

Godly Choice 2061

Chapter 2061: Ding, perfect quality

"System, start Li Feng's exclusive gift bag!"

Li Yun decisively chose to turn it on to see what reward the system would give Li Feng.

"Ding, the host offers a reward in Li Feng's exclusive gift bag: Immortal Demon Pill*1 (perfect quality, limited to Li Feng

Is it the fairy pill again?

"Fairy Demon Pill (perfect quality): After taking it, it will inevitably break through to the innate, with a medium probability of breaking through to the master realm, and slightly improve the physical qualifications, making people more suitable for practicing spells."

However, after reading the introduction, Li Yun was quite satisfied. The perfect quality of the Immortal Demon Pill can make people break through the innate realm at the lowest level, and the probability of breaking through to the master realm is also higher. It is indeed a system product.

For Jianghu people, it takes 30 years to cultivate to the innate realm. Those who can break through the innate realm before the age of 20 can be called geniuses among geniuses.

However, it generally takes forty years to break through the realm of masters. Many people fail to become masters in their lives, and even geniuses dare not say that they can break through.

But this immortal demon pill of perfect quality can allow an ordinary person to directly enter the innate realm and have a certain probability to break through the master realm!

If the effect of this pill is confirmed, I don't know how many people will be jealous.

"Ding, the host offers a reward in Li Feng's exclusive gift bag: God-level Phoenix sword technique (learn a God-level sword technique immediately after use, limited to Li Feng's use)."

Li Yun laughed dumbly, perfect immortal demon pill + god-level swordsmanship, his sister couldn't stay strong.

"Brother, what are you laughing at?" Li Feng looked at him strangely.

"Hey, it's nothing, but I have something good for my sister!"

good stuff.....

An inexplicable blush appeared on Li Feng's face.

This word was not a good word the night before. Her bad boy brother insisted that the things he made were good things, and what kind of tonic for Integrity 2 repairs could allow her to quickly enter the innate.

Because Fang Xue entered the Innate Realm after eating the Immortal Demon Pill, Li Feng, who was in the acquired realm, naturally refused to accept defeat. .

"Let's get out of here first."

Li Yun said to Zhuang Mengdie, mother and daughter: "Would you like to go to the home where Li Feng and I live now? Let's talk again."

The mother and daughter looked at each other and agreed. Zhuang Mengdie once again held Li Feng's hand. She didn't want to let go of her little daughter for a moment.

Leaving the house, Li Feng glanced at the old house again before closing the door.

Looking at Zhuang Siliu's eyes, there was no sense in his heart. He walked a few steps quickly to the side of Li Yun, and whispered to him, "Thank you, thank you!"

"Huh?" Li Yun was puzzled, why did she suddenly say thank you?

"Also, I'm sorry!"

"...?"

Seeing Zhuang Siliu retreating back, and Zhuang Mengdie holding Li Feng, the mother and daughter walked side by side, with smiles on their faces, Li Yun touched his brain and nose. What does she mean?

Apologize for the arrogance before?

However, Li Yun was a little strange.

According to Zhuang Siliu, she is also a Bai Fumei, but the system does not indicate a half-favorite degree. It seems that she already has a boyfriend, or is even married.

"Forget it, what am I thinking, there are enough girls around me now."

Li Yun shook his head and walked to the first floor, preparing to return to his new home.

"Ding, the host makes the right choice to help Li Feng face her life experience and rewards a special gift bag*1."

Chapter 2062: Zhuang Siliu, you are too young

Li Yun's raised feet slowly lowered, almost shocked by the rewards of the system: Generally speaking, there are good things to choose correctly!

"System, open the special gift bag."

He waited expectantly for the bag to open, in fact, he also wanted to complain about the system and just give the rewards directly. Why go around in circles, right?

——Li Yun would never admit that when he opened the bag, he was full of adrenaline, and he was full of expectations.

"Ding, this special gift bag contains time-limited information, will the host open it immediately?"

Li Yun was stunned. Time-limited information? That is, the information will not match up after the time has passed, or will it be invalid?

Isn't this a time-limited mission in online games? understood!

Touched his chin, and then took another look at the three of Li Feng and his daughter who were walking in front. Li Yun decided to let it go first, and then drive when he was free.

