

Godly Choice 1891

Chapter 1891: Fang family son-in-law

Li Yun squeezed Fang Xue's hand and made a solemn promise: "I will treat Xiaoxue well from now on. I will love her and spoil her forever. Don't let Xiaoxue suffer a little bit of grievance, and be happy forever!"

"it is good!"

"It's enough for you to have Li Yun!"

The Fang family relatives at a large table were all applauded, and the atmosphere was extremely warm.

"Li Yun..." Tears flickered in Fang Xue's beautiful eyes, and she was so excited that she couldn't speak for a while. Li Yun smiled slightly, grabbed her slender waist, and kissed her directly.

"Hmm~"

Fang Xue struggled shyly, but Li Yun still kissed her for five seconds before letting go of her contentedly.

Being so embraced and kissed by Li Yun in front of her relatives, Fang Xue's charming face was directly red, and she lowered her head and did not dare to look up at people, making Fang's family all laugh.

"Ding, the host made a choice, convinced the Fang family, embraced the beauty, rewarded experience value +5 million, all attributes +5000, golden gift bag*1, four medium-sized pills*3, additional reward: Ningxue Shen Gong (Innate realm exercises, only Fang Xue can use).

Ningxue's divine art was not bad, but Li Yun wouldn't expect too much. Fang Xue only cultivated to improve her physique. She was more suitable for living in the city instead of fighting.

After the banquet, Li Yun gave some medicines to Fang Huyu and others, mainly Fang Xue's parents and grandfathers. There were not many medicines, and there were only a few small medicines, so that they could eliminate hidden physical illnesses, and they would be disease-free in the future. It's a disaster.

Everyone in the Fang family was very satisfied with Li Yun. After dinner, they let Li Yun take Fang Xue out on a date.

So at 7:30 in the evening, Li Yun rode his small broken electric scooter again, and took the university flower to visit the night view of Longyang County.

In the summer night, Longyang County was still shrouded in the residual heat of the day. Fortunately, the wind was blowing while riding an electric bike. After leaving the city of Longyang County, when the two of them were riding slowly on both sides of the river, a cool breeze was blowing from the river. After bursts, it was quite comfortable.

"Li Yun."

Fang Xue hugged Li Yun's powerful waist in the back seat and pressed her cheek to his generous back. Her heart was filled with happiness, and she couldn't help but whispered, "Thank you."

Li Yun slowed down, and the electric car awkwardly moved along the river bank in Longyang County. He smiled and said, "Why is my Xiaoxue so different today?"

"Hmm~~"

Fang Xue's face was pressed against Li Yun's back, and she hummed lazily, "I do want to thank you."

"Oh?"

"After the college entrance examination...I was actually quite confused."

Li Yun was speechless, he wanted to say that Xiaoxue, you were actually quite confused before the college entrance examination.

"Before I was just a high school student." Fang Xue continued: "I only need to think about what I study, but once the college entrance examination is over, various things will rush to my face, making me a little bit unable to find my future direction."

"how come."

Li Yun looked at her from the rearview mirror, and found Fang Xue at the moment very beautiful through the street lamp. Her long black hair was blown by the evening breeze, her hair fluttered, and her face was drunk and she was faint and red, and she looked lazy. Full of femininity.

"Why not!"

Fang Xue turned her head, put her chin on Li Yun's back, and said angrily: "My dad always said that I would be the mistress of the Fang family in the future. To go abroad to gain knowledge, my grandfather said before that he would introduce me to outstanding boys and let them become parents;

At the end of the summer vacation, I am going to study in Zhonghai City to make friends with some of the rich and powerful in Zhonghai City;

In addition, I have to prepare a grown-up banquet together with the college entrance examination banquet, and my family will invite some business friends from the county to come.

...In short, a lot of things! "

Chapter 1892: Fang Xue agreed

On the electric car, Fang Xuexu talked a lot, and Li Yun patiently listened to her, without interrupting her, nor comforting her.

After speaking, Fang Xue was silent for a long time, until Li Yun stopped the car and came to a high-slope grassland, holding her to watch the stars, Fang Xue let out a sigh of relief.

The soft breath sprayed on Li Yun's neck.

"Thank you, Li Yun~"

Fang Xue's tone became brisk, "Hehe, if you weren't there, I'm afraid I must be at a loss and not knowing what to do now, and I am very worried about how I will go in the future...Woo, am I bad? Obviously I'm still a rich second generation!"

