

## Godly Choice 1951

Chapter 1951: Shenxiao Tianlei

Li Yun's expression remained unchanged, and the Leap Fire God Sword in his hand was cut in the air again.

In an instant, another twenty small flying swords shot out.

With another wave, the same dozen flying swords emerged.

Li Yun slashed continuously, hundreds of flying swords filled the sky like locusts, and the sky was full of fiery red sword lights. The momentum was vast, and everyone who saw it opened his mouth wide in shock.

"husband?"

Fang Xue looked at the sky in disbelief. It turned out that her husband had always been so good, and what she had seen before was just the tip of the iceberg!

"How about such an attack?"

With a finger of the Leap Fire God Sword in Li Yun's hand, the flying sword hovering in the sky whistled and fell, like meteors rushing to the ground, surrounding and strangling Master Tiger Demon Longwei up and down.

This newborn tiger demon finally showed a frightened expression for the first time, but this tiger demon did not turn around and flee as feared as ordinary people, but instead aroused the ferocity in his body.

Yaozu, born to fight the sky and the battlefield, bloodthirsty and easy to kill!

"I'm afraid you won't succeed? Kill!!!"

Grandmaster Longwei's hands for a while, ten blood-red sharp rays of light were shot from the tiger's paws, and it hit the falling flying sword.

At the same time, his body leaned down, his feet stamped on the ground fiercely, and the whole person jumped up, waving his hands again and again, and the tail behind his back, fighting with the sword light in the sky.

"Ding Ding Ding!"

The crisp impact sound continued, and countless sword lights were destroyed, turned into flames and fell, igniting the surrounding mountains, and the surroundings were suddenly bright as day.

Li Yun swung the intercalary fire sword indifferently, and the flying sword shot out continuously. Grandmaster Longwei tried to break through the flying sword and rushed in front of him several times, but every time he was bitten by the flying sword like a swarm of bees. Blocked it back!

Finally, the tiger demon roared, and a powerful blood-colored light burst out of his body, which instantly broke through the encirclement and suppression of hundreds of sword lights, and the blood-colored shock wave swept everything around!

"Little beast, where did your weapons come from?!"

The Tiger Demon stood where he was panting, staring at Li Yun bitterly with his eyes, thinking of retreating in his heart.

He didn't know anything about the practitioners, and felt that he should also find a handy weapon, and then come to fight this little beast who relies on the benefit of the weapon!

Li Yun holding the Leap Fire God Sword smiled and said: "It is excusable for others to scold my little beast, but how come you, an old beast, have the face to scold someone else's beast?"

"Sharp teeth."

The Tiger Demon looked at him coldly, suddenly moved his feet, and his two-meter-high body fled to the back of the mountain like lightning. As long as he entered the forest, he was sure that his hidden aura would never be found by anyone!

"Little beast, wait, the old man will be back!"

"Hehe, do you think you can escape? I've been waiting for your hand long ago, Shenxiao Tianlei!"  
boom--!

The thick purple thunder fell and smashed right on the fleeing tiger demon, and instantly screamed him. The thick white hair roots curled and scorched, and bursts of black smoke came out of his body, lying miserably on him. Life and death on the ground are unknown.

Everyone was stunned.

Especially the Quan Yiguan and others who were planning to conflict with Li Yun before, are now even more afraid, looking at Li Yun with awe.

First, the flame, then the flying sword, and then the thunder.

"This Li Yun is exactly the same as the immortal recorded in the Taoist scripture!"

The third elder suddenly thought of something, and his heart became more shocked.

Li Yun, is it a fairy?

They actually met a fairy? !

How can this make a whole group of people who become immortal and ask for the truth be worthy of the sentiment!

Chapter 1952: Dawei Tianlong

If the three elders knew that Li Yun would still be able to use the legendary fascination technique, he would not know how shocked it would be.

"Dead, are you dead?" Fang Xue muttered to herself in the distance. Although she was a bit repulsive to the dead, if her husband won the victory, Fang Xue would be happy for him.

Li Yun heard her words and smiled slightly: "I'm afraid not yet. Xiaoxue, you have to remember. The vitality of monsters is usually very powerful. Even if they cut their heads and pierce their hearts, they may not be able to kill them. !"

Fang Xue nodded quickly.

The people around also secretly wrote down.

