

Godly Choice 2051

Chapter 2051: Sister Zhuang Siliu

After some conversation, Li Yun learned the general situation of this family.

Father Zhang Fanliu (deceased), mother Zhuang Mengdie, eldest daughter Zhuang Siliu, and youngest daughter Zhuang Nianliu, also known as Li Feng.

"Zhuang Mengdie..." Li Yun looked at her: "Are you the famous female singer twenty years ago?"

The former Zhuang Mengdie looks pure and sweet, and has a mellow voice. He is a well-deserved mainstay in the Chinese music scene.

"Green Grass", "Fence Flower" and "Farewell" are all classic songs that have been sung across the country and sold hundreds of millions of dollars. Even though Li Yun had retired from the music scene when she was born, he and Li Feng are still her fans—by his grandfather. Nurtured out.

Unexpectedly, now, I suddenly learned that Zhuang Mengdie was Li Feng's biological mother, and that this legendary song that had retired from the music scene for 20 years appeared in front of them!

Zhuang Mengdie smiled slightly and shook her little daughter's hand and said softly: "I'm just an incompetent mother who owes her daughter too much."

Li Yun looked at her, this beautiful woman has a very peculiar charm, quiet and elegant, dignified and noble, and her temperament is a bit like Gong Lianyi, but she is softer than Gong Lianyi, soft as spring. The drizzle sticks softly on people's faces, moisturizing things silently.

Twenty years of retiring to the music scene did not wear away her beauty, but instead gave Zhuang Mengdie an extra time of precipitation, revealing a dignified atmosphere in her every move.

As for her other daughter, Li Feng's elder sister, she seemed a lot more indifferent.

"do not worry."

Seeing Li Yun looking at her, Zhuang Siliu said flatly: "I will compensate you and your two sisters, so that you will have a good food and clothing in this life. If you want, I can also send you abroad to study and have a future. Bright, smooth road!"

"The premise is that you stop pestering my sister, right?"

Li Yun smiled and helped her to complete, Zhuang Siliu's exquisite and gorgeous face showed anger, but after taking a look at Li Feng, he had to suppress the anger and stared at him with only his eyes, as if he wanted to tell Li Yun: You don't know how to praise!

"Sister." Li Yun ignored her and turned to look at Li Feng: "I believe in the relationship between you and me, but I have always respected your choice."

"I....."

With a sad look, Li Feng plunged into him and hugged tightly.

Zhuang Siliu frowned again.

"Okay, okay, sister." Li Feng patted her on the back, "I believe you!"

"......Um."

As if gaining strength from Li Yun, Li Feng sat up straight, looked at the two people in front of him seriously, and said, "Mom... Aunt Zhuang! My name is Li Feng, not Zhuang Nianliu!"

Zhuang Mengdie's tears burst out again, "I, I'm sorry, read Liu..."

No matter how you argued, it was her fault at the beginning.

"Sister, you--!"

"Listen to me."

Li Feng interrupted her sister's words, her face tense tight: "I know that you must have had countless hardships back then, or were forced to abandon, or lost me, or some unavoidable reason, but !"

She took a deep breath, "I grew up in Longyang County, and I met my brother in an orphanage, and then he was adopted by my grandfather..."

Following Li Feng's narration, the mother and daughter on the opposite side gradually learned what she had experienced over the years, and what Li Feng said personally was far beyond the comparison of those survey data.

Chapter 2052: Recognize

"So, I admit that you are my relatives, my mother, and my sister."

Li Feng's eyes swept in front of them, "But if you want to destroy the relationship between me and my brother Li Yun, and my sister Li Caiwei, Li Caixia, and separate me from my relatives, then I would rather not have you like this. Relatives!"

Her attitude was extremely determined, and Zhuang Mengdie and Zhuang Siliu couldn't help being shocked, and there was a trace of panic and fear in their eyes.

It's not easy for them to find their daughter (sister). If they turn against her, they will regret it and cannot forgive themselves for the rest of their lives!

"younger sister!"

Zhuang Siliu stepped forward to hold her hand, but was avoided by Li Feng, "This condition is the limit, and it is a place where I will never give in!"

Zhuang Mengdie, the retired star who became popular all over the country twenty years ago and made her songs sing on the streets and alleys, now crying red with red eyes, wanting to hug her daughter, but afraid of her disgust Own.

