

Godly Choice 1961

Chapter 1961: Brother Liao calls (below)

Just as Li Feng was shy and cranky, Li Yun's cell phone rang-when he went in to take a bath, he naturally left the cell phone outside.

Li Feng glanced at the phone screen, "Brother Liao? Not from Longyang County."

She listened to the sound in the bathroom again and found that the messy noise inside became more intense, so she could only helplessly pick up the phone and walk to the balcony to connect.

The balcony is very empty, and it is impossible for outsiders to see it, even if you use a telescope, there is no angle to see this balcony.

That's why Li Feng dared to take the phone to the balcony to answer the phone without worry.

"Hello, hello."

Li Feng communicated with the other party in a serious and serious tone, and couldn't see what happened with Li Yun just now, and her current state is very embarrassing.

"Huh? You are not Li Yun?"

"Excuse me, my brother is temporarily inconvenient to answer the phone, what can you do?"

Li Feng looked back at the direction of the bathroom. It was only three minutes now. According to her understanding of Li Yun, it would take at least five minutes to be free.

"Oh, you are Li Yun's sister Li Feng!" Brother Liao on the other side laughed.

"Yes, I am his sister!"

When it comes to this, Li Feng seems very proud. She is Li Yun's older sister, and she has been for all her life!

Liao Hua hesitated, not knowing whether to say it or not. In the end, for the safety of Taihuang Mountain, he gritted his teeth and said, "Hello Miss Li Feng, can you contact Li Yun now? I have urgent matters to ask him for help. Get rid of it!"

Li Feng also hesitated. After all, her brother was in with Fang Xue and it was difficult to get away. If this situation disturbs you...it's easy to become a person named Yang Mingwei.

"Can you take the liberty to ask who you are?"

"I am the deputy leader of the National Special Operations Team for Abnormal Events, Liao Hua!"

".....what?"

Li Feng didn't understand what such a long name was. Liao Hua could only emphasize with a wry smile: "Deputy ministerial position."

"Ah! Good, good!"

Now Li Feng understood, this brother Liao is a very big official, and it is very important to find her brother.

Therefore, Li Feng had no choice but to bite the bullet and cover the phone microphone to prevent the other party from hearing any bad sounds, and then knocked on the bathroom door.

Swish, Fang Xue's voice in the bathroom disappeared, and she was extremely shy: "Xiao Fengfeng, you!"

"Sorry, Little Baixue."

Li Feng suddenly got bold and opened the door with a smile on his face and walked in. Sure enough, he saw a scene that made her stare wide.

The formerly noble and glamorous school flower of Fang Da, but now...hehe, she deserves to be her younger brother, that's amazing!

"Brother, your phone number is from a person called Brother Liao."

"so it is."

Li Yun had a weird face, and took the phone: "I thought Sister, you also want to be with you."

"Bad!" x2

The two girls' voices sounded at the same time, making Liao Hua on the mobile phone start to hear it. The voice was obviously a little coquettish, could it be said...

correct!

Liao Hua patted his head. Li Yun was traveling in Mount Taihuang. As a young man with so many confidantes around him, he naturally couldn't travel alone.

In other words, Li Feng said before that it is not convenient to answer the phone, which actually shows that Li Yun is actually...

"I'll go, great!"

Liao Hua, an old man who has worked for many years, can't help but utter a ***** to show that he is really envious! !

Chapter 1962: Monsters Raging (Part 1)

For Liao Hua guessing what he is doing now, Li Yun doesn't care. Anyone can guess what he is doing now. Anyway, he can't see what he is doing now. Who is holding him in his arms, right?

"Brother Liao, are you looking for me?"

Li Yun put his arms around Fang Xue's slender waist and called, and at the same time, he glanced at Li Feng and motioned for her to come in and wash.

Li Fengjiao glared at him charmingly, and washed some stains on his body with the shower head, before moving his right leg and gently walking into the bath.

As a presidential suite, Tenjin Pavilion, a noble-class room starting from a million, the bathroom of Tenjin Pavilion is also quite extraordinary.

Not only is there an open-air scenery to see, but the bath is not a bathtub style in an ordinary hotel, but the kind of bath that is enclosed and polished with high-grade white jade. Not to mention three people, it is not a problem to multiple times.

