Chapter 1841: Liu Xianxian who likes freedom

Liu Xianxian said indifferently: "My true fans will support me, so the people who turn to black fans, they must not understand my character and personality, and they will be black as they please."

"But.....!"

"When people grow up, they have to fall in love, get married and have children. Isn't this normal? It's hard for me to understand why the seniors in the entertainment industry conceal love and marriage, and I don't plan to do that."

"But he...!"

"I know."

Liu Xianxian interrupted her for the second time, "Sister Zhang, do you want to talk about Li Yun's bad background and the many girls around you? Although some do not conform to social ethics, this is my private matter and others can't control it. Me, right?"

Sister Zhang was speechless, and Li Yun was also a little surprised at Liu Xianxian's words.

"I hope that I can live freely and not change myself because of being talked about by others. I will be the truest me, free and happy, and live happily!"

Liu Xianxian turned his gaze to Li Yun, and asked, "What do you think Li Yun?"

"I don't think it is correct."

"what?"

"Freedom should only be released under certain restrictions," Li Yun smiled slightly, "For example, although Guo Ben is also his own freedom and does not violate the law, he definitely can't."

"Hate, you are Guo Ben!"

Liu Xianxian said angrily, and then thoughtfully, "You mean, because I am a public figure, I have to pay attention to some public images?"

"Correct."

"alright, I got it."

Liu Xianxian bit her lower lip, seemingly reluctant, "Then I won't admit your relationship with Li Yun in the future, as long as I don't confess it personally, it won't matter how others talk, right?"

Li Yun nodded.

In fact, this is nothing. Among celebrities and celebrities, there are few people who cheat, beat people, evade taxes and evade taxes, and are the big boss, Xiao Mi, who is the boss, drunk driving, and drug addicts?

But often as long as you clean up, do a little charity, and perform some good movies, the topic will soon pass, and the stars still collect money.

There is even a once-popular celebrity incarnate as a capital crocodile. Using his own fame, he tried to use 30 million to leverage the leverage of a company with a market value of 10 billion, and used 30 million to buy a company with a market value of 10 billion. Leeks are most banned from entering the stock market.

But that's it. There are still many people on the Internet who are supporting her, calling those stock investors stupid. It can be seen that as long as a person is famous, there will never be a shortage of brain fans. There are too many people in Huang Xuan country.

Compared with these, the matter between Li Yun and Liu Xianxian is really nothing, at best, it will bring some reputation loss to Liu Xianxian.

"Sister Zhang, I have to stay in Longyang County these days. If you have other jobs, go and work."

Liu Xianxian issued a "dismissal order" so that his agent no longer needs to follow her!

Sister Zhang was speechless. She opened her mouth and tried to speak a few times. In the end she didn't say anything. She left the car and took a taxi to the high-speed rail station.

She wants to go back and tell the company chairman this news!

Liu Xianxian is the pillar of the company, anyone can be missing, but she must be the only one!

Inside the car.

"Xianxian, your agent is very dissatisfied with me."

Li Yun watched her leave and smiled slightly.

Liu Xianxian spit out her little tongue, and apologized a little: "In fact, Sister Zhang is very good, really, she takes special care of me! It's just a bit...well, let's not say anything, can't speak ill of others behind, hehe~!"

"Hahaha, all right."

Chapter 1842: Take the big star to Xianfu (Part 1)

Li Yun doesn't find it troublesome for the chores caused by the girls around him. Responsibility and rights are interdependent. There is a widely circulated saying: If you want to wear a crown, you must bear the weight.

There is still a period of time before the Chinese test, and there are only two people in the car. Therefore, when Li Yun looked at Liu Xianxian, the latter's eyes suddenly became shy, and he stammered:

"You, what do you think this bad guy wants to do? Don't mess around, this car can't stop peeking!"

"Xianxian, what do you think? I just want to see you."

Li Yun said innocently, Liu Xianxian was a little scared and reacted instinctively now.

"I don't believe it."

Liu Xianxian muttered with a blushing face. Immediately after, her little hand was held by Li Yun, her body stiffened, and quickly softened, closing her eyes and waiting for the intimacy of the big villain.

She should have known since Donggou Village, boys are all anxious guys, once you get along with him alone, you have to be prepared to be bullied.

Unfortunately, this time is different.

"Xianxian what are you doing?"

"?"

