Chapter 1711: Tozhao Sword Saint

After glanced at the system prompts, Li Yun nodded. It seems that Shangguanming's actions have been successful, and all the guests have left.

Of course, it is not known how many people were killed or injured during the trampling.

"Ding, trigger the option event, please choose from the host:

Option 1: Kill Yuwen Fu and investigate the behind-the-scenes. Reward: Justice value + 50,000, experience value + 3 million, all attributes + 2000, golden gift bag*2.

Option 2: Kill Ryukyu Tokugawa, then kill Ubun Fu. Reward: Option 1 doubles the reward. Additional rewards: The anger from all walks of life in the Sakura Country, Ise Jinzakura's favorability is -500.

Option 3: Kill all. Reward: Option 2 doubles the reward, colorful gift bag*3, extra reward: a random special martial arts class. "

Colorful gift bag*3.....

Li Yun looked greedy, but unfortunately, judging from this generous reward, he was 100% sure that the old monk was in the Void Returning Realm!

"Hey, Tokugawa Ryukyu!"

With a thought, Li Yun looked at the little devil with a smile on his mouth: "I think you can't deal with him anymore. You can't even escape, but forget it. It's because you helped me. In return, I will help you stop Yu Wenfu, and you can run away."

"you!"

Ryuu Tokugawa almost couldn't get up!

What Li Yun said was clearly his previous lines, but now it is applied to him in reverse, which directly contrasts that Ryuusu Tokugawa is like an ignorant fool.

Obviously there is no strength to deal with Yu Wenfu, but he uttered a wild word to block him, shame, what a shame!

"hehe."

Li Yun smiled faintly, and took out another sword in his hand.

The body of the sword was fiery red and crystal clear. The length of the sword was only two feet. Once it was taken out, the hot air around it dissipated and became extremely quiet.

Tokugawa Ryusheng's eyes widened suddenly, staring at the red sword in Li Yun's hand!

Yes, it is the Excalibur!

He could see that this dazzling red sword, without a trace of flame, absorbed all the heat emitted by Yuwen Fu directly after it appeared suddenly!

In the one-to-one matchup, Li Yun's divine sword actually took the upper hand, abruptly suppressing the true essence fluctuations emanating from the Grandmaster Realm!

"Mr. Tokugawa of Sakura Country, have you seen my sword?"

Li Yun smiled softly, raised his sword and crossed his chest, and looked far away at Yu Wenfu: "So, I advise you to run away and return to the cherry blossom country. This country is not a place you can come to, let's go, and don't come again from now on. Huang Xuanguo!"

Tokugawa Ryukyu's face was blue and white, hot and painful, as if he was caught by the collar and slapped repeatedly with his bow left and right!

After a long while, Ryou Tokugawa's expression returned to calm before Yuwenfu acted.

"Your Excellency Li Yun!"

The Sword Saint Tozhao from the Sakura Country said, the posture of holding the sword changed, he took the samurai sword with both hands behind him, his body squatted down, his eyes looked like a lion before a desperate fight, looking sharp and indifferent. To heaven.

From the short body, a strong fighting spirit radiated, breaking through the sky.

"Although my country is weak, the country is surrounded by the sea, and it is in an earthquake-prone area, but the people of my country are constantly striving for self-improvement and perseverance. They are definitely not the kind of people who escaped!"

A powerful aura was aroused from him. At this moment, even the Leap Fire God Sword in Li Yun's hand was somewhat eclipsed. Yu Wenfu, who was as dazzling as the sun in the sky, also lost his luster, and his indifferent eyes fell from Li Yun. On his body, he turned to this short stature Sword Saint!

"Swordmaster Dongzhao, very good, let's do it! Hahahaha!"

Chapter 1712: A sword

In the sky, Yuwen Fu, who was already full of flames, laughed with excitement, making everyone who saw this scene frowned.

Why is the head of a dignified family, who was supposed to be a mature and stable hero, has become so crazy now!

"It's a lingering thing!"

Li Yun looked up at the sky, Yuwenfu's shadow became hazy, shrouded in the firelight, and it was not very real. He was full of fire attributes and powerful and surging, like a fierce bird flying in the sky, the firelight in the sky made people pant. Not angry.

Looking at the bottom again, Dongzhao Sword Master is holding swords in both hands, ready to go, his whole person is like an unsheathed sword, and the sharp sword intent is gushing out. Li Yun who is watching the battle even feels that in the sword master's All around, in that deadly silent place, all the utensils, vegetation, dust and rocks, and even the air turned into a sharp blade, pointed straight into the sky!

