

Godly Choice 171

Chapter 171: Ding, women's clothing skills

Zhou Tianyong is just a little pawn. He will do whatever the sect tells him to do. Even Elder Shen doesn't know what the spirit stick does—he is just an outer elder, with a cultivation base in the acquired realm.

Li Yun only vaguely guessed that the spirit sucking stick was used to absorb the resentment, spirit, yin, and death of the people around him. It was very evil.

And the casino is the place where people's greed, hatred, idiots and other thoughts are most prosperous, so the elders of Feihumen put this spirit sucking stick here!

"Ding, the host has made a choice, rewards (justice value +300, experience +50,000, all attributes +500, rewards random master skills: driving proficiency.)

With a total attribute reward of 500, Li Yun's strength and agility officially exceeded 4,000 points, and his master-level driving proficiency includes almost all the driving skills of vehicles, ships and airplanes.

Except for not knowing how to drive fighter jets, rockets, and nuclear submarines, Li Yun can say that he has learned all the driving of any vehicle in the world!

"It seems I can't ask anything." Guo Xun looked at Li Yun regretfully, "Boss, what to do with him next?"

Zhou Tianyong was startled, and he knelt down and begged for mercy, saying that these things were ordered by Feihumen, and he had no choice but to do it!

"Huh!" Xia Feiyao pursed her mouth, "You have to poison me too? You villain, you are really bad from the inside out!"

Li Yun hesitated.

"Ding, trigger the option event, please choose from the host:

Option 1: Kill Zhou Tian, reward justice value +100, experience value +5000, random gift bag*3.

Option 2: Let it go, reward justice value +1, experience value +1000, reward skill: Our Lady's Heart.

Choice 3: Hand it over to your subordinates, reward justice value +30, experience value +2000, random green gift bag*3, a random skill, and Guo Xun's loyalty will be slightly increased. "

There are also select events here?

The system regards killing Zhou Tianyong as an act that can increase justice, which surprised Li Yun.

But think about it, killing evil and doing justice will naturally increase the value of justice!

"Guo Xun." Li Yun said: "It's up to you to deal with it, either kill or stay!"

What he values is random skill, this kind of reward is rare.

"Ding, the host made a choice, and the reward (justice value +30, experience value +2000, random green gift bag*3, random skill: women's skill) has been issued!"

Li Yun: "..."

God what women's clothing skills!

Sure enough, there is no good product at random!

"Okay!" Guo Xun nodded and stretched out his hand to lift Zhou Tianyong. The latter did not have the ability to resist at all in his hands. "I will detain him for a period of time. After I have confirmed that the information is correct, I will see if he should be released. ."

Guo Xun was afraid that the boss's girlfriend would not accept the murder. The boss's girlfriend looked very young, although her ***** were not too small.

"Where do you want to detain him?"

"Just find any place, don't worry, boss, I will arrange it!" Guo Xun was very confident.

"All right, I'll give you another 100,000, lest you don't have enough funds for your activities."

Guo Xun did not reject Li Yun's kindness. He accepted the transfer and said: "Boss, I plan to find out about the spirit stick. As for the safety of your family, I would like to invite some friends I knew before. ,how do you feel?"

The friends I met before are also mercenaries?

Chapter 172: Can't beat you

Li Yun thought about it, and then agreed. Guo Xun seemed to be very concerned about this matter.

"Be careful when you go to inquire!"

"Hey, boss, don't worry, a few friends and I are all professionally doing this. I followed you before, didn't I get caught?"

Guo Xun winked at him, smiled, and left with Zhou Tianyong.

He is really concerned about the spirit stick, and plans to invite a few friends to help with the investigation. I believe they will be interested.

With Li Yun's small recovery pill to heal part of the meridians, Guo Xun has a strong sense of anticipation for the future, and he believes that Li Yun can completely heal him!

As long as he recovers, these people in Feihumen are nothing more than clowns, even if they are Lie Demonmen, Guo Xun will take care of him!

After he left, Xia Feiyao asked curiously: "Husband, who is he? I feel pretty awesome~"

"Not better than you, my heroic girl."