"It turns out that the system reward gift bag means this, because my vision is too low."

Shaking his head, Li Yun followed the three of them.

Zhuang Siliu drove a car when she came from Zhonghai City, but when she returned to the car, she walked to the driver and secretary guarding the car with a frosty face: "You can go now. This month's salary Pay as you go, from now on, you are no longer employees of Xia Yi Entertainment Company!"

"President, what is going on, did we do something wrong?"

The two were shocked. They didn't know what was going on. The president just went to see their relatives and fired them when they came back?

"One of you betrayed me! Tell a third person about my itinerary today."

Zhuang Siliu's face was cold, and the temperament of the female president was undoubtedly revealed. With her tall figure and exquisite face, the overbearing female president was full of momentum.

Li Yun did not expect that she was really the president.

It's a pity that this president is a bit clumsy, and he is still a bit too young.

"Not made by these two people."

When the driver and the female secretary called out grievances, Li Yun stood up and said confidently to Zhuang Siliu: "From the emotional fluctuations and performance of the two of them, they really haven't done any whistleblowing. Your trip revealed one thing. , You can call the police and ask the police to check your office and home."

Zhuang Siliu's pupils shrank suddenly, "You mean...?"

"Well, surveillance cameras or monitors. It's a high probability...Huh?"

Li Yun swept his subconscious mind and found something strange in the BMW car.

He walked to Zhuang Nianliu's white BMW, reached into the window, touched the back of the chair, and when he retracted it, there was an inconspicuous gray button-like thing in his palm.

"what?!"

The few people present were all dumbfounded. This kind of scene, which was like a movie, actually happened in front of them in real time!

They have been monitored all the time!

Zhuang Si Liuguang shuddered when he thought of this, who was it? It is Zhang Fansong, or another business competitor! ?

"This thing...you!"

The female secretary suddenly thought of something, pointed at Li Yun, her eyes opened wide.

How did this man who appeared inexplicably know that there is a monitor in the car? ! And just reached in and found it!

"You don't think it was me who put it?"

Li Yun shrugged and patted the button on the white BMW body. "If it wasn't for my sister, I wouldn't bother to care about it. Go and take out the sound inside and listen."

The female secretary's face flushed suddenly, and she whispered sorry.

As the president, Zhuang Siliu also expressed his apologies.

Chapter 2063: You should apologize

But they still don't understand, how did Li Yun know that there is something in the car?

"My brother has supernatural powers!"

Li Feng smiled mysteriously, without explaining too much.

Compared with spells and magical abilities, such incredible abilities, supernatural powers can confuse the past even more.

Special function?

The driver and the secretary looked at each other, but Zhuang Siliu thought of the scene of Zhang Fansong rolling down the sixth floor just now. She couldn't help taking a deep look at Li Yun. Could it be a supernatural ability before?

A super ability that can quickly give people psychological hints and hypnotize others!

"Well, I have supernatural powers, and I can see the enemy's hostility at a glance."

Casually, Li Yun glanced at Li Feng: "Sister, let's find a car? This car can't fit so many people."

"Okay." Li Feng naturally wanted to follow him instead of following his mother and sister.

"Need not."

Zhuang Siliu's expression became a little bit slower, and said to his two subordinates: "You go to the Ankang apartment by yourself."

The driver and secretary looked at the boss in surprise, "President, mean we...?"

"Well, stay for now."

Zhuang Siliu nodded, "I will find out the truth later, this matter...I will deal with it!"

"You should apologize to your employees."

Li Yun looked at her and said, with a calm expression and a gentle smile at the corner of his mouth.

Zhuang Siliu's pupils shrink slightly, apologize?

"Should you not apologize for blaming others?"

Li Yun said lightly: "Even if they are your employees, you still have to apologize for making mistakes. At least after finding out the truth, you need to give them an explanation, Miss Zhuang!"

"Even if you are a domineering female president." Li Yun added.

The scene suddenly cooled down, and the female secretary said tremblingly: "No, no, President, this is a mistake in our work, we should..."

"I see."

When Zhuang Siliu interrupted the secretary, he solemnly said to her: "When this matter is over and after the investigation is clear, if it is my fault, I will apologize to you and compensate you as a mental loss. Please Don't refuse."