"The Grand Master Realm has such a terrible move!"

Li Yun was very surprised. He even felt that the Dongzhao Sword Saint in front of him was far stronger than Linghuo Guru in terms of aura. This indomitable mood that cut through everything has allowed him to integrate with health care and vowed to cut everything into one. The terrifying aura of the ashes!

He couldn't help thinking about a situation: What would it be like if the Linghuo master or the Qingzhu little maid had a battle against the Sword Master of Shangdong Zhao!

It is possible that the two of them did not dare to approach the Grandmaster Realm at all, and could only rely on powerful spells to strike far away, consuming a Grandmaster Realm alive!

It's like a mage fighting a warrior in an online game.

"Please, enlighten, teach!!"

The loud voice popped out word by word, and the aura of Tosho Sword Saint Tokugawa Ryuusheng also climbed to the highest level, the sword intent turned into a real existence, and a bright light accumulated in his hands and merged into the samurai sword.

The horrible sword light is gestating!

In the sky, Yuwen Fu's fanatical and chaotic mind had a trace of sobriety, and a trace of horror flashed in his eyes, but he was soon overwhelmed by the inexplicable madness. The Yuwen Patriarch screamed: "Little devil, If you have any skills, just use it, hahahaha! My Yandi Zhenjue is invincible in the world!"

Li Yun clenched the hilt of the sword tightly, waiting for the shocking blow to arrive.

The momentum of the two sides rose to the highest, time seemed to freeze, even the air stopped flowing, and the world was lonely.

Venerable Dahi slowly opened his eyes to see everything on the battlefield. The next moment, he folded his hands together and declared another Buddha name: "Amitabha!"

"Dong Zhao Yi Jian Liu!"

As if responding to the old monk's Buddha name, Ryuu Tokugawa's sword finally swung out.

"Om!"

In an instant, Li Yun's eyes were filled with a dazzling white light, and there seemed to be only white and red left between the sky and the earth. The former occupies the lower part and fills the earth, while the latter overwhelms the sky, reflecting the sky red.

In this white light, a cyan pike soared into the sky, rushed out of the white light, pierced the red light, like a sharp arrow pierced through the air, instantly surpassed a distance of 100 meters, and penetrated Yu Wenfu's body!

Yes, everyone, including Li Yun, felt incredible. The Heavenly Fire God Lord was killed by Dongzhao Sword Saint with a single move, and he didn't even release his moves, let alone avoid the slightest, so he was simply pierced by the blue sword light.

"what!?"

"impossible!!"

"Patriarch!!!"

In the distance, all the people of the Yuwen family who witnessed this scene were shocked by the gods. They regarded the gods as the Patriarch, who had just broken through to the master realm and was about to take the Yuwen family to a new height, but they were brought by the cherry blossom country. Killed by one of the Sword Saints! ?

"impossible!!!"

No one in Yuwen's family can accept this fact!

Chapter 1713: I don't want to die

On the ground.

Tokugawa Ryukyu slowly retracted the katana, and calmly glanced at the man in the sky. His sword pierced through his abdomen, and even the blood was too late to eject the Yuwen Family Patriarch, his tone was flat:

"Huang Xuan Kingdom's Grand Master Realm is very powerful, but the Sakura Kingdom's General Zheng Yi is not bad either.

Even better! "

With that said, this short man with a standard cherry blossom national mustache finally showed a trace of triumph on his face.

As the Grand General of the Sakura Country, defeating the Grandmaster from Huang Xuan Country, even a new grandmaster is worthy of his pride and the pride of the Sakura Country!

"Ding, trigger the selection event..."

After a quick glance, Li Yun raised his eyebrows, and shouted to him with a cold expression: "If you don't want to die, get out of here!"

Ryukyu Tokugawa's triumphant expression froze.

He never expected that he defeated Yu Wenfu, but he still failed to convince this kid!

Why is a warrior of Huang Xuan country's Zhong Ren rank in a mere mere? !

"The next battle is not something you can participate in."

Li Yun smiled faintly, not wanting to explain too much, holding the Leap Fire God Sword high in his hand, and sternly shouted: "Since the old acquaintance is here, why hide and hide, get out!"

As he said, with a wave of the Leap Fire God Sword, a strange flame mixed with a hint of light blue rose into the air and killed the corpse of Yuwen Fu in the sky.

