

Godly Choice 1821

Chapter 1821: needs time

However, Li Yun's reaction was once again beyond Tang Anxi's expectations.

"Ouch."

Tang Anxi's bright and clean forehead was flicked by Li Yun's fingers again, making her immediately understand that her little strategy was seen through.

"sorry....."

Tang Anxi apologized honestly, pursing her red lips slightly, her eyes were weak and humble, and there was a vaguely pitiful temperament that Li Yun saw in her heart unexpectedly.

Tang Anxi like this is definitely not the kind of white lotus disguise practiced in ktv, but she naturally reveals it.

"Li Yun?" Tang Anxi blinked those pitiful eyes, looked at him, and then was shot again.

"?"

"Are you going to eat together?"

"what!"

Tang Anxi's eyes lit up and she grabbed Li Yun's arm and asked, "Are we the two?!"

"Do you want me to call someone again?" Li Yun asked with a smile, Tang Anxi blushed on her cheeks, and she mustered up the courage to stand on her toes and put her red lips on Li Yun's face.

Li Yun fixedly looked at her, Tang Anxi pursed her lips, her eyes panicked and shy, and whispered: "Am... Am I very greedy? Sorry, I... can't help it anymore."

Over the past three months, Tang Anxi has crazily missed Li Yun in her mind, missed his voice and smile, missed his handsome appearance that stood up for her, missed him driving the car, driving her all the way, listening silently She talked about those sad life experiences that would never be known to others, missed him taking out the medicine, and warned her to work hard to get into a good university and change her life's caring appearance.

God knows how many times Tang Anxi has thought about Li Yun in these three months.

Every day, every hour, every minute, every second...

If it weren't for the six subjects to be reviewed and the need to suppress the thoughts in his heart, Tang Anxi suspected that she might think about getting sick for a long time...

"sorry."

He hadn't spoken for a long time, and Tang Anxi apologized again in fear. She couldn't slap herself now. Why did she come to Longyang County and she was still not satisfied when she saw him, but she still had to follow him here and pay after meeting him. Not enough, I even kissed him in the end.

In the next moment, Tang Anxi was surrounded by warm and powerful arms, and her delicate body was embraced by the man she was deeply in love with.

"Li Yun..."

Tang Anxi froze for a moment in disbelief, fixed her head up and looked at him, tears streaming down silently.

Suddenly, with the courage of a lifetime, she stretched out her hands around the man's neck and gave her own kiss.

"I love you, Li Yun, I love you so much...well."

"You are, you are the only one for me, I... um, um."

"My whole life, my whole life is to live for you!"

While kissing him eagerly, while confessing, confessing his thoughts and feelings over the past three months, dissecting his heart completely before his eyes.

At this moment, Tang Anxi felt that her heart was about to jump out of her chest with joy. She had never been so happy in her eighteen-year-old life.

After a long time, the two people separated.

Tang Anxi leaned weakly and weakly against Li Yun's, her slender waist was hugged by him, and she hated why she was so useless, so she couldn't do it after kissing for so little time.

"Sorry, An Xi."

Li Yun's mood was still complicated. He knew that his feelings for Tang Anxi were more of sympathy and affection, mixed with some likes, rather than Tang Anxi's love that was so enthusiastic that it eclipsed the eruption of the volcano.

At least, he needs time to accept her.

Chapter 1822: Unconditional love

Tang Anxi and Li Yun's confidante are different.

She was born extremely humble, and it can even be said to be extremely humble.

Mother died early, and father was addicted to gambling. He did not work for many years. He was spending time on the wealth left by her ancestors. In Tang Anxi's self-report, she was even forbidden to enter the house by neighbors when she was five or six years old, fearing that she would eat too much, overwhelm them.

How much can a little girl eat?

But this is not a matter of one or two meals, but ten days, eight days, three years and five years—the neighbors can't see the hope of Tang Anxi's father becoming better, and the family is completely ruined.

Li Yun can boldly pursue Xia Feiyao, Liu Xianxian, Gong Qingyu, Gong Lianyi, Su Muxin, Hu Xiaomeng, Zhao Tianfeng, etc., making them blush and shyly offering his first kiss.

