

## Godly Choice 2171

Chapter 2171: I won't talk to you

Li Yun added with a smile. As a result, Jin Liuli, who was being played with, became angry and rushed over to him and scratched and scratched like a small wild cat.

"Bad guys, perverts, perverts, you know that you invited us to travel, uneasy, kindly, no, I will disembark now!"

Jin Liuli's small face was already hot red, hadn't she been in the elevator, she would have ran away long ago.

Ding.

Just then, when the elevator reached the 16th floor, Jin Liuli stepped out, hugged her arm and hid her arms and looked at Li Yun vigilantly, as if you dare to come over, I would scratch your face!

It's almost the same as the wild cat that was surprised in the wild.

"That..." Xia Feiyao's face was also full of shy flushes, but after she glanced at the three of Zhou Yingcai, she swallowed what she wanted to say.

—She doesn't want to discuss these shameful things in front of outsiders.

Upon seeing this, Zhou Yingcai took Zhenzhen and Lingling away with interest, and gave Li Yun an enviable look.

Being able to spend ten days at sea with a beauty of Su Muxin's level, as well as two other heroines from the rivers and lakes, this kind of treatment must be no man does not envy.

Although he also brought two female companions, compared with Li Yunneng's bringing all the Su family to travel, and only opening a room, it is like comparing a fairy to a vulgar fan.

For a while, Zhou Yingcai was short of interest in the two small net celebrities around him, and planned to find a port to send them away. He would hunt on the cruise ship again to see if he could catch some beautiful goods.

Li Yun, who stayed in place, faced a difficult choice.

"Ding, trigger the option event, please choose from the host:

Option 1: Live in a room by yourself, reward skills: Ultimate Liu Xia Hui, a special god-level gift, and a god-level prairie hat.

Option 2: Live with Su Muxin and Xia Feiyao, reward: purple gift bag\*2, random red envelope skill upgrade.

Option 3: Pull up the golden colored glaze, four people will act together, reward: golden gift bag\*2, two random red envelope skill upgrades! "

Li Yun's gaze was lingering on Option 1. The god-level gift is too tempting, maybe he can make a good thing?

but!

If he chooses, he will endure a lonely journey for ten days alone, traveling on a cruise with three big beauties, but nothing happens. Is this still a man? The reincarnation of the ultimate Liuxia Hui, plus the ninja master, is not so tolerable!

Besides, who wants to wear a prairie hat!

"Yaoyao, Muxin." Li Yun couldn't help but bend his mouth, revealing an ambiguous smile: "Let's live together, as for Xiao Liuli..."

"I won't talk to you!!"

Jin Liuli overwhelmed her head, but she kept looking at Li Yun and the two sisters from the corner of her eye.

When seeing Feiyao and Sister Xiaojiao, both of them were just shy. After they didn't refuse, Jin Liuli's heart sank directly to the bottom.

To be precise, he sank to the bottom of a bottle of old altar sour vinegar, feeling sour in his heart, and feeling extremely wronged.

The bad guy didn't persuade her too much, maybe... maybe she agreed?

As a result, the big bad guy really didn't persuade her, but he nodded in agreement and said, "I think so too, that's why I asked Mu Xin to book two rooms. Xiao Liuli, you just wronged you to live alone."

Jin Liuli: "..."

"Humph!!!"

Jin Liuli stomped her little foot bitterly, and walked forward angrily, shouting loudly: "One person is one person, I won't live with you big pervert, go to die and die!"

Chapter 2172: Sit alone

"boom!!!"

When she came to her room, after Jin Liuli opened the door, she didn't even look at Li Yun and the two sisters. She went in directly, shook her hand and closed the door, making a huge bang.

The two women who stayed outside looked at each other and didn't know what to say for a while.

"or....."

Xia Feiyao pulled the corner of Li Yun's clothes, like a well-behaved little wife, and whispered: "Husband, can you persuade sister Liuli? I think she likes her husband, but...shy."

Little Chili Su Muxin took a peek at her surroundings, and when she found no one, she became courageous, and she whispered: "I feel the same way, Brother Li Yun, you should invite her? I and I are ready to be four people. ..."

Su Muxin's face turned red, and her \*\*\*\*\* were twisted together, "Together...what's the matter."

