

## Godly Choice 1911

Chapter 1911: warn

Lai Yongsu looked at Li Yun up and down, and said, "I have seen someone who is looking for death, and I have never seen someone who is looking for death in such a hurry! Actually, they all came to watch!"

"What's wrong with the whole view?" Li Yun asked rhetorically.

"What's wrong? Huh, here..."

Lai Yongsu shut her mouth in time, her eyes indifferent, "When you come to Taoist temple, you can't go if you want to. Brother Bu, let's go!"

Bu Junxian raised his chin and glanced at Li Yun triumphantly, "Boy, just wait for my friend to call someone to have a beating, and prepare a little money as soon as possible, so that you won't get rid of your two arms. mistaken!"

Lucini frowned. She really didn't want to get involved in the affairs of these Huang Xuan people. After all, the bodyguard was left by her at the bottom of the mountain, and now she can't catch up.

Li Yun smiled and asked, "Are you looking for someone now? By the way, I would like to ask you one more question. How many of you are going to live in Quanyi View tonight?"

"So what?" Bu Junxian stopped and replied provocatively.

"Oh, not great."

Li Yun smiled slightly: "I just want to be curious, the cry of the tiger just now--" Li Yun paused here, observing Lai Yongsu's expression.

Sure enough, when Lai Yongsu heard the word "tiger", his face immediately changed, rudely pulling Bu Junxian back and looking at Li Yun fiercely:

"What do you want to say? Do you want to say that the tiger raised in Guanli can eat people? Hehe, are you a fool? Pork is so cheap, why do you want to feed human flesh?"

Human flesh?

Everyone's expressions changed. Fang Xue approached Li Yun a little bit, looking at Lai Yongsu with a pair of beautiful eyes, "My boyfriend didn't say anything, why do you think of feeding... meat? My boyfriend I just want to say that the tiger ran out to eat the guests. Could it be that you...are you really...hello?"

She is quite repulsive of the word human flesh, and is unwilling to say it.

"Smelly girl, don't talk nonsense!"

Lai Yongsu was visibly panicked, and he didn't know if it was true, or if there was another hidden story. After a few curses, he pulled Bu Junxian and the others to leave.

But the third daughter was already scared and refused to leave.

"Brother Bu... there really are tigers in Taoist temple!"

"Yes, yes, the tiger scream just now was really terrible, and I was so scared that I dropped my chopsticks!"

"Brother Bu, shall we go to stay in a hotel? Pay a little money for one person, pass tonight first, and then go down the mountain tomorrow..."

Bu Junxian was embarrassed and didn't know who to listen to.

"For the sake of our fate, I will give you one last piece of advice." Li Yun's expression was flat and said: "Go home as soon as possible. Don't stay outside, otherwise there will be blood and light. If you don't listen to you, your life is yours, so consider it carefully. Bar."

After speaking, Li Yun took Fang Xue and Li Feng's small hands and walked up to the second floor.

The Bu Junxian who was left was even more embarrassed. The three school girls were now scared and refused to go to the Taoist Temple for the night, as if there had become a dragon's den!

"You won't be really scared, are you?"

Lai Yongsu laughed back and said sarcastically: "What do you believe in what the kid says? The wing room of the whole view has always been open to tourists, and now there are many people living there. Do you think it will be dangerous?"

Bu Junxian shook.

Indeed, if there are other tourists living with them, there is really nothing to be afraid of. The Taoist tigers must be kept in cages and cannot escape.

"Bu, Bu brother." Xiaoqin stammered: "Lily and I are both very scared of the tiger's screaming. If it screams again at night, we can't sleep peacefully. I think we should go to... the hotel."

Chapter 1912: Order first

Her voice was getting lower and lower, and she was frightened by Brother Lai's cold eyes.

"Huh, that's all."

Lai Yongsu changed his words, "Since you can't live in the Taoist wing of 2,000 yuan a night, you have to stay in those ordinary hotels that cost a few hundred yuan a night, then I won't force it."

Bu Junxian was very embarrassed and complained a little bit about Xiaoping and the others for being too courageous.

"Let's do it." Lai Yongsu patted Bu Junxian on the shoulder, "You follow me to the Taoist temple, I'll call my friend, and let me teach the kid together. After beating him, I will send you to the hotel on the mountain! Hahaha, you can sleep well at night by venting your grievances, don't you think?"

