

## Godly Choice 2071

Chapter 2071: To buy a house

These are all from the experience of Zhuang Mengdie, a big singer who has been on the Internet 20 years ago, although she has never made a movie, although this is already the experience of 20 years ago.

But don't forget that Zhuang Mengdie's husband left her an entertainment company. She and professional managers have been in charge of these years. Zhuang Siliu was handed over to her after graduating from university.

Therefore, Li Feng is equivalent to saying that there is a "big guy" in the circle who personally pointed out that the knowledge of directors has increased rapidly. Now she only waits for the college entrance examination results to come out, and then apply for the drama school.

But Li Feng is still busy with one thing: Xiwu.

Li Yun served her the immortal demon Queen of perfect quality, and Li Feng directly broke through to the late congenital stage, and his strength soared, so that anyone who knew would be envious.

For example, her best friend Fang Xue, Xia Feiyao, Gong Qingyu, and Hu Xiaomeng in Beijing.

Hu Xiaomeng even wanted to fly back to Longyang County, and he wanted to eat a fairy pill to replenish his body.

It's a pity that she has broken through her innate, and Li Yun will not give her anything to eat, which is too wasteful.

"Li Yun, the three pills you gave me..."

One night, after everyone fell asleep, Zhuang Mengdie went to the study to find Li Yun, and her face was reddened and she said about her abnormal situation in the past few days.

After taking skin care and beauty pills, small Zhuji Dan and Peiyuan Danhou, plus living with his little daughter, Zhuang Mengdie seemed to usher in the second spring.

Not only did the skin become white and tender like a girl in the 28th and eighths, and his face was rosy and shiny, but also the skin was tight, the eye lines were completely eliminated, and his fingers were slender. The whole person seemed to be twenty years younger!

Now she is standing next to Li Feng. People who don't know will never see that she is Li Feng's mother, and will only think that she is her sister.

"This is normal."

Li Yun smiled mysteriously, "Auntie, don't worry, there are many incredible things in the world, and this is the case with the pill that I gave you."

".....Um."

Zhuang Mengdie took a deep breath, gave Li Yun an inexplicable look, bit his lip, and left after hesitated.

"Ding, the host makes a choice, rewards skin care and beauty pill\*1, white gift bag\*3, Zhuang Mengdie's favorability has increased slightly."

The corner of Li Yun's mouth twitched. In the past few days, the system has prompted five times that Zhuang Mengdie's favorability has increased.

If it is converted into a digital display, it is estimated that it is already close to 90, right?

Subconsciously glanced at Zhuang Mengdie's plump and slender back, Li Yun's heart suddenly became a little hot, tonight...Go to Li Feng again?

No, no, Li Feng has been sleeping with Zhuang Mengdie, so I can only find Fang Xue.

"Hey, there is a person who is not intimate enough in the family, it is still a bit inconvenient to do things."

...

Five days later, when the final exams of Caiwei and Caixia were about to end, Li Yun and Li Feng went to Zhonghai City, but Zhuang Mengdie stayed to take care of the sisters and the little princess who was sleeping all day.

Anyway, Li Feng went this time for only one day at most, and he will be back soon.

"Sister, are you looking forward to it?"

Li Yun asked with a smile in the BMW prepared for him by Dayu Zhu.

"What do you expect? A new house?"

Li Feng took his arm and leaned her head on Li Yun's shoulder as a birdie. She is not Li Yun's god-sister now, but a childhood sweetheart who grew up with him. The two are very familiar with each other, and even— Female Peng Yu!

When Fang Xue was away, Li Feng became a girlfriend.

"Um."

"What is there to look forward to? If you buy so many houses in a row and change two residences in half a year, I am worried that you will run away one day."

"Sorry, I was wrong."

"Hehe, dumb brother."

Chapter 2072: Arrogant Cadillac

The car drove to Zhonghai City again, and Li Yun asked the driver to drive the car directly to the entrance to the foot of Huangting Mountain, instead of looking for Gong Qingyu.

"Yes, Mr. Li Yun!"

The driver Zhang Dahai is a fat middle-aged man. He has been with Zhu Dayu for some years. He is highly regarded by Zhu Dayu because of his steady driving and his relationship with the "big" character. He is almost the exclusive driver of Zhu Dayu.

But since Zhu Dayu turned to Li Yun and became his counterpart, Zhang Dahai's job changed from driving for Zhu Dayu to Mr. Li Yun.

