

## Godly Choice 1541

Chapter 1541: Sorry mandarin duck

Coupled with the fact that several people in the cell were eating and drinking together, all kinds of flavors were mixed together and fermented, causing the people inside to emit a sour smell.

But what is surprising is that even if Shi Liangcai is all dirty, there is still a slender woman following him closely. Her clean little hands have been holding Shi Liangcai's clothes, without leaving him for a moment, looking towards His eyes are full of love radiance that makes others jealous.

"Can I... go out with my wife Tana?"

Shi Liangcai glanced affectionately at the woman holding her arms. If he left, Tana would definitely be defiled by the people in this cell.

After being detained for more than half a month in this mixed men's and women's cell, the man-made here is in a semi-crazy state. If it weren't for Shi Liang's protection, he would fight to death or death, I'm afraid Tana had already come in. One day was...

"Big Brother Shi!"

Tana, wearing a bright red national costume, hugged him harder, tears flashing in her eyes, and ignoring Shi Liangcai's sour odor, she hugged him incomparably-in fact, the smell of her body was not much better.

She had vowed a long time ago that no matter where Brother Shi goes, she is willing to follow, even if he is saved by accident, it is the same to return to normal human society.

When he stood up, Big Brother Shi had already become her hero!

"Master Spirit Fire, you deserve to die twice!"

Hearing the voice of a girl in the cell, Li Yun wanted to kill him again.

The mixed living of men and women seems to indicate that Linghuo Guru and his disciples are raising the hostages as pigs without any sympathy.

He was sentenced to death in his heart, Li Yun's tone remained unchanged, and he still said indifferently: "Yes, you two come out."

This pair of hard-working mandarin ducks will not be separated from each other, and Li Yun is not easy to dismantle them.

"Remember, yelling is not allowed. If you disturb the master here, you will all die!"

Li Yun stretched out his hand, and easily tore off the ordinary lock of the cell, threw the chain on the ground, and warned them to prevent the group from running out.

The hostages in the cell didn't dare to say anything. They could only watch Shi Liang before taking Tana out. Some people saw envy, while others saw jealousy and gloat.

Envy is because they doubt that they can be saved, and gloating over misfortune, is anxious for the kidnapers to tear up their votes.

Some people have a bad life, and they think that others are not doing well together. They are in the abyss, and they have to pull others into the abyss too!

The evil in human nature is sometimes far beyond the imagination of good people.

"Let's go."

Li Yun glanced at the couple who were close together, or a couple? Stepped up and walked towards the back of the cell.

—He didn't dare to come close, the smell on the two of them was really irritating.

Compassion is one thing, but nausea is another.

Shi Liangcai took a deep breath, squeezed his wife Tana's hand with his big hands, and followed Li Yun's pace.

Half a month ago, he still didn't know Tana.

But after spending half a month in a dark cell, he has fallen in love with this cheerful, lively, simple and kind-hearted prairie girl.

Tana is a descendant of nomads who grew up on Mount Aduo. She has lived on the grassland since she was a child. Not long after Shi Liangcai was captured, she was also caught close to Haraha volcano for grazing once.

Chapter 1542: Relax

The encounter between the two is so wonderful. If it weren't the case, I'm afraid the two had a master's degree in geology in a metropolis, and a girl from a nomadic people on the grassland. For the support of this life!

"Tana, I will definitely protect... you."

Shi Liangcai didn't finish a word, and was completely frightened by the scene before him!

The voice was stuck directly in his throat, his eyes widened, his mouth opened wide, and he looked so scared that he was out of control.

Tana, who was walking with her arms around him, was strange and worried, turned her head to look forward, and her slick eyes suddenly became like her husband.

"what is this?"

The same thought flashed through their minds.

In front of them, in front of the handsome, tall and vigorous Sunshine boy, there was a large fiery red lake. The lake was full of magma. From time to time, magma bubbles appeared, breaking apart with a snap, releasing hot heat. Sulfur smell.

The world in Tianyuan is as scary as hell!

"I'm...huh?"

Li Yun turned his head and was about to inform him of his identity, but found that the two of them were all in a sluggish state, which was a bit strange.