In the strange silence in the living room, Li Feng turned her head away with anger, and her two flesh and blood relatives were full of guilt.

"Ahem, let me say something."

Li Yun spoke, and all three of them looked at him.

"For me and Li Feng, you are two strangers who suddenly appeared." Li Yun said: "I know you may want to say that as long as you are in contact with flesh and blood, family affection is there, but even for Li Feng, everything about you is unfamiliar."

"Family, background, experience, relatives and friends, interpersonal relationships, etc., all these are blank!"

Li Yun calmly looked at the beautiful mother and daughter: "Similarly, you are equally unclear to me and Li Feng. You have never grown up in an orphanage, nor have you ever watched people coming and going. , Longing for the mood of having a home."

"Look here." Li Yun pointed to the surroundings: "Can you imagine? Our family of five used to live here. In this narrow house less than 70 square meters, we live with Li Feng and Caixia. . Can you feel the warmth, hardship, troubles, joy, sorrow, and hope that you have experienced here?"

Li Feng was sour in her heart that she wanted to cry, but her mother, Zhuang Mengdie, couldn't help it. She hugged her tightly in her arms and wept bitterly: "Nian Liu, no, Li Feng, Xiaofeng, it's my mother that I am sorry for you. , Mom, Mom, I'm sorry, it's my mother's fault, my mother...uuuuu."

It is hard to imagine that a former famous singer would cry so sadly, Li Yun lowered his head and did not see this touching picture.

"thank you."

It was the voice of the glamorous imperial sister Zhuang Siliu.

"...At the same time, I want to say to you, sorry."

It's because I didn't care about your feelings, and decided my sister's future affairs without authorization.

Zhuang Siliu quietly wiped away his tears, trying to calm himself down.

"nothing."

Li Yun also didn't expect that his eloquence was so good, probably because the system rewarded a bunch of messy skills.

After Zhuang Mengdie and Li Feng hugged and wept for a long time, the mother and daughter got back together—not quite right, it should be a relief.

Zhuang Mengdie and Zhuang Siliu no longer sought to change Li Feng back to the name "Zhuang Nianliu", but at the same time, Li Feng also allowed them to call themselves Zhuang Nianliu.

In fact, it means that Li Feng has another name.

"Mom, sister."

Li Fengzhan showed his well-behaved side, and after shouting to the mother and daughter, they made them cry again with excitement.

Chapter 2053: Talk and stop

Especially Zhuang Siliu, Li Yun began to think that she was the kind of arrogant guy who didn't know the height of the sky when she had a little money in her hand. He didn't expect that now Li Feng called her sister, which would make this glamorous female president smile. It's very beautiful.

"Mom, you can tell me now," Li Feng looked at Zhuang Mengdie, "What happened back then?"

Li Yun's gaze was also on this middle-aged beautiful woman, who is also a retiring singer.

He also went back to the orphanage when he grew up, and he knew many of the reasons for being abandoned.

First, the offspring born have congenital diseases, lack of hands and feet, heart disease, etc., this is also the most important reason.

Second, they are unmarried and have children under age.

Third, the family is difficult to raise.

Fourth, I want a son.

Fifth, lost.

These four reasons are unlikely in Li Yun's opinion. He and Li Feng are healthy, free of congenital diseases, and handsome and beautiful when they grow up. This is one of the reasons why they can be adopted by grandpa soon.

Moreover, the middle-aged beautiful woman in front of her has a noble temperament, not because she developed into a star later, but because she has a good background, she can't afford Li Feng.

Moreover, even if a person of noble origin despises his daughter, it is impossible to abandon Li Feng, at best it is not taken seriously.

Therefore, Li Yun has reason to suspect that Zhuang Mengdie and his wife lost Li Feng, who was still in the infancy, due to some reasons.

Of course, because of Zhuang Mengdie's identity, Li Yun also thought of a terrible reason:

Zhuang Mengdie wanted to continue his career in film and television, so he concealed his marriage and childbirth.

But just think about it and it's impossible.

Zhuang Mengdie didn't need to throw away Li Feng, he only needed to send a nanny to take care of her. Li Yun didn't pay attention to her after retiring from the music circle for a few years, but theoretically, it should have been before Zhuang Siliu was born.

"Nian Liu..."

