Chapter 1981: Dialogue with the vixen (middle)

And that little fox also looked at Fang Xue with big curious eyes, with an indescribable look, making Fang Daxiaohua very want to reach out and rub it~!

"Little Fox."

Li Yun smiled lightly, stretched out his hand to pluck one of the grape clusters in the plate, and after looking at it, put it directly in his mouth, chewed and tasted, full of sweet juice, "Where did you get this grape? It won't be 'Steal it, right?'"

Li Yun focused on the aggravated tone of the word stealing, the red fox suddenly became anxious, his tail flicked and wailed, and he waved his left palm as if to explain that he was not stealing, but picking things from the wild!

"It's really not stealing?"

Nod.

"Are there grapes in the wild?"

Nodding frantically.

"So, it seems that you are a good fox, little fox!" Li Yun laughed.

"Woo~~~!"

The little fox looked very happy, his fluffy red tail wagging up and down, and his big eyes narrowed.

The audience, as well as the audience in the live broadcast room, were all stunned.

This fox is just like a real spirit, answering people's questions well, and without any wildness. As long as you have a good conversation with it, this fox seems to be happy to communicate with people!

The cameraman's lens has been facing the red fox. The cameraman was so excited when he saw such a precious picture, he urged Gao Xiaoxiao to quickly explain on the spot, so that the post-editing would be more realistic!

Gao Xiaoxiao was equally excited, and her voice trembled with excitement: "We saw that the protagonist of the **** fox repaying his favor-that little fox is not only cute, but also very human, with a very high IQ... Is this the true nature of the vixen as the ancients said? mean?"

"Hi, Xiaohong, do you remember me?"

Seeing that the little fox is indeed not aggressive, Huang Changye got bolder again. After shouting to the live broadcast room that the old guys are optimistic, he bit his head and moved forward.

Xiao Hong glanced at him, then looked down at the snacks and other fruits on the table, flicked his tail, and didn't know what it meant.

Huang Changye suddenly became a little embarrassed, and he couldn't hold on to it!

There was a hint of enlightenment flashing in Li Yun's eyes, and things seemed to be different from what he had thought before.

At the very beginning, Li Yun thought that the so-called sacred fox repaying his favor was a fake. When he came to Huangxi Village, he probably didn't even see the shadow of the fox.

In the end, I really saw that Li Yun was beaten in the face once.

But now it seems that the truthfulness of the repaying of the gods and foxes...is questionable!

"Little Fox!"

Li Yun picked another grape from the grapes he brought and ate it, then pointed to the desserts and watermelon on the table, and said, "You can eat these too."

Everyone looked at it in surprise, didn't they? This fox is obviously here to repay his gratitude, and he also brought something special. Why did you let him eat food instead of the top pick in the college entrance examination?

"Does the little fox eat?" Fang Xue asked questioningly, and Li Feng was also a little curious. This little fox is so cute, and the way he eats must be cute too, right?

"Woo~?"

In the eyes of everyone, the flaming red fox did not lower his head to eat, but only asked Li Yun with a suspicious (incorrect, indeed the fox's suspicion).

"Eat, east, west!" Li Yun emphasized again, "watermelon, pastries, sweets, all you can eat!"

"Brother, don't worry about it!"

Huang Changye got courageous and stepped forward and pointed at the fox with the camera of his mobile phone: "Xiaohong is here to repay his gratitude. It must have been full before coming, right? Xiaohong!"

Chapter 1982: Dialogue with the vixen (part 2)

"That's not necessarily." Li Yun smiled slightly: "Besides, is this fox really here to repay his favor?"

Everyone was stunned, this fox didn't come to repay his favor, so why did it come? Just brought a bunch of grapes?

"Just kidding!"

Huang Changye's expression became very unnatural, and he said stiffly, "Brother Xue Shen, you have also seen that, Xiao Hong brought grapes to me in return. What is it that is not God's fox repaying favor? Which foxes in the wild can only do this? What? Right, Xiao Hong!"

As he said, he tentatively reached out his hand and slowly touched the body of the red fox.

As long as it can be touched, it can prove that the **** fox repays the favor is true! Shenhu is really close to him!

"Little red boy, let's let your little yellow brother touch it, just like I saved you before!"

His hands were getting closer, Huang Changye looked excited and nervous, and the audience in the live broadcast room swept the screen frantically.