After thinking about it for a while, I realized that the two of them were probably fainted when they came in, so I didn't know that they were actually at the bottom of the volcano, surrounded by magma.

"Wake up, two!"

Li Yun couldn't laugh or cry, and he had to spend his time explaining the situation here, but it was okay to scare them a bit, and better accept Li Yun's arrangement for them.

"You, you, here, here!"

Shi Liang stammered and couldn't say the whole thing. His face was full of sweat. After he left the cell, he had been in shock and fear. Only now did he find that the surrounding environment had become extremely hot.

"My name is Li Yun, I'm here for you-shhh, don't shout!" Li Yun stopped the two of them from shouting in surprise, "If you are found, you all have to throw them into the magma lake!"

"Yes Yes!"

Shi Liangcai covered his mouth while talking, and at the same time covered his wife's mouth with his right hand, and then let go after confirming that she would not yell.

"Mr. Li, Li Yun, you, you..." Shi Liangcai had countless things he wanted to ask, but in the end he endured it and pointed to the most critical question: "What do you want us to do?"

This man suspected of being a policeman, no, maybe a young man. The more Shi Liangcai looked, the more he felt that he was young, at most a freshman or sophomore.

But since he dared to appear in such a terrifying and weird place to save them, he must have extraordinary ability!

Therefore, if Mr. Li Yun called them out, there must be something for them to cooperate.

"Relax."

Li Yun smiled and said, the couple nodded quickly. Mr. Li Yun was their only hope now, so what he called it would do.

"This is inside the volcano. It's not easy to get out."

".....Uh?"

Shi Liangcai was dumbfounded. Then you told us to relax?

And, is this inside the volcano? No wonder there is so much magma.

However, someone built a large palace inside an active volcano, and it was built in the center of the magma lake!

What's even more outrageous is that they actually lived here for half a month!

The bizarre and mysterious experience made Shi Liangcai wonder if he was dreaming, a nightmare.

"But it's not difficult."

The two were happy again.

"The premise is that you and you cooperate."

The two... got nervous again.

Li Yun's words can affect the nerves of the couple in distress, making them feel extremely uncomfortable.

Chapter 1543: True love in adversity

"Mr. Li Yun, please don't hesitate to say, I will work hard to cooperate with you!"

Shi Liangcai worked hard to make a guarantee. He also knew that Li Yun was now his and Tana's only hope, so naturally he didn't want to miss it.

Especially when I saw that this place was actually inside the volcano, I felt more and more to hug Mr. Li Yun's thighs.

"...I haven't thought about it yet."

Li Yun pondered for a moment. Although it was easy to save them, he could just load all the hostages into the Lotus Immortal Mansion.

But things that will cause the hostages to disappear will be discovered. Li Yun is not sure that the two spiritual masters know that someone has sneaked into the meeting, and whether there is a large-scale search spell to force him to show up.

In addition, Li Yun didn't want ordinary people to know that he owns the Lotus Immortal Mansion. When these people enter it, Li Yun may cause some trouble after they come out.

The best option is to let them not know how they were rescued.

Do you want to stun them?

"Mr. Li, Li Yun, trouble you." Shi Liangcai gave a wry smile, not daring to speak more for fear of offending Li Yun.

After seeing the magma lake in front of him, he knew very well that he wanted to rescue all these hostages, and the difficulty was definitely one of the top three in the history of human kidnapping.

"I was negligent."

Hearing his weak voice, Li Yun patted his head, took out some biscuits and a bottle of water from his inventory and threw it to him, "You should eat something to regain your strength. It is very hot outside. Go back first. Wait until I think about it. Discuss with you how to do it again."

Seeing Li Yun take out something out of thin air, Shi Liang was taken aback, causing the biscuit bag to fall to the ground, and he quickly picked it up.

Li Yun could see that Shi Liangcai's stomach was already very hungry. His hunger for half a month made his cheeks shrunk. However, after getting the food, Shi Liangcai did not immediately tear open the bag and stuff it into his mouth. The girl with a slender figure next to him.

Li Yun looked a little curious, and asked, "Are you a husband and wife? Come on a geological survey together?"