Li Yun smiled and said, "It's not terrible. However, life needs to experience these to grow up, Xiaoxue, don't blame me for raising you into a dumb little white pig in the future!"

"You are a pig~"

Fang Xuejiao angrily bumped Li Yun with her small head, "I also know what you said, don't worry, I will try my best to keep up with you and try not to fall behind too much... Actually, you have Li Yun behind you. Supporting me silently makes my heart feel much better, at least I won't be so panicked."

"I am not silent, I am supporting my wife with a high profile, okay!"

"Hate, hehehe."

The two of them had a fight, and they kissed again before they knew it. Li Yun was holding the body of Wenxiang Nephrite, unavoidably itching, and stroking her hair with one hand, trying to ask: "Xiaoxue, are you going to my house tonight?"

"..."

Fang Xue's body froze, "What are you talking about?"

"Go to my house!" Li Yun repeated confidently.

Isn't it natural to take your fiancée home?

"Don't go!!!" Fang Xue shook her head vigorously. Of course she knew what would happen when she went to his house with Li Yun.

It's like the little white rabbit and the big bad wolf go home, they will definitely be eaten up and wiped out.

She is not ready yet!

"Then go to your house?"

"Ah ah, you are going to die, my parents know what to do?"

"Then... to the hotel?"

Li Yun wasn't discouraged at all. Fang Xue who reacted like this is what his girlfriend should have. It's impossible to agree to the hotel as soon as he says.

"Don't go or go, don't go anywhere!!!"

Fang Xue's head shook like a rattle, and her face was red.

"Ding, trigger the option event, please choose from the host:

Option 1: Take Fang Xue to the house and reward a special gift bag*1.

Option 2: Go to her house with Fang Xue and reward a special gift bag*1.

Option 3: Go to the hotel with Fang Xue and reward a special gift bag*1

Option 4: Give up, reward passive skills: three seconds. "

Three seconds? Only three seconds! ?

Li Yun almost didn't vomit blood, even the system ran out to mock him, **** off and cheat the system!

"I always feel..." Fang Xue blushed like a ripe apple, and said shyly: "No matter where you go, in short,...there is no such feeling."

"What kind of feeling?" Li Yun certainly wouldn't think that Fang Xue didn't love him.

"It's that kind of faint feeling!"

Fang Xue bulged, and said depressed and discouraged: "It's so weird to go to my house, my parents are still at home! It's not good to go to your house, Xiao Fengfeng will definitely laugh at me, your sister knows it's not good either.

Going to the hotel...it's too casual, I don't want to be in that kind of place for the first time, am I? "

Li Yun was dumbfounded, "Xiaoxue, don't you want to save your first time until your wedding night."

"It's best."

Fang Xue replied solemnly.

"Uh?"

"Hehehe, look at your anxious color, big pervert!"

Fang Xue nodded Li Yun's nose with a shy smile on her face.

In fact, she was not very resistant to handing herself over to Li Yun, after all, the two of them had done everything they were supposed to do, just the last step.

Therefore, under Li Yun's unremitting "effort", Fang Xue reached an agreement with him, but she also made a request that surprised Li Yun.

"With my sister?"

"Yes! Call Xiao Fengfeng too, she... will definitely agree."

Chapter 1893: Decided to travel

Three days later.

"Caiwei, Caixia, we are leaving." Li Feng, who looked particularly young and energetic in short-sleeved jeans, a backpack and a hat, told the two younger sisters to be safe during this period of time. Go to other places to run around, be careful of fire and electricity, order takeaway before lunch, etc.

"I know, I know~~!"

Caixia smiled and pushed her out: "Sister, let's go, go on a honeymoon trip with my brother, relax and relax the tension after the college entrance examination. My sister and I will take care of ourselves and Yongning!"

After Li Yun and Li Feng left, only the two sisters and the little princess were left at home. However, Ankang Apartment is a high-end community with strict management. In addition, Guo Xun and Yang Jie also live in the community, Li Yun is still relatively Relieved.

and!

Li Yun also left a big killer at home-the ground to fight the fire.

An Earth Shahuo with a trace of his soul, which is the passive of the Earth Shayang Fire Skill after reaching the master level: flame incarnation.

This passive allows Li Yun to inject the soul into the spirit fire, and obtain an effect similar to that of a clone. He is caught off guard, and can even burn a grandmaster to death!

Li Yun smiled and touched the heads of the sisters: "After you come back at noon, if you don't order takeout, you can go to Sister Yang's house for dinner. It's a bit of hard work. We will come back after a few days."

