Chapter 161: No-brainer woman

"Little girl!"

It was not Zhou Tianyong who spoke, but the elder Shen.

With a sullen face, he glanced up and down at the heroine, stayed on her chest for a second, and then said coldly: "Do you really want to fight me Feihumen?!"

The female hero was very sensitive to his gaze. She immediately pointed her sword at his eyes and exclaimed in annoyance: "Flying Tiger Gate? What is Flying Tiger Gate? In front of my Qing Lei Valley, you are just a bunch of beaming clowns!"

Qinglei Valley?

Li Yun knew this sect. He had just learned some knowledge about martial arts from Guo Xun.

In the world of this group of ancient warriors, there is a saying:

Two schools, four schools, eight schools and eight evils, and the palace does not come out, who would dare to be king?

In a word, including the 22 top sects in the arena, although so many sects may not all have the strength of the first-class sects, after all, the ancestors left behind them, and these sects have the possibility to become stronger at any time!

And Qingleigu is one of the eight factions, and it also belongs to the top group among the first-class martial arts families!

Sure enough, as soon as Qingleigu's name was reported, Zhou Tianyong and Elder Shen's expressions immediately became much ugly.

"Tell you!" The heroine's sword pointed at Elder Shen little by little, "I have seen everything you discussed with the people of the Lie Demon Sect this time, and the people of the Lie Demon Sect have been arrested by my senior. , You can't escape, confess the truth obediently, what are you talking about!"

Lie Demon Gate, one of the eight evil factions.

Most of these evil factions act fiercely, often committing murder and arson, and they are not at peace with the outside world. They have a lot of mercenary bodyguards, and what they do is dance on the tip of a knife!

Zhou Tianyong and Elder Shen glanced at each other, and the heroine threatened a few more words, and the two finally made up their minds.

"Well, heroine, we don't know that you are from Qinglei Valley." The expression on Elder Shen's face turned respectful, and he said kindly: "So please, my lord, have a lot of them. Forgive us this time!"

A flattering slapped a flattery, and the woman with a good background and inexperience made her eyes open and smiled, "You know how good I am in Qinglei Valley? Huh, tell me the situation immediately, and then disband the gambling shop. I Don't make it difficult for you little pawns!"

"Yes Yes!"

Zhou Tian's right hand was still tied with a bandage, and he could only use his left hand to make a please gesture, and said with a flattering smile: "Women, please go inside, let's go in and talk again, how about!"

"Huh, lead the way!"

This heroine with proud capital on her chest walked into the living room triumphantly, seeming to be extremely proud of her martial art to intimidate them.

Li Yun's eyelids jumped, is this woman too stupid? Typical ***** and no brain...

In short, apart from a good figure, the heroine is nothing remarkable.

"Xue Ji." After the heroine and Elder Shen walked in, Zhou Tian said to him in a low voice: "Block this place, don't let people in and out for the time being, remember, no one is allowed to leave, wait until we finish processing her! "

Xue Ji showed a panic expression, but under the threat of Zhou Tianyong, he could only agree.

Li Yun used super hearing to hear the conversation between the two and couldn't help frowning.

Could it be that Tianyong still wants to kill all the hundreds of people here this week, and has achieved the goal of not being known by Qingleigu?

After Zhou Tian used it, the door of the living room was closed, and the gamblers looked at each other and couldn't leave if they wanted to.

Chapter 162: Carnival, ten million crazy

Li Yun tried to get close to the living room, but was glared at by the two thugs and could only step back.

Li Yun looked at the roof. If the courtyard is a tiled house, if it can go up to the roof, it should be possible to see the inside.

It's just that there are thugs all around, and it's impossible to get on the roof without being spotted!

"It seems that it won't work if you don't cause some riots."

Li Yun thought, and immediately got an idea.

Before the slot machine, a tall and thin man cast his last bargaining chip, ready to try his luck, see if he can win a small prize, return to his book and continue to play.

"Ding Dong, congratulations on your winning the super jackpot, the rate of return: one million times!"

Listening to the sound of the slot machine, the tall and thin person was stupid.

The scene suddenly quieted down.

Did they hear me right? A million times? !

A bargaining chip is ten yuan, one million times, isn't it ten million? !

"I'm Cao, I won 10 million!"