But for Tang Anxi, Li Yun did not dare to do so.

Because she is a very sensitive and fragile girl, if you can't give her care and love, it is likely to hurt her greatly.

"No, don't say sorry to me."

Tang Anxi's eyes full of tears were full of love, and after kissing Li Yun, the cherry lips that looked more and more colorful will not open, and then they hooked his neck and offered her love again. .

"I know, I know Li Yun what you want to say... well."

"But, but... um, um, I don't care, I love you, unconditional love!"

"Even if Li Yun hits me, scolds me, punishes me, hurts me, whatever...I only want you, as long as you are by your side..."

I don't know how long it has been. It's so long that even this remote alley has many people passing by. Everyone who passed by looked at the couple kissing together in surprise. After watching for a long time, they blushed and left with a heartbeat. .

After all, this couple is really too involved and it's not good to bother them.

"An Xi, is that enough?"

Li Yun pushed her away a bit. This time it was so long that even people like him who had experienced hot spring hotels and the nightly date with Fang Xue felt that it was a bit too long.

"Not enough, not enough kisses~"

The corner of Tang Anxi's mouth was full of coquettish smiles, but in the end he didn't continue.

After all, her lips were already hot due to a physical phenomenon-friction and heat.

Li Yun helplessly squeezed her pitiful face, "Okay, I can't stand it anymore, let's go eat."

Tang Anxi lowered her head and did not keep up with his pace.

"What's the matter?" Li Yun looked back at her.

"...Would you like to order takeaway?"

"? Order takeaway?"

"Go to the hotel and order takeaway!"

Tang Anxi's voice trembled slightly, her words were full of shyness and fear, as well as a trace of expectation. She hesitated and said: "Tonight...or the next hour, during the meal time, we can and can... In the hotel, in the room, in...eat, dinner, by the way..."

The pitted sentence is finally finished, the potential meaning, no, this is no longer a hint, but an explicit statement!

A man and a woman, a hotel room, one hour.

So many keywords, can they have other meanings?

But an hour is too little to look down on him?

"Okay... forehead cough cough cough cough!"

Li Yun almost blurted out and agreed. After all, he is not Liu Xia Hui. After kissing a big beautiful woman for so long, is he still a man if he is not tempted?

It is a pity that even if there is no agreement with Fang Xue for the college entrance examination, Li Yun would not go to the hotel with Tang Anxi so casually.

Chapter 1823: go to eat

After the college entrance examination, Li Yun and Hu Xiaomeng, Zhao Tianfeng, Gong Qingyu, and even Liu Xianxian, Su Muxin, Xia Feiyao and the two in the family could all go further, but there were still a few people who couldn't.

One is Gong Lianyi, she still has knots, because Li Yun didn't go to the palace with her.

The other is the Sanctuary of Brahma. Li Yun has to communicate with her on spiritual thoughts, referred to as spiritual communication, before proceeding to the next step.

As for Tang Anxi... she also needs time.

".....Um."

A simple one, it contains too much disappointment and loneliness.

Li Yun smiled bitterly: "You have to give us some time, right? And now we still need the college entrance examination, it is not the time."

"Yeah!" Tang Anxi, a gloomy girl, spoke up slightly, seeming to accept this reason.

"Actually... I'm still a boy, don't you understand?"

"what?"

She couldn't believe her tone, and Tang Anxi really couldn't believe that Li Yun hadn't been with the girl next to him until now. After all, she knew that, not to mention that the one who was jealous three months ago will become even more jealous after three months. The saint lady said that she had seen the two beautiful girls next to Li Yun just now, and they were obviously her future "elder sisters."

There are so many beauties around Li Yun, but he actually...

Tang Anxi worked as a street promoter at the age of 15, relying on her beauty to make many men stop and watch. Later, she worked as a princess who accompanies customers to drink in KTV. He has seen too many men with corrupt private lives. Some Even fifteen or sixteen-year-olds, relying on the wealth of the family, began to behave early.

She even heard in school that some classes have a whole class... what's the matter.

So, when Li Yun said that he was still a boy, Tang Anxi was completely confused.

"Cough, let's go, let's go eat."

