Chapter 1671: A master

Among the people present, only one person resisted Li Yun's spiritual vision.

"Oh?"

Li Yun's indifferent expression stopped, and he turned around formally. He glanced up and down at the man from the cherry blossom country who was still sitting calmly in the pavilion. He smiled and said, "So you are the big man."

The imposing power disappeared, Gong Changhua and the others all breathed a sigh of relief, as if the mountains in their hearts had been moved away, making their fear a little bit less out of thin air.

Coupled with the fact that Dongzhao Sword Saint is by his side, why should they be afraid of this kid!

"Humph!"

Gong Changhua thought of his performance that he hadn't dared to look at Li Yun just now, and he couldn't help but shouted in anger: "It's such an arrogant kid to use his own ability to hurt people!"

He had come back to his senses, and felt that this kid could not be in the Grandmaster Realm anyway!

Let me ask, has there ever been a grandmaster realm who is only eighteen or nineteen years old and less than twenty years old in the world?

Impossible, absolutely impossible!

This kid is at best congenital perfection, plus a horizontal training physique, so he can defeat an early congenital outer door elder with one move.

Although reaching congenital perfection at a young age is still a terrifying achievement, it is not impossible.

"This is the guest of the palace family?"

Li Yun smiled happily, "I thought it was a great person, it turned out to be just a foreigner. Ha ha, a sakura country master realm scared the palace family out of control, and even used all the connections to find out my whereabouts. , Specially sent someone to wait at the airport.

Gong Family, what a great skill! "

The complexion of a group of palace family members turned into pig liver color once again.

It is true that a master is worthy of respect, but the other is a Sakura countryman!

Because of the history left over from 50 years ago, the people of Huang Xuan country have always had no pretense and even hatred towards the cherry blossom country.

But Gong Changhua and these people, for the sake of a sakura countryman, did not hesitate to find out Li Yun's itinerary from the airline system, intercept him and take him to the palace.

This cannot be justified anyway!

"what do you know?"

Gong Changhua sneered, made a gesture of respectful introduction, and pointed to the sword saint Dongzhao and said, "This is the General Zhengyi from the Sakura Kingdom, which is also the Grandmaster Realm of Huang Xuan Kingdom, you..."

Suddenly, Gong Changhua reacted.

"you you you!"

Gong Changhua's face turned pale, and his eyes looked at Li Yun with horror: "You just, actually, actually said...a grandmaster?"

What kind of existence is the master?

A modern term can perfectly explain what a master is:

Nuclear bomb!

The most amazing weapon of modern power is rarely used, because once it is used, it will cause the consequences of being disgraced.

The same is true of Grand Master Realm!

As a master of peerless power, every move can destroy the city and the country. It is not a joke to scare off one hundred thousand soldiers, but a real existence in history!

Most modern people think it is an exaggeration of the ancients, but people who know the existence of the Grandmaster Realm will never think so!

"Boy, shut up!" An outer door elder looked horrified, for fear that the Grandmaster of Sakura Country would anger their palace family.

Against the Sword Saint Tozhao from the Kingdom of Sakura, even if the palace family won't be overwhelmed, they will definitely hurt their muscles!

You know, there are tens of thousands of people in the entire palace who go to school in martial arts. After a hundred years, only two geniuses have come to the fore and achieved the supreme realm of masters!

—One of the brains still has a problem, I can't count on it at all.

"Grandmaster Realm? Is it terrible?"

Chapter 1672: Eager to try

Li Yun looked at the man from the Sakura country who had always maintained a calm expression, a smile appeared on the corner of his mouth, and his eyes were eager to fight: "I want to see what strength the Grandmaster Realm really has. It is worth the palace family's so much trouble. !"

After he absorbed the earth evil fire, his strength increased by leaps and bounds, but the enemy he faced was the Return to Void Realm, and the other Divine Refining Realm was also abolished by the Black Feather Butterfly.

Therefore, Li Yun would never mind having a battle with a Grandmaster Realm now!

But by then, the entire palace house in the capital will be reduced to ruins.

"This kid is crazy!"

Everyone was silent, not because they were afraid of Li Yun, but because they were afraid of the silent Dongzhao Sword Master.

In their opinion, as long as the Grandmaster Realm takes action, this arrogant and ignorant boy will definitely be suppressed by thunder!

