

## Godly Choice 2081

Chapter 2081: Bastard

"What is the name of the person who is in conflict with you? Have you checked it out?"

When Wang Xiangui thought about this, he had a vague premonition in his heart.

The opponent dared to confront the arrogance with arrogance, and was able to command and mobilize the guards of the entire Huangting Mountain to search, the energy is not negligible, and the background is absolutely amazing!

"master."

The housekeeper on the side reported: "The other party is a kid from Longyang County. It seems to be called Li Yun, with a woman..."

"What did you say?!!!"

Wang Xiangui stood up abruptly, his eyes glaring at the housekeeper, his ferocious momentum was so fierce that everyone present was gone.

The cigar in Wang Xianneng's hand was cut off, and he took a deep look at his elder brother. He thought that Wang Xiangui had become sick after more than ten years of comfortable life, without the prestige of the golden poison king, but now it seems, He, who was renamed the Poison King of China Sea, is still fierce and domineering.

It's just that this ferocity is hidden, so outsiders can't easily see it.

"Old, sir." The butler was frightened and stammered, "The other party brought or brought a woman..."

"I didn't ask you about this. What I asked was whether the other party came from Longyang County. The name, name, name..."

Wang Xiangui simply did not dare to say the name of the other party.

"Called Li Yun." The butler said for him.

"!"

Wang Xiangui's pupils shrank suddenly, "Come from Longyang County? A young man who looks very young and handsome, less than twenty years old?!"

"Correct!"

Wang Xiangui fell into a terrible silence, his face was dim, his eyes looked straight at Zhang Yue and the four of them, and he suddenly laughed and said, "Kill them for me."

"Yes!" The bodyguard, who had already put down his muzzle outside the door, raised the guns in his hand.

"Wait!"

Wang Xianneng stood up, frowned and looked at his elder brother: "Are you serious?"

"If you want to stop me, I will kill you."

The tone was extremely cold.

Wang Xianneng's expression froze, "What is the background of the other party, making you scared like this, big brother!"

"Huh! Do it!"

The four Zhang Yue shook with fright.

"Wait, big brother, do you think it's useful to kill them now?" Wang Xianneng said quickly: "These four people have entered here, and the other party can find out if they want to, even without checking, he knows that big brother you are free from this matter. Nothing to do!"

Wang Xiangui's expression froze.

"If you want me to see, just kill it, kill the kid, and then we will go abroad, who..."

"Bastard stuff!!"

Wang Xiangui slapped it angrily. Regardless of what Wang Xian was able to block with his palm in surprise, he went straight to the door and shouted: "Take these four people, let's go and apologize to Mr. Li! Otherwise... we will all die today. !"

---

"People standing outside, come in and answer this question."

A voice came from inside the coffee shop. Wang Xiangui and Wang Xianneng and his party's ears made them look at each other. How did the people inside know that there was someone outside?

It's at least 20 meters away from the coffee shop!

The flesh on Wang Xianneng's face twitched, and he whispered in a ferocious voice: "Brother, let's shoot directly, and shoot that kid directly! What about the Innate Realm? We shoot so many..."

"Shut up."

The Zhonghai Poison King was extremely indifferent, "After you go in, if you dare to say something that offends people, I will kill you."

"you!"

"It's better to die in my hands than to die in the hands of outsiders. Now, follow me in!"

Chapter 2082: Shut up

Hearing Li Yun's words, Xiao Mingzhu subconsciously turned his head and looked in the direction of the coffee shop's door. Sure enough, two burly old men in their sixties walked in.

Then a group of bodyguards escorted four dejected people, and the group quickly filled the coffee shop.

It turns out that all the coffee-drinking guests here have given up an open space one after another, watching the bustling around the coffee shop, and being able to drink coffee here has proven that they all have good identities.

"Mr. Li, I brought someone to apologize to you!"

Seeing this majestic face, but showing a smile, Xiao Mingzhu had a strange face.

She had also met Wang Xiangui several times before, and every time he smiled harmoniously and looked happy, vaguely a kind of indifferent and proud of Yi Tiannian after fighting on the battlefield.

But now Wang Xiangui is cautiously accompanied by a smiling face, bending over to apologize to Li Yun, and behaved better than a primary school student sees a teacher.

