Chapter 192: Beaten up

The surroundings are very dim, and the blood will flow into a river here when it really fights!

"It turned out to be you, Xiaowu." A person who knew Li Yun's current appearance said with yin and yang, "You are quite arrogant now, dare to talk to the seniors like this!"

The appearance and temperament can be changed, but after Li Yun stood up, the whole body of righteousness revealed was completely absent from the original owner.

Li Yun smiled faintly, "I'm only telling the truth. Before you fight, think about the person whose arms and legs were cut off!"

Everyone was silent for a while. Just when Li Yun thought that the truth was over, someone fell to the ground with a big knife in his hand, making a bang.

This metal crash sounded extremely harsh at this moment, and a man with his nerves stretched to the limit finally couldn't help it. He screamed and rounded the long stick in his hand, and slammed on the seven or eight people around him!

He was so confused that he could fight with his partner!

In an instant, the screams, the screams of clubs, and the screams joined together. More than a hundred disciples attacked their side as they went crazy, regardless of who they were around. The dim environment and the frantic and restless atmosphere made them all Lost reason!

"Humph!"

Li Yun strode forward, stretched out his hand to grab the long stick in one's hand, and hit the belly, wrists, and heels of everyone around him.

Just like a tiger entering a flock of sheep, in front of the powerhouses in the acquired realm, this group of people who are not even in the body tempering realm can only be passively beaten, screaming and running around, without the slightest resistance at all!

"stop!!"

Lu Shan, Lu Tianba, and an old man hurriedly came from the backyard and saw a picture that shocked them.

The guy nicknamed Xiao Wu, holding a club, knocked all of as many as hundreds of disciples to the ground.

The ground was dripping with blood, some people twisted their arms, or vomited blood, all looked at the only person standing there with horror!

"Little Five, you bastard!"

Lu Shan was furious, and without a word, he flew over and kicked Li Yun!

"boom!"

The next moment, Lu Shan was hit on the sole of the foot by Li Yun with a stick, and suddenly he let out a scream, his huge body was swept back, and he fell to the ground and rolled several times before stopping.

Road Tianba was furious at first, but quickly reacted and his eyes became fierce: "No! You are not Xiaowu, who are you?!"

Li Yun smiled faintly, then turned his eyes and glanced at the old man beside Lu Tianba.

He was about fifty years old, his eyes were deep concave, his skin was sallow, and his eyes were extremely sinister, as if he was staring at people like a poisonous scorpion, which was extremely uncomfortable!

"Hmph, let me come for a while for you!"

His son was beaten so miserably, Lu Tianba, who was eager for his son, couldn't help it anymore, drew out a golden ring sword, and hit Li Yun immediately!

But in a small body tempering realm, how could Li Yun's opponent be?

Li Yun used the ethereal footwork, his stature was as flexible as the wind. After evading his attack, he passed by with another stick. The old waist of Lu Tianba was almost broken after being beaten, and he immediately lost the ability to resist.

"You!" Lu Tianba clutched his waist, where the pain made his face twisted.

"If you do many unjust actions, you will die. You should think of this when you take refuge in Feihumen!"

Li Yun sneered, and put the long stick on the ground with one hand, like a Monkey King holding a golden hoop, his power rushed into the sky, making the surrounding martial arts disciples shudder, and the previous chaotic mind was all feared Occupied.

Chapter 193: Gas refiner

"Feihumen!!"

Lu Tianba's face paled, "You are here for that stick!"

Sure enough, there really is a magic stick here!

Li Yun was pleasantly surprised, but the expression on his face did not change. He smiled faintly:

"You are right, maybe you don't know it? There have been so many things in your martial arts gym recently, all because of the spirit stick!"

"Suck, spirit, great...!!!"

Lu Tianba's face paled again.

He had anticipated this a long time ago. Ever since he got involved with Feihumen and was ordered by the other party to place the stick in the martial arts hall, all sorts of things went wrong in his martial arts hall.

It turns out that all this is really because of that stick!

And Lu Tianba went to the Sixth Elder in Feihumen just now to inquire about this matter.

"Jie Jie Jie!"

The old man standing beside Lu Tianba let out an evil laugh, and stared at Li Yun with his eyes deadly: "Finally caught your people from Qinglei Valley, boy, if you come here today, it is tantamount to seeking your own death! "

"Blue Thunder Valley?" Li Yun quickly reacted, "Are you from the Lie Demon Sect?"