With hot water supply all day long, there is also a small freezer in the bathroom. You can take milk and beer at any time. You can enjoy the scenery of Mount Tai while taking a bath with the beauties and sipping frozen beverages. It is a supreme enjoyment!

At least at this moment, Li Yun, who was in her arms, was already too comfortable.

So he wanted to end the call as soon as possible, and then enjoy the night view of Mount Tai with the two beautiful ladies.

"Yes!"

Liao Hua vaguely guessed what Li Yun was doing, so he made a long story short: "I have sent someone to Taihuang Mountain to deal with the follow-up. The only worry is that it is not yet certain whether there are people from the Six Dao Sects behind the scenes.

If anything, it will pose a great threat to the safety of tourists on Taihuang Mountain! "

His tone was very serious. Li Yun actually guessed the incident, but the system did not prompt about it. Li Yun couldn't help it. Even if he searched Taihuang Mountain, he might not be able to find someone who deliberately hid it.

After telling the truth with Liao Hua, Li Yun shrugged and said: "Now Taihuang Mountain is under martial law, and you can only look forward to the people who startled the six gates. Don't worry, Brother Liao, I will be at Taihuang Mountain in the next few days. If the other party shows up, I will definitely be there in time!"

"I feel more at ease with your words!"

Liao Hua smiled and said: "If you are thankful, you don't have to say it. After returning to Zhonghai City, I will ask you to have a few drinks when I have time. Now you are over for the college entrance examination, and you are an adult, hahaha!"

Li Yun couldn't laugh or cry. Sure enough, everything was different after the college entrance examination. In the past, Liao Hua only said to invite dinner, not to drink.

The two chatted a few more words, and Li Yun wanted to hang up. After all, he was short of time, and Fang Xue was still lying softly in him. The beautiful woman was still in her arms while chatting with others, which was really disappointing.

"Okay, I'll let you know if I have anything to do." Liao Hua said casually: "Li Yun is much easier to deal with this incident. The previous few monsters have not been handled by professionals, and it is very troublesome."

Li Yun was startled, and said quickly: "Wait for Brother Liao, don't hang up!"

Seeing that he seemed to be discussing business matters, Fang Xue simply got into the bottom of the water, emerged from another place, and ran to find Li Feng to settle the account!

The two women played silently and splashed water-they were afraid that they might disturb Li Yun, so they could only chase and play at the other end of the bath.

Li Yun couldn't appreciate the beautiful scenery before, it was just... cruel!

"Any thing else?"

"You just said that the previous few monsters appeared? It was the time of the plane crash?"

"Not that time... Oh I forgot. You took the college entrance examination before, so we didn't notify you. In fact, during your college entrance examination, there were exact occurrences in Dianxi Province, Qingxi Province, Guidong Province, Donglin Province, etc. There was a report of monster disturbances, and one of them injured a lot of people and caused very serious consequences!"

Chapter 1963: Monsters Raging (Part 2)

Li Yun felt very strange. When he was chatting with Sage Fanqing before, he learned that even in the hidden sacred valley, the number of monsters is very small.

After all, practitioners and monsters exist in the same way. They need to absorb the spiritual energy of heaven and earth to cultivate, and people have insufficient resources for cultivation, so how can they raise a large number of monsters?

"Could it be that....."

Li Yun's brows jumped, he thought of a very bad thing!

"Brother Liao, you send me all the suspected monster incidents that you recently reported to you!"

Li Yun paused, and smiled: "This shouldn't be a confidential document, right?"

"It's a confidential document."

"Uh?"

"But Li Yun, of course you have the right to check, hahaha!"

Li Yun couldn't laugh or cry, and the serious Brother Liao also joked.

Liao Hua arranged for someone to encrypt the file information and send it to Li Yun's mailbox. At the same time, he tried to ask: "Li Yun, have you guessed something?"

Li Yun nodded, "It doesn't have to be what I think, maybe there are other possibilities."

"So what's the guess?"

"These monsters weren't domesticated by people of six sects!"

"Huh? What do you mean!?" Liao Hua asked immediately, with an unknown premonition in his heart.

"Meaning, such monsters are naturally generated!"

Liao Hua opened his mouth in shock, "How... maybe."

The two were silent for a while, and Fang Xue and Li Feng who were arguing also stopped and looked at him from the other side of the bath.