"Thank you brother!"

Bu Junxian is overjoyed. In his cognition, brother Lai's friends in Taoist temple have been practicing martial arts since childhood. They must be very powerful martial arts masters. Isn't it enough to teach a young rich second generation?

The three daughters of Xiaoqin did not object, no matter how dangerous the Taoist temple is, if you just go in and take a look, it should be okay, right?

In this way, the four of them were led by Lai Yongsu in the darkness, step by step towards the whole view.

...

When he came to the second floor of the restaurant, Li Yun glanced around. The decoration on the second floor was indeed better, but the current time and the price have resulted in no one on the second floor, only the female Taoist waiter followed him.

"Xiaoxue, sister, what do you want to eat?"

After sitting down, Li Yun picked up the menu and glanced at it and handed it to Fang Xue.

"How many, how many."

The waiter's voice trembled a little, and he looked around quietly for a week. After confirming that no one was there, he covered his mouth with his hand: "I advise you to go hurry up, Taoist temple-no, all of them are some very powerful martial arts masters, you Can't beat them!"

Li Yun was a little surprised. He didn't think that the female Taoist waiter was still a good person, and took the initiative to remind them.

"thanks for your reminder."

"Hey, don't thank you... I just think you are all young, handsome and beautiful, and can't bear to see you being beaten. You should go!"

The waiter said anxiously, but Li Yun waved his hand and said with a smile: "It's okay, let them come, it's your big boss, the abbot of Quanyiguan...Oh no, the abbot is a temple, Taoism should say long, Real people, even if they come in person, I can push away with one finger!"

"This....."

The waiter was stunned, and Abbott got excited. Can he finally see the real Kung Fu master contest? Will it be the same as in the movie, punching like the wind, smashing half of the restaurant, the battle scene has become \*\*\*\* and violent, and it is passionate!

Lucini frowned without showing a trace. She began to regret her coveting the world of her boyfriend, instead of letting the bodyguard from the mountain come up together.

However, since these three Huang Xuan people can walk freely on the mountain roads, they should also have some abilities?

"Order food." Of course, Fang Xue put a hundred hearts on her boyfriend, and started ordering with the menu.

"Huh? It's worthy of a Taoist restaurant. The food is very distinctive."

Fang Xue's fingers slid back and forth on the menu, "Here is a medicinal meal, and there is also a melon and fruit set meal in the mountains. I was looking at the difference between the chestnut kiwi and the appearance. By the way, let's have another ginkgo stewed chicken. Let's go. Just half a day can drink thick chicken soup to nourish~"

Seeing a few people are really confident, the waiter is not easy to say anything, can only start to introduce the special dishes.

Chapter 1913: Ginkgo stewed chicken, delicious

Not long afterwards, all the special dishes of the restaurant were brought up one after another. The price of each one was at least one hundred yuan. Even an ordinary stir-fried vegetables sold for one hundred and five, which was staggeringly expensive.

But the taste is indeed worth the price.

Not to mention, just a small dish of appetizing kimchi per person. According to the waiter, they are made with natural vegetable-flavored ingredients and brewed in the special climate of Mount Tai.

It tastes sour and sweet, crispy and refreshing, and when you are hungry after walking for a long time, your appetite is greatly increased!

"Yes, the specialties here are all very well done."

Li Yun smiled and praised, the Taoist Evian-that is the female Taoist waiter, real name Pan Yiyun, she said with a smile on her face: "Our chefs are all from five-star hotels, although the restaurant relies on everything. Let's watch together, but we are responsible for the daily operations, not the people in Taoist temples."

Li Yun heard her overtones and asked, "Are you dissatisfied with the whole view?"

"...It's not dissatisfaction either."

Taoist Evian quickly changed her words, "It's just that there are some bad rumors, we..."

"What rumor?" Fang Xue asked her curiously.

"Yes, that is..."

"That kid you said is here?!"

At this time, a cold and arrogant voice came from the stairs, and Li Yun knew who was coming without guessing.

"Continue to eat."

Li Yun stopped the shocked Abbott and Lucini with a calm sentence, and also calmed Li Feng, who was a little uneasy.

"Brother, you..."

"Don't worry, sister, it's okay."

Li Yun gave a chuckle, calmly picked a piece of ginkgo stewed chicken with his chopsticks and put it in his mouth. After biting, he couldn't help but exclaimed: "It's delicious, sister, Xiaoxue, try it too. You don't know what kind of chicken is. It looks very smooth and delicious."