Zhuang Mengdie's tears fell again, and she hugged Li Feng in tears, "Back then, what happened back then... If you want to blame it, it's your mother. It's your mother's fault. All the sins are the mother's. In the next life, the mother will surely make up for it. You, you, you must not blame your father!"

Li Yun frowned.

Needless to say, there must be a terrible reason for this. Li Feng's father, Zhang Fanliu, is probably the son of a big family. He married the female star Zhuang Mengdie. The family is unhappy, so there is a follow-up series. Things.

"Huh~"

Li Feng took a deep breath, then spit it out slowly, blinked and wiped away the tears.

Knowing her own life experience and guessing why she was discarded gave her a sense of relief.

Any child whose parents are not around will ask and perplex one question: Why do I not have parents?

"Mother!"

Li Feng held Zhuang Mengdie's hand and said with tears: "I just want to know what happened back then. I also know that you want me not to blame him, but I really won't blame someone who has passed away. People, I just want to...know an answer!"

"Mom, I...!"

Zhuang Mengdie looked sad, and shook his head after a long while, and said bitterly, "Nian Liu, don't ask any more, okay? Mom will definitely compensate you in the future, and your sister, she will also love you..."

Li Feng still wanted to ask more questions, but was stopped by Li Yun, and shook her head to her, meaning to wait until later.

"Sister, I..." Zhuang Siliu hesitated to speak, and finally sighed: "I would rather I was my sister back then."

Chapter 2054: You want to have it

Um?

Li Yun glanced at her, meaning that his sister would be abandoned? Or is there any accident that happens when you are born late?

It's not right, she and Li Feng are not twins, they are several years old.

At this moment, a loud and urgent voice came from the stairs outside the door:

"Mengdie, are you here?!"

Hearing this man's voice, both Zhuang Mengdie's and Zhuang Siliu's expressions changed drastically, and Zhuang Siliu even stood up directly, looking at the door with indifferent eyes.

Li Yun gave his sister a calm look and looked outside the door.

The door was not closed because of the need for ventilation, and soon the man who had been shouting found here.

"Mengdie, Si Liu, finally found you!"

The man who walked into the door said with a full face that he was about forty years old, but he was well maintained and he was only in his early thirties.

Li Yun noticed that he walked very steadily and lightly. He was obviously a person who had practiced martial arts.

Judging from the performance of Zhuang Mengdie's mother and daughter, this man is probably pestering them and pursuing one of them.

really.

As soon as he came in, he wanted to come over and grab Zhuang Mengdie's hands, but was blocked by Zhuang Siliu, looking at him with cold eyes: "What are you doing? Who told you that we came to Longyang County?!"

She gritted her teeth and hated in her heart, she couldn't think that the people around her had also been bought by him!

"Hehe, where is Mengdie, where I am, besides Si Liu, is this your tone of voice to the elders?"

The middle-aged man smiled indifferently and looked at the other two people present. After ignoring Li Yun, when he saw Li Feng, his mouth tickled, as if he was very satisfied with her.

"Humph!"

Li Feng turned his head, and the first impression of him was extremely bad. This person's eyes circled her and her mother and sister, almost no need to guess what idea he made. It was just that he wanted to give them all three at the same time. ...

"What a pretty girl!"

The frivolous middle-aged man wanted to take a step closer to Li Feng, but was stared at by Zhuang Siliu, and coldly shouted: "Stop! I don't allow people like you to approach my sister for half a minute!"

"younger sister!?"

This person's eyes brightened a bit, and his gaze patrolled over the three of Zhuang Mengdie almost unabashedly.

Facts have proved that Li Yun is still a little too pure, he guessed wrong.

Zhang Fansong didn't want one of Zhuang Mengdie and Zhuang Siliu, but both! And also thinking about collecting Li Feng together!

Really knowing whether to live or die.

The corner of Li Yun's mouth bends slightly, revealing a sneer.

"Ding, trigger the option event, please choose from the host:

Option 1: Without further ado, punch the man in front of you with one punch, reward experience value +1 million, all attributes +100, purple gift bag*1, Zhuang Nianliu favorability degree +100.

Option 2: Hold your breath, sit and watch Li Feng being snatched away, furious on the surface, dark in my heart, reward golden equipment: Hu~Ber Prairie Hat*1, Li Feng's favorability degree +100.