Liu Xianxian opened his eyes and saw Li Yun's playful eyes, his face flushed again, and he said, "You, don't you want to..."

"What do you think? I just want to take you to a place."

Li Yun said innocently: "Do you want me to kiss you? Okay, well, comforting your girlfriend is also part of a man's obligation. Come, kiss and go!"

"Well, badass, it's not my dear... me."

A minute later, Li Yun reluctantly left from Liu Xianxian's charming shuangfeng, squeezed her small hand, and smiled: "Xianxian, I will take you to a place. Don't resist, remember."

"Ah? What?" Liu Xianxian was still a little confused by the kiss.

Although she debuted very early, Li Yun was her first boyfriend, and she was the first to kiss. Liu Xianxian has made several films about love. Unfortunately, each one is youth-oriented, love is secondary, and the hero and the heroine are the protagonists. Never kissed from beginning to end.

Even if there is, Liu Xianxian does not intend to kiss the actor, and she refuses to borrow the place. She prefers to reject the play.

Therefore, after experiencing the taste of love, Liu Xianxian enjoyed it very much, and couldn't wait to come back to Li Yun after filming the documentary.

"Just don't resist me, trust me in your heart."

"Don't resist... the villain!"

Liu Xianxian's pure and beautiful face was red enough to bleed. She thought Li Yun was going to make a mess again, and she twisted it, and then whispered: "Then you are light, light... one... ah!!!"

Before she finished speaking, she felt a whirl of heaven and earth, and an unknown suction came. Liu Xianxian was about to break free, but thought of Li Yun's words just now, plus the little hand being held by him, which made her subconsciously grasp Li Yun tightly. With her hand, she gave up resistance and let her suction take her somewhere.

"Come on, stand still."

Li Yun put her arms around Liu Xianxian's slender waist and let her feet stand on the clean and beautiful grass.

Liu Xianxian closed her eyes and put her arms around Li Yun. She didn't dare to see what was in front of her. Of course she felt it from the wonderful and strange fragrance. Now she and Li Yun have left the school gate and came to an unknown and mysterious place. .

"Li, Li Yun?" Liu Xianxian's body tremblingly hugged him tightly.

"It's okay, come, Xianxian obediently opened his eyes, take a look here, you will definitely like it!"

".....Um."

Under the comfort of her boyfriend, Liu Xianxian opened her eyes nervously, and her eyes trembled at once, as if it was the first time a newborn baby bird opened her eyes to see the wonderful world outside, her eyes full of curiosity and desire.

"what!!!"

Chapter 1843: Take the big star to Xianfu (Part 2)

From fuzzy to clear, when he saw the world in front of him clearly, Liu Xianxian cried out in surprise, his beautiful big eyes were full of shock and curiosity.

The world in front of her was far beyond her expectations.

You can see the blue sky at a glance, the wonderful brilliance circulates in the beautiful bamboo forest, the colorful butterflies fly in the strange flowers and weeds, and the strange fragrance floats into the nose, take a deep breath, and the whole body is comfortable.

It's like a summer morning after rain, a cool breeze blowing through the woods, the smell of soil and flowers mixed together, full of the breath of nature.

"This this this!"

Liu Xianxian only felt that his eyes were not enough. There were so many magical things here that I couldn't finish it or talk about it.

It's like a dream here, everything is so beautiful!

"The son~."

Accompanied by a slightly upward tone of joy, a weird woman wearing a red dress with blood-red pupils suddenly appeared in front of Liu Xianxian.

"what!"

Liu Xianxian was startled, and subconsciously hid behind Li Yun.

"Uh, this lady, please forgive me. Xiaoqian was rude."

The woman with red eyes and red eyes is naturally the spirit of the Lotus Immortal Mansion, Nie Xiaoqian.

Seeing that she was shocked by the fairy empress Liu Xian, she hurriedly said apologizing. After all, most of the people who can enter the fairy house are the young master's women.

"No, nothing."

Liu Xianxian came back to his senses, and began to see the red-dressed woman in large numbers. After seeing her red eyes, she knew that she was not a mortal.

In addition, she has a cold breath on her body. It is likely that she is a female ghost raised by her boyfriend. After all, isn't it all said in the movie? Men like to raise some beautiful female ghosts...

"The female ghost's nails are usually sharp and slender, this Xiaoqian's hands...mud!?"