For them, this is the first time they have come into contact with the so-called monsters, write down this knowledge, maybe they will use it in the future!

"In addition," Li Yun paused, "The monsters I met, if they were born out of animals, they will retain some of the characteristics of animals, such as this tiger demon, his claws are very powerful!"

Fang Xue nodded again, and asked like a baby, "Are his teeth also very powerful? Natural tigers have very strong bites!"

"It's estimated to be." Li Yun shrugged, "but I didn't give him a chance to get close to me."

"Hee hee hee~" Fang Xue hid her mouth and smirked. The battle just now was like a warrior playing a mage in the game, and the tiger demon was killed by her husband's long-range attack.

"But I haven't heard that tigers in nature also pretend to be dead."

Li Yun's gaze has been watching the tiger demon lying on the ground, and he doesn't need divine mind induction, Li Yun can see that this guy is not dead at all.

"... Junior, you really want to kill them all!"

Accompanied by the cold voice, Grandmaster Tiger Demon Longwei really slowly got up, his body was covered with scars, blood and blood, and miserable.

What's more shocking is that some wounds can even see Bai Sensen's bones inside, but this tiger demon can't even speak for breath!

Everyone witnessed the fact that Li Yun said before: The monster is really strong in vitality!

"Don't get me wrong." Li Yun said lightly: "It's not that I want to kill everything, but you deserve to die."

"Junior, you!"

Grandmaster Tiger Demon Longwei's thick-haired face was furious.

"Because of your birth, hundreds of people died as a result, entered your stomach, and were born and swallowed by your brutality."

Li Yun looked at him indifferently, holding the Leap Fire Divine Sword in one hand and the Nine Heavens Thunder in the other, "So you must die today!"

Director Zhou waited for the police officers to realize that the recent disappearance of Mount Tai Huang was all because of this... Tiger Demon?

No wonder this tiger demon grows so big, I don't know how many people have eaten!

"Do you think you can eat me?"

The tiger demon sneered, her abdomen contracted, and at the same time her sturdy chest stood up, her mouth opened wide, and she took a sharp breath.

Seeing this, Li Yun didn't know what he was going to do, and smiled: "You think only you can shout?"

"Roar!!!"

The tiger demon's sky-shaking roar sounded, the surrounding air was shaken away, and a circle of ripples appeared. The soil and gravel on the ground were instantly shattered, and the huge sound wave spread at a speed that seemed slow but fast. Open.

What greeted it was another similar sound.

"Big, mighty, heaven, dragon!!!"

The upright and bright voice of heaven and earth spread from Li Yun's direction. The two waves collided, justice overwhelmed evil, and the roar of tigers was destroyed. Like the scorching sun, Li Yun's voice spread throughout Mount Taihuang.

Hearing this sound, Li Feng, who was sitting uneasy in the Tianshen Pavilion, suddenly ran to the balcony and looked down. It seemed that through the barriers of the night, he saw Li Yun standing on the ground with his head high and his chest tall and handsome like a god.

"Brother..." Li Feng cried with joy, knowing that he is fine.

Chapter 1953: I want you to be exposed

"Ding, shut up, bold evildoer, I can see at a glance that you are not a human! I want you to be exposed! Dawei Tianlong! Prajna Buddhas! Blessed Jizo! Go! Reward: Justice value + 200,000, experience value + 30 million, All attributes +50,000, colorful gift bags\*1, aura value of 200,000, additional rewards: basic demonic exercises\*1."

Li Yun: "..."

It seems that in the future, you can't always borrow the mantra of Buddhism. His skill is called Qinglong's roar. Next time, he will try to shout: Eastern Qinglong, Western White Tiger, Southern Suzaku and so on.

However, there is a system prompt, then Li Yun can be sure that the tiger demon is dead by 120,000 points.

He glanced at the other person, the tiger demon was already lying on the ground, his body was not exposed and turned into a tiger, still a humanoid with full of hair.

In other words, until his death, Li Yun didn't know what the Longwei Grandmaster was.

monster? New breed of people? Tiger people? magician? Shemale?

It stands to reason that it is impossible for such a monster to naturally be born in a world where aura is exhausted. There should be practitioners of the six magic gates nearby.

Thinking of this, Li Yun turned his head and shouted to the people in the distance: "All the people who are watching together will come over to me!"