"What is this?! Whip the corpse? No, this flame... how is it possible, this is a unique power of the upper endurance level, he is only an innate state, how is it possible... no, or not!"

Seeing this flame, Tokugawa Ryuu's face changed again. He actually felt an unstoppable and terrifying power from this flame. This power was far stronger than the God of Skyfire, so strong that Tokugawa Ryuu was completely unaware of it. How to deal with it? Faced with this weird blue flame, he can only flee frantically, and there is no possibility of fighting back!

"What the **** is this? What kind of weapon is this? Who the **** is he!?"

At this moment, Dongzhao Sword Saint from Sakura Country was completely shocked.

In the distance, there are countless people who have the same doubts as him.

"Who is such a beast, the Patriarch would not let it go after he died, and he even used flames to destroy the corpse!"

"Damn bastard, don't let me know who you are!"

"Wait, Patriarch... why is it always in the air?"

The flame rushed into the sky in the blink of an eye, and in the shocked eyes of countless people, it slammed into an unparalleled sword light from the sword in Yuwen Fu's hand!

boom!

Yuwenfu's true essence was instantly dissipated, and the light blue flames swept from the bottom up, sweeping everything in an unstoppable manner. A terrifying force burst out from mid-air, and the flames spread like ripples on the lake. Falling in torrents, half of Yuwen's house was covered by the fire and rain.

"This move... is the third style of the Extreme Flame Sword Art... the sword fires up to the sky, this this!"

All Yuwen's family members above the Innate Realm opened their mouths wide, and they recognized the Patriarch-to be precise, this sword technique issued on the Patriarch's corpse!

It's true, it's undoubtedly Yuwen's mastery of swordsmanship!

But why?

"Hey?"

Away from the crowd, Hu Xiaomeng, who was standing with Zhao Tianfeng, also felt strange. She shook the blood on her paws, causing the Yuwen family who looked at the two **** female murderers from a distance to shudder.

These blood belong to the Yuwen family!

"Don't worry, Li Yun will be fine."

Zhao Tianfeng said lightly, she is very confident in Li Yun!

Chapter 1714: One can be a thousand army

He couldn't express the feelings of Sakura Country Sword Saint in words. He had a dark face. From thinking that he killed Yuwen Fu with a single move, he was suddenly rescued by Li Yun. The strong reversal made this Dongzhao Sword Saint difficult to accept!

But why is he not dead yet? !

Tokugawa Ryuusi raised his eyes to the sky, and once again confirmed that Huang Xuanguo's Grandmaster Realm had a hole left by the Heavenly Ninja Sword in his hand. Even Shangnin couldn't survive such an injury, let alone continue. Keep flying in the sky!

What is going wrong?

"Old guy, aren't you coming out yet!"

Li Yun rushed into the sky, Yuwen Fu shouted, and then activated Ling Xiao's ability to step on the clouds, his body soared to the sky, and the intercalary fire sword in his hand was swung again.

Cang! Cang! Cang!

The sound of swords sounded continuously, and Hu Xiaomeng and others in the distance were surprised to see that ten small red flying swords suddenly split from the Leap Fire God Sword, like small split-guided bullets. , Rushing to kill Yuwen Fu!

"Ah, Brother Yun can also fly!"

Hu Xiaomeng smiled in surprise. Before Li Yun had just stepped on magma, making her think that he could not fly yet, but he could fly in the sky unexpectedly!

"So handsome~" Hu Xiaomeng looked at Li Yun's stalwart figure intoxicated. Yuwen Fu didn't dare to fight Brother Yun at all, and dodged before a dozen small flying swords were killed.

"Patriarch Yuwen... his wound is healing!"

Tokugawa Ryukyu, as well as some people with strong eyesight in the distance, discovered this situation, and each of them showed extremely surprised expressions.

"Great, Patriarch is fine!"

Everyone in the Yuwen family cheered, as long as the Patriarch is still there, they can lead them to victory and behead the two demon heads and the officials!

Above the sky, Li Yun looked excited.

Although it was the first time that he relied on Ling Xiao's ability to step in the air to fight in the sky, with his strong physical fitness and excellent posture, coupled with the experience of swimming in magma, air combat became familiar to him quickly. Although he can't be flexible yet, at least he won't fall on his own.

"I also have true essence in my body now, even if I don't rely on the flying ability of god-level shoes, I can fly in the sky, but my true essence is derived from the purification of true energy by the fire of the earth, and it is not directly able to produce true essence!"

