

Godly Choice 2041

Chapter 2041: Concubine

Back in Longyang County, the owner of the family was safe and sound. Li Yun entered the door. The little princess Yongning was awake. She poked out a small head in the living room upstairs. After seeing Li Yun, her little face showed a pleasantly surprised expression, holding her pure white. Trot down his nightdress.

"Husband, you are back...ah!"

"Be careful."

Li Yun smiled and hugged the little princess who had fallen from the stairs, and hugged her soft and slender body in the shackles. Without hesitation, he kissed Princess Yongning's little mouth directly.

It took a long time to separate.

"Does Xiao Yongning miss me?"

"Well~, Yongning and Yongning miss their husband~"

Zhu Shu'e's face blushed, but she hugged Li Yun happily.

"Okay, you two." Li Feng had already walked upstairs and smiled at the two below: "Don't separate and wait for the two of them to come back."

"Ah, can't let sister Caiwei see..."

Zhu Shu'e left Li Yun's embrace in a panic. She didn't dare to do anything outrageous in front of the two younger sisters at home. After all, it would damage the image of the royal princess and seemed too slutty and would be pointed and scolded.

Li Yun smiled slightly and scratched the little princess' nose: "Yongning, how is your health recently? Have you exercised regularly? By the way, when you go shopping with me, you can't stay at home all the time."

"Yes, husband~"

After Yongning agreed, he frowned and replied: "Yongning's body...should be still very good now, just as sleepy as before. My husband wants to check Yongning...check it out?"

Speaking of inspections, the little princess, who was 400 years ago, blushed even more.

Every time she checked her physical condition, it would turn into that kind of...shameful development.

Seeing the shy and fragile little princess with a shy expression, Li Yun tickled and said, "Wait for the evening. Yongning,"

"What's the matter?" Zhu Shue looked up at her husband, her eyes a little disturbed.

"nothing."

Li Yun held her little hand and said softly: "When the time is right, I will take you to see the Nine Heavens Fairy back then, how about?"

"Good~"

Princess Yongning agreed again before asking, "Is it the fairy who built Yongning City for Yongning?"

Li Yun is talking about fairies, and Princess Yongning is talking about fairies.

"Correct!"

"Good~."

Yongning nodded obediently again. She would not object to her husband's decision. Although the fairy said that she would meet again if conditions permit her to wake up, but if her husband disagrees, she would never go to that one. Fairy's.

"Don't think about it." Li Yun touched her little head, "The Nine Heavens Fairy has already left the customs. Let's see when we are free. Don't worry, nothing will happen!"

Before talking with Fan Qingsheng, Li Yun learned that Qingsheng's master had already gone out.

It's just that the other party is acting mysteriously. There are very few people in the Hidden Sacred Valley who can understand her whereabouts.

In addition, Li Yun is now rushing to the Hidden Sacred Valley. If there is a conflict, he will not be able to protect himself, so he has to wait for a while before he breaks through the fetal movement state and enters the law womb state.

"Yeah~, according to my husband, my concubine should follow my fate~"

Princess Yongning said an old saying literally, with a smile on her cute little face, which shows that she is in a good mood.

Li Yun looked at her in surprise: "My little princess, would ancient princesses also call themselves concubines?"

The concubine calls herself a concubine, but the princess will not be a concubine.

Princess Yongning covered her mouth and smirked: "Husband, women in ancient times all called themselves concubines, including my mother's queen, who also called themselves concubines in front of the father and the emperor. This is a modest name~"

Chapter 2042: I'm a consort

"And oh husband,"

The little princess added: "The queen definitely does not call herself a mourning family. Even if the emperor dies, she will not say it. This word is unlucky and disrespectful to the emperor."

Li Yun was immediately embarrassed. Modern film and television dramas killed people, and the emperor estimated that he would slap into the cold palace with a slap.

However, the little princess has lived in modern times for a period of time and has also learned a lot of modern terms, and she can use her widowhood - wait, is widowhood an ancient term?

However, Princess Yongning has no possibility of becoming a queen in theory, but she has kept these rules in her heart. Sure enough, there are dangers in the palace, and even the favored little princess must be careful.

Li Yun suddenly thought of something. He picked up the little princess and kissed her again. He smiled and asked, "Xiao Yongning, shouldn't you call me a horseman?"