The driver and the secretary looked at each other, and could only lower their heads to accept the president's statement.

The two left, Li Yun took the initiative to ask the driver for the car keys, and sat in the driving position: "Three beauties, get in the car."

"I hate it." Li Feng gave him a white look, "What beautiful woman, this is my mother, brother, no matter how poorly you are, be careful that I will beat you up!"

"Uh, slip of the tongue, slip of the tongue, hahaha! My aunt looked so young and caused me to blurt out for a while, sorry."

"...It doesn't matter."

The beautiful woman Zhuang Mengdie's beautiful face was a little red, and she didn't say much.

Strictly speaking, Li Yun is her son-in-law, and judging from the feelings of her youngest daughter for him, this matter will probably not get away.

Zhuang Siliu sat in the co-pilot position, letting her mother and sister sit in the back seat to chat, her eyes looked forward, her eyes drooping slightly, there was no expression on the delicate facial features, and a pair of blushing thin lips were tightly closed. Did not mean to speak.

She was thinking about what happened just now.

There is no doubt that Li Yun is "accusing" her of being rude.

In the absence of evidence, the driver and secretary were fired directly, and...there is no mention of compensation for dismissal!

Zhuang Siliu carefully recalled his performance after meeting Li Yun, and found that abandoning his "superpowers" in time, this man did things rationally and without the slightest confusion.

Moreover, in the process of getting acquainted with Li Feng, Li Yun has actually been in a dominant position, allowing the three of them to untie the knot.

Chapter 2064: The real star Zhuang Mengdie

"Li, Yun..."

Zhuang Siliu turned his eyes and took a deep look at him.

This man not only has a general style in handling things, but he is also extremely gentle. When her mother was sad, he took the initiative to say something stupid like recreating the Zhang family, so that her mother was distracted, not to say that he became happy, but at least not. In a state of depression again.

Thinking about it now, recreating the Zhang Family is stupid, but what Li Yun did is not stupid at all, on the contrary...extremely smart.

"What kind of man are you?"

Zhuang Siliu slowly closed his eyes and sat in the co-pilot's position to rest, but couldn't help thinking about him all the time.

Such a man, such a man... Zhuang Siliu's heart is ups and downs, if she is not insensitive to men, she must have liked him.

Temperament, strength, means, IQ, personality, etc., are all first-class excellent, such a man, how many women in the world can be indifferent to him?

No wonder her sister, as his god-sister, couldn't help but like him.

"Here, get out of the car."

When Li Yun drove the car back to the Ankang apartment and walked from the parking space to his house, the three daughters of Li Feng attracted all the attention of passers-by along the way.

"Who are these two people? They look really like the sister of the college entrance examination champion in our community!"

Li Yun's popularity in Longyang County has nothing to say. From eighty old people to three-year-old children, they are discussing what his college entrance examination results will be and whether he can help Longyang County win the first college entrance examination champion!

Therefore, he walked in the community with three beautiful women, and everyone who passed by glanced over.

"I heard that Li Yun and his sister were adopted. Is this his sister's relatives?"

"Probably so, looking pretty rich, Li Feng has turned into a phoenix after flying on a branch."

"Hehe, do you know what identity her brother has besides the top student in the college entrance examination?"

"Stop discussing this, don't you think that the woman in her early thirties looks like a person?!"

"Who?!"

"Mengdie!"

As soon as the name came out, people over thirty would immediately understand it.

Zhuang Mengdie's reputation is too great. In the era of less developed entertainment twenty years ago, the word Mengdie was the goddess in the hearts of the masses!

The voice is sweet, the song is beautiful, and the smile is innocent and cute. Zhuang Mengdie's figure is printed on DVDs and posters and spread all over the streets.

So far, in many people's homes, there are still a few classic songs released by Zhuang Mengdie, showing her perfect figure in a contemporary bikini!

"Excuse me..." Finally, a bald man who was more than 40 years old came over and looked at her with surprise and uncertainty: "Are you Mengdie?"

Mengdie, this name is extremely intimate, but at that time Zhuang Mengdie became popular by this name, and everyone in Huang Xuanguo called her that!

There are more and more people. Those who can buy a house in Ankang apartments are people with a certain financial foundation. Almost all of these people have listened to or bought records produced by Zhuang Mengdie.