The thin and tall man was shaking with excitement, and he almost went into shock.

Everyone became a sensation, threw down the cards they were playing, and squeezed to see the newly released 10 million prizes. Even some thugs couldn't help but pay attention to this place frequently.

Li Yun smiled secretly, no, not enough, there are more exciting!

"Maybe I can get lucky, get a million or something, sell a bargaining chip, give me a hundred dollars, I also want to play!"

Li Yun deliberately shouted loudly, and some clever people really reacted and threw their chips into the slot machine one after another.

Several slot machines were activated instantly, the prize screen flashed by, and a group of gamblers watched in excitement and shouted:

"Medium! Medium! Medium!"

"Fucking me, I don't want ten million, give me one million!"

"I only need 300,000!"

The crowd yelled noisily, and then held their breath, watching the slot machine slowly stop.

"Ding Dong, congratulations on your winning the super jackpot, the rate of return: one million times!"

"I'm Cao Nima, I also won 10 million! Ten million!"

"Ding Dong, congratulations on winning the super jackpot..."

"God, I was shot too!"

"Ding Dong, congratulations on winning the super jackpot..."

"Hahahahaha uh, so cool, so cool to die for me!"

"Fuck me let me smoke too!"

"Go away, now it's up to me to smoke!"

It is difficult for Li Yun to describe the chaos in front of him. More than a hundred gamblers squeezed in front of a few slot machines as if they were crazy. The reward of ten million was enough to make people crazy. The thugs couldn't help it anymore and they all ran over. Want to get a piece of the pie.

Li Yun gave a thief smile, and silently jumped to the roof, waiting for the incident to subside.

These people probably haven't thought about it, whether they won the jackpot or not. The right to exchange is in the hands of the casino. How can they be exchanged smoothly and profitably?

Sure enough, after Zhou Tian heard the sound, his entire face was darkened, and he beat everyone violently and ordered them to be quiet.

"There is a problem with the slot machine. Tonight's reward will be void, and your chips will be supplied to you!"

Zhou Tian's words naturally aroused the opposition of everyone, especially the thin and tall man, who insisted that his ten million was in the good time of the slot machine.

"Snapped!"

Zhou Tianyong slapped him and sneered: "Ten million? I dare to give it, do you dare to ask for it?!"

"You!" The tall and thin man was holding his face with five fingerprints, and he didn't dare to speak for a long time.

"What, go away!"

Zhou Tian used the scene to control the scene and asked people to guard the door. Now he has an excuse to forbid everyone from leaving here-someone cheated, and everything will be discussed after the investigation is clear!

Chapter 163: Give tea to Xia Nuxia

Li Yun is now on the dark roof with no lights around, and people passing by will never see him.

He looked down and just saw the well-developed female heroine. She also walked out of the living room curiously, and asked what happened to Tianyong next week.

"It's okay, it's just someone cheating in the casino, Miss Xia, let's go in and continue talking!"

"Hmph, your gambling house must be closed, otherwise I can't spare you!"

"Definitely, I will ask Xue Ji to shut down this harmful thing afterwards!"

Elder Shen's words made Li Yun sneer, probably only a fledgling simple fellow like Xia Nvxia would believe his nonsense.

Cutting off wealth is like killing a parent. How could Xue Ji easily close the casino?

Li Yun quietly came to the roof of the living room. With his master-level sneaking skills, his movements were as light as a cat. He stepped on the tiles silently, and gently moved a tile away. The people inside I didn't find anyone peeping above my head!

Inside, the three people were sitting on the sofa facing each other, and the electric kettle on the table next to them was boiling water.

"I've finished watching the excitement, just say it!" Xia Female Xia said fiercely, "What have you talked about with the people from the Lie Demon Sect?!"

Li Yun saw that she had been holding the sword in her right hand. It was estimated that her elders had asked her to do this, but it was a pity that only a weapon was useless.

Elder Shen Gu said to him that Xia Nv Xia had been circling several times before reacting, and she drew out her sword again with a bang, "Don't change the subject, be careful that I will poke your eyes out with my sword!"

Her figure is well-developed, and a single movement can cause a wave of ripples. The three men present couldn't help but be attracted by her.

Li Yun closed his eyes hard, the figure of this Xia Female Xia was really... powerful enough.