In the deadly quiet atmosphere, everyone anxiously waited for a long while, and the Dongzhao Sword Saint from the Sakura Country finally took action.

It's just that he didn't shoot directly, but in a plain tone, speaking in the unskilled Huang Xuan dialect:

"Li, Yun, Your Excellency!"

Hearing this name, Gong Changhua's pupils shrank slightly, he could not have imagined that a grandmaster level would actually respect that kid so much.

Is he really a Grandmaster Realm?

No, it's impossible, how could there be such a young master-level master in the world!

It must be the grandmaster of Sakura Kingdom who disdains and cares about such people, just like he did not show arrogance after visiting the palace!

Li Yun smiled faintly: "It seems that the Sakura Kingdom did not learn the etiquette of Huang Xuan Kingdom in the Tang Dynasty. You don't even understand such simple things as reporting your own name. No wonder you were called Japanese in ancient times."

Everyone's hearts slowed by half a beat.

The word "wo" was spoken in front of a Sakura countryman—especially a Sakura countryman who has a certain understanding of Huang Xuanguo's culture. Isn't this looking for death?

Several palace elders have looked at him with dead eyes!

"Wizhe, it is also called by a country other than Hua Xia."

The man in the large kimono stood up slowly and continued: "This term has no derogatory meaning. It is just that there was a gap between the two countries in modern times, which caused the Japanese character to have the meaning of short stature. In fact, the average height of our country is already higher than the average height of Sakura. Huang Xuan is a taller countryman. It's not a proper description to describe it as Japanese."

After finishing speaking, the man known as the Sword Saint of Dongzhao bowed to Li Yun and bent over ninety degrees. The standard Sakura Country apologize etiquette: "Your Excellency Li Yun, please forgive me for being reckless this time. Here, I apologize to you!"

The corner of Li Yun's mouth twitched. This Sakura countryman from afar was a bit interesting. Compared with his generous performance, it seems that Li Yun has a small belly and chicken intestines.

At this moment, the familiar voice rang again.

"Ding, trigger the option event, please choose from the host:

Choice 1: Give him a kick without saying anything, reward experience value +3 million, all attributes +2000, golden gift bag*1, all leg skills will be upgraded by one level, and the host will be forced to fight against the Grandmaster Realm.

Option 2: Leave a sneer, walk away without a trace of clouds, reward experience value +100,000, white gift bag*1, the host will lose the possibility of follow-up and Bai Fumei development.

Option three: Suddenly fire the cannon and kill him by surprise by the little devil! Reward evil value +100,000, golden gift bag*3, extra reward: a random magic skill. "

Little devil. Child... the magical skills? !

Chapter 1673: Child adult

Li Yun looked at the Tokugawa Ryukyu from the cherry blossom country with playful eyes.

He has seen martial arts, spells, special skills and other skills, but this is the first time he has seen this so-called magical skill!

Divine spells, magic spells.

Does this **** include immortals? What is the difference between Shenshu and Xianshu?

To be honest, Li Yun did itchy hands for a moment, and wanted to see what the so-called magic arts were!

But considering that the evil value added by a sudden attack is too much, this is all about it.

"Your name is Tokugawa Ryukyu?"

Since the other party was not here to find fault, Li Yun did not continue to be aggressive, and asked flatly.

Several palace elders glared at him, and shouted: "The kid is rude! Jing shouts so at a grandmaster level!"

Li Yun didn't bother to pay attention to these idiots, snapped his fingers, and said indifferently: "Whoever dares to talk nonsense, I will smoke anyone. I think it is his mouth that smells or my hands are harder."

A few people immediately closed their mouths, daring to be angry and not daring to speak. No matter how stupid they were, they knew that Li Yun's strength was far above the others, and only the Grandmaster level could overwhelm this kid!

Ma Kaijie, who was still kneeling on the ground, lowered his head.

What is a big shot?

He is a servant of the palace family, and the only sight he can see is the palace family. He thinks he has seen more powerful and powerful people. Seeing them all bowed to the knees after entering the palace family, he thinks that the palace family is not invincible in the world. No one dared to offend the palace family!

But now?

The majestic and majestic elder of the Outer Gate was slapped and slapped by Your Excellency Li Yun, and fell into the lake and turned into a soup chicken. It can be said that he has lost his face!

The results of it?

This outside elder dare not talk bullshit!

