

Godly Choice 1701

Chapter 1701: Self-investment

"The captain asked me to ask Li Yun for your opinion." Wei Chao asked again in a low voice, while scanning the surroundings with his eyes, seeming to be chatting with Li Yun casually.

But he must understand that now that Li Yun has become the object of Yuwen's attention, he must have been exposed.

"Wait!"

After thinking for a while, Li Yun popped a word out of his mouth.

"Wait?"

"Correct."

Li Yun nodded slightly, "Wait for Yuwen's house, or wait for me. When the time is right, you will kill all the puppets outside and quickly evacuate the crowd."

Wei Chao frowned deeply and nodded slowly after a moment.

Now is not the time to do it. Yuwen's family is very enthusiastic up and down. Doing it now will only arouse their strenuous and brainless resistance.

It would be much easier to find a way to cool down this enthusiasm before doing it, so that they will become scared and restrained.

"Okay, I will contact the captain and tell him your decision!"

Wei Chao was very respectful to Li Yun's tone. He also knew that Li Yun was not invincible. He just mastered the power of magic like the practitioners of the Six Demon Gates, and the implementation of the specific plan still had to be done by them.

Fortunately, it is not invincible, otherwise the destruction of society by those magic practitioners is totally unpredictable!

"The prompt of the system is waiting for the opportunity, hope it is the right choice."

Seeing Wei Chao leaving, Li Yun thought silently in his heart.

"...Please tell me the Patriarch!"

The frenzied atmosphere faded slightly, and the host invited the Yuwen Family Patriarch out and looked at everyone on the stage again.

"Grandmaster Realm, God of Sky Fire!!"

Li Yun heard a voice from a river and lake man next to him whispered in a horrified tone, Tianhuo Shenjun is the name of Yuwen Fu's rivers and lakes. It used to be an exaggerated name, but it is more based on his identity as the head of the Yuwen family. , Gave him such a domineering name!

But after Yuwen Fu entered the realm of the Grandmaster, he called "God Sovereign", which is completely an extremely appropriate name.

Grandmaster Realm, be the name of a god!

"I am in pain."

The majestic Yuwen Fu didn't hold the microphone, but the deep voice was clearly transmitted to the ears of more than a thousand people present, making many people who were extremely scared, their faces paler.

This voice revealed a deep killing intent, as if Heavenly Fire God had already locked on a certain person present, and the next moment thunder would strike!

"My Yu'er, he was originally a young, clever and energetic age."

Yuwenfu's voice revealed a heavy sadness. He first told his son's short ten-year life, then praised his son's excellence in magnificent terms, and then looked forward to the future, hoping to take over as the head of the house.

"However, all this was ruined by a man named Li Yun!!!"

The voice is weak and ghostly, resentment is hard to dispel.

Standing on the high platform, Yuwen Fu looked at Li Yun with fierce eyes, revealing his murderous intentions!

All Yuwen's family members stared at him, clenching their swords, and desperately killing Yuwen's enemies on the spot at any time!

"hiss!"

The guests gasped. The young man who looked young and accompanied by two beautiful women was really the one who killed Yuwen Huayu!

Moreover, he dared to attend the funeral of Master Yuwen who was killed by him. He was too courageous!

"It's really...it's true, it's true!!!"

Someone muttered to himself in shock. He had heard other people rumors about this kind of thing before, and thought it was a joke. How can anyone be so stupid than a snare?

Chapter 1702: Or like a fart

But now Heavenly Fire God Lord personally recognizes it, it will never be wrong again!

For a time, Li Yun became the focus of more than a thousand people on the scene, and countless pairs of eyes looked at him in unison.

"Hmph, do you want to die?!"

Zhao Tianfeng glanced around indifferently, just about to get angry, and show the clutter a little bit of color, but Li Yun stopped her.

"Tianfeng, why bother with these people."

Li Yun smiled slightly, and said to everyone: "I wonder if you have ever heard a sentence, people are inherently dead, death is heavier than Mount Tai, or lighter than a feather."

Everyone nodded, as long as the people of Huang Xuan country have heard this very widely spread sentence!

Yuwenfu's eyes moved slightly, and the killing intent became more and more intense.

"But I personally think that there is one more sentence after this sentence:" Li Yun ignored the angry gazes on the high platform, with a smile on his face, said: "Or like a fart, nothing is gone for a while. , If you die, it will pollute this world!"

"Eat, eat~"

Hu Xiaomeng's face was flushed red, she wanted to laugh out loud, but this was really like that indecent gesture, so it was abruptly choked into laughter.