"Who are you?" Li Yun asked casually, taking a sip of ice green tea with a straw.

Sitting still and standing tall, Wang Xianneng couldn't help but want to take out the guy several times, but Wang Xiangui gave him a stern look every time.

"My name is Wang Xiangui. I am the owner of Castle 19. I think you should have known Mr. Li..."

"Sorry, I don't know."

Li Yun interrupted him, and glanced at him plainly, "I came to buy a house today, and I don't have time to chat with other people. If you have something to say, leave after speaking, understand?"

"You kid... elder brother!"

The furious Wang Xianneng was kicked by his elder brother, "I will kill you now!"

Wang Xianneng gritted his teeth, and dared not say the next word.

"Mr. Li, I will give you an explanation!"

Wang Xiangui turned his head and shouted, "Bring you here!"

The bodyguards escorted Zhang Yue up to the four, pressing them on the ground and kneeling to Li Yun.

The surrounding atmosphere became more and more weird.

The customers here and the coffee stared back and forth between Li Yun and Wang Xiangui, trying to see what was going on!

"Let Mr. Li send it off!" Wang Xiangui hugged Li Yun's fist and saluted, "If Mr. Li you want their life, I will let them go and kill them directly. I will take care of them and ensure that they will not be involved. Mr. Li on your head!"

"Ding, trigger the option event, please choose from the host:

Option 1: Kill the four Bruce Zhang directly in front of Wang Xiangui, reward justice value of 10,000, golden gift bag\*1, future host's reputation in Huangting Mountain will be greatly reduced.

Option 2: Let Wang Xiangui kill four people, reward justice value +1000, blue gift bag\*1, and acquire skills: cruel, savage will be reported.

Option 3: Hand it over to the police, reward justice value +2000, purple gift bag\*1.

Choice 4: Shake hands and make peace, take the opportunity to subdue the once big poison. King King, let him work for himself, reward: justice value +200,000, evil value +1 million, colorful gift bag\*1, host deterrent in Zhonghai City improve. "

There are colorful gift bags!

Li Yun was slightly surprised. He did not expect that Wang Xiangui would directly take someone to apologize. The only explanation was that when Li Yun defeated the mad Taoist with Nine Heavens Thunder at the auction a few months ago, Wang Xiangui Also on the spot!

"Mr. Li, what's your... opinion?" Wang Xiangui asked tentatively again.

Chapter 2083: People stay

"I have no opinion."

Li Yun smiled faintly, "You and I are not relatives, I have nothing to say to you."

"This kid!"

Wang Xianneng became more annoyed, his teeth rattled, and if it weren't for his elder brother, he would have to take out the guy and shoot this kid directly into a hornet's nest!

What he said is almost like saying that what your Wang Xiangui does has nothing to do with me. People like you are not worthy to talk to me. Get out!

Wang Xiangui's expression also became very ugly, but he still endured the thought of the purple thunder falling from the sky.

"Mr. Li, I will give you an explanation!"

Wang Xiangui arched his hands and was about to take people away.

"Hold on."

Li Yun opened his mouth again and said: "Others can walk, but those four people seem to be the ones who drove me on the road just now. I have reasons to keep them and hand them over to the public security organs."

Wang Xiangui stopped, with a surprised expression on his face. What does Mr. Li mean? He also took the initiative to hand the people out just now, but Mr. Li didn't accept it.

"In Huang Xuanguo, anyone who violates a crime will be tried by the court."

Li Yun glanced at Bruce Zhang and the four of them, "You stay and wait for the guards to take you away."

The atmosphere froze a little.

Everyone didn't understand what he meant!

The expression on Bruce Zhang Yue's face was extremely wonderful, he looked at the boss several times, his fists were clenched and released, and the fierce light in his eyes was revealed.

"Okay, well, I'll definitely do it!" After recovering, Wang Xiangui's face was surprised and quickly agreed.

"hehe."

Wang Xianneng sneered and glanced at Wang Xiangui with a sullen look: "Brother, don't forget, these four people are my people. This kid doesn't count if you say it, and you don't count if you say it. Only me-the current golden Triangle Poison King, it's only after you say it!!"

Having said that, he winked at Zhang Yue and left the coffee shop in strides, his aura was like a rainbow, and he was so cruel that I would kill anyone who dares to stop me!