Xia Feiyao lowered her head shyly, not daring to look at her husband again. Of course she knew what it meant to be together. Since receiving her husband's travel invitation, she knew that something like this would happen.

"No hurry, wait now!" A smile was drawn from the corner of Li Yun's mouth, and after taking a look at the shy faces of the two girls, he decided to put the matter on the table and click directly to get into a certain state faster!

As for what kind of state it is, does that need to be said?

so!

Li Yun stretched out his left hand and hugged Xia Feiyao's soft and graceful waist. Then, he stretched out his right hand and hugged Su Muxin's slender and soft waist.

This is an absolutely authentic hug from the left to the right, to enjoy the happiness of all people. Li Yunguang hugged the two girls and felt very moved and happy in his heart.

The two women became more shy. They lowered their heads and dared not look at Li Yun, but they did not escape. They had known this situation a long time ago.

only.

Miss Liuli's sister is only one person.

"Husband~"

Xia Feiyao blushed, and she made the characteristic cute little milk sound again, soft and sweet, so that Su Muxin who heard it for the first time was stunned. This is the real voice of Feiyao's sister?

Really cute, so nice~!

Just hearing it, Su Muxin couldn't help but want to hug her and rubbed the baby-faced little girl's cheek vigorously. She was so cute!

"What's the matter?" Li Yun was also a little moved, and kissed Xia Feiyao's little cheek, making the latter even more shy.

"I, I think."

Xia Feiyao plucked up the courage and said, "Husband, let's go and invite sister Liuli. After all, the four of us are traveling together and let her live alone... It feels a bit bad. Don't worry, husband, I can tell. Sister Liuli likes her husband very much! If you persuade her, she will definitely agree to go together..."

She was too embarrassed to speak anymore.

After all, even though Xia Feiyao and Li Yun had two dates in Qinglei Valley and had some closer contacts, she was still a virgin.

"Yeah, I think so too." Su Muxin looked at Jin Liuli's closed door with regret, "It's good for four people to play together. I have prepared a lot of clothes for Little Liuli sister. Of course, Feiyao, you There are also~"

Speaking of this, Xiaojiao's youthful and beautiful face was full of expectation and shy expressions. It seemed that he could not wait to put on all kinds of good-looking clothes, and cos showed him to Li Yun.

Li Yun also kissed her on the cheek. In the current situation, it basically breaks the relationship between the three and only waits for what will happen next-it may be directly, or it may be visiting the cruise ship. One lap, and then come back for the most anticipated thing in the ten-day travel time.

Chapter 2173: Tangled repeatedly

As for Jin Liuli...

Li Yun smiled slightly, and after taking a glance at her door, he lowered his voice and said, "Don't worry, this little girl will knock on our door by herself. Then... we will be like this, this way. ."

Xia Feiyao and Su Muxin's eyes widened, and they were surprised by what Li Yun said.

"There is still this kind of operation?"

"Hey, of course, let's go into the room and wait!"

Li Yun deliberately spoke very loudly, with a smile on his face like Zhou Yingcai (Playboy), holding Shuangmei's waist and entering another suite-starting at least 100,000 a night, a giant oil tanker with luxurious presidential authentic ocean views and spacious balconies. suite.

"Ding, the host makes a choice, reward: purple gift bag\*2, random red envelope skills: righteous aura, the level of man's breath skills is raised to intermediate."

...

"Bastard!"

"Pervert!"

"Bastard!"

"Rogue! Dude, idiot!"

After closing the door, Jin Liuli rushed to the only big bed in the room to vent, her little hands rubbed the pillow and the cup indiscriminately, and the big pervert, big pervert and big bad guy screamed in her mouth. After tossing for a long time, she suddenly became quiet again.

When she noticed it, her face was already full of cold tears.

"...Big bastard, woowoooo~!"

Jin Liuli, who was alone, no longer concealed her feelings. She buried her face in the pillow and cried out, sobbing and saying, "I shouldn't like you, a big \*\*\*\* bastard. I knew it earlier. If I don't travel with you, I'll be with my mother at home. If you didn't come to pick me up in person, I would...I just...ooooooooooooooooooooooooooooo!"

