

Godly Choice 2111

Chapter 2111: Admonish

"Li Yun!"

Su Tengyun looked at him and said solemnly: "I know you have extraordinary abilities and wonderful opportunities, but for the future happiness of your daughter, I still want to warn you two things."

"Father-in-law, please!" Li Yun nodded respectfully, saying that he was also father-in-law, and there should be some respect.

"Other things that care about my daughter, don't be sorry, I won't say anything else. I believe in Li Yun's personality and my daughter's gaze. The husband she found must be a good man with good character and academic excellence!"

Li Yun was not proud yet, Su Tengyun tapped his fingers on the table and said solemnly: "But!"

Li Yun's expression suddenly shuddered, he can now feel how his son-in-law felt when he saw his father-in-law for the first time!

"Because you are too good, there are too many girls around you!"

Su Muxin puffed up her small mouth when she heard her father say this, and looked at Brother Li Yun with tears in her eyes.

"Ashamed."

Li Yun has nothing to say, is it wrong to like girls? Every girl around him, he didn't want to give up!

The scum is a bit scum, it's the most important thing to make the people around you happy.

Su Mufeng looked at Li Yun with envy. He was a man who liked three thousand beauties in the harem.

"I know that you can be called a half immortal by cultivating spells, and you are not affected by worldly rules, but you still live in society after all. There is no, it is impossible to completely separate from collective life!"

Su Tengyun glanced at his daughter, and nothing else, with his daughter's lively personality, she is not like an immortal who can practice in retreat for decades.

"So!" Su Tengyun solemnly warned: "I hope you can conceal the relationship between the two sides. People around you, even people in the upper class, know that it's okay, but you must never spread it to the public, especially the main ones, and don't spread it to the Internet superior!"

"Otherwise, you will be under unimaginable pressure, and even if you won't separate, you will be overwhelmed by public opinion!"

Husband's words made Chen Danting nod slightly. The fact that there are multiple boys and girls is very common in the upper class itself, and it's not a big deal to be known, especially Li Yun has

extraordinary powers. When people know about it, they will not laugh but envy her daughter for marrying. good husband.

But people on the Internet are different. After they know that Nantian Group's daughter is actually just a man's concubine, crazy ridicule will come.

Until then... it's hard to predict the result.

"I know, Dad!"

Before Li Yun could answer, Su Muxin took the initiative to hold his hand with a serious expression on her beautiful face: "When I first met Li Yun, I knew he already had a girlfriend, but I Still willing to like Brother Li Yun!"

After a pause, she continued: "Brother Li Yun is a gentle, handsome, and exceptionally talented... good man! I like him! Love him! For...life."

Su Muxin said many words of admiration and praise in one breath, which made Li Yun feel embarrassed.

"Dad, Mom." Su Muxin was a little shy, "I know what you mean. Exposing it will only bring harm and no benefit. I am also not the kind of person who falls in love and marries a husband and wants to let the whole world know. People, so don't worry, brother Li Yun and I will only be together secretly and won't let others know!"

Su Tengyun and Chen Danting looked at each other, and the husband and wife finally nodded affirmatively and agreed to this special marriage.

Chapter 2112: I want to be a female president

Li Yun and Su Muxin may never get a certificate, but the fact that they are together is no different from getting married.

In the future... Li Yun should hold a wedding for Su Muxin. The secret wedding will only invite relatives and friends to attend, and will not announce that to the public.

Although the wedding has no real meaning of getting married, this is what Su Muxin deserves.

"Father-in-law, mother-in-law!"

Li Yun held the soft hand of Su Muxin, the little pepper, and said in a very serious tone: "The prospective son-in-law Li Yun promises you that I will take good care of Su Muxin in the future and prevent her from being wronged. I will love her and spoil her forever. Stay with her until the end of the years, and never separate!"

The sworn confession made Su Muxin's eyes filled with excitement tears, her small mouth opened and closed to say something, and finally she expressed it with action.

"Husband~~!!!"

Su Muxin threw herself into Li Yun's arms, put her arms around his neck, shyly and excitedly offered her first kiss.

One second, two seconds.

After three seconds, the two slowly separated. After all, under the gaze of their parents and brother, Su Muxin's first kiss could only be done here, and it was left to make up later.