It only takes one or two trips from Longyang County to Zhonghai City every month. Work has become easier, but his salary has increased by five times, and Zhu Dayou also warned him, as long as he drives a good car and waits for Mr. Li Yun to take the college entrance examination. After graduating and moving to Zhonghai City, in the future, Zhu Dayou will be able to go to a bar to be a manager without driving, and he has a bright future!

Therefore, every time he carried Mr. Li Yun, Zhang Dahai concentrated his attention all the way, for fear of something wrong.

But after all, something happened.

"boom!"

In the last section of the road, I have seen a fork in the Huangting Mountain. A dark blue Cadillac dashed out and hit the rear of Li Yun's car. The two cars made a big drift. Zhang Dahai's forehead directly hit the steering wheel, and blood flowed out directly.

But he was not worried about himself, instead he was shocked in his heart, and subconsciously looked at the back of the car:

"Mr. Li and Li Yun, sorry, I'm really sorry, I!"

Zhang Dahai was so scared that he couldn't say anything anymore, and his mind was full of thoughts of death.

"It's okay, you are not to blame."

Li Yun waved his hand. Given the current strength of both him and Li Feng, even if a big truck hits it, it doesn't necessarily happen, but Zhang Dahai is fine.

"Get out of the car and take a picture, then call the police at 122."

Li Yun ordered Zhang Dahai, who was in a panic, to deal with the traffic accident. The latter nodded quickly and opened the door to get out of the car.

But when the car door was opened, his feet were only sold for half a step. After seeing something, his body froze in place.

"Hey!"

Behind them, the Cadillac slowly passed them, and in the window of the car that was rolled down, a black hole pointed at him:

"Silly than a BMW driver, did you see what I was holding? Shut up if you don't want to die!"

"Get away, grass!"

Accompanied by arrogant laughter, Cadillac accelerated to leave.

"My god!" Zhang Dahai fell to the ground with somersault, his body was trembling with fright, his face was pale with cold sweat.

"Who is this guy?"

Li Yun frowned slightly as he watched the dark blue Cadillac leave.

There are not many people who can legally hold guns in Huang Xuanguo, and there are very few who dare to be so arrogant. Even if the background is full of sky, they have the same gun license as Li Yun in their hands, but they dare not aim their guns at an ordinary person. .

Once it is posted on the Internet, the consequences are too serious!

There is a high probability that the owner of the Cadillac did not hold a gun legally, but bought it through illegal means.

And if Li Yun read it right, that gun would still be a submachine gun!

This is almost a standard feature for underground gangs to be overbearing.

"Ding, trigger the option event, please choose from the host:

Option 1: Shoot Cadillac's fuel tank with one shot, reward justice value +5000, experience value +500,000, all attributes +100, purple gift bag\*1, extra reward: get some other information.

Option 2: Follow up, see what the other party is, reward justice value +100, white gift bag\*2, forehead to get potentially useful information.

Choice 3: It is better to do more than to do less, or it is important to buy a house. Reward: None. "

Chapter 2073: Have you enjoyed it?

Li Yun smiled, opened the door and got out of the car, let Zhang Dahai sit in the co-pilot position, while sitting in the driving position, put his hands on the steering wheel, started the ignition, and slammed his feet.

"boom!"

The BMW car engine made a roar and quickly chased it up. There were few traffic on the road. This was not a main road, but just leading to Huangting Mountain.

"Grass! The car behind is looking for death!?"

There was a scream from the Cadillac ahead, and a black-hole muzzle protruded out of the wall.

Li Yun turned a blind eye, sneered slightly on his handsome face, and looked forward with sharp eyes.

Li Feng

"Big Brother! You..." Zhang Dahai was startled, "No, Mr. Li Yun, don't chase after you! Didn't you see it just now? The other party has a gun in his hand!"

"You only have a gun to chase after." Li Yun said calmly, pressing his feet and increasing the accelerator again: "Sit down, no, you get down, lest the opponent shoots!"

The speed of the BMW went up to one hundred and two, Zhang Dahai was so scared that his face was green, his body was paralyzed on the seat, his head shrank and he dared not come out!

Ahead, the person on the Cadillac seemed to know that he had met a ruthless man. The muzzle of the black hole submachine gun was aimed at Li Yun's BMW car several times, but in the end he still did not dare to shoot, and only venomously cursed the country. The curse, and the international curse that Li Yun often heard from Abbott not long ago: F\*ckYou!