Everyone looked at each other. In the end, the five elders were the first to react. They quickly showed up to Li Yun and bowed respectfully, saying: "Master Li!"

All the Taoist priests who were observing together have recovered, and rushed one by one, forming several rows.

bow.

They shouted in unison: "Master Li!"

Following Brother Li, Xuechang Li, Master Li Xian, Brother Li, Master Li, he has a new title: Master Li Xian!

With a black line on Li Yun, Fang Xue, who was walking by, covered her mouth and smiled.

"Thanks to Master Li Xian for saving my life! Master Li Xian's magic is unparalleled!"

"Master Li Hongfu Qitian!"

"Master Li is really an immortal, and his belly is not comparable to us ordinary people!"

"Master Li's superb immortality is really an eye-opener for us ordinary people!"

A group of Taoist priests flattered wildly, even the great elder who was very uncomfortable with Li Yun before, now has a flattering expression on his face, and he can't see the way he used to be arrogant. He is still empty of one arm, but just clicked the meridian. Stop the bleeding.

Everyone knows the truth about not hitting the smiley people with their hands.

Li Yun was too lazy to care about them, waved his hand to stop them: "Okay! Shut up, I have some questions to ask you!"

"Mr. Li, please speak!" The third elder said hurriedly: "As long as we know everything, we must know everything!"

Li Yun glanced around and saw the expectant and fiery expressions of these Taoist priests in Taoist robes, knowing that they must want to learn the so-called celestial arts, and they wished that the whole group of Taoist priests would worship him.

"Unfortunately, your abacus is destined to fail."

Li Yun smiled in his heart, keeping a calm expression on his face, and said: "This matter is over. The cannibal Grandmaster Longwei has been killed by me. In the future, Taihuang Mountain will return to calm again, and no one must have another accident!"

Emphasizing Grandmaster Longwei, this shows that the person he killed was not the real person named Yunlong, the master of Quanyiguan, but a monster named Grandmaster Longwei.

Several elders nodded to express their understanding.

Director Zhou and others on the side also breathed a sigh of relief, and began to worry about how to write a report on this matter.

If you don't see this kind of thing with your own eyes, will anyone believe it?

Chapter 1954: Punishment one by one

"second."

Li Yun continued: "Anyone who colludes with the former head of Taoist Master Yunlong, and his disciple Zhang Zhenfeng, or is threatened by them, all stand up by themselves."

After a pause, Li Yun said meaningfully: "The first evil is dead, and the others who voluntarily surrender can still be relieved. Otherwise, this matter will dig three feet in the ground, and all the people involved will be excavated, and everyone will run away. No way!"

thump!

As soon as Li Yun's voice fell, Qi Yangqing, who was the gatekeeper of Zhenwei Garden before, knelt down tremblingly, and slapped himself three times: "Master Li, I was wrong. I blamed that \*\*\*\* Zhang Zhenfeng, yes. He forced me!"

"Very good, you can correct your mistakes, and there is hope of redemption." Li Yun smiled, "Anything else?"

Thump thump.

Several people successively knelt down, crying in their mouths, and they all blamed Zhang Zhenfeng for persecuting and so on.

Li Yun didn't bother to care whether it was true or not, and left it to the police to verify it. His purpose was another.

"you....."

"Li, Master Li!"

Just as Li Yun wanted to speak, Bu Junxian stood up, his face was extremely embarrassed, and suddenly thought of something, he first gave himself two big mouths: "I am not a human being, and Master Li had already considered that I would suffer a \*\*\*\* disaster this time. As a result, I...deserve to suffer, thank Master Li Xian for his life-saving grace!"

The other three girls also bowed and thanked.

Li Yun smiled faintly: "It's not too late to know what's wrong, do you want to talk about Lai Yongsi?"

Bu Junxian nodded again and again. Now he hates Lai Yongsi to his bones, so he stood up and asked Master Li to send someone to arrest him too!

Li Yun gave a brief explanation to Director Zhou, who immediately sent several police officers to arrest people, but he thought of one thing.

"Li, Li Xianshi." Director Zhou bit his head and called Li Yun like this, and asked, "Is that Lai Yongsi also a monster?"

"No, he is just an ordinary person."

Director Zhou breathed a sigh of relief.