She smashed the pillow on the wall and noticed that the room with the big villain and the two sisters was on the opposite side of the wall. Jin Liuli was stunned. She seemed to see the three of them there, just...

As for herself, she stayed here alone, sitting alone in a vacant room (literally), alone, not desolate.

"What's this? What's this? What's this!!!"

Jin Liuli jumped up on the bed frantically, her petite body was extremely light, and floated to the door like a lot of catkins, her little hand grasped the door handle forcefully.

One second.

Two seconds.

Three seconds.

"no!"

Jin Liuli loosened the handle with gusto, wrapped his hands around his chest, turned around and returned to the room with a proud face: "I don't take the initiative to talk to that big-eyed ghost, or else I want to be caught by him... That big bad guy, if you give him a chance, he will keep pestering me for the next ten days, no, fifteen days, a necrotic big \*\*\*\* ghost!"

Tsundere, angry, and crazy, the little wild cat returned to the room with a small mouth. After sitting alone on the sofa in the small living room and sulking for a while, the more he thinks, the more angry he thinks, the more angry he thinks, and I can't bear it. When I walked to the balcony, I pressed my ear to the crack of the door to listen to the movement of the next room.

The balcony of the sea-view room is a long corridor that circles the cruise ship in a circle.

In normal conditions, the balcony is closed and separated by a series of doors. Only in an emergency, it can be opened with the universal key in the captain's hand to make the corridor connected.

Except for the captain, no one else could open the door on the balcony.

This leads to one thing: the balcony becomes a place of absolute privacy.

Even if you are wearing a bathing suit, or you don't have to pass on anything, you can lie down on the balcony, drink an ice drink, or do something else, while blowing the sea breeze. Take a look at the endless blue sea.

These are wonderful enjoyments.

but! !

Chapter 2174: Three visits to the thatched golden glaze

Jin Liuli didn't even have the thought of admiring the sea. At this moment, she tried to put her ear on the balcony door, eavesdropping on the movement of the next room.

Vaguely, with her strong hearing in her innate realm, she heard the voice of a girl singing.

"Sing?"

Jin Liuli blinked, with a puzzled expression on her delicate little face: "What song is this time to sing? Isn't that big villain supposed to be scorning them at this time?"

With deep doubts, Jin Liuli listened again.

"..."

"..."

Listening and listening, the little wild cat suddenly blushed, and returned to the room like lightning, fell on the bed and tightly covered her face with a pillow.

Singing is singing, but the lyrics of the two girls are extremely simple, just two words over and over again.

But the songs of these two words, connected together, have a beautiful tune that makes a person as pure as golden glass can hear what it means. Even if she doesn't understand anything, she can be disturbed by that song. His thoughts became extremely shy and...irritable.

"Too annoying!!"

Jin Liuli suddenly felt that she was not interested in going on a cruise at night, she wanted to go home now, and never see that big-eyed ghost again!

But...but.

Wouldn't it be that she surrendered when she returned?

Obviously that big \*\*\*\* invited her out, so why should she be afraid?

Besides, now she goes over, let her two "shameless" sisters stop for a while, and can't be too used to that bad guy!

"Yes, I must stop Feiyao and Little Chili Sister! Can't let the big demon continue to bully them!"

Jin Liuli jumped up again, and her light body came to the door lightly. This time she did not hesitate and opened the door decisively.

Before going out, she stopped, wiped the tears on her face indiscriminately, and walked carefully to the door of the next room.

Raised his hand, wanting to knock on the door.

But... hesitated for a long time.

"Miss, do you need any help?"

A waitress came and looked strangely at the cute girl who raised her hand several times but did not dare to knock on the door.

"No, no, you, are you busy!"

Jin Liuli hid in her room in a panic and closed the door.

As a result, she didn't wait long before she poked out her little head, and after looking around no one, she walked out decisively, pushed open the door next to her, stepped in, and closed the door immediately.

"..."

For a moment, Jin Liuli, who closed her eyes, seemed to "see" the shameful picture of the big villain and the two sisters in the door. She closed her eyes tightly, took a deep breath, and yelled, "Give it all." I stop!!!"

"..."

"..."

Quietly, the room is extremely quiet.