"Are there foreigners among them?"

Li Feng remained silent. After seeing the muzzle retracted and hearing English curses, he finally couldn't help but ask Li Yun.

"It looks like it's still a turtle."

Li Yun smiled slightly, "Sister, you run your true energy to protect your body, I'm going to go!"

"Go on? Uh, you really plan to...!!!"

Li Feng's eyes widened, and the BMW rushed towards Huangting Mountain. The same was true for the Cadillac in front. The two cars made a huge roar all the way, which had long attracted the attention of the Huangting Mountain guards.

"parking!"

"Don't go any further, or shoot!"

The Huangting Mountain where the wealthy gather is terribly strong. The guards are all retired special forces, and they are equipped with guns, batons, explosion-proof shields and other equipment.

When they saw the two cars rushing towards Huangting Mountain, the guards jumped out of the security booths with agility and distributed them on both sides of the road. They pointed their guns at the two cars and kept shouting loudly to make them. parking!

"F\*ck!!!"

Cadillac finally did not dare to rush into the battle, and stopped in front of the crossbar of the security booth, and cursed again: "Grass!"

The people in the car were very angry. They turned their heads and looked behind and were about to swear. Suddenly, a huge force came from the back of the car.

"boom!!!"

Cadillac leaped up, and the people in the car were knocked down. After the car broke the crossbar again, it flew four or five meters before landing on the ground with another loud bang.

Sitting in the back row, the person who threatened with a submachine gun just now was squeezed directly by the bottom of the car. His body was stuck in the car and could not move. A thought flashed in his mind:

Oops, I met a ruthless man!

He was even ready to welcome a random sweep of submachine guns, but fortunately, the other party seemed to care about the domestic environment and did not dare to shoot—he didn't doubt whether the other party had a gun in his hand. !

"Is it cool? I'm unhappy, do it again."

In the BMW car that ran into them a bit behind, a man sneered and sneered. The people on the Cadillac were all over, and the person with the submachine gun hurriedly shouted: "Quickly drive you idiot, go and go!"

Chapter 2074: Collision

boom!

The engine started and Cadillac fled into Huangting Mountain. All that was left for the shocked guards was the back of a smashed car.

Afterwards, a gun was aimed at the white BMW, and many guards looked nervous, as if they were facing an enemy.

"Show you this."

The window was rolled down, and a black document was handed out from it. On the opened document, there were two large characters under the golden national emblem: Guo (Jia) An.

"Huh!"

All the guards salute together, this is not fear, but a kind of respect for each other's identity.

After saluting, a guard armed with a gun stepped forward and respectfully accepted the certificate handed out from the car.

"Don't chase that car just now." The very young driver who drove into Cadillac slammed into it and said, "They have submachine guns in their hands. You immediately call the police and let the SWAT team investigate."

"Yes!"

The authenticity of the documents has not been checked, but the guards have subconsciously approved the young driver's words.

With extraordinary courage to bump into the opponent's car face to face, and face a dozen gunpoints is still as stable as Mount Tai, presumably only people from the National Security Bureau will use such guts!

After the inspection, the guard confirmed his identity, and respectfully returned the certificate to Li Yun, and then took the gun away and guarded the four parties.

At the same time, report to the leader of the security department and prepare to organize patrols and guards. Be sure to protect the safety of the residents of Huangtingshan before the arrival of special police!

Li Yun smiled and took back his credentials.

In fact, this document given to him by Xia Xia could not do anything, could not mobilize police force, and could not let the local police station cooperate. It could only express Li Yun's official status, which was convenient at this time.

"younger brother."

Li Feng was shocked and glanced at the driver. Just now, Li Yun pressed his hand on his head. It should have helped him offset the impact with infuriating energy, otherwise Zhang Dahai had been hit by at least a concussion.

For the first time to "actually" with real energy, Li Feng, who experienced a serious car accident without any harm, is now deeply aware that he has become a little superman!

"fine."

Li Yun smiled slightly: "The other party threw a rat-avoidance weapon and didn't dare to cause anything on Huangting Mountain. I guess they will abandon the car and run away, but I don't know if they will meet the person they want to see."

"...Hmm." Li Feng stretched out her hand to close the hair next to her ear, and recovered her composure. After all, she was also the one who had experienced the Taihuang Mountain monster incident.

"Brother, who do you think they are? The people on the black road who came back from overseas?"

