

## Godly Choice 2141

Chapter 2141: Tie

"What about the other women around you?" Jin Jiuhua sneered.

"they....."

Li Yun smiled cheeky, "Naturally, just like Liuli, I will cherish all my life. The person in my palm, I promise that I will not hide anything from Liuli. Anyone will bully Liuli, and I won't let her suffer any wrongdoing!"

"I'm wrong now~" Jin Liuli puffed up her small mouth, but she knew that this was Li Yun's biggest concession. If she couldn't accept it, she could only choose to leave.

But, can she really leave?

Jin Jiuhua looked indifferently: "You mean, turn wild flowers into home flowers?"

Gu Yuqing frowned Liu's eyebrows when she heard it. Although this was a bit more open and upright than stealing food outside, and the approach seemed open and upright, but... could her daughter accept it?

Looking at her daughter, Gu Yuqing found that although she was puffing up her lips, she seemed to be able to accept such a thing!

"...Grandma, our battle is not over yet."

Li Yun changed the subject. With a move of faith, a faint blue flame erupted from him, instantly burning the Jiujuetoxin in his body completely, and there was a crackling sound in the surrounding air, and all the toxins were covered by the blue. Engulfed by the flames, nothing is left.

"Huh~"

Withdrawing the suffocation, Li Yun breathed a sigh of relief, wiped his sweat, and bowed his hands complimentarily: "Grandma's poison is really powerful. Although my grandson-in-law has broken your poison, I can't fight anymore. Let's fight again. Going down will only hurt your peace, even if we are tied!"

Everyone was silent, as long as they were not fools, they could see who had won the battle.

Jin Jiuhua calmed down, recovered from the shock of seeing the blue flame just now, and took a deep look at him: "What a kid with sharp teeth and a variety of methods, no wonder you can kill me. The granddaughter deceived it round and round!"

Li Yun smiled, landed on the ground, and smiled: "Grandma, you are wrong. It's not that I deceived your granddaughter, but your granddaughter made me speechless many times. It's really annoying, right? Little Liuli."

"Big pervert, what are you talking about?"

Jin Liuli leaped forward with her teeth and dancing claws, hugged his arm and chewed, and said, "When did I bother you? It's not all you, it's all you want...huh~!"

"Don't say no? Last time, who was going to be a female knight, he insisted on pestering me to explore the ancient tomb. In the end, he was so scared to hold people in the tomb and dare not leave.

"I, I... It's not me anyway!"

Jin Liuli blushed completely.

Last time she and Li Yun excavated the ancient tomb at night, and walked through the dark, weird and gloomy tomb, especially the dark red coffin placed in the middle of the nave. Jin Liuli would still dream of it until now. It's terrible.

Fortunately, every time she was scared in her dream, the man she relied on at the beginning would appear next to her. As long as Jin Liuli held the corner of his clothes and leaned against him, she would feel abnormal even in her dream. Peace of mind, can even fall asleep with the red coffin in the dream.

"Little Liuli~" Li Yun touched her hot little face, and said softly: "Come with me, and travel to the island together!"

"it is good!"

Jin Liuli blurted out. Although she quickly lowered her head shyly and twisted, the corners of the little girl's mouth raised, and the joy and happiness between her eyebrows could not be concealed.

In fact, she had never refused Li Yun's invitation, otherwise she would not have got up specially this morning to pack up and salute, as if she was going to elope with Li Yun.

Chapter 2142: Three requirements

The matter is a foregone conclusion, even if Jin Jiuhua wants to oppose it, he can't.

"If you want to take Li'er away, you have to promise me three requirements!"

Jin Jiuhua landed slowly with a serious expression on her face, but everyone vaguely felt that she seemed to have declined for several years.

"Grandma, please speak!" Li Yun held Jin Liuli's small hand and looked at her.

When Jin Liuli was excited, she felt an inexplicable sadness, as if she was about to marry and would never see her mother again.

"First, you promise to be kind to Li'er for the rest of your life, and you are not allowed to deceive her!"

"Yes!"

"Second, I don't care how many women you have, but if Li'er feels wronged and goes back to her family's house and crying, Jin Shengge will definitely be at odds with you!"

"Yes! I will definitely take care of Xiao Liuli!"

"Third, the second child you and Li'er gave birth, regardless of male or female, must follow the mother's surname Jin!"