"Also." Li Yun said: "I will call someone to handle tonight's affairs. They are the professionals. Now you can trouble Director Zhou to control the situation and stabilize the order of Mount Tai."

Director Zhou was overjoyed when he heard this. It turned out that the country already knew that these unreasonable things had happened, and it had set up a secret department to deal with it.

Now it is easier for him to write the report, as long as he writes it truthfully.

"Master Li, let me go with the police comrades to catch Lai Yongsi!" Bu Junxian said actively, meaning that he wanted to leave here, and this Taihuang Mountain gave him too much psychological shadow.

Li Yun smiled, "Go, but I have a suggestion for you. Don't rush to strike up a conversation with a beautiful woman in the future. You don't always meet someone like me who is so reasonable."

Fang Xue couldn't recognize the chuckle, and said to her heart: You squeezed everyone's hands and said that you are reasonable?

Bu Junxian was extremely embarrassed, and slapped himself twice, saying that he would definitely change in the future!

The three girls stepped forward to say goodbye. This time their attitude was much more sincere, and they were sincere thanks.

Li Yun nodded, watched them leave, and turned to look at Qi Qingyang and the others.

"I ask you something."

"Please, Master Li Xian for your question!"

"Recently--that is, two months ago, before your head teacher retreat, did anyone visit the Taoist temple?"

Li Yun's face was serious: "It is impossible for ordinary tigers to merge with people. Is there a messenger behind this incident?!"

Chapter 1955: Who is behind the scenes

Everyone looked at each other, and even Director Zhou felt a panic.

The Tiger Demon just now was powerful enough, and there was a black hand behind the scenes who controlled everything! ?

Terrible, it is terrible!

Taihuang Mountain tonight, and even Taihuang Mountain afterwards, I am afraid it will be restless!

"...No! Absolutely not!"

The answers of Qi Qingyang and others were beyond Li Yun's expectation, and under his repeated inquiries and intimidation, all the people present were unanimously affirmed that no one came to visit before the head teacher retreat, and the head teacher did not reveal any abnormalities.

The only suspicious place is that before the retreat, the real person Yunlong used to be very excited to go to Zhenwei Garden once every morning, night and night, sometimes staying for half a day, at that time they were guessing why the teacher went to Zhenwei Garden so often.

"Are you sure?"

"Very sure!" The Fifth Elder said firmly: "If I discovered something abnormal early, I would definitely prevent the head teacher from doing so at that time, it's a pity..."

He shook his head with great regret, "The Master is so eager to break through to the Grandmaster Realm, that he does something like Tiger..."

Li Yun's face is weird, why is that so weird?

What does it mean to be like a tiger? It looks very colorful!

"Master Li, the fact is like this!" The fifth elder said helplessly: "Master, did you see it before? We were shocked when we saw the tiger demon, which proves that we really don't know about it, nor Participate in it, don't understand the details at all!"

Li Yun secretly said that it is a pity that Grandmaster Longwei, who knows the most insider details, has been killed by him, and Zhang Zhenfeng, the disciple of the real person Yunlong, was also eaten by the tiger demon. Where are the six magic gates behind the scenes? I want to find it.

"Well, I choose to believe you for the time being."

Li Yun's words made all Taoist practitioners breathe a sigh of relief. Before Li Xianshi controlled the flame thunder and flying swords all over the sky brought them extremely deep impression and fear.

Now there is only one thing left:

The dead tiger demon!

Li Yun walked over, and Fang Xue naturally followed her husband's pace. Abbott took Lucini and chose to follow. They don't have to keep holding their weapons. Mr. Li alone is enough to shock everyone. People don't need weapons as a deterrent.

"Husband, he...!" Fang Xue hid behind Li Yun with some fear, grabbed his arm and probed out to look at the tiger demon.

Although the dead Longwei Grandmaster died miserably, his body covered with thick white hair still exudes a kind of frightening power.

This is evil spirit.

Li Yun had felt it before from the two-winged lion beast and the frog monster in the plane crash.

On the contrary, the three-eyed toad has very little demon spirit, as for the black feather butterfly, Li Yun can't feel a trace of demon spirit at all.