Zhu Shue's face was flushed by the kiss, and she whispered shyly: "Yes, my husband should actually be called my princess, but I like to call my husband~"

"Oh why?"

"Because...because it is called that in opera, husband and husband are better to hear~"

Li Yun suddenly realized that this little princess was probably listening to the drama with her mother and a group of concubines, and in the love stories performed in the drama, the husband was called the husband, so she liked this title.

"Does your husband prefer me to call my husband?" the little princess asked in a low voice, her cute little face full of crimson, and her little lips pursed slightly.

"It's okay. Whatever you want to call Yongning." Li Yun scratched her little nose and smiled: "Why don't you change your name occasionally as Yongning. You usually call your husband, and occasionally call your husband, husband?"

"Good, good~"

The little princess became even more shy, and then, looking at Li Yun with a pair of shy eyes, she mustered up the courage and called out: "Punma~, Yongning likes you so much~"

"Princess also likes princesses!"

Responding to her feelings, Li Yun was itchy in his heart and couldn't help holding her thin waist, walking upstairs while kissing her.

There are only three people in the family now, and Li Feng has a close relationship with him in Mount Taihuang, and Li Yun can hardly worry about anything.

When she came to the living room on the second floor, the little princess Yongning was already blushing, and she was weak and weak, leaning against the horse and breathing.

"In half an hour, Caiwei will leave school, and we will pick them up when the time comes."

Sitting on the sofa, Li Feng looked at the time and then at the shy little princess. With a smile on his mouth, he said, "My satyr brother, are you planning to eat our little princess?"

Princess Yongning trembled, shyly buried her head on Li Yun's shoulder.

"Half an hour? Am I the one who ended so soon."

Li Yun started a nasty joke, and caressed the little princess's blue silk hair, "The princess is delicate and weak, so let's do it later."

Zhu Shu'e had been ill since she was a child, and her body developed very slowly. She was indeed weak and could not stand up to wind and rain. Even if Li Yun had a recovery pill in his hand, he would not do anything to her.

"You dote on the little princess."

Li Feng chuckled lightly, with a faint trace of sadness between his eyebrows.

"Sister, what's the matter with you?" Li Yun looked at her and asked.

"It's okay, let's go pick Weiwei. I haven't missed them for a week, so let's go shopping for groceries."

"Yongning, let's go out together."

"Good~"

In the evening, the family sat at the dining table and ate happily. During the period, Li Feng answered two more phone calls, and looked very impatient every time he answered.

Chapter 2043: Parents (top)

After eating, Li Yun called Li Feng, and the two came to the balcony.

"Sister, go ahead."

"say what?"

Li Feng lay on the railing, looking upset and depressed.

"Snapped."

Li Yun gave her a lesson and made her scream. Li Yun smiled slightly and said, "Do you know what to say now?"

"Bad brother!"

Li Fengyinya bit his lip and gave him an expression of shame and shame, but he didn't say anything.

Li Yun raised his eyebrows, then raised his right palm in a threatening gesture.

"Huh, come and fight!"

Li Feng turned his head, no matter how he punished, he just refused to say.

"...Sister." Li Yun sighed, "I didn't expect you to become a childish temper. What's hard to say, isn't it because your biological mother found it?"

"You, you!" Li Feng was surprised. He glanced at the three little girls in the living room in a panic, and reached out his hand to cover Li Yun's mouth.

This home... collapsed.

"Come on, sit down and speak slowly."

Li Yun took her to sit on the sun lounger on the balcony, staring at her with a grim gaze, "Sister, you don't need to worry about anything, even if you make it clear about the cause and effect, no matter what happens, I will always be your brother, Caixia Caixia. And will always be your sister!"

Li Yun held her hand and clearly felt Li Feng's hand tremble.

"Li Yun..."

She lowered her head and couldn't help crying.

Li Feng occasionally calls his younger brother's name, because this name matches him, Fengheyun, and Fengfeng is a homophonic, so Li Feng and Li Yun are born.

It's only now that her mother has found... her name in the future.

No, never!

In any case, she will not change her name!

Since the mother abandoned her, there is no reason to disturb her life again!

"I will delete her!"

Li Feng's expression was firm, and when he took out his mobile phone, he would delete the person in the address book.