At this time, the people who came up from the stairs had already walked up to the second floor.

One of them is naturally Lai Yongsu. The other is wearing a Taoist robe with long hair in a bun style. He is holding a long sword in his hand. As soon as he walks up, he looks around with sharp eyes.

When he sees Li Yun and others, his face becomes more and more serious. He was indifferent and walked straight over.

"It looks like a chicken raised in the mountains?"

Fang Xue tried ginkgo stewed chicken. She has eaten a lot of delicious things, so she can comment on one or two: "The chicken raised in the mountains has very tender meat, plus the sweetness of the fruit after the ginkgo is used as a condiment for the soup. The taste washes away the fishy and greasy taste of the chicken, making the meat soft and delicious, which is really delicious!"

"I, I'm here to taste too."

Li Feng's hand holding the chopsticks trembled slightly, but still picked up a small piece of chicken breast, trying to calmly put it in the mouth: "Well, very good..."

"I will let you eat!!!"

Finally, he walked up the stairs and came in front of everyone, but was furious by the ignorant. After a loud roar, his right fist clenched and hit the table severely.

With a strong fist and a whirring wind, Lucini's eyes widened instantly, her heart clenched, ready to jump and escape at any time.

next moment.

A slender and powerful hand stopped in front of the fist, with a muffled bang, and the owner of the fist took a half step back.

"Sure enough, Lianjiazi, huh!"

The young man in Taoist robe holding a long sword sneered, then viciously raised his right foot and stepped on the table again!

He insisted on overturning the good food on the table to vent his anger after being ignored.

As a result, the next moment, a chopstick just hit the sole of his foot again.

"what!!!"

Chapter 1914: The power of a pair of chopsticks

The strength of the chopsticks penetrated the shoes directly, hitting the sole of one of the most sensitive parts of the human body. The young man in the robes only felt a heartache from the heel to the face along the spine. A face was distorted with pain, and he stepped backwards-on one foot, jumping like a one-legged chicken, stepping on the floor banging.

"It hurts, it hurts me!"

"Puff!"

The man yelled while jumping, causing Fang Xue to laugh directly. Now his appearance is so funny!

Lai Yongsu was dumbfounded. His friend who was in the Quan Yi Guan was actually an elder brother he knew, named Wu Zhengwei, named Ming Mako.

This Ming Zhenzi is a direct disciple of one of the elders of Quanyiguan. Now it is said that he has cultivated in the acquired realm. In the future, he is expected to impact the congenital realm and become the true right center of Quanyiguan!

As one of the few Taoist temples in Taihuang Mountain, Quanyi Temple alone receives hundreds of millions of incense money from the big boss every year, plus the income from restaurants and wing hotels, it can be said to be comparable to a medium-sized listing. For company profits, entering the presbytery of the whole view is equivalent to entering the company's board of directors. There are so many benefits in it!

But now, the future elder Quan Yi Guan, he is holding his feet and jumping back and forth, screaming in pain, where is there a bit of superior demeanor?

"Oh, a good table of dishes is wasted."

Li Yun sighed and shook his head. With a casual wave of his hand, he threw out a piece of chicken thigh held by the chopsticks.

Snapped!

The chicken leg hit Lai Yongsi's nose exactly, causing him to fall to the ground with his head, his nose was so hot and painful, he reached out and saw that his hand was full of blood.

"Forget it, take it to feed the dog."

Li Yun used his chopsticks again, and a ginkgo rushed into Wu Zhengwei's mouth, who was screaming in pain, and hit Wu Zhengwei in his throat with a sigh, almost choking Wu Zhengwei to death.

"You, you, you, you are looking for death!"

Wu Zhengwei was trembling with anger, he drew out his sword with a clumsy sound, and slashed it at Li Yun.

Everyone was stunned by the series of things, and now seeing the other party using the real sword, they couldn't help but worry about Li Yun.

However, Li Feng's daughters saw another incredible scene.

Li Yun sat on the chair steadily, facing the sword that had been severed, and calmly stretched out a pair of chopsticks in his hand.

"when!"

The long sword slashed between the two chopsticks, making a soft sound of metal crashing. No, it should be said that Li Yun clamped the sharp sword with the two chopsticks, making it immobile in the air.

