

Godly Choice 2031

Chapter 2031: Two women fight, Lian Yi Deli

"Yes, what's so great!"

Gong Qingyu tried his best to make a disdainful expression, but kept staring at the fox. At the same time, he said, "Isn't it just a fox? If I want to raise it, I can raise a fox in the zoo? Yes, what's worth showing off! "

While talking, she approached Fang Xue.

Colonel Fang didn't know that the "danger" was approaching. When she heard Gong Qingyu belittle the little fox, she suddenly said with dissatisfaction: "What do you know? This is not an ordinary fox, she is a vixen...no, it's a fox. Monster, very smart!"

"Yes?"

Gong Qingyu leaned closer, her eyes gleaming as green as a hungry wolf, and her little hands twisted uncomfortably.

"Be careful." Li Feng shouted.

"what?"

"let me see!!!"

Gong Qingyu finally revealed his true face, snatched the little fox in Fang Xue's arms, and immediately jumped onto the other side of the sofa.

The school flower of Fang Da... stupid.

Li Feng covered his face and couldn't bear to look any more, his girlfriend was too silly and sweet.

"Oh, so cute, so cute~!"

Gong Qingyu hugged the little fox and rubbed it vigorously, rubbing his face against the fox's cute hair without worrying about the image of a lady. The soft and smooth red fox is a natural killer for every girl.

"Gong Qingyu, you are too despicable!! Too insidious!!!"

Fang Xue was furious, and ran to her strong little fox, two big beauties who were school-level beauties in any high school and university, but now they are eager to grab a little fox.

The poor little fox could only yell, and looked at Li Yun with big eyes and tears.

"Who said I'm mean? I just showed you Da Hei, you can't show me the little fox now?" Gong Qingyu was not ashamed.

"Who likes your big black! It's not as good as a little fox's hair!"

"Huh, Fang Xue, you are really a vulgar woman. My Dahei family has a history of a hundred years. It has witnessed the modern history of Huang Xuanguo with your own eyes. You actually look at it with such a light!"

"You, you...you are vulgar, my little fox is a fox demon, and it can also witness history in the future!"

"Well, you two don't quarrel."

Gong Lianyi smiled and pulled the two girls away from the quarrel, who didn't have the temperament that a beauty should have, and said to them: "Really, because of a little fox quarrel, it's not a joke when it is spread out... um, Let me keep this little fox temporarily."

As she said, she took the fox from the hands of the two women in an upright manner, hugged it in her arms and stroked its red hair comfortably.

Fang Xue: "..."

Gong Qingyu: "..."

The two women fight each other, and Lian Yi gains a profit.

"Forget it." Fang Xue said generously: "Xiao Xiaomeng will play with you, and I will take it back when I return to Longyang County." It is impossible for Fox Mengmeng to stay here for them anyway.

Gong Qingyu was less interested in the little fox when she let her go. After glancing at her, "This fox was caught by you and my boyfriend while traveling to Mount Taihuang? There are monsters in Mount Taihuang. This is the first time I heard about it!"

"It's my husband!"

Fang Xue sternly corrected her name, and said quite proudly: "You guessed it, it was caught during a graduation trip to Mount Taihuang, and it can't be called a catch. It was Xiao Xiaomeng who followed us on the initiative."

"Graduation trip..." Gong Qingyu looked at Li Yun. After graduation, this guy didn't know that he would come to Zhonghai City to accompany her!

Chapter 2032: Good relationship

Gong Lianyi, who was holding the little fox, suddenly thought of something.

"Sister Fang Xue." She looked at Fang Xue with a weird expression, "You and Li Yun are going to travel together, three people?"

"Yup."

Facing the gentle and virtuous Gong Lianyi, Fang Xue's momentum weakened slightly, and said, "We went to play for six days, and three of them were running outside to deal with those monsters. One was a tiger monster, ah, very weird and very strange. A weird tiger demon, very scary!"

"There is also a tree monster that is 300 meters high. It is too big and has a trunk that is dozens of meters thick. It will take a long time for me to climb it when it falls to the ground!"

Fang Xue was half showing off, half excited about what happened a few days ago, and she was too envious of Gong Qingyu.

Gong Lianyi noticed one thing.

"You said--" She took a deep breath and looked straight at Fang Xue: "You, Li Yun, and Li Feng are outside for three days, which means that there are three days... In the room?"

