

## Godly Choice 1931

Chapter 1931: Do you have eat meat

The fat chef first glanced at Li Yun and then at Fang Xue, his eyes lit up, and his suspicious expression disappeared for the most part.

I have to say that beautiful women have all kinds of unreasonable privileges, especially big beautiful women.

"Just... it's meat!" Fang Xue stammered, she was almost nervous!

Li Yun kicked Abbott calmly, and the latter reacted energetically, and said quickly: "Meat is meat! Eat's meat!"

Eat the meat...

Li Yun is almost laughing!

"What the hell? I want to eat rice?" The fat chef increased his voice, and his eyes looked at Abbott and Lucini with a hint of disgust. "I said what happened to you two foreigners, and you actually came here. !"

"Fat brother, what this foreigner means is that he wants to eat meat!"

Another thin chef stood up with a smile, walked to Lucini and looked at her with frivolous eyes, drooling and greedy said: "Well, this big Yanmar's figure is up front \* back, fat brother, you say US..."

"Fuck, you. Don't you know the meaning of a knife on the head?" The fat chef cursed.

Li Yun stopped in front of the thin man, and said calmly, "Friend, we can understand Chinese!"

80% of this skinny chef treats them as foreigners, so he speaks unscrupulously.

The thin chef froze for a moment, and then sneered: "What if you understand? Do you know what this place is? This is the whole view! You broke into the kitchen without permission, and I only need to shout so that you can't escape!"

Li Yun smiled faintly: "Wu Zhengwei is our friend."

Huh? !

Fang Xue stared at him with wide eyes.

"Which green onion Wu Zhengwei is? He dares to take care of us... Ouch!"

The thin man didn't say a word, and was slapped by the fat chef's fat hands. The thin chef flew directly to the table, knocked down a lot of pots, and made a violent ping-pong-pong sound.

Fang Xue... She was going to be scared to death, this time she was really scared to death!

Why do you make such a loud noise at night!

"Fat brother, you!" The thin chef covered his face and looked at him aggrievedly.

"Are you stupid? Brother Wu is a disciple of the Third Elder!"

"what?"

The thin chef was taken aback, and after climbing down from the table in embarrassment, his expression was very wonderful—he wanted to apologize, but couldn't hold his back. In the end, he could only stand aside in a dare to say nonsense.

Li Yun smiled faintly, "Brother Wu is my friend. Today I introduced him to a foreign friend, that is, him."

Li Yun pointed at Abbott. Abbott looked blank. He also pretended to be very hard. He clearly understood Chinese, but he insisted on pretending not to understand. It was too embarrassing!

"Yes, I understand." The fat chef lost a smile. Wu Zhengwei is an elder disciple of Gen Zhengmiaohong. He is still an acquired realm and belongs to the ranks of young geniuses. He has a high prestige in Taoist temple. The possibility of fighting for the head!

How dare he offend?

"Brother Wu is going to have a good chat with the foreigner tonight. I am hungry now and want me to get something to eat, so I asked you if there is any more food?"

"Yes, of course!"

The fat chef looked suspiciously at the foreigner, "Then why did he follow? Isn't he a distinguished guest of Brother Wu?" In his knowledge, the foreigner basically equates with the rich.

As for Li Yun, he said he was a friend of Brother Wu, but the fat chef didn't believe it at all!

Chapter 1932: Foreigner, rich

Fang Xue looked at Li Yun and seemed to be saying, "Look, the accident is coming again, right?"

Li Yun shrugged and smiled mysteriously: "You know, foreigners, rich!"

".....what?"

The two fat and thin chefs can't figure it out. Is there any connection between having money and coming to get the food in person?

"Silly you guys!"

Li Yun showed a treacherous smile: "Wait for you to shirk and say it's too late and it's not easy to cook, and then I will tell the foreigner to ask him to add money to buy supper. Hey, can't we split the money equally?"

Is there such an operation?

The two chefs' eyes lit up. After seeing Li Yun take out his mobile phone and display the payment interface of Baowutong, the two instantly thought of the sound of a successful transfer, and they became excited and hurriedly agreed.