"No, it's not."

Tana dressed in national costumes ate a biscuit, then took out a biscuit and handed it to the mouth of a man she liked. She explained: "I am A Duoshan's child. Brother Shi is very good to me and I like him very much! "

Her Mandarin is not very good, but the affection contained in her words is very enviable.

Shi Liangcai caressed the cheeks of a girl who has a wonderful relationship with freedom. "When we were locked up together, we encouraged and trusted each other. During this time, personal freedom was restricted, but my life was not painful. These days are the happiest days in my life!"

Then, he looked at Li Yun seriously and said, "Mr. Li Yun, if Tana and I can't escape safely, can I trouble you something?"

Li Yun was silent for a while before speaking in a low voice, "What's the matter?"

"You know Professor Ji, you must know me too? If Tana and I can't escape here, then I can ask you to tell me and Tana's family, that we are already together, this life, the next life, will be together! "

"Big Brother Shi!" Tana held his hand tightly, so excited that she even forgot to eat cookies: "This period is also the happiest time for Tana, even more so than when I ran on the grassland on a horse. happiness!"

Li Yun, who was standing by, took a mouthful of dog food for nothing.

The love between each other in desperate situation, although there are great limitations, it can be specified to the outside world, and it will deteriorate after the environment changes.

But.

This pure and flawless love is still moving.

Chapter 1544: Xiaoqian's wish

After chatting with the two for a while, Li Yun asked them to go back and throw away the broken lock. Then he took out another lock from the inventory and hung it up. Li Yun didn't look inside and jumped over. Up to the top of the palace.

"Little Meng, do you have any good ideas?"

Li Yun told the two women in the Lotus Immortal Mansion the matter through Xiaoqian, and asked the opinion of Xiaomeng, who is very clever in his head.

"My son, that Miss Zhao said: 'My suggestion is, let me go out and kill them all with you'"

Nie Xiaoqian said Zhao Tianfeng's words in a soft tone, unavoidably feeling a little weird in her heart. Is she herself a ghost or this Miss Zhao?

"Pass." Li Yun replied calmly.

"Huh? Afraid of death? The son thinks he can't beat..."

Nie Xiaoqian was quite surprised, and felt that she had to do something to help the son defeat the villain!

"Uh, cough!" Li Yun coughed again and again, and explained with a wry smile: "My fault...this word is in English. This is a foreign language. The Persian food means elimination and rejection."

Nie Xiaoqian was embarrassed and felt embarrassed, very embarrassed.

"It's okay." Li Yun smiled, "After I go back, I will find Xiaoqian some modern books and materials for you to learn slowly."

"My son, you mean..."

Nie Xiaoqian's voice suddenly became very excited, and she trembled slightly: "Does Xiaoqian still have a chance to live in the outside world in the future?"

Li Yun felt a little in his heart.

Although his words do contain some meaning of Nie Xiaoqian's return to a normal society in the future, Nie Xiaoqian's response so much is because she herself desires to become a normal person, not a ghost driven by the killing instinct!

"My son, I'm sorry." It seems that because of his career, Nie Xiaoqian was very good at her words and expressions, and soon realized that she had said something wrong, and apologized in a low voice: "Xiaoqian is too good at it. The son gave Xiaoqian live in this fairy. The house is already a blessing for Xiao Qiantian, so you shouldn't ask for too much..."

This sentence made the listener sad and the listener cried, making Hu Xiaomeng and Zhao Tianfeng who were standing in front of the female ghost in red in the Lotus Immortal Mansion stunned.

"Do not!"

Li Yun said firmly: "Xiao Qian, don't worry, you will be able to return to normal in the future, at least I can guarantee that you will get rid of the ghost instinct and appear calmly in front of ordinary people!"

"The son..."

Nie Xiaoqian's eyes were filled with tears, and she was so touched that she couldn't speak.

Li Yun was a little strange.

He could see that Xiao Qian's move was not made, but her favorability remained at 92, and the system did not prompt any more about Nie Xiaoqian's choice, as if she was transparent.

"Isn't the time yet?"