"How is it possible that a pair of chopsticks are so powerful!"

Lucini was so shocked that she didn't know what to say. The picture in front of her was beyond her imagination. A young man from Huang Xuanguo was actually holding a sharp sword with a chopstick!

This is Kung Fu?

"Okay, awesome!" Abbott fell into a sluggishness.

But something more powerful is yet to come.

"Ding."

Li Yun turned his chopsticks lightly, and the sturdy 100-forged long sword broke at the sound. Wu Zhengwei was shaken by the reversal force, and he stepped back three steps in a row, with an expression of horror on his face: "You, You are first...!"

Whoosh!

Half of the long sword turned into a shooting star, swept across like a fairy sword, directly shaved off Wu Zhengwei's hair crown, his hair was sprinkled down one after another, and the scalp on his head was directly exposed to the air.

"..."

The audience was dead silent, only the flying sword disappeared in the dark night.

Wu Zhengwei's body froze in place with a pale expression. As long as the sword is lowered five centimeters further, half of his head will be cut off!

Chapter 1915: effort

Abbott was more excited than anyone else.

The scene in front of me is exactly the same as in the Kung Fu movie!

The villains come to trouble the protagonist for various reasons. The two sides clashed in the restaurant, surrounded by people watching the excitement (although there are no guests on the second floor, but this is not important), the villain must be the first to do it.

What about the protagonist?

The protagonist must be the most powerful one. He will surely sit on his seat as stable as Mount Tai, while drinking lightly, while using the other hand to perform Tai Chi, Tanglang, Arhat palm, etc., and easily take over the villain. All kinds of moves.

Even the wine in the glass in his hand didn't spill half of it!

Wasn't the scene just now the classic scene of the Kung Fu master fighting the villain that Abbott was struggling to pursue! !

He must, must visit Mr. Li's door!

"You wait, you wait for me, me and me!"

Wu Zhengwei rushed to the top of the stairs, trembling with fright, but he still wanted to leave the cruel words: "You kid, wait for me. This is my place to watch all together, you...ah!!! "

A faintly invisible streamer flashed by his eyes, and Wu Zhengwei was so frightened that he looked back in horror, and what he saw was a tiny toothpick!

The toothpick has been deeply submerged into the wooden floor, leaving only a short section, which demonstrates the huge destructive power of this toothpick: if it is pierced in the eye, it will definitely be the end of the explosion on the spot.

"All together? I'll wait."

With a wave of Li Yun's hand, the lid of the toothpick holder on the table was slapped flying. The hundreds of toothpicks inside turned into torrential rain pear blossom needles, piercing each part of Wu Zhengwei and Lai Yongsi's body, abdomen, palms, thighs, and ears. , The soles of the feet and so on, the blood soaked them all at once.

"It hurts, it hurts!"

"I'm going to die, it hurts to death!"

The two ran away crying and crying, never daring to leave a word of cruelty.

In the restaurant, everyone looked at each other and fell into weird silence for a while.

"Taoist Evian, give me another table of dishes."

"Ah, ah?"

The waiter Evian Taoist aunt was immersed in the shock just now, and hasn't recovered yet.

"I said," Li Yun said with a slight smile, "This dish is already dirty, you can serve me another table."

"Oh oh oh, come to another table, yes, yes! I know!"

"Go, don't be afraid, just do your own thing."

"...Yes, Mr. Li!"

Pan Yiyun didn't dare to ask more. After saluting respectfully, he stepped back and asked the kitchen to prepare a table of food.

She has a hunch that something will definitely happen tonight.

"Ding, trigger the option event, please choose from the host:

Option 1: Take advantage of the victory and pursue, follow Wu Zhengwei's trail all the way to the whole view! Reward experience value +15 million, all attributes +5000, golden gift bag\*3, extra reward: two random skill upgrades in martial arts.

Option 2: As stable as Mount Tai, reward experience value +5 million, all attributes +1000, blue gift bag\*5.

Option 3: Leave and wait for the evening to investigate. Reward free attribute points +1000, white gift bag \*10. "

The belated system prompt sounded, and Li Yun chose the second without looking at it.

He hasn't filled his stomach yet, how could he leave now? Besides, his girlfriend and sister are not full!

"Mr. Li! No, Li DaTeacher!"

After he recovered, Abbott knelt down and worshipped Li Yun three times excitedly, "Please accept me as a disciple!"