She didn't have to do anything, and she didn't show any charm, which made Li Yun look pleasing to the eye.

Zhou Tian used the same with the two, causing Xia Female Xia to send another useless anger.

"Yes, yes, Xia Nuxia, please don't do this, I will say it, I will say it!"

Elder Shen smiled flatteringly again, hinted at the next week's day with his eyes, and said to her: "In fact, I didn't say anything with the people from the Lie Demon Gate that day, mainly talking about some things."

"What's up?!"

Xia Nvxia, who has a super-grown body, asked. This time she went out to practice with the brothers and sisters in the school. When she accidentally learned about the activities of the Lie Demon Gate, she split into two ways to track their movements.

On the way, Xia Nuxia and her brother went missing, but accidentally ran into Elder Shen, so they hurried over, wanting to take the credit first, and let the brother and sister look at her with admiration!

"Actually, there is nothing wrong." Elder Shen defended: "Elder Scorpio of the Lie Demon Gate accepted me to take refuge in Feihumen, but how can I be considered a decent person in Feihumen, how could I promise him?"

"Even Feihumen is also a decent sect?" Xia Nv Xia glanced at him contemptuously, with disdain in her eyes. After talking with Lie Momen for so long, neither Elder Shen nor Feihumen were good people!

"What Miss Xia said is that our Feihumen is just a small school, not better than Qingleigu."

Elder Shen's compliments made Xia Nv Xia very comfortable, her eyes narrowed with her smile, her eyebrows curled up and she looked cute.

Seeing that the time was right, Elder Shen motioned for the next week with a cold and vicious look, and said, "Isn't it time to make tea for Xia Nv Xia?"

Chapter 164: Very pure and naive

Li Yun clearly saw that Zhou Tianyong, who was facing Xia Nuxia, poured a packet of white powder into the teacup.

After everything was set up, the two looked at each other and showed a sneer, but the female Xia Xia was still immersed in the pride of being complimented by outsiders, and did not notice the incident at all.

Zhou Tian handed the tea cup to Xia Nv Xia with both hands, and said respectfully: "Miss Xia, please have tea!"

Xia Nuxia immediately became vigilant, "Should you not poison the tea? My grandfather said that Xia Sanlan on the rivers and lakes likes to do this the most!"

The two were stunned for a moment, but they didn't know how to answer her.

Li Yun almost laughed. Did the nutrition of this Xia Woman Xia run to her chest? How stupid!

Fortunately, she dared to come out alone. Li Yun estimated that even if she didn't meet Feihumen, she would be tricked into opening a room by other punks. Maybe she sold her, and Xia Nv Xia happily gave the money.

"No, no!" Elder Shen pretended to laugh with a hearty laugh: "Who would poison in a teacup? It is a more secret way to poison. How can it be possible to poison in a fair manner?"

"makes sense."

Xia Nuxia was relieved and took the teacup and set it aside.

Zhou Tian used it for a moment, and asked a little anxiously, "Miss Xia, don't you drink it?"

"It's too hot." Xia Nv blinked, "How can I drink so hot?"

"Uh!"

What she said was so reasonable that none of the three present could refute it.

Li Yun helped her forehead for the third time. This Xia Xia Xia was really stupid and anxious, and Zhou Tian's expression was that everyone could see that something was wrong.

Elder Shen hurriedly looked for a topic to chat, and after a while, as the two waited through the autumn water, Nv Xia finally picked up the teacup.

"Ding, trigger the option event, please choose from the host:

Option 1: Break into the roof, warn Xia Feiyao not to drink the cup of tea, reward justice value +30, Xia Feiyao favorability, experience +10000, strength +100, random gift bag*2. Note: There is a high probability that Xia Feiyao will not believe the words of the host, but will directly attack you with a weapon.

Option 2: Wait for Xia Feiyao to drink tea, then go down to her, reward justice value +10, Xia Feiyao favorability degree, experience +10000, strength +100, random gift bag*2, extra reward of detoxification pill, Can unlock any toxin in the world.

Option 3: Ignore, no reward. "

Li Yun was taken aback, the system also knew that Xia Feiyao was stupid, so he gave two options?

Because Xia Feiyao was very stupid and naive, she would use the sword to cut Li Yun indiscriminately, so Li Yun could only choose...option two!

"Tsk tusk, forgive me, and save you later."