It was stopped by Li Yun.

"Brother, me!"

"It's no big deal to see it."

Li Yun smiled slightly, "Since your parents left you in the orphanage, no matter what the situation is, they are wrong first. If after meeting you, Li Feng, you think they are too rude and unreasonable, you can ignore them. Feeling in reason, they have no reason to disturb your life, you are Li Feng, not Zhao Feng, Zhang Feng!"

This means that Li Feng is a member of the Li family, a granddaughter adopted by Cai Wei Caixia's grandfather, and has nothing to do with anyone.

It is true that the two gave birth to Li Feng, but they did not fulfill their responsibilities for raising one day. This kind of biological parents is not enough.

Of course, Li Yun will not let her directly refuse to meet with her biological parents. The situation of being a mother might be that Li Feng was abducted and sold, or her parents could not afford to support them and were forced to put them down. Li Yun still recommended her to meet her.

As for Li Yun, he... doesn't matter, his biological parents are strangers to him.

A stranger who hasn't met in eighteen years.

"I'm not going!"

Li Feng turned his head, and the gentle eldest sister became awkward. Now she is not like a sister who cares about her younger siblings, but an unreasonable sister.

"go."

"Don't go!"

"Really not going?"

"Really not going!"

"OK then."

Li Yun nodded, and Li Feng was inexplicably lost, and there was another kind of relief.

She really didn't want to see each other, nor did she want the peace of this home to be broken, what kind of parents... she didn't care.

"Caiwei, Caixia, Yongning!!!"

Li Yun turned his head and shouted at the three little girls in the living room: "You come out!"

Chapter 2044: Parents (below)

"You, what do you want to do?" Li Feng's brows pounded, and there was a bad premonition in his heart.

The three little girls came out, and Princess Yongning cleverly rushed into Li Yunqi to act like a baby, raised her head and asked him, "Husband, are the talks over?"

"Still talking, by the way, I announce one thing!"

Li Yun smiled, "Our sister, Li Feng has found her biological parents and will meet them soon!"

"Do not say!"

Li Feng hurriedly tried to cover his mouth, but Li Yun had already spoken, causing the three women to look at her in surprise.

"what?"

"Huh? Sister, have you found your parents?"

"Great~!"

Princess Yongning is the most innocent. She clapped her hands and smiled and said to Li Feng: "Congratulations to my sister for finding a relative...Huh? Is my sister unhappy? Shouldn't it be happy to be reunited with relatives?"

In ancient times, due to wars and poverty, it was a normal phenomenon to be separated from relatives. Princess Yongning had heard many similar things in the palace.

So for her, it is a joy to find her relatives.

"It's worthy of joy."

Li Yun smiled and said to the three little girls: "Your eldest sister and I will go to see each other, but you can rest assured that the eldest sister will not leave you alone!"

"Well, I believe my sister." Caiwei was still in a trapped state, this incident was too sudden.

"I also believe in Big Sister!" Caixia nodded.

"you.....!"

Looking at the two lovely sisters, Li Feng's eyes were tearful, and a warm current gushed in his heart.

This home is where her soul can live, no matter what her biological parents say or do, she will never leave this home!

"Okay."

Li Yun said to the three little girls: "You go back to watch TV first, and I will have a good chat with Li Feng."

"Good~" x3

The three women went back obediently, leaving space for the two to get along alone.

"sister."

Li Yun smiled at her, "Don't you think it's solved now? The matter is not as complicated as you think. Caixia and Caiweihe will not leave them because they think you have found your parents. We are a family. These things between the family shouldn't have been concealed, right?"

".....sorry."

Li Feng apologized honestly, and now she felt that she was not a sister in front of Li Yun, but an immature sister.

In other words, she and Li Yun really don't know who is bigger. The knowledge girl was more sensible when she was young, so she became the sister.

"Now can I talk about the ins and outs of the matter?"

"Um."

Li Feng glanced at the living room, blushing and slipped into Li Yun's sorrow.

She needs Li Yun's embrace now.

"Actually, I saw my sister more than a month ago."

"Your sister?"

"Well, Zhuang Siliu..."

Half a month ago, when Li Yun was not at school, Li Feng was stopped by a secretary-like person after leaving school after school. In a white BMW car on the side of the road, she saw her sister, Zhuang Si Liu.