Li Yun: "..."

How does he feel that the trouble around him is greater?

Surprisingly, Lucini didn't stop her boyfriend from learning kung fu from the teacher this time.

Chapter 1916: Rest Hotel

"Do you think your current age is still suitable for learning martial arts?"

Li Yun asked in a rhetorical question, leaving Abbott on the ground for a long time. He whispered: "Master Li, I can't learn kung fu?"

"It's not that you can't learn, but it's too much trouble and almost impossible."

The reason for saying this is because if Li Yun wants Abbott to enter the innate realm, he still has a high chance of hitting it hard with Pei Yuan Dan and Zhu Ji Dan, and then use the mature spirit fruit in the fairy house to nourish his body. Not a fool can break through innate.

But why did Li Yun do this? The other party was not his brother, sister or lover, and Li Yun had no idea of giving Abbott a pill, let alone taking him into the fairy palace to practice.

"This, this way."

Abbott was disappointed, and he was lifted up by his girlfriend half a day later and sat in a daze in a chair.

Li Yun didn't bother to pay attention to it. After the dishes were ready on the table, he continued to eat with Fang Xue and the two daughters.

However, Arbo's personality was cheerful, and it seemed that he had thought of something, and soon cheered up again.

"Ding, the host makes a choice, as stable as Mount Tai, rewards experience value +5 million, all attributes +1000, blue gift bag\*5."

After eating, Li Yun received the system prompt, and he nodded. It seems that all the people watching will not come.

Maybe it was Wu Zhengwei who knew the identity of his palace diners, or maybe he was frightened by Li Yun's innate strength, and he didn't even dare to tell the elders of the Taoist temple.

In short, this matter has come to an end.

"let's go."

Li Yun greeted Fang Xue and the others to leave, but Abbott paid the first payment, leaving Li Yun speechless, wondering if he would find a crude book of introductory skills to give him, lest he didn't get anything.

Sure enough, people eat people with soft mouths and short hands. It's no wonder that there are so many dogs in society. It is good to lick them.

"It's delicious~"

Fang Xue left the restaurant contentedly and walked deep and shallow on the mountain road with Li Yun's arms around. Anyway, Li Yun took her as a walk after dinner.

"...Brother, shall we go to the hotel now?" Li Feng looked at him with those eyes that were shining in the dark.

What happened tonight really gave her a strong shock. It turned out that her brother became even more powerful than she thought!

"Um."

Li Yun nodded, and after taking a look at the Quanyi View not far away, he withdrew his gaze and said, "Let's go, let's go to the hotel. We'll talk about this later."

After that, it means tomorrow.

Fang Xue holding his arm thoughtfully, "Speaking of which...the four college students haven't seen it."

"I can't control so much, who will kill them?"

"That's right, hehe~, let's go, let's go to the hotel! I'm exhausted after climbing the mountain for a day~"

Fang Xue left the four people behind, and began to miss the big bathtub and soft sofa in the hotel. After playing for a day today, even with the fire-stopping charms given by Li Yun, she was all sweaty and itchy and squishy. NS.

—Fang Xue also discovered one thing. Ever since she ate the skin care and beauty pill given to her by Li Yun, after every exercise in school, she sweats not only without the smell of sweat, but also an inexplicable fragrance. Many female classmates love to join her and Li Feng.

Five people climbed up half a kilometer, and the altitude rose more than two hundred meters, and finally came to the hotel near the top of the mountain.

"Heaven Street is here!"

Fang Xue's small hand pointed to the top of his head, and there were two large characters in scarlet red on the stone arch: Tianjie.

Chapter 1917: Tenjin Pavilion

The so-called Tianjie is the only way to climb Taihuang Mountain after entering Nantianmen. It starts from Nantianmen in the west and ends at Bixia Temple in the east. It has a step length of one kilometer, and the legs of Li Feng and Fang Xue are straight. Trembling.

Fortunately, they finally finished walking the street and came to the Shenqi Hotel at the end.

"Let's go, let's go in."

Li Yun breathed a sigh of relief, supporting Fang Xue with one hand and Li Feng with the other. The two women are too tired now, and can only lean on him, almost being carried away by Li Yun.

"Never come to Taihuang Mountain again." Entering the hotel lobby, Fang Xue said paralyzed on the sofa.

The sofa in the lobby is for tourists. The tourists who walked up all the way looked slumped when they came to the hotel, and the waiters were not surprised.