"Ding, select the event update, please choose the host:

Option 1: Perform the previous choice as before, grab the four people, reward justice value +5000, experience value +500,000, and golden gift bag\*1.

Option 2: By the way, take Wang Xiangui down and teach the opponent severely, reward justice value of +1 million, experience value of +2 million, all attributes +1000, golden gift bag\*2. There is a high probability that some unknown consequences will be triggered.

Option 3: Allow the other party to leave, investigate afterwards, reward: None, may know some secrets of the other party. "

A quick glance at the three options, in theory, options 1 and 2 can be selected at the same time, the benefits are also the greatest.

But Li Yun didn't play his cards according to common sense this time.

"Walk slowly, don't send it."

Li Yun took a leisurely sip of the ice green tea with a straw, and sat on the chair calmly.

Xiao Mingzhu's face was weird, and in the end she couldn't see what his personality was. It seemed that she would have to report it, but in the end she closed her hand again. Is it because she wants to put a long line to catch a big fish?

But this strategy is too obvious!

Wang Xiangui's raised footsteps were put down, and he did not choose to chase after the five Wang Xianneng and watched them leave.

He also thought about this problem.

Since Mr. Li let go of those who offended him, it shows that Zhang Yue and the four are not the point at all!

The key lies in... him!

"Li, Mr. Li."

Wang Xiangui broke out in a cold sweat, standing still unable to advance or retreat. Behind him was a lot of fierce spirits. The bodyguards who had fought with him for many years, but now he can't bring him half a sense of security!

Chapter 2084: Billions are not expensive

Seeing his performance, Xiao Mingzhu suddenly realized that Li Yun's goal was not Zhang Yue four from the beginning, but the Zhonghai Poison King, Wang Xiangui!

"This is interesting, will Wang Xiangui surrender?"

Xiao Mingzhu took a sip of tea calmly, looking back and forth between Li Yun and Wang Xiangui.

"Why are there so many people here?"

At this moment, a voice came from outside the door, and Li Feng was startled and turned to look outside the coffee shop: "Sister!"

Under the gaze of many bodyguards, a glamorous and powerful female president walked in with another twenty-three-four, equally beautiful and elegant beauty.

Wang Xiangui quickly gave up a road.

Zhuang Siliu glanced at him. Although his eyes were a little puzzled, he didn't ask anything. He brought the beauty to Li Yun directly.

"Sorry, we are late."

"It's okay, we just arrived, so we solved one thing by the way and it was just right."

Li Yun answered with a smile, stood up and shook hands with another beautiful woman: "Hello, my name is Li Yun, someone who intends to buy a house!"

"Hello, my name is Qu Fang, the daughter of the owner of Villa 36!"

The other party was straight to the point, and Qu Fang followed him to introduce himself. The two sides were originally here to discuss the transaction today, so it would be better to point directly.

Wang Xiangui was even more embarrassed, neither walking nor standing. Finally, he gritted his teeth and waved his hand to make all the bodyguards retreat. He sat down in the coffee shop and waited.

Going forward to talk to Mr. Li will only offend him!

After Zhuang Siliu and Qu Fang each ordered a cup of tea, and after a sip, Li Yun asked, "Miss Qu, are you intending to sell your property recently? What are the requirements for buyers? If everything is right, I Willing to buy in full!"

Qu Fang was stunned. She had seen many people who talked about business straightaway, but she had never seen such an impatient person who said that she would buy a house with full money as soon as she came up!

And what I bought was a set of real estate worth more than one billion yuan.

Zhuang Siliu gave Li Yun a roll of eyes, "Should you not ask about the villa's situation, floor space, decoration, furniture, property rights, etc.?"

Li Yun smiled, "I am basically satisfied with the houses in Huangtingshan, especially the houses with the first serial number. Besides, more than one billion yuan is not expensive. First decide on the initial intention of buying and selling, and then look for a professional real estate agency. To settle the contract."

Qu Fang raised his eyebrows, a billion is not expensive?

Usually, there are two kinds of people who say that they are not short of money. One is that they just have some money in their hands and can't wait to show off their wealth, for fear that others will not know that they are rich.