The elder of the inner gate of the palace family was beaten by His Excellency Li Yun to his face. He was extremely insulting and contemptuous, but the elder had to grit his teeth and endure it!

What is a big shot?

At this moment, Ma Kaijie wanted to give himself two big mouths. The real big man had been with him for so long, and he didn't realize it at all!

"Tokugawa Ryukyu."

After shaking these idiots, Li Yun looked at him sharply: "Speak your intentions! I think you, as the master master of the cherry blossom country, know the consequences of breaking into the territory of Huang Xuan country!"

Li Yun doesn't know much about Grandmaster Realm, but he also knows how terrible it would be to engage in assassination after a Grandmaster Realm enters another country!

To put it bluntly, if Li Yun leaves for the Sakura Country now, it will be enough to kill all the emperors of the Sakura Country up and down, and make the so-called "one family of a thousand generations" become extinct!

And as long as it is trivial enough, he can still retreat all over.

No one can stop a Grandmaster Realm who wants to escape!

"Your Excellency Li Yun."

Tokugawa Ryu was still not angry, but smiled faintly: "I came here with the consent of Huang Xuanguo's Protector of the Country, and I have a regular passport."

".....Oh."

Li Yun nodded, not too surprised by this.

As the greatest guarantee for the predecessor of the Guardian Excalibur, it is impossible to know that Dao Chuan Liusheng entered. Since he and Xia Ming did not notify Li Yun, it means that Tokugawa Liusheng did not come with malice.

In other words, the power behind him is not hostile to Huang Xuanguo, and belongs to a category that can communicate.

"and!"

Ryukyu Tokugawa wears the Sakura Country Longsword at his waist, standing in the pavilion, and smiles kindly at Li Yun again: "I came here under the order of Lord Goko, and made a special trip to communicate with your Excellency Li Yun. Come!"

Chapter 1674: Command Master

Tokugawa Ryuusheng's Chinese text is still very rusty, and he used 'come' three times in a row, but Li Yun and everyone did not care about this small flaw, but looked at him in surprise.

A Grandmaster Realm actually said that he came to Huang Xuan State after receiving orders from others!

Who has so much energy, can order a master-level master! ?

Who can save so much face and let a grandmaster enter another country at a huge risk! ?

"The emperor...Miko...it's interesting."

Li Yun's thoughts moved slightly, and soon thought of the special features of the cherry blossom country.

This island country, located in the northeast of Huangxuan Kingdom, is one of the few countries in the world that still has an emperor. What kind of imperial son, Li Yun can probably guess what it means to be a prince.

A royal prince can barely make sense to order a grandmaster level.

It's just that although Li Yun doesn't know much about the Sakura State Affairs Bureau, he also knows that the Emperor of the Sakura Country is now just a mascot. The power is in the parliament, which is the so-called constitutional monarchy, and the emperor himself does not have much power.

But now it seems that the emperor still retains a lot of power, and may even secretly control something.

"It turned out to be so, welcome."

Li Yun clapped gently, standing under the pavilion, looking up, but his momentum was not inferior. He smiled and said, "I am very open to the problems left over from history. I have made mistakes. As long as I sincerely apologize, then Huang Xuanguo and Sakura Country are still friendly relations with only a strip of water, right? Mr. Tokugawa."

The old palace patriarchs shook their lips a few times, but in the end they said nothing.

When facing the Grandmaster Realm of the Sakura Kingdom, such a behemoth Jingcheng Palace could only serve it with good wine and meat, and good food and ingredients from all over the world, for fear that it would offend him and bring disaster to the entire palace.

But what about Li Yun?

Not only did he ignore the Grandmaster Realm in front of him, he also mocked him, and even said: You, Tokugawa Ryukyu, don't care what Grandmaster Realm you are, what the generals of the conquest of the barbarians, and what the Sword Master of the East, it's useless! Only if you

apologized for the aggressive war fifty years ago, I would continue to talk with you, otherwise, everything will be avoided!

So arrogant, so character, so arrogant!

Several palace patriarchs are always ashamed, but Gong Changhua is itchy with hatred. Doesn't this reflect his incompetence? !

Li Yun is arrogant and dared to make him apologize to the Grandmaster Realm, but his Gong Changhua is looking for high-end cuisine to supply each other all over the world. Comparing the two, it is simply a slap in the face of his palace elder!

"Li, Yun, Your Excellency!"