And the little red, still squatting on the table, looked at him curiously with a pair of fox eyes.

It seems...really don't avoid it?

Holding the microphone, Gao Xiaoxiao's voice trembled with excitement: "It's true, it's a **** and fox repaying kindness! Some of the weird and weird stories about repaying kindness recorded in Strange Tales from a Lonely Studio are actually true!"

"Take it, it's all taken!" The cameraman flushed with excitement, and he began to fantasize about himself as a photographer who took pictures of the fox's repaying his favor, and his name goes down in history.

This is definitely a memorable scene!

"Xiaohong, be good~!" As the protagonist of the **** fox repaying his favor, Huang Changye is naturally the most excited one. His hand is approaching Li Yun little by little, while the sour gaze of a group of girls such as Fang Xue and Li Feng, Just a little bit can touch the soft red hair of the little fox.

Really, just a little bit!

"Ouch!!"

The little fox flicked his tail, and Huang Changye screamed in pain. He couldn't help but stepped back several steps, and sat on the ground.

The mobile phone also fell to the ground, making the audience in the live room just as dumbfounded as everyone at the scene.

"My Cao?"

"23333, what about the **** fox repaying the favor?"

"The **** fox is not fake, it's hard to say repaying gratitude."

"Big liar anchor, crawl!"

"Little fox played well!"

"Learning God is still awesome, you can tell at a glance that this anchor is lying!"

"How did Yun Xueshen see it?"

A smile appeared at the corner of Li Yun's mouth, and he looked at Huang Changye and said, "It seems that your relationship with the little fox is not very good. He doesn't let you get close."

Fang Xue suddenly realized it and glanced at him contemptuously: "You must have made up what the **** fox repays your gratitude. If you rescued the little fox, you must have touched its body. There is no reason why it should not be touched by you."

Everyone's mocking eyes made Huang Changye's face blush for a while, but his mouth was still stiff, and he resolutely refused to admit: "Who, who is not repaying the favor? Didn't you see it come with a bunch of grapes? Besides, this fox is Mother, I'm a male, of course she won't touch me!"

"Male? Are you a male fox!"

Everyone almost laughed, saying that they were beasts, but it was the first time they saw each other.

Li Yun said: "The little fox does not necessarily bring grapes to repay his favor."

"Then what are you talking about?!" Huang Changye said, causing the audience in the live broadcast room to scream, dare to be rude to Yun Xueshen?

"Come to the market."

"Hurry up...Ji?!"

Not to mention that Huang Changye was shocked. The crowds onlookers and the people in the live broadcast room all typed "???" one by one.

Chapter 1983: Foxes going to the market

"What the **** is going to the fair?"

"Is the fox going to the market? 233"

"Wait, what Xue Shen said is going to the fair, really is going to the fair in the countryside, the purpose is to buy and sell things?"

Fang Xue vaguely understood something, grabbed Li Yun's shoulder, and asked with great surprise: "Husband, you are talking about going to the market, you mean that the little fox brought grapes to exchange things?!"

"what?!"

Everyone's eyes widened, and the reporter Gao Xiaoxiao was even more unbelievable. This is even more outrageous than the repaying of the fox!

Li Yun pointed to the dim sum on the table, picked up a grape, and pushed the dim sum to the little fox at the same time: "You eat, this is trade, sale, exchange, swap... can you understand it?"

He deliberately used a few nouns to explain it, but the fox really understood it.

"Wow~"

The little fox screamed happily, lowered his head to bite a small piece of cake, chewed a few times in his mouth, and swallowed it directly!

Immediately afterwards, he looked at Li Yun with excitement.

"All of these can be eaten!"

Li Yun pointed to the thing on the table, said with a smile, and at the same time picked up the grapes it had brought, and gave it to Fang Xue and Li Feng, and then to Huang Changye and the onlookers in the distance to eat them separately. The grapes.

Everyone was stupid, put the ripe grapes in their mouths and ate them.

"good to eat!"

"Uuuuu, I actually ate the grapes brought by the **** fox!"

"too delicious!"

Everyone admired again and again, Gao Xiaoxiao and the cameraman worked together to film this scene, and both of them were very excited.

The little fox watched without blinking the crowd eating the grapes it brought, and then screamed for cheers, walked around the table wantonly, and began to taste these human things.