Li Feng and Zhuang Siliu's appearance and figure are from their mothers, but everyone can still recognize it at a glance, Zhuang Mengdie is her!

Seeing that he couldn't hide, and retired for a long time, Zhuang Mengdie, who had long since disappeared in the entertainment circle, could only stand up.

"it's me."

Zhuang Mengdie's expression was happy and there was a trace of nostalgia. In the face of these old fans, she finally smiled and said: "Unexpectedly, everyone still remembers me, a star that has disappeared for many years."

Chapter 2065: High IQ is to do whatever you want

Unlike her who was shining on the stage back then, she is now the mother of two daughters.

After half a lifetime, she has also matured a lot, lost her naivety and ignorance, and became cautious and sensitive.

"Unexpectedly, it is really Mengdie!"

A retired man in his fifties said with emotion that although he was excited, he was not as crazy as a young star chaser. He had already passed that age.

The people around are similar, they are all sighing, and don't know whether they are sighing Zhuang Mengdie or sighing that their youth is no longer there.

"It's very similar to Xianxian."

Seeing Zhuang Mengdie chatting with fans cordially, Li Yun commented that these middle-aged and elderly fans would never have thought that Zhuang Mengdie, who is gentle and elegant now, was so fragile that he cried many times not long ago.

However, Liu Xianxian's fans would never expect that their idols would show a shy expression when they fell in love, they would be shy when they were kissed, and then they would kiss back again, back and forth again and again...

Li Yun, I miss Liu Xianxian a little bit!

After Zhuang Mengdie solemnly introduced her little daughter Li Feng, the four of them went upstairs, leaving behind a group of melon-eating people who sent them to the circle of friends.

"Mom." Li Feng stopped talking, Zhuang Mengdie shook her little hand and said with a gentle smile: "Nian Liu, do you blame your mother for being too high-profile?"

"...Nothing." Li Feng's face flushed.

"Mom said that I will let you live a good life in the future, try to compensate you as much as possible, even if you want what you want, tell your mom and your sister."

Zhuang Mengdie gently stroked Li Feng's hair, trying to make up for her lack of maternal love over the years: "Even if the company's money is not enough to allow her mother to come back and make money, her mother will not hesitate to go out again to meet those young female stars. Fight!"

Li Yun couldn't help holding his forehead. This respectable heavyweight was back, and I was afraid that it was not her headlines that made the headlines for half a month in the entertainment industry.

"No, no, mother doesn't have to come back."

"Woo, is Nianliu think mother sings badly?"

"No, I just...just..."

"It's just what? Nian Liu is so true, come and get close to my mother~, my mother hasn't hugged my good daughter in a long, long time."

"I want to hug my sister."

"She? She can't, she's not cute at all, cold, she doesn't know who she is with."

Listening to the mother and daughter chatting intimately, Zhuang Mengdie looks like a daughter, very clingy. She should be forty years old, but her personality is still very young and girly. Even if her husband passed away, she did not lose her back then. The innocence and kindness that fans love endlessly.

No wonder we cried so hard just now.

Li Yun nodded, but Zhuang Siliu glared at him.

"Why stare at me?" Li Yun felt inexplicable, could she also have supernatural powers?

"I can see that the look in your eyes is malicious."

"?"

Where did you see it!

The four of them entered the house, Zhuang Mengdie's eyes lit up, and she took Li Feng's hand with satisfaction: "I am relieved to see that you can live in a house like this in Nianliu. Is this the house I bought half a year ago?"

"Well, my brother bought it!" Li Feng emphasized the matter again, with a proud expression on his face: "Spent 10 million, he earned it alone!"

Zhuang Mengdie and Zhuang Siliu's mother and daughter looked at Li Yun in surprise.

Zhuang Siliu's doubts have been added. How did he make 10 million without the college entrance examination six months ago?

Is it true that a high IQ can really do whatever you want?

Chapter 2066: Li Yun's identity

Zhuang Siliu decided to search carefully about Li Yun's deeds, so as not to be disturbed by the overwhelming news on the Internet, such as

I don't know if I don't check it, I'm surprised when I check.

"Are you the chairman of Baiyun Technology?"