Accompanied by the unbearable anger, a sharp sword intent burst out from the short stature of Tokugawa Ryuu. The elders of the palace elders standing next to him were so scared on the spot that they hurriedly performed light work and fled!

They have not seen a few shots from the Grandmaster Realm, and few people in the arena have actually seen it.

However, the prestige of the Grandmaster Realm has lasted for a long time, and no one dares to despise it, let alone stand within the anger of the Grandmaster Realm!

"This kid is dead!"

Gong Changhua's eyes flashed with pleasure, his eyes fixedly looking at Tokugawa Ryusheng, waiting for him to cut out with a sword!

Based on Gong Changhua's etiquette towards the ninja of Sakura Country and the martial arts world, he knew that Sakura Country had a very powerful sword skill called Draw Sword Style.

It is said that the practice of drawing the sword to the extreme, can break the mountain in an instant, the enemy can't even see the light of the knife, only the movement of drawing the knife and closing the knife, and when the reaction is over, his head will have fallen. .

"Dongzhao Sword Saint... Will it be a swordsman?!"

Gong Changhua's eyes are fiery, drawing a sword to deal with the weak is a spike, there is no second ending!

Chapter 1675: If there is a crime, I will kill you

However, Gong Changhua was disappointed.

Full of anger, he stared at Li Yun's Dongzhao Sword Master, but finally he endured it and looked at him with a pair of extremely cold eyes: "I came to Huang Xuanguo this time for peaceful and friendly exchanges. Please don't mention it. Irrelevant!"

"Nothing? Peaceful exchange?"

Li Yun sneered: "Only by remembering history, can we look forward to the future. After the war, the cherry blossom country sheltered a large number of war|criminals. Until now, there are still a large number of people who deny the original history. Every year, we are challenging the limits of the

patience of the people of Huang Xuanguo, and repeatedly worshiping a certain shrine. Are you just now coming to talk to me about peaceful exchanges?

"you!"

Tokugawa Ryuu's eyebrows and eyes were raised, his anger and sword intent burst out like a sharp sword out of its sheath, shaking layers of ripples, and the small courtyard was full of violent winds, blowing everyone's clothes and hunting.

Gong Changhua and others were horrified, retreating again and again!

They had already imagined how amazing it would be to fight in the Grand Master Realm, but they saw with their own eyes that the Dongzhao Sword Saint could only cause changes in the celestial phenomena by relying on the anger that he did not provoke, but he was still shocked and lost the ability to think.

Grandmaster, invincible!

"Haha, are you angry from embarrassment?"

Among the people present, only Li Yun still stood proudly on the spot, fighting against the Sword Saint of the Sakura Country.

"Look at the former head of the country. They can calmly kneel at the monument to the victims and apologize for the crimes committed by their country."

"Look at your cherry blossom country again."

Li Yun's face was full of sarcasm: "The country is small and the people are weak, and the people are inferior and arrogant. They kneel and lick the strong, trample on the weak, and have no shame. It can be seen that you have learned from the Tang Dynasty to the present. There is no courtesy, justice or shame, it's still a group of beasts in human skin!"

boom!

Suddenly, the entire stone pavilion was destroyed by the energy vented from outside by the master, and turned into a sky full of rubble. The small courtyard was in a mess, and the countless flowers and trees were exhausted!

Ma Kaijie, who had already escaped from the yard, was shocked. This is simply the consequence of dozens of bombs exploding at the same time!

And this is just a trace of anger leaked from the Grandmaster Realm, and it has not been officially shot!

"Terror, terrible, powerful! Is this the Grandmaster Realm?"

Ma Kaijie looked at the person who still stood proudly in front of the Grandmaster Realm with deep awe, Your Excellency Li Yun!

Only he can dare to face a Grandmaster Realm!

What is a big shot?

Taishan collapsed in the front and the color remained unchanged, and the elk thrived on the left without blinking.

"Tokugawa Ryukyu."

Li Yun squinted at the angered Dongzhao Sword Saint shrouded in the smoke and dust, and said indifferently, "I don't have time to talk nonsense with you too much. If you communicate peacefully, you can only talk to me and the people of Huang Xuan country. Sincerely bow and apologize, apologize for the mistakes in history, otherwise, nothing will be discussed!"

After speaking, Li Yun turned and left without hesitation, standing tall and calmly, with the suggested look on his face, which deeply shocked everyone who saw this scene.

