

Godly Choice 1521

Chapter 1521: Pure love

Li Yun smiled: "If an ordinary person is asleep, the divine consciousness sweeps him the same as sweeping a human-shaped stone—at least the divine consciousness of my current level is like this."

This is the law summed up from the Spirit Turtle Hidden Breath Technique.

"I see, let me try it."

Hu Xiaomeng took a few deep breaths to calm himself down, only meditating on one thing in his heart.

Li Yun and Zhao Tianfeng closed their eyes at the same time, and felt where she was at the moment with their spiritual thoughts.

In Zhao Tianfeng's killing intent, Hu Xiaomeng's squatting position seemed to be a small stone, vaguely felt what was going on there, and he could feel that he was a person, but he was not so sure, and it was a bit like the wave of magma.

Had the two not been close, Zhao Tianfeng would definitely not be able to spot Hu Xiaomeng, only that she was a piece of stone connected to the stone pillar.

As for Li Yun's feelings... well, how should I put it.

"A very strong idea, pure and enthusiastic, it should be... an emotion."

Very strong!

With a strange expression on Li Yun's face, he opened his eyes and glanced at Hu Xiaomeng. He looked at his little girlfriend with a soft expression in his eyes.

"How is it? Can you feel it?" Hu Xiaomeng also opened his eyes with a smile, and immediately saw Li Yun's expression, and immediately understood.

"Ah?"

Hu Xiaomeng plunged into Li Yun's sorrow, acted like a baby, and looked up at him: "Brother Yun, do you really feel Xiaomeng's heart?"

"Um!"

"Hee hee, great, la la la~"

Hu Xiaomeng was very happy. He put his arms around Li Yun's neck, ignoring that Zhao Tianfeng was beside him. He was shy and joyful and kissed him on his lips.

And, love.

Yes, what Hu Xiaomeng has been reading in his heart just now is that he likes Li Yun and loves Li Yun's content.

Her mind became pure and blazing, and it must be difficult for outsiders to find out, but Li Yun felt it easily.

"Brother Yun, Xiaomeng loves you~" Hu Xiaomeng blushed and confessed with his arms around his neck, forgetting the environment he was in now.

"Well, Brother Yun loves you too!"

Li Yun's solemn answer made Hu Xiaomeng even happier, with happiness on his small face, plunged into him and kissed and rubbed, expressing his love for Li Yun to his heart's content.

With such a cute, cute and quirky little girlfriend, Li Yun is naturally very satisfied and enjoyable.

only.....

"Ahem!"

Li Yun hugged her quickly and didn't disturb the girl. "Alright, Xiaomeng, now is not the time."

He didn't say that Zhao Tianfeng was still next to him. After all, his relationship with this tall beauty who was blushing at the moment was not simple and could not be summed up in one sentence.

"Hee hee~"

Hu Xiaomeng did not leave Li Yun's embrace, and continued to put his arms around his neck happily. After looking at Zhao Tianfeng, he noticed.

"Sister Fengfeng, come on too!"

Hu Xiaomeng grabbed Zhao Tianfeng's little hand and put it on Li Yun's body, scared Zhao Tianfeng away like an electric shock, and almost fell off the whole person. Fortunately, Li Yun caught her in time.

"You, you let me go!"

Zhao Tianfeng tried his best to lower his voice so as not to be heard by Tao He below.

Li Yun was both embarrassed and enjoyable. With the two beautiful women by his side, various good things could happen at any time.

"Hu Xiaomeng, you badass!" Zhao Tianfeng blushed, concealed, or squeezed Hu Xiaomeng's chubby baby face like revenge.

"Woo, Sister Fengfeng, people don't dare~~ They just want you to... well."

Zhao Tianfeng covered her little mouth, but couldn't help thinking in his heart.

Hu Xiaomeng just now...could it be that she accepted her?

Chapter 1522: I, I want to apprentice

"Someone has come out."

Li Yun said in a low voice, and the two playful women suddenly became quiet.

When they were fighting just now, there was finally movement on the road to the bottom of the earth.

A thirty-something, wearing a bright ancient gown with a green jade pendant around his waist, his hair is gathered together to form a bun, with a special hair crown on it, which is quite unique.

Coupled with the man's tall stature, his sharp eyes swept across the entrance of the cave, and the powerful aura made Tao He's legs weakened by fright, and he sat directly on the ground!