"Who is on the road shouting that the scenery is good?"

Li Yun teased with a smile, and walked to the front desk of Shenqi Hotel, and handed the female front desk her ID card, "I booked a room here before, and you can check it for me."

"...Okay sir, please wait a moment."

Seemingly fascinated by Li Yun's handsomeness, the female front desk took a short while later before receiving the ID card, her face was reddish, and she gave him a sneak peek.

After inquiring about the room he had booked, the female receptionist was stunned.

"Tenjin Pavilion...?!"

The female receptionist raised her head in disbelief and looked at Li Yun, and reconfirmed whether it was this room.

The so-called Tenjin Pavilion is the presidential suite of the Shenqi Hotel.

Shenqi Hotel is the only four-star hotel on Taihuang Mountain. Yes, it is four-star, not five-star.

Because of the terrain and various restrictions of Mount Tai Huang, only four-star hotels can be built instead of five-star hotels.

But even so, there are still luxurious restaurants in the Shenqi Hotel, including dance halls, beauty salons, saunas, shopping malls and other facilities.

As the most luxurious suite in the Shenqi Hotel, Tenjin Pavilion is located on the top floor, even the viewing pavilion is a bit short!

In the daytime, you can overlook most of Taihuang Mountain in the Tianshen Pavilion, and you can admire the tall and tall ancient pine, boulders, the waterfalls flowing down from Taihuang Mountain, and the unpredictable clouds in the sky. It is definitely a rare sight in the world. !

The female receptionist once sneaked in under the pretext of cleaning when there were no guests in the Tianshen Pavilion. She was attracted by the beauty of Taihuang Mountain after just a glance. You must know that she has been working in Taihuang Mountain for two years!

This is sufficient proof that the position occupied by the Tenjin Pavilion is wonderful.

"probably."

Li Yun booked the best room. As for the name, the room number, and the cost, he didn't pay attention at all.

Anyway, enough for three people to sleep together.

The kind that can sleep no matter what.

"Yes, yes, yes!"

The female receptionist stammered, stretched out her hand and tremblingly pressed a button, and said in her mouth: "Li, Li...no, noble Mr. Li, please wait a moment. The hotel manager will come right away. Please forgive me. The manager is actually here all day. Waiting for your arrival, Mr. Li, he is going to eat right now, I'm really sorry!"

The Tenshin Pavilion is very expensive, very expensive, the price of one night is enough to make the presidential suite of the five-star hotel outside feel ashamed and dare not call himself a presidential suite.

Most of the year is vacant, but as long as there are guests staying in, one day is worth the hotel's income for half a month. If the guests stay for a few more days, the annual income of Shenqi Hotel will rise.

Therefore, every guest of Tenjin Pavilion deserves to be personally received by the hotel manager!

Chapter 1918: Distinguished service

"...Actually, it doesn't need to be so troublesome." Li Yun said silently.

A large group of waiters wearing cheongsams emerged from the hotel and respectfully helped Li Yun and the three of them to take their luggage and check in. Finally, the hotel manager, who had apparently just wiped his mouth, hurried out and called out Mr. Li.

"No trouble, no trouble, so that the guests can enjoy the god-like service is the purpose of our Shenqi Hotel! Especially for distinguished guests like Mr. Li, it can't be too grand!"

The hotel manager smiled. He was so surprised that he almost couldn't sleep when he learned that Li Yun had booked the Tenshen Pavilion for five days in one go.

Today, I saw that Mr. Li is a dragon and a phoenix. Not only is he handsome, but the two female companions he brought with him are indescribably beautiful, even more beautiful than those first-line female celebrities!

In this way, the hotel manager originally wanted to ask Mr. Li secretly whether he wanted to "accompany the tour" service. With these two big beauties, Annan City, where Taihuang Mountain is located, could hardly find anyone to accompany Mr. Li. woman.

"Too enthusiastic can make guests feel uncomfortable."

Li Yun smiled, and the hotel manager's expression suddenly froze.

"Haha, just kidding, let's go, take us to the room."

"Yes, okay, please go here!"

Abbott also booked a room here, but although he was not short of money, he was not as wealthy as Lucini, and he did not have the lavishness of Li Yun to set the Tianshen Pavilion.

But this made him even more depressed. Mr. Li is not short of money, and it is impossible to use money to learn kung fu!