"Too vulgar!" Zhao Tianfeng rolled his eyes, but smiled on the corners of his mouth. The man she fancy—how to put it, laughed and cursed, and was full of courage!

The faces of the people around were weird. Not only did this young man kill Yuwen's family, he also dared to compare him to a fart, saying that he would kill if he was killed, but he found his hands dirty? !

Yuwen Family Patriarch can still bear it, that's really a Teenage Mutant Ninja Turtles!

But the other party really held back it!

"Little beast with sharp teeth, really **** it."

Yuwenfu's eyes seemed to be able to emit fire, and a hazy circle of fire radiated from his body, which made people think that he was dazzled. How could a person be able to shine?

The dim flame quickly dissipated, Yu Wenfu calmed down, scanned the audience with a pair of eyes, and shouted: "Listen to me!"

The sound made people's eardrums hurt, and the agents hiding in the dark were shocked.

This Yuwen family finally wants to show up!

Li Yun motioned to Hu Xiaomeng, who nodded quickly, and cautiously leaned over to stick behind him so that he could hide in the fairy mansion at any time.

"Everyone, come forward in order!"

Yuwenfu's indifferent eyes are like a hungry wolf in the night. Exuding a faint cold light: "From front to back, come up to worship my Yu'er! If there is resistance, just kill without mercy!"

The audience was shocked.

Even many of the guards of Yuwen's family were in a commotion. They used to be aimed at Li Yun, the enemy who killed Yuwen Huayu, but now the head of the family is targeting everyone here, or even the capital. !

You know, everyone present may represent a force behind it!

For example, Qingleigu, Shangguan family, Gong family, and many department leaders instructed them to come, and so on.

If it is true that if there is resistance and no mercy, Yuwen's family is no less than direct...rebellion!

"Patriarch...!"

The people of Yuwen's family were horrified and lost, and the eyes of Yuwen Fu who looked at the high platform were unbelievable.

"What are you afraid of!"

There were also Yuwen's children who went crazy, "Patriarch's Yandi Zhenjing has been cultivated to the thirteenth floor, and even if he has a chance of winning against the protector of the kingdom in the capital, even if he kills all the people here, the high officials of the court dare How about my Yuwen's family!?"

Hmph, a top powerhouse in the Grandmaster Realm, the Patriarch is far superior to other Grandmaster Realms, so why be afraid of those people! "

Chapter 1703: tough

"Haha, that's right!" A Deacon of the Yuwen Family of Innate Realm sneered: "The rise of any top family is bloody. Today's young master's funeral is an opportunity to use other families. Whoever dares to refuse, he will cut off his head. See who would dare to offend my Yuwen's family!"

Such remarks spread rapidly, and most of the Yuwen family's children and the guards and guards have greatly increased their confidence. They believe that the Yuwen family has been unparalleled in the world, and can be domineering in Huangxuan from now on, unstoppable!

"It's crazy!"

Zhao Tianfeng said in a low voice, Sha Nian was as strong as her, and felt a little frightened in front of the frenetic and restless atmosphere of Yuwen's house.

"Power drives people crazy. These people are just pawns that can be discarded at any time."

Li Yun looked at Yuwen Fu on the high platform. As the head of the Yuwen family, would he not know the actions of the government and Li Yun? But he still insisted on making Yuwen's family go up and down according to his wishes, which shows that Yuwen Fu doesn't care about the casualties of these people at all.

Perhaps he consciously entered the realm of a cultivator, and he, who lived with Tianqi, no longer cares about the life and death of ordinary mortals.

"Choose!"

Yuwen Fu stood on the high platform, the strong wind blew his clothes and hunting, and looked down ruthlessly at the people underneath: "I want to come up to worship my Yuer, or be killed here and become Yuer's funeral. Taste!"

Needle dropping in the martial arts field can be heard.

"Very well, it seems that you are all willing to come and worship my son!"

Yuwenfu nodded very satisfied, and reached out his hand to point to the front of the crowd at random: "From here, step forward to burn incense and kowtow to my son! The ceremony must be done, otherwise the funeral will be killed directly!"

Damn you!

Everyone was scolding their mother in their hearts, scolding the 18th generation of Yuwen family ancestors all over!

Li Yun thought of one thing. No wonder Yuwenfu had endured it before. It turned out that he didn't want to fight him early, so as not to ruin the funeral ceremony.

It's a pity that Li Yun is going to destroy it!

"Old Yuwen...Dog."