Jin Jiuhua paused, her gaze at her granddaughter became a little loving, and said: "Grandma doesn't want to use Li'er as a fertility tool, but...bearing children is the destiny of her daughter's family, Jin Shengge. A person surnamed Jin is needed to take charge and maintain. Grandma hopes you can understand."

Jin Liuli was a little flustered, it was too early for her to get in touch with this kind of childbirth, she was only seventeen years old!

How can you take the responsibility of a mother if your mind hasn't grown up yet?

"I disagree."

Li Yun shook his head, making Jin Jiuhua's face sink.

"Or, I partly disagree."

Li Yun explained: "I personally don't mind the surnames of my offspring. The blood of Liuli and I is always flowing on him/her, but I hope that when the children grow up, they will have the right to choose their own surnames. !"

Li Yun smiled: "I will not induce my child to be named Li, but I hope to retain the right to choose the surname of Li or Jin for future generations. Do you understand my grandmother and mother-in-law?"

Jin Liuli bumped him with her small head, and muttered: "What surname is Li and Jin, I don't want to be like you...Ghost, give birth to or give birth to a child."

Gu Yuqing whispered: "I will not force...reserve the right to choose a surname for the child. This is the first time I have heard of this..." She took a deep look at Li Yun, such a man, she is the first. Met once.

"Humph!"

Jin Jiuhua said impatiently: "As long as you give his surname to Jin before the child is born, will he change his surname by himself when he grows up? The old man has never heard of such a person, as long as you don't deliberately speak ill of my Jin Shengge, Your second child will naturally always have the surname Jin!"

Li Yun smiled and didn't say anything. In his opinion, choosing a name is also a human right. Parents should not force it. There is also a law that stipulates that citizens have the right to name.

"Grandma!" Jin Liuli groaned, always talking about children, as if she was really going to give birth.

"Okay, my dear granddaughter."

Jin Jiuhua's expression seemed to be getting older again, and she stretched out her hand and stroked her head a few times: "In the future, you have to decide your own affairs. When Li'er grows up, you can choose your own husband and wife, grandma... respect your choice!"

"Milk, milk?" Jin Liuli seemed to realize something and looked at her nervously.

Jin Jiuhua's gaze slowly swept over the people present, "It just so happened that everyone was here today, and the old man doesn't need to call you up specially. I now announce: I will resign from the position of the Lord of the Golden Saint Pavilion!"

"what?!"

Everyone was shocked!

Chapter 2143: Resign from the position of pavilion master

"And I propose that my daughter-in-law, Gu Yuqing, who is in the middle stage of Innate Realm, should temporarily serve as the pavilion master until the next pavilion master is elected!"

The Golden Saint Pavilion is not owned by the Jin family, but the Jin family has an absolute advantage. Most of the innate realms are surnamed Jin, and they are loyal to the Jin Jiuhua in the Grandmaster realm. She proposes that the next pavilion owner is almost certainly Gu. Yuqing!

—This is actually nonsense. Jin Sheng Pavilion has only one grandmaster realm. As long as Jin Jiuhua does not die, anyone she supports can become the pavilion master.

"Mother-in-law, I!" Gu Yuqing wanted to refuse. She has no experience as a pavilion master, and she has low prestige in the martial arts. She usually seldom participates in the decision-making of affairs. Will be convinced.

"I have decided."

Jin Jiuhua's attitude is very firm, but Xiang Gu Yuqing's eyes softened a bit: "I will train Li'er to become a supporter of the situation. Before she grows up, you, as a mother, need to help her."

The meaning of Jin Jiuhua is obvious.

Because of Li Yun's relationship, she is optimistic about Jin Liuli's future and wants to make her the pavilion master of the next generation. Before Jin Liuli grows up, it doesn't matter who is the pavilion master, it's just a transition.

"Grandma, me!"

Previously a mother, now a daughter, Jin Liuli stepped forward anxiously, wanting to express that she was not ready to be the pavilion master at all, she... is still young!

"Li'er." Jin Jiuhua kindly touched her head, "Let's talk to grandma, I have something to say to you."

After a pause, Jin Jiuhua took a look at the surrounding endgame, and sighed: "It's all gone. I chose Gu Yuqing and Jin Liuli as the pavilion masters. It was my decision alone. Jin Shengge has never said nothing. If you There are objections, which can be pointed out in person later.