After entering the door, Zhuang Siliu, who was sitting in the living room and searching for information, finally saw the news that Li Yun had once held a game conference in an inconspicuous corner.

This old news is covered by information related to the top pick in the college entrance examination. If you don't look it up carefully, you can't find it.

Zhuang Siliu decided to check the encyclopedia again. As a result, the current chairman of Baiyun Technology did not indicate it, but only wrote the president Wu Ke and other executives. The chairman was deliberately hidden.

But combined with the previous game conference news and Li Yun's name, Baiyun Technology is likely to be founded by Li Yun, and now it is not known if it is his.

"Yes." Li Feng answered.

"Is it still?"

"Correct!"

Li Feng is even more proud.

Zhuang Siliu: "..."

She was speechless.

Even though she is the owner of an entertainment company and has nothing to do with the technology industry, she is still very familiar with Baiyun Technology.

This newly emerging company has become a dark horse of global attention. Except for the previously released "Xiao Ming's World", every other product shocked the world.

Autonomous driving, mobile phone artificial intelligence, and the recent black technology lithium battery, each product can detonate the world and bring thousands of trillions of profits.

Far from being comparable to the entertainment company she inherited from her father and mother.

The market value is not even a fraction of Baiyun Technology.

It is said that the valuation of Baiyun Technology has reached two trillion yuan, and it is still soaring. When the product is launched, the market value of Baiyun Technology will be even more terrifying!

"Are you really the chairman of Baiyun Technology?!"

Zhuang Siliu personally asked Li Yun this time, and his beautiful eyes were full of incredible, as if he had seen an alien.

She didn't blame her secretary for not collecting this information, because even if she saw the news or even saw the encyclopedia with her own eyes, she would not believe it!

The boss of a company with a market value of 2 trillion, is a senior high school graduate, anyway, it is too ridiculous!

"Replacement as fake."

Li Yun tilted Erlang's legs lazily and glanced at the time: "Sister, the little princess is about to wake up? Should we wait for her to get up first or go shopping for groceries, and then pick Weiwei later."

"Little princess?" Zhuang Siliu frowned. Is this guy still playing Jinwu Cangjiao?

"Let me go."

Li Feng stood up, "The princess has had enough sleep, so after waking her up, she will take her for a walk."

Zhuang Siliu's brows became more frowning, so why did her sister call her a princess?

What's this nickname?

"Nian Liu, I'll be with you." Zhuang Mengdie followed her little daughter, and the remaining Zhuang Siliu glanced at Li Yun, then snorted and chose to follow her sister.

Li Yun ignored her look and took out his phone to read the message.

"Husband, I have broken through the innate!!! [Happy]" by Yaoyao.

Seeing that it was her, Li Yun couldn't help showing a funny expression.

Xia Feiyao has been in retreat for two or three months, and finally broke through the innate, now she should be happy.

It stands to reason that Xia Feiyao spent two or three months to break through her innate realm, and she was still a genius son before she was twenty years old.

Unfortunately, times have changed.

Li Yun now has five Immortal Demon Pills in his hand. Give her any one, and with Yaoyao's foundation, he can easily break through to Xiantian.

Chapter 2067: Xia Feiyao broke through

Of course, it cannot be said that Xia Feiyao has been in vain for these two months, and laying a good foundation is still extremely important.

"Yaoyao."

Li Yun called directly, and Xia Feiyao answered the call almost as soon as the ringing rang.

"Husband, I have broken through the innate!"

His voice was tender and crisp, and Li Yun seemed to see a young and giant* little beauty cheering in front of him, her small face full of joy, and her brows and eyes curled up waiting for him to praise.

"Well, I saw it, my Yaoyao is very powerful!"

"Hee hee, the husband is even more powerful~~ Now it's almost the master state, right?"

"The Grandmaster Realm is in front of your husband and me, so I can't take a move."

"Huh? Don't believe it~, the husband is talking big again~"

After acting like a baby for a while, Xia Feiyao whispered: "Husband, I miss you so much."

"I miss you too, Yaoyao."

The two said to each other a lot of things that couples would only say, making Xia Feiyao's heart full of sweetness and happiness, and she only felt that she had finally paid off for so long in her seclusion.