Li Yun glanced at their flawless, white and beautiful bodies, and itchy in his heart, he immediately had the intention to hang up, and quickly said to Liao Hua: "I am not sure if this is the case, I can only say that there is a probability! Okay! I'll talk later and hang up."

After speaking, Li Yun hung up the phone, threw the phone to the side of the bath, moved his feet, and swam in front of the two beauties like a big fish, and hugged one triumphantly.

"Ah!!!"

"Bad guy, I just wanted to bully us just after putting down the phone!"

The two girls smiled and avoided. Li Yun chased after him with a smile. The three fluttered in the bath. Under the moonlight of Taihuang Mountain, the beautiful scenery and the beautiful women formed a perfect picture.

He didn't know if Fang Xue was finally tired after playing for half an hour or an hour. He stretched out his little feet and kicked Li Yun away, then swam to the shore, picked up a bottle of milk on the low table and took a sip to moisturize his throat.

"Don't play anymore?" Li Yun hugged another beautiful lady, and the three of them leaned against the bath to watch the scenery. Li Yun, who hugged from left to right, was naturally uncomfortable.

"Play with you big-headed ghost~~"

Fang Xue gave him a coquettish eye, "So many things have happened tonight, and you, the big pervert, are still thinking about playing... We, men, for so long." Her face was red, biting the blush. Lips said: "Don't look at what time it is now, huh~!"

Li Yun smiled, and Li Feng became curious: "Little Baixue, where did you go just now? Why did I hear a loud tiger cry, and I heard my brother's cry, what happened?"

Fang Xue's face was embarrassed, what should she say? Whether it is a huge white tiger monster, or a tiger monster monster that broke his stomach later, or Li Yun's wonderful spells, they are all incredible things, and they will not be able to tell for a while.

Li Yun smiled slightly, without so much worries, and briefly described what happened just now.

"..."

Chapter 1964: God Fox Repays Grace

Li Feng gave him a weird look: "Bad brother, are you sure you didn't lie to me?"

"Sister, don't you believe me?"

"It's not unbelievable, it's just..."

"Hmph, you don't believe me, your brother, it seems it won't work if you don't give you some punishment!"

Li Yun stepped forward with a smirk and used his power to suppress the heavens and worlds. It took eight minutes to finally convince Li Feng to believe his words. The process was so exhausted that Fang Xue was blushing anyway.

After the temporary end, Li Yun said contentedly: "The matter has not developed to the point where it is irreversible, and there may be more monsters, but in the face of modern weapons, I don't need to worry too much for the time being."

No one knows what the future will be, so Li Yun can only talk about it temporarily.

Fang Xue frowned her eyebrows with a worried look. She forgot her current state and walked out of the bath directly, went outside and got her mobile phone back, and walked into the bath again.

Li Yun: "..."

His terrible fire is about to explode again, and his girlfriend's perfect figure is shown, and he walks around in front of him. Who can stand it!

"No nonsense!"

Fang Xue saw what the bad guy wanted to do, and gave a fierce warning, and slumped in the bath water to play with her mobile phone: "I have to do business now, hum, there are so many monsters, there will definitely be a lot of people on the Internet. Discuss, I'm looking for a definitive report!"

Li Yun couldn't laugh or cry. He also took a look at his phone and found that Liao Hua's documents had been sent.

"On May 15, in Anma City, Western Yunnan Province, a huge wild boar (3.5 meters in length, two meters in height, and weighing more than 1 ton) walked out of the forest, ate the vegetable garden and injured seven people [with report] , Anma City dispatched three teams of armed police, using ten powerful sniper rifles to fire a hundred shots in a row, plus a submachine gun, and successfully killed the pig demon."

The corner of Li Yun's mouth twitched.

The powerful sniper rifle fired a hundred rounds of bullets, and a tank with almost the thickness of the armor could explode. This boar can withstand it, and it will take a round of submachine gun shooting to kill it?

Is there such an exaggerated boar on the earth?

This is almost certainly a pig demon!

Speaking of the pig demon, Li Yun thought of Zhu Bajie, but there seems to be no Journey to the West in this world, and the five-person group is naturally not well-known—they have their names, but few people know it.

"Bad guy, come and see this!"

Fang Xue, who was lying on his stomach, suddenly became happy and took the initiative to call him over.

Li Yun took a look in the past, "Taihuang Mountain is surprised by the fox repaying his favor?"