Li Yun pretended to communicate with Abbott in English, and soon reached an agreement: The foreigner pays 30,000 yuan, and the fat and thin chefs prepare a table of good dishes. The money is divided equally between Li Yun and the three of them. Ten thousand per person.

"Okay, wait, we will prepare supper for you and Brother Wu!"

After receiving the money, the fat chef geared up to get ready for a big fight. Li Yun stopped him again and said sternly: "Don't leave the leftover ingredients, it's best to be fresh chickens and ducks. If you have cows and sheep, it would be better!"

The thin chef became embarrassed: "There are no sheep, but there were before. All the tigers in the back are fed to the tiger from Houshan. Now I have some chickens. How many chickens should I catch?"

"Row!"

Li Yun nodded, and the two fat and thin chefs began to get busy.

Seeing this, Fang Xue finally let out a long sigh of relief. She was so nervous and exciting just now!

Boiling water to kill the chickens. During the bloodletting, Li Yun specially asked them to put the blood of all three chickens in one basin, saying that it would be useful later.

Although the two chefs were suspicious, they didn't say much about the money.

When they started to heat up some small dishes, Li Yun said that the foreigner suddenly wanted to eat barbecue, because he couldn't get used to Huang Xuanguo's fried muscles, so the two chefs cut three chickens and put them in a bag for Li Yun to take away.

So in the end, they killed three chickens, and all the remaining dishes were leftovers during the day.

"That's it?" The fat chef could not believe it when he simply earned 10,000 yuan. In the end, it could only be attributed to the foreigner having money.

"Sure."

Li Yun called to Abbott to take the bag, "We have a barbecue grill, so don't bother you. If we have another supper tomorrow night, we will come to you again!"

The fat chef's eyes lit up: "It must be! Hey, I will prepare more special dishes for you tomorrow!"

Li Yun smiled without saying a word, and calmly left the kitchen with Fang Xue and the others. Abbott hurried to get his submachine gun back.

It was not until he walked far away from the kitchen that Fang Xue was holding Li Yun's arm in excitement, and cheered a little: "It's amazing, husband, we lied to them just now! It's so easy to lie to them, it's amazing~! "

Abbott was also shocked with cold sweat on his back, and looked at Li Yun with admiration. The scene just now was exactly the same as in the Kung Fu movie!

awesome!

Although he did not succeed in apprenticeship, it is great to experience the plot in a Kung Fu movie once!

"Because of Xiaoxue, you big beauty and two foreigners." Li Yun smiled, emphasizing the role of the next beauty and foreigners.

Fang Xue quickly wanted to understand the truth.

After all, in ordinary people's minds, if someone sneaks into the whole view, it must be sneaky, wearing a night gown, veiled, and veiled tightly. It is absolutely impossible to walk to the kitchen in a swagger, let alone pay by your side. With a big beauty and two foreigners.

This combination is so strange, it is impossible to be a sneaker at all!

Chapter 1933: Xiaoxue, go

"What then?" Fang Xue looked at Li Yun excitedly: "Are we going to throw these meats into that Zhenwei Garden now?"

"clever."

"Hehe, it's easy to guess~"

Fang Xue took Li Yun's hand and walked across the whole view in the night, and said triumphantly: "Before you could see tigers in the garden, plus you specially prepared raw meat and chicken blood. It must be I want to feed it to the tiger."

Li Yun smiled and nodded.

"But..." Fang Xue had some doubts. "If the chicken we threw in didn't attract the tiger's attention, wouldn't we be exposed tomorrow?"

The chicken was found the next day-to find two fat and thin cooks-Li Yun and four of them showed up-and finally exposed.

Li Yun said: "It's not easy? I just observed the location of the chicken coop, and there is no guard there."

"I understand!" Fang Xue clapped her hands happily, "As long as we throw in these chicken and raw chicken, they will definitely not recognize it!"

"It's great, then my Xiaoxue will perform the task of stealing the chicken next, right?"

"...Huh? Ah?!"

Fang Xue was dumbfounded, why suddenly she was going to sneak around the dog?