"Let's sit still, with no distractions."

Li Yun, Zhao Tianfeng and Hu Xiaomeng crouched on the side of a stone pillar more than ten meters above the ground. He whispered: "Hold Yuan Shouichi, let your mind be empty, just look with your eyes, don't think too much."

With Li Yun's previous explanation, the two women quickly calmed down, staring at the bottom with calm eyes, trying to make their mood swings close to nothing.

"What's the matter?" The man in the ancient gown glanced at Tao He and asked indifferently.

He naturally noticed that there was a battle at the entrance of the cave, and the mortal in front of him was one of the witnesses!

But this mortal can never be the one who killed two named disciples!

"Big brother!"

Tao He spoke tremblingly, and then, a strong wind hit his chest, hitting Tao He directly into the air and flew out, hitting Guo who was torn into pieces by Hu Xiaomeng's phantom fox demon claws. Senior brother's corpse!

"Mortal, you don't deserve to be called my brother."

The man in the gown was indifferent, as if he was just telling a fact, without the slightest meaning of ostentation or arrogance.

However, between the lines, there is a strong condescending meaning, as if he is no longer a human being, but a fairy who lives for nine days!

Tao He had a terrible pain in his chest, but felt the other's killing intent and was so frightened that he hurriedly fell to his knees, "My lord, my lord! I was wrong!"

——He finally found a suitable title.

"Let's talk, what happened here?" A magical spell with powerful spiritual power appeared quietly in the sleeve of the man in the long gown, and Shen Nian looked around vigilantly.

"That's it, sir, I want to vote for you... No, no, apprentice, I want to apprentice!"

Tao He was very embarrassed. He only woke up now. Not only did he not know the names of the two gangsters, but he didn't even know what their origins were. He only knew that there was their master in the cave, and he was very powerful!

"Just you want to worship my master and become my younger brother Wei Jingli? Huh."

Wei Jingli, the man in the long gown, bends the corners of her mouth, revealing a cold mocking smile.

Of course, Tao He, who was kneeling on the ground with his head down, didn't see it, but Li Yun and the three could see clearly.

"Uh, me, mine..."

"For things like waste, you are also worthy of being the servant of the chamber pot."

Tao He trembled three times.

The little boy who pours the chamber pot? What age is this?

At this time, he regretted choosing to stay. These people, immortals, they are probably still living in the ancient system, and they would beat or scold their subordinates, even if they were killed, they would die in vain!

"Don't look down on the young man." Wei Jingli sneered. "If you don't answer well, you won't even be able to do it, you can only serve as a meat animal for sacrificial swords. Do you know what a meat animal is?"

Tao He's face was pale, even if he couldn't hear the meaning of a meat animal, he still knew what the sacrificial sword meant!

"I said, don't kill me, I will say everything!"

Chapter 1523: Linghuo Cave

Tao and Zhutong pour water out to tell the whole story. During this period, Wei Jingli occasionally asked him some questions. Relying on divine awe, he basically confirmed that what he said was the truth.

"Huh, a few mortals dare to kill the people in my Spirit Fire Cave!"

A cold light flashed in Wei Jingli's sharp eyes and said to him indifferently: "You stay here until I come back. If you dare to escape, I will grab your soul and throw it into the fire as a sacrifice! "

After that, without waiting for Tao He to reply, the figure quickly flashed past, and came directly to the top of the volcano labyrinth. After another flash, the figure appeared seven or eight meters away, and after several consecutive times, it completely disappeared.

"Fast speed!"

Zhao Tianfeng whispered.

Fortunately, Li Yun chose a location that was invisible in the sky when he was in ambush, otherwise Wei Jingli would find them when he came up, and he would inevitably fight a battle.

"Professor Ji doesn't know if he has escaped."

Hu Xiaomeng was a little worried. Li Yun smiled and said, "Don't worry, they have already left. They have already sent me a text message just now."

"Hee hee, that's good~" Hu Xiaomeng looked into the distance, "Brother Yun, do we sneak into that spiritual fire cave now? Oh, oh right, the fire is the fire Brother Yun is looking for, right? "

"pretty close."

Li Yun nodded and looked at the two of them: "But wait for me to go in by myself, you guys..." He paused deliberately.