"Almost. It's not uncommon for the black road boss to live in Huangting Mountain where the rich are gathered. Of course, it may also be the bodyguard of a wealthy businessman in secret."

"Oh~~" Li Feng said that she understood. She even thought of people who can live in Huangting Mountain. Most of them will be equipped with gun bodyguards to protect themselves, without the security force of Huangting Mountain itself.

"Unexpectedly, we would also live in Huangting Mountain..."

Li Feng subconsciously sighed, and looked at Li Yun with his beautiful eyes full of love before turning his gaze to Huangting Mountain in front of him.

The mountain is not high, it is only 300 meters high, the mountain is verdant, and a man-made stream flows down from the top of the mountain.

In the lush woods, several beautiful Gothic castles and Chinese palaces are faintly visible. The entire Huangting Mountain has been artificially built, and every small place is a picturesque scenery.

"If this mountain is opened to the outside world, the tickets alone will have to sell for more than 300 yuan."

Li Feng spit out, and secretly sighed, if her brother hadn't become more powerful, she would never have lived in Huangting Mountain in her life-recognizing her mother, also because of the director Zhang Ke, this is Li Feng from his mother. I heard it from my mouth.

In other words, she and her mother both owe director Zhang Ke a favor.

"squeak!"

A car stopped not far behind the two.

"Li Yun?!"

Chapter 2075: Third chance encounter

Li Yun looked back and saw a tall, fair-skinned beautiful \*\*\*\* a red roadster with a sunny smile and a bright and generous temperament.

"Xiao, what a coincidence." Li Yun smiled and greeted her. Xiao = Xiao Mingzhu, the one who wanted to buy the bracelet of Princess Yongning at the airport and met Li Yun at the auction. The daughter of the richest man in China Shipping.

The title of the richest man in Zhonghai City is not to be preached. Although Su Muxin studied in Zhonghai City and has real estate in Huangtingshan, Nanshan Technology Company is located in Zhendong City, so she is the daughter of the richest man in Zhendong City. Xiao Mingzhu does not conflict.

"It's a coincidence."

Xiao Mingzhu got off the roadster, first glanced at Li Feng, then at the broken crossbar and the white BMW, with a slightly surprised tone: "Have you had a car accident? Where is the other party?"

Judging from the shape of the front of the car after it hits, it cannot be caused by hitting the crossbar.

"A little trouble."

Li Yun wanted to answer casually, but after thinking about it, he replied in detail: "The other party ran into Huangting Mountain with a gun and his attitude was very arrogant. Do you know any business people in Huangting Mountain who are not clean?"

After a pause, Li Yun said again: "It doesn't matter if you don't answer, I know your difficulties."

After all, he was from Huangting Mountain, Xiao Mingzhu didn't necessarily offend him because of his ordinary friend.

"Run into Huangting Mountain with a gun..."

Xiao Mingzhu's face, which can be called Qingguoqingcheng, showed a weird expression: "The other party is really bold, and I am not afraid of being killed by a cold gun shot from the villa."

She didn't lie. Once the wealthy people of Huangtingshan think that their safety is in danger, they are likely to order the bodyguards to shoot and kill those who are close to them!

Therefore, Huangtingshan has not encountered a thief in these years.

"It's really bold." Li Yun smiled, and the other party provoked him. Can you be brave?

"People who do business is not clean... You should say the other way around." Xiao Mingzhu gave Li Yun a look of "you know", meaning that there are too many people who do business with unclean methods. , But can quickly find out.

"Well, I asked a stupid question."

"But~," Xiao Mingzhu smiled at him again: "I am quite familiar with the residents in Huangting Mountain, and I know a little bit about some of the more'extreme' people. Are you going to enter Huangting Mountain? It's better to at least go to the coffee shop inside the mountain and talk."

The handsome man in front of him is a playboy, but he is also a man with magical powers. While keeping a certain distance from him, Xiao Mingzhu doesn't mind releasing some kindness to him in exchange for possible benefits.

Xiao Mingzhu said before that she would never fall in love with a man like Li Yun who lingers in the flowers, but the situation now... is indeed a coincidence.

The first time she met Li Yun was at the airport, the second time she met at an auction, and the third time was still a coincidence.

Although the wealthy circle was originally small, there were three consecutive encounters, and none of them was an appointment between the two of them, which made Xiao Mingzhu somehow look at Li Yun in a different way.

I can't talk about liking, but I think he is a little special.

"it is good.....".