Li Yun laughed loudly. "The little guy is greedy, right? He really is a well-behaved vixen who knows how to be polite and obey the rules!"

He saw the little fox's eyes looking down several times before, and now it seems that he is really looking for things that he can't eat in the wild.

"So cute~~~! Oh, how can it be so cute!"

Fang Da's school flower has become a ruthless "so cute" machine. He tried to touch the little guy several times, but was afraid that its tail would be thrown over.

Everyone watched the fox walking around on the table with stunned eyes. His appetite was not big, but everything was bitten by him.

From watermelons, oranges, to steamed cakes, peanuts, sweets, even the chopsticks in the bowl were curiously scratched.

It's just like a human child who is three or four years old!

Li Yun moved in his heart and pointed to the chopsticks and said, "This is the chopsticks."

"Wow?" The little fox looked at him. Li Yun stretched out his hand in front of him, picked up the chopsticks, and took the chopsticks to eat normally. Moreover, Li Yun also picked up a small piece of cake with his chopsticks and handed it to it. It's mouth.

"Eat!"

As a result, the little fox really ate it, naughty biting the chopsticks, and snatching it from Li Yun's hand. His two front paws also wanted to try what it was like to pick up the chopsticks by himself.

It is a pity that it is a fox after all. Its claws are sharp, but it is impossible to be as flexible as the five fingers of humans-the five fingers with distinct joints of humans have too obvious advantages in manufacturing tools.

The little fox quickly noticed this, and put the chopsticks back on the plate in frustration. Its dejected look made everyone exclaimed again.

"God this fox!"

"The legendary vixen is nothing more than this, right?"

"Smarter than my four-year-old child!"

"Ahhhh, I really want to take care of it and go home!"

Chapter 1984: teach

But the little fox quickly picked up his spirits, raised his front paws and pointed to a bunch of grapes on the table-not the bunch it brought, but Huang Changye's family.

Everyone didn't understand, so they thought it was regretting giving them something to eat.

Li Yun guessed what the fox meant, and said with a smile: "This is grapes!"

"Woo~~"

The little fox shook his tail happily, and pointed at the watermelon that was cut into three slices.

"watermelon!"

"Ooooooooo~~"

"tangerinr!"

"Chopsticks!"

"Apple!"

Li Yun pointed out the names of these things one by one, and the whole body of the fiery-red little fox became more and more happy, as you can see from its wagging tail that quickly turned into a shadow.

Everyone was numb with shock, and now this fox just spoke directly, and they were not surprised!

"Come, shake hands."

After Li Yun's introduction, he smiled and stretched out his right palm to the little fox. Everyone lifted their spirits. They all looked at Li Yun's hand and the fox to see if he wanted to get close to humans.

"Wow?"

The little fox was puzzled at first. After Li Yun emphasized another handshake, he finally raised his right front paw and slowly put it down towards Li Yun's hand.

"Isn't it?"

"My Cao?!"

"real?!"

"Yunxue is awesome!"

The audience in the live broadcast room exploded. They saw the little fox showing off his power and stripping a big man naked. Now they can't think of seeing another historic scene: the fox shakes hands with humans!

"Crack!"

The videographer couldn't bear it, took out a special camera, and filmed the scene.

Fang Xue's eyes lit up, her hands covering her face and screaming, she couldn't help but want to hug the little fox!

"very good!"

Li Yun held the fleshy paws of the little fox and nodded in satisfaction. At this moment, the reward of the system came.

"Ding, the host makes a choice to play with this little fox (hia), reward skills: burst of love (make girls who love small animals, or fairies more likely to like the host

At the same time, another event was triggered.

"Ding, trigger the option event, please choose from the host:

Option 1: Tame the little fox, reward experience value +2 million, all attributes +1300, golden gift bag*1.

Option 2: Impress the little fox and let it become a domestic pet voluntarily, rewarding experience value +2.5 million, all attributes +1500, golden gift bag*1, blue gift bag*2.

Option 3: Let it return to nature, no reward. "

Looking at the two almost identical options, Li Yun had an idea in mind.

"Little fox, do you want to follow me in the future?"

Li Yun touched the fox's little head, and Fang Xue's eyes lit up. This is what she was waiting for!

"Wow~!"