The second type is that he is really rich, and he casually said that one billion yuan is not expensive. He didn't even realize it, just like ordinary people say that a piece of clothing is not expensive for twenty yuan at a roadside stall.

What kind of Li Yun?

Qu Fang set his sights on the other two girls present, one she didn't know was Zhuang Siliu's younger sister. The other is the richest man in Zhonghai City, Xiao Mingzhu!

"Mingzhu, this rich handsome guy is your friend?" Qu Fang asked in a joking tone, this is to inquire about Li Yun's fiction, so as not to encounter any film.

Although Zhuang Siliu is a classmate and friend of hers, she is still a bit weaker than Xiao Mingzhu's authority. As long as Xiao Mingzhu is willing to nod and say that Li Yun is okay, she dare to believe it 100%!

Xiao Mingzhu did not answer, but looked at Li Yun.

Qu Fang was slightly taken aback. Could it be that she and this man are in a romantic relationship, but it shouldn't be made public now? !

After all, if it's just an ordinary friendship, just admit it directly.

Chapter 2085: Chairman of the board

"Mingzhu and I are..." Li Yun looked at Xiao Mingzhu, who also looked at him with a pair of beautiful and energetic eyes. Li Yun smiled and said: "It's a friend relationship! Today I came to see the house in Huangting Mountain. I just met her at the gate, but Mingzhu took my sister and me into Huangting Mountain. Otherwise, we can only wait at the gate. Thank you Mingzhu."

friend!

Xiao Mingzhu showed a bright smile: "It's okay, I just came back from the company this morning, and I met you on the road."

Li Feng was a little surprised, and couldn't help asking, "Mingzhu, have you worked?"

"Well, it's not that." Xiao Mingzhu explained without a trace of contempt on her beautiful face, "I just went to my home company to take a look at some business and management matters. I worked overtime late last night, so I simply slept in the company."

Li Feng nodded in a daze.

It turns out that the gap between ordinary people and the eldest lady who came from a wealthy family is really too big.

Ordinary people graduating from the third year of high school are nothing more than relaxing for three months, applying for the school when the results come out in July, and then waiting for the admission notice and the start of school on September 1.

Better families also go to travel and broaden their horizons.

However, Xiao Mingzhu can use the summer vacation time to personally participate in the management and operation of the company, talk with the senior executives of his company, and accept the guidance of senior executives graduated from world-renowned schools, so that he can grow rapidly.

It is foreseeable that Xiao Mingzhu can truly know how to manage a company before his junior year. In the second half of his senior year, he officially began to assume the deputy management position of some departments. In a few years, he will be promoted to the position of president for future entry. The board prepares.

Just like Li Feng's sister.

"Aren't they from rich people?"

Qu Fang was keenly aware of the problem, because as long as he was from a good family (referring to a family holding a listed company), he would know what Xiao Mingzhu meant and would not ask such stupid questions.

"So that's the case." Qu Fang was surprised, but his face was calm, his eyes looked at Li Yun, and he smiled and asked: "Just take the liberty to ask, what business does your family do?"

Xiao Mingzhu had a weird face, and concealed the expression on his face by drinking tea.

She did a little research on Li Yun's birth, and she knew that he came from an ordinary family in Longyang County, and there was no elderly in the family. Four siblings lived together.

She is also very curious about Li Yun being able to grow into such a powerful person!

"There is no business at home. My grandfather passed away early, and so did my parents." Li Yun smiled, "But then it happened by chance and my brain was still smart, so I also had a company."

"Your own company!?"

Qu Fang was taken aback.

This time I was really scared.

Owning a company at the age of 18 is not a big deal, but if he comes from an ordinary family, and the company can create billions or even tens of billions of profits at the age of 18, this is very scary!

It's incredible!

"Right." Li Yun probably guessed that the seller would only dare to sell the house to him if he knew his situation. After all, this involved a transaction of more than one billion yuan, and all aspects must be understood.

Therefore, Li Yun looked at her and said, "Miss Qu, do you know Baiyun Technology?"

"White, cloud, technology... Baiyun, Li Yun..."

Qu Fang stood up, his hands on the table, his eyes widened: "Are you Li Yun, the chairman of Baiyun Technology?!!!"