"I was... very scared and couldn't remember exactly what I said. In the end I fled back because the college entrance examination was approaching and I didn't want to be distracted, and didn't talk to her too carefully."

Li Feng bit her lip, "She... seems to have a lot to say to me, and I can see that her eyes are full of guilt, but I am... anyway, that's it, I don't want to be... I didn't even ask her. Why."

Her hesitation made Li Yun even more convinced that Li Feng actually cares about the family.

Chapter 2045: Uneasy Li Feng

However, Li Yun has a question: "Sister, how can you immediately judge that the other person is your relative? I remember that you don't have any recognizable tokens on your body?"

There is no such thing as a token on Li Yun. If he insists on saying that there is any difference, only Li Yun, who was in the baby state at the time, was wrapped in a piece of cloth.

A piece of very high-quality cloth was sold to a wealthy businessman for 1,000 yuan by the person who picked it up, and then he was sent to the orphanage.

The wealthy businessman has long been missing, and Li Yun is not interested in looking for it.

"Well...you can tell at a glance." Li Feng replied embarrassedly.

"At a glance?"

"It's just that she looks very similar to me, standing together like sisters..."

When speaking, Li Feng's face was a little blushing, and there was a different kind of joy in his eyes.

Li Yun probably understands her feelings.

If only his parents found it, maybe Li Feng would not be so excited yet.

But if someone who is very similar to you, looks similar, about the same height, and looks almost the same stands in front of you, you will have a sincere feeling of "Ah, she is my relative."

"Then how did she find you? Did you ask her?"

"Yes, she said Director Zhang Ke told her."

"Director Zhang Ke..."

Li Yun remembered. He once took Li Feng to meet Director Zhang Ke. At that time, the other party's expression was a little weird, and he was suspicious.

"Your sister is also from the entertainment industry?" Li Yun asked again.

"Not really, but—"

Li Feng wanted to speak again, lowered his head and remained silent for a long time before replying softly, "My mother...no, that person is Zhuang Mengdie."

Zhuang Mengdie is named after Zhuang Zhou Mengdie.

Li Yun understood.

The name Zhuang Mengdie was unknown to everyone twenty years ago.

"Sister." Li Yun covered her little hand and said firmly: "Tomorrow, or the day after tomorrow, you ask them out, I will accompany you to see you!"

Li Feng was a little panicked, his eyes dodged and did not dare to look at him, and he said, "Then, then... the day after tomorrow, right?"

Choosing the day after tomorrow means that she still has a lot of anxiety in her heart and is afraid to face it.

Li Yun smiled slightly: "Okay, then the day after tomorrow, I will accompany you!"

"Um....."

Li Feng stopped talking. After a long period of silence between the two, she whispered, "Brother, tonight...accompany me."

"Okay!" Li Yun smiled and comforted her tonight.

Presumably his sister is full of contradictions and anxiety in her heart now.

Sure enough, Li Feng at night was very enthusiastic, or almost crazy, venting his inner emotions.

Until the morning, after crying, tired Li Feng fell asleep.

"..."

Li Yun let out a sigh of relief, cleaned her body, and changed the sheets before accompany her to sleep.

Time passed quickly, and soon came the next day.

Li Feng became more agitated, as if waiting for the college entrance examination...No, I never saw her so nervous during the college entrance examination.

"Brother, can I go in this suit?"

"Of course, you are not going on a blind date. What are you afraid of?"

"I'm just afraid... I'd better change one."

"Brother, what car shall we take? Do you want to borrow a car?"

"Ah! I haven't asked her where to meet, coffee shop? Restaurant?"

Li Yun watched her sister go around in circles. Fortunately, her appointment was at nine o'clock in the morning. If it was an afternoon appointment, Li Yun was worried that she would retire from anxiety.

"Brother, will Caixia and I go with me?" Cai Wei asked, she was also very curious about her sister's parents.

Chapter 2046: Meet

"Brother, will Caixia and I go with us? We can ask for leave." Caiwei asked, she was also very curious about her sister's parents.

The results of the sisters are very good, it is still possible to ask for a leave.

Li Feng became even more nervous when she heard what her sister said.

"Not going for the time being, you should go to school."