"I know, brother~" x2

The two sisters said in unison. In fact, although they are young, they can cook their own food, okay? After all, as a child of a poor family, he started to help with cooking in elementary school, and it is normal to learn to cook in junior high school.

Li Yun nodded, and after confirming that the two sisters had one or two million pockets in their bank cards, he was finally relieved to leave with Li Feng.

——As for the little princess, she is still asleep.

"Goodbye, brother~~~"

After confirming that her brother and sister are gone, Caixia immediately turned her head and said to Cai Wei: "Sister, I just said "honeymoon trip", and neither brother nor sister refuted it!"

Cai Wei gave her sister a cute roll of eyes, and said, "Of course, I have seen it a long time ago, but you can't see Caixia."

Sometimes when she passed by her sister's room at night, she heard those voices. Once they didn't close the door, they could hear them clearly.

"Huh? Then, sister Fang will also go with me, doesn't it mean three, three, three people.....?"

When Caixia thought of something unhealthy, her entire face turned red, and she stammered.

Caiwei bit her lip and her face was flushed with blush, "It's three people together...traveling, if we are with my brother in the future, there will be three people, no, four people, and Big sister...together."

Caixia's face turned redder.

The shy twins glanced at each other, making eye contact as if they had decided something.

...

"I don't know if Caiwei Caixia can take care of herself."

Sitting in a car sent by Zhu Dayou, Li Feng was obviously still worried about whether his sisters would be okay these days.

Li Yun held her little hand-as a couple, not as a sister and brother, and said with a smile: "Sister, don't worry, they are not young anymore and will take care of themselves. Besides, I am also called Brother Guo. The family will take care of it. Besides, we will call back again in the morning, at night and at night. Is this the head office?"

Li Feng was a little shy and was held by his brother in front of outsiders.

Although the two are not sisters and brothers, others will not specifically inquire about their orphanage origins, and will only think that it is a real sibling relationship.

Chapter 1894: Li Feng's thoughts

"Grandpa asked us to take good care of my sister before he died, but now we are traveling together. How can I not worry about it."

Li Feng decided to follow what Li Yun said, calling back once a day, morning, afternoon and evening so that nothing would happen.

When Li Yun was about to speak, he heard a mobile phone ringing.

It's Li Feng's cell phone.

She picked it up and took a look, her smile disappeared instantly, she became very impatient and anxious, and she hung up the phone without hesitation.

"what happened?"

Li Yun asked, it was the first time he saw Li Feng's expression. Generally speaking, his elder sister looked like a gentle sister. After all, she was the eldest at home, taking on the role of taking care of younger brother and sister.

"nothing."

"sister!"

Li Yun was about to ask, the system prompt came.

"Ding, trigger the option event, please choose from the host:

Option 1: Ask patiently, let Li Feng tell me what's bothering you during this period of time, reward experience value +500,000, free attribute points +1000, blue gift bag*2, medium probability to trigger follow-up events, so that the travel plan will be ruined.

Option 2: Ignore, no reward.

Option 3: Save it for later, reward the white gift bag*2. "

Li Yun became more suspicious, what exactly did Li Feng hide from him?

But before he could continue to question, Li Feng frowned, looking at him with a hint of pleading: "It's really nothing, brother, wait...Will we talk about this when we come back from the trip? Okay."

".....Ok."

Li Yun could only nod her head helplessly. His sister was sometimes very stubborn and refused to compromise, unless Li Yun really forced her to say it.

"Ding, the host makes a choice and rewards the white gift bag*2."

Li Yun smiled bitterly, what can two white gift bags do? He now has three colorful gift bags in it.

Forget it, just turn it on.

"Ding, congratulations to the host for opening a purple item in the white gift bag: fire avoidance charm (small)*2."

Li Yun's eyes widened, is this all right?

He, Li Feng and Fang Xue were going to travel, and they just drew out two fire avoidance charms. This is definitely a kind of reward in disguise! ?

The system turned out to be a day of not cheating.

Li Yun happily took out the fire avoidance charm and stuffed it into Li Feng's hand: "Sister, don't be unhappy, give you a good thing."

"What is it?"

"Hey, a spell that can prevent heatstroke, after wearing it, you won't be so hot and sweaty."

"Huh? So amazing?"

Li Feng forgot the unhappiness just now, and put the fire avoidance charm in his palm to play with it. I could vaguely feel a coolness coming from the charm, although the exact effect could not be felt because of the air conditioning in the car.