"Women's college won't stay here!"

Seeing his 19-year-old daughter kissing other men in front of him, Su Tengyun, as a father, feels sad and jealous. This is the reaction that any father would have when his daughter is married.

It's as if my Chinese cabbage has been eaten by a pig, and I feel very distressed!

"What are you talking about!"

Chen Danting gave her husband a white look, "Mu Xin will still live with us in the future. This is actually good, right? Mu Xin."

Since Li Yun has so many confidantes, let her daughter be by their side, so that the two elders can stay at the tower for a lifetime.

Su Muxin glanced at Li Yun.

Su Tengyun immediately asked, "Sir, what do you plan to do in the future?"

"Uh, I mean, it's fine now!"

Li Yun smiled awkwardly, "Fang Xue will be the head of the Fang family. Gong Qingyu will always draw her cartoons in Zhonghai City. As for everyone else, they all have their own careers. Normally I will visit you. , And then... almost like this."

"Others?" Su Muxin stared at him and bulged her mouth: "So there are so many! Humph~"

Li Yun can only laugh.

"That's okay." Su Muxin smiled and hugged his arm, "I will enter Baiyun Technology after graduating from university in the future, and plan to replace Uncle Wu Ke and become the president of Baiyun Technology! Hehe, brother Li Yun, there are sisters and me. Do you want to take the position of the president?"

She already called women she had never met sisters.

"no!"

Li Yun said with certainty, at least not now.

Fang Xue has a Fang family, and Gong Qingyu doesn't bother to be a president. Lian Yi accompanies her to deal with the affairs of the Gong family in Zhonghai City.

Xia Feiyao, Zhao Tianfeng, and Princess Yongning are not the president's material. Hu Xiaomeng is a playful and innocent girl. Li Yun can't imagine what she is like as a president. I'm afraid that Baiyun Technology will become an amusement park.

Certainly a big star is going to continue filming. As for the Saint Fanqing... How could the Saintess be a president in a district?

So, at least Su Muxin now has no one to compete with her.

"Hehe~~"

Su Muxin was very proud and showed off to her brother and her dad: "In the future, I will be the female president of Baiyun Technology with a market value of 20 trillion, ten times better than both of you, hum~!"

The father and son looked at each other and smiled bitterly together.

Nantian Technology is no better than Baiyun Technology! !

Chapter 2113: Holographic technology

"Ding, the host made a choice and was approved by Su Muxin's parents, rewarded experience value + 5 million, free attribute points + 2000, four medium-sized medicinal pills*4, golden gift bag*3, additional rewards: holographic technology, spiritual jade necklace (Exclusive to Su Muxin)."

Holographic technology? !

Seeing the prompt from the system, Li Yun instantly became energetic.

Holographic technology is a long sword in science fiction movie themes. In layman's terms, it is to project the image in the air, which can be displayed without any screen, and the image is displayed in a 3D stereoscopic way!

Although it doesn't seem to be very useful, you must know that if holographic technology can interact with the human body and recognize human fingers and operation intentions, the effect of this thing will be incredible!

Apart from other things, it is not a problem to directly replace mobile phones, just like people who have used large-screen mobile phones, it is difficult to use small-screen mobile phones.

After taking a look at Su Tengyun, Li Yun thought about it and smiled: "Father-in-law, let me give you something good!"

"Oh? Is it another pill?"

"Uh, no, it's a black technology!"

"Ah! What black technology is it? Show me quickly!"

Su Tengyun was more excited than seeing the pill. The chairman of a company with a market value of five trillion has already had an almost instinctive pursuit of making money.

He may not like money, but he definitely likes to make money! I prefer to see that his company grows stronger and stronger, surpassing the fruit company and becoming the world's number one. This is what Su Tengyun really pursues!

Li Yun took out a storage memory card out of thin air, and Su Muxin was no stranger to it.

"What's inside?"

"Holographic technology!"

"Holographic technology?!!!" Su Tengyun stood up abruptly, "Similar to the HoloLens augmented reality glasses of a giant hard company?!"

"No no no, much stronger than HoloLens!"

Li Yun emphasized: "This is a real holographic technology, not worse than that described in science fiction movies, or even stronger!"