Although my nickname is Jiujué, and outsiders regard me as a poisonous woman, I still value everything about the Golden Sacred Pavilion very much, hoping that it will last for thousands of years and become a prosperous school, worthy of the ancestors! "

Everyone was silent. They hadn't heard the "heart talk" of the pavilion master for a long time, and these were all because of Li Yun's appearance and "wake up" her.

"I'll wait--" The elders and the innate realm sects glanced at each other, and bowed their hands to Jin Jiuhua: "I agree with the pavilion master's decision, and are willing to make Gu Yuqing the acting pavilion master, and Jin Liuli as the next pavilion master candidate. !"

Jin Liuli was terrified, is she really going to be a candidate for the pavilion chief? seriously? Are you serious? No kidding! ! ?

"Niece Liuli." The elder stood up and encouraged her with a smile on his face: "You broke through the innate realm when you were sixteen. Looking at the whole arena, you are a top-notch genius. Even if you don't have the proposal of the pavilion master, you will be caught by your niece. As the next pavilion master to train, we old guys all believe in you, the future will be limitless, and the grandmaster realm is nothing to say!"

Everyone agreed, and obviously they had no objection to Jin Shengge, who led the next generation of Jin Liuli.

Li Yun smiled and said: "Grandmaster Realm? Xiao Liuli can reach it within two years. By my side, her future is far more than Grandmaster Realm!"

Everyone's eyes widened suddenly, can the Grandmaster Realm break through within two years? Will there be a higher level of achievement in the future? !

"And well."

Li Yun released a big melon: "Everyone here, there is no hope of breaking through to the realm of grandmasters in the future. You must know that a new era is coming!"

The crowd opened their eyes wider, wishing to dig out a pair of eyes and put them in front of Li Yun's eyes, looking straight at him.

"Li, Li Yun, what you said is true?!"

Chapter 2144: I am a gentleman

The great elders and the second elders are so excited that they all want to break through to the grandmaster realm in their dreams, but when they wake up, the things in their dreams can only be like flowers in the mirror, which is impossible to achieve.

But now Li Yun actually said that there is a way and a chance to make them all reach the realm of masters? !

"Who knows the future."

Li Yun showed a mysterious smile, turned to greet Jin Liuli, took her to the side, took out some pills and stuffed it into her little hand.

"Brother Li? Is this...?" Jin Liuli looked at him pitifully.

"This is the pill for your grandma and mother, just like the last time you took it."

Li Yun squeezed her round face amusedly, "When I beg me, I will act like a coquettish and call me Brother Li, and when I don't beg, I'll be a pervert, right?"

"...Hmph, then I won't call you Brother Li~!"

Jin Liuli, who was pinching her face, was not annoyed, she just snorted, turned around blushing, and walked with her grandmother. Before, her grandmother said that she had something to talk to her alone.

"Mr. Li, please!"

The great elder respectfully made a please gesture to Li Yun, indicating that when the pavilion master and the small pavilion master are talking, Mr. Li will go to the living room and wait first.

At the same time, he gestured with his eyes to the pavilion master, the beautiful woman Gu Yuqing.

"Ah, uh, Mr. Li, please come with me."

Gu Yuqing's beautiful face was red, and she lowered her head to lead the way.

Li Yun followed her, and just about to speak, the system prompt happened to sound.

"Ding, the host made a choice and drew a tie with Jin Jiuhua. Reward: experience value +50 million, all attributes +1 million, golden gift bag\*4, recognized by all members of the Jinsheng Pavilion, and received the recognition of Jinjiuhua. Recognized by Gu Yuqing, her favorability has increased by a small margin. Additional bonus: Jin Liuli favorability +0.04."

0.04? It's still not 100 points, still 0.01! !

Li Yun scolded cheating in his heart, and the system prompt rang again.

"Ding, trigger the option event, please choose from the host:

Option 1: Talk to Gu Yuqing about the matter, apologize, and reward the green gift bag\*5. Gu Yuqing's favorability has been greatly improved, and her melancholy mood will be relieved, so that she will not lose her life.

Option 2: Do nothing, no reward, because of her daughter's marriage, Gu Yuqing is likely to suffer from depression. She does not think about food, and there is no hope in life, so she died of grief.

