

Godly Choice 1511

Chapter 1511: Conspiracy

Coming with the cute and lively little girl was another tall and indifferent big beauty.

Compared with the immature little girl who is still developing, this big beauty is already long, graceful and tall, and the curvaceous beauty of a woman has been fully revealed, but because she is not too old, she is the eighteenth or nineteenth of the tallest one. Years old, so this big beauty still has a touch of greenness on her body.

But because of this, it attracts the attention of men even more!

As long as it is a man, I don't want to have such a beautiful young woman as a girlfriend, so that she can fully mature in her own control. If a flower bone flower with buds is waiting to be released, it will open its own beauty. And coquettish!

"Gooooo!"

Tao He couldn't help swallowing his saliva. He had been pursuing this big beauty before, and now he saw her panting slightly, and a thin layer of fragrant sweat oozing from her forehead, her charming and charming appearance, making Tao He wants her more and more!

Even if he took the initiative to join the team of gangsters, he could endure the leftover leftovers, as long as he could kiss the tall and beautiful Fangze, his life would not be considered in vain!

"Huh? Brother Tao and Brother, your eyes are so strange~"

The ignorant little girl looked at him with innocent and innocent eyes, and then smiled and said:

"Oh no matter what, let's get out soon, it's so hot here! Xiaomeng drank a lot of water, but still feels hot~"

"Big brother....."

Tao He's heart jumped abruptly, and his nose bleeds from the cute little girl.

The big beauties are very good, but the little ones are also uniquely beautiful. He likes both, he wants them all!

"Who are you?"

Senior Brother Guo, who was holding the fire-red rune paper in his hand, finally spoke, but the guarded expression on his face did not relax at all.

In any case, it is too strange that two beautiful women suddenly appeared in the crater, even though they said they came to see Professor Ji.

"My name is Hu Xiaomeng! Cute and cute~"

The little girl who was in her early 150s and appeared petite and slender replied in a crisp voice. She looked at Senior Brother Guo, "Big Brother...ah no," she spit out her pink tongue cutely, her

voice trembling slightly and asked: "Uncle, who are you? Why are you with Professor Ji...Ah, I see, you are Professor Ji's bodyguard, right?"

It seemed that she was so nervous that her voice trembled.

"Bodyguard? Humph!" Senior Brother Guo sneered.

"Big brother, I know them!"

Tao He rushed and replied, "These two beauties are from other provinces. They came to Ado Mountain to soak in hot springs. By the way, they came with a second generation of **** and rich. Haha, one man and two women, it can be seen that they are all It's a bitch!"

The cute little girl's smile froze.

A murderous intent flashed in the eyes of the tall beauty, but she soon became patient!

"Big brother~" The little girl looked at him pitifully, "Why do you say that Xiaomeng is a bastard? Xiaomeng is not! Hmph, the big brother is a badass, obviously Brother Yun and I are here to find you, you But still..."

Tears.jpg.

"no?"

Tao He looked at her and the tall beauty with jealousy and greedy: "You don't study at your age, and it's not a vacation now, but you still come to the hot springs, or are you with a man. What is this not a bitch? !"

The tall beauty looked at him indifferently, and a few words popped out from her teeth: "I got 705 points in the mock test!"

Chapter 1512: Thunder shot

705 points!

Suddenly, everyone was speechless.

This exaggerated result proves that her talent is extraordinary, and she is selected by top universities in the world, and there is a high probability of getting the highest scholarship.

It can be said that if you can get 705 points in the test, you only need to go to university step by step to work in the next half of your life.

"Hehe, Xiaomeng, my grades are also super good~"

The cute little girl was also triumphant, but she quickly turned the topic back, and walked a few steps forward, looking at Professor Ji worriedly, "Professor Grandpa, you seem to be very tired. Do you want to continue to investigate? Xiaomeng I think it's better to get out soon! Oh yes, yes, Brother Yun has separated from us, we have to find him."

"This....."

Professor Ji smiled helplessly. He couldn't figure out whether the two women were pretending to be stupid or really didn't know the situation now.

"go out?"