Naturally, the wild little fox can't be easily touched by humans. It jumps up, its small body moves like a rabbit, swift as the wind, and avoids Li Yun's hand like a red lightning.

"Ah."

Li Yun gave a chuckle, grabbed the little fox in mid-air with his right hand obliquely to the right.

Everyone was shocked again. They hadn't seen what happened just now, only at the last moment they saw Xueshen stretch out his right hand and just grabbed the little fox who had jumped away.

"Ah! Catch it!" Fang Xue grabbed Li Feng's arm excitedly.

"Woo~~~!"

The little fox yelled, his voice became sharp, and his tail snapped on Li Yun's hand, becoming stronger and stronger. In the end, its fiery red tail turned into an electric fan, shaking wildly, but it was Can't get rid of the shackles of Li Yun's right hand!

Chapter 1985: tame

"Sit down obediently!"

Li Yun smiled and put the little fox back on the table, and then smoothly touched his head.

Well, the hand feel is really good. The soft red hair of the little fox is smoother and more delicate than the most advanced silk and satin. It feels like the snowy skin and jade skin of Fang Daxiaohua and others. Each has its own advantages.

"Hululu~~~!"

The little fox stood on all fours on the table, his red hairs stood upside-down, and his mouth made an angry threatening sound. The eyes of a pair of cute foxes were full of anger.

"Hahaha! Want to compare with me? Good!"

Li Yun picked up two chopsticks and moved them a few times, then pointed the root of the chopsticks at it, lifted his chin, and motioned: "Come on!"

This provocative action and tone, I believe that any animal on the earth can see it.

The little fox screamed angrily and walked up and down on the table, staring at the chopsticks in Li Yun's hands with a pair of eyes.

Seems to be looking for the right time to shoot.

"My God! What's all this unfolding?"

Everyone was shocked tonight more than they had in a year, and now they see that the college entrance examination champion is using this method to fight against the little fox, and the degree of surprise is no less than that of Sanguan being destroyed.

"Come on, husband!" Fang Xue cheered on him while holding a small pink fist, and said in her mouth: "If my husband takes the little fox home and raises it, I, I will unconditionally agree to a request from my husband!"

Li Feng looked at her in surprise, a request? Is it the kind of...

Li Yun's eyes lit up, "Okay, this is Xiaoxue, you said..."

"Wow!"

The fox wisely chose to launch an attack when Li Yun was distracted. After crawling down, he kicked his hind legs and swish rushed to Li Yun's chopsticks. The sharp nails came out, and he pressed hard against the two wooden pieces. Waved his chopsticks away.

"Little fox, games are not a good habit."

Li Yun smiled teasingly, and the two chopsticks in his hand moved slightly, staggering the little fox's fingers at a clever angle.

The little fox's reaction was also very quick, and the moment his body fell, he rushed in the opposite direction.

As a result, Li Yun escaped.

"Ooooooooo~~~!"

The little fox was very annoyed, so he just squatted up, waving his two front paws frantically, and the sharp sound of breaking through the air continued, but he couldn't catch the two nasty chopsticks!

"Huhuhu~" Soon, the little fox was so tired that he squatted down to gasp, his tongue sticking out and exhaling, a depressed expression on the fox's face.

Li Yun laughed loudly, but was glared at by Colonel Fang: "Bad guy, you are so proud of bullying the little fox!"

"Uh....."

Li Yun couldn't laugh or cry, didn't you keep saying that you want to raise a little fox? Why are you now saying that he bullied the fox?

Therefore, a woman's heart is needled in the sea, even if a woman becomes a wife.

"Then it's my turn to shoot."

Li Yun smiled and looked down at the little fox. The chopsticks in his hand moved back and forth, as if to taste some delicious food, the chopsticks slowly dropped towards the little fox's head.

As a result, the little fox's reaction was shocking again.

"Woo~~~"

The red-haired little fox hugged his head with two front paws, and shrank pitifully. He didn't dare to resist any movement of Li Yun at all, just like holding his head and squatting in defense.

"Woo, so cute!"

"I can not stand it any more!"

"I really want to raise it!"

A group of women screamed, and Fang Xue rushed up directly, hugged the poor little fox, and put her in a lot of affection.

She finally got her wish!