Everyone in the living room was quiet.

With their vision, they know what this means!

"Li Yun!" Su Tengyun looked at him with piercing eyes, "I will invest in you, and start a joint venture together, and I will be responsible for bringing this technology to the market!"

Then Su Tengyun smiled again: "Wu Ke now has enough cards in his hand, this time I will help you!"

Listening is to help, not to cooperate.

This is the art of talking by business leaders!

Li Yun smiled and nodded, he actually thought so too.

Wu Ke now manages Baiyun Technology and has been busy working 18 hours a day. Li Yun even gave him two pills to improve his health because he was worried about him, so that he would not vomit blood and die from working overtime.

Therefore, this new technology was handed over to his father-in-law, who recruited people to develop it.

"Wait, wait!" Su Mufeng quickly interrupted the two of them, "Li Yun, how do you say I am also your brother-in-law, should I study this technology?"

"Son, do you want to grab me?" Su Tengyun looked at him.

"Dad, you already have Nantian Technology, let me do this kind of thing!"

"Son, the future of Nantian Technology is yours. I decided to go to a new company and open up new territory!"

"Dad, you are so mean!"

The father and son fought back and forth. In the end, Jiang was still old and spicy. Su Tengyun used "You are not even the president now, continue to work as a staff for me!" as an excuse, successfully suppressed Su Mufeng and won the establishment of Li Yun. President of the new company.

Looked at Li Yun with a smile.

Chapter 2114: 30 trillion market

There is nothing to say about the new company. Li Yun has all the technology, and his share of 60% is not too high. The other 30% of the shares are allocated to Su Tengyun. He is responsible for recruiting people and has studied, and the follow-up promotion operation is also him. 30 shares are not many.

In addition, Li Yun gave 30% of the shares to Su Muxin as a bride price.

Little Chili didn't refuse, he blushed and kissed him and accepted it.

Su Tengyun asked the secretary to bring the computer, plug in the memory card and glance at it roughly. After seeing the product graphics inside, he was deeply moved: "I really don't know where Li Yun got it from, Li Yun. A 30 trillion market, Li Yun, your offer is too generous!"

"Thirty trillion!" Su Mufeng's eyes widened.

"Yes, it can completely replace all display-related things such as mobile phones, TVs, computers, movies, etc., and 30 trillion is still a conservative estimate."

Su Tengyun took a deep look at Li Yun, "These technologies are all innovations to the original technology, and they are completely replaced. I am deeply honored to be able to participate in the technological changes!"

It is a great honor for the chairman of Nantian Technology to say such words, which is enough to prove how strong the holographic technology given by Li Yun is!

Su Muxin looked at Li Yun, hesitated, and said, "Brother Li Yun, since the shares are so valuable, are they giving me too much? I just took 3% to 5%."

Even if the new company cannot swallow all the 30 trillion market, it is more than enough to create a Nantian Group. Su Muxin also has shares in the Nantian Group, but only accounts for 0.1%.

But just 0.1% has allowed Su Muxin to become a rich woman with 10 million shares worth 500 yuan per share and a total value of 5 billion.

"Take it."

Li Yun scraped her little nose and said with a smile: "The money is enough for me. You can use these small pepper shares as you like. If you say it is a bride price, they are all yours!"

"Hee hee~"

Su Muxin accepted it blushing, thought for a while, and said, "I don't want money, so let's take this money into sister Li Feng, two younger sisters, plus little princess Yongning, who sleeps all day. I need to take care of my body, right?"

The last time she met the little princess, she was deeply impressed by the sleepy Yong Ning.

"Speaking of how you want to use it."

"Hehe, good~"

Su Muxin agreed with a smile, looked at the time, and took the initiative to hold Li Yun's hand: "Go, let's pick up Li Feng's sister, ah, mother, ask the servant to prepare dinner, we will have a meal together tonight, wait for you Back to Zhendong City again!"

"How do you know we are going back to Zhendong City? Your final grades haven't come out yet." Chen Danting asked strangely.

"Dad got the holographic technology, he can't help but not go back?"

"Hahaha, my daughter understands me!"

Su Tengyun couldn't help it for a moment, and wanted to summon elite soldiers to realize this holographic technology as soon as possible and launch the product.