"Hmm!" Fang Xue nodded excitedly: "It's in Taihuang Mountain, and there are photos. I think it's like a monster making trouble. Look, there are photos below!"

Fang Xue pulled down the screen a bit, and there was indeed a picture of a so-called fox demon. The picture quality was not very clear. You can vaguely see a fiery red fox standing on a branch of a big tree under the moonlight. Facing the sky, make a fist and bow down.

It seems to be worshipping the moon, praying for the moon to shine, so as to increase the demon power.

"strangeness."

Li Yun touched his chin. After Li Feng recovered, he leaned over to look at him. Hearing this, he asked, "What's strange? Are there so many monsters?"

"No." Li Yun pointed to Fang Xue's phone screen and said, "I'm just wondering why this picture happens to be so beautiful. Look, the moonlight, the fox demon, bowing with fists, etc., are so perfect as to pose. It's the same!"

The two women were taken aback, and then carefully thought about it. This photo of the so-called fox demon is indeed too perfect.

Chapter 1965: Difficult to distinguish between true and false

"Of course it is not ruled out that it is a real coincidence." Li Yun smiled slightly: "After all, only the right mysterious photos will circulate. By the way, look at what the post says?"

Fang Xue lowered her head and swiped the screen, and concluded: "The owner of the post said that he rescued a little fox half a year ago and helped him bandage his wounds. After that, the fox returned to the mountains and forests. You can find some well-picked fruits at the door of your house, and occasionally some animals such as rabbits and mice.

He thought it was very strange. One night he stared out from the crack of the door. At three or four o'clock in the middle of the night, he saw a small red fox carrying a rabbit to his door... and this little one The fox is the one he saved before! "

Li Feng couldn't help laughing: "It feels so fake!"

"Fake? I don't think!"

As the Colonel Fang who has seen tiger monsters with his own eyes, she is obsessed with monsters now.

Li Yun smiled and said, "Xiaoxue, is this fox monster a male or a female?"

The two women looked at her together, their eyes shocked.

Li Yun's expression was innocent: "What do you think? I mean, if the owner of the post indicates that it is a female fox, then the probability of being a fake will be greater."

After all, no matter what time, the vixen always catches the eye, if you say the male vixen, the netizens who read the post must scold you to death!

Fang Xue lowered her head and glanced at her phone again, with a strange expression on her face, "It's really a female fox."

"The probability is false."

"Woo~" Fang Xue said discouragedly: "Then let's go see it? It's hard to come and travel, I still want to go to the field for research."

Li Yun couldn't laugh or cry, "I was so scared by the tiger demon that I couldn't walk, Xiaoxue, why are you so curious again?"

"Huh~"

Fang Xue blushed and did not say that she actually liked the feeling of going on adventures with Li Yun.

Li Yun paused and was about to speak when the system prompt came.

"Ding, trigger the option event, please choose from the host:

Option 1: Go to investigate the true and false of the **** fox repaying favor, and bring Xue and Li Feng, reward experience value + 1 million, free attribute points + 2000, Fang Xue and Li Feng special physique pill*1.

Option 2: Investigate alone, reward experience value +500,000, white gift bag*2.

Option three: Ignore, continue with the two women Hu Tianhudi in the presidential suite, Tianshen Pavilion, reward: BizFlies skill upgrade. "

Three flying wings...

Li Yun almost didn't vomit blood, this bonus skill when the favorability is full, the dare to love system has not forgotten.

"Why don't you go?" Seeing Li Yun's delay in agreeing, Fang Xue rose up and shook Li Yun's arm back and forth.

She is actually looking forward to going on an adventure with him.

Which man can stand up to the smooth and soft feeling?

Less than three seconds after being hugged by his girlfriend, Li Yun raised his hand and surrendered: "Go, of course! But..."

"Okay~" Fang Xue smiled and turned to Li Feng and said, "Tomorrow, Xiao Fengfeng, you too, hum, let you see what a real monster is like."

"Okay." Li Feng agreed with a smile.

Li Yun looked embarrassed, "I haven't finished speaking yet."

Fang Xue gave him a coquettish white eye, stretched out her hand to close her hair, her small face coexisted with shame and flattery, and said, "I don't know what you villain think? Huh~, forget it, give it to you. The reward."

After speaking, Fang Xue dived into the water, and Li Yun's eyes widened suddenly, almost unable to stand.

The night is actually not long.