Sure enough, Hu Xiaomeng immediately puffed up her small mouth, made a classic act of acting like a baby and selling cuteness, and shook his arm gently: "Brother Yun, let us go in with you, oooo, Xiaomeng is really good. I want to see with my own eyes what the cave leading to the bottom of the volcano is like!"

Not to mention Hu Xiaomeng, Zhao Tianfeng also looked over with longing eyes.

Li Yun shrugged helplessly. When Hu Xiaomeng met her just now, it was at the roadside stand where Li Yun had worked. The girl broke into other people's casinos with her bodyguards, and forced them to take her to the night market in the county.

But fortunately, I met him by coincidence at that time, and it was fate.

"I didn't say not to show it to you, but I have to change the way and the time."

"what?"

"Come to a place with me, remember, don't resist."

".....?what!"

The two women were held by Li Yun's little hands, and the three of them disappeared in their place amidst their suspicious exclamations.

Only a snow-white transparent round bead was left, and it slowly fell on the stone pillar. Soon, this exquisite and transparent bead turned into gray-black, blending with the magmatic rock environment on the ground.

Unable to be sensed, no aura fluctuations, isolated from divine mind scanning, no smell.

It can be said that unless someone sees the process of changing color at close range, or touches it unintentionally, it is impossible to find it!

And inside the beads, the two beauties, Hu Xiaomeng and Zhao Tianfeng, opened their mouths in shock, their eyes widened, and they looked at everything in front of them in disbelief.

No wonder they were so surprised, because they saw Wonderland!

In this less than three kilometers of heaven and earth, weird flowers and weeds are blooming everywhere.

There were seven-petal flowers with flames, white 'roses' with frosty frost, and weird spiritual flowers that were all black but blooming with coquettish red flowers. At the end of the trail, they also saw a strange wonder that exuded immortality. The fairy lake is surrounded by a green bamboo forest.

Chapter 1524: The shock of two women in Xianjiadongfu

Zhao Tianfeng especially noticed that there are five mysterious colored lotus growing in the lake. The buds of these lotus blossoms are tightly hugged together, showing a nine-color color. The bursts of fragrance seem to be condensed into substance, filling the entire small world. !

"Wow...wow...wow!"

Hu Xiaomeng used three wows to express his current inner excitement and excitement!

She could hardly believe her eyes!

From the scorching crater, it was teleported to flowers blooming, little bunnies were all over the ground, butterflies were flying everywhere, and bees were industriously gathering honey in a wonderful wonderland!

This feeling cannot be described clearly in a few words!

"This, this is...?"

Zhao Tianfeng stammered. She believed that her personality was quite mature and she would never be frightened by something again, but after seeing this kind of transcendent birth, completely separated from the mortal flowers, she was still stunned.

"Welcome to my world." Li Yun gave a pretentious smile: "This is a world that belongs to me alone, named Lotus Immortal Mansion!"

"Lotus Palace!" x2

The two women spoke in unison, their gazes at Li Yun became surprised and asked three points.

"Correct."

Li Yun nodded, and looked not far away. Suddenly there was a beautiful woman in red, walking over at a restrained and somewhat eager pace.

"My son, you are back." Nie Xiaoqian saluted with joy, her eyebrows and her eyes filled with joyful smiles, she did not have the violent and bloodthirsty appearance that Hu Xiaomeng had seen before, just like a well-knowing lady.

"Um."

Li Yun smiled and nodded, stretched out his hand and touched her head, as if pampered, and asked softly: "How are you in the last few days? By the way, you should know these two and remember them. Bar?"

"The Nujia remembers."

A blush appeared on Nie Xiaoqian's beautiful and enchanting face, and her blood-red jewel-like eyes lowered her gaze shyly, "This lady is Zhao Tianfeng, and this is Hu Xiaomeng, right?"

The two women nodded subconsciously, and Hu Xiaomeng finally recovered from the shock, jumped up, jumped into Li Yunqi, and embraced him in excitement and acted like a baby.

"Woo, Brother Yun, you have such a great thing!"

"This is the fairy family cave house that can speed up cultivation in myths and legends? It's amazing, really amazing~!"

"La la la, Brother Yun, Xiaomeng will live here in the future, um, so that I can reach Xiantian very quickly, no, I'm in the realm of masters!"

