

GODLY CHOICE SYSTEM

Chapter 15: All full marks

"What the director said!"

Zhou Xianming reacted, and immediately reduced the anger on his face, and glanced at Li Yun and Fang Xue as if he was winning.

As long as he wins the bet, Fang Xue will naturally understand who is bragging about shamelessly!

Following Xie Kang's order, the teacher of the experimental class and the teacher of Class 14 picked up the two test papers and came to make corrections on the spot.

"Ugh."

As soon as he picked up the test papers, Li Yun's biology teacher couldn't help sighing. Of course he knew his students. At the end of last semester, Li Yun only scored 50 points on the test, and most of them were multiple-choice questions. It's a ghost if you can get a perfect score!

But the teacher carefully looked at Li Yun's answer to the multiple-choice question, and suddenly he was surprised.

Pushed the glasses, and looked at it again. Those who did not believe in evil compared with the standard answer.

"The biological multiple-choice questions are all right?"

If the biology teacher couldn't believe it, everyone looked at him.

Zhou Xianming's pupils shrank, feeling a little uneasy, and comforted himself: "Maybe it is Mongolian, after all, there are only six biological multiple-choice questions!"

"Well, the physics multiple-choice questions are all right."

The physics teacher who used to invigilate Li Yun gave Li Yun approvingly. He seemed to see a genius from Zhicai High School rising. In the future, Zhicai High School will surely have his place!

There was a commotion, and they all looked at the chemistry teacher, waiting for his answer.

"Chemistry, all right."

Pushing down the glasses, the chemistry teacher slowly spit out these words, obviously, his heart is also very shocked.

"The multiple-choice questions are all right!?"

The news was like a bomb, blowing everyone's scalp numb, and each one looked at Li Yun dumbfounded. Seeing the latter's calm and calm appearance, everyone doubted their previous judgment.

Did you get it wrong, Li Yun is really a genius?

"impossible!"

A teacher in the experimental class said silently: "Zhou Xianming missed an option in the multiple-choice questions of physics, and was deducted three points. How can you guys in the poor class be all right?!"

Zhou Xianming's face turned pale, his multiple-choice question was actually deducted three points?

"Humph!"

The physics teacher lifted up Li Yun's test and said uncomfortably: "If you don't believe me, you can come and see!"

The experimental class of Zhicai High School is the best class in the school. The people in it are either geniuses or rich second generations who spend money to get in. They enjoy various privileges. The relationship with ordinary classes is not very good, and the relationship with Class 14 is even worse.

The teachers of the experimental class surrounded Li Yun's test papers in disbelief, and looked at them over and over again. The more they looked at it, the more shocked their faces became.

In Li Yun's test paper, not only the multiple-choice questions are correct, but the fill-in-the-blank questions and answer questions are extremely perfect—at least they can't see anything wrong, and they are clearer and concise than the standard answer, which also eliminates the possibility of Li Yun's plagiarism.

"How many points?!" The teaching director Xie Kang's face was as black as the bottom of a pot, and his heart was agitated.

Li Yun's full score was undoubtedly hitting him in the face in person!

"director."

A teacher's hand holding Li Yun's test paper trembles slightly, "This test paper can hardly find any imperfect meaning. It can be preliminarily judged: full score!"

After speaking, he looked at Li Yun with admiration.

You can get a perfect score in the science synthesis, which is rare in the experimental class. It is estimated that only one or two science synthesis geniuses can do it.

As a student in the poor class, Li Yun actually did something that none of the students in this experimental class could do!

"Li Yun's English is also full marks!"