Liu Xianxian was shocked. She actually saw a cloud of mud in the hands of a suspected female ghost, and the female ghost rolled up her sleeves. It was obvious that she was playing in the mud just now. After Li Yun appeared, she couldn't wait to rush over, causing the mud. return.....

"Ah!"

Nie Xiaoqian was ashamed, her pale face turned red, and she quickly shook off the mud on her hands, but still felt rude.

"My son, I, I'll be back when I go!"

With a sigh, Nie Xiaoqian disappeared, leaving the two of them staring at each other.

"...Is it beautiful here?"

"Well, it's beautiful!"

Liu Xianxian turned his attention back to the surrounding scenery, his eyes were extremely surprised, and he was eager to try, and he wanted to run and visit here happily.

Li Yun smiled and introduced Liu Xianxian: "This is the inner space of a magic weapon. The girl's name just now is Nie Xiaoqian-this is the name I gave her. It comes from Strange Tales from the Liao Zhai. You have seen it compared to Xianxian. She is actually not a human being, but a female ghost."

"Female ghost?"

"Similar to the zombies you have seen before, except that zombies are human bodies, while ghosts are more of human souls."

After death, the body can become a zombie, and the soul can become a ghost. Therefore, people are worthy of being the spirit of all things, even after death they can become all kinds of weird things.

Li Yun made an introduction to Liu Xianxian while walking towards the lake.

After this big star who pursues unfettered freedom finally confirmed that it is safe, the whole person seems to have become a cheerful bird running happily in the fairy house.

"Li Yun, this place is so beautiful, I like it so much!"

"Wow, Li Yun, look at this butterfly, it's golden! It still shines, it's really beautiful!"

"Huh? It's not afraid of me! Can I play with it? Hehe, don't run, little guy~"

Chapter 1844: Toad mount

The silver bell-like laughter echoed in the Lotus Immortal Mansion, injecting a fresh breath into this immortal mansion that lacks popularity.

Li Yun is actually reluctant to come here. The fairy mansion looks very beautiful at first glance, and there are many small animals placed here, but in fact it is a bit depressing after a long time, the world is not vast, and it lacks the noisy atmosphere that belongs to people.

If it weren't for Nie Xiaoqian and Xiaodie to live here, Li Yun would probably not come in once for ten and a half months. Fortunately, with the two daughters of Nie Xiaoqian behind, he could barely give the fairy house a little more "human" air.

Although Nie Xiaoqian and Heiyudie are not humans.

"Crack!"

Youyan Shentoad jumped out of the pool, and came to Liu Xianxian with a few jumps. The crystal-amber toad was full the size of a millstone, and Liu Xianxian was taken aback.

Fortunately, Li Yun said that everything here was under his control and was very safe, which made Liu Xianxian calm down.

"You are?"

"Crack!"

After Youyan Shenchan screamed, his body became a bit bigger, and he was still leaning down, his head lying on the ground, clearly motioning Liu Xianxian to jump on its back.

"Ah! What a cute big toad!"

Liu Xianxian looked at Li Yun in surprise and asked if he could ride on it. The latter twitched his mouth. This toad would please his owner very much. He never forgot to flatter him. He even forgot his dignity as a fierce beast, and even deliberately changed it. The appearance of Crystal Amber hides the ugly sarcoma like a skull before, specifically to please the hostess.

"Go up, this guy is called Youyan Shenchan. He has grown up recently. He must have secretly absorbed the aura of the fairy house. It's just right to use it as a coolie!"

"Aura? Hehe, then I'm on it? Li Yun, do you want to be together?"

Liu Xianxian has filmed costume plays, and of course she has also rode a horse. Of course, she must have never rode a toad, and it is impossible for anyone to ride this thing except for the nine-winged black feather butterfly.

Hearing that the owner and the owner will also be together, the three-eyed toad hurriedly got bigger, his whole body was like a small car, and it was more than enough for two people.

"You guy is really good at it!"

Li Yun jumped up with the sound of a little ant, and reached out his arm to hold Liu Xianxian's slender waist.

"Hehe, it's itchy~" The beautiful and innocent star flushed with excitement. After twisting his body a few times, he leaned comfortably in Li Yunqi and asked him to hold himself tightly.

"Crack!"

Youyan Shenyang leaped gently, and the car-like body flew up to three or four meters high, and then landed lightly at a distance of seven or eight meters. The huge body was almost like a balloon. When it landed, there was no grass. Step off.