Li Yun contrasted the difference between himself and the Grandmaster Realm in his mind. In general, he was no different from a Grandmaster without using any other external conditions, including the use of the ground evil.

If you use all kinds of equipment...

"Leap Fire God Sword, cut!"

Li Yunshan swung a sword at Yuwen Fu cleanly before him.

In an instant, more than twenty fiery red flying swords emerged from the Leap Fire God Sword, rushing to Yu Wenfu from all directions.

One person, one sword, but with the feeling of thousands of troops, making "Yuwen Fu" extremely uncomfortable, he had to use his huge body of true essence to wave back these annoying small flying swords!

"Wow~~~!"

Hu Xiaomeng opened his mouth and let out a sigh: "Brother Yun's move... is like an online game where a single blow hits dozens of times!"

Li Yun, who holds the Fire God Sword in his hand, also feels this way.

With one sword swing, he has 0 to 29 flying swords to accompany the attack, and there is no need to control it at all. The small flying swords automatically attack, it is really the illusion that each swing of the sword can cause more than ten times the attack power!

Although it is an illusion, the bonus is still amazing.

At this time, a strange voice of resentment and cold sounded.

"There is a way to heaven, you don't go, there is no way to hell, you find yourself, boy, today Yuwen's house is your burial place!"

Chapter 1715: People who grow out

The evil voice came from Yuwen Fu's body and spread to the ears of everyone inside and outside Yuwen's house, making their expressions change again.

"What sound is this? Why does this sound seem to come from the Patriarch..."

"Look, there is a wound in the abdomen of the Patriarch... a face has appeared!"

"what?!"

"Oh my God, what is this!"

Everyone was shocked to see that after Yu Wenfu standing above the sky, the pierced abdominal wound wriggled for a while, and an indifferent face appeared!

Nose, eye sockets, mouth, cheeks, that terrifying mouth makes a sound, except for the absence of eyeballs, isn't it just a human face?

Hu Xiaomeng was so scared that he dared not look at it.

She dared to follow Zhao Tianfeng to deal with Yuwen's children, and even scratched the enemy's throat with her claws to grab their hearts and crushed them. But at this moment, she was shocked when she saw a face appeared in Yuwenfu's abdomen .

She used her claws to kill the enemy. The blood is a little bloody, but it is still within the scope of ordinary people's understanding, but the appearance of a person on Yuwen Fu's body makes her feel terrified.

"It's taking home again?!" Zhao Tianfeng thought of his father. At that time, the soul of the island owner of Sancai Island also got into her father's body, trying to control her father's body.

It's just that Li Yun recounted the situation at the time. Zhao Tianfeng only saw his father standing on the spot, and the battle ended in a short while, and he had never seen the specific process of being seized.

Now, seeing another person appearing in the main body of Yuwen's family, as if giving birth to a magic fetus, is about to be born into a terrifying picture of cannibalism, it is really chilling!

The scene fell silent again.

Even people who haven't seen it with their own eyes get goose bumps after hearing the description.

"What the **** is this?!"

Standing under Li Yun and "Uwen Fu", Tosho sword sage Tokugawa Ryuu shook his hand and almost dropped the samurai sword.

The person who was fighting with him just now suddenly became another person; the wound he had punched out just showed a human face, and he made a strange resentment sound.

Such things beyond common sense and completely incomprehensible completely defeated the three views of Sakura Kunishinin.

"I just... was fighting with something?"

He was at a loss, feeling that since he came to Huang Xuan country, he had been confused and unconscious, and now even the world was blurred, as if his eyes were covered with a layer of veil, and he couldn't see what the world was like!

"Ancestor Thousand Souls, meet again."

Li Yun held the Leap Fire God Sword and stood upright in the sky. He looked at Yuwen Fu with a playful smile and said, "You old immortal found another flesh body, why? I dare not use your real body. When you come to see me, you will just pretend to be a ghost behind the scenes?"

The Venerable Da Ri lowered his eyes and closed his eyes and meditated again, not caring who the person came.

"Yuwenfu" first glanced at the Venerable Da Ri below, and after a flash of irritation, he turned his cold gaze at Li Yun and sneered: "Should I say that your kid is looking for death by himself, or that you are lucky, but unfortunately. , It's worse to fall into the hands of that old guy than to fall into my hands."

"Old guy?" Li Yun asked with some interest, "Are you talking about Venerable Da Ri? Ha ha, it seems really unlucky, I actually encountered two Void Return Realms at once!