Choice 3: Directly in front of many Jinshenggemen, hug Gu Yuqing's waist, reward: to be determined, there is a high probability that Gu Yuqing will be disgusted by Gu Yuqing, and there is a very small probability that she will be attracted by beauty. "

The corner of Li Yun's mouth twitched, the system's selection event this time was really...outrageous!

How can I say that Gu Yuqing is also Jin Liuli's mother, but her favorability has greatly increased. Could it be that he should let this pair of mother and daughter be together?

What a joke!

How can he say it is also a justice value... How can an upright gentleman of 2.98 million and 2930 do such a despicable thing!

However, the degree of goodwill is not necessarily for men and women. Friends can also be good. As long as it does not rise above 90 points, it should not reach 100.

"Mother-in-law, uh... I'd better call your wife."

Li Yun said in a low voice, he wanted to talk about his arms around her waist just now, and it would be inappropriate to call his mother-in-law.

"Yes Yes!"

Gu Yuqing became nervous inexplicably. The word Madam had two meanings.

Chapter 2145: Madam, please speak

One is called together by the old man and his wife, which is a noble name; the other is when the husband calls his beloved wife, and he will also call his wife.

Coincidentally, when Gu Yuqing's husband was alive, he called her his wife...

"I'm sorry about what happened just now, but I didn't mean to hold you, madam."

Yes, Li Yun decided to choose the first item, although this would cause Gu Yuqing's favorability for him to rise substantially.

He did this not because he wanted to be together with his mother and daughter, but just to prevent her from getting worse, so that she would die.

Without much observation, anyone can see the lingering feelings of melancholy and sadness from this beautiful woman's thin eyebrows. She seems to be the one who leans on the railing alone in the south of the Yangtze River. Sad woman, there is endless worry between her eyebrows.

Quiet like a beautiful flower shining on the water, and walking like a weak willow to help the wind.

Li Yun looked up at her beautiful face again. He couldn't find a smile on this beautiful woman.

Of course, the shyness still exists. This is where she differs from the Vatican.

"No, nothing."

Gu Yuqing lowered her eyebrows, speeded up and walked forward, as if she didn't want to talk about this topic.

Li Yun shrugged and followed.

The strange thing is that the system never prompts the completion of the selection event.

Then, Li Yun, Gu Yuqing, and the elders were chatting and drinking tea in the living room. Li Yun told them something about the recent events, just a few rough mentions, but everyone was shocked.

"I know you have a lot of doubts."

Before they asked, Li Yun smiled slightly: "But I, like you, have too many puzzles, what will happen in the future, maybe only God knows!"

So don't ask!

Many elders closed their mouths with interest, and after looking at each other a few times, they all sighed slightly.

Just like what Mr. Li said before, the world has already changed unconsciously. If their Jinshengge no longer cares about the big events in the arena, they might be wiped out tomorrow!

"Mr. Li, I'll leave first!" The elder stood up, bowed his hand to Li Yun, and said respectfully: "You and your wife can continue talking, and stay overnight in the Golden Saint Pavilion tonight, how about?"

Li Yun's face was strange, and Gu Yuqing's beautiful face turned red almost in an instant.

On the surface, the words of the elder didn't make much sense, but he urged Li Yun to stay for the next night and waited until tomorrow.

However, with the previous wife and the elders who left, leaving Li Yun and Gu Yuqing alone, it is worth discussing what the great elder's words really mean!

It is possible that the great elder saw that Gu Yuqing was hugged by Li Yun before, and his wife did not appear to be disgusted, so he pushed the boat along the river, implying that he and the other elders agreed that Li Yun would take Gu Yuqing and Jin Liuli together. ...

After all, Gu Yuqing's husband has been dead for more than ten years, and Li Yun is now Jin Shengge's hope. They naturally want to please Mr. Li.

"Tonight I...it depends on the situation."

Li Yun hesitated. It was the first time that he had come to see Jin Liuli's family. When they met, he abducted the younger sister from the family. It was indeed a bit inappropriate.

"Yes!" A hint of surprise flashed in the eyes of the elder, "I ask someone to prepare a guest room for you, Mr. Li."

"Uh, I haven't decided yet."

"It's okay, let's get ready first!"

Several elders got up and retired, and the living room suddenly became an awkward situation where Li Yun and Gu Yuqing were alone.