Chapter 1986: Accepted you

Li Yun looked embarrassed, and he was really handsome in front of cuteness. He was still the husband of Colonel Fang!

The little fox kneaded by Fang Xue wailed and fluttered wildly, trying to get rid of the bad woman's hug, but after seeing the chopsticks in Li Yun's hand, he could only hide away pitifully. , Trembling.

"So cute~ I finally caught it."

"This, this classmate, can you let me hug her?"

"Let me hug me too!"

Seeing that the little fox was surrendered, a group of people gathered around, so scared that the little fox was curled up in Fang Xueqin's body. It has regretted it now, and would rather be defeated by that powerful man than be rubbed by this group of women. pinch.

Fortunately, Fang Xue had a strong desire for dominance, and she evaded that the little fox was unwell, and that it only wanted to obey Li Yun and Li Yun's wife—that is, her, which made the women around him give up the idea of petting the little fox.

"Wow~"

The little fox began to struggle again. Fang Xue was afraid of pinching it and didn't dare to exert any effort, so she could only look at Li Yun for help.

"Well, it seems that he hasn't decided to be a pet yet."

Li Yun thought for a while, and found a fiery red fruit from the belt—a fruit from the herbal garden in Xianfu, a plant called Crimson Fruit.

Crimson fruit is naturally attached to flames, and the fruit that grows contains a faint spiritual fire, which can increase the power of flames by cultivating monks who practice fire attribute techniques. In ancient times, it may not be regarded as a fairy planting fruit, but it was placed in the age of the end Today, it is enough to be called a treasure!

Especially for the newborn fox demon, the attractiveness of this thing...destructive!

"Oooooooooo~~~!"

The little fox struggled wildly with excitement, and Fang Xue couldn't hold it, so she could only let go.

"Oooooooooo~~"

The little fox came to Li Yun with drooling, rubbing Li Yun's hand under his body, acting cute and cute. While rubbing it, he looked at Chihuoguo with pitiful eyes, and then looked at it again. Li Yun.

So cute, Fang Xue fell again.

Li Yun smiled and placed the fruit in front of the little fox, and when it was pleasantly surprised to pounce on it, he took the red fire fruit back.

"Ohhhhhhhhh~~~~~"

The little fox was about to cry.

Li Yun laughed loudly, rubbed its head with his palm, and said to it: "You will follow me as a pet, brother, I am the boss, understand?"

"Wow?"

"..."

Li Yun will grab the fur on the back of its head and lift the little fox up. The fox has become extremely well-behaved, and he does not dare to resist at all.

Li Yun put it in Fang Xueqiu, let his girlfriend knead it vigorously, then picked it up and put it in Li Fengqiu.

After doing this one by one, and after confirming that the little fox became well-behaved and docile, Li Yun nodded its little head and put the red fire fruit into its paw.

"Woo~~"

The little fox swallowed happily, and a pair of fox eyes narrowed, enjoying themselves. But the next moment, the power contained in the Scarlet Fire Fruit made it suffer.

Everyone watched it jumping up and down, barking wailing, and even wondering if Li Yun had fed it poisonous fruit.

It wasn't until the little fox screamed at the gate that a faint red light came out and hit the iron gate and dissipated, and the remaining red light illuminates the surroundings, so that everyone wakes up like a dream.

The little fox is very powerful, but the fruit that Li Yun sent out is the real treasure!

Chapter 1987: One more pet

Everyone at the scene looked at the little fox dumbfounded, and the audience in the live broadcast room was like a frying pan.

"What was it just now?"

"It seems that the little fox spit out a red light."

"sharp!"

"Hahaha, this special effect is amazing!"

"Could it be that Yun Xueshen planned the live broadcast tonight?"

"Enjoyed, 6666!"

Huang Changye wiped the cold sweat on his forehead, and said that fortunately, his mobile phone was not very clear. The red light was very blurry in the video. Otherwise, his live broadcast of the vixen fire would be enough to cause him to be involved. The department was seized and locked up in the laboratory for research and research.

"Research? No, to study is to study this fox!"

After regaining his senses, Huang Changye looked at "Xiao Hong" in horror, but saw the divine fox ran under Li Yun's feet, rubbing against him coquettishly, and wailing, his appearance was indescribably cute. , Just like your own puppy.

"Okay, stop making trouble!"