Li Yun just squatted on the roof, watching Xia Feiyao drink the cup of tea containing unknown poison.

"Um?"

Xia Feiyao clutched her stomach and frowned slightly, seemingly uncomfortable, but quickly stood up, and Elder Chongshen said: "Since you didn't collude with the people of the Lie Demon Sect, then I will leave first and meet again!"

Elder Shen was taken aback. The psychedelic drugs he bought with a lot of money can even be fascinated by the powerful in the late acquired period, but it is not effective against Xia Feiyao?

"No, it's not right."

Xia Feiyao stood up swayingly, her slightly childish face was flushed red, and the girl's spring heart was sprouting, and she was breathing slightly, which made people feel that there was an evil fire in her heart when she saw it.

"It's not because my Tiankui is here, but...you put medicine in the tea!"

Chapter 165: Oh, who will save me

Xia Feiyao shouted out these words in shock, leaving Li Yun speechless again.

Dare to love that she thinks her aunt is here, so she feels unwell?

"Ha ha ha ha!"

Elder Shen laughed happily, "Bitch, how can you be arrogant now?!"

Zhou Tianyong also sneered and said: "Bite women, blindly use Qinglei Valley to suppress people, I think you are dying! Wait, Lie Demon Sect will destroy you hypocrites sooner or later!"

Xia Feiyao clasped the sword tightly, and yelled: "You really took refuge in the Lie Demon Sect. Earlier, you said that there is no poison in the tea, and they all cheated me!"

"Hahaha, what a naive little girl!"

"You guys are looking for death! Look at the sword!"

Xia Feiyao forced the zhenqi in her body, pierced with a sword, and the sword suddenly sparked a bright sword light.

Li Yun suddenly widened his eyes. It was the first time he saw the scene of a battle above the acquired stage, and it really was a completely different realm from the Body Tempering Realm!

"boom!"

The white sword light swept across, cutting a terrifying crack on the wall of the room.

Elder Shen was already very careful, but he was still swept across his hand by the sword light, and blood was gushing out immediately, making him tumble on the spot with fright before avoiding the subsequent attack.

"Bitch girl, I'm still struggling when I die!" Zhou Tianyong made a fierce kick, kicked a sofa towards Xia Feiyao.

The weakened Xia Feiyao had to split the sofa with sword light, and then fell limply on the sofa chair behind him, panting, staring at them bitterly.

After firing two consecutive swords, the poison in her had spread all over her body, and she was unable to fight again.

"Hehehe, bitch, are you still arrogant now?"

Elder Shen was holding his **** arms, his face twisted, and staring greedily at Xia Feiyao's body, "The poison in you is the powerful psychedelic medicine I obtained from the Lie Demon Sect. It can not only destroy the true energy in the human body. , It can also induce the natural desires in your body and make you fall into the flames!

"What, what fire?"

Xia Feiyao bit her lip, the strange feeling in her body made her especially uncomfortable, as if a cat had been scratching her all the time, and Xia Feiyao's whole body was trembling, unable to resist this happy and uncomfortable feeling.

But she couldn't understand Elder Shen's words, pure-hearted.

"Simply put, if you don't find a man to have sex, you will burst into death!"

Elder Shen stared at her squintly, Zhou Tianyong also swallowed. He had seen many beautiful women and played with many first-class figures, but Xia Feiyao was among the women he had ever seen. The most popular figure!

The exquisite face, the noble birth, and the hot mountains all arouse a man's desire to conquer!

"Interact, intercourse..."

Xia Feiyao stammered shy, she still knew this.

But in her concept, this kind of thing is something that only her husband can do. These two people are just the three most indiscriminate existences in the rivers and lakes. She Xia Feiyao is going to lose track of them?

No, don't die!

"Hehehe, don't worry." Zhou Tian smiled lewdly: "The door has been locked, even if you yell loudly, no one will dare to disturb us. They can only eavesdrop outside and envy me and Elder Shen. Yanfu!"

Seeing the two slowly approaching, with expressions of nasty embryos on their faces, Xia Feiyao finally burst into tears, her voice changed a lot, and became a lot more immature: "Who, who will save me? , Ooh, I will definitely thank him very much!"

Chapter 166: Surprise

"Hey, give up! Even if you break your throat, no one will come to rescue you!"