Li Yun shook his head: "We still don't know the other party's character and purpose. It is not good to go to too many people. Don't worry, sister, this time we are going to see a friend. Don't be so nervous!"

Li Feng glanced at him bitterly, and when he met someone who looked like you, how could he treat her as a friend.

Li Yun could only smile wryly.

"Sister, come on!" Caiwei held her small fist and cheered her elder sister. Caixia also smiled and hugged Li Feng, and said like a joke that the eldest sister would definitely not leave her.

With the comfort of two lovely sisters, Li Feng relaxed a lot.

"Okay you two, go to school."

After sending away the sisters, Li Feng looked at Li Yun, took a deep breath, and said slowly: "Let's go to the old house to meet them. Don't drive, just walk."

The old house, that is, the two-bedroom and one-living room before, was very narrow.

There used to be the place where the four of Li Yun lived with their grandfather, and it carried the childhood memories of his and Li Feng's sisters.

"it is good."

Li Yun agreed.

Princess Yongning stayed in the room to sleep, the two of them went out, left the community and walked towards the old house.

Li Feng didn't say anything along the way, just holding his hand, his expression fluctuated, nervous and resentful; there was excitement and relief.

No matter what, she will meet with the family and talk about it later.

The community was a bit far away from the old house. Li Yun found a shared bicycle and carried Li Feng forward, and finally returned to the door of the old community.

"Sister, are you ready?"

Li Yun smiled and looked at her. At this moment, the system prompt sounded.

"Ding, trigger the option event, please choose from the host:

Option 1: Accompany Li Feng in to see her relatives, reward a purple gift bag*1, and Li Feng's exclusive gift bag*1.

Option 2: Let her go in alone, no reward.

Option 3: Leave with Li Feng and never meet with relatives anymore, reward Li Feng's exclusive gift bag*2, destiny gift bag*1, skill: Rootless duckweed (the host becomes indifferent in his heart and no longer cares about his own origin, If you don't recognize your parents, don't recognize your origin), there is a great probability that your life will be different. "

What option is this?

Li Yun frowned. It was the first time he saw that there was a high probability in an option event.

He couldn't help but glanced at Li Feng. If he didn't let his sister see her relatives, would life change?

Why?

Is it possible that Li Feng's relatives are unusual?

Moreover, the destiny gift bag is also very suspicious. Li Yun has never seen such a thing, what is in it?

For a moment, Li Yun really wanted to choose this one.

"Brother, what's the matter?" Li Feng looked at him anxiously.

"No, nothing, let's go!"

Li Yun shook his head, parked his bicycle on the street in front of the community, and glanced at the white BMW on the opposite side.

This is a luxury model, not many in Longyang County.

"Well, let's go in!"

Li Feng took a deep breath and walked into this old community again with Li Yun.

After she entered, two stylishly dressed women wearing sunglasses came out of the white BMW.

"Si Liu, it's her, it's really her!!"

One of the middle-aged beautiful women, looking excitedly at Li Feng's back, tears burst into her eyes.

Chapter 2047: Nian Liu

"Ah, the old lady will come out and see, see who is back!"

"Oh, it's actually Li Yun and Li Feng, brother and sister!"

"Look at your memory, what kind of brothers and sisters, distinct siblings, Li Feng is the elder sister!"

"Oh yes yes, getting old and old, alas, since the death of old man Li, it has not been easy for the four members of the Li family!"

"Just come back, just come back! This will always be your home!"

When Li Yun and Li Feng appeared in this old community, they immediately attracted the attention of many old men and women who had gotten up early to exercise. They enthusiastically gathered around to greet them. Li Yun responded with a smile and said hello one by one.

Li Yun and Li Feng are familiar with most of the people in the district.

After all, this is the place where the two have lived for more than ten years. There are still two childhood friends in the community, but most of them are not at home.

"Sister, did you see it?"

After getting rid of these enthusiastic grandfathers and aunts for a while, Li Yun smiled and said to Li Feng: "Even if our grandpa passes away, we still have our roots here, don't they?"

Li Feng nodded slightly.

She realized in a daze that the root does not necessarily refer to the blood connection, but more to the childhood memories. There are many memories of her and Li Yun, which carry many beautiful things.

Here is the hometown.

"Sit down."