Chapter 2086: Luxury Villa (Part 1)

The reputation of Baiyun Technology spreads all over the world. As its headquarters is located in Zhonghai City, major companies and industries, as long as people who still follow the news, have heard the name of Baiyun Technology.

Although it has only released one game and one anti-virus software until now!

However, the establishment of strategic-level cooperation with Zhongwei, Daegu, Nantian Technology, and foreign companies such as BMW and Volkswagen Group has made it a top company in the world.

After Baiyun Technology released its super smart phone assistant software, its market value skyrocketed, soaring tenfold in one month, reaching a terrifying scale of two trillion!

"If Baiyun Technology does not have a second Li Yun, it will be me." Li Yun smiled slightly.

"Chairman of Baiyun Technology, Li Yun..."

Qu Fang muttered to himself in shock, trying to calm down, but still felt incredible, and couldn't help but glance at Xiao Mingzhu to verify, and naturally he got a positive reply.

The Li Yun in front of him is really Li Yun, the chairman of Baiyun Technology!

Qu Fang couldn't understand why a young man younger than her owns such a huge company?

Zhuang Siliu took a deep breath, calming his mood.

With Xiao Mingzhu's testimony, it is basically certain that her "brother-in-law" is the boss of Baiyun Technology, but she, like Qu Fang, can't figure out why this is the case. A senior high school graduate masters a large enterprise, which is more magical than TV. The drama is also a magical drama.

"Li Yun..." Xiao Mingzhu said with a smile: "In fact, it is even more powerful than Qu Fang you think. Even my dad and I are very impressed. My dad has been feeling that it will not take a few months, the richest man in Zhonghai City. His name is about to be transferred from him to Li Yun!"

Wanyuan Real Estate Group has reached its peak, and has even begun to decline because the real estate boom has passed.

However, Baiyun Technology is still in its infancy stage, and its future development is moving toward the world's first place, which is far from what the Xiao family can compare!

"Haha, it's not that great." Li Yun humbled, "It's a coincidence. There is a saying that even a pig can fly at the position of the tuyere."

"I would rather I be the pig."

Qu Fang's joke made everyone laugh.

Zhuang Siliu glanced at his sister. No wonder she has to endure the women around Li Yun. Such an excellent man will attract countless mad bees and butterflies without doing anything. If Qu Fang had not already had a boyfriend, I would even have her. Also fall...

"How about it."

Qu Fang offered to offer: "Li Yun, you guys go to my house with me and take a look at the house for yourself. It just so happens that my dad is also at home now. He often talks about you recently, but it's a pity that I haven't been able to meet. Li Yun, do you see...?"

"OK."

Li Yun didn't think too much and agreed directly.

For buying a house, it is of course the best to be able to make field trips!

...

In front of Villa 36.

Li Feng carefully observed the surrounding environment. It is very likely that this place will become her and Li Yun's home in the future, so it is necessary to record it carefully. It is best to take some photos and pass them to the three little girls at home to have a look.

The villa is located halfway up the mountain, slightly lower than the first 20 castles, but higher than the villas after serial number 50. Those villas are generally located at the foot of the mountain, and few can be on the mountain.

The townhouse of 36 villas is much larger than the villas in the city. It is almost similar to the castle, surrounded by walls, and the main building of the villa is in the middle!

Chapter 2087: Luxury villa (below)

"It covers an area of 50 acres, with a garden of about 30,000 square meters and a building area of 2,000 square meters. Although it's not as good as the top luxury houses abroad, which are more than 100,000 square meters, it is also large enough. In addition to the main villa, it is also equipped for guests. The villa allows the housekeeper and servant bodyguard to live without affecting the owner's rest and privacy."

"It takes about 5 minutes to walk from the gate to the living room... The villa has a lot of facilities, such as luxurious private theaters, swimming pools, wine cellars, badminton halls, tennis courts, miniature golf courses, etc. You can experience it yourself later."

"Oh, yes, there is a small pond nearby. Although it is not in the villa, the right of disposal is included. If you buy the villa, you can plant lotus flowers in it and raise chickens and ducks, provided that it is handled well. Sewage, don't make the surroundings too ugly."

After entering the villa, Qu Fang began to explain the situation of the villa to Li Yun and Li Feng.

She is not a professional sales lady, but she has lived here for twenty years and is very familiar with everything here.