"Your Excellency Yuwen!!"

Just as Li Yun was about to stand out, a man with an unfamiliar Chinese accent stepped forward.

Not surprisingly, it was Tokugawa Ryuusi whom Li Yun had met before.

"What is this guy... doing?"

Li Yun was stunned. When he looked over, he found that Gong Changhua's face behind him had turned pale green. Don't even think about it or know that he was regretting why he had come to this **** funeral. Now he is in danger. , Yuwen's house is all crazy!

Yuwen Fu looked at Tokugawa Ryusheng indifferently, his lips closed tightly without saying a word, but everyone could see the killing intent.

Interrupting his son's funeral ceremony is only a death penalty!

"In Shimotokugawa Ryuu, Sakura Kuni Shinobu."

Tokugawa Ryuusu continued to report his origins in unfamiliar Chinese. In fact, there are several ways to divide martial artists in Sakura Country. One is the Ninja World, Xia Nin, Zhong Nin, Shang Nin, etc., respectively corresponding to the acquired and congenital. , Grandmaster realm, there is another kind of samurai, great samurai, and generals of the barbarians.

It's just that the ninja world is the most famous way of addressing people, so Ryuu Tokugawa called himself Shangnin.

"Sakura country? Ha ha."

Yuwenfu sneered twice, "A small country, even if it is a small country, it is only the weakest grandmaster. It's just a laugh!"

Gong Changhua's face was blue and purple, and the Grandmaster Realm that Yuwen Fu looked down upon, for him, had to serve him as if he were the Emperor.

"So shameless!"

The crisp little girl's voice sounded, and many people watched it.

Chapter 1704: Tozhao Sword Saint

The cute and soft little girl, Hu Xiaomeng, wrinkled her small nose, raised her head contemptuously and said to Yu Wenfu: "You only used the strength of others to break through to the Grandmaster Realm. Now what do you say to look down on the Grandmaster! I think you, as the head of the Yuwen family, are the funniest joke in the world!"

The little girl's voice was soft and waxy, just like the innocent child who broke the king's new clothes in a fairy tale, directly causing Yuwen Fu to jump into thunder!

"Little girl is looking for death!"

The reason why Yuwen Fu was so angry was because Hu Xiaomeng's words completely pierced his pain!

Yuwenfu reached innate consummation when he was less than thirty years old, but he has not moved forward for the next thirty years. If he had not become the head of the Yuwen family and firmly controlled it, he would have been taken by the people of the rivers and lakes. The family members laughed!

Therefore, Hu Xiaomeng's words directly caused Yuwen Fu's blue veins on his forehead to burst into anger, and he screamed: "Today I will teach Hu Weilai a lesson for you, stinky girl who has no tutor!"

He said, flipping his hand, and a huge flaming red palm shadow appeared out of thin air. The sky was filled with fiery radiance in an instant, and the sky seemed to be filled with flames, giving people an extremely sultry and hot feeling.

"what is this!?"

The people in the audience suddenly breathed, and looked at the huge flame palm that suddenly appeared in the sky with horror. The palm is more than ten meters long and red, emitting amazing heat, like a mountain rumbling down. !

"Wow, Brother Yun, save me~~"

Hu Xiaomeng naturally knew that he couldn't stop this palm. After cursing Yuwen Fu happily, he hid behind Li Yun long ago, looking at the giant palm of flames in the sky with big eyes in surprise and a trace of awe.

Awe is the respect for the strength of the Grandmaster Realm. If you say fear, there is no!

She has not been the ignorant little girl half a month ago. For her who has seen Li Yun's various magic methods, the scene before her is not even an appetizer.

"Yuwenfu, as the head of the Yuwen family, you are really shameless when you shoot a little girl."

Li Yun relentlessly sneered, as the golden dragon sword in his hand was about to be swung out, suddenly a blade of light shot into the sky.

This dazzling knife light flashed past, pierced the giant flame palm, and then gently turned it, slicing the giant hand into countless flames in mid-air like cutting melons and vegetables, and dissipated in the void in the air.

"Chang!"

The people were shocked, until the light of the sword also dissipated in the sky, they heard the sharp metal sound of the sword unsheathed, the continuous sound, which was enough to prove how fast the sword should be!

How sharp is it again!

"who is it!?"

This kind of question flashed in everyone's mind. They all turned their heads and looked in the direction of the light of the sword. What they saw was a short man with a small beard and a sakura kimono with a body of less than 165.

Sakura country!

Shinobu!

Tokugawa Ryukyu!