Li Yun couldn't figure it out, so he could only comfort Nie Xiaoqian a few words, and succeeded in making this outstanding temperament, graceful red-clothed female ghost burst into laughter.

"The son, Miss Zhao, Miss Xiaomeng, it's the slave who made a fool of yourself."

Nie Xiaoqian whispered softly, and there was some blush on her pale face, which made Hu Xiaomeng feel very incredible, and the female ghost would blush too!

"Go back to the topic."

Li Yun turned the topic back, and the system reminded him that the sooner the hostages should be rescued, the better, and the later it will change.

"Um... Young Master, Miss Xiaomeng said, she has figured out a way."

"Oh? Come on, what's the solution!"

Chapter 1545: gloat

"Very good, Xiao Meng is so smart!"

"Hee hee, la la la~"

After listening to Xiaomeng's strategy, Li Yun smiled and complimented her. Even though Xiaoqian was separated, he could see the happy little girl from the line.

Hmm, Xiaoqian said la la la in her voice, which is also very cute!

But her next sentence almost made Li Yun fall to the roof.

"My son, Miss Xiaomeng said, I want to see the photos in the cell."

"What?"

"Uh, Miss Xiaomeng said, she is very curious..."

"What's so curious about this!" Li Yun couldn't laugh or cry. "You tell that girl, go to the garbage dump if you want to see it, or find some homeless beggars who are wandering around the world, probably just like that."

This girl is really interested in everything, and even wants to see the foul-smelling cell after holding the hostages for ten and a half days.

Unfortunately, there are only 4 entries left in the Lotus Immortal Mansion, and it is necessary to save it. You can't just let Xiaomeng Fox in and out.

Li Yun shook his head and was about to start his action when one person walked out of the two slave rooms below.

It is Tao He!

"What does he want to do?"

Li Yun quietly operated the Spirit Turtle Breathing Technique without the ability to communicate with the ghosts. He directly followed Tao He and saw him sneaking up to the door of the prison where the hostages were being held. He glanced inwardly.

"vomit!"

Tao He retched loudly, disgusted by the smelly sight inside.

No normal human being is willing to see such a smelly scene, but under the pressure of survival, humans can display amazing willpower.

Li Yun felt a little sorry for Shi Liangcai and Tana, but in order not to be discovered by these people in advance, he could only aggrieved them and went back and waited for a while.

"Is that you? Tao He?"

Shi Liangcai's voice of surprise came from the cell. Compared to his previous weakness, after eating some biscuits and water, he has now recovered a lot.

"Haha, it's me." Tao He didn't look inside, but just stood in front of the cell and talked to him, his tone revealed full of gloat, "Shi Liangcai, you really are still alive!"

Shi Liang fell silent, as if he could also hear his tone.

Moreover, Tao He was able to stand outside and talk to him, which in itself already explained the problem.

"What? Are you not surprised?"

Seeing that he didn't speak, Tao He took the initiative to ask again, as if he couldn't wait to show off his current situation.

People need comparison to have a sense of happiness.

Comparing your own happiness with the misery of others, your happiness will be multiplied. This is also a kind of evil in human nature!

"I'm so surprised."

Shi Liangcai's tone was calm, "I am with you under Professor Ji's school. I still don't know what character you are? I guess you have become a running dog of the gangster now. Haha, I wondered if you were Tao He at first, but from If you come to me in a hurry to show off, I know you must be Tao He!"

The underlying meaning is that people like you are cheap, and others can't pretend to pretend!

"Ah."

Li Yun laughed dumbly, unexpectedly that Shi Liangcai's mouth was also very poisonous.

"Who?!"

There was a sudden laughter in his ear, Tao He was startled, his body bounced away like an electric shock, but when he looked back, there was no one.

"Is it haunted? Or did I get it wrong?"

Tao He swallowed, then eased down after a long while.

It's not strange what happens in this ghost place.

Settling down, Tao He sneered at Shi Liangcai in the cell again: "You are also Shi Liangcai, your bones are very hard, very good, very amazing!!!"

## Chapter 1546: Ghost

Shi Liangcai, who was in the filthy cell, smiled lightly, but did not speak.