Fang Xue, Li Feng glanced at each other in a panic, and the two women's faces flushed red.

Seeing their performance, Gong Lianyi understood. Sure enough, they and Li Yun had reached the last step and had a very happy three days.

"In the room for three days? What do you mean?"

Gong Qingyu turned his eyes to Li Yun, who looked down at the phone, and then at Fang Xue, who was blushing. He suddenly thought of something, and his voice suddenly rose: "You live in a room?!!!"

The audience was silent.

"Isn't it possible to live in two without living in one room? Hundreds of thousands a night, too expensive." Li Yun subconsciously replied without hearing the previous words.

Gong Qingyu... stupid.

It was Fang Xue who became stupid before, but now it's her turn finally.

"OK!"

After reacting, Gong Qingyu stared at Fang Xue with puffed eyes: "You guy actually stole the food! It's too insidious."

"Wha, what do you mean by stealing food?"

Fang Xue blushed with shame, but said unconvincedly: "He is my husband, I am... I eat and eat honestly!"

Speaking of yesterday, and the day before yesterday, the day before yesterday, the beautiful face of Colonel Fang became more ruddy, including Li Feng.

As food, Li Yun can only smile happily.

"Shameless!" Gong Qingyu glared at her angrily.

"Who is shameless!" Fang Xue stared at her in turn.

"Whoever says shameless, shameless whoever!"

"You are shameless!"

"I'm not shameless, you shameless! It's been ridiculous for three days and three nights, shameless!"

"Huh, some people can't join, so are you jealous?"

"I am not as shameless as some shameless people!"

"You, you, you say I'm shameless...?"

"if not?"

"Gong Qingyu, I think you are jealous!"

The two women quarreled to the death, and neither of them gave in.

Moreover, the content of the quarrels is very hot, involving all kinds of privacy content between girls, all of which are things that even good friends and best girlfriends would not say, and only "sisters" would tear down each other.

Li Yun held his forehead: "Nothing will happen to these two people, right?"

"rest assured."

Gong Lianyi sat beside him, and Li Feng alone occupied Li Yun's side.

She stroked the little fox's hair and made it scream comfortably. Gong Lianyi smiled and said, "In fact, the relationship between the two is quite good. You can rest assured, a big pervert." Then, the gentle lady gave it too. Li Yun rolled his eyes, and seemed to have a bit of resentment for his merciful behavior.

"The relationship is good?"

Everyone looked over, and even the two women who were arguing stopped their bickering.

"Correct."

Chapter 2033: Love at first sight, tear each other down

Gong Lianyi looked at Qingyu dozingly: "My family Qingyu is actually a bit cold and arrogant. She can't even think of talking to people who are not interested. If she doesn't wait to see Fang Xue, she will only wear a palace. Pretending to greet you, I don't even want to talk to you too much."

This sentence was said by Fang Xue.

"Just she... is she cold?" Fang Xue said in disbelief, and Gong Qingyu rolled her eyes.

"actually."

Li Feng also said: "Xiao Baixue's personality is a bit introverted. She usually pretends to be a high school girl. I don't know why I quarreled so hard with people today. Maybe this is love at first sight?"

Love at first sight refers to Fang Xue and Gong Qingyu, who "love at first sight" and kill each other in love.

"Who fell in love with her at first sight!" x2

The two women spoke the same sentence at the same time, and then glared at each other at the same time.

Li Feng covered his mouth and laughed.

Fang Xue and Gong Qingyu had a very good relationship, so she was relieved.

Originally, Li Feng was worried that his university would not be the same school as his girlfriend. If Li Yun did not go to class, Fang Xue might become a little lonely.

But with Gong Qingyu as her friend, Li Feng can feel relieved to go to another school.

The two women quarreled with each other, and they talked about it for some reason.

"You also want to go to Zhonghai University?" Fang Xue glanced at her squintingly.

"Yeah, I really don't want to be in college with you!"

Gong Qingyu sat on the sofa and read comics with a mobile phone. Without a bit of classical beauty, Fang Xue felt quite suitable for this hateful arrogant guy!

"This should be right for me." Fang Xue responded to her, and then chuckled again: "Gong Qingyu, I think you have a bad personality and definitely don't have friends in school, so you want to go to college. Is it so lonely at the same school with my husband?"