"Dongzhao Sword Saint, worthy of Dongzhao Sword Saint!!!"

The agitated Gong Changhua directly cheered loudly, and let everyone know the name of this short, majestic man like a mountain crawling on the ground.

Dongzhao Juggernaut!

Although most people don't know what the so-called Dongzhao means, but based on the word Sword Saint, plus the stunning and stunning knife just now, he is enough to be the name of Sword Saint!

"Sakura Country... actually has a Grandmaster Realm!"

Chapter 1705: Bai Fumi again

Many people from the rivers and lakes who didn't understand the situation of foreign warriors all looked at Tokugawa Ryukyu with complicated expressions.

They are closed in Huang Xuan, and they don't know much about foreign countries, but it does not prevent them from being proud of the world. They think that foreigners do not know the strange meridians and the eight meridians, do not understand the yin and yang and the five elements, and cannot develop zhenqi, and they certainly do not have a master state. The peerless powerhouse!

But in fact, the Sakura Kingdom not only has the realm of masters, but also the realm of swordsmanship is not low!

Regardless of whether it is called Zhenqi or Chakra vindictiveness, the cherry blossom country and even the martial arts circles of other foreign countries are not inferior to Huang Xuan's domestic arena!

After thinking of this, all the people in the arena felt hot on their faces.

"Sakura Country, Dongzhao Sword Saint... Okay, very good!"

On the high platform, Yuwen Fu's eyes became more and more intense, and he stared coldly at Tokugawa Ryukyu: "Unexpectedly, you all colluded with the people of the Sakura Country. It

happened that after I broke through the realm of the master, I felt that the world warrior was already unbearable. With one blow, let's use you to test the power of my "Yan Emperor True Art!"

Yandi's true secret? Is it an evolutionary version of Yandi Zhenjing?

Li Yun smiled faintly. If this Yuwen Fu had deduced the exercises to a higher level by himself, then he would not have reached the realm of masters at this age!

Hu Xiaomeng spit out his little tongue at him, "You bad guy can be figured out. I just scolded you not to maintain that moustache, but to dislike your Yuwen family's arrogant style, huh~!"

Yuwenfu's expression turned cold again. He was a grandmaster, but was humiliated twice by a little girl. The Hu family really **** it, and taught this kind of uncultivated stinky girl!

"Your Excellency Li Yun."

Ignoring Yu Wenfu's words, Tokugawa Ryuusu turned his head to look at Li Yun, and said in a calm tone: "I will block your enemy for you. You leave here as soon as possible. In return, you promised to go to Sakura Country with me as a guest, how about?"

Fearing that Li Yun would not agree yet, Tokugawa Ryukyu said again: "Don't worry, I guarantee in the name of General Seiyi that you will go to the Sakura Congress without incident and will not encounter any danger!

safe and sound.....

The corners of Li Yun's mouth twitched. This term was used...so that he would encounter many enemies and encounter unexpected things.

"Ding, trigger the option event, please choose from the host:

Option 1: Quickly agree to the invitation of Tosho Juggernaut, and go to the cherry blossom country to enjoy the cherry blossoms tomorrow. Reward: experience value + 5 million, all attributes + 5000, colorful gift bag*1, additional reward: Ise Jinzakura favorability + 65.

Option 2: Yes, but you have to wait for a while, reward purple gift bag *3, Ise Jinzakura favorability +20.

Choice three: sneer rejection, reward: experience value + 1 million, all attributes + 500, extra reward: offend a grandmaster realm, and Ise Shenzakura's favorability degree is -30.

Choice 4: Laugh without speaking, take the opportunity to mess up, reward: experience value + 2 million, all attributes + 1000, blue gift bag*5. "

Ise Jinzakura? !

Seeing the name of this girl who seemed to have a lot of background, Li Yun thought of the Bai Fumi that the system had prompted before, and it seemed to refer to this Ise Kamakura.

And depending on the situation, this Ise Kamizura is still a princess.

Ise? Something is wrong, what is the name of the emperor of Sakura Country?

Li Yun has no interest in understanding this. Although he knows the names of many emperors of the Sakura Kingdom, he really doesn't know what the royal family names are.

"How did your Excellency Li Yun think about it?"

Seeing that he only smiled without answering, Tokugawa Ryuu asked, his tone already a little impatient.

Chapter 1706: escape

He is a forbearer person who calls the wind and rain in Sakura, such as the boss behind the two major organizations of the Sakura Country Yamaguchi Group and the Murata Group. He condescended himself to perform the task of Lord Miko and came to Huang Xuanguo, only to see a young man.