Li Yun took her to sit on the stone bench in front of the community. The community was very old and very old. He had almost no change from the childhood, and remained the same-in fact, he only moved here not long ago. Because I have experienced so many things during this period, I have such feelings.

"Brother." Li Feng smiled suddenly, and pointed his finger at a stone bench nearby: "I remember you climbed up when you were a child, and the stone table fell and almost crushed you. After returning, he was given a good lesson by his grandfather. "

Li Yun looked embarrassed, "Don't mention these scandals."

"Hehe, I have to mention it, it's rare to come back~"

Li Feng said happily, she knew that after the college entrance examination results came out, it would be difficult for them to return here after they moved to Zhonghai City.

It will be possible that this community will be demolished and will not be seen at all.

"If you want to go back, isn't it possible to go back at any time?"

"Hate, I don't know the mood at all, how can I feel the sense of ritual when I come back casually?"

The two chatted casually, and Li Feng's tension dissipated a lot.

It didn't take long for Li Yun to look towards the entrance of the community. Li Feng realized something, turned his head to look, and suddenly his body trembled, his eyes filled with disbelief.

Walking ahead are two women with outstanding figures and beautiful faces. One of them is similar in height and appearance to Li Feng, but is slightly older, with extremely cold personality and temperament, like a person in charge of several thousand horns. The president who kills the power of life.

Li Yun saw a trace of the female president Shan Ruqing on her body.

The other is a middle-aged beautiful woman with a gentle temperament. She looks very similar to Li Feng and the women who accompany her. It is almost certain that she is Li Feng's mother!

"Read, Liu!"

The middle-aged beautiful woman looked very excited, her lips trembling with lip gloss, and tears filled her eyes.

After seeing Li Feng, she almost couldn't walk, relying on the support of the glamorous female president, she walked in front of Li Feng.

"I!"

Li Feng was at a loss. She vaguely knew that this name was her real destiny... No, she was called Li Feng. Even if the name Zhuang Nianliu was given to her by her biological mother, she would not recognize it!

Li Feng had only one thought in his mind at this moment: Why? Why did you throw me away eighteen years ago? !

Chapter 2048: Mother and daughter

The middle-aged beautiful woman was emotional, the glamorous female president had a complex expression, and Li Feng was silent and hesitant to speak. All kinds of complex and turbulent emotions revolved between the three, which can simply torture the dead.

Li Yun smiled slightly and said to the mother and daughter: "Two, let's go up and talk later, how about?"

The middle-aged beautiful woman looked over, and the glamorous female president glanced at him, nodded, and said in a flat tone: "Okay."

The tone was flat, but there was a vague alienation, completely different from her attitude towards Li Feng.

Li Yun didn't care too much either. The two of them were strangers in plain terms, so they couldn't be mad at this.

He believed that even if he and the two fell out, Li Feng would always be on his side!

"Please!"

Li Yun made a gesture, pulled Li Feng's hand, and walked towards the stairs first.

Li Feng's glamorous and glamorous female president's sister noticed the movements of the two just now, her brows frowned slightly, and she seemed to dislike that Li Yun was too close to her sister.

"Girl Li Feng!" Seeing Li Yun going upstairs, an aunt who had been watching for a long time couldn't help but come up and strike up a conversation. She looked back and forth at Li Feng's third daughter and asked: "These two people are your relatives? I watched. Like your sister and mother!"

"Uh."

Li Feng was embarrassed and didn't know how to answer. The glamorous female president looked at her. As for the middle-aged beautiful woman, she became more excited and couldn't help but step forward and hugged Li Feng, "Yes, this is mine. Daughter, I, I am her mother! My biological mother!"

With that, she couldn't help crying again.

"Ouch!" The aunt couldn't help clapping her hands, "I said, the three of you look so alike. They must be relatives. Hey, poor girl Li Feng has been looking for 18 years, but she has found her relatives." Then he said, "Unfortunately, Old Man Li has passed away, alas!"

A group of aunts and uncles leaned over and discussed and commented.

"Unexpectedly, girl Li Feng has such a beautiful family, tut, no wonder this girl is so beautiful!"

"By the way, this is her mother? She is really young, she looks like her sister!"

"Nonsense, the other one is her sister, this family looks like a rich person, how well maintained!"

"Rich people? Although they look fashionable, they don't seem to be famous brands!"