After they left, the remaining hotel attendants breathed a sigh of relief and looked at each other, and there was a blazing gossip flame in their eyes.

"Hey, Xiaoli, who do you think Mr. Li is? I booked for five nights in one go. Really rich!"

"Don't think about it, no one will have your turn."

"I just asked! Where did you think of it!"

"You little hooves, I don't know you yet? You, I must be going to knock on someone's door at night, and then seriously ask if you want service."

"Hehehe~"

A group of waiters all laughed, and the female receptionist sighed and said: "Don't you really think about it. Didn't you see Mr. Li bringing two beautiful female companions? Good temperament, good figure, good skin, how to compare?"

Speaking of this, her tone was sour.

A group of waitresses looked at each other, and then began to gossip, whispering about the rich, handsome and handsome three-good guy, how long will they play with his female partner tonight, maybe they won't be able to go until 10 o'clock tomorrow morning Knock on the door to serve breakfast.

"3 people, it will definitely be late!"

"That handsome guy looks very powerful, no wonder he wants two female companions."

"Don't you see him climbing up Taihuang Mountain? He's still radiant? The vigorous little handsome guy, tusk, these two women have been... terrible to think about these days."

"Shut up, you prodigal son!"

"You just shut up, don't you think about it?"

"I'm so envious~~ I can do without money!!"

The female receptionist was too lazy to get involved in these colleagues' astringent discussions, she vaguely thought of someone.

Checked it on the Internet, and sure enough.

"Li Yun...the only national champion in the national college entrance examination, turned out to be him!! My God...we have money, beauty, and talent. Why can't such a man be my boyfriend!"

At this time, the female receptionist has also become lemon essence. Unfortunately, she also knows that her appearance is too bad, even if she takes the initiative to deliver it to the door, the other party will not want it.

Chapter 1919: luxurious

"Three, please here!"

The elevator goes up to the 8th floor. According to the manager's introduction, there are only two Tenshin pavilions on the 8th floor. Each of them occupies 400+ square meters. The facilities inside are absolutely luxurious and complete, allowing customers-that is The three of Li Yun enjoyed a perfect accommodation and emotional experience.

Yes, emotion is also the focus of the Tenjin Pavilion of the Shenqi Hotel.

After all, most of the tourists who come to travel are couples and couples, and they are just in need of some aspects.

"Finally."

Fang Xue was exhausted physically and mentally, and she actually forgot the purpose of the three of them to travel, just like that-she didn't blush, didn't breathe, and walked into the presidential suite without any shyness. Li Feng was stunned and stunned when she saw it. Little Baixue "can't wait" to enjoy it.

After thinking about it, Li Feng guessed that she might have forgotten something important.

"Yes, Not Bad."

Li Yun actually forgot. He walked into the Tianshen Pavilion and saw the low-key and luxurious decoration inside.

The farthest from the door is a bright floor-to-ceiling window. The wide balcony is 50 square meters. The room is divided into two parts: the inside and the outside. The outside is the meeting place. There is also a small room for bodyguards or nanny, and a similar bar is used inside and outside. There is a large double-door refrigerator next to the small arc-shaped bar, which is estimated to contain a variety of frozen drinks.

Juice, cola, milk, various fine wines and so on.

The living room is decorated with a round chandelier, the light is not dazzling, and it has a very warm feeling. The carpet is laid with black and white high-grade fabrics, and it will be very comfortable to step on it in slippers.

"Your satisfaction is our most noble pursuit!"

The manager bowed back and said, "Then Mr. Li, I am leaving temporarily. You can press this button if you have any instructions. We have someone waiting for your call 24 hours a day!"

He saw a combination of a man and two women, especially when the two beauties were both top-notch big beauties, how could he not understand what was about to happen?

However, as a hotel manager, he has seen a lot of this kind of things, even a man and a woman, or a man and a woman, etc., he has seen a lot.

The rich have a lot of tricks.

Fang Xue only woke up like a dream when the manager left and brought the door gently, turning the presidential suite into a closed environment that outsiders could never detect.

"you you you you!"

Colonel Fang put her hands around her chest, like a little white rabbit squinted by a big pervert, weak and pitiful, and said in a panic: "Don't come here! Otherwise, I will start calling people!"

"?"

Li Yun couldn't laugh or cry, "Xiaoxue, I haven't done anything yet!"