"I, that, no, I!" Fang Xue was anxious, how could she be a good girl stealing chicken! What a shame to say this!

"Go~" Li Yun patted her shoulder and encouraged.

"Woo~"

Fang Xue wanted to cry without tears, and hurriedly found an excuse: "Stealing chickens is illegal!"

"Who said we were stealing? Didn't we pay for it just now? A full 20,000 yuan is enough to buy a chicken coop!"

"..."

Fang Xue... can only be forced to agree!

But how did Li Yun look at the expression on her face with helplessness and excitement, just like when her parents and teacher taught her not to swim by the river when she was a child, she was still dragged by her little partner to go together.

The feeling of guilt, and the feeling of excitement and rebellion against the orders of the elders, I believe every child has experienced it.

The four people came to the chicken coop, and no one stood there. Presumably no one would have thought that foreign invaders would come to the chicken coop to steal chickens. Isn't this nonsense?

There are too many things worth stealing and investigating in the whole view. What does it mean to come to the chicken coop? Fool?

"Then, did I go in?"

Fang Xue covered her mouth and couldn't bear the smell of the chicken coop, but she had to say that, regardless of social ethics and laws and regulations, things like stealing chickens and dogs really give people a sense of excitement. The premise is that you have already paid. Over money, and will not degenerate to become a real thief.

"Go." Li Yun encouraged: "We gave the money, so this is not stealing chicken."

"Believe you to blame!"

Fang Xue whispered: "There is no man in the world who takes his girlfriend to steal chicken late at night, you are Li Yun~!"

"I am a boy."

"If you don't become a man tomorrow... badass, you go to die!"

Fang Xue shyly hit Li Yun, and after a long time, she walked into the chicken coop cautiously.

Behind him, Abbott and Lucini watched the two sprinkle dog food all the way. When Abbot saw this, he turned to Lucini and said, "Heyyy, honey, do you want to steal a chicken too?"

Lucini rolled his eyes and whispered, "Do you think I'm that kind of innocent girl?"

"Hehehe, just kidding."

After Fang Xue entered the chicken coop, there was a sound of chirping chickens. She was so nervous that Fang Xue's hands shook, but the chickens were all locked in a cage, and she managed to catch two of them without much effort. , Walking out cheerfully with one hand.

"Xiaoxue, well done!"

"Hehe~ I can't be troubled by trivial things."

Chapter 1934: Tiger Roar (Part 1)

After having two live chickens, it was easy. Li Yun drew a dagger and directly killed the two big hens that Fang Xue had caught. The blood was mixed into the bag and merged with the previous chicken blood again to make this pile of blood. The chicken became completely bloody.

"Okay, let's go."

Li Yun took Fang Xue and the three people back to Houshan, and threw the \*\*\*\* bag into Zhenwei Garden. Then, the four of them hid and waited for the development of things.

"Will it attract a tiger?" Fang Xue looked at Zhenwei Garden's direction with nervous eyes. She was a little afraid of the situation getting out of control, such as a tiger riot killing someone.

However, Li Yun said before that even if the tiger breaks away from the restraints, the whole view can easily subdue that ordinary tiger, so Fang Xue dares to do such a thing.

What she didn't know was that Li Yun's words also implied another meaning:

If the tigers in the all-in-one view are not ordinary, then...

"It should be."

Li Yun said confidently: "Tigers are also cats. Although they can't smell better than hunting dogs, they are still very sensitive to the smell of blood. A tiger can definitely smell the smell of blood in a football field."

"Yeah." Fang Xue nodded, she believed her boyfriend's explanation.

"Xiaoxue, wait for you to follow me, Abbott, if you two act by chance, I may not be able to take you!"

Li Yun ordered to go down, and the three of them nodded to express their understanding.

In Zhenwei Garden, a bag was lying on the ground, with \*\*\*\* pieces of meat scattered all over the ground, flowing through the air, exuding bursts of attractive fragrance.

In an iron cage that was firmly sealed by a three-layer iron fence, a huge tiger with white fur and black stripes was lying on the ground and closing his eyes to rest.