Option 3: Watch the show quietly, take action again at critical moments, reward Zhuang Nianliu's favorability degree +100, and Li Feng's favorability degree +100. "

The prompt of the system made Li Yun stunned. Isn't Zhuang Nianliu his sister Li Feng? Isn't Li Feng his sister Zhuang Nianliu?

How come the three options are all 100 favorability... Oh, yes!

Li Yun remembered the two daughters of Tang Anxi and Song Xi, and suddenly guessed what was going on!

Chapter 2055: Ding, the belated red envelope

It turns out that the cheating system only prompts Bai Fumi's favorability value, but it is not willing to mark the favorability value. Before Li Feng was just an ordinary schoolgirl beauty, even though it was his **** sister, the system still did not give a good impression. Sensitivity data.

It was not until Li Feng was reunited with her relatives and had two rich men, mother and sister, that she became Bai Fumei.

Therefore, the favorability is naturally 100 points all at once!

Li Yun thought about it and chose option 3.

"Ding, the host makes a choice, quietly watch the show, reward Zhuang Nianliu favorability degree +100, Li Feng favorability degree +100, additional reward: Li Feng exclusive gift bag*1."

"Ding, congratulations to the host for obtaining Li Feng (Zhuang Nianliu)'s full favorability, and rewarding a red envelope."

it is as expected.

"Really cheating!"

Li Yun complained in his heart that this time the red envelope was the ninth one. Last time, it was Hu Xiaomeng. Although Hu Xiaomeng did not have an exclusive gift bag, he made a special choice from the red envelope, which is also regarded as an exclusive gift.

This time Li Feng received two exclusive gift bags from the system. What will he offer?

"It turned out to be a niece."

The frivolous middle-aged man smiled and looked at Li Feng's graceful figure. After comparing it with her mother and sister, his heart became more and more fierce, and he said:

"I am your father's younger brother, that is, your uncle. My name is Zhang Fansong. You can call my uncle for my dear niece! By the way, uncle doesn't know your name yet."

"Li Feng."

When Li Feng reported her name, she gave him a cold look, then looked at the mother she had just recognized, "Surname Zhang? Isn't it Zhuang?" She thought her parents were both surnamed Zhuang. Hidden.

Zhuang Mengdie only smiled bitterly. She didn't want to mention the name of Liu's father before, just because she didn't want her little daughter to know Zhang's family.

Now it seems that she miscalculated again.

"Naughty!"

Zhang Fansong scolded with a majestic expression, "As a descendant of the Zhang family, how can you be named as Zhang Feng?"

Just as Li Yun wanted to talk, Li Feng's sister Zhuang Siliu sneered: "Uncle, I don't have a surname!"

Zhang Fansong's expression was a little embarrassed, and he showed a sceptical smile, and said, "Niece, I have improved my right to speak in the Zhang family a lot. I promise to propose to my grandfather that all three of you mother and daughter return to Zhang family. All written into the genealogy!"

As he said, he calmed down a lot, looked at Zhuang Siliu lovingly, and then at Zhuang Mengdie: "This can also comfort my elder brother's spirit in the sky, what do you think?"

Zhuang Siliu fell silent. Li Yun looked at Zhuang Mengdie and found that she had an excited expression on her face, clenching her fists, and seemed quite moved by this proposal.

"Really interesting proposal." Li Yun smiled.

"Who are you?!"

Zhang Fansong looked at Li Yun with a lofty arrogance. Before Li Yun could answer, he said directly: "Okay, you don't need to talk. I guess you are the relatives my niece recognized when she was out. You compensate you with tens of thousands of dollars, and now you can go out!"

He wanted to come, people who live in this kind of house can get tens of thousands of compensation, which is enough to send away these poor guys!

"Ah."

Li Yun chuckled and said slowly, "Let's play a game. Guess how much money I can make by opening a red envelope in the next second? Well, if you can guess a correct number, I won't beat you today. I vented my breath."

"What did you... just say?" Zhang Fansong couldn't believe his ears, so he beat him to vent his anger?

Chapter 2056: 18.8 billion per second

The cold-tempered female president Zhuang Siliu also looked at him with a surprised look. Did her ears have a problem just now? Does the college entrance examination champion in front of him really feel that he is invincible and unstoppable?

Only Li Feng Jiao glared at Li Yun: "Brother, don't mess around, he is..."

To be honest, Li Feng didn't really want to recognize this uncle, not even the least.