Tao He gave a strange smile, turned his head and smiled flatteringly at Senior Brother Guo:
"Brother, I will help you win these two beauties, so that you two can enjoy them first. Hey, these two beauties are one big and one small, they are absolutely It's the school flower level!"

The two gangsters looked at each other, and there was a hint of interest in their eyes.

They are not without their vigilance. In any case, the timing and location of these two beauties are too strange.

But firstly, the two beauties didn't know that they were immortal disciples who cultivated immortals. Secondly, this was their master's base camp. Even if they couldn't beat them, wouldn't they be called people?

Just grab these two beauties and bring them into the cave, they can enjoy a happy time!

"Big brother, you really hate, Xiao Meng ignores you!"

The little girl wrinkled her little nose in disgust, and walked towards Professor Ji with the water bottle, "Grandpa Professor, I will give you some water first, Xiao Meng this time..."

"and many more!"

Senior Brother Guo stretched out his hand to stop her, his eyes were full of malice, and he glanced at her for a few times. Then, a satisfied smile appeared at the corner of his mouth: "Good-looking, little beauty, you can follow me from now on."

"what?"

The little girl holding the big water bottle in both hands was frightened and couldn't help taking a step back.

Seeing this, the big beauty hurriedly came over to hug her and looked at Senior Brother Guo vigilantly: "What do you want to do?"

"What? Do you have to ask?" Another gangster, Junior Brother Liang, smiled, "Of course...you, what!?"

Suddenly, he saw the little girl loosen the big kettle in her hand, causing it to fall to the ground, revealing her hands.

Everyone saw that the little girl was wearing a pair of weird white gloves on her slender hands. They were fluffy and looked like animal claws. They were cute, yet they revealed a little weirdness.

"wrong!"

The two gangsters reacted, their eyes flashed with a touch of horror.

How can a normal person wear gloves in a volcano! ?

"carefully!"

"Phantom, shadow, fox, claw!"

The little girl's clear and lovely voice sounded, and countless white claws suddenly appeared in front of Senior Brother Guo and everyone, tearing everything fast and crazy!

But the attack is not over yet.

The tall beauty drew two short daggers from her waist cleanly, and without hesitation, they cut them off at Senior Brother Guo who was standing in place!

"Wow!"

Blood from the internal organs flowed all over the place, and everyone was appalled. Senior Brother Guo, who had been arrogant and domineering before, was torn to pieces by the pieces of white claw shadows!

Chapter 1513: Why

Even before his body was broken, he was cut a cross by two daggers!

The air seemed to freeze at this moment, and everyone dared not move.

The attack of the two beauties, big and small, came suddenly and swiftly like thunder. The scene of beheading a gangster in an instant, completely shocked everyone!

"Guo, Senior Brother Guo!"

The gangster Junior Brother Liang opened his mouth wide, holding three fire-red charms in his hand, his body seemed to be held in place, without a trace of movement.

He looked at Senior Brother Guo, who had been torn into pieces of flesh and even the hard skull was divided into seventeen or eighteen parts, and for a moment he doubted whether he had been caught in an illusion!

Why did a little girl kill Senior Brother Guo in the late stage of Qi refining?

Why on earth?

The glove in her hand... By the way, the glove, the magic weapon, yes, the glove must be the magic weapon! !

"Big Brother!"

Tao He panicked, and subconsciously hid behind him, shouting indiscriminately: "Brother, hurry up, grab these hostages, they won't dare to go crazy!"

Yeah!

The gangster Junior Brother Liang finally realized that there are so many hostages around him, as long as he catches one, he can escape into the volcano, inform Master of this, and let Master come forward to clean up these two slut!

"Run away!"

Xu Zimo reacted a little faster, grabbing Professor Ji and fleeing in the direction of the tall beauty. Everyone panicked. They didn't know whether they should blame the little girl for the mess, or thank her for giving them a chance to escape.

"You all deserve to die!"

The gangster Junior Brother Liang was about to wave the fire-red rune paper in his hand. The next moment, a cold weapon appeared on his neck, and a man's playful voice also sounded in his ear: "I advise you to stay still."

"what!?"

Junior Brother Liang was shocked and suddenly there was another person beside him, making him unresponsive and subconsciously trying to flee.