Chapter 2146: I am willing to promise you

Drink tea, put down the cup, drink again, put down again.

For half a minute, Li Yun could hardly find a suitable topic to break this strange silence!

The atmosphere now is really weird!

Gu Yuqing is Jin Liuli's mother, but because of the fact that Li Yun held her waist in order to save her, and the elders "acquiesced" to the wife and what was about to happen to him—not actually, all the factors added up, The atmosphere is extremely rigid.

Let Li Yun's eloquent words and eloquent words, and some people who talk about Confucianism can't find a direction to chat.

"Ahem, huh!"

I don't know if one or two minutes have passed. After using the classic cough beginning, Li Yun looked at Gu Yuqing: "Madam, what happened before..."

He paused in the middle of speaking, and now it's embarrassing to say anything.

Moreover, Li Yun suddenly realized that he mentioned this matter again, and he said it when the two were alone. It was inevitable that there would be a sense of deliberately making the atmosphere ambiguous.

But Li Yun really didn't mean that! There are enough girls around him now, and a summer vacation is full of queues. Even if Jin Liuli and Gu Yuqing are bound together, he doesn't have that kind of beast mentality.

".....It does not matter, I do not mind."

After a long period of silence, Gu Yuqing said in a low voice, her voice soft and soft, just like the sound of flowers blooming in the empty valley—the flowers originally had no sound, but this was just right to describe Gu Yuqing's soft and gentle words.

"Actually," Gu Yuqing raised her head, looked at Li Yun with a pair of melancholy beautiful eyes, and said: "I should thank you for guessing, whether you saved me before, or you saved Li'er last time. , And to the mother-in-law...no, what I did to Jin Shengge."

She is a junior after all, so it's hard to accuse her elders of doing wrong.

"fine."

Li Yun smiled: "I was really unintentional before, and I didn't mean to offend Madam! And well, the last time Liuli and I went on an expedition to the tomb, I also gave me a lot of laughter and laughter on the way. She is a Very cute girl, I also like her very much!"

".....Um."

Gu Yuqing nodded slightly, and Li Yun looked at her. To tell the truth, this lady looked too young, a few years older than Gong Lianyi, and probably less than 35 years old.

The appearance is extremely beautiful, the figure is hidden in the thick light blue skirt, and you can't see what it is, but the graceful figure is still visible in the music.

The temperament is graceful and slightly sad, there is a layer of blood missing between the snow-white skin, and the slender eyebrows are usually slightly wrinkled, like a person suffering from depression and unable to get out.

"If you....."

Gu Yuqing put her hands on her knees, clutching her skirt anxiously. After being watched by Li Yun for ten seconds, she suddenly opened her mouth as if she wanted to say something impulsively.

"what?"

Li Yun asked her, looking at her.

A trace of panic flashed in Gu Yuqing's eyes, she lowered her head and dared not look at him.

Li Yun was amused. Now she is not like the mother of a seventeen-year-old girl, but a shy and introverted girl.

"Madam, but it's okay to speak!"

"..."

Gu Yuqing was silent for a while, took a deep breath, looked up at him again, her eyes calm and with a hint of hollowness, and said: "Mr. Li, if you... want me to serve you with Lier, please, please tell me directly Me! For the sake of my daughter and Jin Shengge, I, I am willing to promise you!"

".....what?"

Listening to her stammering these words, Li Yun almost became stupid.

Chapter 2147: Emperor treatment

Gu Yuqing, what did you just say?

"I was serious!"

Jin Liuli's mother, the acting patron of Jinsheng Pavilion, the face of this young beautiful woman slowly appeared blush, and she lowered her head again, and said bitterly, "Since it is the decision of the elders, then I too No objection, Mr. Li, do you like beautiful women? Your concubine is not very talented, but she is quite attractive. If you don't dislike it, just..."

Li Yun... shocked!

"Ding, trigger the option event, please choose from the host:

Option 1: Promise her, accept her, fix her, reward evil value +6.66 million, Gu Yuqing's exclusive gift bag\*1, the host's prestige in the Golden Saint Pavilion is at its peak, and Jin Liuli's favorability is + full.

Option 2: Rejection of Yizheng's words, reward justice value +500, purple gift bag\*1, tranquilizing mind pill (for Gu Yuqing only), and Gu Yuqing's favorability is greatly improved.