"Puff chuff~"

It was Little Chili's sister who couldn't help laughing, and then Feiyao also chuckled while covering her mouth.

The laughter of the two was so joyful that Jin Liuli couldn't help but quietly opened his eyes.

The picture in front of me is very warm.

The big bad guy squatted on the ground. Sister Chili and Feiyao sat on the sofa, took off their shoes and socks, was held by Li Yun, and were massaging...

Yes, just massage...

No wonder can sing.

"you!"

Jin Liuli's face turned red, and now she is like a monkey surrounded by crowds, she is ashamed to death!

"We?" Li Yun said innocently: "Mu Xin and Yaoyao said they were tired from walking, so I gave them a massage. What's wrong?"

"...Nothing!! Hmph, I'm too lazy to care about you!"

Glancing hard at him, Jin Liuli opened the door angrily, but she closed the door deliberately, not wanting to show outsiders what was going on. As a result...

They are not there at all!

Chapter 2175: Three Visiting Jin Liuli (Part 2)

"Oh yes." Li Yun stopped her with a smile, "Do you want to come for a massage too, Xiao Liuli? Come on, anyway, it's almost time before dinner, it's enough."

"Never!"

Jin Liuli turned her head and left, "I, I just want to ask, what kind of dinner will I have in the future, I am not thinking, thinking, wanting to massage..."

Seeing her fled into the wild, Su Muxin couldn't help laughing.

"Brother Li Yun, will Xiao Liuli come again?"

"Definitely, um, let's continue."

"Ah? Even more? Okay, then... this time, do you want to... real? Hee hee~"

...

Jin Liuli replied to her room with a sullen face. After closing the door, her little cheek was flushed transparently, and she threw herself on the bed and covered her face with a pillow.

"I thought... they were... ooh, so ashamed!"

Jin Liuli didn't dare to see people anymore, so she couldn't wait to fly home immediately, and never see Li Yun for a lifetime!

"How could it be a massage? They still 'sing'... yes!"

Jin Liuli suddenly thought of something, and her body suddenly froze.

Feiyao is born like her, how could she be so tired that she needs a massage? This is simply impossible!

Could it be that they and Li Yun are...

"No, I have to go take a look, stare at that big pervert, don't mess around!"

Jin Liuli jumped out of bed again, and came to the door of Li Yun's room again with three steps and two steps. After holding the handle of the door, she changed her mind.

"Hmph, this time I'm going to listen in secret to see what the big stalker is doing!"

Jin Liuli twisted the handle quietly, which was very good, the big seducer forgot to lock the door!

One minute later, the doorway was slowly pushed open a slit, and the distance of each second was not more than 0.1 cm, to ensure that the people inside would not find the doorway abnormal.

"Hee hee~"

Jin Liuli snickered her mouth, turned her ears sideways again, and listened inwardly against the crack of the door.

"Well, yes, that's...then, ah."

Sister Little Pepper is singing again! ! !

Jin Liuli's eyes widened in an instant, and wanted to listen closer. When he was excited, she threw herself into the door and fell on the red high-grade carpet, holding her hands on the ground, and leaning down like a stretched cat. body.

"..."

The three people in the room were frightened. For a while, the four of them stared at them.

"I, I, I!"

Little wild cat got up like lightning and slipped out, shouting: "I just want to see... ask if you want... drink water!!"

She was so ashamed that she wouldn't even find an excuse.

The three people in the room looked at each other and laughed together.

"Hehe, sister Liuli is so stupid~, so cute, brother Li Yun, will she come again?"

Lying on the sofa, Su Muxin, who was massaged by Li Yun on her waist and back, was very happy. She shook her calves, excited and expectant, and said, "Brother Li Yun, this time...it should always be really scary. Is something wrong?"

Scary refers to scaring Jin Liuli.

Really scary refers to doing something that really scares Jin Liuli (incorrect).

Xia Feiyao, who was trying hard to sit on the sofa, flushed even more.

She listened to Sister Mu Xin singing for ten minutes, and already wanted to do something to scare Sister Liuli.

"OK."

Li Yun blinked, and a wicked smile appeared at the corner of his mouth: "Yaoyao, you go and close the door, and then it's your turn to scare Xiao Liuli, this time...she will not dare to come over and listen for at least half an hour."