"I....."

"Don't lie to you!"

Gong Qingyu opened his mouth, and finally said in disgust, "I don't need to be friends with people who have an average IQ and are destined to do nothing in this life. Besides, I don't feel lonely alone!"

Fang Xue stared at her for a long time, thinking that this arrogant guy was actually quite pitiful.
real.

She definitely doesn't have too many friends! There may not even be one!

"Always tell me, I don't see you many friends, right?" Taking his eyes away from the phone screen, Gong Qingyu looked at her with a smile.

Fang Xue's face was red, and her mouth insisted: "Who said I have no friends? Xiao Fengfeng is my best girlfriend!"

"I made good friends because of Li Yun?"

"Who said..."

Fang Xue wanted to refute, Gong Qingyu immediately added: "Don't speak deceptively!"

Fang Xue: "..."

"Huh~"

Gong Qingyu, who had regained a city, looked very proud, "I can tell at a glance that people like you are actually very arrogant and feel that you are different from those country folks. Although you don't look down on them, you also feel They're not all the same, and they don't usually play together, right?"

Li Feng looked at her in surprise.

Gong Qingyu analyzed Fang Xue thoroughly!

The former school flower was really cold and arrogant. She couldn't play with the boys and girls in the class, and rarely participated in activities between girls, such as shopping together, eating, buying milk tea, etc., she never went with them.

Most of the time, they are alone.

It was not until I met Li Yun and because of his relationship that Fang Xue and Li Feng became good best friends.

Chapter 2034: No one is allowed to hug me

In other words, in fact, Fang Xue and Gong Qingyu knew each other very well, and understood what the other's personality was like.

In a sense, they are also a kind of people with many similarities.

He comes from a good background, looks pretty, and out of place with the surroundings, seems to be the focus of the crowd, but far away from the crowd.

"I won't be friends with this kind of people!" Fang Xue said with a blush on her face, and added: "Nor be sisters!"

"Well, this sentence is what I want to say."

Gong Qingyu said solemnly: "I won't be friends with people who can't achieve full marks in the college entrance examination, let alone be sisters, otherwise it will damage my fame as Gong Qingyu!"

"What famous name do you have?" Fang Xue thought of something and suddenly smiled: "Is it because you challenged my husband at his press conference and then was defeated?"

Gong Qingyu said: "My IQ is crushing you."

"You-shameless!!"

"My IQ crushes you."

"Shameless, shameless, I have more friends than you!"

"My IQ crushes you idiot."

"You you you... My husband and I have done something!!"

"you!"

Fang Xue pulled back a city, and Gong Qingyu was defeated again.

"Huh, you know how to do things?" Gong Qingyu stood up and grabbed Li Yun's shoulders, "Come to my room, let's also..."

"What are you doing? Put down my husband!"

"Qingyu!!"

"This...too eager, right?"

The three women grabbed Gong Qingyu and played around for a long time, when Li Yun suddenly realized that she seemed to suffer the crime herself?

"I'm tired, whirr."

Gong Qingyu pushed Li Yun to Fang Xue, "Just give this guy back to you, I don't want it!"

Li Yun wanted to cry without tears, and he really suffered himself!

"Um?"

Fang Xue looked at her suspiciously, "Gong Qingyu, are you playing any tricks again? Don't you?"

"Just don't~"

Gong Qingyu hummed and lay on the sofa with his face buried in the sofa: "This bad guy doesn't love me at all. The bad woman seduce and lead away, changed her heart."

Bad woman = Fang Xue.

But this time, Colonel Fang did not respond to her, but felt a little embarrassed.

After all, she also snatched Li Yun, which was a bit unfair to Gong Qingyu.

No, Li Yun is her husband. What is stealing? ! It was originally hers!

"Qingyu."

Li Yun smiled bitterly, and hugged the classical beauty who was lying on the sofa with green silks hanging around his waist. He didn't care about the gaze of Fang Xue's three daughters around him.

"Why? No one is allowed to hold me!"

Gong Qingyu turned his head away from him.

"I don't move here, there are actually many reasons." Li Yun wanted to explain, but didn't know where to start.

"Can you have any reason?"

Gong Qingyu turned her head, tears flickering in her eyes. This is something she has been looking forward to for three months. For this reason, she can also tolerate Li Yun and Fang Xue's graduation tour together, only for the next four years. Go to university with Li Yun and go back to this home together.