"Um...poof."

Tang Anxi finally couldn't help but laugh, and hurriedly said I'm sorry, then lowered her head to watch Li Yun's footsteps, and followed him step by step.

"Li Yun is still a boy...Woo, unfortunately, it's not mine."

Tang Anxi's silver teeth bit her cherry lips, and couldn't help thinking about countless ways to seduce men in her mind, but then they ruled them out one by one.

She doesn't think that her beauty is better than that cold and holy saint. That kind of woman's lethality on men is far from being defeated by other women by acting and charming.

Noble, holy, powerful, cold and picturesque.

May I ask, such a woman, which man does not want to conquer?

Even the lady of the saint could not seduce Li Yun, not to mention that she was a humble girl with only a few beautiful girls-it was only because of Li Yun's pill that she became a little more attractive.

Knowing Tang Anxi's surprise, Li Yun could only shrug his shoulders.

He also has his own difficulties.

Just got the system half a year ago. Before that, Li Yun was only close enough with Li Feng. There were no other female friends, so naturally there was no chance.

In the past six months, he spent half of his time running outside, and because the college entrance examination was approaching, he and Fang Xue had an agreement on the college entrance examination.

"By the way, An Xi, how did you find me?"

When looking for a place to eat, Li Yun thought of this question.

His current address is very secret, and only wrong information is displayed in all electronic archives. Unless he comes to Longyang County to inquire, he can know the exact address.

So Li Yun was curious, how did a girl like Tang Anxi find him!

Chapter 1824: Order

Tang Anxi's answer was beyond Li Yun's expectation.

"Go to Qingsheng?"

"Um."

The sensitive Tang Anxi lowered her head in embarrassment, and said in a low voice: "I knew from a friend that a beautiful woman with magical powers appeared in Zhonghai City. It is easy to think of the Lord Li Yun by your side before. After knowing where she lived, I went to her house..."

Then, Tang Anxi saw how luxurious the rich man's real residence was, and saw that the lady of the saint appeared jealous after she mentioned Li Yun—even though the saint's face was not at all. Expression, but Tang Anxi still caught the fleeting jealous tone.

"Well, very clever way."

"sorry....."

"Don't always say sorry, but is there anyone in your friends who knows the existence of Qingsheng?"

It is not a secret that Van Qingsheng and his maid Qingzhu lived in Mansion 8 in the Old Fa. Concession. After all, at the auction of treasures, Qingzhu personally exchanged an artifact for Mansion 8.

"Uh."

Tang Anxi hesitated, and Li Yun didn't ask much, holding her hand to find a better restaurant around the street.

"Li Yun." Tang Anxi said again.

"what happened?"

"Let's find a... a restaurant with boxes."

Tang Anxi blushed, holding his hand tightly with her small hand, "I want to eat alone with you..."

This can be more intimate, and she also wants Li Yun to feel her love more.

".....also."

Thinking of the next thing, Li Yun also moved a little bit. After all, he is not a saint, so he can't sit back and relax.

Smoothly found a quiet restaurant in the county seat, Tang Anxi followed Li Yun into a box, and as soon as she entered, she couldn't help but put her arms around his neck, pressed her body together, and became eagerly intimacy again.

Li Yun did not refuse. He knew that Tang Anxi would return to Zhonghai City after eating, and would not see her for a long time.

It didn't take long for the two to be interrupted.

"Sir, miss."

A waitress walked in calmly with an order menu, "Please order the food first, and then exchange feelings...Wow, so handsome!"

She wanted to calm down, but after taking a look at Li Yun, her eyes lit up, and there was quite a trace of female fans seeing an idol.

"What are you looking at!"

Tang Anxi glared at her fiercely, and the waitress was taken aback and quickly apologized.

"Huh, this is my boyfriend!"

As if declaring sovereignty, Tang Anxi stood on tiptoe and kissed Li Yun again.

She can tolerate Li Yun's confidantes before, after all, they came first, but she can't stand this kind of waitress who also shot Li Yun, let alone being disturbed by others during her very rare time together!

"Okay, let's order."

