

Godly Choice 20

Chapter 20: Conquer Xiaomeng's stomach

"This....."

The boss's face is not pretty.

He has been driving food stalls for 20 years, and his cooking skills are not to say how good, but just from the frequent visits of this group of people, he knows that the food stalls in Fangyuan are definitely one of the best!

But if you want to say that this girl who looks like she is from an extraordinary background and is suspected of having a mine at home is satisfied, the boss will never dare to make this package.

These rich second-generation and daughter-in-laws grew up in good clothes, went to five-star hotels, and ate food carefully prepared by celebrity chefs. How could he be a food stall owner comparable to those chefs?

"Why don't you speak?!"

Brother Tiger cursed fiercely, and slapped the table with his thick palm, which shocked Miss Hu beside him. Brother Tiger quickly reduced his expression and smiled at Miss Hu in favor, saying that he was not aimed at her.

Li Yun thoughtfully, it seems that this daughter of Hu has a lot of origin.

"boss!"

A young man named Afei next to Brother Hu yelled: "Miss Hu is our boss Zhou's distinguished guest. We want us to treat her well. If she is not satisfied tonight, our boss Zhou will not be satisfied, and boss Zhou will not be satisfied. Not satisfied! So, do you understand?"

With that said, the thugs of these Zhou bosses all looked at the boss with threatening eyes, and asked him to come up with the best cooking skills tonight!

Li Yun clenched his fists and slowly loosened them.

He had long wanted to teach these people, but it was not the time yet.

"Yes Yes."

The boss wiped his sweat, earnestly grilled a few mutton skewers, and brought them to Miss Hu in person.

"I will try it."

Ms. Hu's voice was immature, crisp and sweet, and she was stunned in her heart. She deserves to be a girl of this age, and her voice is nice.

Li Yun stood by, watching her hold a bunch of mutton skewers with her slender white hands, and took a small bite.

"How, how?"

The boss pleased with a smile, he just wants to spend tonight now, don't make any trouble.

Ms. Hu chewed carefully, her little cherry mouth moved slightly, and she quickly spit it out on the plate with disgust, and said with her little mouth: "It seems that the so-called roadside stalls are not that good, so disappointed. Grandpa scolded."

Her name is Hu Xiaomeng, and everyone who knows her is called Fox Xiaomeng. Today, she has time to go back to Longyang County to visit her grandfather who is recuperating, and sneak out to visit the night market in this small county.

When passing by, Hu Xiaomeng wanted to taste the taste of the roadside stall that he had seen on TV, but was disappointed in the end.

"It's not delicious?" Brother Hu was about to have a fierce face, and Xiaomeng Hu stood up and said boringly, "Go back, it's meaningless."

"Yes, Miss Hu is here!"

Brother Hu bowed his knees to her slave face, but gave the boss a threatening expression again, as if to say, I will make you look good tomorrow night!

The boss's face turned pale, what kind of sin did he suffer tonight!

Li Yun snorted coldly, he wanted to see how arrogant the group of thugs like Brother Tiger are!

Just when Hu Xiaomeng was about to leave.

"Ding, trigger the option event, please choose from the host:

Option 1: Stand up and help the boss with cooking skills. Reward: Upgrade intermediate cooking skills to advanced cooking skills. Hu Xiaomeng has a certain degree of favor.

Option 2: Do nothing, no reward.

Option 3: Beat Tiger directly, reward 100 points for physique and 100 points for strength. "

Li Yun was overjoyed at first, and then made trouble again.

The system can be described as a multiple choice question that is difficult to choose.

Directly beat Tiger Brother, the reward is very generous.

But using cooking skills to conquer this little girl named Hu Xiaomeng seems to have a good harvest in the future.

Which one should Li Yun choose?