"Lao Duan, Duan?" Lu Tianba looked at the old man in surprise. He thought this old man was from Feihumen, but he didn't expect it to be.

"Humph!"

The old man was non-committal, and said with a negative smile: "Those who dare to stop this plan will die, whether you are Qingleigu, four big families, or the sect of the rivers and lakes, or even people from the government, you are all Damn it!"

"Ding, trigger the option event, please choose from the host:

Option 1: Defeat Duan Jiangdong, reward justice value +100, spirit and wisdom +300, experience value +30,000, random blue gift bag*5, additional bonus low-level skills: mental resistance (passive, make the host spirit more tenacious, but Resistant to ghost attacks to a certain extent).

Option 2: Turn around and flee, reward skill: Walk is the best plan.

Choice 3: Take refuge, reward evil value +50,000, skill: elementary magic teaching mental method.

"

Me Cao?

Li Yun was shocked. What is the origin of this Jiangdong? The extra reward for the system is actually a low-level skill.

In other words, the skill of mental resistance is very powerful, so it is low level?

Duan Jiangdong waited for a while, but when he saw Li Yun he didn't say anything, he didn't show a look of fear, and he fled without turning around. His calm and calm appearance made him extremely angry.

He is a dignified immortal cultivator. He has a cultivation base in the middle of Qi training. In front of this group of martial arts people, he is proud of himself, and he is not afraid of the innate realm. How can he tolerate a hairy boy to look down on him?

"court death!"

Duan Jiangdong stretched out his hand and took out a piece of talisman paper, opened his mouth and muttered a mantra. In everyone's surprised eyes, he photographed his skinny body.

In an instant, a powerful force gushed out of the talisman, and Duan Jiangdong's figure seemed to skyrocket, and even his thin, yellow face turned into a red face.

"Drink!"

Duan Jiangdong's figure flashed, and he punched Li Yun fiercely. Li Yun didn't dare to meet such a strange thing for the first time, so he chose to greet him with a finger stick.

"Bang!" "Crack!"

Duan Jiangdong broke the hard black wooden stick with a punch. The wind of his fist weakened a little, but he still hit Li Yun in the abdomen.

Li Yun hurriedly stepped back four or five steps before removing this strength.

I quickly checked myself. Fortunately, apart from the faint pain in my abdomen, there were no other curses, toxins, or other evil things.

Chapter 194: Grudge

A confident smile appeared at the corner of Li Yun's mouth, and he said, how can there be powerful immortals in modern society.

Even if there is, it is just some sneaky hiding in the dark corners, at most with the Gu worms in Miaojiang, the zombies in Maoshan, or the descending heads of those countries in Southeast Asia.

Li Yun is not afraid of zombies and ghosts, but is afraid of inexplicable gu worms and curses such as lowering heads.

Therefore, Li Yun paid more attention to the passive skill of mental resistance, decided to keep the experience points, and added them all when he obtained this skill!

"Die!"

Li Yun retired and Duan Jiangdong advanced. After seeing that he punched the opponent back, his confidence increased, and he punched again.

But this time, Li Yun chose to go head-to-head.

"King Kong points!"

After stepping into the acquired realm, Li Yun's power of the King Kong Finger has not only increased tenfold!

It was a powerful martial art that used a point to break the face. At this moment, with the blessing of Zhen Qi, his fingers were no less powerful than a steel needle, and he slammed Duan Jiangdong fiercely.

"puff!"

Hearing only the sound of a balloon being pierced, Duan Jiangdong's palm was completely punctured, his **** and wrist were directly pierced, and blood spurted out wildly.

"Ah!!!" Duan Jiangdong let out a stern scream, his great charm was actually broken by Li Yun! ?

Li Yun stood proudly, looking at the other person's pale face and backing back again and again, and said: "You are Duan Jiangdong, right? The Lie Demon Sect is really only a trick of these children. How many tricks do you have? Show them all!"

Li Yun's original intention was to learn more about these magical moves, but he didn't expect a sentence to expose his ignorance.

Duan Jiangdong sneered, "Lee Demon Gate? Ha ha, the old man is not from the Lie Demon Gate, boy, I advise you to stop here, otherwise, the old man will let you survive and die!"

Threatening in his mouth, but he was extremely shocked in his heart. It is reasonable to say that even if Li Yun is a consummate martial artist, it is impossible to break his powerful charm with one move.