Li Yun did not export the word, the system prompt came.

"Ding, the host makes a choice, reward: justice value +100, white gift bag\*2, follow-up can get some information from Xiao Mingzhu."

Chapter 2076: Ding, goodwill degree 60

As soon as the reward reminder fell, another event was triggered.

"Ding, trigger the option event, please choose from the host:

Option 1: Accept Xiao Mingzhu's request, go to the coffee shop to have a detailed chat with her, and reward Xiao Mingzhu's favorability: 60

Option 2: Reject, no reward. "

Seeing the option event, Li Yun reacted. It turned out that he and Xiao Mingzhu met three times, but the favorability reminder did not appear until now!

It should not be because Xiao Mingzhu had a boyfriend before, but because she didn't regard him as a friend in her heart, just as an ordinary person.

"This Bai Fumi is quite arrogant. She is indeed the richest daughter in Zhonghai City."

Li Yun murmured in his heart, but there was nothing strange on his face.

"What's the matter?" Xiao Mingzhu was a little weird. It seemed a little strange that the handsome man stopped after saying a good word.

"Nothing." Li Yun smiled, "I just thought that I was here to buy a house today, and it happened that I also made an appointment to meet at the coffee shop in Huangtingshan."

"Oh, it's okay. I know all the people in Huangting Mountain, and maybe I can give you a reference later!"

"Okay, thanks!"

Li Yun nodded. As the richest daughter in Zhonghai City, Xiao Mingzhu is at the center of the upper-class society and it is normal to know many rich people.

"Don't you tell me about the beauty around you?" Before Li Yun could answer, Xiao Mingzhu smiled and took the initiative to step forward, and stretched out her snow-white jade hand to Li Feng: "Hello, my name is Xiao Mingzhu, and I graduated from high school. Student, you must be classmates too, right?"

Compared to Li Yun, Li Feng's student tastes heavier.

"My name is Li Feng, yes, I am Li Yun's sister, hello!"

In front of Xiao Mingzhu, who was bright and cheerful, Bai Fumei, who looked noble and beautiful, Li Feng was a little nervous and slightly inferior, but he didn't even dare to look at her so nervous when he didn't meet Fan Qingsheng.

"Oh~, it turns out to be my sister, then we will be neighbors in the future, and maybe we will be classmates." Xiao Mingzhu "suddenly realized", but she felt a little disapproving in her heart. Her eyes were full of love when she looked at Li Yun, perhaps not just her sister. It's that simple.

"Student Xiao, which school are you going to apply for? I'm the Drama Academy."

"Unfortunately, I went to Zhonghai University!"

"My brother also went to Zhonghai University."

"Hee hee, that's not bad. By the way, Li Yun, you call me the Pearl, will everyone be neighbors and classmates in the future? In school, I have to let the great \*\*\*\* take care of you~"

Xiao Mingzhu's personality is as familiar to people as she has always been. Although she may not think of you as a friend in her heart, at least when she gets along with her, she shows a very enthusiastic and cheerful personality, which can greatly infect the mood of others and make people feel good. I couldn't help talking and laughing with her.

Simply put, you will feel very happy to chat with Xiao Mingzhu, without any burden, say whatever you want, she can keep up with your topic!

With just this kind of social skills, the richest daughter in Zhonghai City can be called excellent!

"Mr. Lee!"

A guard came over and saluted Li Yun and reported: "The criminal who fled into Huangting Mountain with a gun before drove to Castle No. 19, and was driven out by the owner of Castle No. 19 with guns. Then the four people in the car fled. Now we Organizing people to search all parts of Huangting Mountain!"

No. 1-20 residences on Huangting Mountain can be called a castle or palace, and the remaining 480 can only be called villas.

"Well, remember to be careful."

Li Yun nodded, looking at Xiao Mingzhu.

Chapter 2077: Huangting Mountain where the wealthy gather

"No. 19? As expected."

Xiao Mingzhu did not continue to say, but suggested: "Shall we go in and talk again?"

She was a little surprised, why did the guards of Huangtingshan treat him so respectfully? Unless... Li Yun's background is not simple, he is deeply involved in the country, and he is not a lone ranger!

Thinking of this, Xiao Mingzhu was a little bit happy, because it represented that an extraordinary person like Li Yun would also abide by certain rules and would not act recklessly.

"it is good."

Li Yun turned his head and said to the driver Zhang Dahai: "You go back first, and then report the value of this car to me. I will pay your boss Zhu."