"in addition."

Li Yun paused, without turning his head back: "You can come to Huang Xuanguo as a guest, but if there is any violation of the law and discipline, I will kill you!"

"..."

No one dared to speak anymore. After Li Yun left, all the members of the palace crowd came around tremblingly. They couldn't help but glanced at Li Yun's leaving back, with deep awe in their eyes.

Chapter 1676: The most distinguished invitation

Up and down the palace, as long as the person who saw this scene, the feelings in his heart were extremely complicated.

Li Yun was so humiliated by Li Yun that he was so dignified and even beheaded.

This can't help making everyone in the palace feel inexplicable pleasure!

After all, let them serve a Sakura countryman, there will always be some unhappiness in their hearts.

"Mr. Tokugawa!"

Among the people present, only Gong Changhua looked terrified, and hurried into the garden to greet the Dongzhao Sword Master humbly, and at the same time cursed Li Yun loudly that the kid was too arrogant.

"Mr. Gong."

Tokugawa Ryukyu was silent for a long time before slowly speaking, "Three days later, do you have a funeral that is very eye-catching?"

"An eye-catching funeral?" Gong Changhua was stunned, and then suddenly realized: "Mr. Tokugawa, you are talking about the funeral of the son of the Ubun family? It is true, and I plan to go there myself...I heard that the Patriarch of the Yuwen Family also broke through to the Grandmaster Realm!"

Speaking of this, Gong Changhua's eyes were full of envy and a trace of jealousy.

Why can't it be him who breaks through the master realm?

"Very good!" Tokugawa Ryuu's face returned to calm, "I will also go then."

"Yes! I must inform Yuwen's family and prepare the most honorable invitation for Mr. Tokugawa!"

Gong Changhua was excited, how about Yuwen's family even if they had mastered the realm? The masters of the Sakura Country are all friends of the palace family. Are you afraid that he will fail?

Haha, Yuwen's family learned that a Grandmaster Realm personally visited them, so they couldn't arrange the most solemn etiquette?

Thinking of this, Gong Changhua became more and more proud, as if he was the one who received the treatment of the distinguished guest from the master realm.

...

"Sakura Country...hehe."

After Li Yun left, thinking of what happened just now, he couldn't help but smile.

This Ryukyu Tokugawa looked respectful on the surface, but with a good attitude as a master, he bowed his head and apologized.

However.

As soon as the issue of national honor and disgrace was involved, he immediately turned his face, his waist was straight, and there was no apology to say!

In other words, Tokugawa Ryukyu believed that their country's initial aggression was right. To use their bullshit, the war was to liberate the people of other countries in distress and establish some **** circle.

Just thinking of this, Li Yun wanted to fly to the cherry blossom country, kill him for seven days and seven nights, and use countless blood to repay the original hatred!

"call."

Li Yun took a deep breath and calmed down.

Killing, you can only think about it.

He is a normal person who grew up in modern society, and he will not commit massacres, unless the other party really violates the law and discipline, or violates Huang Xuanguo's interests. At that time, Li Yun will never mind going to the cherry blossom country in person. , To see how powerful the so-called ninjutsu and drawing swordsmanship are!

"Ding, the host makes his own choice, rewards justice value of +1 million, experience value of +2 million, all attributes +2000, golden gift bag*1, special reward: full of anger (primary level, increased combat effectiveness when winning glory for the country) "

It is an independent choice again.

Li Yun couldn't help laughing. It seemed that the options given by the system could no longer restrain him. The most important thing was to do whatever he wanted and to act according to his heart.

Of course, it's even better to get rewards at the same time.

Looking at the angry skills, the restrictions are relatively large, and they are only useful in certain situations, and the increased power is also very vague, this skill can only be regarded as an addition.

"Your Excellency Li Yun, please wait!"

Chapter 1677: Surname palace

Just as Li Yun was about to leave the palace, an eager, familiar voice came from behind him. Li Yun turned his head and found that the person who came was actually the man in black who was driving well.

Ma Kaijie!

"Why, you want to send me away?" Li Yun laughed teasingly. Unexpectedly, Ma Kaijie was still shy and nodded: "Yes, please let the younger one come and send Mr. Li Yun back."

As if feeling something was wrong, Ma Kaijie quickly said: "I, I have absolutely no idea about what happened just now. Your Excellency Li Yun did the right thing. Of course, the elders did the right thing, just, just..."