Chapter 1966: Downhill

The reason why it is not long is simple. One night later, Li Yun was still a virgin, and Fang Xue and Li Feng hadn't sacrificed themselves. The three of them slept with the air conditioner after taking a shower.

So one night passed, the three of them didn't grow much, ahem!

Wake up in the morning, Li Yun put on a nightgown and took a cup of tea to the balcony.

The air in Taihuang Mountain in the early morning is very fresh, and birds are calling everywhere. Standing at the 2,500-meter-high Shenqi Hotel, look down. The overlapping and heavy mountains near Taihuang Mountain are supplemented by pine and boulders. The contrast of clouds makes Taihuang Mountain look more magnificent and magnificent. It really deserves to be the first of the most famous mountains in the world.

"Li Yun~~"

Fang Xue's soft shout came from inside the house. It should be that after she got up and found that besides Li Feng, she couldn't find Li Yun, and she gave a little panic.

"Here, two lazy pigs, it's time to get up!"

Li Yun smiled and walked back.

At nine o'clock in the morning, the two people who had breakfast in the hotel began to walk to the top of the mountain.

After spending two hours touring the top of Taihuang Mountain, he returned to the hotel for lunch. After a two-hour rest, the three went to the cable car point near the hotel.

Ready to descend.

"Bad, do you think there are really fox monsters?" Fang Xue couldn't bear the excitement in his heart, and was uneasy after getting on the cable car.

The cable car is a closed car, which can seat about 4-6 people, but Li Yun dared to pack one directly so that no one can see even if he does something in the cable car.

—There are windows in the upper part of the cable car, but the lower part is blocked by iron sheets. Besides, many couples are excited to kiss when looking at the scenery.

Seeing a couple kissing in a cable car in front of him, Li Yun was a little moved. As a result, he was pinched by Fang Xue as soon as he wanted to do something: "What are you thinking about? Bad guy~!"

Li Yun... endure it!

"If there is a tiger demon, there will be a fox demon, but whether it is true or not, you have to look at it on the spot to know."

"I know you would say that, anyway, I guess it's true!"

Li Yun smiled without saying a word, pointing to the outside and said: "Rather than expecting the fox demon, it is better to enjoy the scenery below your feet."

".....Ok."

Fang Xue finally calmed down and began to appreciate the scenery along the way.

In fact, the cable car has advantages and disadvantages.

The advantage is that it is convenient for those who are physically exhausted or who do not have much time to climb the mountain to travel; but there are many disadvantages. The most important thing is that the construction of a cable car will destroy the integrity of the famous mountain and historic sites, especially for Taihuang Mountain, which has a strong historical and cultural atmosphere. For the famous mountain, riding the cable car up and down the mountain seems extremely disrespectful to Mount Tai.

Li Yun thinks that this thing belongs to the benevolent, the wise and the wise.

Fifteen minutes later, when the cable car reached the foot of the mountain, Li Yun took the two women towards the other side of Taihuang Mountain.

The person who posted the post was in a place called Huangxi Village at the foot of Mount Taihuang. There are many forests near Mount Taihuang. From time to time, wild beasts and animals ran out. The fox also lived in the forest and was found and taken home by the poster.

"Huangxi Village is here."

Li Yun looked at an ordinary village ahead and said to the two women.

There is nothing special about the village. The floors are generally around three floors, with cement roads, and many villagers have built rural villas. It seems that they have made a lot of money because they are close to the foot of Taihuang Mountain.

"Shall we go in directly?" Fang Xue asked.

Chapter 1967: Huangxi Village

"Go straight in, why not?" Li Yun calmly walked along the concrete road, Fang Xue followed and mumbled: "I'm afraid of monsters, don't you know that I am weak, just rely on you Protection."

Li Feng covered her mouth and chuckled, her girlfriend...no, her sister-in-law is quite cute.

Li Feng originally thought that Li Yun would comfort her, but Li Yun nodded solemnly: "According to legend, foxes usually appear at night, and then show a beautiful appearance, hacking away the soul and essence of men. That's what the so-called foxes mean! "

"Ah? Isn't the man in this village very dangerous?"

"Yes, it's just as dangerous as me."

"?"

"I was also bewildered by the fox finishing all day."

"?"

Fang Xue was puzzled at first, then she thought of something, angrily stretched out her hands and twisted Li Yun's ears: "You actually said that I am a fox?"