"It's amazing!" Liu Xianxian exclaimed, her beautiful big eyes gleaming.

Li Yun nodded in agreement, as expected to be a fierce beast with a leathery cooing name like Youyan Shentoad. Once he had absorbed aura, his strength increased at a terrifying speed.

"Qua!" Three-eyed Toad was very proud, his cry was full of pride, as if saying, "Boss, don't worry, what I eat is not for nothing, I am also very strong!" As a mount, it is simply... a gifted supernatural power.

—Poor it, a big murderer who was famous in ancient times. He was the overlord in the Jiuyou Cold Lake. I don't know how many immortals who went before to seize the water in the cold pool, but now they can only serve as a mount for a mortal.

Poor, so pitiful.

"Go to Xiaodie."

Li Yun stretched his feet and stepped on it, and the self-pitying Youyan Toad squatted quickly, and flew to the herbal garden in a swish shape.

Even the famous Nine Transformation Divine Butterfly is kept as a pet by humans. What's the dissatisfaction with it?

Chapter 1845: Black feather butterfly changes

In the herbal garden, a black cocoon emitting a beautiful starlight greeted Liu Xianxian's eyes, making her more amazed, widening her eyes to observe this magical cocoon carefully.

It is black and translucent as a whole, and a little girl with Chiguo is faintly visible inside, curling up with a baby in her mother's belly. Although this little girl has slender hands and feet, her appearance is like a seven or eight-year-old girl.

But her body is quite small, only the size of an adult's head, and the size of a baby.

"This, what is this?" Liu Xianxian felt that he didn't have enough eyes. Everything here is amazing!

"Nine-winged black feather butterfly, a wise... creature."

Saying that the fierce beast is too ugly, Li Yun smiled and added: "It's also my daughter."

"?daughter?"

Liu Xianxian thought of a lot at once, could it be that this is the daughter of Li Yun's bloodline? Although she is a bit magical, it is not impossible to be born, after all, it involves the realm of immortals.

—In myths and legends, aren't the processes of gods creating creatures all weird?

"Where did you think of it? It's a goddaughter!"

"Hee hee, I'm sorry."

Liu Xianxian spit out her little pink tongue and looked at Black Feather Butterfly: "Then she is sleeping now?"

Li Yun didn't answer immediately. He stepped forward and touched the black translucent cocoon. Amazingly, the black feather butterfly inside the cocoon also trembled, stretched, kicked its legs, and then changed again after a vague sigh. This position continues to fall asleep.

She seemed to be responding to Ba Ba's intimacy.

"It's sleeping, which is exactly evolving, similar to the process of caterpillars turning into butterflies."

Before this cocoon was completely black, after more than half a month of digestion, the black cocoon gradually became transparent, and the black feather butterfly inside also began to emit three magical lights.

Red, yellow, blue.

It seems just for her third emergence, I don't know if there will be a beautiful scene of nine colors in the ninth emergence.

Li Yun took Fan Qingsheng in to see it, but unfortunately, she knows very little about ancient things, and Black Feather Butterfly has never seen it.

"Become a butterfly?" Liu Xianxian's eyes lit up, "Could it be more beautiful? Cuter? Oh, I really want to hug her, what a cute little guy~!"

"There will be a chance."

Li Yun smiled, stretched his foot and stepped on the three-eyed toad, and said: "Let's go to the lake."

"Crack!"

Youyan Chan took off sharply, and drove the two to the lake.

Next, Liu Xianxian saw the reason why this fairy house was full of wonderful fragrance:

In the lake, five immortal lotuses with buds waiting to be released are exuding a condensed aroma, lingering around the lake like a fairy mist, reflecting the common lotus and lotus leaves, and a picker who washes his hands by the lake. The lotus girl forms an extremely beautiful landscape.

"It's so beautiful, so beautiful~~~"

Liu Xianxian's eyes were gleaming, and she couldn't wait to walk down the bridge to the pavilion in the center of the lake and watch the immortal lotus up close.

She seems to have overlooked one thing... Wait, the lotus plucking girl?

"Ah, it's Nie Xiaoqian!"

Liu Xianxian realized that the graceful woman who was washing her hands by the lake was Nie Xiaoqian, the former ghost in red.