Seeing him hesitating, Li Yun teased: "It's just that you saw me scolding the **** Sakura countryman, so you admire me so much that you came out to send me?"

"Uh....."

Ma Kaijie was almost dumbfounded.

He has never seen Mr. Li Yun such an arrogant person, nor has he seen Mr. Li Yun such a...shameless person!

"It seems to be acquiescence, then let's go." Li Yun said casually, not caring about how this guy looked down on him before.

Ma Kaijie is just a small person, and it is quite rare to be able to express his inner dissatisfaction with Gong Changhua kneeling and licking the cherry blossoms with practical actions.

Li Yun's mentality became more and more open after gaining the suffocation, laughing and cursing, arrogant and unconstrained.

For example, the previous behavior of holding a teacup to meet the 'big guy' was made on a whim, and the effect was obvious. The success shocked the arrogant group of fools.

"Yes Yes!"

Ma Kaijie hurried to the parking lot to drive the Santana.

He didn't know why he came to send Mr. Li Yun, maybe he really admired what he did, maybe he just wanted to apologize, maybe... to give himself a good future!

"Let's go, go to the third ring of the capital, Shoujing Villa."

Li Yun sat in the passenger seat after getting in the car, slightly different from when he came.

"Okay, let's go."

Ma Kaijie started the car, feeling extremely nervous.

Compared with the past, he now knows the strength of Mr. Li Yun, and naturally he dare not treat it with a casual attitude!

"Ding, trigger the option event, please choose from the host:

Option 1: Call Gong Lianyi to file a complaint, and give Ma Kaijie a future by the way, reward justice value +100, experience value +100,000, white gift bag*1, extra reward: Lianyi's love +100.

Option 2: Do nothing, wait for the two golden flowers of the palace family to call and ask, no reward. "

The corner of Li Yun's mouth twitched. What is Lianyi's love +100? It's as if it can be full of favorability, just like the domineering value is useless.

He originally didn't want to call the two women. After all, it seemed to him to be a trivial matter. With his current status and strength, even if there is no relationship between the two women, what about giving a lesson to the palace family?

He just demolished the palace in Beijing, and the owner of the palace had to come over and apologize to him politely. He didn't dare to say a word of bullshit, let alone revenge.

It's not that Li Yun brags, he really has so much energy now!

Unless the palace family can reach Tianhe directly and change the minds of the seven elders, what can they do?

"Forget it, let's make a call and let them know in advance."

Li Yun made a decision and took out the phone and found the names of the two women joined together in the address book-after all, they both had the surname Gong.

Chapter 1678: Gong Qingyu's fiancée is looking for her

"Who should I call? Lianyi and Qingyu should be all at home now, in the cozy little living room on the third floor, with the TV on, but the two of them read books and draw pictures, and occasionally talk a few words."

Thinking of what Qingyu and Lianyi are likely to be doing now, a warm current surges in Li Yun's heart.

Like the 9 million emperor-exclusive duplex building in Longyang County, Gongjia No. 3 Mansion and Gong Qingyu's residence in French rent can also bring the warmth of home to Li Yun.

"It stands to reason that you should call someone, but after all, the other one is more mature and stable and won't be jealous, but... someone's jealous voice is also very good.

Li Yun smirked, and decisively chose to call... her.

"Hey, who are you?"

Li Yun called and was connected after the ringtone rang.

However, that familiar girl's voice was... full of indifference, so cold that it was so cold that all the men who returned late in the world had their legs weak, and they wanted to find a keyboard to kneel down!

"I'm Gong Qingyu's fiancé." Li Yun held back his smile, "Excuse me, please tell Lian Yi, just say that Gong Qingyu's fiance is looking for her!"

"Gong Qingyu's fiance~~~?"

The nice girl's indifference disappeared, and she was dragged for a long time because of doubts, "Which Gong Qingyu? Who is she? Where does her family live? It's not Gong Qingyu who lives in Mansion No. 3, right? Impossible~, My name is Gong Qingyu, why didn't I know that I had a fiance?"

"Tsk tusk, it seems that my fiancée's memory is a bit confused, there is no way, as her fiancé, I have to use love to influence her...Come on, my dear Yuer, come and kiss!"

"...You are dying!"

Throwing away the paintbrush, Gong Qingyu hurried to answer the phone and blushed on the spot, and was embarrassed by Li Yun's love words.