Suddenly, it seemed to smell something, suddenly opened its huge black eyes, and looked in a certain direction.

There, there is the smell of food!

"Huh~hu~"

This tiger, which is twice the size of an ordinary tiger, makes an unusual gasp, seeming to endure the feeling of hunger in its abdomen. Its huge forefoot is as big as an adult's head, and its five sharp nails The flesh popped out, grabbing on the hard concrete floor, tearing out a series of holes.

But that tempting smell still kept coming from the air.

Soon, the panting of the tiger became louder and louder. The huge tiger's body was shaking, his abdomen was convulsed, and his four legs were twisted and struggling. The tiger's face showed a painful expression, just like a human being caught by a goat. .

"Roar!!"

A low roar sounded, awakening an acquired disciple guarding in Zhenwei Garden.

His name is Qi Yangqing, and he is a registered disciple of Master Quan Yiguan Master Yunlong, and a loyal follower of Master Quan Yiguan Master. He knows many secrets about Master Yunlong.

It stands to reason that he will not be reduced to the point of taking care of Zhenwei Garden, but a series of things have happened recently that forced him to come here to guard, and he was also forced to see many appalling things.

When the deep tiger roar sounded, Qi Yangqing trembled with fright, and his face turned pale.

"No, no, no? I only fed meat once at noon. Why are you hungry now?! Master, what the \*\*\*\* is now..."

"No, no, he doesn't have to be hungry!"

Qi Yangqing comforted himself in a panic, then listened carefully. He breathed a sigh of relief after not hearing the tiger's roar for a full five seconds, one second, two seconds, three seconds.

"I'll just say, I only fed the boss at noon..."

"Roar!!!"

Chapter 1935: Tiger Roar (Part 2)

The roar of the tiger recurred, like a flash of lightning that tore through the night, spreading throughout the whole view in an instant.

"what happened?"

"Why is that powerful tiger screaming again! Hey, the master teacher really shouldn't raise this stuff!"

"Nonsense, the head teacher is called Yunlong Zhenren, Yun Conglong, and Feng Conghu. If our head teacher wants to break through the realm of the master, we must learn from the tiger!"

"Haha, enlightenment? You have learned the Dao for many years, and now you have enlightened it? It's not martial arts..."

"Damn, I knew I wouldn't live in this Po Taoist temple, and I wouldn't be able to live in the middle of the night!"

There is a commotion in the Taoist temple. For the disciples and handymen of the Taoist temple, they have become accustomed to the increasingly irritable Zhenwei hu in the past two months.

But for the tourists who come to live here and enjoy staying overnight in Taoist temple, this tiger roar is too annoying.

"Hey, watch them all together, go and take care of that tiger!"

"Grass! If you call again, refund the money, I will live in the mountains!"

The tourists couldn't stand it anymore, they all yelled, annoyed the Taoist administrators, and cursed directly outside the wing: "If you don't want to live, just get out, refund the money? Impossible!"

"My Cao! You all watch and deceive people too much, right?"

"Haha, this is also a bullying? It's good to beat you up, I'll say it again, get out if you don't want to live!"

"You! Wait for me, I'm going to the management office of Mount Taihuang..."

"Roar!!!"

Just as the two parties were arguing, a swaying tiger roar suddenly sounded. The huge sound shook the tourists. They were shocked to find that the glass windows were cracked apart every inch, but they couldn't hear it. To any sound.

Everyone's eardrums were buzzing, and they were all stunned by the roar of the tiger just now, and they temporarily lost their hearing!

The terrible tiger roar spread across the entire Taihuang Mountain, and the tourists in several hotels were all awakened. They called to ask what happened.

At the foot of the mountain, the Taihuangshan Police Station quickly dispatched people and took the cable car to Quanyi to observe and check to see if the tiger ran out to eat people.

But they all had doubts. The whole view was five kilometers away from the foot of the mountain. How did the tiger's roar reach the foot of the mountain?

This sound is almost like a mountain of explosives!

"!!!"