"Hahaha, Xiaoxue, you look pretty!"

"You, you, you, don't run, let's see how this vixen cleans you up!"

The two were joking around on the concrete pavement leading to the village, followed by a gentle big sister watching them, and the two beautiful women successfully attracted the attention of the villagers passing by.

"Big girl, are you looking for a room to live in?" Before the three of them arrived at the entrance of the village, an aunt-like woman greeted him with a smile and asked Li Feng.

The so-called "backing on the mountain, eating the mountain, relying on the water" to draw water, the people of Huangxi Village, which is close to Taihuang Mountain, naturally rely on Taihuang Mountain for food. No, many country houses are one way to make money.

Accommodation on Taihuang Mountain is very expensive, and it is far from the city, so the bed and breakfast at the foot of the mountain has become a good choice. Many villagers even go to the foot of Taihuang Mountain to drop guests.

"We have a unique homestay!" The aunt said again: "The guests who have stayed are full of praise, and we also provide a morning wake-up service. We are sure that you will be able to take the cable car up the mountain early tomorrow morning to catch up with Kantai. Sunrise on the top of Huangshan Mountain! Oh, you don't know, the sunrise on the top of Taihuang Mountain is so beautiful, I am sure you are satisfied!"

The aunt is skilled in business, and the three of them can't even talk.

Li Feng waited patiently for her to finish, then said with a gentle smile: "Auntie, we are not here to stay."

After she stayed in the presidential suite Tianshen Pavilion that Li Yun booked for one night, the God Realm was invisibly elevated, and she had no interest in the so-called characteristic homestays.

"Oh..." The aunt was very disappointed, but Li Feng's next sentence made her eyes suddenly shine.

"You are here to find the fox monster?!"

The aunt became happy again, and took Li Feng's hand and walked forward: "That's a coincidence. Don't believe me, the white fox monster was saved by my son! But it's not coming and coming. If you want to see it with your own eyes, I'm afraid you will stay longer."

"Isn't it the red fox monster?" Fang Xue asked her in surprise.

The aunt's expression froze, but she quickly reacted, "White and red are almost the same, they are all foxes!"

How can it be about the same! !

Fang Xue wanted to make a serious excuse, considering that the other party was the mother of the poster, so she gave up on this idea.

Li Yun smiled and didn't speak. After he made a choice last night, the system gave a reward. Fang Xue and Li Feng also ate their exclusive physique pill, which strengthened their physical fitness a lot, and they were close to the acquired state. The cultivation base will soon be available for the acquired treasures.

"Here, this is my home!"

The three of them followed the aunt in Huangxi Village and stopped in front of a five-story building on the edge of the village.

Chapter 1968: People in the Dragon and Phoenix, Ma Zhong Lu Bu

The homesteads in the rural areas are very large, plus the height of a five-story building, and there are many rooms. Li Yun knew at a glance that this building was built for rent as a guest house.

Moreover, several small cars parked in front of the door, which proved Li Yun's conjecture: these cars should all belong to the guests.

"Come on, Auntie will register for you!"

The aunt enthusiastically brought the three of Li Yun to the downstairs, and Fang Xue said embarrassedly: "Auntie, we don't stay, really! Let's take a look at what that fox demon looks like."

"Oh, look at what you said!" The aunt slapped her thigh, "The monster fox rescued by my son will only come at night. If you don't stay, how do you look at the monster fox? Don't worry, it is absolutely safe here. Our village There are special night patrols to prevent petty theft by foreign tourists!"

Fang Xue opened her mouth, unable to speak.

The aunt said again: "Besides, the accommodation conditions in my house are absolutely good in the village. Don't lie to you, just the three of you—" She paused and said with a mysterious smile: "You can live in a room on the fourth floor. There are VIP suites!"

Fang Xue's little face blushed, "Me and this guy..."

"Haha, don't be shy, little girl. Aunt I am here. You can see that your relationship is very close, but rest assured, I know you young people have fun. Aunt promises not to say anything!"

Fang Xue and Li Feng looked at each other, there was nothing to say, this aunt completely blocked the conversation.

Li Yun smiled and said: "Then open a VIP suite, can you transfer money with your mobile phone?"

"Yes, of course!"

