zhao Tianfeng used a wooden gun tip barrel to hit the back waist. This is one of the hardest and most important parts of the human body. The spine is injured, which can easily cause half-body paralysis.

It can be seen from Tu Kai's performance.

After being stabbed fiercely by Zhao Tianfeng, Tu Kai directly screamed and rolled down the horse for a few laps. His legs tried to get up and escape, but couldn't stand up anyway.

That shot has hurt the spine nerves!

"Boss driving..."

Kneeling on the ground and waiting for the explosion, the eyes of the Explosive Helper thugs have been dull, and the image of the boss's whole body scars and half-body paralyzed crawling on the ground completely smashed their three views.

It turns out that the boss who dominates A Duo Mountain is not invincible.

"Tukai!!!" A thinly-clothed girl screamed with tears on her face: "I said long ago, you must die!! Now it's finally fulfilled, it deserves it!!!"

Hu Xiaomeng glanced at her with pity and pity, one can imagine how much these girls have been tortured here.

After seeing what happened to these girls, a trace of killing intent flashed in Zhao Tianfeng's indifferent eyes, and the spear in his hand was raised high, the true energy poured in violently, and the milky white gun gas gushed out.

At this moment, Li Yun received a prompt from the system.

"Ding, trigger the option event, please choose from the host:

Option 1: Prevent Zhao Tianfeng from killing, reward justice value +3000, Zhao Tianfeng favorability degree +10, blue gift bag*2.

Option 2: Ignore, reward justice value +5000, Zhao Tianfeng favorability degree +15, purple gift bag*1.

Option 3: Kill Tukai by yourself, reward justice value +5000, Zhao Tianfeng favorability degree +18, experience value +2 million, all attributes +3000, golden gift bag*1, additional reward passive skill: justice. "

Um?

Li Yun glanced quickly, wondering how Zhao Tianfeng's favorability rose rapidly among the three options, as if it could not be stopped completely.

No, the affection degree is just their inner performance, not the increase in the affection degree after choosing.

In fact, because of the previous relationship, Zhao Tianfeng's favorability for him has already risen to more than 90 points.

"die!!"

When Li Yun's thoughts about Zhao Tianfeng flashed in her heart, the wooden spear infused with true energy in her hand had fallen fiercely, and the shot was shot at the head of Emperor Aduoshan!

"Don't kill him!!"

boom!

Li Yun's shout and the crashing sound of Zhao Tianfeng's spear fell at the same time, and everyone around was silent.

They saw a big hole appeared in the ground next to Boss's head. At the last moment, Zhao Tianfeng's gun tip was slanted.

"Why?"

Zhao Tianfeng's spear touched the ground and looked over with emotionless eyes, his tall and slender figure was like an indifferent female general standing on the battlefield.

Hu Xiaomeng was a little afraid to see Zhao Tianfeng like this. She had never wanted to make friends with her because of this reason. Zhao Tianfeng always showed a murderous side once in a while, not at all like a lady who lives in Beijing. Is a goddess of war on the battlefield!

"because of you."

Li Yun calmly walked over, standing in front of Zhao Tianfeng, the two eyes collided.

One indifferent, one gentle.

One is tall and handsome, the other tall and beautiful.

There is an indescribable contrast.

Hu Xiaomeng is jealous again! !

Why is she so short and short! ! !

Chapter 1484: One more eunuch

"Uh."

Li Yun raised his hand, thinking about touching her heroic and beautiful cheeks, but under Zhao Tianfeng's indifferent eyes, he finally just patted her shoulder: "Before you kill someone, you should think more about why you want to kill. Can he kill? After killing him, am I innocent? Will my heart be disturbed by this!"

"..."

Zhao Tianfeng said nothing, neither did he hate Li Yun's touch, but his eyes were not soft.

After a while, she said, "I don't know before, and don't want to think about it. I can answer you later: Kill him, I feel at ease!"

Lying on the ground, his body trembled in terror when he was slaughtered by the wooden spear.

"Then kill it." Li Yun smiled slightly, "I am not yin and yang, but I feel that you have regained your sanity and know what you are doing. This is the key, understand?"

Tu Kai trembled three more times, his lips trembled, and he could vaguely hear words such as forgiveness and forgive me.

"..."

Taking a deep look at him, Zhao Tianfeng's eyes slowly drooped.

She breathed out gently, and while closing her eyes, the soaring killing intent on her body gradually faded.

"That's right."