Li Yun smiled and scratched Xia Feiyao's nose, always thinking that her immature appearance was very cute.

And he found one thing.

Xia Feiyao used an ordinary girl's voice when there were outsiders, but when she was alone with him, her voice became a little milky voice, soft and waxy, very cute!

Xiao Nai Yin is the real voice of Xia Feiyao. It is estimated that she does not want to be heard by others, so she deliberately pretended to be mature.

Xia Feiyao's face flushed, did not resist Li Yun's intimacy, lowered her head shyly and said, "Husband, husband, who are you? I want to know more about my husband..."

Li Yun's heart sank, and he still had to face such things.

"Yaoyao, listen to me."

"Well, I'm listening, husband~"

"Actually, I already have a girlfriend!"

Xia Feiyao's gentle smile froze immediately, her eyes dimmed, and her voice said bitterly: "Husband, I, I..."

"Of course!" Li Yun held her hands, lowered his head to meet her eyes, and said in a gentle tone: "Yaoyao, as long as you treat me as your husband, then I will always be your husband! You! The status in my mind will never be lower than other girls. I will treat you equally and give you the same love. I hope you can understand, okay?"

Being held by Li Yun's little hand, he smelled the masculine scent of his husband again in his nose, and the husband said this in a sincere tone.

Xia Feiyao only felt a rush of blood gushing out of her chest, and tears filled her big eyes. She couldn't help but threw herself into her husband's arms with excitement, and said in tears:

"Woo, husband, I know! Even if the husband has other wives, I will not leave you, and I will be with you for the rest of my life~"

Li Yun himself was surprised that things went so smoothly. Could it be that his sweet words played a role?

Or should Xia Feiyao have a deep-rooted affection for him after 100 points of favorability, so she agreed?

But no matter what kind, Li Yun only felt that he owed Xia Feiyao, Fang Xue, and Li Feng very much.

He vowed that he must be good to them in the future!

"Husband." Xia Feiyao blushed and left Li Yun's embrace, looking at him with longing eyes, "I want to talk more with my husband. We are all together tonight, okay?"

Are you all together tonight?

Li Yun was tickled by this sentence. If he didn't know that Xia Feiyao's personality was innocent and pure, he would have thought it was his good wife who took the initiative to seduce him!

Chapter 173: The origin of Xia Feiyao

Li Yun asked, "What about your senior sisters and brothers?"

Xia Feiyao took out a cell phone and whispered: "I texted the senior sister, saying that I am safe now and will meet again tomorrow morning."

Li Yun laughed dumbly. Xia Feiyao was wearing an apricot dress and holding a sword in her palm. The Xia Feiyao who subconsciously made him was a very closed family of rivers and lakes. He didn't expect to use a mobile phone.

After obtaining the consent of the senior sister, Xia Feiyao happily took Li Yun's arm and said happily: "Husband, let's go to the hotel to open a room!"

Li Yun: "..."

My good wife, do you know that there are other meanings of the word "opening a house"!

Li Yun didn't refuse, and of course he didn't have any thoughts in his heart. After all, Xia Feiyao had only met him the first day. If Li Yun had eaten her tonight, he would be too sorry for her.

It was just that Xia Feiyao hugged her arm intimately, which made Li Yun pain and happy.

The reason is very simple. As mentioned earlier, Xia Feiyao's figure is very well developed. Being hugged by her like this, Li Yun can feel how amazing her figure is even with four or five layers of clothing.

"Husband, who is your master? My master's name is True Person Zi Lei, who is the Supreme Elder of Qing Lei Valley. He has a consummate cultivation base and is very powerful!"

"Ah? Husband, you don't have a master, husband, do you want to join Qinglei Valley? I'll recommend you!"

Xia Feiyao was chatting along the way. After experiencing tonight with Li Yun, Xia Feiyao completely let go in front of him. She didn't pretend to be mature. She spoke and chatted in a cute little milk voice. There was no concealment at all, and everything was revealed.

While talking, Xia Feiyao asked about Li Yun when he was in the casino. When he learned that Li Yun was actually on the roof, Xia Feiyao's mouth suddenly bulged.

