

Godly Choice 2241

Chapter 2241: Ring for the immortal

"Give you!"

Li Yun took out a gun from the space ring and stuffed it into Jin Liuli's hand. The latter was stunned, "This...what are you doing for me?"

She touched a genuine pistol for the first time. The cold metal feeling made her inexplicably excited. The black hole of the muzzle made her tremble with excitement, as if there would be a powerful bullet shot out at any time!

It's very contradictory. The education she received made her hate these modern weapons, but Jin Liuli couldn't help feeling very curious when she really held this big killer.

Shangguan smiled and said: "The strong innate level is very powerless to deal with ten submachine guns, but if a strong innate level + a pistol, hehe, a hundred submachine guns will be dead!"

Jin Liuli's eyes lit up, and her hand holding the gun tightened a little bit tighter.

The Xiantian realm itself has a strong physique. If you add the means of shooting the enemy remotely, you don't need to rely solely on the whip to be much stronger?

"Coco..." Jin Liuli suffocated for a long time before suffocating a word: "But I don't know how to use a gun!"

"Just learn it, but if you don't learn it now, the gunshots will startle everyone in the boat."

"Oh~"

Jin Liuli obediently put the gun into the space ring, ready to find a suitable time to ask the big satyr how to shoot.

Shangguan Ming saw the gun disappear suddenly, his eyes widened: "WTF, Li Yun! Didn't you say that space rings are rare? Why do women around you have this stuff?!"

Jin Liuli's face blushed again. The "woman next to her" meant her~, but she was not upset, but she felt sweet and shy, and her heartbeat could not help speeding up a bit.

At night, she will truly become a pervert...woman.

Li Yun shrugged: "I said less, I mean you can't give it to outsiders casually, Xiao Liuli is my fiancée, of course you give it to anyone!"

"I'm Cao!"

Continuously using foreign and domestic exclamations, Shangguanming grabbed his arm, eagerly and sincerely said: "Then I am your elder brother, and your fiancée is also my sister. I am not an outsider! Quick, give it to me. A ring!"

Li Yun: "..."

It sounds like a proposal ring, which is weird and disgusting!

"Go away, I won't get involved!"

"What high-level ones don't engage in foundation, I want a ring! A ring that can hold things!"

Shangguanming's eyes turned red. God knows how useful the space ring can be in his hands. For example, this time, if he has a space ring, he can go on board the ship with countless firearms instead of sending people to the bottom of the sea. Cautiously jumped onto the cruise ship from a place where no one saw it and sent the weapons in.

—Although they are Huang Xuanguo's official status, they have to have so much trouble if they want to transport weapons into this fruit cruiser!

"Space ring? No!"

"I, Cao, please, elder brother, can I call your elder brother, right? I must convince my family when I go back, so that you can successfully hold my sister back!"

"..."

Li Yun was defeated by this guy, for a spatial ring, as for? Even my sister betrayed! When the fairy psychic doctor heard it, she had to peel off her brother's skin!

"I don't have a ring, but." Li Yun took out two rings. Shangguanming's eyes became redder. He couldn't wait to **** it, put the ring on his face, and said affectionately: "Oh~~! Myprecious(baby)!"

Chapter 2242: Looking for goods

Li Yun held two rings and said with a smile: "If someone is willing to give me the ring to my fiancée, Shangguan Lingxian, I can..."

"I send!!!"

Shangguanming grabbed the two rings and looked at them affectionately: "Baby, I finally got you!"

"..."

Li Yun couldn't laugh or cry. He was defeated by Shangguan Ming. It seems that the space ring does have a great effect on him, so give him one.

"Remember, send one of them to the spirit fairy safe and sound!"

"Yes, sir! I promise to do it!!!"

".....in addition."

Li Yun silently covered his forehead: "Don't want to come to me for a space ring anymore. If anyone comes, I will say no! You'd better hide this stuff tightly, otherwise, the practitioners of the Six Doors will Will come to your troubles, this thing is more expensive than a nuclear bomb, do you understand?"

Shangguanming nodded solemnly: "Don't worry, I will keep this kind of treasure from anyone, and I will never show it to outsiders, and I will not rely on it. I only use it when it is most critical!"

"So much the better."

Li Yun smiled, "Let's go back to what was just now, what are you going to do, Brother Ming? Do you want me to help?"

"want!!"

