Chapter 18: Food stall

Li Yun rode his bicycle to a roadside restaurant called the 'Wang's Food Stall'. This is where he works.

Although it is a food stall, it is also a place for supper on the side of the road. It is very simple and the customers are also people who come for supper in the evening.

Therefore, Li Yun works from 6:30 to 11:30 in the evening, and his monthly salary is 2,800.

You get 2,800 for five hours of work. This is already the boss who knows Li Yun's situation and takes care of him specially.

"Boss, lady boss!"

Li Yun parked his bicycle on the side of the road, walked into the store, and greeted the busy boss.

"Yo, Xiaoyun is here?" The lady boss raised her head and glanced at him, then smiled: "Are you taking the mock exam today? How did you do? Seeing you with a smile on your face, you should have done well in the exam!"

"Hey, it's okay, I got full marks for Lizong and English."

Li Yun deliberately didn't talk about his own language and mathematics.

"Full score?!"

The boss and his wife were so shocked that their hands stopped, their eyes widened.

"Awesome, Xiaoyun!" The boss patted Li Yun on the shoulder happily. "Others say that poor children are early homes. Not only did you come out to work at a young age, Xiaoyun, your grades have not fallen at all. If my children can have Half of you, I'm satisfied!"

The proprietress also said happily: "I was worried that you would neglect studying because of part-time work. Now I can rest assured that Li Yun, you will definitely be able to get into a good university in the future!"

"There will be one day!" Li Yun smiled, "I will personally come to thank you two for helping me."

"Xiaoyun, are you...?" The boss saw the problem.

"Well, boss, I was about to tell you that I want to resign."

Hearing what Li Yun said, the two paused, then both nodded in understanding.

"Xiaoyun, you are taking the college entrance examination this semester. It is really not suitable for you to come to work again."

The boss hesitated, "However, I couldn't find someone to replace you for a while, so can you do it for a few more days?"

Row!

Li Yun was about to agree happily, and the system prompt sounded again.

"Ding, trigger the option event, please choose from the host:

Option 1: Accept the request of the boss and reward a random gift.

Option 2: Reject, no reward.

Option three: scold the boss for being black-hearted, and reward skill: wolf-hearted. "

Li Yun ticked the corner of his mouth. There are choices everywhere in life. With the system, he will be rewarded every time he makes a choice.

Without much consideration, Li Yun directly chose the first one.

"Okay, boss, I will do it until you recruit people!" Li Yun thanked: "The boss has taken care of me so much during this period. I will stick to the last post, boss, don't worry!"

"it is good!"

The lady boss is very happy, and Li Yun is also very happy, his reward has arrived!

"Random gift bag? Let me see what I can get out!"

Li Yun rubbed his hands, hoping that he would be able to draw out a five-star card-the highest reward in the mobile game.

"Random gift, open!"

The bag stored in his inventory flew to the middle of his field of vision, turned into a lottery machine, and slowly turned.

Li Yun stared at the prizes inside. Skills included Jiuyang Magic Art, Sancai Swordsmanship, God-Level Singing Voice, God-Level Writing Ability, God-Level Cooking Skills, etc., and items such as spaceships, kitchen knives, and stealth. Potions, potions of truth, and medicines include constitution pill, strength pill, resurrection pill, cleansing marrow pill, and so on.

All kinds of messy things are gathered here. Li Yun suspects that all the items in animations, movies, and novels, plus things of different dimensions, have been stuffed into this random gift bag by the system.

"What I got...what?"