Xia Feiyao fell into unprecedented despair. She couldn't even bite her tongue and kill herself now. Her whole body was limp and very hot. The heat made her feel uncomfortable, and her body was eager for something.

"Woo, grandpa, come and save me!"

Xia Feiyao saw with tears in her eyes that Elder Shen took off his coat, and the monkey rushed towards her in a hurry.

"Little girl, let me see how...big you are!"

"boom!!"

A black shadow fell from the sky, and countless tiles fell swiftly. Elder Shen was so frightened that he had no time to dodge, so he had to raise his hands indiscriminately to block it.

The next moment, his right hand was beaten by a hard stick, and his wrist was directly broken by the huge force. If it weren't for a trace of real energy to block the opponent, this arm would probably be knocked off by a stick.

"you!"

Elder Shen was frightened and furious. The person who attacked was not from the Houtian realm, but only a small trash from the Body Tempering Realm, but he beat him like this?

Unexpectedly, for a moment, the other party's stick slammed again, and with a bang, it hit Elder Shen on the forehead.

"I.....!"

There was a loud bang in Elder Shen's head, and this stick was even more brutal, making him stunned, and it turned into a concussion, unable to counter the enemy at all.

"boom!"

The third shot fell on his neck. Elder Shen was full of true energy in his body, but he couldn't use it at all. Under the attack of the opponent, the dignified elder of Feihumen Outer Gate, the strong man in the middle of the day after tomorrow, died!

Li Yun breathed a sigh of relief. Elder Feihumen Outer Sect was really powerful. An ordinary person would burp if his head hit him, but Elder Shen ate the third shot abruptly.

Fortunately, before the raid, he added all the remaining experience points to his agility and strength, otherwise he might not be able to handle Elder Shen!

Zhou Tian was dumbfounded.

He originally wanted to wait for Elder Shen to cool off, and then it was his turn to have a cool one. After all, he peeped for a long time on the hot body Xia Feiyao, even if he was used by Elder Shen first, he wouldn't mind!

Unexpectedly, a person suddenly jumped from the roof, hitting three shots at an extremely fast speed, directly killing Elder Shen?

Elder Shen's neck was tilted to one side, and he should have died too much.

"Great, hero!" Zhou Tian trembles with his legs like sifting chaff, and his face is pale, crying and begging for mercy: "My hero, please let me go!"

"Leave you? Good."

Li Yun smiled slightly and knocked it over with a stick, and Zhou Tian fainted to the ground very cooperatively.

"This steel pipe is not bad."

Li Yun blew his whistle. This thing was taken by the group of thugs when he went on the roof. It was comfortable to use. After all, he killed an acquired powerhouse.

The strange thing is that Li Yun's first murder, there was nothing strange in his heart, as if he was born to be a killer.

"Am I inherently indifferent?"

Li Yun shook his head and didn't think about it so much, at least his feelings for his family and Fang Xue were true.

With her back to Xia Feiyao behind her, she put the steel pipe in the space ring, and Li Yun felt that the space ring was too practical!

"Hug, hug me~"

Just about to turn around, Li Yun felt a gentle girl's body hugged over her back, accompanied by her light panting, a virgin fragrance rushed towards her face.

"I, I... I feel so weird~"

Xia Feiyao became confused and only vaguely knew that someone was coming to rescue her, and that it was a man.

Chapter 167: Detoxification Pill

A man who saved her, perhaps, can be her husband?

If you want to lose control, Xia Feiyao would rather save her body to the hero who saved her, and never give Zhou Tian to use this kind of abuse!

"Is it really a Tsubaki medicine?"

Li Yun was taken aback. He didn't think that there were such three abuses. Fortunately, he has a system!

"Ding, the reward (justice value +10, Xia Feiyao favorability degree +80, experience +10000, strength +100, random gift bag*2, an extra reward of detoxification pill.) has been distributed!"

Li Yun didn't take advantage of the danger and directly took out the detoxification pill, and was about to eat it for her, but Xia Feiyao bit her tongue violently, and her consciousness temporarily awoke.

"You, what's your name?"

Xia Feiyao's face was full of shy blushes, she didn't want to hand over her body unclearly, at least she had to know the other party's name.