"I'm going! Cheating!"

Along with the curse, the blade placed on his neck lightly slashed, Junior Brother Liang only felt that his body suddenly became lighter, his vision was spinning around and he was out of control at all.

After some rotation, his eyes saw his body, and he reacted in a daze, and tried to roll his eyes to look up.

There is no head on his neck.

"I, my head, I, I... are going to die."

The last thought flashed in his mind, and the gangster Junior Brother Liang finally died clearly.

Xu Zimo, Professor Ji, three bodyguards, and Tao He were all stunned.

"Wow, great!"

Hu Xiaomeng happily clapped her hands, her hands were still wearing white fox claw gloves, and the blood remaining on them was thrown off by her, and she was so dirty.

"Sure enough, it's not the same as in the movie."

Li Yun smiled bitterly, looked at them and said: "I thought he wouldn't resist if he put the sword on his neck, so he grabbed a bit of life. I didn't expect that he would still move, so he could only kill him."

"It's pretty good to be able to save people safely," Zhao Tianfeng said lightly, but a smile appeared at the corner of his mouth.

Things are going well, better than anything else.

"Ah yes!" Hu Xiaomeng said quickly: "Brother Yun, let's take Professor Ji out, here—" She pointed to the hole leading to the inside of the volcano, "It's the enemy's nest, they may know soon. This matter."

"That's right, let's go out first."

Li Yun glanced at Tao He casually, frightened the latter, and quickly showed a classic flattering expression.

It's a pity that Li Yun is too lazy to deal with this guy later.

Chapter 1514: full HP resurrection

"Teacher, I will help you out!" Xu Zimo stepped forward again to help his teacher.

"No."

Professor Ji waved his hand, his face was extremely pale, his lips were so dry as if he hadn't drunk water for a few days, and his voice became hoarse: "I know my own body, even if I go out, I can't live, and it won't support me to go to the hospital... Go away, I can delay their time if I stay."

"teacher!"

"professor!"

Xu Zimo and several bodyguards were surprised, but after looking at Professor Ji, they soon felt sad for him.

They all could see that Professor Ji's body was completely dehydrated, and even if it was too late to replenish water immediately, unless he went to the hospital immediately, he still had to enter the intensive care unit and use professional nursing equipment to rescue him!

Zhao Tianfeng and Hu Xiaomeng both looked at Li Yun, and Professor Ji barely showed a gratifying smile on their faces, as if returning to the light: "You, you guys, hurry up, this time because of my waywardness, you almost died here, if not Li Yun, I will blame myself even if I die, thank you, Li Yun!"

"Thank you later."

Li Yun smiled, took out a small recovery pill, and handed him a bottle of mineral water.

"No, Li Yun, I can't save it..."

"You'll talk after you eat it!"

Li Yun's tough attitude made Professor Ji very helpless. He already felt that he was exhausted, and he did not faint due to dehydration. He was just holding his last breath.

But when he took the pill with his trembling hands and put it in his mouth.

boom!

An explosion-like power emanated from his mouth, and instantly swept his whole body. The mysterious and powerful force swept away the weakness, exhaustion, weakness, and decline in his body!

Every cell is full of vitality!

"this is.....??"

Professor Ji trembled all over, as if he was agitated by a stimulant. He suddenly felt very thirsty. He subconsciously took the mineral water that Li Yun handed him, unscrewed the bottle cap, and grumbled in the eyes of everyone's astonishment. I drank a whole bottle of gurgling!

"Ah, so cool!"

Professor Ji wiped his lips, burped, his face was red, and the sweat came out again.

"teacher?"

Everyone was stunned. From a critically ill patient who almost died of dehydration, Professor Ji stood in front of them in less than three seconds. He went up to the eighth floor in one breath without being tired. They really scared them!

If it weren't for the surrounding heat wave, they might even think they were dreaming.

"Professor Grandpa, are you in good health?" Hu Xiaomeng asked with a smile, with a smug expression on his small face, and an expression of coming to compliment me.

—It was her boyfriend who cured Grandpa Professor, which means she cured it~.

"I feel...well! Completely well!"