If he hadn't had the confidence to deal with Tao He's provocation and show off before, but now, after seeing Li Yun, and seeing his magical means of taking out food out of thin air, Shi Liang has the capital of peace of mind!

"Humph!"

Tao He was very annoyed. He had always been in a state of panic since joining these bandits with extraordinary powers. After spending a short time in the servant room, he couldn't wait to see if his classmate Shi Liangcai was still alive.

If you are alive, show off your right choice in front of him by the way.

Unexpectedly, Shi Liangcai was detained for half a month, but he was still arrogant and didn't mean to beg for mercy at all!

"Shi Liangcai, you really don't want to bow your head when you die!"

"Do you know what you hostages are used for?"

There was a commotion among the hostages in the cell. Someone rushed to the door, crying and begging for mercy, making him feel comfortable and laughing out loud.

Tao He became more sure that joining the bandit was an extremely correct choice!

Only Shi Liang didn't talk to his girlfriend Tana.

Tao He thought of something and then sneered: "Shi Liangcai, do you still think that someone will rescue you? Ha ha, do you know that there were indeed a few very powerful people at the entrance of the cave just now, but unfortunately, they didn't dare to come down at all. , Tusk, I guess the rich second generation sees this volcanic lava lake, I am afraid they will be scared out of urine!"

The hidden rich second generation was puzzled, and said softly, "When did I get scared to pee?"

"Who!!?"

Tao He bounced three feet high, and the sound came into his ears abruptly, almost not scaring him to pee.

What's weirder is that this voice is illusory, rootless, and rootless, as if coming from outside the sky, Tao He only vaguely heard two words: I... scared!

His sudden strange cry made the hostages in the cell look at each other. Not far away, Wei Jingli walked out with a gloomy face.

"What's the matter? What are you yelling for?!"

"Uh, my lord, my lord!"

Tao He wiped the cold sweat on his forehead, and looked around in a panic: "Someone was nearby just now, it seems like... a ghost!"

Snapped!

At a distance of three or four meters, Wei Jingli slapped him in the air, slapped Tao and dizzy, fell in front of the cell, and looked affectionately at the hostages lying at the door of the cell.

Fortunately, the hostages were afraid of angering these gangsters and dared not reach out and grab him.

"A ghost?"

Wei Jingli shook his hand slowly, and sneered: "Here is the lava formation laid by my master. Any evil spirit or ghost that appears here will be cremated to fly ashes by the evil spirits. Did you tell me there are ghosts?"

"Yes, yes... I probably heard it wrong."

Tao He lowered his head and whispered. Suddenly, his body trembled with fear again.

"I... so... miserable!"

The screaming voice of Li Ghost sounded again, but Tao He did not dare to yell this time, because there was something more terrifying than Li Ghost in front of him: Wei Jingli!

"Huh, is your classmate inside?" Wei Jingli seemed to have guessed something, a smile came up at the corner of her mouth.

"Yep."

"Do you want to save him?"

"Yes, yes... no, no no no!"

Tao He hurriedly shook his head, saying that he and the people inside are not familiar at all, and if you want to kill you, your lord, kill it!

"Who said I want to kill him?"

Wei Jingli smiled and said, "Not only do I not want to kill him, I will let him go!"

".....what?"

Tao He was dumbfounded.

Chapter 1547: Wash the toilet with magma

Tao and him worked so hard, and had to endure punches and kicks, and begged for a long time before they could get their lives back.

But now because of a few words, Shi Liang inside was released? !

Why! ?

"Hahahahaha!"

Wei Jingli laughed loudly, "For things like rubbish, you can only find a sense of superiority in your former classmates."

Tao He's face was blue and purple, and the hostages in the cell looked at each other, Shi Liangcai smiled faintly, and did not speak so as not to make him angry and cause extra branches.

"Trash, let's get out of here!" Wei Jingli turned and returned to her house, "I haven't poured the chamber pot today. You take it and pour it out. Clean it by the way. This is your job!"

The hostage in the cell looked at Tao He with pity. It turned out that he was so dazzling and majestic, and he was just a slave to the bandits. Li!