Li Yun couldn't laugh or cry. Tang Anxi struggled at the bottom of society to make a living. Of course she was not a fool, and her personality was definitely not as vulnerable and sensitive as before him, otherwise she would have been chewed on by men for her beauty, no. Maybe even the first kiss was reserved for Li Yun.

".....sorry."

Tang Anxi lowered her head to apologize honestly, but her little hand was holding Li Yun's hand and didn't let go.

"Why did you apologize again?"

"Oh, sorry."

Tang Anxi looked at him pitifully, "Li Yun, I am definitely not the kind of jealous woman——"

The waitress who had not left next to her gave her a strange look. Not only was the female customer dressed strangely and wore thick clothes, but also had a "fierce" personality. She acted like an extreme and monopolistic girl. In front of my friends, he was as good as a doll.

This reminds the young waitress of a term:

Diseased Jiao.

Chapter 1825: Tang Anxi's character

"I just want to..." Tang Anxi unconsciously showed her pitiful side, "A little more time with Li Yun, if and if you want this idiot waitress, just let it be together, I am willing!"

The waitress blushed, she couldn't help but glanced at Li Yun, who was so handsome and without friends. She was a little moved, but refused to say: "This female guest, don't talk nonsense, I'm not that kind of person, even if you are a man. No matter how handsome and beautiful the friend is, he looks exactly like the domineering president in the TV series. I am not tempted when I am rich and young!"

"Oh?" Tang Anxi looked at her with condescending eyes, "Are you really unmoved? It's okay to see your appearance, if you want to come, you can be my boyfriend's Xiaomi or lover."

——Same as her.

The waitress didn't know the details, but thought Tang Anxi was teasing her, and waited for the two of them to finish ordering without saying a word, and walked out sternly.

The two who stayed in the box vaguely heard the murmur, "What's so great about being handsome, my boyfriend will be more handsome in the future!", "Admit it, you are a jealous woman! Call me a nympho? I wish you can only be in the future. Xiaomi! Humph!"

Li Yun couldn't laugh or cry, and gave Tang Anxi a brain collapse, letting this introverted and gloomy girl converge a little.

Why didn't he know that Tang Anxi could be so foolish?

"Whee."

The settled Tang Anxi happily took Li Yun's arm and smiled like a flower on her face.

While waiting for the food, Tang Anxi entangled Li Yun and kissed again, without stopping for a moment.

Fortunately, there are many waiters here. After all, part of the functions of the box is for couples, as long as you don't overdo it.

Li Yun endured the huge "pressure" and pushed Tang Anxi away, sighing in his heart, if the appointment with Fang Xue for the college entrance examination is over, the relationship between him and Tang Anxi might be more chaotic than the last time he met Hu Xiaomeng and Zhao Tianfeng in the hot spring hotel. Come some.

After all, Tang Anxi has completely put her heart on him, and her favorability is estimated to be positive infinity, and she can do whatever she wants, and she is also very active.

"Alright, let's eat."

"Yeah..." Tang Anxi nodded obediently, glanced down, Yinya bit her lip, smiled shyly, blushing and whispered: "Want, do you want me to help you?"

"Have a meal!"

"The waiter will not come in within an hour~"

"Have a meal!!!"

"...Yes~~~!"

She seems to have mastered the skills of acting like a baby girl as a girlfriend. Tang Anxi is in a good mood. Although she knows that her position is far behind in Li Yun's heart, it only takes one month...no, three months, or even a year. As long as she gets along with Li Yun like this one day, she will feel very happy.

Li Yun finally resisted the temptation and sighed secretly. The college entrance examination should come soon.

"By the way, which school do you plan to apply for, Anxi?" Li Yun found a topic. With a score of 650 in Zhonghai City, most colleges and universities in China can pick it at will, except for Qingbei in the capital.

Finally it comes to this topic!

Tang Anxi suppressed the excitement and struggled for a long time before carefully asking, "Li Yun, which university do you want me to go to?"

"Um?"

"It's...with you, China Overseas University." Tang Anxi hesitated, turning her face to the side and said: "Or, China Overseas Theater Academy? I, I seem to have a talent for acting."