Moreover, after she entered Xiantian, she could stay by her husband's side longer.

"Yaoyao, are you coming to Zhonghai City now?" Li Yun asked, "If you come, I will pick you up some time. I am going to buy a house in Zhonghai City."

"A house? Qinglei Valley also has real estate in Zhonghai City. It seems to be in a mountain. What is Huangting Mountain? Husband, do you know?"

"What a coincidence, I just want to buy a house there!"

It seems that Huangting Mountain is a gathering place for the rich and powerful, and it is true that even Qinglei Valley has real estate there.

"It's a pity that I can't leave the valley right now." Xia Feiyao pouted, "My grandfather said that I just broke through the innate realm, so I must consolidate it, and I want to hold an innate celebration and invite some people to witness the congratulations. Husband, will you come then?"

"certainly."

"Hee hee~"

The two made an appointment before Xia Feiyao reluctantly hung up the phone and continued to consolidate her cultivation.

Just after hanging up, Li Yun received another phone call that rang quickly.

"Brother Li Yun, you want to buy a house in Huangting Mountain!?"

Little Chili's yelling voice came, making Li Yun stunned for a moment: "How do you know?"

"Don't worry about it, is it?!!!"

"Correct."

"Wow-wow!!!"

Little Chili Su Muxin stayed for a while, and continued to wow twice, first low and then high, enough to show her inner excitement.

"It's great, great, really great!" The real daughter Su Muxin jumped in excitement, bouncing back and forth on the tree-lined path of China Overseas University, making her friends and the man who had a crush on this young lady. The students all looked over.

"Brother Li Yun, can't we be kind and loving every day like this?"

Little Chili said bold words, causing many of the male classmates to drop their chins. This sweet-looking, lively and cute character, and usually generous, is obviously the rich second-generation eldest lady, who already has a boyfriend!

"I usually live in Qingyu's house in class." Li Yun attacked her.

"Hey, shouldn't it be possible on weekends?"

Su Muxin blushed, clutching her mobile phone and whispered: "I will put on good-looking clothes for Brother Li Yun~, in the morning we have an excuse to go for a run, and then, hehe~~~!"

This eldest daughter smiled like a ***** and didn't know what she wanted to do while running.

Li Yun couldn't laugh or cry, "So how did you know that I was buying a house?"

Chapter 2068: Warm and happy

"That's not easy." Su Muxin said with a smile: "I added Qingyu's qq, she told me, and also asked me to help contact those who want to sell real estate. This is not easy. Many rich people are staring. Huangtingshan, Brother Li Yun, if you don't have my first-hand information, it's really hard to buy~"

"I have to thank you?" Li Yun smiled.

"Yeah~, but, don't say thank you between husband and wife, brother Li Yun just say, say...I love you, right~"

Su Muxin blushed with a little apple, happily covering her face and waiting for him to say something.

"...How can you say this when there is no atmosphere?"

Li Yun said helplessly: "We still wait to buy a house and wait for us to run...cough cough, I mean find time!"

"Hee hee hee, Brother Li Yun, too" Su Muxin took a peek around and said in a low voice, "Are you looking forward to running with Little Chili too? Okay, I will wear a very beautiful one by the time. Shame clothes, just for you."

Li Yun couldn't help thinking of the compressed package of "Little Pepper's Shame Heart 1", and the serial number had been programmed to 58, and it was full of photos taken by Little Pepper secretly in the room.

Each one is a shameful photo that is enough to provoke a strong flame, and there are even more powerful ones, up and down...

"Okay, okay," Bold Ru Su Muxin couldn't help being shy, "I'll go to eat first, Brother Li Yun, wait, I will ask someone to find you a house right away!"

"it is good."

Li Yun hung up the phone. The mother and daughter Zhuang Mengdie and Princess Yongning walked out of the room. The little princess was still a little confused. She was supported by Zhuang Mengdie to walk. As for Zhuang Siliu, her gaze towards Li Yun was even more complicated. .

This girl named Zhu Shue, nicknamed Princess Yongning, is actually his wife, and she is only one of them!

But when Li Feng knew about this, not only was he not angry and jealous, he took the initiative to accept other women into the house, and told her to leave it alone.

"This man really has such a charm that can make several girls like him?"