"A monster like this..." Li Yun paused, "It is beyond common sense, and does not conform to the research of biology in modern science. If this tiger monster appears in front of the public, I am afraid that we will learn biology textbooks for the college entrance examination. Many have to be adapted back to the furnace,"

Fang Xue giggled, her mood relaxed a lot.

Abbott didn't know what he was thinking, and suddenly said, "I don't know if Tiger Demon Meat can be eaten."

Everyone looked at him in horror. Abbott scratched his head and pointed plausibly at the huge tiger in the dirt pit in the distance: "Look at how big the tiger is. One is enough to eat for several years!"

You can eat better than Cantonese. jpg

Li Yun murmured in his heart, and was about to clap his hands and leave, but his spiritual consciousness inadvertently swept the heart of Grandmaster Longwei.

"Um?"

Chapter 1956: Abbott's wish

At the heart of Grandmaster Longwei, Li Yun clearly felt a pure power brewing. This power was mixed with a trace of evil spirits. It seemed to be the demon pill of this tiger demon?

"Huh!"

Li Yun didn't hesitate too much, so he slashed away with a sword, and drew a circle around the heart of the tiger demon, revealing what was inside.

Suddenly, a bead emitting a faint red light was revealed and appeared in the sight of everyone.

The bead is not big, only the size of a little finger, but it can emit red light on its own, which is very eye-catching in the Taihuang Mountain in the middle of the night.

Everyone's eyes were attracted by it.

"what is this?"

"Is this something that jumped out of the palm of the hand?"

"Who told you that this monster is the head teacher? The head teacher is already dead!"

"Anyway, this thing looks pretty evil."

"Look at what Master Li Xian said."

Of course, everyone looked at Li Yun in the end.

"Is it really a demon pill?"

Li Yun picked up this red bead in surprise, and felt the power inside. It was indeed similar to Grandmaster Longwei when he was alive just now.

It is said that the monster pill is the core of the monster's power, and can be used as a variety of refining materials and pill materials, and it is even used to depict spells.

But Li Yun had a system, and he didn't have much interest in this thing, and the power of this demon pill was too small to be of collection value.

Therefore, Li Yun shook hands and wanted to directly crush the demon pill.

"Mr. Li, wait!"

Abbott hurriedly said, with an awkward expression on his face, scratched his head and said, "Well, this bead, is it the key to him becoming a tiger demon?"

Li Yun raised his eyebrows, this foreigner had a keen instinct.

The people who watched all together were stunned, and the five elders suddenly realized that it was not the master student who swallowed Zhenwei-hu, or "fitted" with a beast, but the master only killed Zhenwei-hu and put it in his body. Eat the beads, and become a new tiger demon!

I don't know how much change has taken place in this process, so that the head teacher turns from a human to a tiger, emerges from the tiger's belly, and becomes a human again.

Bizarre, weird, indescribable.

The feeling of red beads is so uneasy!

Abbott gritted his teeth, "I, I want to eat this bead!"

"what?!"

Everyone looked at him in surprise, is this foreigner crazy?

"Abbott, you are crazy!"

His girlfriend was much more straightforward, and he slapped Abbott's right cheek directly, trying to make his boyfriend sober!

"Baby, I'm not crazy, I'm serious!"

Abbott looked at his girlfriend with a serious expression, "I thought about it, I must eat it-if Mr. Li agrees!"

"Ding, trigger the option event, please choose from the host:

Option 1: Let Abbott eat the demon pill, observe his changes, reward purple gift bag\*3, detox pill\*1.

Option 2: Reject, no reward. "

Looking at the system prompts, Li Yun threw the demon pill up and down, and said to him in a leisurely tone: "Give me a reason."

Everyone was stunned, could it really be eaten? Isn't this foreigner afraid of becoming a tiger demon? Or does he think he looks handsome with long hair?

This foreigner is really crazy!

"reason....."

Abbott's mind turned wildly and thought of several excuses, but when he saw a trace of majesty in Li Yun's eyes, he trembled in his heart and quickly said, "My reason is very simple. Friends together!"

Chapter 1957: Swallow Demon Pill

Everyone looked at him in surprise again.

Lucini shook her whole body, her hands clenched tightly, tears welled up in her eyes.