"...Young Master, Miss Liu." Nie Xiaoqian was still a little shy, stood up and stood by the lake rather at a loss.

Liu Xianxian pursed her lips and laughed, she finally knew why Nie Xiaoqian was digging in the mud:

By the lake, there is a small building made of bamboo...

Chapter 1846: Finish the exam

"It's so good~~It's so beautiful!"

After leaving the fairy house, Liu Xianxian who returned to the car was obviously still in excitement. His pure and beautiful face was flushed. I don't know if it was because of seeing all kinds of magical things in Li Yunxian's house, or because he was excited just now and took the initiative. The embarrassment brought by hugging Li Yun and offering a kiss.

"It's so beautiful? I see, Xianxian, do you still want it."

Li Yun gave a smirk, put his arms around her slender waist, and kissed Xianxian's vermilion lips.

Being so close to this international star, you can even bully her all kinds of hard. If Liu Xianxian's fans knew, they would definitely want to kill him.

"Big villain, why are you here again... Yeah, no, the exam is almost over... Um~"

Liu Xianxian struggled first, and soon lost in the intimacy with Li Yun.

After all... after seeing the magic in his fairy mansion, she was also very moved.

This means that she and Li Yun have the power to resist the secular. Even if people all over the world object, Liu Xianxian has the confidence to say that my boyfriend is a fairy, and you can't look at it from a secular perspective.

The greater confidence is that she can enter the fairy mansion anytime and anywhere, escape all the troubles and sorrows of the world, and watch movies, read novels, write and draw carefree in it.

There is a space dedicated to her and Li Yun!

At 12 o'clock at noon, the first language test officially ended. When Fang Xue and Li Feng found Li Yun according to the information on their mobile phones, the two women who entered the car immediately saw a bullied man with a face full of shame and messy clothes. The big star is trying to hide something in a panic.

After seeing the two women, Liu Xianxian was even more shy, with a faint blush on her face with a pure temperament and a touch of fairy energy.

A fool can see what happened between the two in the car just now.

"Sister, Xiaoxue, have you finished the exam? Go, get in the car, let's go home for dinner!"

Li Yun brazenly put the weak Liu Xianxian in the position of the co-pilot, drove the car, and dazzled people!

"I said why you came out so fast, it turns out that you are bullying Sister Xianxian here!" Li Feng pinched his younger brother's waist, and Fang Xue also came here, and the two women had a great understanding.

"What is bullying? I just took Xianxian to see the beautiful scenery."

"You are driving again! No, you are driving now!"

"Hahaha."

Li Yunchun took the three beauties home with a breezy face. As for Liu Xianxian's bodyguard, he could only look at each other a few times before going to the restaurant to have lunch by himself.

Inside the car.

Liu Xianxian gradually recovered from her absence, her face still hot, but she also thought of something.

They must have guessed what happened just now, but they didn't say much, and they didn't wonder why.

This shows that the two of them have actually been bullied by Li Yun, so they are very familiar with her messy clothes just now.

"Li Yun, you are such a badass!"

"Oh, why are you here, Xianxian?"

"Hmph, choke you to death, choke you to death~~"

"Haha, stop making trouble, I'm driving!"

After a lot of effort, Li Yun finally took the three beauties home. Needless to say, the process was difficult.

Before getting off the car, Liu Xianxian wore a mask and sunglasses to prevent the reporters from being photographed secretly.

"It's obviously hard work." Fang Xue smiled and said to her, Liu Xianxian was a little embarrassed: "In fact, it's okay, accepting fans' favorite stars, of course, also accept the trouble of exposure anytime and anywhere."

Chapter 1847: Are you a fairy bun

"Sometimes I also envy the lives of ordinary people, but when I think of so many fans waiting for my work, I can cheer up and keep going."

After Liu Xianxian finished speaking, he felt that his words were a little bit high-sounding, and they didn't seem to be words to "his family" at all.

Fortunately, Fang Xue and Li Feng didn't care. Li Feng was originally a small fan of Liu Xianxian and liked her songs very much. Although Fang Xue was not a fan, she still had a good impression of Liu Xianxian.

The three girls followed Li Yun up the elevator while chatting. It was not until Li Yun clicked the button on the 15th floor that Liu Xianxian screamed.

"Oops!"

"what happened?"