But now it has been repeatedly rejected by Li Yun, and the clay figurines are still three-point anger, let alone a grandmaster!

Li Yun: Smile without saying a word.

He wanted to say that, but considering that the little devil was about to go violently, he quickly pointed to the one at Gaotaishan: "Tokugawa Ryuu, I advise you to solve the above one first, so as not to suffer."

On the stage, Yuwen Fu's anger had already burned half of the sky. After being ignored for a long time, he couldn't control it anymore. He raised his hand and lifted the sword on the table in the air. Tokugawa Ryukyu underneath is a sword!

"Boom!"

The heat wave was rolling, and the sword wielded from the Grandmaster Realm inspired thousands of fiery red sword shadows, violently and violently falling towards the bottom.

"Go!" Li Yun grabbed Hu Xiaomeng and shouted to Zhao Tianfeng, and the three of them immediately moved away.

Zhao Shu, the bodyguard of the two women, and the other late congenital stage were not vegetarians, and followed them to avoid.

Facing the Grandmaster Realm, their role as bodyguards is minimal. If there is no Li Yun blocking in front, they can't even block the Grandmaster Realm for three seconds. At most one move, they will be shocked to death by the Grandmaster Realm!

"Your Excellency Li Yun, remember your promise!"

After saying this, Ryuu Tokugawa looked at the sword energy that was pressed down, his face was cold, his right hand gripped the hilt of the knife, and he said, "Mr. Yuwen, offended!"

While speaking, his right hand moved faintly. In the eyes of outsiders, the scabbard he was holding did not go out at all, only a slight tremor.

But the sharp and incomparable blade light had already faced the suppressed fiery red sword light from bottom to top, and the two collided fiercely, bursting out a dazzling light in an instant.

"Ding Ding...Dangdang..."

The sky was full of glory, the sound of countless gold and iron collisions joined together, and the sword air and sword air rushed out frantically, and fell into the martial arts arena, and the hard slate floor was about to cut a series of holes.

The situation became a mess in an instant, and the battle between the two masters was really scary. Only the first collision had tore a small half of the martial arts field to pieces!

"What are you doing in a daze?!"

Li Yun turned his head and shouted at the group of stunned guests and guards: "A battle in the Grandmaster Realm, you ordinary people don't run fast!? Quick, all people below the Late Innate Realm run out of Yuwen's range, otherwise, Grandmaster The aftermath of the battle in the realm will kill you all! Hurry, run, and act!"

what! ?

Everyone came back to their senses, and when Li Yun said that they couldn't hold the aftermath of the Grandmaster stage battle at the later stage of the innate, they were so scared that they turned their heads and ran.

"I'm Cao, don't push me!"

"Run ahead of your mother!"

"Grandmaster Realm...really terrible!"

"Don't go, you guys will stop for me! Patriarch didn't give orders before..."

"Silly! Die to Lao Tzu! You can stay and wait for death before you **** run!"

"Oh, mom, help me~~! Run!"

The scene was chaotic, and more than a thousand people rushed out in black. The guards originally wanted to stop them, but they were shocked when they heard Li Yun's shout, and then they were swept away by the crowd.

Some hard-hearted guards wanted to kill people to stop those who fled, but Wei Chao and his teammates had already taken action.

Chapter 1707: Grandmaster Realm Battle (Part 1)

"Boom!"

The harsh gunfire sounded, and the bullets shot the Yuwen's home guardian who tried to block in the chaotic situation with incomparable precision, but this also made the scene more and more out of control, and everyone rushed out like crazy.

Compared to bullets, they are more afraid of the two monsters fighting on the martial arts field!

Everyone knows that the Grandmaster Realm is terrible, but everyone did not expect that the Grandmaster Realm would be so scary!

Staying at Yuwen's house will really die!

"Want to go? Give me all the dead!"

With one move, Emperor Yan forced the retreat of Ryusheng Dechuan, Yuwen Fu indifferently raised the sword in his hand to the people who fled from a hundred meters away, without any hesitation, directly swung it down!

"Roar!"

The flaming sword light was like a flaming dragon, leaping out of the mountain stream, roaring towards the frightened crowd, fiercely opening its fangs and biting it down.

"No, don't!"

"Help, help! Oh, I don't want to die here!"

"Run away... The Grandmaster Realm is too, it's terrible!"

Everyone was so frightened, just when they thought they were going to be torn to pieces by this red sword light, a tall and straight figure suddenly came to everyone and blocked the sword light.