Hu Xiaomeng naturally wants to occupy a place in this Dongfu. After all, she is Brother Yun's little girlfriend, so she should have the right to live here~

Hee hee~!

"That's not good." Li Yun looked embarrassed, "I mean, if you get in here, you have to follow me all the time and you can't go to school."

"what?"

"Ahhhhh, babababa~~~"

There was a sharp, small girl cry, and the sound approached quickly. Soon, a fist-sized pater hit Hu Xiaomeng's head, causing the girl to scream, holding her head and tears streaming down her eyes. of.

"Woo, what did it hit me?"

"Nini is water? Why do you hold me?"

"what?"

Hu Xiaomeng finally saw what it was that hit her: a small but very beautiful black elf!

It has two pairs of beautiful, dazzling and beautiful wings that look like a starry sky, floating in the air and slowly fanning, the stars of light falling down, with extraordinary charm.

Chapter 1525: Nie Xiaoqian Nianfang Eighteen

"Cough, okay, okay, Tianfeng, Xiaomeng, you guys stay here first, I'll go out, wait until I'm in the cave, I'll talk after it's safe!"

Leaving them to get to know them slowly, Li Yun hurried out of the Lotus Immortal Mansion, lest Wei Jingli came back to see him suddenly appear in the real world.

When he went out to the outside world, the beads from the Lotus Immortal Mansion had automatically flown into his hand, and Li Yun put it in his pocket quite satisfied.

With such a convenient means of hiding, coupled with his master-level spirit turtle hiding technique, it is more confident to sneak into the spirit fire cave at the bottom of the volcano!

"Tao He, this guy, is really determined to take refuge in the Six Demon Sects!"

Displaying the hidden turtle invisible, Li Yun gently jumped down and came to Tao He's side, but he knew nothing, the expression on his face was still excited and frightened, with a hint of expectation.

It is estimated that for people like Tao He who hate the rich, he has been looking forward to this opportunity to get in touch with extraordinary power for a long time, right?

After gaining strength, he returned to the metropolis, slapped the faces of people who were unfamiliar with them in the past, and got some beauties through various means.

"Uh?"

Li Yun touched his chin. Except through various means, why are these things a bit familiar?

Passing him, Li Yun went straight to the Spirit Fire Cave.

The cave is 60 degrees down and more than two meters high. The steps are solidified magma rock, cast piece by piece, as if it were a whole. Li Yun guessed that this is the way to control the flow of magma!

There was a corner more than 20 meters deep from the entrance of the cave, and there was a small lake of flowing magma next to it. Li Yun tried to probe down and found that there was more fiery red magma exuding billowing heat.

The whole winding passage seems to be the road to hell, lava that can melt people's souls is surging on both sides, and the air emits trembling turbulent heat!

"Tianfeng, Xiaomeng, do you want to come out and take a look?"

Li Yun held the beads of the Lotus Immortal Mansion, smiled in a low voice, and talked to them.

In fact, the outside world can't directly talk to the people inside, but Li Yun can pass the news to Nie Xiaoqian, who lives in it and acts as an instrumental spirit, and Xiaoqian relays it to both of them.

"My son, they both said yes." Nie Xiaoqian hesitated and said, "Xiaomeng said, "Hurry up, Brother Yun~"

"puff!"

Li Yun almost couldn't help laughing. Nie Xiaoqian, a female ghost in red, imitated Fox Xiaomeng's words of acting like a coquettish and cute. She always felt that she was unspeakably cute.

"The son~~~"

Nie Xiaoqian groaned. Li Yun didn't see her. He also knew that Xiaoqian must be very shy and lower her head now. She must be very beautiful with a shy smile!

Of course, the coquettish and weird temperament of her female ghost may make her look less graceful and graceful than Gong Lianyi, but it can also be regarded as a different kind of beauty.

"Cough cough, it's okay, Xiaoqian, tell them not to scream or resist when they come out. I may ingest them again into the fairy house at any time."

"Okay." Nie Xiaoqian agreed and said: "My son, don't laugh at the slave house, Xiaoqian...Xiaoqian is not too old, she is ten or eighteen..."

Li Yun was taken aback, Xiaoqian remembered how old she was when she died?

No, in terms of her ancient personality, telling a man about his age is no less than the stage of proposing marriage and matchmaking. Only then will the man and woman exchange their birthday characters and let the matchmaker find a good day.