"Brother, you have such a thing..." Li Feng looked strange, "What about Xiaoxue's?"

She didn't want to see Xiao Baixue jealous at that time, after all, Xiao Baixue took the initiative to let her join this honeymoon trip.

"Don't worry, she has it too!"

"That's good."

As the car went all the way, the driver sent by Zhu Dayou turned a blind eye to the conversation between the two brothers and sisters, and drove the car to the train station in Longyang County. He immediately got off the car and opened the door for Li Yun respectfully: "Mr. Li, move the station. Arrived."

"Well, thanks." Li Yun stepped out of the car and said to him: "You can go back without waiting for me."

If you don't say this, it is estimated that Zhu Dayu will make the driver wait until Li Yun comes back.

The driver quickly asked: "I don't know when Mr. Li will be back? I'll pick you up later."

Li Yun waved his hand: "No, I will call you if necessary. You can go back."

Just kidding, how could he reveal his return time? Isn't this revealing his whereabouts?

The driver also thought about this problem, his face was extremely embarrassed, and he could only leave.

Chapter 1895: Converge

Not long after the two waited at the train station, a white BMW 7-series sedan drove to the train station and walked down from it. One was wearing a light blue cool dress, a pair of white canvas shoes, and a top. A tall and graceful girl with a white sunhat and sunglasses, she looks extremely beautiful.

As soon as she appeared, she attracted the attention of many people. The beauty of the famous car is the most eye-catching combination anytime!

"Xiaoxue!"

The person here is naturally Li Yun's fiancée, Fang Xuefang's colleague. After she saw Li Yun and the two, a bright smile appeared on her beautiful faces, which successfully made the people around her look dumbfounded again.

"I, Cao, who is this beauty?"

"Hey! That handsome guy is awesome, one is accompanied by two beautiful women."

"How do I feel that handsome guy is a little familiar?"

As the only man in the trio, Li Yun sitting on the two big beauties attracted the attention of many people. Fortunately, he now knows that he is well-known in Longyang County, so he brought a mask when he went out to avoid leaving. There was an exclamation everywhere.

After the two women met, there was a hint of shyness on their faces, and their delicate expressions made their beauty even more outstanding. People around them could hardly move their steps, and there was a feeling of blockage in front of the station.

Li Yun hurriedly greeted them to enter the station, "Let's go, I have already bought the tickets, and we will leave in 20 minutes."

"Yeah~"

Fang Xue followed, Li Feng was a step behind, walked side by side with her, and asked in a low voice with a smile: "What happened to Xiao Baixue? Are you regretting it?"

In any case, Fang Xue invited her to travel together. The two women, including Li Yun, knew the implications very well!

To use a very popular vocabulary nowadays, it is: share boyfriend.

To be honest, Li Feng was really surprised the moment he received the invitation from his girlfriend.

But in the end she agreed. On the one hand, she was looking forward to the trip. On the other hand, it was for her brother to successfully eat her best friend. After all, Xiao Baixue was still very shy and needed someone to demonstrate to her.

And Li Feng... is still a virgin.

"Who, who regretted it!"

Fang Xue insisted, "Isn't it just to be together, together...to travel? Me, what am I afraid of? Huh~!"

Li Yun and Li Feng looked at each other, and they both laughed.

Fang Xue is obviously arrogant.

"Traveling?" Li Feng lowered his voice, his tone was like a little devil with a long tail, full of different charms: "Little Baixue, don't you think we are just going to travel?"

"No, otherwise? What else can I do?"

"Of course I do... what I like to do! Little Baixue is looking forward to it, right?"

"Wow, Lai|Don't come here!"

Li Fengjiao smiled and hugged Fang Xue. The latter screamed and struggled. The two women joked together, forming an extremely beautiful landscape.

It also made Li Yun accept more envious and hateful eyes.

Although the onlookers didn't hear what they were talking about, the fact of "traveling together" alone was enough to make men want to replace Li Yun and go touring the mountains and rivers with two beautiful beauties.

By the way, something super friendship happened, even better!

"Okay, okay, it's almost time to drive, we are going to check the ticket."

Li Yun's wind is light and unmoved, as if he were a worldly expert and a master monk.

Nonsense, if he dared to think about it now, he might not be able to straighten his waist anymore when he walks-for the reason, boys know why sometimes they don't dare to stand upright when they walk.

Chapter 1896: Another incident

Facts have proved that wherever there are beautiful women, men will definitely come to strike up a conversation.