"Um."

With a soft response, Xia Feiyao lowered her head and walked to close the door. When she turned around and came back, she was afraid to look up again at the scene in front of her.

Chapter 2176: Don't want to see you

It turned out that within half an hour, only ten minutes later, the little wild cat could not help coming over and quietly opening the door.

"You are...press again, Mo?"

The voice was stopped abruptly, Jin Liuli's mouth opened wider and wider, and finally, she screamed!

She sees it!

Xia Feiyao!

Sitting in Li Yun's arms, the two kissed like a couple.

And sister Little Pepper, also leaning on Li Yun...

The picture of shame is hard to describe, but... "Ahhhhhhhhhhhhhhhh!"

Shutting the door shut with a bang, Jin Liuli fled back again, leaving the three people staring at each other.

"Puff puff puff~"

Su Muxin was holding a smile, her beautiful eyes were as gentle as water, and there was a faint joking: "Brother Li Yun, didn't you say that Xiao Liuli will be here for half an hour? It seems that sister Liuli misses you very much."

".....Yes."

Xia Feiyao blushed and left Li Yun's embrace and sat on the sofa next to her. What happened just ten minutes ago completely broke the thin barrier between the three people. As long as sister Liuli agrees, then the next thing The journey will become easier.

At least I don't need to be like this anymore, sister Liuli is too shy to join in the play.

"Good husband."

Like a well-behaved little wife, Xia Feiyao pushed Li Yun, and said softly: "I have enough fun. If you don't go to see Sister Liuli, she will be really angry."

"Ding, trigger the option event, please choose from the host:

Option 1: Go to Jin Liuli, reward experience value +10 million, golden gift bag\*1, extra reward: fifteen days of wonderful travel time, conquest skills upgrade.

Option 2: Don't go, let your fiancée sulking, reward skill: straight man.

Option three: I used to scold her and let my fiancée leave in tears. From now on, I will never see each other again. Jin Liuli will die alone. Reward: a razor, a string of Buddhist beads, and a Buddhist scripture. "

Li Yun raised his eyebrows and scolded Jin Liuli what the heck option was it? It means that after doing this, Jin Liuli will be heartbroken and will never see him again?

One hundred favorability points, it doesn't mean that the other party will definitely follow him, but never change his mind and will not like others again.

Jin Liuli left in sorrow, and will never like other men anymore. Indeed, she can only die alone with the blue lantern as her company.

"it is good."

Li Yun trembled slightly in his heart, stood up, and couldn't wait to coax his little Liuli. This girl must be looking forward to him appearing in front of her now.

"Yaoyao, Mu Xin, you stay here first, I...go and go back."

Li Yun was a little ashamed, leaving two confidantes and ran to another room, really sorry for them.

"Go, go~" Su Muxin said generously, holding her small fist to encourage him: "Brother Li Yun, cheer up, try to coax sister Xiao Liuli, let her come with us, hehe~"

With that said, this cute little pepper cast a wink at Li Yun, and the meaning was self-evident.

Jin Liuli lowered her head shyly, "Husband, go, comfort sister Liuli early, let's... go to dinner earlier, then, then, and again."

Continue to play.

Li Yun smiled, leaned over and put a scent on the lips of the two women, leaving the blushing second girl behind, walked out of the room and came to Jin Liuli's door.

"Button button."

Li Yun knocked but didn't close it. There was still a cracked door left. He didn't know if Jin Liuli left it on purpose or deliberately.

"Xiao Liuli, am I here?"

"Go away, pervert! I never want to see you again! I hate it, go away!"

Chapter 2177: sorry

"Well, well, I'm here."

Suddenly, Li Yun walked in with a smile and closed the door.

In this smaller suite, just over 1.5 meters tall, Jin Liuli, who looked extremely petite and lovely, was lying on the bed, sulking his face in the pillow.

"Little Liuli?"

Li Yun walked over amusedly, and after turning her petite body over, she stopped suddenly.

Jin Liuli's face was already full of tears. In her big, lively and lovely eyes, she was filled with crystal tears at this moment, and the big one was falling.

After seeing Li Yun, her small mouth collapsed and she cried louder.