Fang Xue's eyes widened in an instant, her eyes were blank, and she was frightened at a loss.

It wasn't until Li Yun covered her temples and rubbed her temples that Fang Xue recovered and felt the warm current coming from the tips of Li Yun's fingers.

"What is this, this, this?" Fang Xue stammered.

The tigers in Zhenwei Park are far beyond her imagination. Isn't this sound terrible?

The two Abbots in the back immediately stopped cooking. Both of them sat on the ground, their guns also fell down, completely losing their resistance.

"This is Tiger Demon!"

Li Yun said sternly, after finishing speaking, he raised Fang Xue's little hand and led her to Zhenwei Garden step by step.

"Tiger demon?" Fang Xue followed staggeringly, and asked silently, "Is it the tiger's demon? Is it the same as those animals in Li Yun's fairy mansion?"

"No, the animals in the fairy house are just moisturized by spiritual energy, and they can't be called demons."

Li Yun took out his weapons, the Nine Heavens Thunder Talisman and the Leap Fire God Sword, and led Fang Xue to the gate of Zhenwei Garden.

One sword.

boom!

The iron gate melted in an instant, and it was flew more than ten meters away by the Leap Fire God Sword, and when it fell into the distance, it melted into a crumpled iron mass.

"what!!"

Fang Xue was shocked. Her husband's power was so terrifying that he actually knocked an iron gate into the air!

Chapter 1936: Burn with one sword

Holding the fiery red intercalary fire \*\*\*\* sword, Li Yun chuckled, "I remember telling Xiaoxue? I got a magic weapon in A Duo Mountain, this is the one in my hand, it carries the power of the earth evil. Yes, Fantie is like tofu in front of it."

".....Amazing!"

Fang Xue spit out her little tongue, and most of the anxiety in her heart was removed.

She used to hear Li Yun's adventures, but she felt strange, and she couldn't believe it was true. Even if she trusted Li Yun, she still had no idea of those spirit fires and spells, and listened to them as stories.

But now that she has seen the power of the sword in Li Yun's hands, she has a new understanding of power.

"Let's go!" Watched by his girlfriend with admiring eyes, Li Yun was very energetic. With a wave of the intercalary fire sword in his hand, he pointed to the front and said: "Look at how your husband is so powerful that I cut the tiger monster under the sword !"

"Hehehe~" Fang Xue hid her mouth and smirked, her eyes filled with narrow smiles: "The wife, I'll just wait to see her husband's performance~"

"Yes, I cooperated very well, I deserve to be my wife!"

Just as the two sweetly wanted to walk into Zhenwei Garden, a harsh voice came from behind:

"Who are you? Stop it!!"

Several people with long swords and wearing robes rushed in from a distance.

The leader was a young man of twenty-seven and eighty-eight. He looked good, but his expression was anxious and frustrated. "Who are you? Do you know where this is? Dare to watch and die with me!!"

Abbott shook his body and was about to shoot to help Mr. Li, but Lucini stopped him, "Wait first."

Li Yun glanced at the people behind him indifferently, and said, "It doesn't matter who I am. The important thing is the monster inside. What is your relationship with Liudaomen?"

"What six gates? Never heard of it!

"Have never heard of it? Lying is not a good habit."

"I said I have never heard of it, but I have never heard of it, but you guys..."

"Big brother." One person interrupted: "That man seems to be a patron of the palace family. He visited us during the day."

"Gong Family?"

Master Zhang Zhenfeng, a disciple of the head teacher, watched all together. Hearing the slight change in the expression on the back of the palace family, his aggressive posture also weakened a lot.

But the tone is still not good: "Why did your palace bring me all together in the middle of the night? Give me a reason, otherwise, even the palace will give me an explanation!"

Fang Xue became nervous again, this situation was about to break out, and it was very likely that a fight would start next moment.

Before, she had always been a sneaky night detective, but now when the conflict really came, the situation made her a good girl at a loss again.

Li Yun shook her little hand and replied in a flat tone: "Why I came, I think you all know very well."

"What do you mean?" a disciple of Quanyiguan asked puzzledly.