Professor Ji's face was full of surprises. He tried to clenched his fists. He even felt that his body was better than ten years ago, almost comparable to the strength of his youth, and his whole body was full of strength, too good to be better!

Everyone felt unbelievable, and they all looked at Li Yun.

"This is an exclusive secret recipe, it's a relatively precious pill, there are priceless ones in the market."

"Indeed." Professor Ji looked solemnly: "This kind of medicine is the most amazing thing I have ever seen, maybe tens of billions of dollars can't be bought."

Tens of billions!

Everyone was stunned secretly, but after another thought, for the rich, it is not too expensive to be able to pull people back from the death line and sell for 10 billion, and it is definitely a rush!

Chapter 1515: Ding, golden gift bag multiplied by 2

"This **** rich second generation! A pill sells for 10 billion, no wonder it's so rich!"

Tao He looked at Li Yun with jealousy, resentment, and a strong fear.

Li Yun saw the look in his eyes, but didn't pay any attention to it. He turned his head and said to them: "Stop gossip, let's leave here first."

"Correct!"

The red-faced Professor Ji wiped the sweat from his forehead, "This is indeed not a place for people to stay, and the enemy may appear immediately, we leave immediately!"

"Ding, the host made a choice. Before Professor Ji died, he would find a way to save them.

Rewards: Justice value +10000, experience value +5 million, all attributes +4000, golden gift bag*2, and Zhao Tianfeng's favorability +4. Extra reward: Yiyang Fist is promoted to God level!"

The system's reward prompt finally sounded, Li Yun was very satisfied, he had won Yiyang Punch for a long time, but it was only now that he was promoted to the **** level.

Although the power is far inferior to the Blue Dragon Roar, Nine Heavens Thunder Talisman, Golden Dragon Sword, etc., the god-level Yiyang Fist is very practical to use as a small move!

Everyone was about to act, but Xu Zimo suddenly said, "Wait!"

He pointed his finger to Tao He, who shrank his head and walked aside, trying to follow them and shouted, "Don't follow us anymore, teacher, you've seen it before. Tao and him are completely frantic and completely shameless! "

Everyone looked at him together, Tao He's expression suddenly became very ugly, and he hurriedly defended and said, "I, I can't help it!"

"No way?" A bodyguard asked with a weird yin and yang, "I think you have many ways! I even wanted to sell the teacher so that I could live, deceive the teacher and destroy the ancestor's dog, Professor, I just threw him at Forget it here!"

The other two bodyguards all applauded in a loud voice, and their gazes at Tao He got worse and worse, wishing to throw him directly down the magma!

"Well~~~ how to put it, you are really bad!!"

Hu Xiaomeng expressed his opinion. Zhao Tianfeng only glanced at Tao He indifferently. For her, if Li Yun hadn't warned her not to kill people casually, she would have given the ***** twice a long time ago and dropped the magma to fill the volcano!

Professor Ji was silent for a while, sighed and shook his head and said, "I can't be the master, Li Yun, you decide, no matter what decision I make, I can accept it!"

If his students only want a bottle of water, Professor Ji can still accept it, because it is everyone's choice and instinct to survive.

But Tao He turned to the gangsters and became an accomplice, and even wanted to kidnap two beauties to dedicate them to the gangsters. These are things that Professor Ji will never accept!

Not doing evil is the bottom line of life.

"Mr. Li Yun, you decide!"

Xu Zimo and the bodyguard also looked at Li Yun. After his decision, Tao He was pale and wanted to beg for mercy, but when he saw Li Yun's indifferent eyes, he knew that it would be useless to beg for mercy.

"Ding, trigger the option event, please choose from the host:

Option 1: Kill Tao He directly, reward justice value +1000, experience value +1 million, all attributes +500, purple gift bag*1.

Option 2: Capture him and hand it to the court for trial, reward justice value +2000, purple gift bag*2.

Option 3: Let it fend for itself, and reward nothing. "

There is no evil value for direct killing?

Li Yun looked at Tao He, who was pale and thoughtful.

It seems that the system doesn't consider him a good person anymore.

"You, don't look at me!"

Tao He took a step back in horror, "I admit that I did something wrong before, but that was just a decision made by people in fear. Even if I go to the court, I have reason!"