He can't wait to see what the world will be like half a year after Li Yun used all kinds of black technologies!

His son-in-law is really a person who can lead global change in every move and is destined to stay in the history.

Compared with this, Li Yun's beauty around Yun Ruyun is not worth mentioning.

...

"Little pepper."

After leaving the door, Li Yun remembered one thing.

"?"

"Two more good things for you."

"what?"

Chapter 2115: Give ring

Su Muxin lowered her voice and asked quietly, "Is it a good thing that my parents and elder brother don't have? Hehe, I know, I promise not to tell them!"

Li Yun couldn't laugh or cry, "No, this stuff is really rare, but it doesn't need to be kept secret, but I forgot to give it to you, come on, stretch out my hand."

Su Muxin stretched out her small hand obediently, her white tender palm facing up, her bright eyes looking at him expectantly.

Little Chili is still less than twenty this year. She still retains the innocence and beauty of a girl. She is a little more than 1.65 meters tall. She has a soft figure with just the right curve. She has a slender waist that can be held. Induce Li Yun to taste the average.

"Kiss first."

Do it when you think of it. Xiaojiao is now his prospective fiancée. He has seen his parents give a betrothal gift. What happened to him?

Li Yun smiled. Originally wanted to lower her head to kiss Xiao Chili, but when the girl heard it, she thought she wanted to kiss her before she was rewarded. Therefore, she blushed and stood on her toes and stamped Li Yun's lips. I pressed my lipstick and pursed my lips shyly:

"Yes, okay?"

"Awesome!"

Li Yun was satisfied. He took out the necklace he had just rewarded and put it on the white jade swan neck in Su Muxin's surprised eyes. The snow-white girl's neck was set off with a spiritual jade necklace, which matched her noble and wealthy daughter's temperament. , Making Su Muxin more noble and lovely.

"Ling Jade Necklace

Special effect: Condense the aura of heaven and earth.

Skills: Gathering Spirit (passive), enchantment (active, 3/3)

Explanation: The magic weapon commonly used by ancient monks has the function of condensing heaven and earth aura, and can use the inner aura to develop a defensive enchantment. "

"This is... for me?" Su Muxin quickly felt the extraordinariness of the necklace, and a strange knowledge faintly passed into her mind, letting her understand the purpose of this necklace!

"Yes, don't be surprised, there's more."

Li Yun took out the ring that had exploded the space ring the day before and got the ring again, and put it on the **** of her left hand for her again.

"Engagement ring...uuuu, brother Li Yun~~~!"

Su Muxin couldn't help it anymore, she hugged Li Yun's neck tightly with her hands, and kissed him.

The kiss lasted for an unknown amount of time.

The sweet affection circulated back and forth between the two, the handsome men and the beautiful women embraced and kissed each other, making the whole castle seem like a fairy tale.

The maids and servants all around knew that Li Yun was the uncle of the Su family. He had already included Su Muxin, the daughter of the Su family, in his pocket, and outsiders had no chance again.

From the young lady and the uncle standing at the gate and kissing for a full ten minutes, even the master, the lady and the young master looked out from the second floor. They did not wake up the couple in love. It can be seen that the relationship between the two is very strong. Better.

"It's been a long kiss... The relationship between Miss and Uncle is really good!"

"Woo, Miss must be very happy, this is French wet| kiss, right?"

"Probably... isn't it? Don't come close and disturb the lady."

"Haha, poor Yan Jingyi has no chance."

"Yan Jingyi? What kind of thing is he? I heard that my uncle gave a bride price of 1.5 trillion yuan to the young lady, and it is more than enough to buy him ten Yan Jiachuo!"

"1.5 trillion? Really?"

"It's true! You don't even ask who the uncle is, he is..."

"Shhh, the housekeeper just said, you must not talk about the young lady and uncle!"

"When, of course, we never talk too much!"

Chapter 2116: Be careful Li Yun

The maids talked a lot, but they still couldn't separate the two.

Su Muxin tasted love, and strictly speaking, this was her first kiss, so she was very involved.

And Li Yun...he admitted that he was just like Jin Liuli and Qingzhu's little maid scolded, he was a big-eyed embryo...cough.

"Brother, what are you doing?"