Li Yun secretly breathed a sigh of relief.

This murderous woman really gave him a headache. What is the origin of the "Kill" she cultivated, and that girl has such a terrifying killing intent!

It is probably not a good thing to make people lose control.

Tu Kai's tight heart finally eased a little, he was really scared just now, the shot that this terrifying woman stabbed in front of him was definitely directed at his head.

If Li Yun's shout is slower, or if Zhao Tianfeng doesn't react in time, his head will explode!

Be blown by a single shot!

"This watch!!!" A deep hatred flashed in Tu Kai's eyes. After this incident, he would definitely find someone, a master, a more powerful immortal master, and kill this bitch!

No, it should be tied up, let her kneel on the ground, no, on the bed, with a humiliating expression, and then...

"what!!!!!"

Tu developed a tragic yell, and looked down in horror. In his blurred vision, a **** wooden spear head was slowly pulled out from his lower body.

Huang Xuanguo has since then added another eunuch.

"Capital sins are forgiven, living sins are inevitable!"

Zhao Tianfeng said coldly, pointed the **** spear at his dantian and stabbed another shot.

He directly abolished his true energy, leaving Tu Kai to live a weak life for the rest of his life!

"you!!"

Tu Kai was angry and angry, plus the fiery pain underneath, trembling all over, unable to ease his breath, and fainted directly.

"Humph!"

Zhao Tianfeng let out a cold sweat, and glanced at the group of explosive thugs who were holding their crotches tremblingly, and then threw away the **** wooden spear in his hand.

—These thugs are not worthy of her punishment!

The spear fell on the grass and banged twice. The thugs saw the **** spear head and felt that the contents in their crotch were finally saved.

If you become an eunuch, you might as well die!

"Ding, the host made a choice to prevent Zhao Tianfeng from killing, rewarding justice value +3000, Zhao Tianfeng favorability degree +10, blue gift bag*2, extra reward: Zhao Tianfeng favorability degree +5."

Li Yun breathed a sigh of relief. This choice seemed to have lost a golden gift bag and some attribute points, but he thought that choosing to stop Zhao Tianfeng was far more important than a golden gift bag!

Chapter 1485: Ding, golden plus one

"Ding, the host makes a choice, finds the people behind the slaughter and behind the scenes, and captures them all alive (part of) to reward experience value +3 million, all attributes +2500, golden gift bag*1, purple gift bag*3, justice value+ 25000."

Because Song Xianshi was killed, the reward was only partial, but this was considered pretty good, and Li Yun still thought that there was no reason, and it was directly regarded as a choice failure.

"Woohoo!"

There was a police whistle in the distance, and Manager Mu finally dared to stand up, and the police officers whose jaws were all scared|The inspectors explained why the gate of the Pegasus Ranch became like this, and what was the strange scene in the ranch? occurring.

"You, hello!"

Realizing Li Yun's extraordinary origins, Director Amuer of Aduoshan City showed a little awe on his face. He knew that this matter was definitely not something he could handle, so he could only report it level by level and wait for the leadership. Disposal.

"Chief Amur, you don't need to be nervous, I just came here by accident for a holiday, but in the end..."

Li Yun smiled helplessly, but didn't explain too much. He only said in a negotiating tone: "You have let someone come here to lock down here. Don't tell me anything tonight. Well, it's at the military secrecy level. I believe it is very Someone will notify you soon."

Military secrecy! ?

In his forties this year, Amur, who once served as a soldier, was in awe and thought of the various rumors he had heard before in the army.

What Shenlong special forces team, what Baihuhai team, etc., these rumors are really true!

"Yes! I immediately send more people to block here!"

Amur saluted Li Yun and turned to work. Judging from the many girls kidnapped by the Flying Horse Ranch, all the people here have to be put in jail, not one can stay!

I don't know if it's because of Master Song's affairs that the above will be blamed...

"what should we do?"

It was already dark, and Zhao Tianfeng squinted at Li Yun. She didn't need to guess to know that the Master Song who was killed by her two swords must be related to Li Yun's purpose of "soaking in the hot springs" here.

Hu Xiaomeng also looked over, and Li Yun rubbed his head and thought about it: "I asked the bald wolf brother just now, knowing that they will only leave for Haraha volcano tomorrow morning. Even if this is not the case, we have to find them. It takes a certain amount of time, so we still follow the original plan and leave tomorrow morning."

After making a decision, Li Yun breathed a sigh of relief, and he didn't know who the cultivator was hiding in Mount A Duo.