Chapter 1826: Tang Anxi's life choices

Li Yun was stunned. Indeed, judging from Tang Anxi's performance as a wine princess in ktv, she could easily make a man fascinated and spend a lot of money on her. If it were placed in ancient times, Tang Anxi would be a famous name. A woman who has stayed in history.

She went to the entertainment circle to really show her talents well, and won the title of a pure lady of the entertainment circle and the head of the lady after her debut.

"What do you think?"

Just as Li Yun asked her back, he received a prompt from the system.

"Ding, trigger the option event, please choose from the host:

Option 1: Let Tang Anxi go to China Overseas Theatre Academy, reward golden gift bag*1, the host will get a second big star girlfriend in the future, Tang Anxi will most likely set up her own film and television company and become a female president. The host can do anything There are countless female stars with unspoken rules. Bonus: Tang Anxi Entertainment Circle Exclusive Gift Bag*1

Option 2: Let Tang Anxi accompany this thing, reward a golden gift bag*1, the host can get a nanny during college, and in the future Tang Anxi can grow into a personal secretary with both talents and appearance, and a good home nanny. Bonus: Tang Anxi's personal secretary exclusive gift bag*1.

Option 3: Let Tang Anxi go far away to study, reward evil value of 10,000, and obtain skill: Turn your face ruthless. "

Because Li Yun has been in Longyang County recently, he hasn't seen the system for a while and there is no choice to trigger the event.

Unexpectedly, choosing an event for the first time in three days gave Li Yun a big problem!

"I, I want to leave it to Li Yun for you to choose!" Tang Anxi summoned the courage to test it out.

Yes, this time she was still testing Li Yun's feelings for her.

Tang Anxi would be very happy if Li Yun gave her an analysis seriously and asked her to go to any university at random.

But if Li Yun asked her to choose by herself... Tang Anxi would feel uneasy, for fear that she had done something wrong.

She has been probing, in fact, she is also proving how insecure her heart is, and she has been eager to get closer to Li Yun.

"Can you still go to the Drama Academy now?" Li Yun asked again, "I heard that the art exam for the Drama Academy was in January and February. It's passed now, right?"

"Me, me!" Tang Anxi hesitated.

"Tell the truth!"

"...I took the art exam at the Drama Academy in January."

Li Yun took a deep look at her, Tang Anxi lowered her head as if avoiding it, her little hand gripped the corner of his clothes—of course she knew her little trick, and there was almost no possibility of hiding it in front of Li Yun.

"Don't do this next time!"

Li Yun flicked her forehead again, and Tang Anxi obediently accepted the finger, biting her lip and staring at him.

She was moved by Li Yun's tolerance. She also knew that her personality was not good. She was always suspicious and tempted others, and she was full of vigilance about everything around her.

It is difficult to change a person's character, but for Li Yun, she is willing to work hard to change it!

"Yes! I will try my best to change it!"

"It's better to change it."

Li Yun felt distressed, and warned Tang Anxi: "I know you have a suspicious personality developed because of a bad family, but you have to know—"

Li Yun paused, Tang Anxi kept looking at him, taking every word he said seriously in her heart.

"The girls around me, they are all very good-character people. They don't make trouble because of various things. Even if they are jealous occasionally, they can accept each other after they know each other's existence."

"I'm actually very sorry to them!"

Chapter 1827: I choose

Li Yun's words are from the sincerity.

Think about it, whether it's his sister Li Feng, Fang Xue, or Xia Feiyao from Qinglei Valley, Gong Qingyu, the genius girl of the palace family, or Hu Xiaomeng, the little daughter of the Hu family, the sword of protecting the country His daughter, Zhao Tianfeng, whose seniority is scary, and Zhu Shu'e, the little princess of the Ming Dynasty 400 years ago, and so on.

These are excellent girls who have been rare in a century, but now they are all in love with him, and many things have happened in the middle, making Li Yun more and more affectionate for them.

With so many beautiful girls, it is of course impossible for them to live together. They are divided into ranks like the emperor's harem, jealous of each other, intrigue, and so on!

This will only degrade their character, destroy their beauty, and make these beautiful and intelligent girls become the role of vases, without characteristics.

Li Yun also hoped that they would have their own careers and pursuits, and that every girl would be shining outside, not just being a husband and a child.