However, Zhang Zhenfeng's face changed, and the long sword in his hand trembled slightly, his expression extremely frightened: "You, you!"

"I know more than you."

Li Yun smiled slightly, then turned and led Fang Xue towards Zhenwei Garden.

At the entrance of the garden, the janitor Qi Yangqing saw Li Yun walking towards him, he was so frightened that he stepped back several steps in a row, and then stopped after hiding in the shadows. He lowered his head and did not dare to take a second look.

He was already terrified by Li Yun's shocking sword!

"you!"

Zhang Zhenfeng gritted his teeth with hate, and one of the people around him sneered and sneered: "Big brother, I don't think you need to be afraid of him. Fake things are pretending to be deep. When the elders arrive, we will clean up together..."

"Snapped!"

Chapter 1937: Don't move

Before he could finish a sentence, Zhang Zhenfeng slapped him severely.

"Idiot, didn't I tell you? Zhenwei Garden is the place where the head of the town is forbidden to enter. You all guard me here and prohibit the elders from entering Zhenwei Garden!"

Zhang Zhenfeng looked at Li Yun's back coldly: "I'm going to clean him up!"

The people around him look at me and when I look at you, they dare not speak, for fear of being slapped by the big brother.

Zhang Zhenfeng followed in stride without hesitation. As long as he entered Zhenwei Garden, he would die in the congenital consummation, not to mention a mere palace diners!

But halfway through, he suddenly stopped.

"What is this this?!"

Zhang Zhenfeng was dumbfounded. He saw that the open iron door was not opened with meat, but was violently broken through, and the door frame became black and twisted, which was obviously a sign of melting.

"Who? Who melted this gate that is 20 centimeters thick?!"

"Qi Yangqing!!!"

Zhang Zhenfeng looked at him with indifferent eyes, the latter shivered, trembling fingers pointed at the person who walked in, and pointed at the door more than ten meters away.

Zhang Zhenfeng gasped, and the sword in his hand almost slipped.

"What is this? How was it done? Grandmaster level? No, impossible. How could he be a grandmaster level when he is so young!"

Seeing the burnt door, Zhang Zhenfeng almost went crazy.

"Zhenfeng, what happened here? How did Zhenwei become so powerful?"

At this time, all the elders who watched all came over. The roar of the tiger just now was so unusual that the whole Taihuang Mountain shook, and they could sit still to have ghosts.

"Grand Elder, Third Elder, Fourth Elder, you... are all here."

Zhang Zhenfeng said with a wry smile. Originally, he wanted to prevent the elders from knowing the things in Zhenwei Garden, but looking at the current posture, coupled with the strength shown by Li Yun, he couldn't hide it!

The explanation is also unclear. In addition to the constant upsetting croaking noises from Zhenwei Garden, Zhang Zhenfeng can only say: "Elders, in our advanced garden, the only way now is, that is... Stop that kid, otherwise our reputation for being together will be ruined!"

Reputation ruined?

The elders didn't know, so they had to enter the garden first.

"Roar!"

The tiger's roar sounded again, this time with the dull sound of banging banging, it was obvious that Zhen Wei overthrew the triple iron cage and officially gained freedom.

"Oops!"

Zhang Zhenfeng's face was horrified, cold sweat was flowing, the triple iron cage really couldn't stop it, and he was knocked over by the crazy master!

"That beast ran out?" The elder snorted coldly. "I told the instructor a long time ago, don't raise any tigers, it takes money and effort, and now this beast is really unfamiliar! But forget it, wait for me to shoot. It is shot to death to avoid future troubles!"

As an innate master, the big elder's palm is enough to slap an adult tiger to death, let alone Zhenwei-hu has been alive for twenty years!

"Killed? No, it's impossible!" Zhang Zhenfeng swallowed, "The Xiantian realm can't be Master's opponent at all, it's dead if you come!"

"What are you talking about? What is your master? I'm talking about Zhenwei-hu!"

The Great Elder was quite annoyed, and at this moment, a blunt Chinese shout came from behind him:

"Don't move! Raise your hands, or I will shoot!"