It's not right, your thousand souls ancestor is a woolen thread to return to the virtual realm! You are a despicable villain, you don't even show your face! "

Chapter 1716: Earth Fiend Eye Breaking Technique

Li Yun specially aroused him. He did not expect that the thousand souls ancestor was not only not angry, but rather proudly Jiejie laughed: "The old body is called the thousand souls. It is normal to hide behind the scenes and call the wind and rain, boy, you use the stimulus in front of the old body. Fa is still a bit too tender!"

"Old man?" Li Yun was slightly surprised. If he remembers correctly, this thousand souls ancestor called himself an old man when he showed up last time!

"Ha ha ha ha!"

The thousand souls ancestor only laughed wildly and didn't answer his question, as if he was disdainful of mortal knowledge, or simply wanted to hide all his information, including gender!

"Sure enough to pretend to be a ghost." Li Yun maintained a calm smile on his face. Even if he doesn't know the information of this old guy, he will probably not be able to beat him in real life, but he must not lose his momentum!

If the thousand souls ancestors dared to come out in real form, Li Yun would dare to use all means.

Anyway, he has a lot of life-saving skills.

"Death is so stupid and incorrigible!"

While he was speaking, he still "worn" Yuwen Fu's skin and spoke with the mouth that grew out of his abdomen, so that the distant congenitals with good eyesight looked at each other.

This scene is weird to the extreme, and terrifying to the extreme!

"How did you do it?"

Ryukyu Tokugawa muttered to himself that Shangren would definitely not be able to do such a thing, neither would General Zhengyi, nor the Grandmaster Realm!

The only person who can do such a miraculous thing is the only person who has a peerless beauty, an incomparably honorable status, and can communicate with the gods.

Only she can do things beyond mortals!

Yes, it must be!

It's no wonder that Lord Goko attaches such importance to this matter!

Thinking of this, Tokugawa Ryu was excited, and he wished to invite Li Yun to the Sakura Country immediately, let Miko-sama use the power from Amaterasu Omikami, and take a look at the secrets hidden in him with the eyes of the gods!

"I don't know if I die, but you have to die again today for sure."

After Li Yun finished speaking, he swung his sword indifferently.

He used the chasing wind and chasing the moon in the master-level swordsmanship, and matched the speed of the god-level Ling Xiao's foot on the clouds, making his attack swift and fierce like thunder, and he came to the thousand soul ancestors in an instant.

"The kid is looking for death!"

After a sharp shout, the human face on the abdomen quickly spread upward, and soon came to Yu Wen Fu's head to overlap with his face, Yu Wen Fu's original stiff expression became vivid, and his lifeless eyes bloomed with a gloomy cold. The light shining on Li Yun's body actually gave him a feeling that the movement of true essence was blocked!

"This old guy... also practiced some pupil skills!"

Li Yun was shocked to discover that not only did his True Essence run jerky in his body, he even paused in his thinking.

This pupil technique is a skill specifically designed to deal with spirits!

Cold, weird, evil, and the feeling of trembling soul enveloped his whole body, Li Yun even saw the triumphant smile on the face of the thousand souls ancestor, slow and clear, but he could no longer command his body.

"Wait! Cold? Then come and try my fierce fire!"

With a move in Li Yun's heart, he circulated the fierce fire in his dantian, and a faint blue flame separated out, and under his control, it flowed through his body like an electric current. The scorching flame filled the limbs and the limbs, the stasis quickly disappeared, and the whole body was warm. Yang Yang is very comfortable.

"Haha not bad!"

Li Yun laughed with great satisfaction. It is worthy of the spirit fire that he spent his great efforts to rush to Mount A Duo to find. Dealing with cold and evil things is simply a spike!

Chapter 1717: Leap Fire Sword, slash

If it were not for the limitation of his own strength damage and unable to accommodate more and stronger ground evils, Li Yun was confident that he could fight against the strong in the Void Return Realm!

"What kind of flame is this?"

Seeing Li Yun smoothly get rid of control, the thousand souls ancestor showed a shock for the first time, and the ghost eyes could not hold this kid for even a second.

He had noticed this abnormality with a hint of light blue flame before, and its power was surprisingly powerful. A grandmaster who cultivated the true element of the fire attribute was broken by the opponent with a trick, it was incredible!

If this is just the true essence in the puppet Yuwenfu's body, it makes sense to be broken, but the ghost eye is one of the unique skills of the thousand souls ancestors. With this kind of killing and

invisible pupil technique, he only needs to look at it. At a glance, he can control a person at the late stage of the Innate Realm and make him his own puppet.