The aunt's eyes lit up, and she said to Li Yun with joy: "At a glance, the aunt can see that you are a young man from an extraordinary background. You must belong to the dragon and phoenix of the people, and Lu Bu Ma Zhong, otherwise you won't be traveling with your two girlfriends, right? ?"

"Mazhong Lu Bu?"

The three of them almost didn't fall, what's all this about!

"Mom, who are these two beautiful women?"

Li Yun and the three were about to go upstairs with the aunt, a young man came out from the second floor, and they looked at Fang Xue and the others with glowing eyes.

It is human nature to see beautiful women, not to mention big beautiful women. As the young man shouted, their heads came out from the third floor, fourth floor, and fifth floor. After seeing Fang Xue and Li Feng, everyone felt that they were in front of them. Yiliang.

These are two top beauties with at least 9 points, no worse than those first-line stars.

"Humph!"

Fang Xue showed dissatisfaction, her aunt stiffened when she heard the words, she raised her head and shouted at the upstairs: "Smelly boy, you haven't seen a beautiful woman? This is our guest. What are you shouting? No rules, not happy. Apologize to others!"

The young man didn't care, and murmured: "What's wrong with me just yelling for the beauty? Forget it, I'm sorry for the beauty, welcome to come to my house, by the way, you guys also come to see the fox demon? Hey, maybe you won't come tonight, You have to stay a few more nights!"

Fang Xue frowned and didn't say much.

Li Yun said lightly: "It depends on the situation, we are indeed looking at what is going on with the fox demon, but it's not obligatory to look at it."

The aunt became anxious when she heard it, and urged: "Let's not talk about it. Let's stay here tonight. Come here, the aunt will register for you. Seeing that you are all young college students, the aunt will give you a discounted price of 5% off. !"

Li Feng glanced at her, and said that my brother's million-dollar presidential suite would open as soon as he said it. Is there still half a discount for you?

Chapter 1969: Huang Changye

On the second floor, Li Yun came to the registration office of the aunt's house. In this five-story building, the first floor is the kitchen and parking garage, the second floor is where the aunt's family lives, and the third, fourth, and fifth floors are the homestays.

There are a total of four people in the aunt's family. She always sets up a stall or works as a tour guide at Mount Taihuang. His daughter studies outside and his son helps at home. That is the young man who spoke just now, named Huang Changye, but Li Yun estimates that he is also idle. .

"Beauty, are you lucky enough to know your name?"

After seeing Fang Xue, Huang Changye was like a cat smelling a fishy smell. He kept coming up, and hinted that he had money and he could earn hundreds of dollars a day by opening a homestay. In the future, his wife would not have to do anything and count the money at home. That's it!

Fang Xue's forehead was full of black lines, and she glanced at her boyfriend, the villain smiled and said nothing, and didn't mean to relieve her at all.

"Your name is Huang Changye?" Fang Xue put on the style of the eldest lady, and said with a bit of momentum: "Do you know how much my family's annual income was last year?"

Huang Changye was visibly stunned. After looking at Fang Xue carefully, he found that her noble temperament and the obviously very high-end clothes made her expression a little unnatural:

"Beauty, is your home...?"

"Humph!"

Fang Xue pointed to Li Feng who was also smiling, "Do you know who she is?"

Huang Changye was stunned again.

"I don't know, right?" Fang Xue chuckled: "But you only need to know one thing, me, and this girl who looks very ~~sao...Uh, very beautiful girls, they are both his girlfriends! "

Li Feng pinched his best friend, this guy just wanted to say that he was very sao, right? Where is she sao! ?

After looking at Li Yun in awe, Huang Changye finally closed his mouth.

He who opened a homestay at the foot of Taihuang Mountain was not like a boss who brought many women to play with, but he had never seen such beautiful girls as Fang Xue and Li Feng.

I have never seen a son-in-law who can have two such beautiful girls as girlfriends at the same time.

Beautiful women are a scarce resource, and being able to hug left and right at the same time is enough to prove that Li Yun has an extraordinary background and a noble status. He is likely to be the young master of a boss with a net worth of more than 100 million and cannot easily be offended.

"Smelly boy! Let you talk nonsense, now you know it's wrong?" The aunt who pretended to register at the table stretched out her hand and knocked on Huang Changye's head.

Li Yun smiled at this.

This aunt probably wants to hug her grandson too, so she lets her son go to talk to the beauties, presumably she is also very satisfied with being a daughter-in-law of a beautiful girl like Xue Xue.