"Yes, no, but you, you must have thought about it!"

Colonel Fang's beautiful little face was so red that it could drip blood, and the previous tired appearance disappeared, becoming extremely shy and uneasy.

"Alright, Little Baixue."

Li Feng stepped forward to hug her, as if fighting between girlfriends, but his tone was full of charm and misfortune, with a slight tremor in his voice, exhaling in her ears:

"You followed my brother, and I went on a trip, haven't you already been prepared? So~, don't be shy, let's just... let's start."

Teng!

Fang Xue's face was completely red.

Tonight... what will happen next?

Do you really want something?

"Ahem!"

Li Yun sternly said: "Xiaoxue, you guys go take a shower first, oh yes, there are two bathrooms here, you are inside, I am outside, first cleanse the tiredness of the next day, wait for us to start."

"Open, open, start? Only, don't!"

The stammering Colonel Fang... escaped.

Chapter 1920: Beautiful Night Scenery (Part 1)

Seeing Xiaoxue fled into the bathroom in a panic, Li Yun and Li Feng looked at each other, and there was an inexplicable smile in their eyes.

"Bad brother."

Li Feng bit his lip, his expression became charming, and his every move was filled with a different kind of fascination, "You really plan to make peace tonight."

"What?" Li Yun asked her with a smirk at the corner of her mouth.

"...Xiao Baixue is right, brother, you really are a badass!"

Li Feng snorted proudly. After several actions, he smiled and picked up his clothes and smashed them at Li Yun, stepped on the soft carpet with bare feet, and walked towards the bathroom inside.

Li Yun only left a graceful and graceful back.

Beauty, it's so beautiful!

Especially in this environment, Li Yun simply can't control himself.

"Ah! Xiao Fengfeng, you, you, you actually have everything... everything on you."

"Alright, take a shower, wait for the bad guy to come in..."

"He dare!!"

Li Yun, who was staying outside, took a deep breath, suppressed the inner fire, and put Li Feng's clothes in the washing machine.

After the shower, Li Yun wore simple home clothes and watched TV in the living room with air-conditioning. In the bathroom inside, the two girls were still washing, and laughter and clamor could be heard vaguely. People couldn't help but imagine.

Plus!

Li Yun!

He, actually!

You can go in and see it openly! Look directly with your eyes!

After all, the two women inside are people who have a close relationship with him. As long as Li Yun is a little thick-skinned, he walks in and grabs one in one hand. It is as simple as an eagle catching a hen and he can control the situation, so as to do whatever he wants, do whatever he wants! Do something!

"Hoo~!!!"

Li Yun stood up and took out a bottle of Coke from the large double-door refrigerator, and gurgled up half of the bottle, letting the cold and pitiful dilute his heart.

Tonight is actually not suitable to do certain things.

On the one hand, Fang Xue and Li Feng have been away for a day. Although the two women are in good physique, they are a little tired now and cannot achieve the best effect of "atmosphere".

On the other hand, Li Yun still had another thing in mind.

The combination of the two is the reason why he didn't have a cheeky bath with them, so as not to get caught up in the fire.

After waiting for a while, the roar of the bathroom inside quieted down.

"Hey, badass brother, you can come in and chat with us."

Li Feng's voice came from the bedroom inside.

"Ah, Xiao Fengfeng, you!"

"What's the matter, didn't you just say you were ready?"

Li Yun: "..."

It turned out that his elder sister had already arranged for him, and Fang Xue's thoughts had been done well, so she was indeed his sister.

"it is good."

Li Yun smiled and walked in, not embarrassed at all.

The Tianshen Pavilion is very large, and the master bedroom is even more surprisingly large. There is a huge love-shaped bed in the center with white and comfortable bedding. Two women in dressing gowns are sitting in front of the dressing table.

Each one is beautiful and charming, and each has its own beauty, which makes people unable to take their eyes off after seeing them.

"Don't watch!"

Fang Xue smashed a pillow and hurriedly wrapped her body with a sheet-in fact, she was already wearing real silk pajamas.

What surprised both women was that Li Yun went straight to the balcony, standing on the edge of the cliff to watch the scenery.

Opposite the Tianshen Pavilion is a waterfall, not big, only the sound of water is faintly heard.

It's a pity that it's eight o'clock in the evening, and there is no view, only a crescent moon and twinkling stars in the sky can still be seen.