If the real body showed up, even the Grandmaster Realm would not be able to look directly into his eyes and kneel directly on the ground, the soul would be greatly traumatized!

"What flame? A flame that can kill you again!"

Li Yun gave a chuckle, and the Leap Fire God Sword waved again and cut it down.

The flames emerged, and along with the seventeen or eighteen flying swords attacking the thousand soul ancestors, they were densely packed like a group of ferocious killer bees.

"Your sword...!"

The thousand soul ancestor was frightened and angry. He saw Li Yun's golden dragon sword last time and had already told Venerable Dahi about it. Therefore, the ancestor of the thousand souls was exactly the one who brought it here. Therefore, the ancestor of the thousand souls Not surprised that he is here too.

Unexpectedly, this kid not only has a weapon that is suspected to come from Buddhism, but also has another weird to the extreme. Every time he swipes, he can summon more than a dozen powerful weapons ranging from small flying swords!

With this effect alone, the Thousand Souls ancestors can conclude that this sword is definitely the ultimate magic weapon, and it is even a spiritual weapon with a high probability!

"Do you want it? Go to your lord to get it. This is the spoils captured from your six magic gates!"

Li Yun's attacks were endless, and small flying swords poured out all over the world. The amazing thing was that these flying swords were not entities. After being shot out, they would always exist unless they were dissipated by the enemy, and they would still be able to chase the enemy automatically.

Sometimes Li Yun repeatedly swung the Leap Fire God Sword, and he was able to shoot hundreds of fiery red flying swords. The dense sky was covered with red river lights, making everyone who saw this scene open their mouths in shock. .

"This, this... what kind of weapon is this?!"

"My God, this is a fairy sword used by gods!?"

"Awesome! Soaring into the sky, the flames blazing into the sky, and fighting with swords, good men should do the same!"

"Okay, don't pull your bad literary talent! Watch the drama with peace of mind, be careful to hide, and don't be noticed by these flying swords that automatically kill!"

Many people from the rivers and lakes who came to Yuwen's house as guests were dazzled. Compared with Li Yun and the Excalibur in his hands, the heroines, the sword gods and sword masters on the rivers and lakes have all become jokes!

In the words of an innate realm, this is the sword technique, this is the sword fairy!

Tokugawa Ryou glanced at the mysterious battle in the sky, and then at the samurai sword in his hand, his expression on his face changed from complicated to silent.

Finally, he slowly retracted the katana into the scabbard.

Huang Xuanguo, he has no face any longer, and anyone fighting in the sky is an existence he cannot defeat!

If it weren't for Yuwen Fu being controlled by that weird thousand soul ancestor, Tokugawa Ryusun even felt that he might not be able to defeat him.

Compared with the country where Huang Xuanguo has passed on for thousands of years and has a complete martial arts context, the cherry blossom country is too weak...

Chapter 1718: All vain

"Venerable Da Ri, don't you take a quick shot to subdue this kid!!!"

The thousand souls ancestor was forced to be unable to do anything, and the strength of this kid was much stronger than when he encountered it last time.

Last time he could temporarily deal with Li Yun's attack by relying on a Song Yuan, although he was defeated in the end.

But this time, only a month or so has passed, and this kid has grown to where he is now!

The thousand souls ancestor controlled a grandmaster realm, able to exert the stronger power of the body, but still couldn't compete with Li Yun!

He has a feeling that when we meet again next time, I am afraid that he will need a puppet of the gods who practice spells, who can perform all kinds of spells before he can fight Li Yun!

Next time, I'm afraid he will have to gather thousands of troops and rely on hundreds of puppets to fight one of them!

"Amitabha."

The old monk who was meditating peacefully in the distance did not lift his eyes. The loud Buddhist voice spread all over the place, saying: "Everything in the world is vain. If you can't get rid of your obsession, you cannot become a Buddha."

"What the **** are you talking about!" The thousand soul ancestor was forced back again by Li Yun with a sword, and the flames gushed out, his puppet body was almost cooked through!

He jumped with anger and cursed: "I told you to come up and subdue this kid. Didn't the old guy come for that sword?!"

Li Yun raised his brows, he finally knew why Venerable Da Ri appeared here, it turned out that the old ghost, the thousand souls ancestors, attracted him!

"Want to grab my sword? Haha, the premise is that you first resist their attacks!"