Although the **** called Aunt Lian, both Aunt Lian and her phone had a special call reminder for him, so when Gong Qingyu heard the special bell ringing, he knew it was the **** Li Yun.

Look, after the shower, she was blowing her hair, wearing a pure white pajamas, and showing her beautiful figure. After hearing the bell, she immediately threw down her make-up and dress, and went directly to the small living room. And looking forward to her.

"This villain... actually makes Aunt Lian care about her so much."

Gong Qingyu complained quietly in her heart, but in fact, she didn't really care about Li Yun...

"Li Yun~."

After chatting with Gong Qingyu for a while, Li Yun finally heard Lian Yin's unique soft voice.

Just like her appearance, Gong Lianyi's voice is usually graceful and dignified, but at certain times, such as when she is chatting closely with Li Yun, she will reveal her charming side, and her soft and charming voice makes people want to stop. After listening, the volcano will explode at any time.

"Ahem, Lianyi!"

Li Yun coughed dryly. How could Lianyi use this voice to lure him into committing a crime as soon as he came up. It was too foul, and he wanted to fly to Zhonghai City now and have a good chat with this gentle beauty all night.

"It's nice to hear your voice again..." Gong Lianyi was excited and murmured. She looked so charming just after the shower, so Gong Qingyu who was watching her was a little moved.

"Unfortunately, that bad guy can't see Lianyi now."

Gong Qingyu thought for a while, took out his phone and took a photo of the current Aunt Lian. He wanted to wait and chat with the bad guy, so that he could only look at him enviously, but couldn't kiss Aunt Lian!

"Hmph, keep you from going back to Zhonghai City!"

Looking at the various beautiful photos of Aunt Lian in the album, Gong Qingyu was quite proud.

Chapter 1679: Uncle Gongjia

"It didn't take long, I just called you the day before yesterday..."

Li Yun argued that, unfortunately, it is impossible to reason with a woman in love, even the knowledgeable, graceful and dignified Gong Lianyi is the same.

In the coquettish and soft voice, Li Yun's brain was confused and agreed to a series of unequal treaties between her and Gong Qingyu, including one phone call a day, reporting the itinerary at any time, and telling them which girl to go out with at any time. After playing, which beautiful woman I met again, etc.

After chatting for more than ten minutes, Ma Kaijie who was driving suffered severe physical and mental injuries!

"Gong Qingyu, Gong Lianyi?"

"Could it be that... these two girls surnamed palace are from our palace family?!"

"Gong Qingyu, Gong Qingyu... Wait, the daughter of the Patriarch, the daughter of our palace family... seems to have a nickname called Qing Guo Meiyu."

"Qingyu, Qingguomeiyu...No way!?"

Ma Kaijie shook his hand, and Santana almost hit the railing, causing the horns of the cars behind to scream.

"How could it be possible!"

He screamed in his heart, His Excellency Li Yun is actually the uncle of the palace family!

Ma Kaijie thought of a lot in an instant. It's no wonder that His Excellency Li Yun was willing to go to the palace with him before. It turned out that it was because of the face of the patron's daughter!

No, if your Excellency Li Yun is really the future uncle of the palace family, the affairs of the palace family are originally his business, and you don't need to look at any face or shame.

Thinking of this, Ma Kaijie can't wait to give himself a slap, he is so stupid!

"Drive well."

Seeing his restless look, Li Yun reminded him to concentrate.

"Are you in the car now?" Gong Lianyi asked curiously, "Do you want to stay in a hotel, or...?" Go to a girl's house!

"Ahem, don't talk about this first."

Li Yun quickly changed the subject: "I'm calling this time because I have something to tell you and Qingyu."

"what?"

Gong Lianyi glanced at Qingyu, and Li Yun was talking to the two of them at the same time. Could it be that?

"What's the matter?" Gong Qingyu asked more directly than his elders.

"I went to the palace house."

"what!?"

The two women showed surprise.

"Beijing Palace House."

".....cut!

Gong Qingyu yelled, "You bastard, you almost scared Aunt Lian!"

Going to the palace house and going to the palace house in the capital are completely two concepts.

In the old house of the palace, there are the parents and elders of the two daughters. If Li Yun went there, it would be no less than a small earthquake, causing the palace to shake up and down.

After all, the two golden flowers of the Gong family were picked off by him for fun.