But the result?

Suddenly this guy can't help but wants to go out and buy a house!

what is this?

Are she and Aunt Lian just thrown away like this?

What about the previous agreement?

"Do you think you have been sent under the fence?" Gong Qingyu thought the more and more aggrieved, and couldn't help crying, "You didn't treat me as family...well."

"Okay."

The index finger pressed Gong Qingyu's lips, Li Yun lowered his head and kissed her beautiful smooth face lightly. Fang Xue looked sour, but had to accept it.

Chapter 2035: Happy

"There are two main reasons why I consider buying a house."

"One, although I don't care about living in my girlfriend's house, I don't bother to call others a little boy."

Speaking of this, Gong Qingyu murmured: "You are a little white face, the longer you get, the whiter you are!"

Fang Xue bulged and expressed dissatisfaction with the girlfriend in Li Yun's words.

Li Yun pretended not to see the expressions of the two women, and continued: "But what would my sisters think? They would think that this is not their home, they would live in a rather uncomfortable life, and they would have nothing to do with anything."

Even if Qingyu and Lian ordered people to treat Li Yun's family with all their hearts and minds, they still couldn't change that they were guests.

Guests and hosts, this is a fact that cannot be changed.

Many couples do not want to live in a house with only the name of the other party on it, because there is no name on the real estate certificate, which means that you are only a guest of this house, you can only live temporarily, not own it.

"This....."

Gong Qingyu's anger was mostly vented. She could understand this, but she still felt... very upset, very wronged, and very sad. She really really wanted to live with Li Yun.

"second."

Li Yun smiled and said, "It's my face problem. It's always bad to live in my girlfriend's house, right?"

"Hmph, you are not such a face-saving person!" Gong Qingyu gave him a white look, but he still felt panicked.

Fang Xue couldn't help but look at Li Yun, is there no good solution?

"Okay."

Li Yun held Qingyu's little hand, "I'm not saying that I won't live here anymore. Besides, it's also very close to Zhonghai No.1 Middle School and very close to China Overseas University, right?"

"It's very close...you mean?"

Gong Qingyu's eyes gradually lit up.

"Yeah." Li Yun nodded.

"Great!!"

Gong Qingyu who got the affirmative reply plunged directly into his arms, hugged him tightly with both hands, and took the initiative to offer an emotional kiss.

Fang Xue still didn't quite understand, a smile appeared on Gong Lianyi's Xianshu's face: "It means that when you go to school, you live in Mansion No. 3, and you will live in your new house on weekends. Fang Xue, you What do you think?"

"Uh..." It turned out to be so, but in the end, I still had to live together.

Fang Xue frowned in embarrassment.

"Why?" Gong Qingyu, who was holding Li Yun's neck, turned to look at her, and said with a very obvious agitation: "Is Miss Fang afraid to live here? That's right, this is the love nest of my boyfriend and I. It's really not good for others to live in."

"Who, who is afraid?"

Fang Xue was recruited, "Isn't it just living here? What am I afraid of? Besides, my family also has real estate in Zhonghai City. I am not sending someone to the fence! I just borrowed your house to live in. I'm afraid your house is not big enough!

"Auntie Lian." Gong Qingyu immediately looked at Gong Lianyi, "How many rooms do we have?"

"There are 36 rooms in the three-story mansion, and the remaining half is more than half, plus two annex buildings, enough to accommodate 200 people."

"okay."

Gong Qingyu looked at Fang Xue with a smile: "I live with Li Yun's family on the third floor, you...just live on the first floor."

"I don't want it, I also want to live on the third floor...No, no, I don't live on the third floor with you, I live on the second floor with Li Yun, not with you!"

"I want to be beautiful. There is a big room on the second floor. You, a country nobleman, also want to live in?"

"I... country noble?"

"Yeah, what's the matter? The eldest lady from Longyang County, isn't she a nobleman from the countryside?"

"You, you, Gong Qingyu, you pretending fellow...Oh yes, you are the old and the young!! It is so rotten, it should have been thrown into the trash bin of history long ago!"

The two women quarreled again, and the small living room on the third floor was full of happiness.

At least, Li Yun feels very happy now.