This kind of barren place seems to be the only place that the system prompts, and the volcano that will burst into flames is of little value!

"Go with Professor Ji and the others?" Hu Xiaomeng tilted his head and looked at him.

"of course not."

Li Yun laughed and rubbed cute Xiaomeng's head: "Let's go, let's go to finish the meal, I heard that the special roast horse meat here is very good!"

"Wow, I want to eat~! Hee hee."

When it comes to eating, Hu Xiaomeng let go of worry and laughed happily. Anyway, Brother Yun is here, it will definitely be resolved!

There was a smile at the corner of Li Yun's mouth. I have to say that Hu Xiaomeng is a happy pistachio. I don't know that when she and Shan Xiaoxiao, two very talented little loli meet, they will What kind of picture is it.

Li Yun couldn't help but think about it.

Shan Xiaoxiao is a big kid and has a terribly high IQ. He usually pretends to be innocent and cute, and loves to eat cakes.

As for Hu Xiaomeng, most of the time she is cute and acting like a baby, but in fact, she knows better than anyone else and has a high IQ.

Wait, plus Gong Qingyu, her IQ is not low...

Chapter 1486: knocking

In the evening, Li Yun chose one of the most high-end butcher shops, and ordered half of roasted pony meat, and ordered a roasted whole lamb by the way. Hu Xiaomeng also specially ordered a roasted rabbit, which was delicious. , There is no instinct for cute girls to love rabbits at all!

After dinner, the three went to visit the city of Adu Mountain for half an hour. Quandang took a walk after dinner. Because there were still things to do tomorrow, they soon returned to the hotel, and slept after taking a shower.

"Do you know where I am now?" Li Yun sent such a text message to someone while lying on the bed.

"Who cares where you are, crazy!"

"...Adu Mountain."

"? There's something wrong? Don't bother me, I want to go to bed early and get up late, skin care and beauty!"

"Go to bed early and get up late... Consort Wan Qing, are you that old?"

"roll!!!"

Three exclamation marks, one can imagine how angry she is now.

Li Yun couldn't laugh or cry. It seemed that Concubine Wan Qing didn't know the situation of Adu Mountain.

Sleeping is serious business now.

Li Yun threw the phone on the bedside of the hotel, closed his eyes and was about to fall asleep, but there was a very light knock on the door.

"Who?"

Li Yun came over alertly, his divine consciousness spread out and swept outside the door, and saw a figure flash by, escaping his divine consciousness sensing range like a ghost.

In fact, if the divine mind senses something that is not evil or spiritual, it is difficult to see exactly what is covered by the divine mind at a glance, unless it is slowly swept over like mines.

This is why Li Yun dared to stay in the forest near Wanfaxiangdong Mansion with Shan Ruqing's mother and daughter.

"Could it be that Song Huang's master got it?"

Li Yun walked out of the bed keenly in his pajamas, and at the same time took out the Silvin pistol from the inventory, and carefully searched the surrounding situation.

"But no, if the other party really wants to attack, it's better to wait until midnight... and I don't think they will find me so quickly!"

Now the Pegasus Ranch has been blocked, and it was blocked by the elite sent by General Xia, it is impossible to find out the news from there so easily.

Thinking in his mind, Li Yun slowly opened the door.

Of course, there was no one outside.

"?"

Who is it?

"Ding, trigger the option event, please choose from the host:

Option 1: Find the voyeur, reward to be determined.

Option 2: Ignore, go back to sleep, no reward.

Option 3: Shout out, alarm everyone, make them alert, reward: IQ -100. "

The system buzzed again, and Li Yun's face moved slightly, as if thinking of who the person was just now.

"Buckle, buckle."

After hesitating for less than two seconds, Li Yun walked to the side and knocked on a certain door lightly.

For a long while, no one responded.

"Buckle, buckle!"

Li Yun knocked again and whispered the name of the person inside. After waiting patiently for a while, the hotel door was still closed.

"Well, it seems you don't want to chat."

Li Yun murmured, turned his head and left.

But the moment he turned around, the door of the room opened. The next moment, a white and slender wrist stretched out like a beautiful white jade, grabbed Li Yun, and led him to the door.

At the same time, the door of the hotel closed instantly, but the sound was light and fluttering, as if afraid that someone would notice.

"I....."

Li Yun, who was brought in by these beautiful jade hands, was about to speak. The next moment, he was grabbed by the master of the jade hands, pushed him hard, and leaned against the door.