Nie Xiaoqian, does that mean?

Chapter 1526: The magical effect of aura

"Wow...Um! Can't yell!"

Hu Xiaomeng and Zhao Tianfeng went out from the Lotus Immortal Mansion to the outside. The little girl saw the flame road leading to **** in front of her, and her mouth opened wide in surprise. Of course, she quickly covered her small mouth again, and she was speechless.

Bright eyes, but they imprinted the scene in front of them into their minds without blinking!

"It's amazing!"

Zhao Tianfeng also expressed his own opinions, and the infuriating energy in his body circulates to isolate the high temperature here.

She roughly estimated that if ordinary people stay here for five minutes, it is estimated that no matter how healthy they are, they will become dehydrated and faint.

Those who can make and survive at the bottom of the volcano are really terrifying!

"No one seems to have noticed."

Li Yun closed his eyes, and began to explore everything around him.

He asked the two women to come out not only simply to open their eyes, but also to test the alertness of the cave.

Now it seems that there are no warning spells in the passage, and it is estimated that you can only see it down to the deepest point.

"Brother Yun, shall we go down?" Hu Xiaomeng wiped the sweat from his forehead.

The tunnels full of magma on both sides were already hot, and the environment was still underground and airtight, so even if she was wearing a fire-saving charm (small), she couldn't stand it and started to sweat.

"It's me going down, not you, well, you can go back after seeing it."

"Ah hate~~!!!"

Amidst Hu Xiaomeng's screams, Li Yun took them into the fairy mansion again.

I don't know if it is an illusion, it seems that the look in Zhao Tianfeng's eyes is also very resentful?

"I suffered outside alone, and you enjoy it in the Xianjiabao Land. Do you blame me?"

Li Yun shrugged and decided to ignore the complaints from the two women through Xiaoqian, and glanced at the description of the Lotus Fairy Mansion.

"Lotus Palace

Special effect: There is a lotus pond inside.

Explanation: In ancient times, when the gods retired, the descendants felt sentimental. They imitated the place of practice of Avalokitesvara Bodhisattva and built a blessed land similar to the

purple bamboo forest in the South China Sea to commemorate the image of Avalokitesvara Bodhisattva who saved the suffering and the compassion.

Number of times to enter this fairy house: 4/6 (recovery times every three days, up to 6 people can enter each time) The more auras, the more times you can enter. "

Although the Lotus Immortal Mansion is very powerful, it is not unlimited. The biggest problem is that this Immortal Mansion can only take 5 people at a time, and it can only be used 5 times a day. After the number of times is used up, you have to wait three days before...

"and many more!"

Li Yun turned his gaze again to the number of times in surprise, "How come it is 6 times?!"

If there is no problem with his memory, when he first obtained the Immortal Mansion in Chapter 849, it had only 5 entries, and he could only bring 5 people at the same time!

But now everything has changed.

"Nothing happened during this time...except that I received aura rewards from the system."

"It should be. The more auras in the fairy house, the more people you can enter and bring!"

"Aura can also ripen the exotic flowers and weeds inside, and it has so many effects!"

After thinking about it, Li Yun put away the Lotus Immortal Mansion very satisfied.

From the perspective of growth and planting of spiritual plants, this colorful piece of equipment is stronger than the Hilvin pistol, Lingxiao's footsteps on the clouds, and the shooting of the sun's magical arrow (remnant)!

This is the peerless treasure that Li Yun gave to Fanqing Sheng, the Hongmeng Purple Spirit Spirit Bracelet can be compared with it.

"The cheating system will give you some more aura rewards!"

Chapter 1527: Servant

As Li Yun was thinking about it, Tao He's panicked and nervous voice came from above: "My lord, my lord, are you back?"

"The tortoise is invisible!"

Li Yun used the advanced skills in the Spirit Turtle's Hidden Breathing technique to make his figure disappear again. At the same time, he walked slowly up a few steps until he reached the steps just outside the cave.

Wei Jingli did not answer, the expression on her face was so dark that she walked towards the entrance of the cave.

"Big, my lord? I..."

Tao He didn't stand still, nor did he keep up. Li Yun's embarrassed expression made Li Yun amused.

"roll!"