It was not until Li Feng got off the scooter and looked at the two with a smile that he awakened the couple in the kiss.

"Sister Li, Li Feng!"

Su Muxin's beautiful and cute little face was red enough to boil eggs, and she hurriedly left Li Yun's embrace, and said falteringly: "I, I actually wanted to pick you up, but it turned out..."

After that, she shyly covered her face with her hands, so ashamed that she had no face to look at people!

"As a result, I was kissed by my brother and couldn't walk?"

Li Feng bit her lip to hold back her laugh, walked over and took her little hand and said, "Mu Xin, you, I probably don't know who your husband is. He definitely thinks about messy things whenever he has free time, so Don't give her a chance, understand?"

"Uh-huh."

Su Muxin's mind was chaotic, and she subconsciously thought, wouldn't it be better and better for Brother Li Yun to do this?

Li Yun looked at the two women innocently: "Nian Liu, don't think of me like a big bad wolf, I'm very honest, alright."

"If you are honest, there won't be a messy man in the world, and also, don't tell me to read willow!"

"Why? I think this title is quite new, hehe."

"No way, others can, but you can't~"

Li Feng warned his younger brother with a small pink fist, and proudly took Su Muxin's little hand into the castle living room.

While chatting with Su Muxin's family, Li Feng looked at Li Yun with weird eyes several times. Her younger brother was really amazing. In a few seconds, he settled a big family and asked them to agree to Su Muxin's stay with him.

However, it was precisely because her younger brother was good enough that he would let the Su family be impressed!

At dinner, Su Muxin mentioned again about taking a cruise to the island for vacation, and looked at Li Yun with anticipation.

"Cruise ship?"

Her mother Chen Danting frowned slightly, "Mu Xin, are you going with the people around Li Yun?"

"...Hmm." Su Muxin blushed.

Chen Danting did not put down the bowl, and while eating, said in a seemingly casual tone: "Mom is old and can't control so many of you young people. I know that you are playing very well, but I still want to remind you: Don't kill anyone!"

Suddenly, in the 24-person luxurious dining room of the castle, everyone quieted down.

The human life she said was naturally not causing human life, but creating "human" life!

"Mom~!"

Su Muxin's face turned red, and her brother Su Mufeng almost couldn't breathe. He and Su Tengyun had another illusion that their cabbage was eaten by wild boars.

"I'm just telling the truth."

Chen Danting's expression was indifferent, and she continued to eat and pick dishes: "Anyway, when you play, take safety precautions. You are all adults. You know where you are, do you understand?"

"Yes, mother!"

It was Li Yun who was speaking. After getting engaged, he had to call his mother. The mother-in-law was only in written language. Most local customs were still called father and mother, including the woman's parents who called the man.

Of course, before the formal marriage, it is not wrong to call them uncles, aunts, uncles, and aunts, but they didn't call their parents to be close.

"okay."

Chen Danting was obviously very happy, and smiled and agreed with her daughter and Li Yun to go abroad on a cruise.

Chapter 2117: You go travel

Su Muxin's face was red until the end of the meal.

Everything is ready, only owes east wind.

With the permission of her family, she can now give herself to Big Brother Li Yun completely, let him love herself as much as she wants, and it doesn't matter if she does anything casually.

This is the category of adults!

"I, I, I, we still wait and wait when we take the cruise, what more..."

When there were only Li Feng and Li Yun around, Su Muxin stammered, and Li Yun immediately understood what the "whatever" in the words meant.

Seeing her blushing face, Li Yun jokingly smiled: "Little Chili finally knows that he is 'scared' now?"

"Who, who is afraid?"

The girl who has never experienced that thing is still stubborn, "I just think... it's not good to be at home. The first time you and Sister Li Feng are not at home, right?"

This time it was Li Feng's turn to blush, turning his head and whispering: "...in Taihuang Mountain last time."

She didn't dare to look at Su Muxin, but for the happiness of her brother, she should give Su Muxin a little guidance to make things smoother.

After all, Su Muxin had already discussed this kind of thing in front of her, which meant that she had no longer regarded her as an outsider, but as a sister.

"He and Fang Xue together?"

When Su Muxin met Li Yun for the first time, Fang Xue was by his side, so she knew her.