"No, no need!" Zhang Dahai was very embarrassed, "Mr. Li, don't mention compensation, otherwise Boss Zhu will have to take my skin off, Mr. Li, I will take care of the follow-up matters, you are busy!"

This BMW car needs at least 500,000 to be repaired, but let alone 500,000, it is worth 100 million. It is impossible for Mr. Li to pay for it!

Li Yun smiled and glanced at Xiao Mingzhu's red convertible Ferrari sports car.

Before he could speak, Xiao Mingzhu showed a bright smile: "Go, I will take you in, and by the way, I will introduce you to various places in Huangting Mountain."

"Where is your car?" Li Feng asked in surprise.

"It's okay, I just call the housekeeper to drive away."

Xiao Mingzhu worked cleanly and quickly resolved the matter, leading Li Yun to the Huangting Mountain.

The roadster can only carry one person. If Xiao Mingzhu chooses to drive in, Li Yun and Li Fengzhong will have one person to walk, which is extremely embarrassing.

So in order to avoid this situation, she directly chose to walk in with Li Yun instead of driving-and she also saw the meaning of Li Yun's eyes.

"Tsk tsk, such Bai Fumi is the real Bai Fumi, who is sleek and shrewd, and it will not be a problem for such a person to be in charge of a trillion-dollar company in the future."

Li Yun couldn't help feeling that, in the final analysis, the profession of president does not require professional skills, but interpersonal communication, management of subordinates, and let them display their talents!

Compared with the daughters of Xiao Mingzhu's level, Fang Xue, Li Feng, Zhuang Siliu, and even Su Muxin are all inferior in this respect.

As for Gong Qingyu, Zhao Tianfeng, Hu Xiaomeng, etc., they completely crooked their skills.

"There are various places to play in Huangting Mountain, such as children's playgrounds, happy valleys, playgrounds, golf courses, basketball and football.

There are private villas everywhere here, and most people who live here don't welcome others to visit casually. Generally speaking, if you want to meet people, you can go to the coffee shops, bars, leisure karaoke bars, and even in the Huangting Mountain. It is a sauna, a beauty center, etc. "

"There are common facilities in the outside world. The consumption is divided into annual and according to the time. If the annual subscription, you only need to speak to the waiter to activate it. After that, the expenses for you and your family will be recorded in the account. The property fee will be delivered to your housekeeper for you to check."

"Wong Ting Mountain will also have a small banquet every month, which is organized by the property, and it is held in the restaurant.

Of course, there are also many private banquets, which are so-called small circles. If you are invited, it is best to go there once for the first time. If you don't want to offend people, then you can do it at will. "

After Xiao Mingzhu learned that Li Feng came from an ordinary family, he introduced a lot of common sense about Huangtingshan, about getting along with the rich and communicating with each other, and recommended Li Feng to hire a housekeeper for her to give advice.

Why is it to Li Feng?

Chapter 2078: Coffee shop

Quite simply, Xiao Mingzhu knew that Li Yun was already half a "fairy man". These worldly rules and habits were of no use to him. Only the rich would flatter him! So it was for Li Feng, not Li Yun.

Just like the cold temperament that Xiao Mingzhu encountered in the auction before, like the fairy in the mural, she did not come forward to talk more, because she knew that the Fanqing Saint could not use ordinary communication at all. Ways to make friends with people!

Li Yun is fine, so he is only half a fairy.

"Arrived."

Not long after walking on the scenic Huangting Mountain, Li Yun saw a small piece of building in front of him, including supermarkets, bars, open-air restaurants, coffee shops, etc. The decorations are very chic and elegant, but only for five on the Huangting Mountain. Hundreds of household services

Extremely extravagant.

"Look who is here? Hahaha, the pearl of our Zhonghai City!"

"Miss Mingzhu, are you here for coffee today?"

"Mingzhu, you are here, do you want to have a drink together?"

After the daughter Xiao Mingzhu appeared, she attracted the attention of everyone around her. The pair of pairs were either stunning, or flattering, or enthusiastic, or admiring, which proved Li Yun's previous guess that Xiao Mingzhu was Zhong Hai The center of the city's social circle is true.

"Hello everyone, this is my classmates Li Yun and Li Feng."

Xiao Mingzhu used his classmates to close the relationship with Li Yun, and skillfully shrugged off the invitation of everyone, and led Li Yun into the coffee shop.