Seeing Princess Yongning who pounced into Li Yunqi and acted like a baby and called her husband, Zhuang Siliu's expression became more complicated.

She also likes such a beautiful and weak girl.

At noon, Li Yun picked up the twin sisters and went home. The family stopped by to buy vegetables and cook, and had a lively lunch at noon.

The warm and happy atmosphere made the cold-faced Zhuang Siliu's expression much better.

"This guy used to make a good dish. It's no wonder that he can please many girls. Sure enough,...it's a shame."

After eating the delicious dishes made by Li Yun himself, Zhuang Siliu almost fell, and her mother ate two large bowls for the first time, eating one more bowl than usual when she kept her figure.

"Li Yun."

After lunch, everyone was sitting in the living room watching TV and chatting. Zhuang Mengdie was full of food and drink, and there was a little daughter beside her. She was well-behaved and sensible, which made her feel very happy at the moment. She looked at Li Yun: "I can't think of what you are cooking. It's delicious. You made your first pot of gold with this? It's amazing~"

"so so."

Li Yun humbled, and Li Feng said with a smile: "Brother is still planning to buy a house in Zhonghai City, sister, do you have any recommendations?"

"I have decided to buy it in Huangting Mountain." Li Yun interjected.

"Wong Ting Mountain?"

Zhuang Siliu's face was strange. She lived in Huangting Mountain. It was the property left by her father. The house was very cheap when she bought it twenty years ago.

But now, the villa in Huangtingshan starts at 100 million yuan, and it is still a villa with a very low serial number.

The first 100 in the serial number, there is no one billion that can't be taken down.

Chapter 2069: Li Feng's decision

In this way, it is almost certain that Li Yun is the chairman of Baiyun Technology!

"Is it Huangting Mountain? Exactly." The beautiful woman Zhuang Mengdie was as happy as an innocent child, holding Li Feng's fingers and stroking her cheek, "Mom lives in Huangting Mountain, and Nianliu can often come to live with her then. Okay?"

"Good~~!"

Li Feng reluctantly agreed.

She might go to Gong Qingyu's house when she was in school, and she would have to take care of the feelings of her mother and sister when she returned to her new home in Zhonghai City on the weekends. She often lived with them, and she would be very busy in the future.

Zhuang Siliu looked at Li Yun and said, "I know a friend whose family is about to immigrate. She wants to sell the property in Zhonghai City. It is in Huangting Mountain. Do you intend to buy it?"

"Oh? That's great! Of course you have to buy it!" Li Yun was quite surprised. He now knows that Huangting Mountain is full of rich people, and the houses inside are priceless and there is nowhere to buy it.

"Her house has a relatively high serial number and covers a large area, almost equivalent to a townhouse. It also has a large garden, swimming pool and other facilities, and its value should be around 1.5 billion."

Zhuang Siliu quietly quoted the price, only to find that Li Yun's expression hadn't changed at all.

"1.5 billion? No problem."

Li Yun waved his hand: "You tell her, as long as the house is suitable, I can pay the full amount in one lump sum."

Zhuang Siliu lowered his eyes. This man is really rich. He has 1.5 billion in cash in his bank account, and there are not many in Zhonghai City.

With the help of Zhuang Siliu, Li Yun made an appointment with the other party to meet, and then went to the spot to see the house.

I have to say that it is convenient to have acquaintances to help. This is the importance of social circles!

After the house affairs were settled, the Caixia sisters had already gone for a nap, and they had to go to class in the afternoon to prepare for the final exam. As for Princess Yongning, she ate a bowl of rice and fell asleep again, and she won't be able to wake up until at least five in the afternoon.

"Read the willow."

Zhuang Mengdie looked at his little daughter, "Which university do you plan to apply for? Did you study in Zhonghai City?"

She has already begun to look forward to living with her two lovely daughters in the next four years. It is the greatest luck in her life to find Li Feng back.

"Yes." Li Feng nodded slightly, and after a glance at Li Yun, he made up his mind to announce his decision: "Brother, I'm going to the China Overseas Theater Academy!"

"Well, yes, my sister and I are going to Zhonghai University...what?!"

Li Yun reacted and looked at Li Feng in surprise: "Sister, are you going to the drama school? No, when did you go to the art exam?!"