"Husband, it's true~"

Xia Feiyao furiously bit his palm, "Husband you, you badass, you saw me on the roof to drink Chun... Chun, Yao, why don't you remind me soon?"

Her face was blushing, thinking of her ugliness in front of Li Yun, is she already lost?

She bit a shallow mark on Li Yun's arm. Fortunately, it didn't bleed. Moreover, he can now confirm that Xia Feiyao has two small tiger teeth and smiles very cutely.

The so-called tiger tooth hurts, Li Yun feels a little worried about his future, cough!

"When I came out, would you believe me?"

Li Yun knocked Xia Feiyao's head helplessly, and said, "You are so naive, that you are confused by the other party, and you believe whatever the other party says. If it weren't for your husband, I would look at you, you idiot today. I will become a woman in the evening!"

With that said, Li Yun nodded Xia Feiyao's forehead, causing her to make a lovely ouch, holding her forehead and tears streaming down her eyes.

"Become a woman?"

The lesson to her husband Xia Feiyao did not dare to resist, and said dazedly: "Am I not a woman? Husband, why should I become a woman?"

"..."

It is terrible to say this to a pure and innocent girl!

When Li Yun came to a hotel, when Li Yun said he wanted to open a double room, the boss immediately looked over with a vigilant look, and said that he wanted to check the ID cards of Li Yun and Xia Feiyao-bring a minor to open the room, and open the room. Double room is illegal!

"Little girl, are you eighteen years old?!"

The boss stared at Xia Feiyao. The girl looked fourteen or five years old, but she didn't expect to become an adult!

Chapter 174: Surprise of the boss

Indeed, although the girl looks quite immature, but the figure has grown very impressive, even hot.

In particular, she belongs to the pride of women, and it can almost be said that the boss has seen the most majestic!

That being said, the two of them are indeed here to open the house, in various senses!

"Young man, your luck is really enviable!"

When the boss returned with his ID card, he patted Li Yun on the shoulder enviously, and whispered, "You have to be careful tonight, don't mess up my room. If there is blood, take a clean towel. Pad, understand?"

I have to say that when the boss runs this hotel, he can tell at a glance that Xia Feiyao has no experience and has a very good relationship with Li Yun. He has been holding his arm all the time.

Li Yun couldn't laugh or cry, "Don't worry, boss, we just sleep normally!"

"Hehe, I understand. Of course I understand. Isn't it just for sleeping when you come to the hotel to open a room?"

The boss looked at it with dark eyes.

Isn't it easy to guess what is going to happen if a couple who is in a good relationship opens a double room at night?

Besides, the boss doesn't believe that a man can resist the enchantment of a beautiful, well-developed girl.

Li Yun shook his head with a wry smile. He really can only be Liu Xiahui tonight.

After all, even though Xia Feiyao had a good impression of him, it was only the first day that the two knew each other. Coupled with Xia Feiyao's innocent and innocent character, if Li Yun had eaten her tonight, it would be for Xiafei Yao is very disrespectful.

"Husband, what did the boss mean just now? I always think his eyes are weird!"

"Ahem, good boy doesn't need to know so much, I will teach you later."

"Teach me? Tonight?"

Listening to Xia Feiyao's fascinating words, intentionally or unintentionally, that can evoke the evil fire deep in people's hearts, Li Yun felt that he would be very difficult tonight.

"Husband, when there are outsiders, my name is Li Yun, okay?" Xia Feiyao was a little shy,

"Yaoyao didn't want to call her husband, but...we haven't gotten engaged yet..."

"sure."

Li Yun couldn't help but squeezed Xia Feiyao's smooth cheek, which felt a great touch. After all, her immature-looking cheek still had some fat and soft babies on her face.

Coupled with Xia Feiyao's little milk voice, it makes people want to pinch her face even more.

"Husband, husband, don't bully me~" Xia Feiyao avoided shyly, pouting angrily.

Her husband squeezed her face, always making her feel that her husband treated her as a child, and she was clearly no longer young!

"Okay, okay, my Yaoyao is so cute~"

Li Yun's petting and gentle words caused Xia Feiyao's anger to disappear instantly, and she followed her husband into the hotel room with joy.