Unless his martial arts... yes, it should be the diamond finger!

"Isn't Lie Demon?" Li Yun was a little embarrassed, touched his nose, coughed, and shouted: "I care who you are. If you want to survive, you can honestly explain things, be lenient in confession, be strict in resistance, understand?"

Duan Jiangdong sneered again, "Do you think you will kill me? What a joke! You still don't know who you are against! Not to mention, let you see the true strength of the Qi refiner!"

Gas refiner?

When everyone was puzzled, Duan Jiangdong took out another piece of rune paper. This time Li Yun took a closer look. The rune paper, like a spirit stick, was engraved with many weird and weird runes.

As soon as the talisman was taken out, everyone seemed to hear the wailing of evil spirits and ghosts all around, and the surrounding temperature dropped a lot, making their hands and feet cold, and they could not wait to flee here immediately.

"Pretend to be a fool."

Li Yun said calmly, but he secretly stood guard, his eyes fixed on Duan Jiangdong's movements.

"Jie Jie Jie, pretend to be a ghost? Boy, do you think there are ghosts in the world?"

Duan Jiangdong forcibly endured the pain of his right wrist being penetrated, and the deeper his resentment towards Li Yun in his heart, he said viciously: "You haven't seen a ghost before, but today, the evil spirit I raised will come and kill you!"

After that, he threw the resentful spirit talisman in his hand, and muttered a spell in his mouth.

In an instant, the resentful spirit talisman exuded a strong black mist, floating in the air, and let out a miserable howl of resentful ghost!

Chapter 195: The red ghost, kill in seconds

The grieving ghost's wailing sound resounded around the martial arts training ground, and a breath of death was permeating, everyone looked over in horror, and vaguely could see that there was a face with a painful expression in the black fog!

"Oh my god!"

"Run! Run away!"

"Escape, escape... My legs are weak and I can't run, who will save me!"

"Are there ghosts?"

Everyone scrambled and fled to the distance, with the help of the flashlight, watching the development of the situation nervously.

They want to escape, but they want to see what ghosts are like, and maybe they can find out why the martial arts hall has become weird recently.

Duan Jiangdong laughed triumphantly, and said as if he was holding the winning ticket: "Boy, this grieving ghost was killed by me on July 15th, when the ghost gate opened wide, and the world was the heaviest. A woman with a very yin spirit, after receiving her ghost, after another twenty years of hard training, she has such a powerful death spirit!

Today, you must die! "

Li Yun smiled faintly, "I'm sorry, I forgot to tell you, I'm actually a natural master!"

"Are you born?" Duan Jiangdong was taken aback for a moment, and then sneered: "The gibberish kid, die! Resent ghost, go and kill him!"

Li Yun nodded secretly. In this way, this resentful ghost is probably innate strength, otherwise people with a personality like Duan Jiangdong will ridicule, saying, "Even if you are born, you are not dead."

The resentful ghost roared and opened a huge black mouth towards Li Yun, and rushed towards him with billowing black air.

"Actually, I also raised a ghost."

"what?"

Duan Jiangdong was stunned to see that Li Yun on the opposite side took out an umbrella out of thin air, an ancient oil-paper red umbrella, beautiful, delicate and elegant.

But this beautiful red umbrella revealed a strong and strange atmosphere!

"A female ghost."

Li Yun glanced at Duan Jiangdong lightly, and slowly opened the red umbrella.

In an instant, the grieving ghost stopped wailing, as if being held in the air by a fixation technique, a faint, weird red light radiated from the umbrella, and a woman's figure slowly emerged from it.

No, it should be said, the figure of a female ghost.

Everyone present was dumbfounded.

The female ghost is so beautiful, so beautiful that it makes men crazy, and so beautiful that heaven and earth are overshadowed by it.

But her beauty is a kind of evil beauty.

Her eyes were blood-red, her skin was pale, and her long, jet-black hair fell straight to her calf, and her scattered hair covered half of her face.

The clothes on his body were a bit torn, as if torn in half by the gangster, only covering important parts, exposing large areas of deadly pale skin.

"Wow!"

The resentful ghost turned around and fled, telling it instinctively that the red female ghost in front of her had the power to kill it easily.

But it was too late.

As soon as the red ghost stretched out her hand, the resentful ghost involuntarily flew into her white palm, and then, was swallowed into the belly by the female ghost.