As if, something is going to happen...

Chapter 1487: Slammed by the wall

for a long time.

About ten seconds.

When the four lips meet, the air freezes, and the two pairs of eyes are full of complex emotions.

Nothing happened.

But Li Yun felt that she had become a weak woman. He was snatched away from the first kiss, occupied by Pure. Jie, being... probably just like this, cough cough cough!

The owner of the beautiful jade hand slowly closed her eyes and squeezed two tears out of her eyes, and then her lips left.

"follow me."

The voice was soft and bitter, with a trace of unrelenting sentiment, which was completely different from the look of the imposing and imposing female God of War when she straddled the horse with a gun in the daytime.

Li Yun's heart jumped, could it be...?

No, no, neither he nor Fang Xue had that much. How could she be with her... Besides, she was not this kind of person, it was because he thought too much, the comfort she needed now, not that something to go to bed.

The two of them walked into the hotel room one after the other, arrived in the living room, but did not enter the bedroom, letting Li Yun breathe a sigh of relief.

Fortunately, it wasn't such a development, otherwise he really didn't know how to choose.

The two inexplicable intimacy with the two beautiful and lovely girls around today made him really hold back a lot of fire.

"what happened?"

The beautiful tall figure stood on the balcony, looking at Mount A Duo in the distance. The figure actually gave Li Yun a feeling of loneliness behind him, so he did not keep up, just stood behind her, watching her up to 178, a beautiful shadow with slender legs.

"Am I...perverted?" The beautiful and tall woman said something that surprised Li Yun as soon as she opened her mouth, just like she had just kissed Li Yun forcibly, and when she took the initiative to give her first kiss, he was also very happy. Surprised, I didn't feel anything at all.

Of course, it's cool and affirmative, psychologically.

"Why do you think so?"

Li Yun took a few steps forward slowly, and stood with her. The two watched the lights of thousands of houses downstairs in the hotel. The tourist city of A Duo Mountain had few tall buildings, but it was very lively at night, with tourists everywhere.

One of the biggest features is that many pedestrians wear large pajamas. It seems that because of the famous hot spring, wearing pajamas will not be pointed to the streets.

The beautiful model-like woman was silent for a long time. Seeing that she didn't take the initiative to speak, Li Yun said: "In fact, your question is not easy to say, but it is certainly not difficult to say that it is difficult. As long as you can control it, powerful killing thoughts can become you. Help!"

The arrogant woman who had kissed Li Yun forcibly still did not speak, and Li Yun comforted and said: "Look, I can resurrect even if my body is destroyed. It is even simpler that my spirit is not controlled, right?"

"Humph."

The beautiful girl who knocked on Li Yun's door before and escaped at the critical moment responded to him with a non-indifferent grunt, saying, "That's because it's just the body. You're not talking about mental problems—the soul cannot be affected. Resurrection?"

Li Yun was silent for a moment, and then smiled: "There will always be a way. If things are not so serious, don't worry, I will help you!"

The long-legged beauty, who was exactly 177 tall and whose body ratio between top and bottom met the golden ratio of 5 to 8, fell silent again.

"Actually you did a good job today, really!"

Li Yun said again.

"...Why are you helping me?"

"Because we are..."

Halfway through Li Yun's words, he could not help but stop.

What are we?

Chapter 1488: you go

acquaintance?

friend?

Friends from your girlfriend?

good friend?

Close friends?

Good friends who can kiss each other?

Li Yun was silent for a while, and he couldn't help feeling that this tall, beautiful, and arrogant girl had a good impression of him at 95...

"Tianfeng."

After turning many thoughts in his mind, Li Yun finally put his hand on the back of the beautiful girl beside him, held her white jade hand, and felt her little hand trembling like a frightened deer.

Finally, Li Yun's big hand was covered without much hindrance, and she held her jade-like hand. The **** intertwined with each other and held them tightly.

"Hmm~!"

The tall girl's face became redder and red, and an unconscious snort overflowed from her nasal cavity, and said in a panic, "You, what do you want!?"

Li Yun let out a chuckle, "Didn't you take the initiative to pull me in just now? How about asking?"

"No, no!"

The beautiful girl, blushing completely, turned her head and dared not look at him.

Although she did something inexplicable before, it is completely different now from just now. As for the difference, she can't say anything about it. She just feels that if she doesn't say something, she won't be able to refute his words at all!