Chapter 2036: Ding, Dongfu enters and exits the pearl

"Ding, the host made the right choice and successfully dealt with the fire in the harem temporarily.
Reward: special gift bag*1"

Success and temporary, what kind of trouble is this!

Li Yun complained, but the reward for the correct choice is not bad. Every time he makes a correct choice, the rewards of the system will not be stingy, so he is now particularly looking forward to what rewards the system will give.

I took a look at Qingyu and Xiaoxue. The two girls who were arguing just now are now watching anime together. It seems that Gong Qingyu is using the aggressive method to let Fang Xue, who rarely watch anime, accompany her to watch it.

"I hope I can open a good thing, a system, and open a special gift bag!"

A colorful brilliance lit up, and Li Yun instantly opened his eyes.

Is this a piece of colorful grade equipment? !

"Ding, congratulations to the host for obtaining a special colorful gold selection event in the special gift bag."

Li Yun: "..."

He wants to knock over the cheating system with a punch now. What the **** is this special colorful gold selection event. Wouldn't it be good to give the options honestly?

"Please choose from the host:

Option 1: Spend 100 million experience to attach another exit to Lotus Immortal Mansion.

Option 2: Spend 100 million experience to add another entrance to Lotus Immortal Palace.

Option 3: I want them all, and the rewards are superimposed.

Option 4: The cheating system is getting rough! Reward skills: Zuan host. "

After reading it, Li Yun couldn't help laughing and cursing in his heart: "Cheating...well, you can't choose fourth, you really lose a lot if you choose fourth!"

Li Yun calmed down, but he was still very excited.

The scam of the system really took a fancy to his 223.1 million experience points, so he gave the option of plundering his experience points.

But just like the trading options it opened before, Li Yun still had to choose, after all, the rewards are really fragrant!

Another exit and entrance of Lianhua Xianfu, as the name suggests, is to make Lianhua Xianfu a transit station.

In the future, Li Yunren will be in Zhonghai City, but Zhao Tianfeng and Hu Xiaomeng, who are in the capital, can enter the fairy house, date him, do something gracious in the fairy house, and return to the capital the next day.

In addition, he can also set the entrance to his home in Zhonghai City, so that if someone comes to sneak attack, Li Yunda can let his family hide in the fairy mansion and be safe.

I feel excited when I think about it, this feature is really amazing!

"I choose three, I want them all!" Li Yun did not hesitate to make a choice, eyes full of expectation.

"Ding, the host made a choice and spent 200 million experience points to obtain two Dongfu access beads."

In and out of beads?

Li Yun immediately checked their attributes.

"Dongfu enters and exits the pearl

Special effect: set door for the fairy house.

Skills: Sturdy (passive), consumes aura (you must consume aura to enter and exit the cave, and the consumption increases depending on the distance from the entrance of the fairy palace.)

Note: It can be set as another entrance or exit of Xianfu. Note that once it is set, it cannot be changed unless it is re-refined using secret methods. "

This.....

The system generously gave him his own choice, whether to export or import, but Li Yun fell into entanglement.

He wants both the exit and the entrance, preferably more than seventeen or eight, so that he doesn't have to worry about it!

"Forget it, greedy is not enough to swallow an elephant, it's not bad to have it."

Li Yun smiled and decided to set both the entrance and exit beads of the cave as the entrance.

The reason is also very simple. The entrance assumes a certain function of avoiding risks, while the exit is not necessary. You can return by plane.

Chapter 2037: Insufficient greed

In addition, the farther the entrance and exit of the Dong Mansion from the beads of the Lotus Immortal Mansion, the more aura in the Immortal Mansion will be consumed. Li Yun estimates that one kilometer is equivalent to a little aura, and Zhonghai City is 1,200 kilometers away from the capital, which means that Hu Xiaomeng and Hu Xiaomeng Every time Zhao Tianfeng and the two women enter the fairy mansion, they need to consume 1200×2 aura.

It's really not cheap.

Yes, Li Yun had already made a preliminary decision in his heart, and put one of the pearls in Gong Qingyu's house and the other in the capital.

In addition to facilitating Hu Xiaomeng's two daughters to occasionally enter the fairy mansion to meet him, the beads in the capital have another function:

Guard the capital.

The Liudaomen disturbed the wind and rain in Beijing last time, which made Li Yun quite worried. He was not concerned about the casualties of some people, but worried that once Huang Xuanguo's

leadership was destroyed, the entire country would fall into paralysis and chaos, which would affect the world situation.