"I don't know, right? The famous brand is worn by turtles, and the real rich people wear custom-made clothes! Do you know what is custom-made?"

"There is a BMW parked outside the community. Oh, girl Li Feng is really soaring!"

The grandfathers and aunts of the old community are very real. Two of the three sentences are related to money, and they are surprised that Li Feng can have such a wealthy family. They are quite relieved to see the ugly duckling flying to the branch and turning into a phoenix.

Li Feng, Old Man Li's name is really appropriate!

The glamorous female president looked around for a week, her brows wrinkled and tightened, her expression showing impatience and a trace of disgust.

"This auntie."

Li Yun calmly persuaded the onlookers to retreat, and then said to the middle-aged beautiful woman who hugged Li Feng, "Let's go upstairs and talk again. This is not a place to talk."

Hearing this, Li Feng, who was at a loss, came back to his senses and gently pushed the woman holding him away, lowering his head not knowing what he was thinking.

The Leng Yan female president looked at Li Yun's face all of a sudden, and asked indifferently:

"Who are you from my sister?"

"Brother." Li Yun replied calmly.

"Brother? Humph!"

The cold temperament Yu Jie gave a noncommittal snort, and the meaning was self-evident.

Li Yun smiled at her and said, "At the same time, she is also her boyfriend."

Chapter 2049: People are different

As soon as this remark came out, everyone was shocked!

The middle-aged beautiful woman looked at Li Yun in disbelief. Not only did she find her long-missed little daughter today, but she also found her son-in-law?

"Unexpectedly, Li Yun and Li Feng have this kind of relationship. It's amazing, really amazing!"

"What's so great about this? The two are not brothers and sisters, they are equivalent to childhood sweethearts, they are both poor children."

"Hey, that's okay, Li Yun, we know what we know, and we are worthy of Li Feng girl!"

"What does it mean to be worthy? People are in the relationship between brothers and sisters."

There was a lot of discussion around, and almost everyone held a supportive attitude, only the Leng Yan Yujie snorted again.

As if perceiving her unkindness, Li Feng took a deep breath and said firmly: "Li Yun is my younger brother and the person I like. In the future, I will be his ***** sister, and at the same time, he..."

"younger sister!"

Sister Leng Yan interrupted her, but her tone was softer: "You have suffered a lot at the bottom of the society, but sister, I promise you will let you live a prosperous life in the future and don't have to worry about money anymore. !"

She glanced at Li Yun deeply, with a hint of pity in her eyes: "As for others, I can only say: People are different from people."

The meaning is obvious, she has spoken sufficiently tactfully.

Her sister is Zhuang Siliu, not Li Feng, and her brother-in-law will not be Li Yun. She recognizes Zhuang Siliu, but it does not mean that she also recognizes Li Yun and Cai Wei Caixia!

"Ding, the host makes a choice, and accompanies Li Feng to see her relatives. Purple gift bag*1, Li Feng exclusive gift bag*1."

When Sister Leng Yan called Sister Li Feng, the system finally prompted the selection to be completed.

Immediately afterwards, there was another reminder.

"Ding, trigger the option event, please choose from the host:

Option 1: In front of the beautiful mother and daughter, kiss Li Feng, make the mother and daughter crazy, reward evil value of 10,000, golden gift bag*1.

Option 2: Slap the mother and daughter fiercely, let them know the host's awesomeness, reward experience value +100,000, free attribute points +500, and purple gift bag +1.

Choice 3: The wind is light and the clouds are indifferent, the awesome people do not need to explain, the reward: wisdom +1000, money +1.88 million. "

Li Yun focused on the third item, and it took so long to see the option of rewarding money again, but is this too stingy?

With his current assets and strength, Li Yun felt that he was a little bit too small to change from tens of thousands to billions.

"Indeed, people are different from people."

Li Yun said faintly, with a ding sound, 1.88 million immediately got it, this time the reward was simply.

Sister Leng Yan showed a smile at the corner of her mouth, and she looked at Li Yun with a playful look: "Do you think you have a good college entrance examination score, so you have the illusion of standing on top of the world? Do you really understand what strength is? In terms of money, strength in force!"

money? force?

Li Yun laughed dumbly, shook his head and said, "Let's go up first."