"What a great house!"

Li Feng looked around, dumbfounded.

Before she came to Longyang County, she had already imagined what the rich mansions would look like. When she came to Huangting Mountain and saw the rows of villas hidden in the green mountains and green waters, she changed her imagination. .

But after entering the mansion, he still looked dumbfounded.

The building area is 2,000 square meters, and the villa has four floors, which means a total residential area of 8,000 square meters.

In addition, there are guest villas, which are two three-story villas on both sides of the villa, one size smaller, at least capable of housing hundreds of people, for bodyguards and housekeeper servants to live in.

As for the beautiful gardens around the villa, if he hadn't seen it with his own eyes, Li Feng would have thought which park he had entered!

The swimming pool, tennis court, are surrounded by lush woods, and outsiders can hardly see the inside of the villa.

All this is too luxurious!

"The king's mansion is bigger?" Li Yun asked curiously, and smiled after looking around: "I think this place is very big, bigger than the house in French rent."

"French Concession....."

The proud expression on Qu Fang's face solidified, and said unnaturally, "No one sells the houses there, and each one is about the same price as the first 20th castle here. Where are your friends?" She asked tentatively. One sentence.

People living in the old French rent realm are more noble than living in Huangtingshan, so if you use the average value.

Li Feng glanced at Li Yun with a smile, and replied for him: "A girlfriend of my brother lives there."

A girlfriend...

Qu Fang didn't ask much about it. This kind of situation is normal for rich people. The only thing that is abnormal is that one of his girlfriends actually lives in French rent. How big a face is this?

Xiao Mingzhu glanced at Li Yun, and secretly warned himself in his heart that this guy looked kind and easy to get along with, but he was a "scumbag" in the true sense!

This \*\*\*\* has many confidantes!

"Foreign houses, they are really big." Qu Fang smiled, "My family bought a house abroad by the lake. There is a mountain behind the house. It belongs to my family!"

Li Yun looked embarrassed. He seemed to think of an anecdote. He said that a girl from abroad took a selfie while running in the morning, saying that she was going camping in the mountains, but was beaten in the face by her sister, saying that it was only in his own home!

It turns out that the anecdote is true. There is a forest in the home of the rich.

Chapter 2088: Proclamation

"Miss!"

When Li Yun and his party walked to the flowerbed in front of the villa, a butler in his sixties, wearing a tuxedo and tie, greeted him and respectfully bowed to Qu Fang.

Immediately afterwards, their gazes were swept across everyone's faces, and finally they focused on paying a salute to Li Yun: "Welcome to your visit, distinguished guest."

Qu Fang smiled and said, "This gentleman is Li Yun, the chairman of Baiyun Technology. He is a guest now, but in the future...maybe the host here."

Having said that, Qu Fang smiled narrowly at Li Yun.

"It turned out to be Mr. Li Yun!" The butler saluted again and introduced himself: "I am the butler here, Zhou Qi, I am glad to see you, Mr. Li Yun!"

"Hello."

Li Yun became a little nervous when he heard him. Could it be that he wanted to stay and continue working?

"Come on, let's go in, my dad...ah, he's out!"

A handsome middle-aged man walked out of the lobby of the villa. After seeing Li Yun, his eyes lighted up, he walked up quickly, and enthusiastically stretched out his hand and said:

"Hello, hello, Mr. Li Yun, it's not as well-known as meeting, Mr. Li Yun is younger and more promising than I thought!"

"Mr. Qu praised."

Li Yun shook hands with the middle-aged gentleman and learned that his name was Qu Shen.

Then Qu Shen smiled and greeted Xiao Mingzhu: "Mingzhu, you haven't been a guest at your uncle's house for a long time. When you were a child, you used to visit Huangtingshan's residents, so why are you shy now!"

Li Yun had a weird face. Did Xiao Mingzhu be so naughty when he was a child, visiting people?

Xiao Mingzhu's face blushed, "Uncle Qu, you said it was when you were young. When people grow up, they get busy, but Qu Fang and I often meet each other."

Qu Fang nodded, just... nodded, right?

Strange to say, they grew up in Huangting Mountain, but the relationship is very ordinary, limited to the relationship between ordinary friends and neighbors, but she has a good relationship with Zhuang Siliu.