"At least not tonight..."

The flustered girl made an excuse, "We are going to find Haraha volcano tomorrow, and, I, I... This is the first time. If you and you are messed up, I won't be unable to walk tomorrow? Anyway..."

The last utterance was no good, and the voice was very low, which made people 100% sure. If Li Yun had to, she would definitely not refuse.

"Ok, I know."

Li Yun shook her hands again, holding both of them this time, and looked at her. He saw that this beautiful girl who was murderous and arrogant, who was usually like a queen, was now His face was flushed, and it didn't look like he was overbearing when he came in.

Very special feeling.

It is estimated that anyone who knows her would not be able to imagine that she would have this kind of blushing cheeks like a little girl at such a time, and her eyes were bright and moving.

She knew that she had succumbed.

"Just know, know, you go!"

The tall beauty who turned from a queen to a little girl pushed Li Yun out, not allowing him to stay for a while, for fear that the **** would change his mind.

"Uh, leave now?"

"Of course, otherwise what else do you want to do?!"

"Go!"

Li Yun was helpless, the appearance of the little girl lasted only less than half a minute, and the arrogant female general returned.

"That's right." Li Yun, who was pushed to the door of her room, thought of something, "Otherwise, when you have the idea of killing in the future, just think of me."

"Think of what you said?" The queen raised her eyebrows and looked very disdainful, with a proud expression that I looked down on you.

If it weren't for the blush on her beautiful face and her eyes a little moisturized, people really didn't know when the queen was also shy.

"No, miss me."

"..."

Queen, her face is red again.

This time, it was even redder than the previous time, and even the glittering ears showed a shy color.

"Who would miss you, a dead eunuch!!!"

After all, the queen who was said to be the main thing pushed him away, and the door slammed shut.

"??"

Li Yun felt baffled. When did he have this strange nickname?

Chapter 1489: Really awkward

The next day, seven o'clock in the morning.

After everyone got up, Li Yun joined the two of them.

"Let's go."

Zhao Tianfeng is carrying a backpack, wearing a simple long-sleeved jacket, still her favorite skinny jeans, set off her slender legs and legs, beautiful curves when walking, unforgettable.

Her expression was indifferent, she didn't give Li Yun a look, and took Hu Xiaomeng to walk towards the elevator.

It's as if nothing happened last night.

"It's awkward."

Li Yun made a funny comment, and said to their two beauties: "You go down and order breakfast first, I will talk to Professor Ji about the situation, and I will come soon."

"Who cares about you."

Before Hu Xiaomeng spoke, Zhao Tianfeng had already answered him coldly.

Hu Xiaomeng, who was holding her little hand, blinked again.

Something's wrong!

Yesterday, or the previous sister Tian Feng, would definitely not respond to such remarks, she would only glance at it coldly, and stand proudly on the side.

It's not like saying "Who cares about you" like flirting. Although the voice is very cold, the content is very ambiguous...

"Last night~~" Hu Xiaomeng smiled and asked Zhao Tianfeng: "Sister Fengfeng, did you sleep well? I'm not very used to sleeping in hotels, and I can't sleep over and over again. I want to go to my sister to sleep with you~"

Zhao Tianfeng's eyes were a little strange, "Tonight, tonight, if you still can't sleep, come find me." Sure enough, there is a problem!

Hu Xiaomeng quietly puffed up, she should have slept with Brother Yun last night, and Zhao Tianfeng was the first for nothing, ooh!

...

After seeing Professor Ji, Li Yun said directly to him: "Professor, something will happen in A Duo Mountain these days. You'd better wait a few days before looking for someone. I believe there will be a result after that. of!"

"what?"

Professor Ji looked at Li Yun suspiciously, not knowing why he said these things.

"Let's do it." Li Yun couldn't explain too much, so he could only find an excuse: "I have something to do with Mount Adu. Director Amuer is someone I know. You can ask him to find out about the situation. Decide what to do."

"how about you?"

"I have something to do!"

Professor Ji frowned. Although he was puzzled, he still agreed.

In any case, having this relationship directly meets the director here, it will be much easier to find someone in the future.

Anyway, more than ten days have passed, and this day is not bad.

"Professor, let's see you later." Li Yun smiled and said goodbye to Professor Ji.

Seeing him leaving behind, Tao He's eyes were jealous and there was a trace of hatred. He turned his head to look at Professor Ji: "Teacher, do you really believe that he knows the chief here?"

Professor Ji hesitated.