"..."

The beautiful elder sister who was ignored, looked at Li Yun's eyes became cold and annoyed.

This bastard, who lives with her sister in such a slum community, thought that he would be invincible by taking a college entrance examination champion?

I don't know how high the sky is!

Does he know how a rich man with an annual income of tens of billions lives? He knows that he holds great power, manages a thousand-person listed company, and can attract media attention with every move, and how does it feel to trigger a big discussion?

Not to mention that there is another kind of invulnerable martial arts in the world, who can kill him with a single finger when he jumps a hundred meters long, does he know?

those people.....!!!

Miss Leng Yan Yu took a deep breath and decided not to care about him.

Chapter 2050: Mother Zhuang Mengdie

The four of them went up to the sixth floor on the top floor. Li Yun took out the key to open the door, and a smell of old and decay came upon his face.

Sister Leng Yan's brows frowned, "I haven't lived here for a long time...Where do you live now?"

Li Feng glanced at Li Yun, and replied proudly: "My brother has made money, so he bought a house, and it's vacant here!"

The middle-aged beautiful woman breathed a sigh of relief and began to examine Li Yun with her son-in-law's eyes.

In any case, he is both a champion in the college entrance examination and has the ability to make a lot of money when he graduates from high school, which is enough to show his ability.

Sister Leng Yan's expression froze for a moment, but her inner self-esteem still made her reluctant to lower her head, and followed in without saying a word.

"Sit down first, let me see if there is any tea..."

Li Feng looked around the room, and then couldn't speak anymore.

There was no one living in this house for several months, revealing a smell of corruption, making people feel that even the tap water has a rusty smell.

"Don't worry about it, come sit, sit..." The middle-aged beautiful woman bit her lip, her eyes filled with indescribable joy, "Beside mom, let mom take a good look at you!"

She stretched out her hand to Li Feng expectantly and wanted to hug her, but Li Feng first glanced at Li Yun and saw that he had no objection, instead sitting next to the middle-aged beautiful woman.

Li Yun really had nothing to say, he was not Li Feng after all, and it was hard to feel what it was like to see his biological parents.

"younger sister!"

Just sitting down, Miss Leng Yanyu couldn't wait to say: "You go back with us, back to Zhonghai City. Our home is there. Don't worry. Although my father is no longer there, my mother and I will take care of you. We... It's a family!"

Speaking of this, this beautiful elder sister who was very indifferent to Li Yun couldn't help showing an expression of excitement and joy. The eyes that looked at Li Feng were even more spoiled, the same as the eyes of her sister when she saw her sister.

Even because of eighteen years of separation, he is even more pampered.

"Dad is gone?"

Li Feng answered subconsciously, and then reacted.

Today is an important day for them to recognize each other, and his absence can already explain the problem.

Li Yun nodded secretly in his heart, and Li Feng called her father, indicating that she had recognized the relationship in her heart, and even the other party did not explain why she was loyal to her.

His sister... is actually a very kind person.

"Yes, Fan Liu has already..."

The beautiful woman looked sad, and Li Feng quickly apologized.

"It doesn't matter."

The middle-aged beautiful woman took her hand and smiled gently: "Zhuang Fanliu, this is your father's name. Just remember Liu if you say it."

"Yeah." Li Feng lowered his head and asked bitterly: "Back then...Why?"

"then--"

The beautiful woman stopped talking, her expression was full of sadness. This sentiment also infected Li Feng and the glamorous imperial sister Zhuang Siliu, and the room fell into silence all of a sudden.

Li Yun said: "Auntie, I haven't introduced myself yet. My name is Li Yun. As mentioned before, Li Feng is your younger brother and boyfriend; Li Feng is your daughter's name. We have lived with

my grandfather all these years. Grandpa passed away two years ago, and there are two younger sisters in the family."

"Oh, oh!" The beautiful woman came back to her senses, looking at Li Yun with a complicated gaze: "My name is Zhuang Mengdie, it's Li Feng-Nianliu's biological mother, I don't think it needs to be identified, see Our looks are fine."

Li Yun nodded.

Indeed, although this Zhuang Mengdie is nearly forty years old, she still maintains her youthful beauty. If it weren't for the motherhood in her temperament, most outsiders would think they were three sisters when they saw the three of them.