At this moment, Wei Jingli was like an active volcano under his feet. It exploded at one point. Seeing Tao He dared to ask him at this moment, Wei Jingli immediately slapped out of the air in

anger. The hot wind blew Tao He and knocked Tao He out. , The terrifying temperature contained in the palm wind burned his eyebrows and hair!

Tao He was so frightened that he raised his eyes and met Wei Jingli's incomparably indifferent eyes. He was even more flustered and hurriedly yelled: "Da, my lord, I will make up for it!"

"Oh?"

Seeing the killing intent in his eyes receding, Tao He secretly said that he was lucky. Fortunately, he spoke in time, otherwise he would be beaten to death in the next second!

"I, I can help you find them!"

Tao He quickly said: "The rich second generation brought two beauties. They dare not enter the cave. It shows that they are afraid of your strength, my lord!"

"Nonsense!" Wei Jingli sneered: "Otherwise you thought I would be too stupid to catch up?"

It was precisely because the person who killed the two juniors did not dare to enter, he dared to catch up alone.

Otherwise, if he came from the Six Demon Sects, he would have been scared to escape back to the Linghuo Cave to find the Master.

Tao He repeatedly said yes, and said: "My lord, I think they must still be on Mount Aduo, because the **** rich second generation is so good. It's so beautiful. You know it since he brought two beauties to the hot springs, so Just go to some high-end hot spring hotels to search, and you will definitely be able to find them!"

Wei Jingli was silent for a moment. After Tao He was waiting nervously, he said, "You will do this tomorrow, and come in with me now."

"Yes Yes!"

Tao He knew that this was to curse him to prevent him from escaping.

In other words, he is equivalent to officially joining this mysterious force, becoming a member who can possess extraordinary power!

"My lord, I will definitely get things done!" Tao He was overjoyed on his face and quickly made a promise.

"hehe."

Wei Jingli smiled faintly, turned around and entered the cave.

Tao He hurriedly followed, watching him take out another jade card that Li Yun and Li Yun had found from Senior Brother Guo, and flashed it to the boulder above.

Li Yun felt a wave of volatility spread. Soon, the huge boulder rumbling, blocking the entrance of the cave, and the underground completely became a closed space.

"My lord, here...it's so hot!"

It's just that Tao He, a mortal, couldn't stand it immediately. The dullness and the heat made him feel like he was being boiled in a big iron pot, which was really uncomfortable.

Wei Jingli still walked down slowly, until Tao He was panting like a cow, and then threw a piece of talisman to him.

As soon as Tao He caught it, he felt the terrifying temperature quickly dissipate. Although it was still hot, it was barely acceptable.

"Master Xie, Master Xie!"

Tao He nodded and bowed his thanks for obtaining the magical item. Li Yun hides behind them. He feels that Tao He is really talented in slavery and kneeling. In a few moments, he changed from a modern person to an ancient master who allowed him to beat and scold. Servant.

Chapter 1528: Underground palace

Simply put, it is being tamed.

At least on the surface, only he knew what he was really thinking in his heart.

"Hehe, your name is Tao He, right? Always remember your identity!"

Wei Jingli sneered again: "A small servant, still want to have a fire escape charm? Before the master has not clearly pointed out that this is a reward for you, as a humble servant, don't think too much, otherwise, you know the consequences. !"

Tao He was so scared that he nodded his head.

Fire avoidance symbol?

Li Yun, who followed them, looked at the stacked rune paper. This should be a spell rather than a piece of equipment. It was not the same as the fire-stopping charm (small) he gave Hu Xiaomeng.

After beating the new servant, Wei Jingli quickened his pace and walked quickly to the depths of the volcano.

Tao He is more and more shocked, everything here is far beyond his imagination!

The winding road of magma rock is like going down a staircase, from the crater of the volcano all the way down, up to a kilometer, no, even deeper, a full two kilometers!

Who made it? Who can survive in the depths of the volcano! ? What kind of power is this? !

Tao He was shocked and swayed. If there were some regrets before, then now he has completely surrendered under this mighty force, longing to become such an extraordinary person and fairy!

I don't know how long it took, the passage disappeared, and a dazzling fire appeared in front of him. After Tao He walked quickly, he opened his eyes and was frightened again.

"This is... the underground of the Haraha volcano, the real magma underground!"

Tao He let out a shocking sigh, staring at the scene in front of him with dull eyes.

"Hehe, this is all made by my master, how?"