"When you asked for leave one time, you secretly went away."

Li Feng's eyes faintly smiled: "I will definitely not know other art exams, such as painting, broadcasting, vocal music, dance, etc. However, I can only take the director major. The art exam only needs to examine creation, Movie reviews, story writing, etc. So I took the exam."

Li Yun was speechless, why did his sister suddenly want to take the director test?

"Because I'm not interested in anything else." Seeing his doubts, Li Feng smiled slightly, "After you become great, brother, I am thinking about what I will do in the future. Brother, you are so great, and I will be too in the future. It's impossible to work in another company, right?"

Li Yun naturally nodded.

He has money, and he has a lot of money. It is impossible for him to make people around him suffer and go to work from 9 to 5.

Chapter 2070: Be a director

"I don't understand business matters, and I don't have any talent." Li Feng bit his lip, "So I thought, just go as a director and spend my brother's money in the future~"

"Hahahaha!" Li Yun laughed, "Well, I make money for you. In the future, I will invest tens of billions of dollars to make movies for you. The scene must be very big!"

Tens of billions?

Zhuang Siliu held her forehead with her hand, and all her cold image was broken by Li Yun's words.

The company left by her father, Xia Yi Entertainment Co., Ltd., has a market value of about 50 billion, but it is already the top five largest company in the entertainment industry. It has countless artists and invested in many large-scale movies and TV shows.

But Li Yun is now saying, to invest tens of billions in Li Feng's future movies? !

Knowing that your Baiyun Technology is rich, knowing that you dote on your sister, but you... are too outrageous! !

"Sure enough, the entertainment circle and the technology circle are completely incomparable."

Zhuang Siliu sighed again, why is this man in front of her so powerful! !

"Liu wants to study director major?! This is great!"

Zhuang Mengdie was very happy, and began to imagine the future pictures for her little daughter platform, and even wanted to come back to promote and participate in Li Feng's first film. With her reputation, Li Feng's first film will definitely be popular. All over the network.

The matter is a foregone conclusion, and Li Yun will not object anymore. Thinking about it now, Li Feng has indeed not said anything about her major in the past six months. It turns out that she has always considered not going to the drama school with him when she was in college.

Maybe it's because I saw Fang Xue's company beside Li Yun?

"That's right, sister." Li Yun smiled slightly, "I have a...good friend in the drama school. She should be applying for acting major. Then you can get to know each other and have a look after in school."

Li Feng looked at him with a faint smile, and the bad guy's brother paused. How could she not tell that the so-called good friend was actually a confidante?

"Okay, I'll check it out for you then."

"Uh."

Li Yun smiled, she saw through.

After talking about the matter, Zhuang Mengdie, who was unwilling to part with her little daughter, decided to stay at home at the invitation of Li Feng, and Zhuang Siliu first returned to Zhonghai City to handle the company's affairs, and waited for Li Yun to go to Zhonghai City to look at the house. She took it to the seller again.

"Ding, the host makes his own choice, Zhuang Mengdie's favorability is greatly improved, and Zhuang Siliu's favorability is greatly improved."

After Zhuang Siliu left, the system suddenly prompted a paragraph, making Li Yun full of doubts.

What is the situation of the great increase in favorability?

There is no number, it won't be the kind of situation where the mother and daughter are three together, right?

Cough!

Li Yun hurriedly restrained his chaotic thoughts. The three of them were too unhealthy together, and did not conform to modern and contemporary ideological and moral construction.

Maybe it's just that the relationship is harmonious? He still didn't think too much, and Zhuang Siliu didn't have any hints of favorability.

...

After Zhuang Mengdie stayed at home, the workload of Li Feng and Li Feng was obviously reduced by a lot. This gentle, innocent and kind mother, who had no pretense of a former star,

would prepare for the family every morning. For breakfast, at noon, I went to buy groceries and cook. When Li Yun went to help, she would also humbly ask for advice and want to improve her cooking skills.

In daily life, she takes great care of the three brothers and sisters of Li Yun. Of course, she cares more about Li Feng. In addition to taking care of her daily life, she also goes to the movies with Li Feng every day, discusses the plot of the movie with her, and gives Li Feng Feng told a lot of knowledge in the theater.