Everyone was silent, so afraid that they didn't even dare to say a word, let alone move, for fear of being noticed by this terrifying female ghost!

"how is this possible!"

"How could there be such a strong female ghost!!"

Duan Jiangdong shouted in his heart, instead of being afraid, he looked at the female ghost stubbornly, his eyes full of greed.

A grudge that can fully reveal his body, let alone he has seen it, he has never heard of it, and it can only appear in some myths and legends, and reality can never exist!

Chapter 196: Given by a female ghost

Being able to reveal her figure means that the female ghost in red has a strong resentment, can distort the boundary of life and death, and force her appearance in the world.

However, no matter how strong ghosts are, they are also ghosts. Humans have countless ways to manipulate them!

Moreover, Li Yun will not control the female ghost at all, and the female ghost can only act by instinct. Duan Jiangdong has the confidence to seize the control of the female ghost!

"Jie Jie Jie, this female ghost belongs to the old man!"

Duan Jiangdong reached out and took out a few pieces of talisman paper, and threw it out excitedly at the ghost in red.

Seeing the female ghost standing motionless in front of Li Yun, Duan Jiangdong became more agitated. He could not help but fantasize in his mind. After possessing this female ghost, his strength will increase by leaps and bounds. At that time, I am afraid that even those dragons will see you. The elders who missed the end had to be polite to him by three points!

"Hahahaha... uh, what?"

Duan Jiangdong's laughter stopped abruptly.

When the talisman was about to come into contact with the female ghost, the other party finally moved.

The female ghost turned her head from looking at Li Yun, her eyes flashed with a red light, and all the talisman paper was burned in the next moment.

"This.....!"

Duan Jiangdong was shocked again, this female ghost was far more powerful than he had imagined!
This magical method is completely beyond his comprehension!

"Rogue, die."

Duan Jiangdong's only memory left in the world is that the red ghost girl seemed to be speaking in his ears, a terrifying words.

"Hey hey."

"Hahaha, I am invincible in the world!"

"I am the strongest, I am the strongest, and the elders are not my opponent!"

"The saint also succumbed to me, lying on the ground begging for mercy, hahaha!"

In the eyes of everyone, Duan Jiangdong was crazy.

While shouting inexplicable words, he stumbled and ran, and quickly fell to the ground without a sound.

"Ding, the host makes a choice, and the reward (justice value +100, spirit and wisdom +300, experience value +30,000, random blue gift bag*5, additional reward for low-level skills: mental resistance) has been issued!"

Li Yun lifted his spirits, only feeling that the red-robed ghost brought him a little less oppression.

He didn't hesitate at the moment, and directly put all the 100,000 points of experience into spiritual resistance, raising it to a high level.

"you....."

The red ghost turned her head to look at her again, looking at Li Yun with blood-red eyes, as if looking at whether he was delicious or not.

Then, stretched out the slender right hand that was scary white, and gently stroked Li Yun's cheek.

"Are you a good person or a gangster?"

Li Yun swallowed hard, the female ghost exuded a substantial chill, which pierced his skin and pained her skin. She had a pair of godless blood-red eyes, and her fingernails were very long, showing bright red, sharp as if it could be done next moment Cut Li Yun's throat!

If it were to fight, Li Yun would definitely not be her opponent, and he would not even have a chance to draw out the fairy bow, and would be killed by the female ghost on the spot!

"Of course I am a good person!" Li Yun said calmly.

"Okay, I won't kill you."

The female ghost's red nails left Li Yun's cheeks, and then she made a shocking move.

"I like good people, you are good, I like it very much~."

The female ghost's voice was very ethereal. After speaking, she stood on her tiptoe and kissed Li Yun's face.

Really kissed!

Li Yun was kissed by a female ghost in red, do you dare to believe it? !

But the cold touch on his cheek kept telling him that Li Yun was sure that he was kissed by the female ghost!

Chapter 197: Lu Tiancao

The people who were frightened with weak legs in the distance were once again startled to drop their jaws.

"How do I feel, that guy was kissed by a ghost?"

"Are you stupid? It must be the female ghost who wants to bite his neck!"

"Human ghost love is not there yet?"

"I think it's a backlash, don't talk, let's go quietly, this female ghost is more powerful than before!"

"The ghost in the red dress is usually a big boss in the movie, can it be amazing?"

"Damn, tell you not to talk!"