Li Yun shrugged, "I just want to liven up the atmosphere and give him a chance to avoid being beaten up by the way."

Zhuang Siliu, mother and daughter were speechless, they thought Li Yun was crazy.

"hehe."

Zhang Fansong sneered, folded his hands on his chest, and looked at Li Yun with cold eyes: "Then I guess 10 billion, you can make 10 billion in one second! Hehe, what am I right or wrong?!"

He deliberately said an obviously wrong data, and the threat is self-evident.

Li Yun's expression became weird, this guy... a bit interesting.

"System, open the red envelope!"

"Ding, congratulations to the host for getting the reward from the ninth red envelope: money*18.8888888888, skill: man's responsibility (to make the host more masculine, girls will think you are a responsible and responsible man .

There are skills in every red envelope, which makes Li Yun wonder if he can become a perfect man by opening more red envelopes?

Sometimes sunny and handsome, sometimes gloomy and handsome, sometimes innocent and cute, sometimes mighty and domineering, and can be big and small...

"you guessed right."

Li Yun converged his thoughts with a wonderful expression: "I just opened a red envelope and opened 18.8 billion, barely the number you guessed, so today, you can avoid my beating!"

The scene froze in an instant.

What kind of red envelope can give out 18.8 billion? Are you kidding red envelopes?

"act recklessly!"

Gritting his teeth and popping out a few words from his mouth, Zhang Fansong indifferently raised his palm to Li Yun.

"Uncle!"

Zhuang Mengdie hurriedly stopped him, Zhang Fansong's hand was still in the air, and he looked at Li Yun with a grim look, and finally fell.

"If there is another time, I will not forgive you!"

Zhang Fansong said sharply, this time even Zhuang Siliu didn't dare to face him, and only warned Li Yun severely with his eyes, telling him not to seek death again.

"I want to see what you call Ding Zhan Bu Rao."

Li Yun's words once again changed the expressions of everyone in the room.

"Hehe, it's a pity, people have to say what they say, so I won't beat you today."

Li Yun smiled at Zhang Fansong, "Well, I don't hit you with my hands, but I still can't control my mouth. I want to spray you, a bad person."

Zhang Fansong's face was terribly gloomy.

Zhuang Siliu really couldn't figure it out. Why would he be so arrogant as a top student in the college entrance examination, thinking that he was tall and strong enough to beat him?

In other words... the information collected by her secretary is wrong, he actually has another identity?

A cold light flashed in Zhuang Siliu's eyes. Today she and her mother came to Longyang County to find Li Feng. Only her driver and secretary knew that one of the two must have betrayed her!

"To say that you are a bad person, I have reason and evidence. One."

Li Yun held up a finger, "You are arrogant or ignorant, as you can see from your previous self-introduction."

Self introduction?

Li Feng recalled it again, and quickly found out what was wrong, and looked at Zhang Fansong with a weird expression: "You actually call yourself "Famous Taboo"... This is a sick sentence, no, this is simply a wrong usage!"

Li Feng, who had just finished the college entrance examination, was naturally sensitive to sick sentences, but was attracted by his surname at the time.

Chapter 2057: Still have to slap

"What's wrong with the name taboo?" Zhang Fansong's face was gloomy, "there is a saying: Excuse me, the name taboo, this is not a question..."

He suddenly realized that in this common sentence, the teacher is connected with the name taboo, that is, the word name taboo is not used as self-proclaimed!

"Stupid." Li Yun shook his head, "I don't even know this. You didn't even graduate from elementary school when you wanted to come. Is it because you were poor at home and couldn't read books when you were a child?"

"you!"

Zhang Fansong's face was green and white, and Zhuang Siliu showed a mocking smile: "I don't know how to learn, my mother's evaluation of you is very appropriate!"

"Does your face hurt? Anything else."

Li Yun smiled and said: "You just said that you want to recommend your aunt, this Miss Zhuang, and my sister to join your family tree?"

"good!"

"Then why didn't you propose it more than ten years ago, and did you mention it until now?"

"hehe."

Zhang Fansong sneered, consciously regaining a bit of face, and his tone became arrogant again: "My eldest brother found a female Ming outside...a woman who is not valued by my father, and the elders have always refused to admit it."

He changed his mouth in time, but Li Yun still heard what he was going to say: a female star.

In the eyes of many wealthy families, female stars are nothing more than actors, and they are not qualified to marry a wealthy family. Even if they are a well-known star like Zhuang Mengdie, they can't!