Then Xia Feiyao secretly locked the door. Tonight, she will spend a night with only two people with her husband.

When he woke up the next day, Li Yun felt that he was being held tightly by a four-clawed octopus, but this octopus didn't feel sick and slippery, but a very gentle and soft feeling. A feeling of rich, sweet and creamy aroma.

"Yaoyao? Are you awake?"

The boy had a strong flame in the morning, and when Xia Feiyao hugged him like this, Li Yun felt that he was about to break his boy skills for one night!

"Mum, Mom, I don't want to practice swords this morning."

Li Yun couldn't laugh or cry, and squeezed Xia Feiyao's sleepy little face, "Well, my good wife gets up!"

Chapter 175: respectively

After holding Xia Feiyao's little nose for a while, Li Yun finally woke her up.

However, Xia Feiyao did not shy away from changing clothes in front of Li Yun, making Li Yun, who was her husband, almost gone.

"Because it's in front of my husband, it doesn't matter, my mother told me this!"

Xia Feiyao smiled and hugged Li Yun's arm, "Mom said, my husband is the closest and most trustworthy person to me in the future. You can tell me any secrets!"

Li Yun touched her little head, Xia Feiyao was like a little bird, like a wife who used her husband as the key link in ancient times, and she was so obedient that she might even feel a little stupid.

Fortunately, it was Xia Feiyao who met him. If she met some scum, Li Yun suspected that even if she was beaten and scolded by her husband, she would never fight back.

"Yaoyao, I will be nice to you in the future, I promise!"

Li Yun held her cheek in both hands, said affectionately, and kissed her slowly.

Xia Feiyao had already closed her eyes shyly, offered her first kiss, softly accepted her husband's love, and finally hugged him for a while before walking forward with her head back and forth.

"Husband, I will come back to find you as soon as possible, wait for me!"

"Well, definitely." Li Yun smiled and waved to her, "Even if you don't come, I will go to your school and get you back!"

"Hehe, my husband is really overbearing~"

Xia Feiyao was finally satisfied and speeded up and left.

"It's pretty sweet."

Li Yun touched his lips, as if the taste of Xia Feiyao's **** still remained on it.

It's a pity that in order to persevere last night, he had to endure it until tonight before going to kiss him.

"Next time, I will meet Yaoyao again, it's time to eat my lovely wife!"

Li Yun is a little looking forward to seeing Xia Feiyao again, but Qingleigu is a superb sect in the world, and the innate masters in the valley do not know where they are. If Li Yun wants to be recognized, he must at least reach the innate realm.

"For my lovely wife, I have to work harder."

—

After Xia Feiyao found her senior sisters and brothers, her voice changed back to that of an ordinary girl. She was most afraid of being laughed at for a long time, even in front of the same door.

"Little junior sister, fortunately you are fine!" A senior sister circled her a few times, and after confirming that Xia Feiyao was not harmed, she breathed a sigh of relief.

But another senior sister saw the problem and suddenly asked: "Little junior sister, who were you with last night?"

"Opening a room with my husband at the hotel!"

When Xia Feiyao blurted out, everyone was stunned. A senior who had always liked Junior Sisters was immediately furious, and when he drew out his sword, he would go to the husband in Xia Feiyao's mouth to settle accounts!

"Oh my God, Junior Sister actually...!"

"Damn it, that man must have lied to Junior Sister!"

"Hey, I should have gone to see the junior sister last night!"

"Little Junior Sister is so innocent, and now she has been deceived by others. She must have fallen into that **** idiot, and treat her as her husband!"

"Damn, I must kill that bastard!"

Xia Feiyao blinked, wondering why the senior sisters and senior brothers were so angry. Isn't it normal to do these things with your husband?

Although she has not yet been engaged to Li Yun, it will be sooner or later.

"You all misunderstood him." Xia Feiyao defended in a low voice: "Husband...Uh, Li Yun is a good person. He saved me last night, otherwise I will be abused by the group... "

Chapter 176: Brother Li Yun is so handsome

"Then you were insulted by that **** chop last night?!"