She glanced at Li Yun secretly. He was about 1.8 meters tall. Although his facial features were not very handsome, she had a righteous and sunny temperament. At least Xia Feiyao felt very comfortable.

Especially Li Yun still had a good smell, Xia Feiyao couldn't help but leaned over and sniffed, making the strange feeling in her body more intense.

"My name is Li Yun, Muzili, the cloud of clouds." Li Yun smiled, handed the antidote pills to her back and put it in her mouth.

"Well, Mu Zili, Yunyun Yun...I, my name is Xia Feiyao."

Xia Feiyao spoke vaguely, but cleverly ate the detoxification pills that Li Yun had fed her, and her face became more shy.

I always think this action is so strange.

But a coolness radiated from what Li Yun gave her, Xia Feiyao's consciousness slowly recovered, but she was still not sober, thinking that she was about to make peace with Li Yun.

"Li, Li Yun~"

Xia Feiyao looked at him with watery eyes, hugged Li Yun tightly from behind, her eyes lingered on him, as if she wanted to deeply imprint the appearance of the man who is about to become her husband into her mind— —Unfortunately, she didn't know that Li Yun was now in a disguised state.

"what happened?"

The feeling coming from his back made Li Yun feel a little worried, but what is even more strange is that the detoxification pill does not work? How did it feel that Xia Feiyao's obsession had not dissipated yet, she still hugged him tightly.

Still moving around.

"What happened?"

"Something hit the roof!"

"Deacon Zhou, Elder Shen, are you in there?!"

The loud noise made by Li Yun breaking through the roof attracted everyone's attention.

Deacon Zhou strictly ordered not to approach, and they did not dare to break in.

Xia Feiyao became more flustered, and if he didn't hurry up, it would really be too late!

"You, you, will you be my husband, OK?"

After Xia Feiyao said these words, her shyness had reached her limit, her face was so red that she could boil eggs.

But she knew that she was about to lose control of herself, and she had to speak her heart quickly while she was still conscious.

Because she will be with Li Yun later, she doesn't want to be like this with strangers, but wants to do these things with her husband.

Although this husband came too suddenly, and only met him for less than three minutes,

But Xia Feiyao didn't blame him. The result of all this was because she was too stupid, which led to the **** elder Shen being drugged!

Li Yun was taken aback, husband?

This is too fast!

What Li Yun didn't know was that Xia Feiyao came from an old-fashioned martial arts family, with an extremely conservative concept. To identify a person is to follow forever.

Chapter 168: Ding, Xia Feiyao has a favorability rating of 100

"Ding, trigger the option event, please choose from the host:

Option 1: Accept Xia Feiyao's request, regard her as one of the future wives, and reward Xia Feiyao with +20 favorability.

Option 2: Indifferent refusal, reward skill: steel straight man!

Option 3: Reject, and gently say "We just met, don't be so fast, I want to know you more", etc., reward justice value +30, Xia Feiyao favorability degree -60, all attributes +100, random Blue gift*3. Note: After rejecting Xia Feiyao, she is ashamed of her heart, and she will most likely not see her host again, and will be accompanied by the ancient Buddha for the rest of her life, and will no longer marry. "

Li Yun couldn't laugh or cry. What kind of option is he thinking of?

Option one, Xia Feiyao's favorability degree is +20, that is, it will directly rise to 100 favorability degree. In the future, Xia Feiyao will never change her heart, and Li Yun will truly become her husband.

Option two, straight man of steel? Li Yun thinks he is still gentle, he is definitely not that kind of person!

Option three, Li Yun did not take advantage of the danger, and the system added justice to him, which is very scientific!

However, I refused Xia Feiyao. This girl from the rivers and lakes, with a simple personality, a little stupid, and conservative, would never see him again?

Li Yun's mood is very complicated. Whether he refuses or agrees, Xia Feiyao already regards him as her husband.

After all, Li Yun had already seen her most ashamed, Xia Feiyao felt that she was out of touch and could not marry again.

"Deacon Zhou? Deacon Zhou? What's wrong with you?!"

Xue Ji's voice came from outside the door, Li Yun no longer hesitated, and directly said to Xia Feiyao: "Okay, Xia Feiyao, from now on I will be your husband, Li Yun!"

"...Husband, husband!"

Xia Feiyao screamed softly with a warm sense of happiness in her heart.