Zhuang Mengdie's expression was obviously dimmed.

"It's me!" Zhang Fansong smiled triumphantly, "It is because I have been lobbying for more than ten years, and I have moved with emotion and reasoned, and I have recently taken up an important position in the family that has allowed the elders to relax. the meaning of!"

Then, he comforted him with a soft tone: "Mengdie, don't worry, I will definitely let you and your two daughters return to the family, so that the names of Si Liu and Zhang Feng can be included in the family tree!"

Zhuang Mengdie glanced at him subconsciously, then quickly lowered his head, not knowing whether he should believe it or not.

Li Yun knows that people who grew up in large families usually value family inheritance, and that their names are removed from the genealogy, which is tantamount to an upheaval and the collapse of the spiritual pillar.

Maybe Zhuang Mengdie was not from a big family, but her husband, Li Feng's dead father, must care very much!

"That's it." Li Yun looked at Zhang Fansong and smiled slightly: "If your Zhang family recognizes the identity of Aunt Zhuang and the identity of Miss Zhuang and my sister's daughters, then you and Aunt Zhuang, will they not be in the future? 'family'?"

"of course!"

Zhang Fansong patted his chest to promise that he would let his grandfather, the head of the Zhang family, hold a presbytery meeting and let the elders of the family agree to the three return to the family!

family?

Perceiving Li Yun's aggravated tone, Zhuang Siliu suddenly woke up, his cold face was full of anger: "You are lying! You are deceiving my mother!"

"Niece, how can you say that I lied for no reason?" Zhang Fansong furiously turned and walked out the door: "You failed to grow up in the influence of the family, so rude and rude, it seems that you really don't need to grow up. Include you in the genealogy!"

"Uncle, no, it's not." Zhuang Mengdie, who has a gentle personality and single-mindedly wanted to fulfill her husband's wish before death, was anxious. She stood up and tried to stop him, but was persuaded by her daughter.

"Mom, don't believe this guy's nonsense!"

"Humph!"

Standing at the door, Zhang Fansong stopped abruptly again, his expression increasingly unhappy, "Do you really want to go back to the family?"

Zhuang Siliu glared at him: "Zhang Fansong, let me tell you, as long as there is me Zhuang Siliu in one day, your conspiracy will never succeed!"

"Hurry up, otherwise I will tell Grandpa Wu about this!"

Chapter 2058: Get out

"When you return to Zhonghai City, let's see how I clean up you! Grandpa Wu? Humph, he won't live long!"

After leaving a ruthless word torn his face, Zhang Fansong walked away, his face was full of sullen and gloomy expressions, making Zhuang Mengdie's face more sad and sad, and he didn't know what to do to protect his two daughters.

"Zhang Fansong."

When he came down to the corner of the stairs, Li Yun chased him out and looked at him condescendingly.

"Boy, are you really looking for death?"

The anger in the chest of Zhang Fansong, who was called by his name, reached its limit, and he raised his head and stared at him viciously.

The moment Li Yun met Li Yun's star-like eyes, an inexplicable force melted his anger.

"Om!"

Immediately afterwards, Zhang Fansong's brain was hit by a sledgehammer, becoming chaotic, unable to clearly think about where he was and what he was doing.

"Stairs are suitable for rolling. People like you should roll down."

The vague voice pierced Zhang Fansong's ears, like an electric current spreading throughout his body. There was only one thought in his dizzy brain: Get off!

"what are you doing?"

Zhuang Siliu walked out, looked down, her eyes widened with beauty.

Zhang Fansong, the grandson of the Patriarch of the Zhang family, was in a social place on the roads in and out of Zhonghai City. Zhang Fansong, who no one looked at him high, actually rolled down the stairs gruntingly? !

"how is this possible!!!"

Zhuang Siliu hurriedly stepped down with high heels and looked down again. The nasty guy who had entangled their mother and daughter for several years really rolled down the stairs from the sixth floor to the first floor.

And in the weird and surprised eyes of many grandpas and aunts, they rolled to a black sports car and lay on the dusty ground all around. His high-end clothes were covered with dust, his hair was messy, and his face was red and swollen. I bumped into something while rolling the stairs.