The female ghost suddenly turned her head and looked here, scared the group of people and peed their pants, and hurriedly ran wildly.

Seeing the female ghost shifting her attention, Li Yun breathed a sigh of relief. Perhaps because of his high justice value, this 'justice', or the female ghost who only wants revenge from the villain, has a good impression of him.

From the performance point of view, this female ghost still acts on instinct and has no thinking ability of her own at all.

"kill!"

Sure enough, after seeing those resentful people among the group of people, the female ghost in red floated in mid-air and killed them without saying a word.

Her fluttering red figure, the red light and murderousness that radiated from her body caused a group of capable practitioners to flee in fright.

Seeing that the abnormal massacre was about to begin, the figure of the female ghost in red stopped, and looked back at Li Yun before she disappeared unwillingly.

"My god, it's dangerous."

Li Yun closed the red umbrella and let out a long sigh of relief.

It seems that this female ghost can no longer be used. Otherwise, if the people around Li Yun are judged as wicked by her, wouldn't they also have to be killed?

"The red umbrella of a female ghost: she was a peerless beauty. On a rainy night, she was attacked by gangsters and unwilling to be insulted. She chose to bite her tongue and commit suicide. Before she died, she vowed to kill all the villains in the world!"

From the description of Red Umbrella, Li Yun knew that the female ghost only killed the wicked, but did not know how she judged the wicked.

If you do something bad casually, you are a bad person, and few people are good people at the end of that day.

Forget it, end the unfinished selection event.

Li Yun looked at Lu Tianba who fell on the ground. He had been dizzy by a series of events and completely lost his resistance.

"Grandpa, grandpa, forgive me!"

Lu Tianba became Lu Tiancao, and all the questions about Li Yun were spoken out of his mind.

It turned out that in order to avenge his son Lu Shan, Lu Tianba originally wanted to directly attack Li Yun, but after learning that Li Yun had beaten Xue Ji violently, he had to make a long-term plan.

Later, after several twists and turns, he found Feihumen, and then he was used by the people of Feihumen and put the spirit suction stick into the martial arts hall.

"Where is the spirit sucker?"

"Yes, in the cafeteria!"

Li Yun took him to the cafeteria, kicked the lock, and found the suction stick according to Lu Tianba's instructions.

Because it feels that it is getting more and more evil, this thing has been transferred many times in the martial arts hall, first in the martial arts field, then in the dormitory, and finally to the cafeteria.

Li Yun couldn't find anything wrong, so he put it in the space ring without any trouble.

The sudden disappearance of the suction stick made Lu Tianba tremble again with fright. He was extremely regretful, why did he provoke these mysterious people!

If time could be turned back, he must have taught his son a good lesson, rather than trouble Li Yun.

"Grandpa, grandpa?" Lu Tianba looked at this disguised mysterious man with curiosity, "You see me cooperating like this, don't you...?"

Chapter 198: Unjust is doomed to destruction

"Ding, the host makes a choice, and the reward (justice value +500, all attributes +400, experience +100,000, random blue gift bag*5) has been issued!"

Only after sending out the previous reward, the system triggered another one.

"Ding, trigger the option event, please choose from the host:

Option 1: Let go of Lu Tianba and Lu Jia Wuguan, reward justice value +10, experience value +1000, reward skill: Our Lady's Heart.

Option 2: Kill Lu Tianba and destroy it forcibly, rewarding experience value +50,000.

Choice 3: Give it a lesson, reward justice value +50, free attribute points 100, random green gift bag*3. "

Li Yun is speechless, the system is the Virgin, right? The justice value added by letting off Road Tianba is high, isn't it clear that he should let him go?

Yes, Li Yun is too lazy to care how the system judges, as long as the reward is high.

As for Lu Tianba, huh!

Li Yun's eyes flashed a fierce color, let it go, but Road Tianba wanted to find a killer to deal with him, Li Yun definitely couldn't spare him easily!

"boom!"

With a punch at Lu Tianba's pubic area, Li Yun watched him fall to the ground in pain, unable to even speak.

"If you do many injustices, you will kill yourself, so let's do it for yourself." With a word, Li Yun walked toward the door.

Road Tianba's eyes were gray.

He was abolished by Li Yun's martial arts. In the future, let alone open a martial arts hall to teach people, he will not even be able to do heavy work.

Lu Jia Wu Hall, completely closed!