Li Yun took the two women onto the train to Zhonghai City, and then transferred to another train to Annan City. Because the business seats were already full, Li Yun bought three tickets for first-class seats. As a result, the flies came. .

"Hi, beauty, buddy, where are you going?"

"Get to know, my name is Bu Junxian, one step, two steps, like the steps of a minion like a devil, that's step', hahaha!"

The smiling man looks at him in his early twenties, is 1.8 meters tall and has a strong physique. At first glance, he belongs to the school basketball team and school football team. He is full of sunny temperament and is probably very popular among girls in school.

Li Yun watched him change seats from another carriage to the front all the way, and he kept chatting with Fang Xue and Li Feng. He kept on BB during the whole journey, and he didn't get tired of it.

"I said handsome guy!" Li Feng's eyebrows jumped, as if suppressing anger: "You are too inferior to strike up a conversation. In addition, I already have someone I like, and my girlfriend also has a boyfriend, who is my brother!"

So please don't bother us again, okay? "

Bu Junxian was taken aback, glanced at Li Yun casually, and said indifferently: "What's wrong with having a boyfriend? As the saying goes, chasing a girlfriend is best to chase those who have a boyfriend, because you only need to defeat a man. Instead of defeating countless men, hehe!"

Li Yun smiled slightly, and was about to raise his fist. With a ding sound, the system prompt sounded.

"...Choice one: beat Junxian, let him know why the flower is so red, reward experience value +100,000, strength +10, white gift bag*1, get Xiaoping, Xiaoqin, Lili's favorability 70 each.

Option two, ignore it, give in to Junxian to hook up with his own woman, and reward God-level colorful equipment: Green Xuanwu Warriors Hat.

Option 3: Save a life and build a seven-level Pagoda. Ask him to go home and find his mother quickly. Reward: Justice value +1000, purple gift bag*3, extra reward: Intermediate Detoxification Pill*3. "

Xiaoping, Xiaoqin, Lily? ? Are they the women with Bu Joon Hyun? ? ?

The corners of Li Yun's mouth twitched. At first glance, these names are just like in the movies. They have 5 or 6 points of appearance. They belong to the role of maid and have a lower status than Qingzhu.

The last reminder of the system made Li Yun frowned slightly.

It seems that Bu Junxian is in some trouble. If no one is rescued, he is likely to encounter some catastrophes, such as car accidents, murders, robberies, involvement in drug dealers, etc., are all possible.

"Your name is Bu Junxian?" Li Yun asked calmly. As for Fang Xue, she was sitting by the window with headphones on, and she didn't even care about such people at all.

"it's me."

Bu Junxian didn't care, shrugged and asked, "My friend, who are you? Do you mind if I pursue your girlfriend and your sister? Hey, it's a man who competes fairly with me. I have confidence in my own charm! "

As he said, he clenched his fist to light up his biceps, and his sunny and healthy temperament made many women in the carriage look over.

Li Yun smiled: "What is your mother's name? What is her phone number?"

"...?"

Bu Junxian was stunned, and the people in the carriage were also stunned.

"What do you mean?!" Bu Junxian's face fell dark after reacting.

"I mean nothing, don't get me wrong."

Li Yun waved his hand and said, "I just want to make a call to my aunt, so that she can quickly call her son back, so that the white-haired person will send the black-haired person back, which will only add to the sadness."

"Damn, you are looking for death!!"

Along with the roar, a huge fist appeared in front of Li Yun.

Chapter 1897: Apologize to me

boom!

With a fist like the wind, Bu Junxian's fist fell into Li Yun's palm with incomparable precision.

"what!"

At this time, everyone in the carriage exclaimed, and the scene before them made them very surprised.

Bu Junxian's tall figure almost reached the top of the carriage, gritted his teeth, his face was full of twisted and painful expressions-his fist was pinched in his hand by Li Yun who was smiling indifferently, and his arms were violent. Convex, everyone seemed to hear the infiltrating sound of bones creaking.

Three seconds!

For three seconds, Bu Junxian couldn't say a word, until the flight attendant came and shouted "Let go" loudly, and Li Yun lightly flicked his finger and gave Bu Junxian a roll to the ground.

"hiss!"

Everyone in the carriage gasped. They saw that Bu Junxian's palm had turned black, and it was estimated that within a few days it would be impossible for this hand to hold chopsticks anymore.

"This classmate, you!" Seeing that Li Yun was young, the flight attendant used the name of a classmate, and his tone was rather unkind. He also signaled his colleague to call the officer to avoid unpredictable things.