Li Yun stooped down and picked it up with one hand, and pointed its head warningly: "From now on you will follow me, don't hurt people, don't mess around, smart and obedient, well-behaved... Just do this, the fruit just now. I'll still have it for you, understand?"

The little fox screamed and nodded.

"Ding, the host convinced the little fox and made it voluntarily become a domestic pet. The reward is +2.5 million experience points, all attributes +1500, golden gift bag*1, blue gift bag*2. Additional reward: this may benefit in the future. "

Seeing the prompt from the system, Li Yun confirmed that the little fox had already become a pet fox willingly, but the additional reward of benefiting from it in the future is a bit unintelligible.

Could it be that the little fox is very qualified and can grow into a big monster?

Hey, it wasn't him who played, he really didn't like the fighting power of this little fox.

After all, Li Yun's daughter is the super boss who is truly omnipotent, like the little fox...just sell cute.

Fang Xue and Li Feng surrounded in excitement, and the four smooth little hands rubbed the little fox. The poor guy seemed to have realized his destiny as a pet in the future, shivering with fright.

"Don't frighten it." Li Yun said dumbfoundedly, which made the maternally fattening two women feel more at ease.

Li Yun turned his head and looked at the people in the distance. As a result, the group of people was scared and took a step back, seemingly afraid that his strength was different from that of ordinary people.

"Huang Changye."

Li Yun's tone was flat, "What's the matter with the little fox? You don't always say that the fox repays you?"

Huang Changye's expression stagnated, and then replied in a deflated manner: "I still can't hide from you, Brother Xuesheng, Xiaohong is indeed not here to repay him, and I have not saved it. I lied, I was wrong! Sorry everyone!"

Many people around were residents who came here because of curious foxes, but after hearing his confession, they were not too angry.

After all, they have seen the magical fox tonight, their curiosity has been satisfied, and now they want to figure out the cause and effect of the matter.

Huang Changye became more embarrassed and hesitated to tell the truth.

It turned out that Huang Changye encountered this strange fox near the village on the night of about a month ago.

At that time, it was holding a mountain fruit in its mouth. After seeing the person, instead of running away, it threw the fruit down and yelled at him.

Huang Changye looked interesting, so he communicated with him a few more times. When he tried to catch him inadvertently, the fox ran away flexibly.

Chapter 1988: Fox Xiaomeng, Fox Mengmeng

After a fight, Huang Changye panted out of exhaustion and could only go home angrily.

In the end, the fox followed him and stood by his door for a long time before leaving.

From then on, this fox appeared almost every night, and brought something with him every time.

"Then you just one day, suddenly thought that you could use the little fox to make money?" Li Yun asked.

Huang Changye nodded awkwardly: "I was thinking that this fox is so pretty and cute, and its hair is shiny and red. It is much more beautiful than the foxes raised in zoos, so I just...I swear, every visitor will see it. The little fox expressed satisfaction, I definitely did not lie!"

Satisfaction is true. The little fox is red all over, and he makes money when he sees it. If he hugs him and plays with him at will, he can squint his eyes comfortably.

Well, it's the same as the current school flower of Fang University.

"What's the matter with that picture?" Li Yun asked again. He didn't quite believe that the little fox would bow down to the moon. This little guy was not smart enough to cultivate.

Moreover, it is impossible to absorb the essence of moonlight to cultivate.

"Hey...Yes, it's a still picture." Huang Changye looked quite proud: "I got it from a movie poster. The fox in it looks very similar to Xiao Hong, plus I put some The real photo of Xiaohong went up, and even the crew members called out a coincidence!"

Everyone gave him a roll of eyes, this operation is okay, awesome old iron!

"It's too ugly to be called Xiaohong!"

Fang Xue, who was holding the little fox, protested, and stroked the little guy's head with her little hand, and said firmly: "Since you haven't saved the little fox, then you don't have the right to name her, little fox can afford a new one. The name is good!"

"This is good." Li Feng agreed with a smile, "How about called Xiaomeng Hu? This little guy is cute and cute, Xiaomeng Hu is very suitable~!"

Li Yun: "Puff!"

He, as well as the "Fox Xiaomeng" who was watching the live broadcast in Beijing, were all startled to spit out a sip of tea.