Chapter 1516: Expulsion

Hearing Tao He's words, the three bodyguards were very angry, but Xu Zimo knew that what he said was the truth.

Although Tao He's behavior is very bad, he did not really do anything to harm others after all. Moreover, he chose when he was kidnapped. Just like gangsters intimidating the hostage to kill, even if the hostage is forced to kill to protect himself, it will be the same afterwards. innocent.

I have to say that crimes committed by highly educated people are really a disaster.

"You are right." Li Yun nodded.

"Humph!"

Tao He was overjoyed, his face was obviously relieved and triumphant: "Even if you take me to court, I will be detained for a few days at most, what can you do with me? Haha!"

Seeing how his villain was successful, everyone looked at him with disgust.

"but."

Li Yun said lightly: "I want to emphasize one thing. You have completely taken refuge in the gangster. Judging from your reminder of the hostage-taking, you have regarded yourself as a hostage-taking member."

Tao He's expression changed, and the eyes of everyone looking at him became more and more wrong.

Only then did they remember that this ***** actually reminded Junior Brother Liang to kidnap them, just to push some of them into the abyss alive!

"Tao He, you really deserve to die!" Xu Zimo gritted his teeth and looked at him. A bodyguard even rolled up his sleeves, planning to beat him up again.

"You are really bad!"

Hu Xiaomeng said seriously and stopped calling him the big brother.

Li Yun smiled at Tao He, "Even if you can ask a lawyer to defend yourself, but taking refuge in the kidnapper will still put you on trial! Even if you won't be detained for a long time, your school will definitely expel you. , Your academic qualifications, your graduation certificate, and even your university graduation certificate and degree certificate are all revoked!"

"What, what!?"

Tao He stayed for a while, missing these things, and was kicked out of school again, how could he still find a job?

Now employers will check the files. Once it is found out that he was actually fired, which serious company will accept him?

In other words, unless Tao He goes to the construction site to move bricks and other physical tasks in the future, he will never find a good job again!

"You, don't be too cruel! Be careful that I and you desperately!" Tao He panicked completely, the sweat on his face turned into cold sweat, he felt hopeless in life just thinking that he was kicked out of school!

"Desperately? Just you?"

Li Yun smiled disdainfully, turned his head and said to Professor Ji: "Professor, it's up to you to decide this time."

".....it is good!"

Professor Ji understood what Li Yun meant, and quickly decided: "Tao He, from today, no, from the beginning of your refuge in the gangster, you will no longer be a student of my Ji Xian, when the next school meeting, I will Report this to the principal and director. After you go back, you can pack your things and leave the school!"

A professor who can recruit graduate students is an important person in any school, not to mention that Professor Ji just expelled his students, there is still a reason, I believe that no one in the school opposes this!

"Teacher, I, I was wrong!"

Tao He fell to his knees with a thump, crying and begging for mercy: "Teacher, don't expel me. I am a student in the mountains. The whole village is expecting me to go to graduate school and go back to Guangzong Yaozu, I..."

"You're still lying!" Xu Zimo pushed his glasses and said indifferently: "What kid in the mountains? Your monthly living expenses plus graduate subsidy, at least four or five thousand, every day, either go to the bar or go to the female netizens. Hotel room, Tao He, don't lie here about kids in the mountains! You are not worthy!"

Chapter 1517: Behind you is your hometown

Everyone looked at Tao He's eyes with more disdain, and they shamelessly lied that they were Dashan's children, in order to win sympathy, it was enough to see the inferior character of others!

"enough!"

Professor Ji said in a deep voice: "This matter ends, Tao He, you are no longer my student! Moreover, I will report this matter to the police station in detail so that the court will try your crimes and whether there is any crime. All are defined by the law!"

With this sentence, Tao He was sentenced to death without a court trial.

"The professor said well!"

"Hmph, this kind of person deserves to be like this!"

The three bodyguards were overjoyed, and they scolded and ridiculed as if venting their anger.

"And one more thing."

Li Yun took out a bottle of water from the space ring and threw it to Tao He, "I cannot tolerate sand in my eyes, and I am not interested in saving a person I hate, but out of humanitarianism, I will give you a bottle of water. Hope you can get out of this volcanic labyrinth before you run out!"