"Tsk tusk." Li Yun smiled at Zhang Fansong who was still in confusion on the sixth floor: "Brother Zhang is really childlike, but next time you want to play slides, it is best to go to the children's amusement park and roll directly on the sixth floor. It's too shameful!"

A group of grandparents continue to be dumbfounded, rolling the stairs? Is this helping them wipe the floor? Rolling on the sixth floor, it's a blessing not to die!

"Puff!"

Standing beside him, Li Feng couldn't help but laugh, stretched out his hand to pinch his younger brother's waist, and whispered: "What good did you do? Be careful to cause trouble to my mother and sister. That guy will definitely get revenge. ."

"Hey, just play around, don't worry, I will solve it."

Li Yun's move just now was not just a prank. In addition to watching Zhang Fansong give him a lesson (without beating), it also meant to test his strength.

Now it seems that Zhang Fansong can't handle a divine mind attack from him, and his strength is at best in the acquired realm, and he hasn't reached innate.

After acquiring divine consciousness, Li Yun felt more and more that its effect was against the sky. Now he can attach divine consciousness to every word and deed, and a single sentence can make ordinary people feel ashamed and have suicidal thoughts, which is stronger than any psychological suggestion. Much!

"What did you just do?"

Stepping back on the high heels again, Zhuang Siliu asked, his eyes full of weirdness.

Li Yun smiled and said, "Didn't I just tell you? I just let someone like Zhang Fansong roll down. I didn't expect me to be upright and upright. I succeeded in deterring him, making him feel guilty and embarrassed, so I actually rolled straight down, alas. , I didn't expect me to be so good."

"Puff~" Li Feng couldn't help but smile again.

She knows more of her brother's extraordinary methods, and doesn't care about the situation in front of her at all.

But her sister is different.

Zhuang Siliu took a deep look at him, then turned back to the house.

Her mood... is extremely complicated.

Chapter 2059: Unravel (on)

"Damn it, what the **** is going on!?"

Sitting back in the car, Zhang Fansong, who was so dirty, came back to his senses and found that he was very angry. He patted the steering wheel fiercely, wishing to go upstairs and ask that kid to understand!

His last memory was that Li Yun walked out and said something to him, then he walked downstairs in a daze, seemed to fall on the road, and then returned to the car.

But even in a wrestling, it is impossible to fall full, let alone remember nothing!

"Did I have a concussion and amnesia?!"

Zhang Fansong was shocked. He was born in a family of Jianghu, neither learning nor skill nor fake, but he still knows a thing or two about modern mental illness, and he knows about concussion.

Thinking that there might be problems with his brain memory, Zhang Fansong didn't care about the three sisters, the mother and daughter upstairs, and started the car to accelerate back towards Zhonghai City.

He is going to the hospital to check what is going on!

...

"Si Liu..."

Inside the room, the beautiful woman Zhuang Mengdie wanted to say something but stopped, trying to blame her eldest daughter for being so impulsive, but she couldn't speak, she could only sigh deeply.

"Mom!" Zhuang Siliu hugged her, and said bitterly: "I know you want your father to return to the Zhang family genealogy and let our sisters' names be registered, but..."

She gritted her teeth and cursed: "But it's so easy for a villain like Zhang Fansong to promise you!"

Li Yun nodded slightly. It seemed that his sister's older sister, Zhuang Siliu, was a bit arrogant and rude, but she still cared about her family. His love for sister Li Feng was also from the heart.

"How do you know?" Zhuang Mengdie still has a glimmer of hope. The gap between her and the Zhang family is too great. Even if she has made some achievements over the years, it is no different than Zhang Jia.

Zhuang Siliu's face was reddened, turned his head, and said, "Is there any reason in the world that my uncle and my sister-in-law are collaborating with each other..."

She wanted to talk about sex, but the middle-aged beautiful woman in front of her was her mother. Zhuang Siliu changed her words in time.

The graceful and graceful woman blushed and lowered her head silently.

Why didn't she understand what the eldest daughter meant.

Zhang Fansong was spying on her sister-in-law. The reason he didn't dare to use strong was because his eldest brother left a servant to protect them, mother and daughter. Zhang Family Patriarch.

Although Zhuang Mengdie was not recognized by the Zhang family, the exposure of this scandal would still humiliate the Zhang family. Then Zhang Fansong would not be able to eat it!

Therefore, in order not to be constrained by the secular ethics of his sister-in-law and uncle, Zhang Fansong will never allow Zhuang Mengdie to return to the Zhang family!