For example, Shangguan Lingxian hopes that she can open a hospital in the future to treat as many patients as possible in the world.

Then Li Yun will subsidize her with the money earned from Baiyun Technology, support her, and let the good name of the fairy doctor spread to the world!

This is what Li Yun hopes to see the Queen of Harmony... Well, Gong.

"Well, I see." Tang Anxi nodded seriously, "I will definitely remember Li Yun's words, and I will never do bad things to... sisters!"

The word elder sister is still something she learned from TV dramas. The three wives and four concubines of those big families call each other like that.

Tang Anxi didn't know how excited she was when she said this sentence.

This means that Li Yun has accepted her. Before contacting him, he invited to eat at home and met his family. Tang Anxi was even more excited to hold Li Yun's hand tightly. If it wasn't because the timing was wrong, she would definitely They will also offer kisses to express their inner joy and happiness.

"Also, don't force yourself to get along well, I just want to say try not to...then what, you know."

Li Yun was a little embarrassed, after all, he was saying something "shameless" now!

"Well, I understand!"

Tang Anxi secretly laughed, and of course she knew what Li Yun wanted to say with her emotional intelligence.

Regarding the other girls around Li Yun, she actually had vague guesses.

For example, the lady of the saint, her status must be very high, but she is very big, and also told Tang Anxi where Li Yun lived.

As for the two beautiful girls seen at the school gate, Tang Anxi thinks they should be Li Yun's childhood sweethearts. Judging from their beautiful, confident and bright looks, Tang Anxi thinks that they should get along well with each other. She is good, she is kind to you.

In fact, judging from Tang Anxi's experience and knowledge, the richer people are easier to get along with, because money can eliminate most of a person's suffering and troubles and make people peaceful.

The rich may be arrogant, but once you make friends with them, then you can feel that there is not so much intrigue between these rich people, and that everyone can make a fortune peacefully, which is far from being as squandered as the bottom people imagine.

"In the future...I will serve with those noble-born girls..."

Tang Anxi clenched her fists tightly, everything is ready now, just... her origin!

Only when she is admitted to a prestigious university can she straighten her chest upright and walk into Li Yun's life!

"Li Yun, I have decided to read—"

Chapter 1828: The college entrance examination begins

"Goodbye, Li Yun..."

"Goodbye, An Xi."

After kissing deeply again, Tang Anxi still left.

Li Yun stood at the entrance of the hotel, watching her leave without looking back, and stroked her lips. Tang Anxi's hot and warm red lips still faintly remained on it, with the faint lip gloss remaining on her body, and the nose still smelled. To her body fragrance.

When I meet next time, I'm afraid Tang Anxi has become a famous university student, with more than 200,000 yuan saved from a part-time job, and a house given to him by Li Yun. In terms of identity and status, I'll see Tang An again next time. In the evening, in Zhonghai City, she can be regarded as a female college student with a good family background.

And he has at least 8 points of beauty, excellent grades, and a bright future.

"I hope next time she can... Forget it, go back."

Li Yun shook his head. Changing her personality is not something that can be done in a single sentence. She just hopes that Tang Anxi will not play tricks on the confidante beside him - she shouldn't dare to do that either.

When he got home, he was greeted with a few surprise cheers, a warm petite body leaped over, listening to the little princess's soft and waxy husband's cry, Li Yun's heart was soft.

This is the life he wants!

On June 7th, Huang Xuanguo general colleges and universities admissions unified national examination, referred to as the first day of the college entrance examination.

With the advent of this day, Huang Xuanguo seemed to be enveloped by the atmosphere of the exam.

News, Weibo, various forums, Q groups, etc. are all cheering for the third year of high school. All kinds of post bars have put on the top of the college entrance examination blessings. Many seniors who have passed the college entrance examination for a long time typed out the welcome words of their schools, hoping to learn in the third year. The younger brother and sister have good grades in the exam and apply for their school.

Many people who eat melon are discussing the composition of the first subject of the language today. This is probably the only place where people who eat melon can express their opinions.

—The other high school knowledge points of physics and mathematics have long been forgotten by the people who eat melons.