Li Yun indifferently swung the Leap Fire God Sword, cutting out with one sword and one sword. He had a feeling that although the attributes given by the system were not written, the small flying swords made by the Leap Fire God Sword were not endless. of.

In another five minutes at most, the Leap Fire God Sword will temporarily lose its power and can no longer summon flying sword attacks.

However, this is enough!

The ancestor of Thousand Souls was forced to run into confusion by the densely packed small flying swords, and fled from the sky to the ground, trying to stop the attacks of these flying swords with automatic pursuit capabilities through the ground.

Li Yun followed, and the two chased and fled, fighting in the endless millennium family of Yuwen's palace. The place they passed was in a mess, with continuous rumblings and explosions, and the flames completely ignited here, covering a radius of a thousand acres. All the Yuwen's house ignited a raging flame!

"I want to kill them!!!"

A grief-stricken Yuwen family member who fled to the far side of the mountain on the hillside, saw this scene and walked away directly, going crazy and generally wanted to fight Li Yun and the person who occupied the body of the Patriarch.

But he was stopped by the people beside him. The third elder of the Yuwen family shouted coldly: "No one is allowed to go. If you stay in the green mountains, you are not afraid that there will be no firewood. Even if the old house of our Yuwen family is burned, the head of the family will fall, but as long as we are still there, we can rise again!"

Yuwen's house was silent up and down.

"That kid will be the lifelong enemy of my Yuwen family from now on, and I will do everything possible to kill him from now on!"

Fortunately, these two people are biting the dog, as long as we wait patiently...Uh! ! "

The third elder's throat suddenly got stuck, his eyes widened, his mouth opened wide but he couldn't say a word, his expression became extremely distorted and terrifying!

"Three Elders!"

The people around looked at him in shock. Now that the Patriarch has died in battle, if something goes wrong with the elders, Yuwen's family will really have no leader!

"I... ate... from the master, pill, medicine!"

A mysterious power raged back and forth in his body, and the three elders turned purple, and he finally thought of something.

Chapter 1719: Pour a piece

About a month ago, the Patriarch convened an elders meeting and decided to take refuge in the Six Demon Gates to fight against Li Yun, becoming the world's leading family and even the entire Huang Xuan country!

Soon afterwards, after coming back from the house, the owner of the family took out a box with a dozen strangely scented pills in it. He said that this was a gift from the people of Six Dao Sects, and asked them to take them before looking for each other. .

The elders were very skeptical, but since they have decided to take refuge and believe that the six gates are immortal gates, it is impossible to poison them as a mortal family, so some people took the pill. Among these people, the three elders are included. !

"The pill, there must be a problem with that pill... Patriarch, we have been deceived!"

The three elders who were convulsed all over finally figured out what the problem was. Just like the information revealed by the government, the six doors are not a good thing, but unfortunately, they understood it too late!

Liudaomen usually looks down on their mere mortal family, but at some point, it takes their lives.

Like now.

"The little beast deceives people so much! Do you really think I can't help you?!"

Accompanied by the thunderous roar of the ancestor Qianhuan in the distance, the three elders' seven orifices twitching on the ground bleeds, his head crooked, and he completely died.

"Three Elders!"

Many Yuwen's children and guards yelled in horror, but before they had time to say anything, they saw a purple-red light group emerging from the corpse of the third elder, and instantly jumped to the elder who was closest to the corpse.

Almost in the blink of an eye, the great elder convulsed all over his body as well, fell to the ground and shed blood, struggling for a few times, and he was completely silent!

Everyone was shocked. The Great Elder had just passed his 90th birthday last year. He was an elder when the previous generation was in charge. After 70 years of ups and downs, his reputation in Yuwen's family is second only to that of the Patriarch, and no one dares to violate it!

As a result, now, he died so unclearly, the frog was still jumping a few times when he died, but the elder...

When they were horrified, the purple-red light group reappeared again, and penetrated into another elder again with a thunderous force.

"Do not!!!"

As the terrifying plague was spreading, all the people who were close to the three elders died one after another, one by one, the seven orifices bleed and died miserably.

"escape!!"

"Run away!!"

All the children of the Yuwen family were driven to the back mountain by Shangguanming and Zhao Tianfeng to fight against the government's suppression of them. When the crowd gathered, the purple-red light group spread at an alarming rate.

When Zhao Tianfeng noticed the anomaly here, nearly two hundred Yuwen's children and the nursery had already died, and the remaining people fled frantically like frightened birds.

"what is this?"