What he said just now was nothing more than trying to fool Zhuang Mengdie in order to achieve his ulterior motive.

"Si Liu, I'm sorry, mom."

Zhuang Mengdie was full of guilt, Zhuang Siliu opened his mouth to comfort her, but was interrupted by Li Yun.

"I want to ask auntie one thing."

Li Yun smiled slightly, and Zhuang Siliu glared at this guy. He must have been before revenge.

"Excuse me."

"Is it the decision of my sister Li Feng's father to return to the family and list the genealogy, or did you decide it yourself?"

"What's the meaning?"

Zhuang Mengdie looked at him in surprise, and Li Yun said faintly: "Your husband, Li Feng's biological father, is born in one of the four major families of the rivers and lakes, and is also the grandson of the contemporary paternal master. It is reasonable to say that it is not expensive. In other words, why did he marry your aunt despite the opposition of the family and gave birth to two daughters?"

Zhuang Mengdie was shocked, unable to speak for a long time.

Li Yun smiled and answered Zhuang Mengdie, "I think in his mind, you, Li Feng and Miss Zhuang are far more important than family."

Zhuang Mengdie couldn't help crying again.

After being glared at by Zhuang Siliu again, Li Yun decided to cut the mess quickly and said: "I think returning to the family is not the only option. As long as you live happily, your husband in the Spirit of Heaven will also be pleased."

"And!" Before Zhuang Mengdie reacted, Li Yun said again: "Even if you don't return to the family, you can still have the honor of the Zhang family!"

What? !

Zhuang Mengdie and Zhuang Siliu were shocked.

Li Yun ticked the corner of his mouth, "It's nothing surprising, your daughter's father's surname, you can naturally have the Zhang surname, if you want, you can change it back to the surname!"

"...I won't change it." Li Feng said in a low voice. It was her sister who wanted to change, and her surname was only Li in this generation.

"You don't even know the Zhang family..."

Zhuang Siliu wanted to say what a behemoth the Zhang family was, but suddenly realized that Li Yun had already told the story of the Zhang family just now, one of the four great families in the arena!

How did he know?

"Huang Xuan has more than one Zhang Family, and no one can stop you from calling yourself Zhang Family."

Li Yun said indifferently: "Besides, it is common for a big family to split. As long as your strength is strong enough, your family has to bow to you! This way--" He looked at Zhuang Mengdie, "Can you also complete your aunt? My husband's wish is to return to Zhang's family, right?"

Zhuang Mengdie opened his mouth, completely unsure of what to say, and re-establishing a chapter family, this is too ridiculous!

Li Feng said leisurely: "The so-called family that my father valued should refer to sacrifices to ancestors and prosperous families...Brother, your plan is too bold."

"Haha." Li Yun laughed: "As long as the chapter family where you belong to sister has my help, then I am sure that this chapter family will definitely live longer than other chapter families, and then their sacrifices will not return here. Already? You have the blood of the Zhang family in your body, and you are honorable in offering sacrifices to your ancestors. In fact, in my opinion, just go and worship directly. Why look at the faces of others."

"...The strong word!"

A smile appeared on Zhuang Siliu's cold face, although it was quickly suppressed.

She was surprised by Li Yun's overbearing suggestion. She really didn't know what this man was relying on, or simply arrogant.

Zhuang Siliu didn't even notice that she had regarded Li Yun as a man, not a senior high school graduate who had just finished the college entrance examination!

"Mom, sister!" Li Feng took the initiative to hold Zhuang Mengdie's hand, and said softly and comforted: "Don't worry, my brother is really very, very powerful. You will never think of what he has done. It will definitely solve these problems. Right, brother?"

Li Fengqiao smiled and looked over, but got a negative answer.

"Sister, this is your Zhang family's business, I don't want to interfere."

"Damn, aren't you Zhang's son-in-law?! Bad boy brother~~!"

Zhang's son-in-law...

Zhuang Siliu's face blushed inexplicably, and her sister's words were really bold, but she didn't like men, although Li Yun was indeed considered excellent in her eyes.

"Don't worry, sister, I will make you an invincible warrior, and crush the Zhang family with one hand!"

Li Yun patted her shoulder, and the system rewarded Li Feng with two exclusive gift bags. Since they are exclusive, there must be a key to solving this problem!