"Boldly guess that this year's Chinese composition propositions are related to artificial intelligence! Specially named Zhonghai City, there will definitely be artificial intelligence or autonomous driving topics!"

"It's possible. After all, the essay questions in previous years were related to current affairs. It is estimated that the politics of liberal arts will still be tested."

"Impossible, there is a slight possibility for Zhonghai City's papers, but the national papers are absolutely impossible!"

"Why?"

"Isn't this nonsense! Artificial intelligence and autonomous driving are both high-tech. How do you make the children in the western mountainous area think? The composition topic must take care of the mountainous area, so it is impossible for the country's 123 volumes to have such a topic!"

"It makes sense."

"This year's Zhonghai City is really the nation's attention. Not to mention that the recent Baiyun Technology launched a smart phone that shocked the global technology circle. Even this college entrance examination is full of geniuses, and it is very likely that the first person with full scores in general subjects!"

"Full score in all subjects?"

People who eat melon on the Internet have turned their discussion topics to this.

"I remember a genius with 750 points, right?"

"I just checked the information, no, and some are piled up with various bonus points. The highest test paper score is Zhang Zhenfeng. In 1998, he scored 748 points in the college entrance examination, and only lost 2 points in mathematics."

"I'm Cao, full marks in Chinese? Great!"

"Zhang Zhenfeng's 748 is fake, thank you. Anyone with a brain knows how difficult it is to score 150 points in Chinese. You might as well say full marks in mathematics and 148 in Chinese!"

"Longyang County Li Yun: It's hard to hear you say full marks in Chinese?"

"I'm him...this guy might really get full marks in Chinese today!"

Chapter 1829: Fairy's College Entrance Examination (Part 1)

The mention of Li Yun indicated that the Chinese could not get perfect scores. Netizens were silent.

The papers of Li Yun's first mock test in Zhonghai City were posted on the Internet by Zhicai Middle School in Longyang County. After millions of netizens watched them repeatedly, no one was able to find a single mistake.

Every knowledge point is written out completely, the Chinese reading comprehension completely conforms to the standard answer, the writing is neat, the literary talent is brilliant, there are arguments for the argument, the theme for sublimation has the theme of sublimation, no one can say a word against it with a maximum score of 60. if.

What's even more powerful is that every word he wrote on more than a dozen test papers is clearly written, and each stroke is as neat as it is printed, and no fault can be found.

"Don't forget, Li Yun's girlfriend, Fang Xue, another genius in Longyang County, she also got full marks!"

"My Cao? Li Yun's girlfriend is also a perfect score?!"

"More than that, Li Feng, the sister of his twins, 748."

"Sun! Is there any reason for this?"

"Correct, Li Yun and Li Feng are sisters and brothers, and both are from an orphanage."

"My mother, a winner in life!"

"Gazette, Li Yun has a very close relationship with Baiyun Technology, and it is said that he is the chairman."

"Bullshit, the market value of Baiyun Technology has soared to one trillion, and no one can only see when its market value will grow to the top. Will the chairman of such a giant company be a senior high school student?"

"Haha, the boss of a trillion-dollar company is a senior high school student. This is the funniest joke I've ever heard!"

"Hehe, believe it or not, if you don't believe it, you can go to the abnormal press conference a few months ago."

"Has the shares changed?"

All kinds of topics about Li Yun are circulating on the Internet. Thanks to this, Li Yun's Weibo fans directly broke through 10 million. The photo he reposted last time with a certain beautiful woman was also dug out.

"Who is this big beauty?"

"It looks like a top-notch beauty, but the light is too dim. You can only see the background is the community, and the two are likely to be dating."

"Report!! The big beauty found it, and now she appears at the gate of No. 1 Middle School in Zhonghai City, I'm Cao, so beautiful, so beautiful! My Cao!!"

As the news came out, in the blink of an eye, the topic of this big beauty on the Internet suddenly skyrocketed. As more photos came from one, many people on the Internet regarded this big beauty as the whole country. Top, ranked in the forefront of many beauty celebrities.

Zhonghai City, No. 1 Middle School. School gate.