Her expectation was finally returned. In an instant, Xia Feiyao seemed to be drained of all strength, so she could only put her arms around him and put her cheeks behind Li Yun's back, and her voice said softly, "Well, Yaoyao from now on It's your husband's wife, husband, please love Yaoyao..."

She thought that the tsubaki medicine in her body had not yet been eliminated.

"Ding, the host has made a choice, and the reward (Xia Feiyao favorability +20) has been issued!"

"Ding, congratulations to the host for successfully obtaining the full favorability of the third girl, an extra 20,000 experience points and a red envelope!"

"Red envelope: there is money 188888 in it, and the skill Sweet Talk will be upgraded to God level after it is turned on! (Sweet Talk: Your words will make girls who like you feel happy. The more girls who like you, the easier it will be to be confused by your words.)!"

Li Yun is full of black lines, his third **** level skill, is this thing?

Isn't this cheating!

Although he was unhappy, Li Yun didn't throw away the red envelopes. He didn't have enough skills. Maybe it would be useful one day in the future?

"Alright, Yaoyao."

Li Yun pulled her from behind to the front, kissed her on the cheek, and said with a smile: "It's okay, I have rescued you, the medicine doesn't work!"

"what?"

The intimate address of her husband made Xia Feiyao sweet in her heart, a little shy, but she really liked to hear him call it.

The name Yaoyao has never been called by senior brother or sister, only her relatives call her that.

Moreover, Li Yun's magnetic voice sounded very nice to Xia Feiyao, and it was infectious, which made her heart warm.

"My wife is such a fool!"

Li Yun bounced Xia Feiyao's forehead dumbfoundedly, wrapped her waist with one hand and Zhou Tian with the other, and jumped to the roof with force.

Chapter 169: Suction stick

The thugs outside the door knocked open the door, and at a glance they saw Elder Shen who fell on the ground with an abnormally twisted neck!

"Elder Shen...dead?!"

"Where is Deacon Zhou?"

"There is someone on the roof, don't let him run away!"

Everyone was clamoring, but everyone dared to come forward and stop Li Yun from leaving.

Just kidding, Li Yun killed the most powerful Elder Shen and took Deacon Zhou away. How dare they stop Li Yun?

So, Li Yun jumped to the roof of the hall, and broke the roof again, stunned the gamblers in the hall. They just watched Li Yun, who was like a ***** descending to the earth, with their arms around. A big-breasted childlike beauty has snatched a stick from the back of Guan Gong's portrait!

What's the situation?

The gamblers are dumbfounded, he is so hard, just to grab a stick?

"Husband?"

Not to mention that the gamblers don't understand, even Xia Feiyao is very confused, what is the husband doing? Why are you going to get a stick?

"Don't say anything, let's go!"

Li Yun jumped out of the courtyard with Xia Feiyao in his arms and ran around the complex city village quickly. He quickly left the village and came to a deserted ***** where he threw the dizzy Zhou Tianyong on the ground.

"Yaoyao, are you okay?"

"No, it's okay!"

Xia Feiyao blushed and left Li Yun's embrace. She actually recovered a long time ago, but she was nostalgic for Li Yun's embrace, so she was obediently held by him.

Li Yun smiled and touched Xia Feiyao's head. He was quite satisfied with this wife who had only met for less than half an hour.

May I ask, who doesn't like the beauty of childlike big breasts?

"Yaoyao, look at this."

Li Yun retracted his thoughts, unwrapped the black cloth wrapped on the mysterious stick, and displayed it in front of Xia Feiyao, "The origin of this stick is very mysterious. It was specially brought by Zhou Tian from Feihumen. Put it in the lobby of the casino!"

"what?"

Xia Feiyao tilted her head and looked at him. It turned out that she had been wrong all the time. Zhou Tianyong was not only related to the Lie Demon Sect, but also had a special purpose when he appeared in Longyang County!

"This stick...?"

Xia Feiyao looked at it carefully, and saw that this dark stick was embroidered with many mysterious patterns, like ancient holy objects used for sacrifices. If you look carefully for a while, you can feel the emission from it. Strange breath.

"What is this?" Xia Feiyao shook her head vigorously, she felt a little dizzy.

"Yaoyao, stay calm and calm, don't be affected by it!"