After he had another access bead and set it as an exit, Li Yun could rush to the capital to help stabilize the situation.

The crux of the problem is that he does not have another exit from Xianfu!

"Hey, it's still not greedy."

Li Yun shook his head and sighed. When he hadn't been in or out of Zhuhai before, he wouldn't think about this at all. He was a thousand miles away in the capital, and he didn't bother to worry about the safety of Hu Xiaomeng's two daughters.

But after getting in and out of the bead, people become stronger, and it seems that the more they think, the greater the responsibility they feel.

I have to say that in many cases people's worries increase with the increase in the things they touch.

No wonder children are the most naive.

"What do you sigh inexplicably?" Li Feng tilted his head and looked at him.

"Nothing, just thought of a wonderful thing."

"It's wonderful? Brother, are you thinking about something bad again?!"

"Uh, no!"

Li Yun clapped his hands, attracted the attention of the four women, and said mysteriously: "I found a good thing, you will definitely like it."

"What is it?"

Gong Qingyu pressed the pause button, her bright eyes filled with excitement: "Could it be the elixir that allows me to cultivate divine consciousness immediately?"

"...Think too much."

Li Yun couldn't laugh or cry, and showed the bead out and out, and told them the function of the bead.

"The entrance orb that can enter the fairy house at any time? Awesome!"

"Doesn't it mean that you can enter the Immortal Mansion to practice at any time?"

"Unfortunately, I can't come out again, I have to do a return flight."

"And it consumes aura. Brother, don't you say that there is very little aura in the fairy palace?"

The women expressed their opinions, and their mood changes were almost the same as Li Yun's before. From the surprise at the beginning to the regretful later, there was a tasteless taste and a pity to discard it.

Li Yun smiled helplessly: "It's not bad if you have it. This is for you to enter urgently. Of course, you can also enter the fairy mansion if you want to see me, hehe."

"Shameless, who misses you!"

The girls all gave him a roll of eyes, but judging from their excited faces, they didn't think so in their hearts.

"Li Yun." Gong Qingyu thought of something and asked expectantly: "Will the Lotus Immortal Mansion become like the Hidden Sacred Valley, a truly huge and magnificent cave world?"

She was very curious about the existence of Liudaomen and Hidden Sacred Valley, and wondered if it was the same as the Lotus Immortal Mansion in their hands, an immortal place independent of the world.

Li Yun thought for a while, "It's really possible." As long as the system continues to reward him, he can continue to strengthen the Lotus Immortal Mansion. In the future, the Lotus Immortal Mansion may really become a purple bamboo forest comparable to Nanhai Guanyin, or... as in the legend. Penglai Fairy Island is on par!

Chapter 2038: Visit together

"If this is the case, then..." Gong Qingyu said excitedly: "Shall we enter the Lotus Immortal Mansion now to take a look?"

"OK."

Li Yun smiled slightly. There is still some time before lunch, so it doesn't hurt to experiment.

Fang Xue and Li Feng glanced at each other, the two women's faces were slightly red, and they remembered what had happened in those three days.

Gong Lianyi didn't object either. She also had a lot of curiosity about the fairy house. She had only entered once before, and could not appreciate the fairyland-like beauty inside.

So Li Yun put the Dongfu entrance and exit beads on the table, and when he thought of it, he wanted to take the four girls and a fox into it.

As a result, the four of Fang Xue and the fox who had been swishing disappeared, but Li Yun felt a huge repulsive force coming from inside the bead, making him stop abruptly.

"Um?"

Li Yun quickly figured out what was going on: He still carried the orb of the Lotus Immortal Mansion!

"It seems that no matter what the circumstances, the orb representing the body of the Lotus Immortal Mansion cannot enter the Immortal Mansion."

"But it seems to be taken for granted. Otherwise, the Lotus Immortal Mansion and the Orb will become... Matryoshka, Immortal Mansion Orb, Orb Immortal Mansion, it is not clear who is in whom."

Li Yun laughed blankly. After placing the orb on the table, he himself went in and out of the bead.

Fang Xue's four daughters were already waiting for him inside. After learning what had happened, Gong Qingyu unceremoniously gave Li Yun a 'idiot' look.