"Cough cough cough cough~~"

Hu Xiaomeng coughed so much that tears came out, "What? Brother Yun's sister wants to call that fox my name? No, no, it's Hu Xiaomeng? It's not right, it's Hu Xiaomeng~~~! Woo, It's all to blame for the badass Brother Yun, who always calls me Xiaomeng the fox!"

"What's the matter?" Li Feng looked at him strangely, "Is Hu Xiaomeng okay?"

"Hehehe~" Fang Xue covered her mouth and smiled, "Xiao Fengfeng, you don't know, there is a girl beside this bad guy...sex, friend, also named Hu Xiaomeng."

"Huh? Why don't I know? Xiaomeng...I remember!"

Li Feng thought of a little girl she met at the school gate before. At that time, Li Yun called her Xiaomeng. If she didn't think her real name would be Hu Xiaomeng?

This name is really...cute.

At this time, Li Yun received a call, picked it up and looked at it, and suddenly he couldn't laugh or cry.

Fox Xiaomeng called.

"Brother Yun~~~! Is that fox's name Humengmeng, okay? Or Xiaoxiaomeng, hehe~"

On the other end of the phone, Hu Xiaomeng was clear and sweet, and came again with the charming voice of a three-pointed girl.

Li Yun did not expect that she hadn't slept so late, and happened to see Huang Changye's live broadcast.

After telling what she had said to the two women, Fang Xue readily agreed: "That's Hu Mengmeng, and my nickname is Xiao Xiaomeng, which happens to be distinguished from the little lady of the Hu family."

Hu Xiaomeng was naturally very satisfied. Sister Fang's yelling made Colonel Fang smile, and then Hu Xiaomeng expectingly said that when the final exam is over, he will give her a hug in Longyang County.

Chapter 1989: Fox Mengmeng

"That's it for tonight."

Li Yun turned his head and said to everyone: "This fox, my girlfriend and I will adopt it. It won't appear here again in the future. Let's go back and rest individually."

Everyone, you look at me, I look at you, there is nothing, or I don't dare to make any comments, and finally took a few photos of the little fox, some of the courageous came up to take a group photo, and sat upstairs to rest.

It's a little over night now, it's not early.

"I adopt a little fox, are you okay?" Li Yun looked at Huang Changye with a smile, and the latter shook his head quickly.

"Brother Xueshen, you can adopt Xiaohong...Uh, Hu Mengmeng, of course it is the best!"

Huang Changye's expression is helpless and envious. It's best to say in relief: "Brother Xue Shen, you have a superb background and will definitely give Xiaohong a good living condition. As long as he will live well in the future, I will be relieved! "

Li Yun scolded with a smile: "How come you are acting as if you are her father? Are you marrying a daughter?"

"Hey~" Huang Changye scratched his head: "Look at what you said, Brother Xueshen...I'm not with Xiaohong, no, I have been with Mengmeng Fox for a long time? It's normal to have feelings!"

Fang Xue glanced at him, wanting to say that you haven't noticed that Fox Mengmeng is here to "go to the market" for a month, so do you still have feelings?

"Let's go, go back to bed, it's late."

Li Yun said that he wanted to walk up the stairs as soon as he lifted his steps. He didn't want to "sleep", but it was really late now!

Unexpectedly, at this time, Hu Mengmeng suddenly broke free from Fang Xue's embrace, leaped to the gate, squatted on the ground, turned his head and looked at Li Yun, and screamed.

"Huh?" Fang Xue suddenly felt sad: "Don't you think Fox Mengmeng doesn't want to go with us?"

Huang Changye's eyes lit up!

It would be great if this is the case. His live broadcast room has just started. If Xiao Hong stays in Taihuang Mountain, he will have something to broadcast in the future!

"It's not like saying goodbye."

Li Yun walked towards it, Hu Mengmeng jumped forward again, and continued to look back at him.

"Ah! I can see it!" Fang Xue said happily, "She wants her husband to go to the wild with her!"

"There is still this kind of operation?"

Reporter Gao Xiaoxiao had already wanted to end tonight's filming, but when he heard these words, he regained his spirits.

"Do you want me to follow you?"

Li Yun stretched his finger towards the distant mountains and forest, Mengmeng Fox nodded, and the flaming red fox's tail flicked and flicked behind him.