Choice three: sneer, scold the other party as a wife, reward skill: I am Liu Xia | Hui, Gu Yuqing is likely to be ashamed, faceless, and depressed. "

Li Yun...stunned.

It is not difficult to understand that option one adds a high evil value. After all, it is to take advantage of the danger, and it is still the mother and daughter to collect the evil value directly.

But what's the situation with Jin Liuli's favorability level being directly full?

"Li, Mr. Li?"

Gu Yuqing stood up and walked a few steps forward with her embroidered shoes, which actually meant to throw a hug at Li Yun directly.

"lady!"

Li Yun stood up with a wry smile, stretched out his hand to block her, and leaned their hands together.

"Mr. Li!" Coincidentally, the voice of the great elder came from outside the door. The door of the living room was originally open, so the great elder walked in directly and just happened to see the scene where the wife's hand was holding Li Yun's hand.

"Uh, let me ask. There is one hour left for lunch, Mr. Li, do you want to eat..." The elder hurriedly turned and walked away in a panic, saying, "You continue, you continue... Hahahaha."

He walked faster and faster, and Qinggong showed his power at this moment, and he disappeared like a gust of wind.

After running away, the elder wiped the cold sweat on his forehead and said to himself: "Mr. Li is worthy of being a young man, he is powerful, and his ability to talk about love is also outrageous, no wonder, no wonder!"

He was not surprised by the situation inside. After all, he already knew that Mr. Li was more than a confidante, but he was a little surprised and progressed too quickly.

In the end, it can only be attributed to the fact that Mr. Li is too strong, which makes the beautiful women feel uncontrollable.

The second elder walked over and asked about the situation inside. He looked a little embarrassed and said, "Is this ridiculous? Mother and daughter...follow the same man together. This spreading will not affect our Jinsheng Pavilion's reputation! "

"It is not good for ordinary people to do such ridiculous things, but is Mr. Li an ordinary person?"

The great elder asked back, the second elder was choked and speechless, and he entered the realm of grandmaster before he was twenty, so he was naturally not an ordinary person.

"What's wrong with marrying together? As long as the wife doesn't object, who can say anything!"

The elder smiled and said: "You haven't seen that in ancient times, the emperor robbed his son's wife, and the son would rob the emperor Laozi's concubine?"

For example, Concubine Yang, one of the four beauties, was originally the concubine of the king of longevity, but later became the emperor's favorite concubine, and was ranked as a noble concubine, which is about equal to the position of a queen. Who would dare to say more about the world of motherhood? Bai Juyi also wrote a poem for this, praising it as a good saying, "Wish to be a lovebird in the sky, and be a branch in the ground"! "

"Can this be... the same."

Chapter 2148: Pavilion in the lake

The second elder blurted out, wanting to say that Li Yun is not the emperor, but suddenly remembered that with Mr. Li's strength, it is enough to make the world powerful. By then, who would dare to talk about it?

It's too late for them to envy!

"How, figured it out?"

"After I figured it out, Mr. Li is really a fairy. Naturally, we can ignore these worldly rules. In the future, we might be able to rely on this relationship to break through to..."

"Hahaha!"

The two elders looked at each other and laughed together.

...

Gu Yuqing's hand shrank back like lightning, her previous resolute expression turned into shyness in a blink of an eye, blushing appeared on her slightly pale face, unusually beautiful and moving.

Li Yun looked up at the sky, "Madam, in fact, you don't have to do this. I have no complaints against Jin Sheng Pavilion. It is related to Liuli. The place that can be taken care of in the future will definitely take care of you!"

Anyone could tell that Gu Yuqing was making sacrifices for Jin Shengge.

Because she was upstairs before, Gu Yuqing probably regarded Li Yun as the kind of hungry ghost who didn't choose food!

"Mr. Li, you...!"

Gu Yuqing looked at him steadily, with an inexplicable touch in her heart, which made her heart warm, as if hugging her own daughter, feeling a moment of peace in her hesitating and confused heart.

"Ding, the host makes a choice, righteously refuses, rewards justice value +500, purple gift bag\*1, calms the nerves pill (only for Gu Yuqing, regulates the spirit), Gu Yuqing's favorability is greatly improved."