Tao He didn't dare to make a noise, and moved inch by inch, slowly walking to the door of Wei Jingli's room.

"Da, my lord." Tao He mentioned the chamber pot full of filthy things. He was so disgusted that he wanted to vomit, but if he really dared to vomit, he might have to eat all these things abruptly in order to eliminate Mr. Wei's anger. !

"What's up?"

Wei Jingli sat lazily on a stone chair and read a book without looking up.

"This place... where is there water?" Tao He looked awkward. "How should I clean this toilet?"

"Water?" Wei Jingli glanced at him indifferently, "idiot, isn't there a big lake outside? Go and wash!"

Great Lakes?

Tao He was taken aback, and subconsciously asked, "My lord, are you talking about the magma lake?"

"Nonsense!" Wei Jingli became impatient, "get me off immediately, you can't come back unless you wash it, get out!"

Tao He hurriedly carried the toilet and left, his face dark and ugly.

"How to wash this TM?!"

Tao He cursed his mother in his heart. The flaming lava lake was full of sticky lava. Just soaking the toilet in it would take the boss's strength, let alone be careful to fall into the lake and directly scald the drowning. Die in it!

In addition, the temperature by the lake is terribly high, even higher than the temperature of the steel mill next to the furnace!

After all, the underground volcano here is airtight, like a barbecue grill repeatedly baking!

"How do you wash this..."

Tao He muttered to himself by the magma lake, enduring the nausea and poured the filth inside, letting the hot magma swallow them all, but the magma is so sticky that it will be difficult to wash off if it is stained. .

Fortunately, Tao He saw a chain on the handle of the toilet. It seems that he was thrown into the magma lake to clean it before.

"The texture of this thing is a bit weird! Maybe it's insulated from magma!"

Tao He frowned, touched the outer wall of the toilet, and found that it was very smooth, almost like some jade pendants.

Obviously, this toilet is also a treasure.

"Deserving of an extraordinary fairy, even the toilet is extraordinary!"

After realizing this, Tao He's resistance was much less. After all, this toilet is not an ordinary toilet, but a fairy bucket that is contaminated with the fairy!

"One day, I will also use this kind of fairy-like toilet, and there will be dozens of beautiful women around me serving!"

Tao He dreamed of life after he became an extraordinary person in the future, and his heart suddenly became hot, and he no longer resisted washing the toilet. Lisuo grabbed the iron chain and threw it forward, throwing the toilet into the lake.

"boom!!!"

A violent explosion sounded.

Chapter 1548: Action (on)

A flame rose seven or eight meters high, and Tao He was so frightened that he almost thought that he had thrown a bomb into the magma lake!

But the weird thing is that there is something wrong with this flame!

"what's the situation?!"

In Tao He's horrified eyes, the hot lava flames gradually shrank together, revealing the figure of a man.

"Tao...he."

The sound was rolling like a flood, vast like a mighty sky, and the pottery and eardrums were sore that they fell on the ground and rushed back.

"What are you, you, you, you?! Don't come over!"

He was shocked to discover that this flame-shaped figure was actually similar to his teacher!

No, this is definitely the shadow of his teacher!

"You...no...you are my...student again."

Sure enough, the flame shadow opened his horrible mouth, and said to Tao He a word that made him shit.

This is definitely his teacher, no, the old man Professor Ji!

"What happened?!"

Wei Jingli's voice came. The next moment, the flame shadow collapsed, disappeared without a trace, and melted back into the magma beard again.

"what are you doing?"

Wei Jingli's voice was so cold that she swept away Tao He who was sitting on the ground, and then looking at the shore, the chain on his chamber pot was slowly sinking into the magma lake, just disappearing.

"My chamber pot... Tao He, you are looking for death!!"

Wei Jingliming showed his killing intent, and came viciously towards Tao He's mouth with two big ear scrapers, which made Tao He vomit blood. Of course, his two front teeth jumped out, and his stubborn speech caused his mouth to leak.

"Bastard thing, bastard!"

Wei Jingli slapped twice with his backhand, "You are not worthy of the chamber pot that I refine if you die. The cheap thing is really looking for death!"