This coffee shop is divided into two parts: inside and outside. The outside is open for people who want to make new friends. The inside is for discussing things.

I have to say that this clever layout alone is enough to make the rich in Zhonghai City want to buy a house here.

After all, when you have nothing to do, come here for a cup of coffee, maybe you can negotiate a business.

This is the advantage of a small circle, and Huangtingshan is also a circle.

"Sit down, what do you want to drink? Not only coffee, tea but also other beverages. I prefer tea."

Xiao Mingzhu greeted the two of them to sit down, as kindly as if they were entertaining them at home.

Li Yun ordered a cup of ice green tea, and Li Feng ordered a cup of milk tea. Neither of them liked coffee.

"Let's talk about what happened just now."

After the drink was served, Li Yun took a sip with a straw and briefly explained what happened to Xiao Mingzhu.

"Too arrogant!"

Xiao Mingzhu patted the table lightly, her beautiful face was full of annoyance, Li Yun looked at her, the richest daughter's bright red lips were moistened with tea, and looked very charming.

"In this matter, I must work with other owners to pressure the owner of No. 19 and ask him to give us an explanation. Will anyone rush into Huangting Mountain with a gun!"

Xiao Mingzhu's face was serious, and it seemed that he was not helping Li Yun, but maintaining the safety of his own community.

But in fact, she was helping Li Yun, and she didn't show the face of Master 19 at all!

"Thanks." Li Yun smiled: "I want to know the origin of the owner of Villa No. 19, can you tell me if it is convenient?"

Bruce Zhang, who was on Cadillac, fled into Huangting Mountain with a gun and stopped at the gate of Castle No. 19. Although he was quickly driven out, anyone with a discerning eye could see that there was a great connection between the two.

"Of course." Xiao Mingzhu said freely: "In fact, this information is nothing. As long as you live in Huangting Mountain for a period of time, you can know that the owner of Castle No. 19 is not a big or small celebrity in Huangting Mountain."

"Oh? Who is it."

Chapter 2079: Jinpan Washing Hands

After taking a sip of tea to moisturize his throat, Xiao Mingzhu began to tell, but the first sentence surprised Li Yun and Li Feng.

"Wang Xiangui, King of Zhonghai Poison."

"Poison King?! Are you sure it's the second poison?"

"Correct!"

When Xiao Mingzhu answered in the affirmative, Li Feng was quite surprised. There is such a bold nickname. Isn't he afraid of the police coming to trouble him?

Seeing her doubts, Xiao Mingzhu smiled and said, "In fact, most people in the upper circles of Zhonghai City know his origin, because he said it personally!"

"Personally?!"

Li Feng was even more surprised. It seems that people who can live in Huangting Mountain really have the means to reach the sky, and there are people who promote themselves as the poison king.

Li Yun raised his eyebrows, and being able to say such things in public has shown that the origin of the king's dignity as the owner of Castle 19 is not simple.

"um, yes."

Xiao Mingzhu showed a bright smile and said half-jokingly: "The first day this Wang Xiangui moved to Huangting Mountain, he spread out invitation letters, asking every family in Huangting Mountain to participate in his 50th birthday."

"At the opening of the birthday banquet, after Wang Xiangui thanked everyone, he directly announced his identity: the big drug owl in the golden triangle'once!'"

Li Feng's eyes widened, this is almost comparable to a scene in a movie!

Think about it, under the gaze of many wealthy people, a big drug owl smiled and announced that he would wash his hands with a golden plate and would settle in Zhonghai City in the future, and promised that he would stay safe in Huangtingshan and would not provoke right and wrong. And absolutely no longer use those dirty methods.

"He's so bold...oh, I get it!"

Li Feng suddenly realized that the rich people at the time must have known the identity of Wang Xiangui in advance through various channels, and Wang Xiangui, a big drug xiao who claimed to be the king of China Sea Drugs, also knew that he could not hide his identity.

So I just announced it directly and showed my trump card to prove that I was really a harmless animal.

The premise is that Wang Xiangui really wants Jinpan to wash his hands, and he is confident that his "business" abroad has been completely destroyed and will not be involved in China, so he has the confidence to be in front of the rich in Zhonghai. Reveal the identity of his former drug owl.

"This is more interesting."

Hearing Li Yun's smiling words, Xiao Mingzhu looked at him with a pair of beautiful eyes. She wanted to know how Li Yun would deal with this matter, whether he would directly kill Castle 19 and confront Wang Xiangui!