Li Feng was so nervous that he wanted to stand up and explain, but Li Yun stopped her, turned his head and said to the flight attendant: "This incident was not caused by me, it was he who did it first. In addition, he still wanted to pursue my daughter when he knew it. Friend, provoke me openly, so he must apologize to me and my girlfriend, otherwise this matter will not end!"

If it only involves Li Yun, he might not be so tough.

But Bu Junxian dared to be so arrogant in front of his girlfriend and sister, could Li Yun still be considered a man if he didn't try to teach him?

"Uh."

The flight attendant was a bit at a loss and could only say: "Please wait a moment, the flight attendant will come over immediately. Neither of you should do it again. Otherwise, you will be dealt with as if there is a disturbance in a moving train, and the detention will start for five days."

Li Yun nodded, saying nothing.

Li Feng saw his brother's performance in his eyes and looked at him thoughtfully.

Turning passive to active, from the perpetrator to the victim, and concession to apologize after Bu Junxian was beaten, I have to say that Li Yun's handling is really beautiful.

"you!"

After Bu Junxian recovered from the pain, he looked at Li Yun with horror. Just now, he felt that his fists were caught by a pair of iron tongs, and he couldn't move at all!

He can feel that if the opponent uses force, his fist will be crushed!

The flight attendant and the police arrived quickly. In addition, Bu Junxian's friends in other carriages also rushed here. It was a combination of three women and one man. Li Yun estimated that it was Xiaoping Xiaoqin and others mentioned in the system.

After learning what had happened, the flight attendant gave mediation to both parties, and Li Yun insisted that Bu Junxian apologize. This is the bottom line and there is no talk!

"This classmate."

Bu Junxian's classmate, a man with glasses, about 1.75 meters tall and gentle-looking, stood up and said, "I think both sides take a step back. We don't need your medical expenses here. Junxian also There is no need to apologize. After all, the cause of this incident is difficult to figure out for a while. Why don't you take a step back?"

"No medical bills? What a joke!!!"

Before Li Yun spoke, Bu Junxian yelled first. He raised his red, swollen and trembling right hand: "Did you see Brother Lai? I was pinched by him. It's just like this. Yes, I ***** wonder if the bone has been cracked!"

"Deserve it!"

Fang Xue took off his earplugs and glanced at him coldly: "You fly not only has a hateful personality, but also took the initiative to beat people. My boyfriend just broke you and you deserve

it! Who said you are not strong enough? It's not my boyfriend who has practiced martial arts, has his nose broken by you, eh?"

Chapter 1898: You have a **** disaster

In front of Fang Xue, Bu Junxian did not dare to say anything.

"You don't apologize, do you?" Li Yun's eyes turned cold. "It just so happens that I also agree with your saying that if it is a man, it is fair competition. It is fair competition. Of course, it also includes competition in force!"

Everyone looked at him in shock, and the police were taken aback, and quickly waved their hands to express that randomness is forbidden.

"Come on, compete with me!"

Li Yun stood up slowly, his height was over 1.8 meters, and he was slightly shorter in front of Bu Junxian, but his aura was like a towering mountain, his eyes seemed to be able to burst the flames of his debut, sharp and invincible, sweeping. On a lap, the entire carriage bowed their heads and dared not look at him.

Bu Junxian, who was the first to bear the brunt, was even more unbearable. He fell soft and knelt directly on the ground, shaking his body and ran to the South Pole with his naked body, his muscles trembling constantly.

"Dare you?" Li Yun looked down at each other, no one dared to respond, and even the older brother Lai did not say anything, and the other three female companions were even more frightened and hugged together.

The needle drop in the entire carriage was audible, except for the howling noise of the moving car. After a long while, Li Yun regained his momentum.

"Apologize."

"Sorry! I was wrong!"

The frightened Bu Junxian did not hesitate this time, and directly apologized, almost kowtow for mercy.

"Very good, you can correct it if you know your mistake." Li Yun smiled and patted him on the shoulder: "In addition, I really didn't lie to you. Go home early and don't hang out. You will definitely encounter a **** disaster recently. Don't The misunderstanding is not because of me."

Bu Junxian's face was pale and did not respond. His friend hurriedly helped him up, and the five people hurriedly left the carriage.

This is the end of a farce.

Everyone in the carriage kept looking at Li Yun. Some people felt that Li Yun was a little familiar. They seemed to have seen it somewhere, but they couldn't remember.