"Ding, trigger the option event, please choose from the host:

Option 1: Follow Fox Mengmeng to live in the wild. From then on, you will be free and happy, rewarding experience value +100,000, green gift bag*2, small-sized Jidan*5 (limited to Fox Mengmeng).

Option 2: Go home to sleep, no reward. "

When Li Yun raised his eyebrows, the system actually gave the option to live in the wild? This is too weird... not right.

What did Li Yun think of, if it was about a major life choice, the system couldn't have rewarded such a point.

Last time, I gave an option to become a monk, and the system will even leave him. You can see the option to go to the wild...

It's actually a spoof!

"Cheating!"

Li Yun cursed in his heart and turned to Xue Xue and said, "Xiaoxue, sister, are you tired? I want to go with Xiaoxiaomeng to see what's going on."

"Not tired, I'll be together too!"

Fang Xue replied immediately, and Li Feng was also a little curious about what Mengmeng Fox wanted to do.

"Brother Xue Shen, I'll go too!"

Chapter 1990: Go to the forest

Huang Changye also came to join in the fun. As a result, even Gao Xiaoxiao and the cameraman brother expressed their desire to follow. The reason is very simple. They want to complete the section list.

".....Row."

Li Yun didn't want to do anything to disappoint, so he agreed, but he glanced at the recording equipment of both sides: "Wait, if you photograph something beyond ordinary people's understanding, don't be too surprised, and don't just pass it on. ."

"Huh?" Gao Xiaoxiao was a little worried. "Will there be... danger, or risk?"

Danger refers to one's own safety.

Risk refers to the negative impact it brings.

Li Yun smiled: "It's hard to tell the details, but it's not a big deal. Let's go, hurry up and get back."

In fact, things like the appearance of monsters, or cultivators fighting techniques, have actually happened several times.

The most eye-catching time was when a whole building was shrouded in dense fog on Shiwangfu Street in the capital, and then a thousand swords lighted up.

This incident caused a lot of turmoil on the Internet, and many people doubted whether it was true, but the relevant department has never come out to explain it, letting all kinds of news spread.

Li Yun understands this approach very well.

If Xia Ming waits for the leader to clarify and say that this matter is false, then in the future, when the paper package cannot hold the fire, the people will doubt what was clarified at that time, thus damaging the credibility of the country.

If it is true, it will directly cause people to panic and cause riots.

So don't say anything, wait until things continue to develop, this is the best choice.

"Mengmeng, wait for me!"

Fang Xue happily ran after him, and hugged Mengmeng the fox in her chin and rubbed its head with her chin. The little fox could only suffer injustice and humiliation, and looked at Li Yun for help with tears in her eyes.

When Li Yun didn't see it, he walked forward along the village road, toward the mountains and forests in the night.

Gao Xiaoxiao, the cameraman, and Huang Changye followed behind, a group of 6 people, gradually walking into the silent mountains and forests in the dark night.

"Old irons!"

Huang Changye started to be on duty again, and his voice was very low and low: "It's a little too late at night. I will go to the fox den with Brother Xueshen, and let the fox repay the favor... OK, I won't talk about Xiao Huang The **** fox repaid his favor, can it be achieved without saying?"

Hey, this is the **** fox... Appearance, yes, it is appearance, just like ancient gods! "

Huang Changye didn't dare to point his phone at the little fox. He only took pictures of the surrounding scenery, showing the dark and strange-looking mountains and forests to the audience in the live broadcast room.

"Some old irons said that Brother Xiaohuang, I was acting as if it wasn't in the wild. Do you see it now? Slapped your face? Hehe!"

"Brother Xiaohuang, let me tell you that this mountain forest is around our village, which is a mountain forest at the foot of Taihuang Mountain."

"As the saying goes, don't enter every forest, especially in the forest at night. If you don't know, a relative of your family will jump out of the ground."

Relatives in the field?

Isn't it a zombie?

Fang Xue turned her head and glared at this guy angrily, saying so terrible, and later asked her husband to let Xiao Qian out, scaring him to death!

Gao Xiaoxiao and the cameraman followed behind, walking very hard, especially when the cameraman had to carry the camera on the mountain road. Fortunately, I usually practiced it, otherwise I really can't hold it.

"Where to go?"

Li Yun stopped, and the little fox whimpered and pointed his front paw in a direction, leading to the foot of a mountain.