Wei Jingli was very proud. Although Tao He was only a mortal, he still showed off his master's great achievements, to show that he was able to worship such a powerful master and his talent was enough to be proud of himself!

Li Yun quietly walked out of the flame channel, standing beside them like a ghost, slowly sweeping the front with a calm look.

An empty cave greeted his eyes. It was a hundred meters high and tens of thousands meters long and wide. What Li Yun saw in his eyes was full of fiery red.

There is lava surging everywhere here.

"It's so big! How could it be possible!"

After seeing clearly, Li Yun's pupils shrank, almost breaking his invisibility.

The ground is covered by a magma lake with an area of tens of thousands of square meters. There are three small islands on the fiery red lake, distributed in a zigzag pattern. There are no buildings on it, only a roaring stove emitting amazing heat.

In the middle of the three small islands, there is a dark palace, like a sleeping ancient beast, lying still in the magma lake.

From the flame channel to the palace, it is connected by a long black brick road, but the strange thing is that this magma lake road can go straight down, but it is arbitrarily placed into a curved shape.

Does Xianfa also need to be like an ordinary sea-crossing bridge, with a curved shape that can better resist the impact of the lake?

"follow me."

Wei Jingli walked forward and said faintly: "Follow my footsteps and don't take any wrong steps, otherwise the lava formation here will directly engulf you!"

Tao He nodded quickly in fright-he didn't know how many times he was frightened today, and now he is a little numb.

Li Yun really wanted to try what this so-called lava formation was, but considering that the strength of the master in the palace was unknown, it was better not to die.

Chapter 1529: Ding, god-level turtle hiding technique

Wei Jingli stepped onto the slate floating on the magma lake. The strange thing was that the slate did not sink at all, but a very faint light was emitted, as if it was testing whether the person stepping on it had stepped wrong.

Or, check if there are any invisible people following it!

Wei Jingli walked to the palace in the center of the lake step by step, Tao He followed closely, not daring to make a mistake in one step!

Li Yun stopped on the shore and did not keep up, only silently remembering their course of action with memory.

Wei Jingli did not walk on every stone slab, but followed a certain rule and only stepped on a safe stone slab.

Soon, the two disappeared from Li Yun's field of vision and entered the palace where the plaque read "Linghuodong".

"Ding, the host made a special choice to let Tao He fend for himself and die, and then follow him into the Spirit Fire Cave.

Reward: None, additional reward: skill pill*1, special choice reward: the formation of learning to be promoted to master level. "

Li Yun's spirit was lifted. He didn't expect that the previous selection event was not settled until now. It is estimated that the system will only give rewards after Tao He has completely entered the Linghuo Cave.

Originally, if Li Yun chose to let Tao He fend for himself, the system would not give rewards.

But now Li Yun dropped Tao He, but chose to follow him into the Spirit Fire Cave, so the system directly gave a special event reward, which is quite generous!

The formation of learning to be promoted to the master level, the two together, it is equivalent to rewarding two skill pill!

"A bonus skill Dan?"

When Li Yun thought about it, the rewards of the system are also reminders at certain times, especially when big things happen, they are extremely important.

"In other words, does the system think that one of my skills is not enough to deal with the next situation?"

"What skill?"

"Study of formations? Qinglong roar? Divine mind? Earth evil sun fire art? No, this is impossible to upgrade, before I absorb the earth evil fire!"

Standing by the magma lake, Li Yun glanced over the skills he possessed one by one, and finally stayed on a master-level skill.

Spirit Turtle Hidden Breath Technique!

The master-level Spirit Turtle Breathing Technique comes with a stealth effect, allowing him to move under the eyelids of the Void Returning Realm to a certain extent. If he is far away from the Soul Bright Realm, the opponent cannot find him.

Now the stone slab leading to the Spirit Fire Cave Palace has a spell to detect people stepping on it. If he wants to go to the palace in the center of the lake, he must have a better stealth effect!

"Got a gamble, I still have two skill pills anyway!"

Li Yun gritted his teeth and directly used the skill pill he had just awarded.

"Ding, the host uses the skill pill, and the turtle's hidden breath technique is upgraded to the **** level!"

"Ding, congratulations to the host, the spirit turtle hiding technique has gained a new passive: Tongyou."

Tongyou!