"The disaster of blood and light?" Fang Xue didn't take the matter to heart just now, only when she met a strange man, she looked at Li Yun curiously: "When will you still tell your fortune? Could it be the lady who taught you? What kind of fortune telling?"

"I don't know how to tell fortunes, but I still know something about it."

"Oh? Then show me your palmistry and see how my recent fortunes are. Hehe~"

Fang Xue stretched out her tender little hand towards Li Yun, and Li Feng was separated between them, but she didn't care about it.

Li Yun held her hand and looked at it for a while, before replying solemnly: "Xiaoxue, you have a good fortune recently, but you will also encounter a **** disaster."

"Huh? Me too?"

"Yes, it's not just you, but my sister will also encounter the disaster of blood and light."

"I?"

Li Feng was very puzzled, but seeing the smirk on his brother's face, he immediately reacted, waved and hit: "Bad brother, all slapped up sister!"

Fang Xue tilted her head and thought, her face suddenly flushed, and she joined the ranks of pinching Li Yun.

"Let you mess up, let you mess up, you big bad guy!"

"Ahem, it's alright, I was wrong"

...

When the three of Li Yun were fighting, Bu Junxian and the five returned to their original carriage. It was the first time that the three girls encountered this kind of thing, and they were all a little frightened.

"How about... let's go back?" The girl named Gu Haiping suggested in a low voice. She pointed at Junxian's red and swollen hand: "Senior, you have to go to the hospital to see your hand. We asked for leave. There is not much time..."

Gu Haiping has always resisted this vacation trip. If it weren't for her girlfriend who had been pulling her and saying that she could get closer to Bu Junxian, she would have said nothing.

Chapter 1899: Golden plaster

The three girls and Bu Junxian are all students of Zhonghai City Health School. This trip was initiated by Brother Lai. The five of them had just left Zhonghai City on leave and encountered this kind of incident in the car.

"Yes, that's okay." Bu Junxian was in shock, and he hadn't recovered from the shock of Li Yun's aura, coupled with the unbearable pain in his hands, a retreat was born in his heart.

"no!"

Brother Lai, a gentleman with glasses, vetoed their decision on the spot, and said with a hint of dissatisfaction: "I finally invited you to take a tour. I want to show you the scenery, tickets and accommodation that ordinary tourists can't see in Taihuang Mountain. I'm all ready, and my friend is waiting for you to go, so how can I not go without going?"

Xiaoqin hesitated, "But Brother Bu's hand..."

"Yeah, it hurts me so much, **** it! If you see that **** again in the future, I must be beaten to break his leg!"

When referring to his hand, Bu Junxian grinned and cried out for pain, cursing in his mouth, but did not dare to call Li Yun by name.

The three girls all gathered around to look at his hand, unanimously agreeing to go to the hospital to have a look first, but the travel incident can only be defeated.

".....never mind."

Brother Lai seemed to have made a decision. He gritted his teeth and removed his bag from the luggage rack. At the same time, he said: "I have bruises medicine here. This is a non-sale product made by my friend's Taoist temple. The effect is lower than that on the market. Fighting medicine is more than ten times better! You should be fine after you wipe it."

"what?"

Gu Haiping was surprised, "It's more than ten times better? Then why don't you sell it? This way, you can easily earn tens of millions."

As a student of the health school, of course, he knows something about these medicines.

"Are you stupid?" Brother Lai looked at the gentle and polite, but didn't speak very gentle, and said directly: "This kind of medicine preparation must cost a lot of money, a small bottle is worth hundreds of thousands of yuan, plus it is hand-made, who affordable?"

Gu Haiping dared not speak.

Brother Lai, named Lai Yongsi, is a person Bu Junxian knows in society. He is very generous and took them several times in high-end places, such as high-end restaurants like 2,000 to 3,000 yuan for a meal, and bars that consume tens of thousands of dollars. and many more.

Because of this, Brother Lai is very prestigious in their small circle.

"Here you, wipe it yourself." Lai Yongsi threw a bottle of light green plaster to Bu Junxian, with a reluctant face: "This thing is called golden plaster, and my friend doesn't have many hands. He only gave it to I have one of my bottles, save a bit of rubbing, don't run out!"

"Thank you brother!"

Bu Junxian's palm was hurting terribly right now, so he was naturally happy when he got the bottle of medicine. He hurriedly tried to open it with his left hand, but he couldn't open it anyway, as anxious as a monkey.

"Let me help Brother Bu." Gu Haiping stepped forward to help him. After opening the bottle cap, he wiped the plaster with a professional technique.

"hiss!"