The brother who likes Xia Feiyao is named Liao Gaoyuan, the son of the second elder of Qingleigu.

"Brother, you are not allowed to say that to my husband!"

Xia Feiyao was a little angry. Why didn't they see Li Yun before, so they called him a scumbag?

She had already said it, Li Yun saved her!

"Isn't I right?" Liao Gaoyuan sneered. He suddenly felt that Xia Feiyao in front of him was impure. After being taken away from her virginity, she was no longer that cute and innocent sister!

"I don't know what else you said!"

Xia Feiyao was upset, "I just slept with my husband, why did he insult me? Brother, you made me angry too much, and I don't want to talk to you!"

"Sleep together?"

"Could it be that nothing happened?"

Under the elder sister's questioning, everyone learned the details, Xia Feiyao really hasn't been affected by Li Yun, she is still pure.

"Little, little sister, I was wrong, forgive me!"

Liao Gaoyuan regretted it. He looked at Xia Feiyao now, the little junior sister he had coveted for a long time was still pure.

Xia Feiyao snorted, not wanting to bother him.

Everyone breathed a sigh of relief, as long as they didn't lose their bodies, everything was easy to say, the big deal is that if the younger sister does not see him, the feelings will slowly fade.

"Little Junior Sister, what happened last night?"

"Well, it's like this. About me, Elder Shen, who was chasing Feihumen, came to a casino..."

After listening to Xia Feiyao's narration, everyone's expressions slowly became weird. After confirming that Xia Feiyao did not lie at all, the leading senior sister said solemnly, "This matter is of great importance. Report the matter to the head, and wait for him to make a ruling!"

On the other hand, I also need to inform the boss that his daughter has found a husband outside...

It was another Sunday, and Li Yun brought a newly bought laptop to a high-end coffee shop with Fang Xue.

The decoration of this coffee shop is very simple, and the customer group it faces is some people who come to talk about business, similar to Li Yun and red pepper.

"Brother Li Yun~~~!"

As soon as Li Yun walked in, he was rushed by the bright red peppers that had been waiting at the service counter, and she rubbed her cheeks vigorously.

"Woo, brother Li Yun is so handsome, brother Li Yun smells good on him, brother Li Yun, I like you so much~, hehe!"

Fang Xue's eyes widened when she heard the charming words of the girl with a double ponytail, and looked at her in disbelief. This action is beyond the scope of ordinary friends, right?

After a while, Fang Xue reacted. Without saying anything, she stepped forward and grabbed the two ponytails of the double ponytail girl, "Who are you? Why do you want to hug my boyfriend? Don't hug, let go!"

"It hurts! You are the one to let me go!"

"Huh, just hug someone's boyfriend, don't you know a little bit of etiquette and morality!"

"Who said I don't know? Even if you are Brother Li Yun's boyfriend, but I am Brother Li Yun's younger sister! What's wrong with your sister holding your brother? You are too wide!"

The two faced each other tit-for-tat, each glaring at each other violently, and after looking at each other for a while, they snorted together, each holding Li Yun's arm.

Li Yun, who enjoys double beauty: "..."

Sure enough, the harem is not so easy to play with crabs.

"Well, you two don't make trouble, things are not what you think!"

Chapter 177: Zhang Mufeng, Wu Ke

"No, what is it?!" x2

Fresh red pepper Su Muxin and Li Yun's real girlfriend looked at him and asked, and then they glared at each other at the same time. In some respects, the reactions of the two are worthy of the same wealthy daughters!

Only then did Li Yun see Su Muxin's appearance clearly.

She is slightly shorter than Fang Xue who is close to 1.7 meters tall, but she is not bad at all. Xiaoman has a waist and a grip, a pair of ponytails, and a black hat. She is very fashionable.

The facial features are exquisite, the temperament is noble, and there is a touch of naughty and cute, like a lively and honest princess.

From her nickname, the Red Hot Chili Pepper, you can see that Su Muxin is a character that dares to love and hate, and can be desperate for the person she likes.

"Hello."