It was Jin Liuli who was talking. The girl was holding his hand excitedly, and her big round eyes were shining with excitement: "Big pervert, shall we go find those goods? Go, go, I'll stay on the boat for two days I'm tired of it!"

"That's great, I'll trouble you Li Yun, I'll go now!" Shang Guanming turned around and left, swiftly under his feet, as if he was afraid that Li Yun would return to take the space ring back.

"This guy!"

Li Yun twitched the corner of his mouth and glanced at Jin Liuli. He hehe smiled and said, "Xiao Liuli, I will accompany you to investigate the goods to make you happy. That night~?"

"Big pervert, are you thinking about this all the time?!" Jin Liuli hit him with his head, with a sullen expression on his face.

"Why do you think my Xiao Liuli is so cute and beautiful?" Li Yun put his arms around her waist and looked at her blushing, feeling particularly interesting.

"You, you will tease me!"

Jin Liuli's white teeth bit her lip, her face flushed. After thinking for a while, she stood on her tiptoe shyly and whispered in Li Yun's ear: "If... if you find those goods, I will accompany you tonight. Big pervert~~"

The girl's soft and shy voice caused Li Yun's heart to sway, and he directly agreed, and then gave her a hard kiss on her little cheek.

The result is of course the shameful girl hammering her chest with a small fist.

The two of them walked towards the top of the cruise ship while frolicking. Jin Liuli's cheerful laughter attracted the attention of many passers-by-the smile of a young girl always infects people's mood.

"Big villain~" Jin Liuli's tone became very delicate, and she asked Li Yun's arm, "Where are we going? Aren't we going to find the goods?"

"Not urgent."

Li Yun explained: "The goods they brought in should have been moved in when they called at the port in the afternoon. They are now stored in the warehouse on the ground floor and cannot escape. Let's go to Yan Jingyi's room to see if we can find some. A clue to value!"

"Get into his room?" Jin Liuli was puzzled. "Then why are you here? Let's just pry the door. Besides, do you know if he is at home?"

"of course I know."

Li Yun showed off his cell phone. There was a record of his chat with Nelson and a screenshot. Jin Liuli took a look and found that Yan Jingyi, who had been beaten by her with a whip, was happily in the karaoke hall with two beautiful women in his arms.

Chapter 2243: Like you most

"This thief, it's a good day in a few days!"

Jin Liuli looked righteous and contemptuous, Li Yun looked funny, but she glared at him again:
"Big pervert, you are also a thief!"

Li Yun: "..."

The gentleman doesn't talk too much to the woman, just kiss him.

Holding her little hand, Li Yun came to the top of the cruise ship.

The cruise ship as a whole is like a birthday cake, with a small pyramid structure on top and a large pyramid structure on the bottom. Therefore, the top deck of the cruise ship is not very open. In addition, it is exposed to the hot sun and the heat is surging, resulting in very few tourists here.

When Li Yun came to the top, there were only a few scattered pairs of tourists, most of them leaning on the railings to watch the scenery while blowing the sea breeze.

"So beautiful~"

Jin Liuli came to the railing, looked down at the cruise ship, and couldn't help but sigh.

At night, the Ocean Princess exudes brilliant light, sailing in the dark sea, shining brightly around, and the whole ship is moving like a treasure mountain.

Under her feet, you can see the tourists on the cruise ship happily playing. There is a sea park on the 6th deck, and there is an open-air dance party on the 14th deck. A group of beautiful women in various beautiful skirts are dancing with their male companions.

The whole picture is amazingly beautiful.

Not participating in person, but acting as a bystander, this is probably the meaning of tourists going to the top.

"There are more beautiful ones."

Li Yun raised his head to look at the watch tower, and Jin Liuli also raised his head to look at it. When he was about to ask something, Li Yun held his slender waist.

"Yeah~"

Jin Liuli screamed, and subconsciously hugged him tightly. The two of them rose into the sky. Amidst the exclamation of a child, they stepped on the handrail of the watch tower and jumped several times to reach the top of the watch tower!

The tourists below were exclaimed. The modern cruise ship has radar guidance. The watchtower is more of a decoration and backup function. Therefore, there is no one on the tower, and it is usually locked.

Therefore, Li Yun took Jin Liuli boldly and jumped up. The tourists did not report to the security on board, but took out their mobile phones to take pictures with great interest.