"Big, my lord, spare your life!"

Watching Tao He kowtow begging for mercy, Li Yun, who secretly triggered the incident, smiled silently.

This is the punishment Tao He deserves. There is a very earthy saying that if you want to wear the crown, you must bear its weight.

It's normal to be beaten and humiliated if you want to have extraordinary powers, right?

The corner of Li Yun's mouth smiled as Tao He was beaten with a bruised nose and swollen face. After Wei Jingli had finished venting and returning, Tao He dragged his painful body back to the slave room.

"Now, no one should bother you, right?"

Li Yun walked to the cell where the hostages were being held again, found some food, biscuits, snacks, fruits and drinking water from the inventory, and threw them in: "The people inside listen, eat first, wait for me to go to one Place, don't ask too much, otherwise you will kill you!"

The hostages immediately became agitated, and everyone showed a panic expression.

They were detained here for ten and a half days to one or two months. They have been waiting for the culprits' decision, and now it is the last moment!

Whether it's life or death, it all depends on the mood of the gangsters next!

"I, I don't eat, this is decapitated rice, I don't eat, I don't eat these, take it! Take it!"

Someone was so frightened that they broke down and shouted, Shi Liangcai couldn't help but want to say that Li Yun was not a gangster, he was here to save them, but he also knew that once he said it, he might be seen through by the real gangster.

—Now even if the culprits detect it, the hostages can't tell who is who, and they can continue to hide it. At most, other culprits wonder why there is more food inside.

"You have to eat, and you have to go without eating."

Li Yun's voice was flat, and he continued to throw some things in.

Chapter 1549: Tied eyes

"Wash my face, hands and feet, and put on a new set of clothes. If you don't obey the instructions, just stay here forever!"

Li Yun's words made the hostages shiver.

Plenty of food, clean hands and feet, and new clothes to wear. Isn't this what it is?

But the sad thing is that they don't have the power to resist, they can only do it silently, let themselves eat a full meal before death, clean up their appearance before reincarnation.

Some people even showed a peaceful expression of relief.

"Humph!" Tana said while helping Shi Liangcai to clean her cheeks, she said in a low voice unhappily, "Big Brother Shi, many of these people are bad people, why should we save them?"

A Duoshan's children have distinct loves and dislikes. Many of these hostages once wanted to abuse her and play her, and Tana naturally has no favor with them.

"These people..." Shi Liangcai paused, "They are indeed bad people, but their badness is caused by the environment here. They are not guilty of death. After they go out, I believe they will all be punished!"

".....Ok."

Tana accepted this suggestion in front of her, and then under the cover of Shi Liangcai's clothes, she changed the national costume she had worn for nearly half a month and put on a women's shirt.

The neat and tidy shirt looks more handsome on her. Shi Liangcai squeezed her cheek with his clean right hand, and smiled pettingly: "Tana, don't complain, let's go out and talk about it. Mr. Li will punish them of!"

"Um!"

Speaking of Li Yun, Tana nodded convincingly.

For her, Li Yun is the existence of life-savers and the most respectable object!

Soon, everyone successfully executed the tasks that Li Yun gave them, and they all gathered in front of the cell, bowed their heads and waited for the final outcome.

No matter what, at least he looks like an individual after changing his clothes, not an animal.

"Line up in front of me."

Li Yun calmly commanded and ordered, glanced at the servant's room not far away, and then turned to look at them: "Don't resist, Shi Liangcai, you come to supervise them, don't let these people yell."

"Yes, yes, good! Mr. Li Yun!"

Shi Liangcai was a little nervous, he still didn't know what way Mr. Li wanted to take them away.

After seeing the magma lake outside, Shi Liangcai was almost desperate. Had Li Yun also had extraordinary powers, he would have given up, and would only be with Tana in the last time of his life.

Some hostages found it strange that Shi Liang had no intention of taking refuge in Tao He before, but why is he so obedient now? He also became an accomplice of the gangster!

"in addition!"

Li Yun seized the time and said: "Tie your eyes with your own clothes. You are not allowed to open your eyes to look outside later. If someone looks at it, you know the consequences!"