As if he knew that his daughter and Xiao Mingzhu were not close to each other, Qu Shen smiled, skipped mentioning, turned his eyes to Zhuang Siliu, and nodded to her: "Si Liu, how is your mother?"

"My mother is fine, and I found my sister." Zhuang Siliu took Li Feng's hand and introduced to Qu Shen: "This is the sister who accidentally disappeared when I was a child, Li Feng, whose real name is Zhuang Nianliu."

"Li Feng, Li Yun?"

Qu Shen looked at the two men in surprise, and when he learned that they were the relationship between sister and brother, he immediately expressed his congratulations, and his attitude towards Zhuang Siliu suddenly changed and became a lot more enthusiastic!

Zhuang Siliu's eyes fell slightly. Every time she came to Qu Fang's house as a guest, Qu Shen was not indifferent to her. It seemed that it was because the Zhang family didn't want to see their mother and daughter, or the dealer's existing assets were too great. Less, so that Qu Shenxing can't think of making friends.

But now that Zhuang Nianliu is Li Feng and Li Yun's god-sister, Qu Shen immediately looked at her Zhuang Siliu with admiration!

This makes Zhuang Siliu's mood extremely complicated.

"Come and come, let's go in and talk!"

Qu Shen warmly invited, "It's not anxious to see the house. We will have a meal together at noon. In the afternoon, I will let my daughter take you around and experience the facilities and decoration of this villa everywhere. A top-notch!"

Li Yun smiled, "If you intend to sell, nothing else is a problem. My requirements for the house are not very high, what do you think, sister?"

"Me too." Li Feng nodded slightly, indicating that he could buy it.

"Well, from now on, this house is yours, Chairman Li!"

Chapter 2089: One billion villa, give it to you for nothing

Qu Shen's arrogant words surprised everyone.

"Give it to me?" Li Yun looked strange.

"Yes! This villa will be given to Li Yun for you!"

Qu Shen said with a smile, not like a joke at all, even his daughter Qu Fang was surprised.

"Give it away for nothing?"

Zhuang Siliu couldn't help asking, this villa was worth one billion, less than 50 million yuan for decoration, which is not even the various collections in the villa.

A house with a billion dollars will be given away as soon as it is given away. Even if it is given away to the rich, it can't stand it!

"Yes, it's free!"

Qu Shen made a please gesture and motioned everyone to go in and talk.

Entering the hall, Li Feng saw what looked like a fairy tale movie:

In the ten-meter-high empty hall, a huge crystal lamp hangs from the third floor. The second floor is designed as a ring, and the living room on the first floor can be seen directly from above.

The magnificent dome is painted with fine stone angel oil paintings, and the chandeliers are inlaid with gold ornaments. The walls of the living room are covered with dark red walls and western oil paintings are hung on it, which is full of artistic and classical atmosphere.

For example, the arc-shaped staircase in the princess castle, which surrounds it upwards, is covered with a thick carpet. People walking on it will not make any sound. It is flexible and very comfortable.

In the restaurant with the door open on one side, there is a 6-meter-long western dining table, which can accommodate 18 people at the same time. Large families are not afraid of insufficient space when dining together.

"Haha, okay?" Qu Shen smiled, pointing to the living room and said: "This place is slightly remodeled, and it can be used as a banquet and reception salon for friends. It is even spacious enough to hold a 500-person meeting. The birthday party was held when the little girl was 18 years old, and it was very well received by her friends!"

Indeed, the second floor is almost connected to the first floor. From the second floor, you can easily clink Kiyotake with the people on the first floor with a glass of wine. The handsome men and beauties shouted cheers to celebrate. It was wonderful.

Li Feng felt that if she hadn't been to Taihuang Mountain with her brother and had seen the luxury of the Tianshen Pavilion and the mystery of the monsters, now she might have a low self-esteem and tremble as she walked.

"There is a rest room on the first floor, and a special guest room on the second floor." Qu Fang also explained: "The guest room can let hangover friends rest. The third and fourth floors are dedicated to the owner, bedroom, study, library, and open air. Small swimming pools, etc., are generally not provided for outsiders to live in."