Abbott seemed to strengthen his heart, and continued: "I know I'm just an ordinary person, and there is a big gap between my family and Lucini's family. Even if we can be together as a couple now, we will never get married in the future! "

Lucini's family is a very large family. Although she is not the heir to the next generation, she still needs to follow her parents' wishes and engage in commercial marriages. It is impossible for her to decide her own marriage.

"So, I need strength!" Abbott clenched his fists and yelled out like a vent: "I need to prove myself, I can do it, I am worthy of Lucini!"

This is why he knows that paying a teacher is a pitfall, and he desperately wants to worship the whole world?

Girls are the most touched creatures. Lucini plunged directly into her boyfriend's stun, Fang Xue also looked at Li Yun with tears in her eyes, and prayed with her eyes to help the couple of mandarin ducks.

Li Yun couldn't laugh or cry: "Abbott, you just believe that I can solve the negative effects of the demon pill? Let you not become a tiger demon?"

Seeing hope, Abbott was overjoyed and hugged his girlfriend and quickly said, "Mr. Li, you are so familiar with monsters. You must have known it before, and you know how to keep me from being a monster, right?"

Everyone looked at Li Yun in unison, and some people began to regret why they rushed to say before the foreigner.

Li Yun smiled slightly, "You convinced me, open your mouth."

"what?"

Abbott opened his mouth slightly, and in the next second, a red bead rushed into his mouth, shocking him to cough repeatedly, and when he reacted, the demon pill had already entered his stomach.

Everyone took a step back, back again, back again, back many meters, before they dared to stop and watched Abbott's changes in horror.

Fang Xue took the initiative to pull Lucini back, leaving only Abbott, who was bent over and coughing constantly, and Li Yun standing beside him.

"Cough, cough, ah!!!"

Abbott trembled, a wave of air surged from his body, red light flickered, and powerful power was brewing.

Suddenly, he raised his head and roared.

"Roar!!"

Everyone was shocked and covered their ears. The huge roar already smelled like a tiger roaring in the mountains and forests. When they looked at Abbott, they found that the white-skinned foreigner's face was covered with thick white beards. .

Looking at his hands again, the nails are sharp and the backs of the hands are also covered with thick white hair.

This foreigner is clearly approaching the form of a tiger demon!

But I have to say that with this foreigner's white skin, it looks more like a white tiger!

"really."

Li Yun nodded clearly. The demon energy is too powerful to infect ordinary people. Even if you don't take the demon pill, you may be part of the demonized state if you are exposed to the demon energy for a long time.

"This, this, this is so strong!"

Abbott's consciousness has not been lost. He clenched his fists, and the sound of joints snapped continuously. The explosive power made Abbott's cheeks flushed with excitement. After another roar, his body squatted and his feet were fierce. Stepped on the ground.

boom!

Abbott's body leaped tens of meters high like a cannonball, screaming and screaming. After crashing down, he grabbed the rock on the ground and bullied the hard rock as tofu.

All the disciples who watched together were stunned, this foreigner went straight into the innate realm, no, this kind of power is even more powerful than the innate realm!

Chapter 1958: Reproductive parents

"Mr. Li, I! I'm so strong now!"

After stopping for a while, Abbott stood in front of Li Yun with excitement and said, brightening his now extremely developed biceps muscles-also covered with white hair.

Li Yun took a deep look at him, nodded and said, "I didn't lose my mind because of the sudden increase in power. I'm still a manufacturable, and then open his mouth."

"Uh?"

Li Yun gave him another medium-sized detoxification pill, and the medium-sized one should be able to relieve the influence of the demon energy on the human body.

Sure enough, after taking the medium-sized detoxification pills, Abbott's hair fell down at a speed visible to the naked eye. In the end, only the white temple hair remained on the arms, feet, and cheeks.

What's peculiar is that instead of making him look ugly, these temples have a somewhat brutal sex. They are full of masculine beauty. They look at Lucini with gleaming eyes and can't help but step forward and caress. His boyfriend's white beard snapped, and his eyes looked at him with a vague look.

Abbott ignored his girlfriend's loving gaze for the time being. He squeezed his fist and was confused: "My current strength...weakened a lot!"

"Satisfaction." Li Yun shrugged, "At least he won't become a monster."

"Yes!"

Abbott immediately respected and no longer complained.

As a result, he couldn't help but experimented with his strength again, punching out with a fist, directly smashing a head-sized stone.