"Uuuuuu, badass badass badass, you hate it!!!"

Jin Liuli plunged into Li Yunqi, and Xiaofen hit him with fists one after another. At the same time, she wiped his tears, nose and saliva on his clothes, sobbing constantly.

"Li'er..."

Li Yun hugged her tightly with a slight tremor in his heart. Fortunately, this girl didn't leave immediately, otherwise the trouble would be serious.

It seems that the loneliness prompted by the system is not a joke.

If Li Yun was more cruel, Jin Liuli might really leave the cruise ship that hadn't left yet, and ran back to Jinsheng Pavilion alone with tears, and never saw him again!

"I'm sorry, Lier."

Li Yun gently wiped her tears, but they couldn't dry them. In the end, he directly held the face of the girl who had been crying, but loved him deeply, and gently kissed it.

Jin Liuli's body trembled, barely struggled, and soon collapsed into Li Yun's arms, very jerky and intimate with him.

for a long time.

Li Yun picked her up, went to the balcony, put her petite body in his arms, and watched the blue sea with her.

"Woo~~~~!"

I don't know how long it took, the huge cruise ship honked its sailing horn, and the cruise ship officially left the port after 3 o'clock in the afternoon.

"Look, Seagull."

Li Yun stretched out his hand and pointed to the distance. Jin Liuli in his arms turned his head and saw dozens of seagulls hovering back and forth on the sea, constantly making loud and loud "Ou, Ou" sounds.

The beckoning of the people who saw off to the general manager, the cruise ship left the port, the blue sky and the blue sea were connected in the distance, riding the wind and waves, the feeling of the sea breeze blowing, finally made Jin Liuli smile on the little face that still had tears. .

Of course, more importantly, the man she likes is holding her now and looking at the sea scenery with her.

How Jin Liuli hopes that time will stop at this moment. She doesn't want to go on a cruise, so she has always been with this big villain~.

Unfortunately, she also knew that there were two sisters waiting for her in the next room.

"sorry."

"sorry!"

The two spoke at the same time, making both sides stunned.

Jin Liuli bulged and squeezed Li Yun's face: "Why do you say I'm sorry, the pervert?"

"What about you? Why?"

"Huh~"

She proudly didn't want to answer again.

Li Yun smiled, kissed her tear-stained little cheek again, and said softly: "That's why I say I'm sorry."

Huh~.

A shy red cloud appeared on Jin Liuli's little face again, her eyes dodged not to look at him.

"You, you, you, don't mess around!"

"Okay, I won't mess around... But, did my Xiao Liuli forgive me?"

"No!"

"Then... come and kiss again?"

"Just don't... well, big sex, wolf."

Chapter 2178: Tsundere Jin Liuli

The intimacy between the two did not know how long they lasted. It was the first time that they tasted such a lingering taste of Jin Liuli, and finally shyly avoided, covering his mouth with a small hand.

"No, no."

Jin Liuli hurriedly shook her head, and said: "Forgive you Da Selang, I will be speechless..."

The big satyr is the big satyr, and she never ends when she kisses, but... she doesn't hate this kind of intimacy at all, and her heart is sweet, the previous grievances and distress disappear without a trace, and she will travel again for more than ten days in the future. full of expectation.

Shy, uneasy, and full of girlish expectations.

How could she not know, being coaxed by Li Yun now means that she has to agree to the next trip and play with Feiyao and sister Xiaojiao with Li Yun for more than ten days.

Li Yun smiled slightly, "Then I'm sorry for what you just wanted to say..."

"Woo~"

Jin Liuli puffed up her mouth and looked at him full of resentment. Her grievances and pitiful little eyes were enough to turn a hundred steel-making into soft fingers, and neither men nor women could resist such pitiful eyes for mercy.

"Say it!" Li Yun squeezed her small round face and forced the girl to speak out.

Jin Liuli lingered for a long time before using her soft and cute eyes, and whispered pitifully, "I'm sorry, Brother Li~, it's someone's waywardness. Forgive them this time, okay?"

Li Yun blurted out: "Okay!"

He was turned into cuteness by Jin Liuli's coquetry.

The so-called Tsundere refers to a tough attitude made to hide one's shyness.