The three bodyguards applauded again.

Don't say, this maze in the volcano's crater is quite complicated. If you feel dizzy for a while, you will be burnt out of your mind by the heat emitted by the underground magma. here!

Moreover, the road is not even, and accidentally falling into a crack is more terrible than falling into an ice lake!

—At least the cold lake water will not be like magma, it will melt people in an instant!

"You, you, you!"

Tao He was shocked and hated. Needless to say, the reason for his hatred was because he saw Li Yun take out a bottle of mineral water out of thin air. What's more shocking was that the bottle of water was still frozen!

When the bandits moved the boulder, and Li Yun killed Junior Brother Liang at a very fast speed, Tao He couldn't understand.

Li Yun, this guy who brought two beauties to the hot springs, he thought he was just a rich second-generation guy, in fact, just like those gangsters, they have mastered some kind of magical and mysterious power!

"Don't you." Li Yun clapped his hands and smiled slightly: "You should now think about how to escape this volcanic labyrinth quickly, oh yes." After patted his head, Li Yun suddenly realized: "I forgot Now that you are already a gangster, behind you is your hometown, it's much easier to run directly in than to get out of the maze, right?"

Everyone had weird faces and Tao He had complicated expressions.

Really want to run in? Is it going to go home, or is it going to be a tiger's mouth?

"Let's go~!"

Li Yun turned away coolly, and Hu Xiaomeng leaped to follow him, holding his arm squeaking to say something, the silver bell-like laughter made Tao He who remained behind him gritted his teeth with hatred!

"This bastard! No, these bastards!"

"I swear, I will have the ability in the future, and you must kneel under my feet!"

"And Zhao Tianfeng, a dead bitch! I will kill you fiercely in the future!"

Watching Li Yun and his group disappear into the magma rock jungle, Tao He vented his hatred in a frenzy.

But even if he hates Li Yun again, he dare not throw away the mineral water that Li Yun gave him last.

In the scorching crater, he couldn't support it for half an hour without water!

"Who the **** would take refuge in those perverted bandits!"

Tao He left here bitterly, holding two bottles of water in his hands, half of his own, and a bottle of Li Yun's gift.

Moreover, he put the bottle of ice water against his cheeks, greedily drawing the air-conditioning from it, so that his body temperature would not rise so quickly.

The reason why he chose to leave is also very simple:

Fear of entering the volcano, life and death controlled by others!

Chapter 1518: Desperate

That dark, no, the first half is very dark to be precise, but the innermost part is a deep pit with flashing firelights. Tao He just glanced at it and felt frightened.

The red light flashes, which proves that the cave is directly connected to the magma at the bottom of the volcano. Normal people go in to find death and directly fall into the magma to take a bath.

With the temperature of the magma deep in the volcano, the bones will melt for you!

"Do you just leave like this?"

As he walked, Tao He was upset, thinking of something in his mind, and couldn't help slowing down.

"Don't say I can get out of this **** maze smoothly, even if I leave, I have to walk back to Ado Mountain City, which is more than 50 kilometers!"

"The other city is farther than Mount Ado, and you can only go to Mount Ado."

"Damn, those **** gangsters also stepped on my phone and exploded, damn!"

"I might get lost when I go out, and even have to walk a hundred kilometers to get back to the city... Waiting for a car on the road? Damn, this place is sparsely populated. I can't wait for a car for a long time, and others won't necessarily pick me up."

Tao He frantically turned his thoughts in his mind, the more he thought about it, the more he felt that he couldn't leave just like that.

"The old man revoked my degree. I still studied **** geology. The circle is not big. The influence of the old man is too great. Even with a college diploma, it is impossible to find a good job. I can only change my career! "

"Going abroad? No, it's impossible. Unless I grab that **** rich second generation, I won't be able to get so much money to go abroad! Besides, if there is no professor recommendation, there must be no foreign school to enroll me, and all the pheasant universities are garbage! "

"Garbage, **** it's all garbage!"

Tao He had a sullen face, stopped unconsciously, and glanced back at the direction of the entrance of the underground cave.