The three of them all looked at her, thinking that something had happened to her, but the big star said nervously and pitifully: "I, I haven't bought Li Yun a meeting gift for your two sisters..."

She just wanted to meet Li Yun at the school gate, and waited for him to eat with him after the college entrance examination was over, but Liu Xianxian was shocked by the Xian Mansion, so she followed Li Yun to his house in a daze!

Liu Xianxian originally wanted to return to Zhonghai City in the afternoon and wait until tomorrow to buy a gift, but it turned out...

"fine."

Li Yun rubbed her head amusedly, "Xianxian, aren't you a big star? It just so happens that Caixia and Caiwei are your fans. Wait for you to give them a few autographed photos and make sure that they all cheer and call sister-in-law. ."

"I hate it." Liu Xianxian blushed, "How can family members use signatures to make gifts?"

family?

In other words, she already regarded Li Yun's two younger sisters as family members!

Li Feng and Fang Xue glanced at each other, and it seemed that Liu Xianxian could indeed be a "sister", not the one who would never see each other overnight.

"Xianxian, you can sing."

Fang Xue put forward her own suggestion and said with a smile: "Sing a cappella to Caixia and Caiwei, they must like it, um, Li Feng likes listening to your song too."

Li Feng rolled her eyes, "Little Baixue, just say it if you like it, don't be embarrassed."

"Huh?" Liu Xianxian was shy again. Others said that it was nothing to like her song, but the two girls in front of her were her "competitors" and "sisters"!

"Arrived."

Li Yun took Liu Xianxian's little hand and walked out of the elevator, leading her to the door of the newly-purchased imperial luxury duplex suite, and directly rang the doorbell.

"Woo~~ I'm not ready yet... Calm down, you can do it, Xianxian!"

It's time to show off his acting skills. Liu Xianxian took a deep breath, and his panicked expression instantly changed to a gentle, lovely, beautiful, kind, and pure and beautiful appearance. The speed of face change made Fang Xue and Li Feng stunned.

"Brother, are you back?"

After the door was opened, Caiwei was dumbfounded. How could it not be her brother, but another celebrity she was familiar with on TV and the Internet?

"Hello! Are you Caixia or Caiwei? What about me, um, my name is Liu Xianxian, do you know me?"

"...Are you really Sister Shenxian?" Cai Wei still stared at her blankly.

"Sister Shenxian..."

Liu Xianxian became a little shy again, "I can't say that. Many people are called Sister Shenxian by the nickname."

"Then you are a fairy bun?!"

Plucking, who was introverted, now took a step forward and asked, her eyes full of eager inquiries.

"Fairy buns! Hahaha!"

Hearing the nickname Xianxian again, Li Yun couldn't help laughing, causing Liu Xianxian to anger.

As a result, Li Feng and Fang Xue couldn't help but laugh, and laughed.

Chapter 1848: Guidance from the princess

Liu Xianxian felt aggrieved by this nickname.

Who didn't have a fat baby face when he was a child? People can't help but want to pinch.

She made her debut as a child star, but she was nicknamed "Xian Baozi" by fans...

Therefore, Liu Xianxian is very wronged. There are so many stars who have debuted as child stars. Why is she called the fairy bun?

Obviously, her face now has only a little baby fat, and it is extremely smooth and pink.

"Wow!! It's really a fairy bun!!!"

The shy and introverted Plucking Wei, at this time, was exactly like an avid fan, rushing over to catch Liu Xianxian's joy and joy, and stretched his arm over, letting Liu Xianxian sign on it.

"Are you Caixia?"

Liu Xianxian pursed her lips and snickered, her charm is also very high, and Caixia, one of Li Yun's two younger sisters, was easily impressed.

She had already learned from Li Yun's mouth that one of the twin sisters was lively and cheerful, and the other was introverted and shy and didn't like to speak. The one who was very excited was obviously Caixia.

"No, I'm Plucking Wei, Plucking Wei, Plucking Wei is also stopping."

"Uh, I'm sorry, I admitted it wrong."

"It's okay, I, I, I really like fairy buns... Uh, the song you sing, Sister God, I want to see it with my own eyes in my dreams..."

"Hehe, are you happy to see you now? Hmm, just call me Sister Xianxian from now on."

The girls chatted endlessly. Li Yun hurriedly greeted them to come in. After closing the door, Caixia and the awakened little princess walked downstairs. Either petite and lovely, soft and cute, or the iconic school-college flower temperament, people can't help but want to get close.