"Um."

Li Feng became even more shy, and the three of them were fooling around together, and felt ashamed just to say such messy things.

However, Su Muxin is already a "sister", and there is a high probability of serving the villain Li Yun together in the future. Such a thing is not very good to talk about in front of her.

"Nana..."

Su Muxin blushed so much that she could bleed, and she stammered, "How many people do you want to take a steamer to the resort island this time?"

She could almost foresee that Brother Li Yun would definitely invite his confidante to go with him.

Then when the time comes...the big quilt covers and sleeps together.

Just thinking of such a scene, Su Muxin felt her heart beating faster, and she felt an inexplicable affection in her.

"This time... I won't go."

Li Feng shook his head and glanced at Li Yun who was smiling happily on the side. Seeing that his expression froze, he couldn't help but laugh out: "Bad brother, what are you thinking in your head? Really, always wanting. Hustle with so many girls!"

Li Yun coughed, "I didn't think about it. The main purpose is to invite everyone to go to the island for vacation. Isn't this the main purpose?"

"Do you think I will believe it?"

Li Feng gave him a cute roll of eyes, shook his head and said, "I really won't go this time. I'm going to accompany my mother and sister at home, and take care of my sister and little princess by the way. Last time I had enough...enough. "

Her face blushed again. Actually, how can we play enough? People are dissatisfied animals.

"This time you go by yourself." Li Feng smiled shyly, "Fang Xue probably won't go either. You can take it as a honeymoon trip, and you can go together!"

Su Muxin looked at Li Yun expectantly.

"Ok."

Li Yun nodded, "If sister, you and Xiaoxue are not going, then I will go on a cruise with Mu Xin."

Su Muxin hugged his arms full of happiness, rubbed her cheek, couldn't help but bit her lip and laugh, her cheek flushed.

She knew that this trip was not only a trip to the island, but also... a honeymoon trip.

She was a young girl when she went to sea, and when she came back, she probably had become a...woman.

Chapter 2118: Multiple inviters

It was getting late, Li Yun and Li Feng got up to leave and returned to Longyang County overnight.

Su Muxin originally wanted him to stay overnight, but considering that she would go out to sea together soon, so she put up with it and let Brother Li Yun go back to reunite with his sisters~.

"I will send you all~."

Su Muxin hugged Li Yun's arm, and the three of them walked towards the castle gate together. Instead of riding in a scooter, they walked slowly.

It takes about an hour to return to Longyang County from Zhonghai City, so I am not in a hurry to go back.

"Brother Li Yun~~"

Su Muxin spoke suddenly.

"what happened?"

"This time I'm going to vacation on the island, Brother Li Yun still... invite more people!"

"Huh?" Li Yun looked at her in surprise.

"I mean really~"

Su Muxin shook his arm and said coquettishly: "I don't mind anyway, Brother Li Yun, you like a lot of people together... on vacation." Speaking of this, Xiao Chili's face really turned into bright red chili.

"As long as the other party is willing." Su Muxin's eyes were shy. "Brother Li Yun, you must not hide what I went with. If the other party doesn't want to be with me, then don't leave me, but don't let her go, hum, hum, know. ?"

What she said was messy, but she probably understood the meaning.

"Mu Xin, this time it's the two of us..."

"Don't~!"

Su Muxin bulged and interrupted Li Yun's words: "I like to have many people together, okay? Brother Li Yun is really true. I really don't mind if people say that, you can contact the other sisters and see if they want. Don't go together."

Su Muxin said with some expectation: "Brother Li Yun said that the girls around you are very good people. Then I will take this opportunity to get to know them more. Let's go to the island to play, surf, sunbathe, and eat. Seafood is actually pretty good~!"

Of course, it is best to spend a honeymoon with Li Yun.

But Su Muxin is willing to make a small sacrifice for him, as long as the other party agrees to serve with her, she will also agree to come down.

Anyway... Sister Li Feng and Fang Xue were together for the first time.

Li Yun glanced at her sister and saw that she was smiling and silent, and she knew that she wouldn't make any comments.

"Mu Xin."

Li Yun held her little hand, moved in his heart, and asked again: "Are you really sure you want to know other girls and go on vacation with me as a pirate?"