Amidst the noise of the two women, a man walked out of the coffee shop, stretched out his hand to Li Yun gracefully, and smiled: "My name is Zhang Mufeng, I am glad to meet you!"

While talking, he glanced at Fang Xue, and a faint smile appeared at the corner of his mouth. It turns out that Li Yun has a girlfriend, so his plans with Su Muxin are going to be ruined.

"Hello, my name is Li Yun."

The two shook hands, and Zhang Mufeng gestured to the inside with a please gesture, and the etiquette was very good.

Li Yun took a look at him. He was 185 in height, handsome in appearance, and an aura of nobility on his body. He was at the time when he was young and about to spread his wings and fly high.

In layman's terms, it is the rich second generation.

And he is a rich second generation with a successful career and high quality!

Is he secretly in love with Su Muxin?

Li Yun observed the relationship between the two. Su Muxin seemed to hate him and always ignored him, while Zhang Mufeng looked at her with doting eyes and was not angry.

The three people came to a small compartment in the coffee shop. Inside, there was already a middle-aged man in his forties. After seeing people coming, he got up and shook hands with Li Yun and Fang Xue.

"My name is Wu Ke, and I am glad to meet you, young hacker guy!"

A light flashed in Wu Ke's eyes. When Li Yun shook hands, her eyes narrowed, as if she was saying: "Young man, I am very optimistic about you!"

"Hehehe~"

Su Muxin smiled secretly while holding her lipstick red mouth. Li Yun looked at her, and Su Muxin said softly, "Brother Li Yun, I will give you a grand introduction. This is the Nantian Technology Group of 'My Home'. Director of the Security Department, CTO!"

She deliberately clicked on 'My House', and also gave Fang Xue a provocative look.

How could Fang Xue not understand what she meant, Su Muxin was showing off her family background!

But Fang Xue was not afraid of each other. She also had tens of billions of property in her family. Why should she be afraid of Su Muxin?

"That's it, it's nice to meet you, senior!"

Li Yun smiled.

The cybersecurity department and hackers are natural enemies. No wonder Wu Ke looked at him with that kind of warlike eyes.

"Miss, you missed a word: front." Wu Ke smiled and shook his head, "I have resigned, and now I want to do something I like."

"It's okay if you quit, anyway, Uncle Wu, you have shares, and you can be considered a member of our Nantian Group, hehe~"

Su Muxin's words made Fang Xuegao take a look at her. These words were very decent, and she deserved to be the daughter of the chairman of Nantian Group.

Fang Xue is still full of doubts, how could Li Yun know Su Muxin? The two are completely talented in different worlds!

Several people took their seats, each ordered a cup of coffee, and began to discuss business matters.

Chapter 178: Aggressive

"Li Yun, don't mind if I call your name?" Zhang Mufeng smiled.

"sure."

Li Yun agreed, feeling a little strange, this piece of Mu Feng intends to bring him closer? Isn't it a rival?

After all, Su Muxin and Fang Xue are sitting on either side of him, and Su Muxin is still holding his arms intimately.

"Then let me just say it straight. I think that your vanguard strike ability is not enough to match the one billion investment!"

Zhang Mufeng's attitude and tone were very friendly, but what he said was aggressive.

"First of all, it is too small, only less than 5M in size, so it can be seen that there are very few functions inside."

"Secondly, although this software has a high market share now, it has not formed enough user viscosity, and it is easy to be overwhelmed by other software and seize users."

"Third, it doesn't have a complete user interface, so it's very awkward to use."

Zhang Mufeng listed the software item by item and criticized the software in an inexhaustible manner, and finally said lightly: "Of course this software also has an advantage, that is, the anti-theft effect is not bad."

Su Muxin glared at him, her teeth tickling with hate, and she wanted to bite him with her mouth open!

Li Yun was about to speak when the system prompt came again.

"Ding, trigger the option event, please choose from the host:

Option 1: After yelling, throw one's sleeves and leave. Reward skill: Guilty **** skill.

Option 2: Refute Su Mufeng with reason and evidence, reward experience value 10,000, wisdom +100, random blue gift bag*3.