Although it is a lot weaker than the previous use of claws to grab stones such as tofu, but at least it has the strength of the innate realm!

"This!"

The five elders who watched all together looked at each other. They generally worked hard for 30 years before breaking through to the innate realm. As a result, the foreigner only took one demon pill and went straight to the innate realm.

Why does this make them feel bad? The heart that cried out is gone!

"Mr. Lee!"

Abbott solemnly knelt down, and the ghost Li Yun knocked his head: "Although you do not agree with me to be a teacher, in my heart, Mr. Li, you are my parents again!"

Parents again? Fang Xue laughed scornfully, "Reborn parents!"

"Hmm, parents born again!"

Everyone: "..."

"okay."

Li Yun patted him on the shoulder: "Get up, work hard in the future to do something good, don't you have a famous saying in the West called: the greater the ability, the greater the responsibility? I hope you will become such a person in the future!"

"The greater the ability, the greater the responsibility?" Lucini was puzzled, why hadn't she heard of it?

But Abbott muttered to himself, his eyes glowing, and he nodded solemnly to Li Yun!

"Ding, the host made the choice to let Abbott eat the demon pill, reward purple gift bag\*3, detox pill\*1, extra reward: a little brother who may be very influential in the future."

Seeing this extra reward, Li Yun twitched his mouth. Does he want his little brother to use it?

"This is the end of tonight's business, let's go back separately."

Li Yun officially announced that he was leaving with Fang Xue, and he didn't want to stay here any longer.

As for the tiger demon corpses, one big and one small, they can only wait for Liao Hua to send someone to collect them.

"Li, Master Li!"

The great elder, who had an empty arm, stood up bitterly. He had a feeling that if he didn't say his purpose now, it would be difficult to find him again after Master Li left.

After all, immortals are from high to high, it is too difficult to find them, otherwise they will not live a lifetime and never heard of anyone who has seen immortals.

Chapter 1959: You don't have fairy fate

"I know what you mean."

Li Yun waved his hand to indicate that he didn't need to say any more, and said in a flat tone: "There are no immortals in the world, and there are only practitioners. To become a practitioner requires chance. Unfortunately, I have no chance with you!"

What is the chance?

Opportunity is nothing, Li Yun said that you have it, you only have it, and that you don't have it, then you definitely don't!

There is no doubt that all the confidantes around Li Yun are people with "fortune", as for the others, don't even think about it.

Everyone was greatly disappointed, and Li Yun smiled faintly: "I am not the only practitioner in the world, but I remind you one thing, if you all watch and behave with the tiger demon tonight, then the whole view has now become history.

Well do it for yourself. "

After speaking, Li Yun took Fang Xue and left here, and Abbott quickly followed.

The remaining audience stood there for a long time, and in the end they could only shake their heads and smile helplessly.

They are indeed unfavorable people.

If, like Abbott, he followed the immortal master early, and even thought of eating the demon pill that the immortal master didn't want, he would have a glimmer of hope to seize the fate of the immortal.

Now, I can only sigh in vain.

...

"Huh, it's finally over!"

The four of them were walking on the mountain path, Fang Xue put his arms around Li Yun's arms, with a sigh of relief on her beautiful face.

"Why, are you tired?"

"of course."

Fang Xue nodded arrogantly, and Li Yun teased with a smile: "How do I think you are going to see the scenery tonight... Oh forget, my Xiaoxue also caught two chickens."

"Hehehe~" Fang Xue couldn't help but laughed, but quickly stretched her face again, and said angrily: "I'm mentally tired, okay?"

soul?

Li Yun looked down and glanced at Xiaoxue's "heart".

Indeed, compared to half a year ago, Xiaoxue's heart is now very heavy and very big, and of course it will be very tired.

"Big pervert, what are you looking at, what are you thinking about!" Of course, Fang Xue knew what her boyfriend's eyes meant, and reached out and pinched Li Yun's waist directly.

Li Yun laughed, but it was a pity that Abbott followed him, otherwise he could now feel what his tired "heart" looks like in the high place under the snow.

Cough!

Back at the hotel, peace has returned. The police sent by Director Zhou are maintaining order. The guests and attendants are a little panicked, but because there are policemen staying downstairs in the hotel, they will at least not rush to panic. Down the mountain.

——It's more dangerous to run a five-kilometer mountain road in the middle of the night than a tiger.