Li Yun smiled in satisfaction, isn't this a good solution? As long as he didn't reach 100% favorability, he would be over if he refused. He wasn't the Qin Beast who couldn't walk when he saw a woman.

"Madam, since lunch is still an hour away, I want to visit the Golden Saint Pavilion while I have time, can you take me for a walk?"

"it is good."

Gu Yuqing nodded slightly, and there was a vague smile in her eyes, as if her mother-in-law looked at her son-in-law, and it seemed to have another meaning.

The two walked out the door side by side, and all the servants met on the road stood aside, not daring to interrupt.

"The scenery of Jinsheng Pavilion is very good!"

Li Yun found a topic casually. It was not a solitary environment. The atmosphere between the two seemed much more relaxed: "Living near the lake, presumably my wife and Liuli often come back to the pavilion in the center of the lake to play?"

The Jinsheng Pavilion was built in an antique style. There is a complete wooden bridge on the lake, and several viewing pavilions are connected on the bridge. When you take a nap in the afternoon and sit in the center of the lake, you can drink tea in the cool lake breeze for an afternoon.

The two of them are now sitting down in the pavilion in the center of the lake. The surroundings are wide open, and they are not afraid of what outsiders say.

After the servant brought tea, he walked away along the wooden bridge wittily. If you still want tea and snacks, you only need to wave to the shore.

"Previously."

Gu Yuqing held up the teacup, took a sip of tea, glanced at Li Yun, then looked at the sparkling lake, and whispered: "But the more I grow up, the more troubles Li'er will have. I already have a relationship with her. I haven't chatted together alone for a few months."

Li Yun smiled: "You can hear that, Madam, you have a very good relationship with Li'er."

Gu Yuqing squeezed the tea cup in her hand, and suddenly fell silent again.

"?" Li Yun wondered if he had said something wrong. Does Gu Yuqing really don't want her daughter to leave her?

It's also right. Gu Yuqing and her daughter have been dependent on each other for many years (although there is also Jin Jiuhua), they must be deeply dependent on each other. Last time Li Yun and Jin Liuli ventured together, she didn't know how many times she had heard it." Mom said "Mom won't let me" such words.

Chapter 2149: Together

"May I ask Mr. Li a question?" Gu Yuqing looked down at the tea cup in her hands, her eyes meeting the clear tea, and her bright pupils seemed to reflect Li Yun in.

"Excuse me." Li Yun smiled slightly, "Moreover, you are my elder, just call me Li Yun!"

Gu Yuqing was silent for a while.

Li Yun felt that it was too hard to talk to this melancholy beauty, and she seemed to say every word after careful consideration.

Is this the habit of introverts?

"You...Why did you apologize before?" Gu Yuqing asked in a low voice, but Li Yun said that he didn't understand at all. What kind of apology? What does this melancholic and introverted beauty want to ask?

Seeing his doubts, Gu Yuqing's face blushed slightly, and her eyes looked at the lake: "I mean, you saved me before. I should have thanked you, but you apologized to me."

With that, Gu Yuqing glanced at him quickly.

"...?"

Li Yun's forehead is full of question marks. This matter has been mentioned three times, but she didn't expect that she would still remember it?

This beautiful woman with a mournful temperament is thinking about it all the time, how many twists and turns, and twists and turns in her mind!

Li Yun took a deep breath, he finally knew how sensitive the introvert was.

"After all, it is right for men and women to apologize if they don't get married." Li Yun didn't struggle so much, and answered happily.

"Is that right."

Gu Yuqing muttered to herself, her face suddenly reddened again, she lowered her head to drink tea, and said nothing.

The meaning of this sentence is to treat her as a woman, not an elder, so it is said that men and women do not receive marriage.

At this moment, Gu Yuqing understood Li Yun's inner thoughts. He did plan to include her in his pocket!

"Ding, the host made a choice, talked to Gu Yuqing about the matter, and apologized, and rewarded the green gift bag\*5. Gu Yuqing's favorability was greatly improved, and her melancholy mood was relieved, so that she would not die away. Extra Reward: Gu Yuqing's favorability has been greatly improved, reaching the intimate stage."

Intimacy stage? 80 points, or 90 points of favorability?

Li Yun only felt frightened, this kind of favorability increased inexplicably, what is going on?

The favorability has increased significantly three times in a row, I am afraid it is not 80, but 90!