"Ding, the host makes a choice, and the reward (justice value +50, free attribute points 100, random green gift bag*3) has been distributed!"

Li Yun didn't feel sorry for him. When Lu Tianba had a murderous heart, he was destined to have this ending!

Walking out the door, a group of disciples who had escaped from the Lujia Martial Arts Hall were frightened again.

"By the way, let me tell you one thing!"

Li Yun smiled faintly, "You can tell what happened tonight."

"what?"

"The premise is that you are not afraid of the ghosts of the Lie Demon Gate, just say it."

Everyone hurriedly covered their mouths and shook their heads, joking, ordinary people are involved in the battle of these mysterious people, there is only one dead end!

They didn't even dare to stay in the martial arts hall, because when they went to the martial arts field, they would think of that scary red female ghost. Who the **** would dare to live there?

Li Yun smiled and stepped away from here.

"Brother, go slowly!"

"What's the big brother? You want to be called uncle!"

"Uncle, go slowly and don't give it away!"

"Uncle, come and play again when you have time!"

"Go away, you think this is Yihongyuan!"

Li Yun ignored the energetic group of guys, took out his cell phone and made a call with Guo Xun and told him the matter.

When he got home, Li Yun counted the gains this time, and he was generally satisfied.

His attributes have all exceeded 5000, the justice value is as much as 3,600, and the gift bag has been obtained 13 at a time, which can be described as a bumper harvest.

But Li Yun did not relax his vigilance. The forces behind Duan Jiangdong were undoubtedly the real messengers behind the spirit suckers, and there must be more powerful people among them.

Before Li Yun has the ability to protect himself, his identity must not be exposed, and Guo Xun and others are also strictly ordered to act without authorization, otherwise Li Yun would rather investigate on his own.

Li Yun couldn't tell why he was involved in these vortexes. Perhaps he responded that the greater the ability, the greater the responsibility.

Although Li Yun is not a very righteous person, as his abilities become stronger, he will meet these people sooner or later, and he can't hide, so it is better to take the initiative!

Chapter 199: Yan Jingyi

A few more days passed.

During this time, Li Yun's relationship with Fang Xue and Li Feng was stable, and the two women gradually accepted each other, in a relationship that was both a girlfriend and a rival.

Yi Shanshan is still shooting her documentary. Xia Feiyao returned to the martial art. Although she was not prohibited from using her mobile phone, she could only contact Li Yun in a very short period of time.

As for the little pepper Su Muxin, he is preparing to start a company in Zhonghai City.

I just don't know which part of the problem went wrong. Now this matter is on the news and once on the hot search list, many netizens have come to watch this software that claims to have received one billion—in fact, it is a 1.1 billion investment. .

Zhonghai City, Huangting Mountain Villa District, Villa No. 6.

"Mu Xin, do you really plan to invest a billion dollars in that humble boy?"

A young man three or four years older than Su Muxin asked eagerly.

His name is Yan Jingyi, and he also lives in the Huangtingshan villa area. He is 24 years old this year, and his family has assets of 200 billion yuan. He is the only son of the chairman of Shengrong Real Estate Group. He has a good relationship with the Su family.

"What is a kid from a humble background?"

Su Muxin smiled faintly and looked at him.

The bright red pepper at the moment, wearing a sky-blue long skirt, has black hair pulled up high, not combed into a double ponytail, and wearing a valuable pearl necklace between his white and graceful neck. She looks very noble and elegant as a whole.

It's completely different from when I was with Li Yun.

"Sorry, my words may be misunderstood, I'm just emphasizing that he may not be trusted!"

"Believe it or not has nothing to do with you, this is my decision." Su Muxin said coldly, she was disgusted that this guy often approached her by looking for her brother.

"This... I'm just reminding you."

"You don't need to remind."

Su Muxin was indifferent, "As the daughter of the Su family, I can afford to throw a billion! Forget it, I have nothing to chat with you, you guys. Brother, call me after dinner, I'll go upstairs first."

When Su Muxin refused directly, Yan Jingyi's eyes flashed with an unpleasant expression.

Su Mufeng took a sip of tea calmly, and said, "Jingyi, I think we have to take a long-term plan to invest in the development of the science and technology park. Let's sit down and talk slowly after some time."

Find time to sit down and talk, the hidden meaning is that I am not interested in this project.

Otherwise, Su Mufeng would stay with him for dinner instead of sending off guests!