Chapter 1938: Disaster of Blood

The whole group of people rioted for a while, and after seeing clearly that there were two blond foreigners holding guns behind them, they all showed disdainful expressions.

The three elders looked at the muzzles of the two foreigners indifferently: "You foreign devils, you dare to come to me and watch the wild, you are really impatient! Changming, go get them away!"

"Yes! Master!"

A young man wearing a Taoist robe and holding a sword, who looked immortal, stood up, and was about to speak with a high tone, when there was another tiger roar in front of him.

"Roar!"

The roar of tigers at close range shook people's scalp numb, and all the elders who watched all showed surprised expressions.

The roar of the tiger is more terrifying than imagined!

"Abbott."

Li Yun's voice came from the front: "Don't conflict with those people, stay away from here, I don't need your help."

"...Yes, Mr. Li!"

Abbott couldn't figure out the situation, so he could only step back cautiously with his girlfriend, pointing his gun at all the people watching.

"This foreigner is really...very loyal"

Li Yun couldn't laugh or cry. No wonder Abbott didn't follow. He had deliberately stayed behind and wanted to double-team with him.

It's a pity that he didn't even know who he was facing. The guns in their hands were just shots, and they couldn't deal with any elder who viewed them all together.

It is enough to defeat a disciple of the Hou Tian realm, unless there is a sniper in the distance to help, or being close by the disciple of the Hou Tian realm is a matter of two slaps.

"Old, old, husband." Fang Xue became more nervous, holding on to the corner of Li Yun's clothes with her little hand, widening her eyes and looking forward: "That tiger monster seems to have come out!"

"Well, it's okay, the master is not him."

Where there are monsters, there is a high probability that there will be people from the six gates or the Hidden Sacred Valley, but Li Yun is still guessing what the practitioners want to do while hiding in Taihuang Mountain.

Is it because you think it's a beautiful place, so you are practicing in retreat?

But in any case, let's solve the tiger demon slowly coming up first!

Li Yun stood still and waited, the intercalary fire godsword in his hand was drooping, and Fang Xue on the side could feel a burst of scorching heat from the full body of the sword.

"My husband's sword is really powerful!" Fang Xue exclaimed.

"When I get the chance, I'll give you another hand."

While talking, Li Yun observed the surrounding environment.

The Zhenwei Garden is slanted and covered halfway up the Taihuang Mountain. It is surrounded by cement walls and power grids. There are four or five low wooden houses in the garden, as well as some common facilities in the zoo, such as rockeries and ponds.

It used to be a zoo, but now there is no other animal besides the Weihu Tiger, which comes slowly.

But someone.

Li Yun looked at one of the wooden huts when his divine sense sensed something, and he tickled the corner of his mouth and ignored it.

"Ohh Ohh ohh!"

Inside the wooden house, four people tied to the pillars saw Li Yun through the crack of the door, especially after seeing the gaze he was looking at, they all screamed with excitement.

Unfortunately, not only were their hands and feet tied up, but their mouths were also \*\*\*\* with cloth strips. It was impossible for them to break free.

The only man among the four, now crying so much that his throat is hoarse, can't wait for himself to give himself a hundred big mouths, he shouldn't have come to travel without listening to the master's words, the master has clearly wounded him, just wanting him To end this trip, go back to school early to recuperate.

But in the end, he just didn't believe it!

Sure enough, he has suffered a disaster of blood and light now!

Chapter 1939: Four living people

"Are you the so-called palace eater?"

All the elders who watched together arrived first, each holding a long sword and looking at Li Yun and Fang Xue with ill-faced faces, and they wanted to strangle them if they didn't agree with each other.

This is the back mountain of the whole view, even if they are killed, outsiders will never know!

"It's me." Li Yunran tapped the Fire God Sword on the ground and said in a flat tone: "My name is Li Yun, you should remember."

"Oh? Why do you remember? Just because you are a palace eater?" An acquired disciple immediately retorted uncomfortably.

"Do not."

Li Yun shook his head, "Because I wait to save the hundreds of people up and down, I can put it simply, I am your great benefactor."