"How many rooms are there on the third and fourth floors?" Li Feng looked up at the upper part of the high-rise living room, from which you could see the third floor. She thought of the third floor in Gong Qingyu's bungalow, where there is a small ok. She was transformed into a very warm.

After moving in later, she also wanted to create a warm and loving living room for the three sisters and Princess Yongning to live comfortably.

"Sixteen, or eighteen... Anyway, a lot of them. The room alone is enough to accommodate multiple women... the family lives together."

As for why it is a girl, Qu Fang needless to say everyone knows.

"Just go up and see as much as you want!" Qu Shen made a please gesture, indicating that Li Yun and others can go up and see directly.

Li Feng hesitated, "Is this not so good? After all, Mr. Qu, your family still lives in it, there are some inconveniences..."

"It's okay." Qu Shen waved his hand. "Only the study and the bedroom are not allowed to go in, and you can see everything else."

Everyone then walked up the arc-shaped stairs and stepped on the thick and soft big red carpet. Li Feng glanced down and felt like the princess walking down with the skirt in the fairy tale.

Chapter 2090: Buying a house is a big deal

Of course, her temperament is definitely not a little princess, she can only be the eldest princess, Yongning is the little princess, hehe~

Li Feng is in a happy mood. This big villa will become their family's new house. Her mother and sister also live in Huangting Mountain. They can go to reunite at any time, and their future life will inevitably be fulfilled and happy.

The only thing that is not so good is, "The house here is a bit big. Will it look empty if five people live?" Li Feng looked at his sister Zhuang Siliu. Her brother was often away, when there were only a group of women in the house. It's really lonely.

"That's not true."

Qu Fang smiled and said: "Such a big villa is usually equipped with housekeepers, maids, gardeners, cooks and bodyguards. You can let them live downstairs and raise more than a dozen maids and maids. It will be lively and not too deserted."

In addition, although Huangting Mountain is a distance from the outskirts of Zhonghai City, it is still very popular. Nearly tens of thousands of people live here, including 500 households, drivers, nanny and security personnel, and Huangting Mountain is still very lively at night. Yes, many people at the foot of the mountain will meet until twelve o'clock, then you will understand! "

One bad thing about buying a villa is that life may be inconvenient. If the location of the villa is too remote, the owner of the villa community will no longer be there. There are three households in the entire community, and the night is dark and "haunted", even if the villa is more comfortable Can't live anymore.

Humans are social animals, and it is best to have people around the house, and rely on each other to live comfortably.

"That's good." Li Feng nodded. If only they and Li Yun lived in such a big house, she would definitely be uncomfortable. She wouldn't even dare to go downstairs at night, it was too big! Zhou Qi, the housekeeper following closely, couldn't help but glanced at Li Yun, but quickly lowered his head.

As if noticing the look in his housekeeper's eyes, Qu Shen smiled: "Li Yun, after my family moves abroad, most of the servants will stay in China, including the driver, gardener, some bodyguards, maids, etc., I only take away my housekeeper. And a few bodyguards who have been with me for many years, and the rest will be 'unemployed'!"

The housekeeper Zhou Qi was a little excited and couldn't help but raise his head to look at the new owner of this villa.

"Ha ha."

Li Yun naturally understood Qu Shen's meaning and smiled: "I don't have any comments. The original people can continue to work here and be responsible for the daily maintenance of the villa."

As soon as this sentence came out, several maids standing not far away gave expressions of surprise. Naturally, they were willing to stay. There is really no better place than Huangting Mountain in the huge place in Zhonghai City. jobs!

"That's right." Li Yun asked casually: "It seems that a big house must have a housekeeper? Forgive me for being rich, and my temperament hasn't kept up."

"Hahaha~!"

Everyone couldn't help but laugh, and Xiao Mingzhu's heart moved. Li Yun was quite humorous and easy to get along with, and did not dominate others by virtue of his identity and strength.

So she first explained: "The housekeeper is actually the position responsible for managing the internal and external affairs of the villa. After all, the daily operation of the villa, including repairs, purchases, external communication, etc., needs someone to do, and the owner can never know everything."

Li Yun nodded, and Xiao Mingzhu said: "Generally, housekeepers are divided into two types: inside and outside. Most of the housekeepers are women. They are responsible for managing and maintaining the normal daily life of the villa, purchasing, cleaning, and maintaining appliances. "