"Do you want to go back? Take refuge in those people..."

"Hurry up and inform those **** gangsters, no, at the same time, the master of the big brothers, let them come forward and bring back the dead old man and the two beauties!"

Thinking of Zhao Tianfeng's tall and graceful figure, and fantasizing about pushing her to the ground, giving her an expression of humiliation and submission, Tao He couldn't help feeling agitated.

"Fight!"

He turned and walked back, with a trace of madness in the fear on his face.

"Guo and Liang can both worship into the mysterious volcanic cave. By the way, what is the name of the master of Linghuo Cave, why can't I?"

Thinking of the two gangsters who were killed like waste, Tao He felt a lot more settled.

At least in his opinion, he can be admitted to graduate school, of course, IQ is much higher than the two of them!

As a result, he walked back more firmly, and the expression on his face became crazier!

...

"Professor, you should be able to go back by yourself?"

Li Yun quickly sent them out of the crater and handed him a bunch of keys, pointing in a certain direction and said: "My car is parked there. You should find it if you look for it, but be careful not to give it. People watching outside see it."

"Eh?" Professor Ji looked at him in surprise: "Li Yun, don't you run away with us...Oh, I see!"

Professor Ji patted his head. It was a very dangerous crater for him and a few bodyguards, but not even for Li Yun. It might even be that he came to trouble those gangsters!

Xu Zimo took a deep look at him, and then respectfully thanked Li Yun, as did the three bodyguards.

If Li Yun hadn't appeared in time, they would have been inside the volcano and it would be almost impossible to survive!

Chapter 1519: go back

"It's all right, just thank you."

Li Yun waved his hand, "Go away, I can't take care of you when I fight."

"Woo~" Hu Xiaomeng pursed her mouth. She is also a person to be protected. This feeling is really annoying.

Professor Ji nodded, "Then Li Yun, you have to be more careful. Just judge from the passage leading to the inside of the volcano. Their master is not easy."

Li Yun smiled and said, "Didn't I say it? I came to Adu Mountain to soak in the volcano!"

Everyone was stunned, and then they remembered what happened before.

At the time they thought that Li Yun was talking about it, but now they want to come, it turns out that he was really not joking, just came to Aduoshan to soak the magma of the volcano!

"Mr. Li, you are amazing!" A bodyguard gave him a heartfelt thumbs up, his face full of admiration.

"Haha, don't pass it this way."

Li Yun said goodbye to them, and after they had walked a few steps, he thought of another thing.

"By the way, Professor Ji."

"what?"

"As for Shi Liangcai, I will help find it, but...I can only resign it to fate."

"...I see, thank you, Li Yun!"

Professor Ji nodded slowly.

Even now, he couldn't understand that his students were probably caught in the volcano by those bandits, and their life or death was unknown.

And to make matters worse, almost none of the usual methods of rescuing hostages work. Which police officer can go to the bottom of the volcano to save people?

It is already a great fortune to have the help of a capable person like Li Yun. As for whether he can be saved, it is really resigned to fate.

"goodbye!"

"goodbye."

Watching them leave, Li Yun turned his head and looked at the two women beside him, "You guys... forget it, let's go back first and talk later."

"?" Zhao Tianfeng glanced at him suspiciously, and Hu Xiaomeng directly puffed up his mouth: "Big Brother Yun is a badass, and wants to abandon our sisters, oooooo~"

"Where is all this..."

Li Yun couldn't laugh or cry, put his arms around Hu Xiaomeng's slender and soft waist, and threw her to Zhao Tianfeng amidst her little screams, who successfully caught the petite and cute little Lolita.

"let's go!"

Li Yun jumped on top of the magma rock jungle, quickly passed through the volcano labyrinth, and set off towards the cave just now.

Zhao Tianfeng followed closely, and there was still a koala-Xiaomeng Fox lying prone in Luli.

"Woo, I have to come sooner than before!"

Hu Xiaomeng hugged her with his hands and feet tightly, buried her cheeks on the chest of sister Feng, who is also a girl, breathing in the charming fragrance of the **** her body. The senses are very comfortable, but the heart is very depressed.