To ordinary people, the identity of the Dad Poison Xiao Xiao is simply synonymous with horror, cruel, and murderous, but to a half-immortal like Li Yun, it is just an ant that can be killed by the side of the road.

But no matter what, Xiao Mingzhu can deduce his personality in Li Yun's subsequent processing. Compared with the last time he was auctioned, he can basically infer his general personality characteristics.

"An overseas poison king who announced that Jinpan washes his hands, but a returnee came to him. Does this mean that the poison king wants to return to his old business?"

Without changing his face, Li Yun said faintly, "The person standing outside the door, come in and answer this question."

...

Half an hour ago, Castle 19

"Bastard stuff!"

Wang Xiangui, the self-named Zhonghai Poison King, was furious, slapped the table fiercely, and stared at the four people standing in front of them with the eyes of a vulture. Chazi, I am the first one to kill you and give your heads to Huangting Mountain!"

Chapter 2080: Wang Brothers

Zhang Yue, who was the gunman on the Cadillac before, was named Bruce Zhang in his passport. After they were driven out by Wang Xiangui, they drove around Huangting Mountain in a circle before abandoning the car and fled back.

Now that the four of them are so reprimanded by Wang Xiangui, they are obviously a little unconvinced. How can these four have experienced fierce battlefields and dealt with the cruel foreign drug dealers. How could they bow their heads so easily!

"Hehe, thought I was joking?"

Wang Xiangui gave a look outside the door. Suddenly, a gun pointed at the four Zhang Yue from all directions. The safety latch was opened and the finger was placed on the trigger. Only a word from Wang Xiangui, Zhang Yue four. Become a hornet's nest immediately!

The four of them were startled, and Qi Qi looked at another gray-haired, sixty-year-old elder who was present.

The old man smoked a cigar calmly, swallowing clouds, and unaware of the immediate tension in front of him. Although his hair was gray, his cheeks were ruddy and his body was still strong. Kong Wu sat on the sofa forcefully. Like a fierce tiger lying prone.

"Big Brother."

The old man spit out a cigarette, and slowly said: "It seems that more than ten years of comfortable life has made you less and less courageous. It really disappoints me for your brother."

This old man is Wang Xiangui's younger brother, Wang Xianneng!

The two used to work hard together in the Golden Triangle area. Eighteen years ago, Wang Xiangui washed his hands on the golden plate, leaving Wang Xianneng alone. He was tossed back to the country through various means and no longer contaminated with any drug-related matters. Even Wang Xianneng asked him to be in Huang Opening a sales channel in Xuan's country does not require him to do it himself, and it can make tens of billions of profits every year.

But Wang Xiangui still refused, which made Wang Xianneng quite dissatisfied with this elder brother.

"You don't know the dangers in the country, far better than the Golden Triangle."

Wang Xiangui's tone was flat, but his brother snorted disapprovingly.

"I don't care what you think!"

Wang Xiangui didn't explain much. He paused heavily on the ground with a cane, and said with a cold face: "After doing this, go abroad immediately. This is a good thing for you and me!"

"Big brother." Wang Xianneng smiled, "I am helping you this time. I want to know what I want with your eldest brother's distinct personality between public and private, right?"

"After it's done, I will give you five billion!"

Wang Xiangui's tone was still cold, and he couldn't refuse: "Five billion is already your profit for a year. I said that you don't have that stuff anymore. If you don't want the Wang family to endure, don't mention it again!"

Wang Xianneng's face turned cold, and he said lightly: "Big Brother, I have a son. It's not just your two sons who can inherit the family from the Wang family."

Wang Xiangui's expression became stiff, and he took a deep look at him: "Then you don't recognize me as a big brother?"

"Hehe, brother, you laughed."

After smoking a cigar, Wang Xianneng flicked the soot, "Of course I am helping you with this little thing, but, as the saying goes, brothers must be separated when they are older. Big brother, you have two sons. This is an industry in Zhonghai City. , It's not enough for two people!"

Wang Xiangui slowly closed his eyes without answering this sentence.

"Never mind." Wang Xianneng waved his hand and said to Zhang Yue and the four of them: "You live here first, and we will act when everyone is there. During this time, please don't mess around, or I will kill you myself!"

"Yes, boss!" Zhang Yue and the four were about to go out with their heads down, the guns still pointing at them outside the door.

"and many more."

Wang Xiangui spoke suddenly, and the four stopped again.