Li Yun opened his brows and smiled. God-level Spirit Turtle Breathing Technique really has new effects. In this way, all spell-like skills will undergo new qualitative changes at the Master-level and God-level.

For example, Divine Mind, Human Sovereign Heart Sutra, Azure Dragon Roar, etc., these skills are very powerful, but Li Yun failed to raise them to the master level or above.

"Come slowly, don't worry, let me see what effect Tongyou has!"

Li Yun raised his eyebrows with joy. Of course, the stronger the skill, the better, not the more the better.

Tongyou, literally means dealing with ghosts and gods, Li Yun guessed that there is another meaning, which is to go straight to the nether to reach the destination of the soul after death: the underworld.

Chapter 1530: Tongyou

Since it is a direct link to the netherworld, contact with ghosts and gods is inevitable.

Li Yun found a saying about Tongyou in his memory about the gods.

The natural stone monkey Sun Wukong has learned the seventy-two changes of Di Sha, and the first one is Tongyou!

"Tongyou, driving the gods, carrying mountains, forbidden water, borrowing the wind... Recruiting clouds, taking the moon, marrying dreams, etc."

Li Yun recalled the content of the seventy-two changes of the evil spirits, and couldn't help feeling that if he really learned the complete seventy-two changes, then he could indeed be called a fairy!

Traveling with clouds and rain, walking against the wind, swallowing gold and spitting flames, going through the nine worlds and under the nether, you can come and go freely, how enjoyable this is!

"It's no wonder that Sun Dasheng started to cry as soon as he learned the seventy-two changes, and it was Halong Palace and the underground palace. If I learn the complete seventy-two changes, I am afraid that I will be more trembling!"

Li Yun smiled and shook his head, no longer thinking about the content of the myth, modern times probably don't have any immortals anymore, considering the current environment of spiritual decline.

"Tongyou..."

Li Yun refocused his gaze on the ability he had acquired after the recluse of the god-level spirit turtle.

Of course, his Tongyou is not as powerful as the Seventy-Two Transformation, only it can make his body become emptier, close to a ghost, and act silently, just like a ghost.

After using Tongyou's ability, Li Yun's body will become illusory, and a simple knife and sword sting can hardly injure him, and his resistance to sword qi is greatly increased.

What's even better is that because he is still a human, spell-type skills that are powerful against ordinary ghosts will not have a bonus effect on Li Yun!

Even the alert circle that reacted to the ghost zombies would not have any reaction on Li Yun!

"In other words, I take advantage of becoming a ghost, but I am not affected by the evil energy of the ghost, and can come and go freely in most formations!"

"Wonderful, it really is wonderful!"

The more you experience Tongyou's ability, the more pleasantly Li Yun will be. This skill is really too strong!

The frightening thing is that this is not a complete psychic magical power, but only comes with the spirit turtle hiding technique.

If Li Yun really learns the magical power of the quiet, I am afraid he can really go straight to the underworld, and learn from Sun Dasheng to come to a bridge, fight life and death, and execute the judge's pen.

I'm excited to think about it, haha!

"Spirit Turtle Hidden Breath Technique, Tongyou!"

Holding back a smile, Li Yun's ability to move, his figure turned into a faint shadow, ordinary people's eyes can't see him at all, and ordinary spiritual thoughts can't feel it, even if it is occasionally noticed, it will only be vaguely felt There was something wrong, and I couldn't find where Li Yun was if I didn't search carefully!

Because this can almost be regarded as a kind of little supernatural power, after Li Yun's ability to operate, even his clothes are blurred, otherwise every time he uses this skill, he has to undress, which would be too embarrassing.

"very good!"

Li Yun is very satisfied with his current invisibility ability. He has now completely disappeared from the physical level. Now even if he reappears in front of the demon beast tamed by the Ten Thousand Fax, the beast will definitely not be able to smell him!

Of course, if Li Yun were within a certain range of Ten Thousand Faxian, he would definitely be sensed.

After all, whether it is the invisibility of the tortoise or the faculty, it is the ability of the concealment of the tortoise, and the foundation of the concealment is the size of its own mind.

He wants to be really close to the Void Returning Realm without being noticed, at least if both the Divine Sense and the Human Emperor's Heart Sutra reach the God level!

"Let me try, it's your Spirit Fire Cave formation that is great, or mine is great!"