There is arrogance, there must be tenderness.

Jin Liuli was proud just now, but now she is undoubtedly Jiao.

Soft, tender, tender.

It's not surprising that Li Yun fell suddenly when he saw Jin Liuli, who looked very proud and completely different from the usual pride.

"Hehehehe~::~"

Jin Liuli smiled with her small mouth, stretched out her fingers and scratched Li Yun's cheeks, and said in a delicate voice: "Big pervert, I can't wait to forgive you just now, you just want to...Anyway, you're a big bad guy. !"

Li Yun smiled, "Hey, Xiao Liuli will call Brother Li again, no, just call her husband! Just like Yaoyao, come~"

"No, I want to call you Dahu...but, uh~"

In the end, Jin Liuli still lost the battle, buried her head beside Li Yun's ear, and yelled softly: "Husband, husband~"

Li Yun was so excited, "Lady! Wife~, come, let her husband kiss again~"

Jin Liuli resisted but was forced to agree.

It wasn't until six o'clock in the afternoon that Li Yun said gently to her: "Xiao Liuli, do you know why I let your sister Muxin book two rooms?"

"have no idea!"

Speaking of this, Jin Liuli's pride returned, biting her lip and turning her head.

She had been crying for so long just now, this big bad guy!

"I think you can guess."

Li Yun chuckled, "Honestly, I went to travel with Yaoyao and Mu Xin just for my honeymoon, but... Do you remember the last time you secretly kissed me when we parted?"

Jin Liuli's face was red again.

Fortunately, she had had a similar intimacy with Li Yun for more than an hour just now, so she didn't care about the last time.

"I was wondering if it would be better to invite you to come with me."

"So, I went to Jinsheng Pavilion."

Chapter 2179: Coax

Li Yun rubbed the girl's short hair. Jin Liuli had a cute round face and a pretty and lively short hair. When wearing a fashionable cap, others would definitely not see that she was born in a river and lake. Heroine.

"Then, what?" Jin Liuli asked for a long time.

"Nothing then."

"what?"

Jin Liuli's tone was filled with disappointment.

Li Yun gave a chuckle, raised her smooth chin with her fingers, and let this arrogant, lively, naughty little girl look at herself, until this girl was shy and shy, Li Yun said, "I just want to respect your opinion. Whether you want to live here or live with us, it's up to you!"

"What about them?" Jin Liuli blurted out, feeling a little embarrassed, and added: "I mean Feiyao and Little Chili Sister."

For some reason, although Xia Feiyao was one year older than her, Jin Liuli refused to call her sister. After all, Xia Feiyao didn't look like her sister with a baby face.

Although the figure is indeed at the level of a mature big sister.

"They have known me for a long time."

Li Yun smiled slightly, "I want to deepen my feelings with them when I came out this time. Of course, I am not saying that Xiao Liuli, you are incidental, you are also a person I value very much."

Jin Liuli's face blushed, and she could naturally feel Li Yun's love for her. When she kissed her with tears on her face just now, Jin Liuli's heart was almost melted by that love.

"I....."

Jin Liuli lowered her head, biting her lip, not knowing how to answer.

Li Yun touched her little head: "So I give you the right to choose. You know what we are doing next door. You can choose to stay here or choose to join. It's okay. I don't dare to force my little Liuli. Must agree."

"Huh~"

Jin Liuli snorted arrogantly, and then asked in a low voice: "Then...what about Feiyao and Little Chili Sister? Why did they agree? It's not strange that the three are together...isn't it?"

She knew it deep in her heart, which could be seen by agreeing to travel with her.

In addition, her mother and grandma also agreed, so Jin Liuli has no psychological burden. The only bad thing is... she dare not be like that in front of the two sisters!

Li Yun chuckled, "What's this? There will be many...wonderful things between lovers. Speaking of which, it seems that Xiao Liuli didn't understand these six months ago. You have been studying in the past six months..."

"Don't say it!"

Jin Liuli directly blocked his mouth with her hand, her face flushed.

Li Yun laughed and kissed her little palm, Jin Liuli shyly shyly retracted her hand.

"so."