As the only man here, Li Yun only feels that Fanghua is everywhere in his eyes. The so-called Beauty Township, the Tomb of Heroes, is nothing more than that.

Liu Xianxian was very curious about Princess Yongning. She just heard Li Yun say that the little princess was from 400 years ago. She thought Li Yun was joking and didn't ask much.

As a result, the little princess' temperament is really noble now. Every word, deed, and every move has an inexplicable nobleness, which makes people look like an ordinary person.

Especially the way she sits on a chair properly, waiting for others to serve her, and her petite figure makes people have the illusion of seeing the cute little princess in the castle.

Obviously, Xiao Yongning is now wearing pink animal pajamas, which doesn't look like a princess.

"It's amazing!" Liu Xianxian exclaimed, "Does the princess of the Ming Dynasty drink water like this? I don't know, oh, Xiao Yongning, can I teach my sister, okay? My sister wants to use it when filming. Hehe, when I say these rules and actions come from the personal teaching of the princess of the Ming Dynasty, the people in the theater will definitely not believe it!"

The two sisters Caixia Caiwei were stunned. They are indeed the big star fairy sisters. They always think about filming. No wonder she sings well and plays well.

Xiao Yongning was a little shy, but Li Yun was by her side, and after she knew that this was a "little concubine", she generously taught her some knowledge from four hundred years ago.

—In her opinion, she is a regular wife as a princess, and the other girls, including Fang Xue, are all concubines. It's just that she has a gentle and kind personality, and she doesn't want to exercise the majesty of a regular wife, so she gets along with them all in a friendly way.

"Don't learn, let's have a meal!"

Chapter 1849: Movie thing

At the big dining room table, there were six beauties of all sizes sitting at a table, each of which was charming and gorgeous.

Li Yun was very satisfied with this. The only thing that was not his woman was his two younger sisters, who were also worthy of his protection for life.

Liu Xianxian picked up a meatball made by Li Yun himself and put it in his mouth. As soon as the taste buds touched it, he felt a smooth and fresh breath with a fresh meaty smell spreading in his mouth.

"good to eat!!"

Liu Xianxian happily covered his face, "Is this really what Li Yun did you cook? Oh, how can it be so delicious... It's over, if I go filming and can't eat it in the future, it will be terrible~!"

"I didn't know that the big star fairy bun is still a foodie." Li Yun smiled.

"I'm not a foodie!"

Liu Xianxian protested: "I just like what you did...well, I won't praise you, lest you become arrogant as a villain, huh~"

"You can let my brother visit the class." Li Feng seemed to be particularly concerned about Liu Xianxian's filming. "If we can, we will also visit and have a long experience."

"OK!"

Liu Xianxian agreed, "Of course you can explore the class or something, hehe, if you bring some more soup, Li Yun, it'll be fine...Ah, that's not right!"

Liu Xianxian thought of something, and leaned in front of Li Yun's eyes and stared at him with beautiful big eyes: "Did you forget something?"

"what?"

""Across the Rivers and Lakes"!"

"?"

"Director Zhang Ke!"

Liu Xianxian added again, very dissatisfied and hit Li Yun's face with his forehead. The intimate behavior made Fang Xue quite jealous, and Xiao Yongning beside him was also a little surprised. This sister Xianxian is so bold.

"Zhang Ke... Director, I remember!"

Li Yun patted his head and finally remembered the incident.

At the beginning, he had just obtained the system, and he didn't have a few dollars on him. It happened that the system rewarded the song "Zhengjianghu". After it became popular, the famous martial arts film director Zhang Ke came in and bought his song using the copyright.

At the same time, the contract also states that Li Yun needs to participate in a film directed by Zhang Ke himself, and the time should be arranged after the college entrance examination as much as possible.

"Remember it?" Liu Xianxian smiled: "I'm looking forward to shooting with you...Huh? What's your expression! Humph, director Zhang Ke is very famous even in the world and won the Little

Golden Man Award. The best foreign language film in the entertainment industry, I don't know how many celebrities have smashed their scalps and want to participate in the show. You still push three blocks, huh~!"

—Of course she is angry. After all, making a movie with Li Yun is something she was looking forward to when she and Li Yun had no certain relationship.

Li Yun shrugged, "I'm not from the entertainment industry either."

"Then are you going?!"