At the age of fourteen or fifteen, she has become an acquired level of consummation. If she is in the arena, she can also be called a genius martial arts girl!

But in front of Li Yun, the acquired realm was not enough at all. Even in the later stage of the innate realm, he could only barely keep up with his pace, and still could not bring much help to Li Yun.

Zhao Tianfeng chuckled softly, "Don't worry, Xiaomeng, with the pill given by your boyfriend, you will be born within two months."

Li Yun also gave her two pills to lay a good foundation. After Zhao Tianfeng ate it, she felt that the hidden dangers caused by her previous rapid breakthrough had been completely eliminated, and she was confident that she would reach innate consummation within a month!

And after she has a spiritual mind, she will only become a master in the future.

However, after meeting Li Yun and knowing the magical things such as spells, Zhao Tianfeng no longer took the Grandmaster Realm as a goal.

Chapter 1520: crouch

Even the Divine Realm was not part of Zhao Tianfeng's future plans.

As for what her plan is... You have to ask Li Yun before you know, let's break through to congenital perfection first.

"My Nan Pengyu?"

Fox Xiaomeng's eyes turned, and a vixen-like smile appeared on her small face. She turned to the handsome boyfriend who was leaping ahead and shouted in a very low voice: "Brother Yun, Sister Fengfeng is jealous, she wants to I want to be your girl... Uhhhhhhhhh!"

"Hu, Xiao, Meng!"

Zhao Tianfeng gritted her teeth, blushed, and frustrated. The ground blocked her broken mouth! !

This little girl really didn't look at it for a moment, she would say something shocking in her little mouth!

However, this cute little girl feels really good to hug, her slender body is very cool, revealing a faint fragrance, without a trace of sweat, she should have put on the fire-stopping charm again.

—Before, in order to act realistically, Hu Xiaomeng also deliberately removed it, otherwise it would be strange to not sweat in the crater.

"Woo, Sister Fengfeng is also a badass, and they are right~"

Hu Xiaomeng was wronged by Baba, and Zhao Tianfeng's face became more flushed.

In fact, Hu Xiaomeng was really right. She unconsciously said the phrase "your boyfriend". Isn't it a sign of jealousy in her heart?

"Don't, stop making trouble, we're here!"

Zhao Tianfeng stopped Fox Xiaomeng, his haughty face was flushed, and he pointed his finger to the bottom.

There was a figure hovering in front of a cave exposed after the boulder was removed.

He is the Tao He who was left behind!

"what?"

Hu Xiaomeng shifted his attention and stopped teasing Fengfeng sister. He stood on a stone pillar and squatted down. He looked down at Tao He and said, "Does he really want to enter the cave? Take refuge in those bad guys?"

"He was the villain who should have been thrown into the volcano." Zhao Tianfeng's tone was flat and he looked down indifferently.

"This is fun."

Hu Xiaomeng's cute little face showed the sweet smile of a vixen again: "We can wait for him to enter the cave, and then follow him quietly, and then...and then think of a way!"

Li Yun smiled. Indeed, he can only think of a way, because it is still unclear what is in the cave, so he can only go in and investigate.

The three of them squatted down on a large stone pillar, waiting for the hesitant Tao He to make a decision.

Li Yun was not anxious, and instead of running away from Tao He immediately, he continued to stay here, knowing what his choice was.

Even he has made a decision, just waiting for the people in the cave to come out, so that he can be brought in!

"Xiaomeng, Tianfeng, I'll take you to a place later." Li Yun thought for a while, and if he enters the cave next time, he definitely can't take them with him.

"Huh?" x2

Both women felt baffled, not knowing what he was talking about.

However, neither of the two women could oppose Li Yun's decision now, and they believed him deeply.

"correct."

While waiting for Tao He to make a decision, or when someone showed up, Li Yun warned them: "The enemy will also have divine consciousness. If they go to the surface and see the two corpses,

they will use divine consciousness to explore the surroundings. It's best not to have mood swings, so as not to be discovered by him."

"Huh?" x2

The two women were still puzzled, and Hu Xiaomeng asked in a low voice, "Brother Yun, reducing emotional fluctuations will make it difficult for God to find us?"

"Yes, to be precise, it's a state of emptiness."