"Li, Li Yun!"

Standing at the top of the cruise ship, Jin Liuli was happy and excited, her face flushed with excitement.

"Do you like it?" Li Yun smiled.

"Uh-huh!"

"Come on, open your arms and I will hold you behind my back."

Li Yun learned a classic posture from a classic movie, and asked Jin Liuli to open his arms. He embraced the girl's slender waist with his hands, kissed her little ear from behind, and made Jin Liuli scream.

Fortunately, she is very excited now, so she didn't blame it, but smiled happily, giggling and saying, "Big bad guy, don't be a fool~"

Li Yun smiled, hugged her soft waist tightly, and said softly, "Do you like it?"

At this moment, Jin Liuli is standing on the watchtower at the top of the cruise ship. He hugs her tightly behind him. She is also her favorite person. Facing the sea breeze, the night is charming. This scene is romantic and beautiful, let alone a lover who is just beginning. The young girl, even the woman who has experienced several marriage contracts, will be very emotional.

"Like~, I really like~, I really like it, Li'er likes you, Jin Liuli likes Li Yun the most~~!"

The excited Jin Liuli took the initiative to put his arms around Li Yun's neck with a backhand, and made him lower his head with a shy smile, and then—

I kissed it.

"Wow~~!"

The tourists who were holding their mobile phones underneath were all exclaiming.

Chapter 2244: Romantic

Standing at the top of the watchtower, the man is tall and handsome, his smile is full of sunny temperament, the woman is lively and cute, and the body is soft and graceful. She is held in her arms by her boyfriend, and is as cute as a well-behaved doll .

The two kissed intimately and passionately, and several couples who had been married for many years couldn't help but get moved and kissed together.

For a long time, the lips are divided.

"Come on, continue to open your hands." Li Yun said softly, hugging the girl with rapid breathing in her arms and her rosy cheeks: "Close your eyes and feel the feeling of flying."

"Yeah~"

The girl was very well-behaved, with her hands wide open, imitating birds flying in the sky, and the sea breeze blowing her short hair, feeling dizzy and not knowing where she was, almost moved the girl to tears.

"Li Yun~"

This feeling of flying is so wonderful, Jin Liuli couldn't help opening her eyes, and when she turned around, she wanted to kiss him on the lips again.

As a result... she really flew! !

"Ahhhhhhhhhhhhhhhhhhhh!!!"

Jin Liuli yelled out of fright and hugged Li Yun with her arms tightly. The tourists underneath only saw the two of them falling straight down, and hurriedly ran to the deck to look, but they could not find where they fell.

"How is it possible? How did they jump so far?"

"Did you really jump down? I don't think so."

"Where did the little couple go?"

Her feet touched the hard ground. When Jin Liuli opened her eyes, she found that she had come to a balcony, and Li Yun was looking at her with a smile.

"Big villain!" Jin Liuli bit his shoulder angrily. "If you want to fly, don't say anything, it made me foolish!"

"I just want to give you the feeling of flying! Blame me?"

Li Yun stepped into this room with no lights turned on, Jin Liuli immediately followed, and muttered: "I'm the only one...this is Yan Jingyi's room?"

"Um."

Li Yun turned on the light in the room and glanced around.

The room here is very similar to his one, and it is 70 or 80 square meters in size, and it looks almost the same from the outside.

"Should I wear gloves and cover my face?"

Jin Liuli asked in a low voice in excitement, sneaking into the villain's house and secretly collecting evidence that the villain did bad things. Isn't this the standard practice of a chivalrous heroine?

When the evidence was collected, she gave these conscientious account books to the government...In other words, which government is managing this cruise ship?

Li Yun glanced at her with a slightly neurotic look, "No, there is no thing for early warning to sneak in. It is estimated that he will not check his fingerprints every time he comes back. Just be careful and don't touch anything..."

Cang Dang!

Before she finished her words, Jin Liuli accidentally touched a box and fell to the ground with a harsh sound, scaring her almost to cry.

".....fine."

Li Yun could only comfort the frivolous heroine, lowered his head and glanced at the box, his face became serious: "Don't move!"

Jin Liuli was too scared to move, she also saw the abnormality in that box.

A bug the size of a fingernail crawled out of it and made a sharp flapping sound at the two of them.

The bug was golden yellow, like a beetle, flapping its wings extremely fast, and its voice fluctuated high and low, like a scream of a ghost in the night.