"Go, of course!"

"Hehe, isn't this all right?" Liu Xianxian immediately took a piece of lean meat and handed it to Li Yun's mouth, "Hey, this is a reward for you, ah!"

Li Yun opened his mouth to eat, and Liu Xianxian became more satisfied.

Li Feng & Fang Xue & Zhu Shue: "..."

The three women ate a large bite of old aged vinegar.

"Husband, Yongning will give you food, too." Zhu Shue was unwilling to show weakness, holding the chopsticks with her slender hands, and squeezing a big drumstick to Li Yun.

As a favored little princess of the Ming Dynasty, she unexpectedly liked to eat big fish and big meat. After all, according to Princess Yongning, even though she is a princess, the \*\*\*\* of a thousand times, she rarely can do so. You can eat lamb, fish and shrimp, let alone fried, boiled and stir-fried, as well as various delicious ingredients such as chilli and cumin.

Chapter 1850: Small talk

Putting aside the noble status of the princess, in fact, modern people's lives are much happier than ancient nobles.

"Okay, I eat!"

Li Yun couldn't laugh or cry. He didn't have a special interest in big drumsticks, and other meats were the same, but after all, it was the little princess's heart, so he couldn't refuse.

"Here you are!" Fang Xue also took a piece of crispy ribs and put it in his bowl-this is actually her favorite. The sweet and sour ribs are crunchy and crunchy.

"Brother, do you eat this vegetable?"

"Brother, eat beef!"

"Brother, come to eat this tomato scrambled egg. I remember you liked it when you were a kid. Grandpa bought it for you three times a week."

With several women picking up a dish, Li Yun's bowls were piled up high, and he couldn't put his chopsticks down.

"This....."

Li Yun was dumbfounded, and the women looked at each other and all laughed together. The jealous atmosphere that had been filled before also dissipated, and the atmosphere became warm and cheerful again.

"Brother, are the exams going well?"

"good."

"Sister and Sister Fang Xue's yours?"

"There is a rare word in the translation of ancient Chinese. How did you translate it, Li Yun, by the handle?"

"Doesn't the teacher not allow the right answer?"

"I hate it, it doesn't matter, I have done a good job on other topics, I won't lose confidence, just say it!"

While chatting happily with them and eating lunch, Li Yun was in a very good mood. Life is actually like this. After the blood, it is an ordinary day.

However, with his current fame, it might not be that simple to want to be ordinary.

"elder brother."

Caiwei is eating and playing while holding her phone. This is actually a bit impolite, but considering that all of you are "family", you don't need to care too much.

"what happened?"

"We have your news again on Weibo."

After her brother became famous, Caiwei recently likes to check the news about her brother on Weibo, lest those people on Weibo are too dark!

"What news?" Li Yun asked casually, not very concerned about it.

"Weibo...Oh yes," Liu Xianxian also took out his mobile phone, biting his chopsticks in his mouth and said vaguely: "Caiwei, Caixia, and Fang Xue, you guys, I will pay attention to you all, hehe, there are big stars. Pay attention, proud?"

She blended in very quickly, and she would joke in front of the girls.

I have to say that the effect is also very good, Caixia and Caixia sisters were very surprised, took out their mobile phones and got together to interact with Sister Xianxian.

Fang Xue directly "sucked" her: "Xianxian, don't look down on me, I'm also a Weibo celebrity, okay? Humph, my fans also have 300,000."

She usually posts some selfies, coupled with her status as a school flower in Zhicai Middle School, many students from Zhicai Middle School have commented, attracting many passersby fans, and accumulating a lot of fans unknowingly.

"Hehe, I have a hundred million fans~~~"

"It must be bought, there are not so many Weibo users!"

"Wow, Fang Xue, you wronged me~, I don't do these things like other celebrities. They are all zombie fans."

After they chatted, they turned the topic back to Li Yun.

"Caiwei, you said the news about Li Yun? Let me see what it is."

Fang Xue's white finger clicked on the screen, and she quickly found it in the 16th hot search list.

"Li Yun, a genius senior high school student in Zhonghai City, claims to be No. 1 in the country...Puff, what news is this!"

Fang Xue couldn't help laughing. Li Yun, who was beside her, was obviously not arrogant and arrogant at all. It was completely different from the news.

"What is talking, it is clearly the fact that is coming."

".....what?"