"One, Yang, punch!"

when! !

The dull impact sounded, and the air wave burst out.

Everyone was shocked to see that the young man who had killed the young master of Yuwen's family punched forward with his fist, blasting the sword qi from the Grandmaster Realm with his fist!

Even behind him, there are two beautiful women, one big and one small, looking at him admiringly.

In other words, this young man put his arms around the two beauties with a relaxed and freehand gesture, and at the same time he easily punched, stopping the attack of the Grandmaster Realm!

"hiss!"

Some people from the rivers and lakes looked at him coldly, their eyes full of awe.

Although this Grandmaster Realm attack has declined a lot due to distance, it still has Innate Realm Consummation and even stronger attack power!

It can be seen that this young man named Li Yun is at least in the congenital state of Consummation, and he is of the stronger type in the congenital state of Consummation!

After all, he really blocked a Grandmaster Realm attack!

"The little beast is bad for me, good deed, **** it!"

Yuwen Fu yelled violently, and was about to step forward to kill Li Yun. Ryu Tokugawa's sword-drawing skills were once again cut.

"Damn the kid too!"

Yuwen Fu became more and more violent, this little devil's strength was average, but the speed of his sword had reached the extreme level, even in the category of Grandmaster Realm, the speed of this little devil's sword aura was amazing.

Worthy of being a sword saint Dongzhao.

"Hmph, if I didn't break through to the thirteenth floor of the Yan Emperor's True Scriptures, I really can't help you!"

Yuwenfu sneered, "Wait for me to kill you first, then kill that kid! Give me death!"

The two were fighting together again, Li Yun ignored them, turned his head and shouted at the group of people, letting them run quickly-at the same time, let Shangguanming quickly evacuate the crowd.

"Li Yun."

Zhao Tianfeng stretched out his slender right hand to him, looked at the Yuwen guards who had been washed away, and whispered, "Give it to me."

The tone was indifferent, but his eyes showed a strong killing intent!

The killing thought that had been suppressed in her heart was almost out of control!

"Tianfeng!" Li Yun paused before taking out two crescent-shaped weapons and handing them to her.

This is Zhao Tianfeng's exclusive weapon, comparable to the best magic weapon, golden quality equipment: Crescent Double Blade!

"I know."

Zhao Tianfeng smiled slightly, but his smile seemed to smell of ***** killing, even sticking out his tongue and licking his red lips: "Don't worry, I...I will try to kill as little as possible...!"

The voice trembled, revealing deep excitement!

Chapter 1708: Grandmaster Realm Battle (Part 2)

"Wait for Sister Fengfeng!" Hu Xiaomeng took out her fox demon claws from her pocket, put it on her hand, squeezed it with her ten fingers, and said with a smile: "I will also go with Sister Fengfeng, um, I I won't go back to Brother Yun's place!"

There, it refers to the Lotus Immortal Mansion, don't think about it!

"Xiaomeng, you!" Zhao Tianfeng and Li Yun both looked at her in surprise, and Hu Xiaomeng said seriously: "I also want to help with something. My Hu Xiaomeng is not the kind of vase that only sells cuteness. ~"

Li Yun wanted to say, of course you are not, you have many tricks of ghosts, of course, just thinking about it in your heart, but said in his mouth: "It's okay, you can follow your sister Fengfeng and supervise her, so that she won't be able to control her. Live in chaos and kill people!"

Zhao Tianfeng glanced at him and did not speak after humming.

"Hehe, ok~, let's go, Brother Yun, be careful!"

"You are also careful, and when you are in danger, use the pill that I give you, don't save it."

Seeing them leaving together, Li Yun sighed in his heart. In fact, he never meant to restrict the free development of his confidantes. Before, he deliberately took Hu Xiaomeng to the volcano to make her grow better. Now Naturally, Li Yun would not object to the two women wanting to be alone.

The vase is good. For example, the little princess of Yongning only eats and sleeps, being a sleeping beauty in the golden house.

But at the same time of being beautiful, she has her own career and became a pivotal female superwoman. Of course, this kind of beauty Li Yun also likes.

"Uh, what am I thinking about!"

Li Yun gave a wry smile, turned his head to look at the battle between the two masters.

There were only three people left in the martial arts arena, no, four people to be exact. The old monk sat cross-legged outside, closed his eyes and meditated, his lips moved slightly as if he was chanting Buddhist scriptures, and his eyes were intense enough to penetrate the clouds. Turn a blind eye to the battle of Cracked Stone.