Choice 3: Impress Su Mufeng and Wu Ke, reward experience value +50,000, wisdom +300, spirit +300, random purple gift bag*1, and reward a special item "Xuanyuan Shield". "

"Special Item Xuanyuan's Shield: A brand-new programming architecture. After the software is made, it can resist all viruses, vulnerabilities, ddos attacks, and Trojan horses on the Internet."

Su Mufeng?

Uh, Li Yun should have thought of it a long time ago, it turns out that he is not a rival in love, but a brother-in-law!

However, this time the rewards of the system are not bad.

The corner of Li Yun's mouth was hooked. The system really wanted him to be the pinnacle of his life. He just wanted to start a company and gave him such a generous reward!

In the past few days since Xia Feiyao left, Li Yun's full attributes have approached four thousand. With even more effort, he will soon be able to break through to the acquired cultivation level!

Moreover, he has now collected 30 white gift bags, 7 green gift bags, and 3 blue gift bags, waiting to be opened when he is lucky!

"What? Do you think what I said is wrong?" Zhang Mufeng, real name Su Mufeng, Su Muxin's brother asked with a smile.

His series of operations were all to irritate Li Yun, to see what the character of the man her sister wanted to meet at all costs was like.

When he first saw Li Yun, Su Mufeng was really shocked. He didn't expect that Li Yun was one year younger than his sister, and he was only in the third year of high school!

"What you said is not quite right." Li Yun's tone was flat.

"Huh? I would like to hear the details!"

Su Mufeng said calmly, Li Yun's performance surprised him a bit.

"Don't talk a little bit less." Li Yun stretched out a finger, "This software is very messy and has many functions. It is not only anti-theft, but also takes care of preventing virus intrusion, tracking and reporting people who develop plug-ins and other messy functions."

"This is a fatal error for a small software. Am I right?"

Chapter 179: Hacking technology match

Everyone was stunned, wondering why Li Yun belittled his software?

Su Mufeng laughed again, and said, "Li Yun, you seem to have some advice."

"I can't talk about opinions, I just tell the truth."

Li Yun said faintly: "In what I just said, I was talking about Pioneer Strike's messy functions, but I didn't say it was messy. In fact, in the face of the powerful functions of this software, everything is not a problem!"

His meaning is very simple.

Pioneer Strike has powerful functions, enough to make users love it, and the user viscosity is very high.

What? You said the user interface is not friendly?

Don't you see that the user interface of the operating system is even more unfriendly, but there are still countless people in the world who use it. In the face of powerful functions, users can overcome all difficulties!

As long as Pioneer Strike can protect their game accounts, tens of millions of gamers across the country will never leave it!

"Oh?"

Looking at Li Yun's self-confidence, Wu Ke said with interest: "Well, do you want me to test it for you, what is the defensive performance of your Pioneer Strike?"

"Uncle Wu!" Su Muxin pursed her mouth unwillingly.

She knows that Li Yun's brother is very powerful, but Uncle Wu is a top security expert in China. For reasons known to all, top security experts are much better than top hackers.

It can be said that Wu Ke and Li Yun's attack are purely bullying the small!

"OK!"

Li Yun's purpose was to convince the two of them. Hearing Wu Ke's proposal at this moment, he naturally agreed.

A dangerous light flashed in Wu Ke's eyes, and the young man in front of him was so confident?

Hmph, think you have learned a little bit of hacking skills, do you underestimate the world?

Fortunately, let him, the former CTO of Nantian Technology Group, teach him what is computer offensive and defensive technology!

There is no nonsense on both sides, and the hacker technical offensive and defensive battle begins again.

Wu Ke also brought the laptop. This is what Su Muxin's father asked him to do before he came—specially to attack Li Yun, and let Su Muxin know by the way that the so-called hacker is nothing more than that, so that she no longer holds Li Yun. Have a heart of worship!

"I have started Vanguard Strike, you can start attacking me!"

Li Yun quickly settled his defenses and left the keyboard with both hands, indicating that Wu Ke could start attacking.

"it is good!"

Wu Ke smiled. He can break into Li Yun's computer in at least one minute. For top security experts, breaking into an ordinary computer is as simple as that!