"Brother Li Yun~!" Su Muxin pursed her mouth, like a cute little girl-she was still a little girl, "You don't believe me, oooo, so sad~~~!"

"It's not that I don't believe you, but...thank you, Mu Xin!"

"Hehe, if you want to thank you, thank you again when you arrive on the cruise ship."

"?"drive?

"La la la, I don't know anything~"

Su Muxin ran forward happily, shining like a pure and lovely princess under the light of the castle, emitting a beautiful light.

"Brother." Looking at the lively little pepper in front of him, Li Feng smiled lightly, "Sometimes I envy your good luck. I can meet such a good girl who is so considerate. From now on, you can't let others down. !"

"certainly!"

Li Yun took a deep breath, and in the surprised eyes of the castle's bodyguards and maids, he shouted to Su Muxin who was not far away: "Mu Xin, I love you!!"

Suddenly, the castle shook together.

Countless sights shot over, even Su Tengyun and his wife on the third floor walked to the balcony. The two watched their daughter from incredible excitement to flying like Li Yun's embrace, and finally kissing. Together, it's been a long time since we separated.

"It's nice to be young." Su Tengyun shook his head with emotion.

"Aren't we young?"

Chen Danting's face blushed, "Today we got the miraculous pill from our son-in-law, don't you feel very energetic now?"

"Hey, I see, wife, I'm here!"

"Ah, let go!"

Chapter 2119: Wang Xiangui

"Mr. Li Yun!!!"

As soon as the three of them arrived at the gate of the castle, they were full of sadness and grievances, crying bitterly, and their sorrows and sorrows rang, which shocked Li Feng and Su Muxin.

"Mu Xin, you can go back first, we can go down the mountain." Li Yun said calmly.

"But... he."

Su Muxin pointed to the old man standing on the side of the road, a bit worried.

"It's okay, let's go, as if it doesn't exist."

"Well, brother Li Yun, be careful~"

Su Muxin touched the red lips that had just been kissed, her eyeballs rolled around, she tiptoed up and put a scent on Li Yun's mouth, before she jumped and joked and ran away.

Li Yun glanced at Li Feng, then turned his head to the old man who was known as Zhonghai Poison King, who used to cross the golden triangle and said lightly: "..."

"Ding!"

Li Yun spoke for a while.

"Trigger option event, host select:

Option 1: Ignore Wang Xiangui, go straight down the mountain and leave, and reward the blue gift bag*3, completely offending this ruthless man.

Option 2: Sit down and chat slowly with him, reward the purple gift bag*1, and get some information with probability.

Option 3: Restrict the other party to say it immediately, otherwise, get away and reward the purple gift bag*2, which may affect the cruise trip with Su Muxin. "

Cruise ship?

Li Yun was a little surprised. What exactly Wang Xiangui was going to do would have an impact on the cruise ship journey that is still uncertain in the future. Does he want to kidnap Su Muxin?

No, it's almost impossible, kidnapping Su Muxin has only disadvantages and no benefits!

"Wang Xiangui, right?"

Li Yun said calmly, "Give you five minutes, before I go down the mountain, if I am not satisfied, you will not come to me in the future!"

After speaking, Li Yun took Li Feng's hand and walked down the mountain.

There are scooters from the foot of the mountain to the top of Huangting Mountain, which resemble the shape of the old scooters, and they are parked on the side of the road for free use. When Li Yun saw it, he simply asked his sister to sit on it and drove slowly down the mountain.

"Wait, Mr. Li Yun! I...!"

Wang Xiangui wanted to cry without tears, didn't he say there were five minutes?

"I changed it. You have less than two minutes."

Li Yun drove the car at a speed of 20 and slowly drove down the mountain, while the Zhonghai Poison King could only trot to keep up, his face was full of grief and indignation:

"Mr. Li Yun, I, I waited for you for 12 hours, you can't..."

Wang Xiangui still wanted to sell the miserable Bo for sympathy, but Li Yun directly scolded:

"Shut up. If it weren't for your sincerity, I wouldn't even give you a chance to speak!"

With a hint of killing intent in Li Yun's tone, he shouted: "Immediately tell me what you are doing recently. If you say it, you still have a way of life, otherwise, you will definitely die!"