As for the consequences, Li Yun did not say.

The hostages didn't have much doubt, they only thought that these gangsters were going to be transferred, so they were blindfolded to prevent them from recognizing their way, just as they were knocked out when they entered.

Compared to fainting, they still think it is better to cover their eyes.

Soon, under Shi Liangcai's supervision, these hostages were blindfolded, and Tana, who had a clear love and hatred, also deliberately tied the blindfolds of those who had tried to use her hands and feet. By the way, their hands were also tied up!

"Are everything all right?" Li Yun asked.

"Okay, Mr. Li Yun!" Shi Liangcai quickly whispered, "Everyone is blindfolded... Uh, wait, I and Tana haven't been blinded yet..."

Chapter 1550: People are gone

"Forget it, you don't need it."

Li Yun smiled, "Wait for you to help me watch them, don't let these people move, and don't try to escape. I will let you go when the time comes!"

Until then, Li Yun gave them a glimmer of hope. Of course, these words made the hostages feel uneasy, wondering whether the gangsters who had teased them for a long time were not creditworthy.

Because there was not much hope, this group of people did not shout, but stood silently, following the position before the eyes were blindfolded, and did not dare to move at all.

"go!"

After Li Yun confirmed that these people did not resist, he waved at them, and immediately, the six hostages disappeared, making Tana almost exclaimed.

Fortunately, Shi Liang reacted in time and quickly covered her mouth.

"Well, people, people are missing...well!"

Shi Liangcai clutched harder, his eyes widened, and his heart was pounding with excitement.

If his eyes and mind can still be used normally, and there is no problem due to being detained for half a month, he can indeed see that Mr. Li Yun waved his hand and moved all six people away, or put them in a certain place. Inside, it's like Mr. Li Yun taking out food and clothes out of thin air!

Therefore, in order not to disturb Mr. Li Yun, he would not allow Tana to speak now.

Fortunately, Tana also recovered, shut her mouth and said nothing, staring at Li Yun, waiting for his next move.

"My son, Miss Xiaomeng has let them stay on the grass. No one is yelling and screaming. It's just that these people behaved very confused. They smelled the fragrance of the fairy mansion."

Nie Xiaoqian acted as the microphone of Li Yun and Lianhua Xianfu. I have to say that with the device spirit, the flexibility of Lianhua Xianfu has been greatly improved.

"Very well, let them stay quiet."

Li Yun nodded. He deliberately cast the eyes of the hostages not only to prevent the exposure of the Lotus Immortal Mansion, but also to minimize their resistance.

After a person closes his eyes, he will feel a strong sense of anxiety, but if he is willing to close his eyes in front of the enemy, it means that he has no intention of resisting and completely surrendered!

In this way, it was much easier for Li Yun to take them into the Lotus Immortal Mansion.

"Well, I will look at them!" Nie Xiaoqian was very happy, because this is for the son, and she also understands the reason why the son makes the hostages blindfolded: "The son, I will always stand in front of them, who dares to explain Blindfolded, I appeared in front of them and scared them to death! Hehe~"

"Hahaha, Xiaoqian, you did a good job!"

Li Yun couldn't help but laugh, Nie Xiaoqian seemed to be more and more lively, this is a good thing.

"Okay, here you are."

Li Yun looked at Shi Liangcai and Tana, and finally there were four hostages left, and they could all be taken into the fairy house at one time.

Shi Liang was so nervous that he swallowed, "Mr. Li and Li Yun, don't Tana and I really need to blindfold? Or should I still be blindfolded."

"you do not believe me?"

"No, I definitely didn't mean it!"

Shi Liangcai hurriedly waved his hand, "Mr. Li Yun, if you want to be disadvantageous to us, just click directly. Tana and I are just ordinary people. I'm just afraid of trouble."

Li Yun smiled, "There will be trouble, but it is not serious. As long as you don't tell this matter, there will be no trouble. Okay, get ready, remember, don't resist!"

Shi Liangcai nodded. The next moment, he only felt that the sky was spinning, but before he could react, his feet had already stepped on the ground.

"what!!!"