Unfortunately, this wishful thinking is destined to fail.

After registering, the aunt will lead Li Yun to the VIP suite on the 4th floor that is worth 2,000 yuan a night. At this time, two confessions walked outside the door, one holding a microphone in the front and a camera in the back.

"Uh!"

Li Yun's mouth twitched. Why are there reporters wherever he goes? During the college entrance examination days, reporters stopped him every day, which made Li Yun annoyed to see reporters now.

"Hello, you guys!"

The female reporter holding the microphone was obviously surprised by Fang Xue's beauty and temperament. She looked at her with a little surprise, "Excuse me, this classmate, are you also coming to Huangxi Village to see the **** fox repaying favor with your own eyes?" "

Gao Xiaoxiao is an intern reporter, not enough to abbot some important programs. It happened that there was no news recently, so the station sent her and a cameraman to Huangxi Village to learn more about the shooting of the so-called **** fox repaying kindness. .

The station is planning to make a program similar to "Into Science", for example: Why do hundreds of female donkeys scream in the middle of the night? The old nun's door was knocked every night, is it a man or a ghost?

and many more.

Chapter 1970: Reporter Gao Xiaoxiao

God fox repaying kindness is a good theme, or the vixen and humans perform a thousand-year-old love. Or it is simply that this family is blind and regards the light of Taihuang Mountain in the distance as a red fox.

Anyway, as long as it is a hot spot, it can be made into a program. Many local TV stations invite some grassroots Internet celebrities to show on the so-called deep dive, which is actually for traffic.

"Well, yes." Perhaps because the reporter is also a woman, Fang Xue's attitude is much better.

"May I have an interview?"

"Uh...if it's not long, you can."

"Great! Thank you!"

The reporter Gao Xiaoxiao showed a smile. No matter how the show is done, at least there are big beauties like Fang Xue on the scene, this trip to Huangxi Village will not be in vain.

Are the two 9-point beauties not eye-catching enough?

The cameraman was also excited, and the camera was set up in twos or twos, and he gave Gao Xiaoxiao an ok gesture.

Li Yun held his forehead with his hand, and he couldn't refuse it. After all, his girlfriend is now preparing for an interview with great interest, and he is obviously looking forward to going on TV.

"Beauty reporter!"

Huang Changye came up with a cheeky, "How can I say I saved the demon fox, will it be better for me to appear together later?"

Holding the microphone, Gao Xiaoxiao suddenly became embarrassed. After taking a serious look at his face, he still shook his head and said: "It's not very good...Uh, I don't mean anything else, I

just said that the program effect is not very good, if it is Li Yun It's okay for your husband to appear together."

Huang Changye was dumbfounded. Doesn't it mean that he is too ugly, standing next to the big beauty like a toad, the impression is too bad.

Fang Xue and Li Feng looked at each other, and the two women laughed together.

The interview soon began. At Fang Xue's request, Li Yun sat among the three, with a feeling of hugging left and right, which made the cameraman's eyes blush.

"Hello, three classmates." Gao Xiaoxiao had already prepared the question and asked directly: "How do you know that the **** fox repays the favor?"

"Mainly after the college entrance examination, we want to travel..." Fang Xue calmly replied. If she was three days ago, she might still have stage fright facing the camera and reporters, just like Li Feng now, showing nervousness. Expressions.

But after exploring the Taoist temple at night with Li Yun last night, and confronting the Tiger Demon Empress again, Fang Xue has matured a lot, and his psychological endurance has been greatly improved.

Humans, they always have to experience something before they truly mature.

This is actually the reason why young people from good families can perform better than their classmates from the countryside in the same university.

—If you have been in and out of high-end venues since you were young, you have met many elites, or even visited all over the world, and you are well-informed, you will also perform better than your peers!

"what!"

Hearing the college entrance examination, Gao Xiaoxiao suddenly thought of something. A pair of eyes looked at Li Yun in surprise: "I remember, aren't you the super genius Li Yun who finished the seven sets of college entrance examination papers in one day?!"

Everyone looked over in shock.

Li Yun smiled bitterly, shrugging his shoulders, or was recognized.

"Sure enough, it's you!"

Gao Xiaoxiao became excited and turned the topic to Li Yunhe's live broadcast a few days ago: "I heard that classmate Li Yun received 10 million gifts during the live broadcast. Is it true?"