"Li Yun, did you go to the palace in the capital...someone did something bad?" Gong Lianyi quickly guessed, after all, Li Yun is in the capital now, and because of his character, he doesn't take the initiative to cause something. Come, Gong Lianyi wouldn't believe it herself.

"How to say it, it's not bad, just warned a distinguished guest of the Xia Gong family."

"A... distinguished guest?"

The two women became more confused, Li Yun gave a chuckle, and said the whole story without adding any emotional language, only describing the matter itself.

"Uncle Qi is really getting better and better back!!"

After hearing this, Gong Qingyu directly chuckled her eyebrows upright, "Li Yun, I'll take care of this! Don't worry, as long as the master of the palace is still my father, I can't let the people of the palace become Those little people who can only flatter!"

The underlying meaning is that if it wasn't for the palace owner but her father, she wouldn't want to pay attention to these incidents at all, and let Li Yun fight as she pleases, and it would be better to uproot the palace!

It's rotten there anyway!

Chapter 1680: There is no pressure to fight four or five masters

Gong Qingyu's reprimand did not scare Li Yun, but rather scared Ma Kaijie, who was driving on the side. After all, the daughter of the Palace Patriarch's voice was so loud that even he had heard it.

"It's really the daughter of the Patriarch, the eldest lady with an IQ of 170 and an aloof personality, it's really her!"

"My God, my lord!"

Ma Kaijie was beyond shock.

He has heard that the eldest lady of their palace has shown excellent IQ since she was a child. It takes a few years for ordinary people to learn martial arts, and the lady can master it perfectly in just a few days, and can bring forth the new and even modify it. Many martial arts moves passed down by the palace family since thousands of years ago have formed a new genius!

Because of this, the Gong family gave her a house worth tens of billions as a gift for her innate breakthrough in her birth celebration, that is, three years ago.

It is said that the young lady's IQ is as high as 210+, which is exactly twice as high as the normal person!

—The IQ score is twice as high, but the talent is several times higher.

"Okay, leave this to you to handle." Li Yun said indifferently: "If you can't handle it, it's okay. I just let you know, lest you become too passive."

Gong Qingyu snorted and said nothing.

She feels ashamed, so ashamed!

The Juggernaut from the Sakura Country must also know the relationship between Li Yun and her, so he found the palace, and because of her and Lian Yi's reasons, Li Yun followed to the palace palace in the capital.

As a result, the **** over there came up with such a thing, which made Gong Qingyu, who had always been pursuing perfection, very ashamed.

"and many more."

Gong Lianyi stopped her, hesitated for a while, and then whispered: "Li Yun, Qingyu, this matter... involves several people in the later stage of the Innate Realm, Uncle Qi—that is, Gong Changhua, he and The elders have all made friends, after all, he is an important person on the side..."

Speaking of the latter, Gong Lian hesitated, but was afraid of Li Yun's misunderstanding, and quickly said: "I'm not saying that this is the case. Uncle Qi uses the relationship to check Li Yun's whereabouts, and ask Li Yun to go. The palace family, but did not fulfill the friendship of the landlord, these are all things he did wrong!"

Li Yun smiled, "Don't worry, speak slowly, I don't blame you."

".....Um."

Gong Lianyi was moved in his heart, took a breath, the uplifted mountains and ridges undulated a few times, calmed down, and continued: "I mean, we'd better come cautiously!"

"Auntie Lian, how cautious do you say?" Gong Qingyu asked directly, Li Yun was also waiting for her.

"Uh....."

Gong Lian hesitated for a while before asking cautiously: "Li Yun, what is your current strength...?"

She knew that Li Yun had been busy cultivating and improving his strength recently, including going to A Duo Mountain, even though he also took two confidantes to go with...

"How should I put it." Li Yun smiled, "Simply put, I don't have much pressure to play four or five Grandmaster levels at the same time!"

"Hi! My Cao!"

Ma Kaijie took a breath and shook his hand, and Santana shook violently again, frightening him to stop the car quickly.

Li Yun glanced at him, "Drive well!"

"Yes, yes, Master Li Yun!"

Ma Kaijie's tone became more respectful.

A grandmaster from the Sakura Country scared the palace family up and down to the point of being out of control, and tried his best to please.

But as a result, Master Li Yun said that he could fight four or five Grandmaster levels!

What is an international figure (tactical backward)?