"Be careful with Sister Fengfeng, and quickly take out the detoxification pill that Brother Yun gave us!"

When Zhao Tianfeng was puzzled, Hu Xiaomeng was ready to deal with it. He took out the medicine that Li Yun had given them and was ready to take it at any time.

According to Brother Yun, any poison, poison, curse, etc., can be recovered immediately by taking the detoxification pill, which is comparable to a panacea!

"it is good!"

Knowing that Hu Xiaomeng's brains are flexible, Zhao Tianfeng didn't think much, and took out the Poison Pill and held it in her hand. At the same time, she also noticed one thing.

From the corpses of the Yuwen family members, there were waves of white light, like the light in the morning mist, dimly unable to see what it was, only vaguely visible figures were all inside.

"This is... the human soul!?"

Chapter 1720: Restrained moves

"Ding, trigger the option event, please choose from the host:

Option 1: Kill the clone of Thousand Soul Old Ancestor, reward justice value + 30,000, experience value + 5 million, all attributes + 5,000, golden gift bag * 2, extra reward: aura value * 10,000.

Option 2: Turn around and flee. Reward skills: I eat the elixirs for one person, and I have zero output in team battles. "

When Li Yun forced the Thousand Souls ancestor into danger, and the old guy yelled for him to look good, the system issued a selection event prompt.

"What other means does Thousand Soul Patriarch have?"

While thinking, Li Yun took a slow shot. The Thousand Soul Ancestor took the opportunity to escape to a short distance from the back mountain. When Li Yun didn't even react, he opened his mouth to the dead Yuwen family member.

"Spiritualism!"

A stern cry of injustice sounded, and it spread all over the place in an instant. The Yuwen family who fled to the distance, as well as Wei Chao and others felt a chill covering their whole body, making their hands and feet cold, and their bodies trembling with cold!

Only Zhao Tianfeng and Hu Xiaomeng, with the amulet given to them by Li Yun, ignored the sharp whistling sound made by hundreds of Yuwen family members!

"Come all, come all, come and be one with the ancestors and me! Let's feel the wonderland of fusion together!"

The ancestor of Thousand Souls used evil voices to confuse those who died tragically. He flew in the air, greedily patrolling underneath, looking back and forth on those who were still alive, and all the people who were captured by the screaming souls were once again covered in one body. Zhen, the scalp is numb when seen by the ancestors of the thousand souls, and the feet are trembling, and I can't even think of running away!

Those white souls that had escaped from the corpse floated towards the ancestor of the thousand souls one by one, screaming continuously, everyone stood in a daze, trance, looking at the ancestor of the thousand souls. Ancestor.

"When I don't exist?"

Li Yun is not the kind of stupid protagonist who will wait for the enemy to transform into the second stage in the same place. After seeing the white soul floating up, he directly held up the Fire God Sword, intending to use the skill of the God Sword to burn the mountain. Burn the entire Yuwen family and the thousand soul ancestors to ashes!

But at the moment when the Leap Fire God Sword was about to fall, Li Yun clearly caught the eyes of the thousand souls ancestor looking at him diagonally.

Mocking, disdain, sneer.

It seems to be saying, even if your kid destroys this clone of me, if I hide my ancestor, I will not be called the ancestor of a thousand souls!

"He's not afraid of the clone being destroyed?"

"Yes, the person who refining the gods can split the gods and souls and control the clones. The thousand souls ancestors are in the return to the virtual state. He also used the split gods to invade Yuwenfu's sea of knowledge and control his body!"

"Even if my Yanghuo Burning Mountain can destroy Yuwen Fu's body, it will not be able to destroy the Soul of Returning to Void Realm at once!"

All sorts of thoughts flashed in his mind, and the Leap Fire God Sword in Li Yun's hand finally did not fall.

"Ha ha ha ha!"

The thousand souls ancestor laughed wildly, "Boy, do you feel that there is nothing you can do? Relying on the best magic weapon that you don't know where you get, you try to fight against a

Void Returning Realm. You are really brave, but unfortunately, you are not. Knows too little about the power of !"

"Oh?"

Li Yun smiled slightly, standing tall and tall in the sky, with a straight waist, and smiled: "A thousand souls ancestors, have you forgotten that I have a very restrained move!"

"Restrain me? How is it possible!" The thousand souls ancestor sneered, "The old man is a strong man who stands at the apex of the world in the middle of the Void Return Realm. You are a little brat who actually said that you have restraint... Me!?"

He suddenly thought of something!