Li Yun is like a big bad wolf tricking Little Red Riding Hood. The gentle male voice can kill the overbearing president in a romance drama. "Between husband and wife, there will be many things outsiders don't know. Although they are ashamed to mention it, couple Time is normal."

Jin Liuli felt her heartbeat speeding up inexplicably, and her voice trembled and said, "It's just as if we were just...intimacy?"

"Correct!"

There was a lot of silence again, before Jin Liuli nodded slightly, and let out a soft hmm from his throat.

"My little Liuli agreed?"

".....Um."

Nodding again, Jin Liuli shyly covered her hot face, which undoubtedly gave him completely. From then on, the two will be together forever for the rest of their lives.

"It's great, Liuli, I love you~"

"I, I... Brother Li, I also... love you~"

The two people's heads slowly approached, tilted, and their lips came together and never separated. Until the door was knocked.

Chapter 2180: Play (on)

Holding Jin Liuli with a blushing face, Li Yun and her came to the large suite.

In the room, Jin Liuli squeezed her head down, quite a sense of sight of an ugly wife seeing her in-laws.

"nailed it?"

Su Muxin looked at Brother Li Yun admiringly, hugged Jin Liuli who was standing stupidly on the spot, and sat on the sofa in the living room with her, smiling and said: "Okay, okay, sister Little Liuli, don't be shy, everyone likes it anyway. Brother Li Yun, right? From now on, we will play together. Everyone, He Meimei, and being Li Yun's brother... also very good, right?"

Jin Liuli shook her head vigorously, her small face was already red under her beautiful short hair.

Fortunately, she did not run away.

Taking a look at the time, Li Yun smiled and said: "Let's go, let's go to dinner together. After 7 o'clock in the evening, there should be a performance to watch."

Speaking of this, Jin Liuli finally got excited, and began to urge to eat, don't delay waiting for the time to play.

So, the four of them came to the ocean view restaurant on the 8th floor of the cruise ship, while enjoying the beautiful ocean view, watching the sea being broken open by the huge hull, raising white waves, and eating all kinds of delicacies in the restaurant, including seafood and barbecue. , Fresh shrimp, and cold coconut milk.

The feasting crowd finally broke away from the previously dark and ignorant atmosphere, and even Jin Liuli chatted and shook his head and ate the food.

After dinner slowly, when it was more than seven o'clock in the evening, Li Yun and his three daughters left the restaurant and went for a walk on the deck with the sea breeze blowing.

Xia Feiyao followed him as always, holding his arm like a daughter-in-law, with a gentle and happy expression on her face.

As for the little wild cat and little pepper, they had long been playing bumper cars with those children and had fun on the deck.

"How is it? Yaoyao, do you feel happy? Do you want to play too?"

Seeing her looking expectantly at the two women playing, Li Yun asked amusedly.

After all, Xia Feiyao is now less than nineteen years old, at the age when she loves to play. When Li Yun first saw her, the woman was also a fledgling yellow-haired girl.

Only because of "married" to him, Xia Feiyao quickly became a good wife and mother, who was usually incredibly gentle.

"like....."

Xia Feiyao turned her head to look at the lively scenes around her, shook her head and said: "There is nothing fun, I'll stay with her husband~"

After nightfall, the entire cruise ship became very lively. The lights illuminated the giant sea monster, which plunged the cruise ship into a sea of joy. There were naughty screams of children everywhere, and the eyes were all lovers of different ages. A wonderful picture of us walking hand in hand.

Moreover, there are now less than 5,000 people on the cruise ship, and tourists will continue to board and drop off in the next few days. In total, tens of thousands of tourists will take the cruise to Haowei.

By then, it will be even more lively here!

"How come it's not fun, come, let's go to the water park together." Li Yun was having fun with the distant place, and the two lively girls who kept laughing like silver bells greeted Xia Feiyao. go.

"what?"

Xia Feiyao was a little overwhelmed and whispered: "My husband, I don't want to wear a swimsuit in front of outsiders...well, it's not pretty!"

It is not that she is not good-looking, but that others will always stare at her and make her feel very ashamed.

She was certain that Sister Liuli would not wear a swimsuit in front of outsiders, and for conservative people in the rivers and lakes, she still couldn't accept wearing too revealing clothes in the public.