Moreover, it is also very doubtful to untie her knot so that Gu Yuqing will not lose her fragrance. It is also very doubtful. Why on earth would let her untie her knot?

If the affection degree increases, the relationship can increase the heart knot?

Thinking about it, Li Yun said that he still doesn't understand women's minds.

"Li, Mr. Li."

After knowing Li Yun's "thoughts" about her, Gu Yuqing mustered up the courage to look at him with watery eyes, with a trace of longing and begging in her eyes: "Can I ask you something?"

".....Please say."

Li Yun couldn't guess exactly what she wanted to do.

"After you and Li'er get married, can you..." Gu Yuqing's face was flushed, "Take me, take me?"

"What?" Li Yun was stunned.

"Yes, that's what I want...always with...daughter."

Gu Yuqing stammered, and it took a long time to express her wish.

She wants to stay with her daughter!

Even "marry" him together-Li Yun speculated.

"...Is that so!"

A flash of lightning flashed in Li Yun's mind, and finally understood why Gu Yuqing's behavior was so strange.

Chapter 2150: Depend on each other

Gu Yuqing and Jin Liuli depend on each other for life. For an introverted and sensitive person like her, her daughter is already the pillar of her survival. Once Jin Liuli marries others like other ordinary girls, she will not go home for half a year and has been living ever since. In the husband's house.

This was a huge blow to Gu Yuqing. Not seeing her daughter once in half a year made her unbearable.

Maybe... because Gu Yuqing had a good relationship with her dead husband, so she put her spirit on her daughter!

This explains why if Li Yun didn't solve her and took away Jin Liuli directly, Gu Yuqing would be killed!

After figuring it out, Li Yun looked at her with a slightly pitying look, and said softly: "Madam, you can always follow Liuli in the future. If she wants to live in my house, you can also live with her."

It's nothing for the mother-in-law to live in the son-in-law's house. Besides, Li Yun has now bought a spacious villa, enough to accommodate many people.

Li Yun thought she would be happy, but Gu Yuqing shook her head unexpectedly.

Said nothing.

"?"

Li Yun did not understand what this melancholy beautiful woman was trying to say!

The two were silent for a while, or Li Yun took the lead to open the topic: "Madam, are you having a good relationship with your husband?"

Gu Yuqing raised her head and glanced at him, then shook her head.

"?"

Li Yun's head was full of question marks, and he wanted to press her shoulders directly, staring into her sad eyes, and directly asked loudly: What do you mean by \*\*!

Is it a bad relationship? Still reluctant to say?

It's better for the Saintess. Although she doesn't like to talk, every time Li Yun asks, the Saintess will tell him frankly what she is thinking, without concealing it. Li Yun doesn't have to guess what she means.

The Lord Saint never lied!

"Sorry." Li Yun concealed his embarrassment with a sip of tea, planning to skip this topic.

Unexpectedly, Gu Yuqing brought the topic back again! !

"he....."

The beautiful woman in the melancholy heart spoke softly, looked at Li Yun again, and said seriously: "Fifteen years have passed since I have passed away. I can't remember Li'er's father's appearance. Now, to me, Li'er belongs to me... ..everything!"

Is the relationship not so good?

But Li Yun remembered a sentence, if someone considers something like everything, that person is actually quite terrible, because it is easy to fall into paranoia.

Just like Gu Yuqing now, in order to be with her daughter, she even gave it to Li Yun.

"Mr. Lee..."

"Call me Li Yun!"

Being interrupted forcibly, the beautiful woman was shocked for a moment, and after hesitating for a few seconds, she spoke slightly shyly: "Li, Li Yun."

"Well, that's right." Li Yun smiled slightly. Before getting married, Gu Yuqing was probably a shy inner, sensitive and suspicious little girl, right?

After getting married and giving birth to a child, it took more than ten years to settle down, which led to Gu Yuqing's present temperament and personality.

"Madam, please speak."

"Can I...may I ask you something?"

one thing? Live in my house with Jin Liuli?

"Okay!" Li Yun agreed directly.

Gu Yuqing was startled, then blush quickly appeared on her beautiful and mature face, she lowered her head and hesitated for a while before she stood up straight.

Li Yun looked at her in surprise, the beautiful woman trembling slightly, but step by step, slowly walking towards him.

"Madam, you...?"

"I, I, I."