Li Yun shrugged: "I can't blame me. Who knows that there are such settings in spells, and there are also Klein bottles in mathematics. I don't think Xianfu and the world need to be separate."

"Then can you make the world and our fairy house into a Klein bottle?"

Listen to Gong Qingyu's words, our fairy mansion!

This is completely using the Lotus Immortal Mansion as your own thing!

Li Yun chuckled and greeted Nie Xiaoqian to appear. As a result, the red ghost showed up only once. After seeing the four "hostesses", she immediately convicted and disappeared: "Sorry son, I didn't see anything, wait Next to me, I will see everything!"

"what?"

Gong Lianyi wondered why Xiaoqian was like this, but Gong Qingyu looked at Fang Xue and Li Feng, and saw that their cheeks were blushing. How could they not understand what was going on?

It must be the villain who messed around in the fairy house yesterday and the day before yesterday, doing some shameful things with Fang Xue.

"satyr."

Giving Li Yun a look of contempt, Gong Qingyu took Aunt Lian and walked forward, but her face was full of red clouds.

This is a very private place, exclusive to Li Yun and his women. Among the four present, plus Nie Xiaoqian's five women, two have had relations with Li Yun.

No matter how pure Gong Qingyu is, he should think about what might happen, but it depends on whether Li Yun wants to do it or not.

"It turns out, yes, yes."

After the gentle and virtuous Gong Lianyi wanted to understand, she was even more shy. Is it the first time she was with Qingyu?

This this.....

Although she had been mentally prepared, she was still... embarrassing.

"Ahem, Qingyu!"

Li Yun changed the subject and didn't have the idea of opening up the conference. "I want to buy a house. Do you have any good suggestions?"

"Suggestion? There should be many houses nearby, right?"

"I want to buy a villa."

Li Yun said of course that he didn't have much money when he bought a house in Longyang County, so he bought an apartment-style house.

Now that I have money, I want to sell the villa.

Chapter 2039: Huangting Mountain

"Villa?"

Gong Lianyi thought for a while, "There is a villa area in Tongshang Street and another on the other bank of the Yellow River. They are all close to here, but the villa areas are relatively small in size, which is far from the mansion we live in now. ."

For ordinary people, they can be regarded as successful people if they can own a house in Zhonghai City with a house price of 100,000 per square meter.

Even for many bosses, celebrities, well-known professors and experts, managers of large companies and other high-class people, having a villa in Zhonghai City is already enough to save face.

But for the palace family and now Li Yun's wealth, ordinary tens of millions of billions of villas do not have the desire to buy at all, they are not a good choice, close to high-rise apartments, and far better than those. Villa complex.

After thinking about it, Li Yun said, "Since I usually live in Qingyu for school, I will simply buy a better villa without considering the distance. It only takes two or three hours to drive in Zhonghai City."

"Are you sure you want to buy a good one?" There was a smile in Gong Qingyu's eyes, as if thinking of a good place.

"confirmed!"

"Hehe, well, you can go to Huangting Mountain to buy it!"

"Wong Ting Mountain?"

Li Yun vaguely remembered that he had heard about this place. It seemed that when the Saint Fanqing took out the jade pendant for auction, someone once mentioned an increase in the price of a villa by 2 billion.

In addition, Hu Xiaomeng's Hu family also owns real estate in Huangtingshan Villa District.

"Correct!"

Gong Qingyu explained: "Huangting Mountain is the most famous gathering place for rich people in Zhonghai City, of course, except for the old French rent where I am."

She smiled triumphantly, and said: "That mountain is located in the suburbs of Zhonghai City. The whole mountain has been developed into a residential area. There are about 500 villas in it, each of which is worth more than one billion yuan. In addition, the first 20 villas are also known as princess castles, each of which has a different style, including Gothic, spire, cathedral, and Oriental styles, including courtyards, palaces, palaces, and gardens in Suzhou."

Li Yun raised his eyebrows: "The enjoyment of the rich is not something you can think of. The first 20 castles are expensive, right?"

"A 5 billion building started. But," Gong Qingyu looked at him with a smile: "You guy is still short of money? Hasn't Baiyun Technology been in the limelight recently?"

When I was jealous with Fang Xue, I called him a boyfriend, but now he is called 'this guy'. Li Yun feels like a tool man.

"Baiyun Technology hasn't paid dividends yet, and my money is more than one billion."