Tao He said again: "He told us yesterday that he wanted to find someone together, but he left by himself this morning!"

Xu Zimo, who looked very gentle with glasses, pondered for a moment, "So, Li Yun is going..."

"Need to say?! This guy called the director here, knowing that no one can be found, so he went to the hot spring directly this morning!" Tao He said in a jealous tone: "With those two beauties, big and small Going to the hot springs together, he doesn't bother to go to Haraha Volcano to find someone!"

"Did you just say that Li Yun didn't know the director here?" Professor Ji looked at him sharply.

"Uh."

Tao He closed his mouth, and Xu Zimo glanced at him. It was obvious that his fellow junior was jealous that Li Yun had two beautiful women and could still go to play together. Once he went to the hot springs, his mind was a little awkward. .

Professor Ji recalled Li Yun's various performances, and finally decided: "Don't go to the director to inquire, we will start from another road, and there will be no one to say."

Chapter 1490: Rent a luxury car

The three of Li Yun did not stay for long, and after breakfast, they set off to find a travel agency.

Many people who come to Adoshan go to the volcano, so there is a car in the travel agency that takes tourists to visit the Haraha volcano group. Under Li Yun's money, he successfully rented a powerful car. Professional off-road vehicle.

"Mr. Li, this is your contract certificate. Please keep it. You will use it when you return the car when you come back." After experiencing a smile full of spring breeze, he respectfully handed a contract with a deposit of 5 million on it to Li Cloud in the hands.

Rent for three days, 10,000 yuan a day, and if the car is damaged to a certain extent, the deposit will not be refunded!

It can be said that the order this morning is equivalent to the daily income of the usual travel agency, and the manager of the travel agency will naturally serve it attentively.

The reason for this smoothness was that the two daughters, Zhao Tianfeng and Hu Xiaomeng, stopped at the gate of the travel agency and immediately attracted the attention of everyone nearby.

These two beautiful girls from big families, just the noble temperament and the stunning beauty on their bodies, are not what ordinary swindlers can have!

Therefore, the signing of the contract can be said to be fast, and it took less than ten minutes after Li Yun paid the deposit.

"OK!"

Li Yun casually threw the contract into the trunk of the off-road vehicle. This indifferent appearance made the manager more convinced that the lavish young man in front of him was of noble origin, and he didn't care about spending five million to buy one for three years. The original price is only less than three million off-road vehicles!

Some tourists around who originally wanted to strike up a conversation with beauties or want to make friends, after seeing this scene, also secretly stunned and gave up the idea of going forward.

Being able to spend money so lavishly, this young man who took two beautiful beauties to Ado Mountain for vacation, his level has exceeded the reach of everyone present, it is impossible to even make friends, the gap is too big !

"Manager Huang, goodbye!"

Packed up, the two women sat in the back seat. Li Yun was responsible for driving. After sitting firmly, Li Yunchong said goodbye to the travel agency manager. The latter waved his hand with a smile: "Mr. Li goes well, I wish you a happy journey and everything goes well!"

In fact, he wished that the car was completely scrapped, ahem!

"Let's go~~~" Hu Xiaomeng shook her calves back and forth happily in the back seat, shaking her head, combing her with double ponytails this morning, shaking her back and forth, looking as innocent and cute as ever.

However, her next sentence shocked everyone in the travel agency.

"Go to the volcano~~! Hehehe~"

"...?"

Listening to her smile of the little girl who was as crisp and sweet as a silver bell, a question mark slowly appeared in everyone's mind.

"Bubbly volcano?"

"Can the volcano be soaked?"

"Who is a volcano?"

...

The Halaha volcano group, which stretches for hundreds of square kilometers, has a peculiar topography, and there are traces of volcanic eruption everywhere. In history, the magma activity here is frequent and intense, leaving many very distinctive landforms.

For example, lava flows and volcanic piles erupted to form a dome-shaped mountain top, and the hot vents seemed to be burning.

Of course, the volcanoes are not all barren areas where no grass grows. Most places far away from active volcanoes are already covered with vegetation, and because the eruption brings a lot of minerals, the vegetation around Haraha volcano is more lush.

Tianchi, Dichi, Tuofengling Tianchi, Shuanggou Mountain Sky...

Li Yun drove a three-million-dollar off-road vehicle, skipping many of the famous scenic spots of Adu Mountain one by one, driving toward the depths of the volcano group, those volcanoes that still erupted in decades.