"Mr. Lee!"

The police officers nodded their greetings to Li Yun, which surprised a group of waiters.

When the front desk saw Li Yun and Fang Xue, they opened their mouths in shock, and they were filled with doubts: There is only one exit from the hotel. How did they leave the hotel? Where did these two noble Tenjin Pavilion guests go to play again?

"Mr. Li, do you... need any service?" the front desk asked cautiously.

"No, we just go up by ourselves, don't worry about us."

Li Yun waved his hand and walked to the elevator with Fang Xue.

The face at the front desk became more weird. This expensive second-generation rich didn't play in the room with his female partner most of the night. What did he run outside to do... Wait, what did he do in the wild?

The front desk blushed and nodded secretly as if to figure out something: The rich second-generation gameplay is so diverse that she is not pure anymore!

Chapter 1960: Brother Liao calls (Part 1)

Li Yun and Fang Xue returned to the presidential suite Tianshen Pavilion. As soon as the door opened, a beautiful figure rushed forward and hugged him tightly.

"Brother, you finally came back!"

"Well, I'm back, sister."

Holding Li Feng, Li Yun was moved in his heart, presumably those few tiger roars frightened her.

Li Feng let go of him a bit, looked at him with his arms around Li Yun's neck, bit his lip, and glanced at Fang Xue again. In the end, he couldn't hold back... and kissed him directly.

Fang Xue's small face turned red, watching her boyfriend and her best friend get close, she felt sour at the same time, she also felt a little...exciting.

"You, you...hmph, don't care about you, I'll take a shower!"

Fang Xue blushed and walked into the bedroom inside. She was frightened for half a night, and she was bewitched by Li Yun to sneak into the chicken coop to steal chickens. Now she felt very uncomfortable.

But.

Fang Xue, who entered the bathroom, still vaguely heard the sound of the two outsiders when they were intimate, making her feel irritable, and covering her ears still couldn't stop the intrusion of this sound.

"It's necrotic, big bad guy, he will bully Li Feng as soon as he comes back!"

Fang Xue gritted his teeth and lay in the bathtub, trying to calm down.

Ten minutes later, she heard the sound of the bathroom door being pushed open, and when she opened her eyes, it turned out that Li Yun came in.

"You, you, what do you want to do?!" Fang Xue became stammered, her face flushed.

Li Yun calmly said, "No, I'm just here with my Xiaoxue, um, don't worry, I will do nothing."

"It's blame you if you believe it, you big bad guy, big \*\*\*\* ghost!! Ah~~~ Let go of me, hehe hee itchy~~~"

In the end, Fang Xue was still hugged by Li Yun domineeringly, and the two lay together in the bathtub and watched the stars-yes, that was the stars.

The Presidential Suite Tenjin Pavilion room is very large, the main bathroom is open-air, you can enjoy the night sky while taking a bath, perfect enjoyment.

"Bad husband~"

Looking at it, Fang Xue was a little unsatisfied. After all, she had listened to the live performance for ten minutes, coupled with the joyful atmosphere here, as a young girl who was ready to give herself, she was naturally a little moved.

"what happened?"

"Did you bully Xiao Fengfeng just now?"

"Yes~~What's wrong?"

Li Yun replied with a smile on his face, and began to bully Xiao Fengfeng's good friend Xiao Baixue.

Fang Xue bit her lip, blushing, and turned her head arrogantly: "I thought you could stand it and not bully me. I really think too much."

"In other words, my little Baixue wants her husband to bully you?"

Li Yun ridiculed her, but she didn't expect that Fang Xue lightly touched her head, greeted her, and let out a soft "um~" through her nose.

The voice was soft and charming, with a strong flattery.

Li Yun...the Halaha volcano in his body exploded again.

Thus, the scene of the tiger attacking the little white rabbit was staged again.

"..."

"..."

Outside.

Li Feng, lying on the sofa, recovered from the state of absent-mindedness. Hearing the sound of splashing water in the bathroom, it seemed very messy, and couldn't help but smile again shyly.

Sure enough, as she thought, in the next few days, I don't know what will happen to the situation.

She and Fang Xue are still separated from Li Yun, but it is estimated that they will be together tomorrow or the day after tomorrow.

"Ring Ling Ling~"