The first step is to determine the real IP address of Li Yun's notebook.

This is very easy. Li Yun is currently connected to the coffee shop's WIFI, which is in the same IP segment as Wu Ke. You can find the exact address with a little change.

The second step, scanning + breakthrough, is in place in one step, without the slightest drag.

This step is even simpler. As an expert in the field of computer technology, Wu Ke knows a lot of vulnerabilities in the WIN7 and WIN10 operating systems. These vulnerabilities were not even discovered by anti-virus software, but Wu Ke found them in private.

Therefore, as long as you find Li Yun's IP address, Wu Ke can use these loopholes to directly invade his laptop!

Simple, fast and convenient.

but.

After a minute, Wu Ke's smile disappeared, and his face gradually became serious.

All the loopholes he knew were blocked by Li Yun! !

Chapter 180: Scared

Su Mufeng, a wealthy son, took a sip of coffee slowly, then laid down the coffee leisurely, and muttered in his heart: Three, two, one, done!

Nothing happened.

He guessed wrong this time, and Wu Ke remained silent.

"what?"

Su Mufeng looked at him in surprise, Uncle Wu's sword is old? How come it took two minutes for the computer of a senior high school student!

Su Mufeng couldn't know the strength of his Uncle Wu.

In an Internet security competition held by a world-renowned technology company, Uncle Wu led the network security experts of Nantian Group. It took only 36 seconds to break through the 12-layer firewall set by the organizer, and won the championship in one fell swoop, shocking the world. Let the world admire the network technology of Nantian Technology Group!

Even the firewall at the top competition can't stop Uncle Wu's attack, but can Li Yun's computer stand up for so long?

"Did Uncle Wu release the water?"

Su Muxin and her brother thought of the same thing, and she quickly said: "Uncle Wu, are you tired? Would you like me to order you a cup of refreshing SOE coffee?"

"Uncle Wu, shall I hang my back for you?"

"Uncle Wu, I'm coming...!"

"Little Pepper!"

Li Yun finally couldn't stand it anymore, stretched out his hand to sit down Su Muxin, who was about to stand up, and patted her head irritably: "You sit down for me, don't disturb others!"

"Ugh~" Su Muxin looked at him violently, she was helping Brother Li Yun.

Uncle Wu spends a few more seconds, and his evaluation of Li Yun will increase by a few percentage points, so that her parents will have a higher affinity for Li Yun. Can she be with Li Yun's brother?

"Little pepper?"

Su Mufeng almost spewed a sip of coffee.

He knew his sister's hacker nickname, and her name was Scarlet Chili.

But no one has ever dared to call her like this. Firstly, he didn't know her identity. Secondly, his sister had a very rebellious temper. It could be seen from the fact that she didn't learn security technology and specialized in such evil things.

Who would dare to call her such an intimate address in person, his sister had to stare at him coldly.

But now, Li Yun calls her little pepper, but Su Muxin is not angry at all?

"Little Pepper..."

Fang Xue stayed for a while, then reached out and pinched Li Yun's waist, hum!

Five minutes passed.

Su Mufeng became more surprised, Uncle Wu shouldn't have let the water go for so long!

Unless his existing tools can't break Li Yun's defenses, he can only write a new one.

But Uncle Wu didn't hit the keyboard first, and was still looking for loopholes.

Finally, fifteen minutes later, Wu Ke put his hands on the keyboard and began to tap quickly, writing lines of attack code.

"how is this possible!"

Su Mufeng has no image of a wealthy and noble son, and his jaw is almost frightened.

Wu Ke actually needs to write code on the spot to break Li Yun's computer! ?

Unbelievable, simply unbelievable!

"Brother Li Yun is great!"

Su Muxin secretly laughed, Li Yun's performance was completely beyond her expectations, she deserves to be someone she admires!

Now her parents should always recognize Li Yun's brother, right?

It can withstand Uncle Wu's attack for fifteen minutes, and this is enough to make Li Yun famous in the Internet technology circle!

"I don't know what's going on."

Among those present, only Fang Xue knew nothing about hacking techniques. She thought that hacking would take an hour or two, or even several days.