Under the leading **** of two off-road vehicles and the protection of the two behind them, a pure white BMW came to the gate of No.1 Middle School unimpeded all the way.

Today, the gate of No. 1 Middle School, where parents should be blocked and prohibited from picking up their children, was the only one that was driven to the school gate by these five vehicles. The special treatment caused many students to turn their attention.

Soon, they saw the beauty that they will never forget in their lifetime:

A nine-day fairy with a curly skin and a fairy-like appearance walked out of the white BMW.

She wore simple short sleeves and jeans, and dressed normally, but she showed the fairy's figure perfectly.

The exquisite female curve presents the perfect golden ratio ratio. A pair of slender and round legs, even if they are wrapped in jeans, can allow a group of students and parents to clearly feel the perfect ratio and leg shape of these beautiful legs.

Chapter 1830: Fairy's College Entrance Examination (Part 2)

Fairy's lotus root arms exposed from her short sleeves are round, slender, pure white, moderately fat, and her skin is frosty and frosty. From the skin of her arms, everyone can imagine how perfect her whole body is. Other parts Your skin tone must be as white and delicate as beautiful jade, right?

The entrance of No. 1 Middle School should be very noisy on the day of the college entrance examination. Quiet completely.

Everyone stared at her, not daring to breathe, for fear that it would startle the fairy.

"Woo, miss, wait for me!"

Another lively and lovely girl got out of the BMW car and broke the silence at the school gate. Everyone whispered and asked about the origin of this beauty in a low voice.

"Who is she? Oh my god, it's so beautiful!"

"I'm going to die... I've forgotten all the knowledge points today, and her figure is all in my mind..."

"There is such a beautiful girl in No. 1 Middle School? No, it should be said that there is such a beautiful girl in the world, whose appearance is like a three-pointer?!"

Some boys are ready to move. Although today is the college entrance examination, they just stepped forward to ask about the beautiful class and the school to apply for, shouldn't it be okay?

Fairy also holds a stationery bag for the college entrance examination in her hand. She should have come to take the college entrance examination.

The thought of being able to be in the same examination room with Fairy, and possibly even in the same university in the future, made countless boys feel feverish!

However, before they got close, the leaders of No. 1 Middle School greeted them with smiles.

Including the principal, the vice principal, the director of the political and educational office, the grade director, and several leaders in charge of invigilating the examination, it seems that the director and deputy director of the Zhonghai Education Bureau, all came to welcome the arrival of the fairy in person.

"Welcome, welcome to Miss Fanqingsheng to take the college entrance examination in Zhonghai City. The Education Bureau of Zhonghai City will do its best to run the college entrance examination, so that Miss Fanqingsheng can take the exam with peace of mind!"

"As soon as Miss Fanqing Sheng arrived, No. 1 Middle School was immediately brilliant, and the students and teachers of No. 1 Middle School felt extremely honored!"

"On behalf of all the students and teachers of No. 1 Middle School, I welcome Miss Fan Qingsheng to come!"

A middle school student represented: "..."

They are all stupid.

Although there are many children of powerful and rich people in No. 1 Middle School, it is the first time that No. 1 middle school students have seen such exaggerated privileges.

No, many real dignitaries are also the first time I have met!

Such an exaggerated welcome party, and it is still a grand welcome in the public, for fear that others may not know it. Why is this?

What they don't know is that as long as they can please the Vatican, it means that Huang Xuanguo can have a potential monk to help. Compared with this, a simple welcome party is really nothing.

If it weren't for the fact that the Saint Vatican would refuse, Xia Ming's leaders in the capital would even send people over and arrange for the leaders of Zhonghai City to welcome the saints of the Hidden Sacred Valley to participate in the secular college entrance examination.

"...Thank you." Fan Qingsheng's beautiful eyes were as cold as water. She didn't know how to respond, so she could only say thank you.

However, even so, her beautiful voice seems to have the music of an immortal palace, which makes people feel as if they are in the clouds, and feel comfortable all over.

"How can there be such a nice voice under the sky!"

The students cried again.

The leaders were shocked. They knew something vaguely and thought of something.

The beautiful woman in front of me, as beautiful as a fairy, is probably a real fairy!

No wonder her voice is so beautiful.