I still opened a red envelope.

I thought it was 1.8 billion, but I didn't expect it would be enough to buy a good house.

However, Li Yun was not surprised by this price. In 15 years, Baofutong's owner Zhou Fuma bought a 1.5 billion mansion on the top of Taiping Mountain. This is still a local mansion exposed. No one knows how many luxurious residences these rich people have built secretly.

Li Yun did not expect that he would have a good mansion one day.

"Well, do you want me to lend you?" Gong Qingyu stretched out her hand and closed her hair, charmingly throwing a charming look at Li Yun, "Come and ask me, if I ask, I will lend you money!"

Li Yun looked at her in surprise: "Aren't we a husband and wife? What do you mean by lending me?"

"Do you still want money from your wife?!"

"That's not it."

The two laughed for a while, and they were not worried about money. With their current energy, tens of billions are really nothing.

Chapter 2040: Xianfu becomes amusement park

Gong Lian nodded slightly, "Li Yun, are you going to buy a house in Huangting Mountain? I will send someone to see if there is a house available, and then I will contact you."

"Hey, it's better to be my Lianyi, come and kiss~"

"No, no, don't... there are people, um."

In the end, Gong Lianyi still hugged Li Yun shyly, and fell into his sorrow with her eyes closed, making the three girls blush.

"Big pervert, you know how to bully Aunt Lian!"

"Qingyu, there is yours too."

"What does it mean to have me? I don't want it... Wow, don't chase me... Hee hee hop, huh, huh~"

After having kissed the four beauties and completely breaking the barrier between the people, Li Yun embraced the left and right happily. It seemed that the day when the Lotus Immortal Palace became an amusement park was not far away.

Originally there was an inexplicable barrier between Fang Xue and Gong Qingyu, but just like between her and Li Feng, the relationship suddenly became different after getting close in front of Li Yun.

At least Fang Xue and Gong Qingyu, the two women, can now sit down and chat together and add each other as friends.

...

Li Yun did not stay longer in Zhonghai City. After lunch, he took Fang Xue and Li Feng to "visit" Lord Saintess, and told her about the entrance and exit of the cave mansion, and briefly discussed the monsters on Mount Tai. Li Yun returned to Longyang County by car arranged by Lianyi.

"The lady of the saint...It's terrible!"

Fang Xue, who was sitting in the back seat, seemed to have eased from the tension just now, stroking his chest and said with a sigh of relief.

Li Feng also nodded: "I met her once, but the second time I saw it, I still have the feeling of seeing a heavenly fairy. I have been thinking about how the world can be so beautiful, speak so nicely, and have such a good temperament. A woman who is still so outstanding, the sage of Fan Qing... Li Yun, you call her the Lord Saint, it's so appropriate!"

Fang Xue followed and nodded in agreement. The temperament of the Sanctuary of Vatican is really like a holy and dust-free saint, aloof and not living with the ordinary.

"Not so exaggerated?"

Li Yun smiled secretly in his heart, if you knew that the lady saint was actually my girlfriend and your sister, would you be so shocked that your jaw dropped?

"It's so exaggerated."

Fang Xue was a little discouraged, "I can still fight in front of Gong Qingyu's dead housemaid. After getting to know her, she is not that good, and her character is bad enough, but in front of the lady of the saint... I really am Don't dare to speak more than a word!"

The first time she saw Saint Vatican was in front of her home, the lady at the time killed a person with illusory means when she appeared, and she is still impressed today.

"It's not that exaggerated!" Li Yun cried and rubbed her little head, "Qing Sheng is actually a very good person. You will understand after getting along with her for a long time."

Lian Yi specially sent him a three-seater car so that Li Yun could hug left and right again when he returned.

"Nonsense."

Fang Xue murmured, that arrogant Gong Qingyu was also very cautious when seeing Saint Fanqing. Is this a problem that can be changed by getting along for a long time?

For them, the Fanqing Saints are fairies, they are just mortals, and if the gap between them is not erased, they will never be able to raise their heads.

Only someone like Li Yun who is also a cultivator can have an equal dialogue with Vatican Sage, right?

Thinking of her husband being so good, Fang Xue couldn't help being proud.

"You will understand later."

Li Yun smiled mysteriously. He didn't talk about his relationship with Qingsheng, so no one guessed it, right?