A human spirit like Wang Xiangui, as long as he speaks a few more words, he will fall into his trap.

And judging from his willingness to stand under the sun for twelve hours, and still respectful attitude, this person is extremely tolerant, but Li Yun knows that forbearance does not mean cowardice. Once this kind of person really breaks out, it will end without dying. !

Therefore, when Li Yun decided to scold him, there were only two options: Wang Xiangui died, or surrendered!

Wang Xiangui closed his mouth and fell into a terrible silence. Only the crickets on both sides of the road in the summer night were singing.

"Brother." Li Feng took out his cell phone and looked at it. "Let me call home and let the little princess sleep first, so we don't have to wait for us to go back."

Chapter 2120: Old man

"Um."

Li Yun nodded and accelerated the speed of the scooter. Finally, Wang Xiangui said bitterly, "Mr. Li, Mr. Li, please wait!"

"Say."

"Yes Yes!"

Wang Xiangui wiped the sweat from his forehead and couldn't help but glance at Li Feng who was sitting next to Mr. Li.

The woman next to Mr. Li is still calm, he has only a dead end if he wants to fight against such a person.

The left is death, and the right is also death. Now the only way to survive is to take refuge in Mr. Li in front of you!

"I, I have recently contacted, with that, six door people..."

When the Zhonghai Poison King talked about the six doors, he couldn't help but tremble, his footsteps following the scooter became messy, and his breathing was short.

"Oh?"

Li Yun was slightly surprised. He didn't expect that he would encounter something related to the Six Dao Sects in this way. After thinking about it, he felt reasonable.

Wang Xiangui is not a big or small person. If the six sects want to disrupt the situation, they will inevitably be involved with these people.

"Talk about it." Li Yun slowed down the speed of the scooter.

"..... Yes!"

Wang Xiangui glanced around, and after confirming that there was no one, he said in a low voice: "Recently, Yan Shengrong contacted me quietly and asked me to secretly contact my former subordinates in the Golden Triangle, and use some overseas relations to summon some mercenaries. domestic."

Li Yun raised his brows, "So bold."

"Yes, yes! What Mr. Li Yun taught is that China is indeed not as safe as foreign countries, and it is absolutely impossible for me to do such a thing!"

Wang Xiangui showed a sincere expression of fear, but no one could tell what he thought in his heart.

"Impossible?" Li Yun seemed to smile.

"I, I leave it to my brother to do it."

Wang Xiangui answered brazenly, and immediately bent down and lowered his head, and said, "Mr. Li Yun, I really did not do anything illegal after returning to China. I really couldn't resist the temptation this time, so I contacted my brother in the Golden Triangle. , Let him help me..."

Li Feng was amused.

This person is a big drug lord, but he made such a low-pitched posture, which is completely different from the arrogant and ruthless people in the movie.

But, who should I show such a humble and submissive posture? Do you think his brother is a fool?

"What temptation?" Li Yun smiled softly, "It's the so-called elixir and miracle medicine again? Don't you know that the elixir that appeared in auctions are all fake and can only last for a while!"

"Naturally know that it is fake, but... it can heal the dark wounds on my body."

Wang Xiangui tried his best to make a simple and honest smile. "Mr. Li, you also know that I was ignorant when I was young, and I was messing around in the Golden Triangle, where there were a lot of poisonous insects, snakes and ants, and the weather was humid. The injuries are worse than gunshot wounds!"

"In addition, when I was eighteen or nineteen years old, I was robbing others of the limelight. I used to inhale that stuff, and only gave up three years later, but left a dark wound... Now that I am old, my old wound has recurred, and the pain has become more unbearable. ."

Li Yun was noncommittal and said indifferently: "I am not interested in your deeds when you were young. You only need to tell the cause and effect of the matter and remind you that you still have less than two minutes."

".....Yes Yes!"

Wang Xiangui wiped the sweat from his forehead. He was already in awe of the young man in front of him. The thunder at the auction that day gave him an insight into what extraordinary power is like.

But now that he really dealt with him, Wang Xiangui realized that the other party was more difficult to deal with than he thought!

It seems that it is not a young man of eighteen or nineteen years old, but a sedentary high-ranking man who is in charge of everything!