"!!!"

All the elders and disciples who watched together were all annoyed!

I have seen arrogant people, but I have never seen such arrogant and shameless people!

It's fine to break into their Taoist temple in the middle of the night. Now that he was discovered, he still uttered wild words, saying that he is the great benefactor of Quanyiguan? !

"Young man!" Now there is a senior elder who is nearly eighty years old, looking at Li Yun coldly: "You have to be careful when walking outside the rivers and lakes, and don't offend others carelessly, and give your own life..."

"Roar!"

Less than 20 meters away, a huge white tiger walked slowly from the darkness, and once again issued a threatening tiger roar at them!

"Not good, bad!"

The master disciple Zhang Zhenfeng's expression became even more ugly. After a bitterly glance at Li Yun, he turned around and ran to the house where there were people and opened it directly.

As soon as the light shone, everyone could see who was inside.

Three women and one man, it is Bu Junxian, Xiaoqin, Lily and others who have had some fate with Li Yun before!

They were tied to the pillars and stayed with the feces of those animals. Although they had been dry for two months, they still smelled like the sky, and they were considered dead if they didn't faint.

After seeing the light, the four of them struggled frantically, screaming in their mouths!

"Who is this?"

The fire blazed into the sky, and everyone turned their heads and stared blankly at the remaining half of the wooden house igniting a raging fire, once again frightened.

The yang attribute of the various schools in the arena is true qi, which family's internal energy can ignite the wood block?

Grandmaster Realm!

Only the Grandmaster Realm that can control the power of heaven and earth and let the wind, rain and thunder and lightning of the heaven and earth belong to their own use can do such a thing!

"How is it possible, how is it...It is actually a Grandmaster Realm!"

The big elder's lips trembled, and such a young Grandmaster Realm was completely unheard of, beyond the scope of ordinary people's imagination.

"Xiaoxue."

Li Yun calmly took out a dagger and handed it to her, "Go and untie the ropes on them, rest assured, if someone dares to move, I will let their heads fall directly!"

Half of the wooden house had already been burned, and the fierce fire on the Leap Fire God's Sword, even a small amount of power radiated, was enough to make the power of this flame far beyond ordinary fire.

"Okay!" Fang Xue took a deep breath, calming down her thumping heart.

She knew that it was not the time to talk about other things, it was important to save people first!

"Uuu!"

The four of Xiaoqin watched Fang Xue running over, and each of them was so excited that tears filled their eyes. They had been terrified for most of the night, and now they finally saw a glimmer of dawn!

Fang Xue trot past Zhang Zhenfeng, the great brother of all-in-one view, but now stands still in place, holding the long sword high in his hand, not dare to let it go. When a friend shot, Zhang Zhenfeng couldn't guarantee that the head on his neck would still be there in the next moment.

"Don't move around, it won't be good if you cut it."

Fang Xue first cut off the rope they were tied to the pillar, and then cut off the feet. The dagger was sharp enough, but the surrounding fire made her very uncomfortable, so she urged the four of them to come out first.

"Mr. Li Yun, save us!!" The three girls cried and ran to Li Yun. They didn't dare to escape from the whole Taoist Temple by themselves. This Taoist Temple looks like Longtan Tiger's Cave in her eyes, alone. There is absolutely no escape.

Bu Junxian blushed and stood in front of Li Yun awkwardly, dare not say a word.

"Ding, the host makes a choice, rewards justice value +10000, experience value +1 million, all attributes +2000, golden gift bag\*1. Extra reward: benevolent heart (primary, passive

"Roar!"

The low roar of tigers recurred, turning the attraction of everyone to the other side of Zhenweihe who finally walked out of darkness and came to them.

At one glance, everyone's scalp numb with fright.

This tiger is too big!

The huge tiger on all fours is a floor high, about the size of a bus, and the long tail dragging behind is like steel bars \*\*\*\* in the construction site. Its hair is shiny, and its thick soles are the size of a grinding disc. Being slapped by this fierce tiger, people will directly turn into meat sauce.

I can't die anymore.