"This is always suitable... Is it the Venerable Returning to Void Realm?"

Li Yun frowned slightly. The word Dari comes from Buddhism. It is the Dari Tathagata Buddha among the Five Buddhas. The literal meaning of "Dari" can be expressed as: everywhere, light shines everywhere.

Venerable is a respectful name for others, and there is a specific position in the six magic gates called Venerable.

But in Buddhism, the Buddha is called the Blessed One, the Blessed One, which is a very high title.

In other words, it is possible that Dainichi is a title derived from Buddhism, rather than a title from the six demon gates.

"Anyway, this old monk can't be underestimated, there is a high probability of returning to the virtual world!"

Li Yun observed the old monk silently and found that the aftermath of the battle between the two masters, sword aura, sword aura, gravel, dust, etc., everything that came close to him was blocked by... the body of the old monk.

It's true that Venerable Dahi didn't make any moves at all, and he didn't lay down any defensive formations. He let the wind and rain blow a knife and axe. He stayed still, like a small island in a storm, seeming to be in the wind and rain. Floating in the middle, but firmly fixed in the rough sea, facing all the storms calmly!

"Uh!"

The corner of Li Yun's mouth twitched. This old monk should say that he...deserves to be of Buddhist origin. The things he does have some Buddhist meanings in it, but Li Yun can't tell what it means, just feel that there is a strong feeling. Pretend to mean it!

Yes, as soon as he was born, he chanted and chanted: "Heaven is the only one in the world, I am the only one in the world, and I am the best person in the world."

This one is Shakyamuni Tathagata, the real master of pretense!

Chapter 1709: Review name

Of course, Li Yun also knows that the "I" in the egoism actually refers to sentient beings. This sentence that seems to be forced to the sky actually refers to the innocent Buddha nature of all sentient beings.

But this still does not prevent the words of Sakyamuni Tathagata from becoming a synonym for fullness, and countless people in later generations follow suit, and each time they can surprise a large group of Xiaobai.

"Venerable Dahi... isn't this name nonsense?"

When Li Yun recalled this nickname now, he felt that the old monk was even more weird.

Da Ri is a Buddha of five directions. You are a little monk who is not even an Arhat. He has not been able to transcend reincarnation, and he has not reborn in bliss, let alone the five senses of purity. The Dharma regenerates itself. Lord?

"I thought I was more arrogant in front of the enemy, but compared to this old monk, I'm just a well-behaved kid!"

While Li Yun sighed, he focused his eyes on the two fiercely fighting people in the field.

One of them is using extremely fast swordsmanship, and every blow is moving like lightning. The huge martial arts field is similar to a small room at his speed, and he can kill from one end to the other in an instant.

From the eyes of ordinary people, you can only see silver-white sword lights flashing back and forth in the dust. Accompanied by the deep chill, the entire battlefield is enveloped by his extremely swift sword aura!

"Dongzhaosword Saint! The title is okay, quite satisfactory."

Li Yun, who was watching the battle, nodded slightly. The word Toshosword comes from Toshogusword Shrine in the Sakura Country. It is a shrine, but the shrine is not a god, but Tokugawa Ieyasu, a very famous general of the Tokugawa family hundreds of years ago. After his death, he built a shrine in which his bones were stored, called Toshogusword Shrine.

"The cherry blossom country is known as eight million gods, but all kinds of messy things can be called gods, and they are not counted."

Li Yun watched the battle silently, taking advantage of his free time to recall the knowledge the system had given him. Sometimes these gods were quite useful.

"The other one, Heavenly Fire God, hehe, this name is completely nonsense!"

Seeing Yu Wenfu who was shrouded in fire and fighting Tokugawa Ryukyu, a trace of contempt flashed in Li Yun's eyes.

Yuwen Fu is just the head of a family, where does his face call himself a god? Does he think he is an emperor?

As for Skyfire, it is even more nonsense. His small flames dare to call themselves Skyfire? !

Earthfire Master·Volcanic Magma Stalker·Flame Devil·Li Yun expressed dissatisfaction!

"Damn boy!"

Yuwen Fu, who was fighting with Tokugawa Ryukyu, had anger in his eyes. He had been paying attention to Li Yun. After seeing this kid with disdainful eyes watching him fight with another Grandmaster Realm, he was directly furious.

"A mere congenital realm, dare to despise my God of Fire God!"

Yuwen Fu's eyes were cold, and a manic thought flashed in his mind: kill! Kill everyone! Let this be turned into ruins, and let the world know that God of Fire God is not a person who has lost his reputation!