As soon as the plaster was scratched, Bu Junxian took a breath, and shook his right hand, almost knocking the plaster on Gu Haiping's hand to the ground.

"what are you doing!?"

Lai Yongsi angrily slapped Bu Junxian on the head, "Mom, be careful, if you lose it, you won't be able to pay for it!"

The three daughters were a little frightened. Wasn't Brother Lai very harmonious before? They were all very enthusiastic when I took them to play, why now...

Bu Junxian quickly compensated with a smile: "Yes, Brother Lai, I know, but the effect of this plaster is so good, it's better than any Baiyao!"

"Okay, just wipe it, let's continue to travel, don't cry like a woman."

Chapter 1900: Arrive at Mount Tai

"in addition."

Lai Yongsi's mouth showed a cold smile: "The person who hurt you just now is a practicing family. Their purpose is to go to Taihuang Mountain. Don't worry, Junxian, as long as you get to Taihuang Mountain, it will be my friend's territory. Then I will give you an exit. Sickness!"

Bu Junxian was overjoyed and quickly thanked him!

Therefore, the five people's purpose remained unchanged, and they still went to Mount Tai.

...

"Dear travellers, Annan City is here, please bring your salute and get off the bus in an orderly manner..."

Four hours later, the train announcement sounded. Fang Xue, who was already hungry in his stomach, stood up and pushed Li Yun, who closed his eyes and said, "Get up and get up quickly. Let's get out of the car and eat, and I'm starving to death."

"You just passed by and you didn't eat." Li Feng teased with a smile.

"Cut, I won't eat on cars and airplanes anymore. It's expensive and unpalatable." Fang Xue showed a contemptuous expression. It was obvious that he had been cheated once. It is estimated that he had eaten once when traveling with his parents. Don't eat.

"The dignified lady of the Fang family would be too expensive?" Li Yun picked up the luggage of the three, but there weren't many things. He put everything that took up space in the space ring. The two women's small bags were filled with cosmetics and sunscreen. Things like frost.

"I mean the price-performance ratio. By the way, your sisters and brothers always bully me, so I really shouldn't travel with you!"

"Didn't you complain about Xiao Baixue first?"

"Who said that, huh~"

The three of them got out of the car talking and laughing, but they saw Bu Junxian and the others at the exit. Li Yun was stunned by each other's eyes, and then they hurried away.

When he went to a restaurant next to the train, Li Yun met them again.

After eating at the restaurant, Li Yun and the three took a taxi to Taihuang Mountain. After half an hour, they finally stood at the foot of Taihuang Mountain.

"It's spectacular!"

Fang Xue stood at the foot of Taihuang Mountain, which was full of tourists, looking up at the legendary mountain that reached three kilometers.

Legend refers to the status of Mount Tai in the hearts of the people of Huang Xuan, as well as the cultural heritage and historical heritage condensed in it.

Mount Taihuang has always been the title of the most famous mountain in the world, and there is a saying that it does not look at the mountain when Taihuang Mountain returns (fiction, Mount Tai + Mount Huang). Throughout the ages, I do not know how many literati poems and chants for Mount Taihuang, and several great emperors Emperor Qin Shihuang, Emperor Wu of the Han Dynasty, Emperor Guangwu, Emperor Gaozong of Tang and others once again conferred the Zen, making Taihuang Mountain more and more sacred and solemn.

Therefore, Li Yun and Fang Xue chose this Taihuang Mountain with countless historical heritage when they travelled for the first time.

"It's really beautiful."

Li Feng also admired, she looked up, and Taihuang Mountain was shrouded in the misty white clouds from the middle of the mountain. The antique buildings are faintly visible, and it is like a fairyland.

"Let's go, let's board..."

Before finishing the wording, Li Yun saw a few acquaintances in his eyes.

"It's just fate!"

Fang Xue also noticed, and she was holding her forehead and couldn't bear to look at it anymore. Li Feng was also speechless. Don't worry about this kind of fate.

"Huh, we met again, what a coincidence."

Bu Junxian walked over with his head held high, and changed his previous vignette, gave Li Yun provocatively, as if he was saying that you would come and hit me.

".....Ah."

Li Yun laughed dumbly, but he was prepared, because the system had already prompted the event to be triggered, indicating that something else would definitely happen between him and the group.

However, this reminded him of Jin Liuli. The girl called him after the college entrance examination, Qiqi Ai Ai expressed the meaning of missing, and then hung up in a hurry, making Li Yun unable to guess what she was thinking.