Xia Feiyao hurriedly followed suit. Fortunately, she usually involved this aspect in her practice, so she quickly calmed down.

Li Yun said solemnly: "This stick is very evil. I have been monitoring this place for the past three days. During this period, two people died and more than ten people vomited blood and fainted."

"Ah!" x2

"Who is watching?!"

Xia Feiyao was shocked at first, but soon noticed that there was someone peeping around, and she was not polite immediately. The sword in her hand was unsheathed, and her figure rushed towards a dark corner in a swift and incomparable form.

With a flick of the sword light, the surrounding weeds were blown away.

"Wait, wait, don't fight, boss, it's me!"

The people hiding behind were embarrassed and rolled on the spot before avoiding Xia Feiyao's sword attack, and hurriedly shouted loudly.

"Guo Xun?"

Li Yun was a little surprised, "Why are you hiding here?"

"Ahem, that's a misunderstanding!"

Guo Xun smiled bitterly, "I originally wanted to find out Xue Ji's reality, but I didn't expect to bump into you, the boss!"

Chapter 170: Forcing

With that said, Guo Xun glanced at Xia Feiyao.

Judging from her age, she is definitely not more than seventeen years old, but she already possesses the true Qi cultivation base of the late acquired period, even in the arena of geniuses, it is quite good cultivation base!

And his boss Li Yun ran so far with his arms around this genius beauty, and the other party called his boss his husband?

"Well, I won't pursue this matter anymore."

Li Yun smiled. With a systematic guarantee, he still believes in Guo Xun's loyalty.

Xia Feiyao glanced at him before returning to Li Yun, but the sword was confiscated and she fell into disbelief in Guo Xun, she wanted to protect her husband at any time!

Xia Feiyao had already seen that Li Yun's cultivation was only in the late stage of the Body Tempering Realm, which was a bit low.

However, the husband is the husband, and will not change this matter because of the low cultivation base.

The topic returned to this mysterious stick. After listening to Li Yun's explanation, the two of them felt weird the more they listened. Xia Feiyao was the strongest, but also most afraid of such evil things, so she couldn't help but get close. Li Yun, with his left arm around his waist, trembling against Li Yun's delicate body, asked in a trembling voice:

"Husband, husband, did anyone really die because of this stick?"

"Not sure, but I guess the probability is!"

Guo Xun took the stick cautiously, carefully observed the lines on it, and said: "It stands to reason that people who go to the casino can actually expect to win and lose money. It is impossible for people to die and vomit blood to faint continuously. Circumstances, I agree with your boss, there is definitely something wrong with this stick!"

"Well, just ask."

Li Yun calmly kicked towards Zhou Tian on the ground, "Don't pretend to be dead, get up!"

"Huh? Is he awake?" Xia Feiyao felt a little strange, how did her husband know that he was awake?

Zhou Tian did not move.

"If you don't get up anymore, I will step on your left hand too!" Li Yun smiled faintly, and stepped his foot on Zhou Tian's left hand.

The next moment, Zhou Tianyong jumped up, his face extremely ugly: "You!"

"Humph."

Li Yun snorted coldly, "Give you two choices and tell all the related things about this stick, otherwise, depending on what you do, I will kill you without any psychological burden!"

Guo Xun nodded, "Boss, let me come, I'm good at these. By the way, you call Zhou Tianyong? I wonder if you have heard of the wrong hand, do you want to try it?"

Several people looked at him in horror.

Xia Feiyao became more and more curious about who Guo Xun is. Many people know how to divide the muscles and the bones, but generally speaking, only some cruel people will use it. It is a perfect method to force people to tell some secrets. !

Zhou Tian's face turned into pig liver color. He has never tried to split the muscles and bones, but he also knows that this move is powerful.

People who are divided into bones and bones are all screaming and rolling, and in the end they can only succumb.

"I, I said!"

"very good!"

Guo Xun nodded in satisfaction, then turned to Li Yun and said, "Boss, you can ask!"

Li Yun smiled secretly, Guo Xun was quite good at being a man and knew who the boss was.

"The first question, what is the name of this stick? Does it come from the fierce demon?"

"The spirit sucking stick is probably from the Fierce Demon Sect. I don't know the details."

"Spirit suction stick? The second question, what is its function?"

...

After some detailed inquiry, Li Yun could not find what he wanted.