"I'm in the realm of a grandmaster now, surpassing my ancestors, and creating my own technique, Yandi True Art. Who else in the world dares to look down upon me!?"

Yuwen Fu suddenly shouted, making Tokugawa Ryukyu and Li Yun feel very surprised, what did this guy suddenly shout?

"kill!"

Yuwen Fu, who was suspended in the air, was crazy, and a powerful true essence gushed out of his body, which turned into a raging flame in a blink of an eye. The surrounding wind was strong, and the air was burnt and twisted.

After becoming the Grandmaster Realm, the true energy is transformed into true energy, forming a true energy shield, which can describe the outside world, and can initially use true energy to simulate the natural forces of wind, rain, thunder and lightning.

Chapter 1710: The world is ignorant and obsessed

The Yandi Zhenjing of Yuwen's town clan martial arts was originally a technique with extremely strong yang attributes. After Yuwenfu became a master, the true essence in his body became extremely hot. In addition, he had the help of mysterious people, which led to his whole body now. People are just like when Li Yun just jumped out of the flame magma, he turned into a flame monster four to five meters high!

"Yuwen's house!"

Ryuu Tokugawa shook his hand with the samurai sword, a trace of surprise flashed in his eyes.

He originally wanted to rely on himself to be a grandmaster for many years, and his body is full of true essence, to crush the new grandmaster of Huang Xuanguo, so as to show the strength of Sakura Kuni, Shinobu, and to promote the style of the samurai world of the Grand Sakura country; Sell a favor to Li Yun, and ask him to agree to go to Sakura Country to see Lord Miko.

Thinking about it, he took the initiative to sell favors at a master level, and Li Yun would never refuse to see his true strength again.

But the development of the matter is contrary to his pre-thinking!

Huang Xuanguo's newly promoted grandmaster's strength is terrifying. Not only is his true essence strong, but within a few days of his newly promoted grandmaster realm, he actually mastered all the skills of fighting in the grandmaster realm. Even if he flies in the sky, there is no jerky meaning. .

"How can a newly promoted Shangren fight with another Shangren so proficiently? And still in the air, this is a very unfamiliar realm to ordinary people!"

Tokugawa Ryu thought that when he became a Shinobu, let alone fighting in mid-air, he had to be careful even in flight to avoid falling.

Although it is said that you can't die, you can't avoid being ashamed, and you have lost the face of Shang Ren!

"The only possibility..." Tokugawa Ryuushen held the katana in both hands, and looked at Yuwen Fu with indifference and disdain: "Huang Xuan countryman is really cunning! This person must have broken through a long time ago, but has not announced until now. Come out! How cunning!"

Yuwen Fu didn't notice the look in his eyes. His reason was disappearing bit by bit. He was agitated by the manic killing intent, and that idea has been lingering in his mind:

He wants to prove his power and prove that the **** of fire in the Yuwen family is not in vain!

"kill!!"

Little by little reason disappears, but strength is rising little by little!

Li Yun's brows jumped, he thought of a very bad thing, and subconsciously turned his head to look at Venerable Da Ri, and found that the old monk had also opened his eyes and looked at Yuwen, who was glowing orange in the sky. Fu.

Seeing Li Yun look over, the old monk compassionately declared a Buddha's name, shook his head and said: "The world is stupid and obsessed with too deep, only the Dharma can save them from the sea of suffering."

After speaking, he closed his eyes and meditated, ignoring outside affairs at all.

"This old guy...!"

The corner of Li Yun's mouth twitched, and the Buddha's costume was forced to have a set. Opening his mouth means putting down the butcher knife, closing his mouth means all beings are equal, and giving you a Buddha bowl with backhand, saying that you have to press under the Leifeng Pagoda to copy scriptures and recite Buddha.

"boom!"

The flames were in the air, Yuwen Fu's hair was flying, and he was surrounded by flames. The long sword in his hand turned into a flame giant, and his mouth made a low sound of lotus, making the people who saw this scene in the distance retreat and retreat in shock.

The battle in the Grandmaster Realm is far more terrifying than Li Yun said before!

At this time, the system prompt sounded.

"Ding, the host made a choice, laughed without saying a word, took the opportunity to do something, reward: experience value + 2 million, all attributes + 1000, blue gift bag * 5."

"Ding, the host made a choice, waited for the opportunity, and waited for Xia Ming to evacuate the crowd, reward justice worth 10,000, white gift bag *5."