"asshole!"

Yan Jingyi left Villa No. 6 bitterly, and walked towards Villa No. 156 at the foot of his mountain.

In Huangting Mountain, the first 20 villas are all on the mountain. These 20 villas are not so much villas as castles.

Each of these castles needs at least 5 billion, which is hundreds of times more expensive than the villas at the foot of the mountain. It can be seen that people who can afford to live in these castles have incomparable wealth and status!

When he got home, a gentleman-dressed housekeeper saw that he looked upset, so he asked what was going on.

"Master, it's very simple."

The butler's face showed a faint smile, "Although the person named Li Yun has Wu Ke's help, Wu Ke is a technical staff, not a management executive. He can also attract a lot of investment, but as long as we use a little With a little trick, they guarantee that they won't make a penny, and they may lose it all!"

Yan Jingyi's eyes lit up and asked urgently: "What is the solution?"

"...As long as this is the case, they will face the risk of bankruptcy if their product has not been released by then!"

"Good! Great, hahaha, just do it!"

Chapter 200: News from Su Muxin

Another week passed, approaching the day of the second Zhonghai City mock exam.

During this period of time, Longyang County seemed to have returned to peace.

Guo Xun took out Xue Ji's casino, and sent the former Xue boss to prison by the way. Lu Jiawu Hall was also sold. There was no movement in Feihumen, and everything else returned to peace.

It's like the tranquility before the storm.

Li Yun did not relax his vigilance and has been accumulating strength.

In the evening, as soon as he turned on the computer and clicked the button, Li Yun received a video call from Su Muxin.

"Brother Li Yun, Brother Li Yun, come and see this!"

Su Muxin sent him a link, and Li Yun glanced at the little pepper. She basically had a video call with him every night, and she changed into different clothes every night.

Yesterday was a sailor suit, the day before yesterday was the absolute field of black silk, and the day before yesterday was the striped socks.

As for today, it is a gorgeous Lolita skirt with white stockings, which is only pure and lively for girls.

The so-called Lolita clothes refer to a kind of clothes with gorgeous makeup and complicated dresses, similar to princess dresses, but more cute.

In recent years, it is very popular among girls aged 14-30, and a set costs at least several thousand yuan.

As for Su Muxin, she was pretty in the first place, but after wearing the expensive Lolita, she became even more beautiful, and she almost couldn't look away from her eyes.

"Hehe, Brother Li Yun, am I beautiful?" Su Muxin's face was shy when she noticed Li Yun's gaze, but she pushed aside the chair and turned gently in front of the camera.

Suddenly, the skirt was flying, and the girl's hair danced with the skirt of the skirt, and the corners of the skirt just floated up, revealing the scene inside.

Ahem, Li Yun saw a cute kitten pattern, showing a perfect isosceles triangle.

"Doesn't it look good?"

Su Muxin lit her red face, bent her slender waist, leaned in front of the camera, and blinked cutely at Li Yun.

She didn't let go of any opportunity that would fascinate Li Yun's brother. Now the two of them have lost their shame in the video call, and directly hooked him to express her love.

"very nice."

Li Yun admitted frankly that he was indeed tempted. If Su Muxin was by his side, he would definitely do something with Su Muxin to let this little fairy know that he had done something wrong!

"Hehe, I'll send the picture to Brother Li Yun later." Su Muxin lowered her head shyly, and clicked her **** shyly. "It's the state...in space, do you look forward to it?"

The state in space...

A good boy may not understand what it is, but Li Yun already understands Su Muxin's fiery heart.

"Ahem, don't talk about this, I'll go and see what happened, I'll hang up first!"

Li Yun hung up the video call quickly, and he breathed a sigh of relief. He felt that he would video call Su Muxiang again and don't want to sleep if he didn't take a cold shower tonight.

On the other side, Su Muxin, who locked the door of her room and blocked her family from entering casually with a chair, chuckled her blushing mouth.

She finds that she loves brother Li Yun more and more. Every night she looks forward to a video call with him, and then puts on all kinds of beautiful clothes to show him. She likes to see the appearance of brother Li Yun fascinated by her. A sense of accomplishment.

"When Brother Li Yun is finished, I will send him the photo, tonight...make a bold move."

Su Muxin excitedly set up the high-definition camera and began to dance a cute and charming dance to the camera.

Dance specifically for Brother Li Yun.