"This is... Gu worm?" Jin Liuli stammered. She had seen Gu worm the last time and was very impressed with this thing.

"It should be, but this bug..."

"What's the matter with me?"

Chapter 2245: dialogue

The flapping sound of Gu worm's wings suddenly turned into a human voice, no, to be precise, this worm is imitating a human voice!

The voice it made was neither male nor female, nor young or old, just like a seriously distorted cassette. The voice was so fuzzy that it could only barely be understood, and it was impossible to tell who was talking.

"What's the matter with me?!" The Gu worm's flapping voice increased, Li Yun's face was serious, and his mind was anxious to answer something.

Jin Liuli was even more unbearable, and her face turned pale from fright.

Because once the answer is wrong, the other party-almost 100% sure to be the monsters of the six doors, will immediately know that something has happened on the Ocean Princess. By then, everything will fall short!

"My Lord, My Lord!"

Li Yun took the initiative to speak, shocked Jin Liuli again, and looked at him in panic.

Li Yun made a hush gesture to her, and Jin Liuli quickly covered her small mouth, slowing down her pounding heart.

"What's so alarming?" Perhaps it was the words of the Venerable that made the other party feel comfortable, and the tone of his speech became a lot more relaxed.

There was a smile at the corner of Li Yun's mouth. Without knowing how to call the other person, he took the initiative to use the two noble title combinations: Venerable + Adult. Even ordinary people are suitable, but people with Liudaomen are more suitable. .

"Ocean Princess, it seems that Huang Xuanguo's people are paying attention!"

Li Yun's words made Jin Liuli's eyes widened, as if she wanted to say: Did you take the initiative to say the problem?

"Why see?"

The other party was silent for a while before answering. Li Yun's heart became more stable, his face smiled, but his tone did not change. He still asked for help with a trace of panic: "My people reported that a few people of the yellow race had come into contact. Captain, remind him that there may be robbers on the ship, but fortunately, the captain did not believe him! So I doubt...has our affairs been exposed?"

The advantages of using this unknown Gu worm to transmit letters are obvious, but the disadvantages are also obvious, that is, it cannot simulate the voice of a person.

Jin Liuli vaguely grasped what Li Yun wanted to do, staring at him with wide eyes.

But the other party fell silent at this moment, causing Li Yun to retreat somewhat, wondering if the person on the other side had seen something.

Fortunately, the Gu worm flapped its wings and let out a sneer—this worm would only instinctively imitate the sound and transmit it thousands of miles away.

"It seems that the secular world is not a fool either, and one after another you have found some of you fools who are not good at doing things."

Li Yun and Jin Liuli looked at each other, and the people of the Six Dao Sects were really plotting many things!

It's just a pity that countries don't have an interoperable information system, and now they don't even know what's happening in other places. Perhaps the Ocean Princess is the first place to notify all countries.

"Sir, what should I do?"

"It's okay."

This time the opposite party responded quickly and ordered: "Keep lurking, don't do anything in the next five days, wait for the sixth day, I will notify you to start the action."

Sixth day? Why is it the sixth day?

Li Yun's thoughts turned sharply, and then he asked, "I'm afraid then..." He left half of his words, saying too many mistakes.

Sure enough, the opposite party directly cursed: "Trash, as long as you organize the action at that time, no matter whether it succeeds or not, I will know that if it fails, I will send someone to fix it!"

Li Yun's expression shrank.

"But you have to know!" The voice became obscure again, "If I send someone, you will not only have no credit, but you will be convicted by the elders. When the time comes...huh, just figure it out!"

Chapter 2246: Learn later

The Gu worm stopped shaking its wings and went back into the box. Li Yun leaned over to cover it and put it on the table again.

Jin Liuli couldn't help asking, "How did this bug start to call?"

"Maybe it's shaking it."

Li Yun guessed that he could be considered a person who had seen Gu worm theory, but he still couldn't recognize the ever-changing gu worms in the practice world. This thing is similar to the child-mother gu, which can sense the vibration of another worm thousands of miles away. Imitate the same vibration to make a human voice.

"What a weird Gu worm!" Jin Liuli carefully opened the lid and glanced inside: "Maybe you can call it a phone worm?"

"Phone Worm?"

Li Yun twitched the corner of his mouth, took out his mobile phone and took a photo of the Gu worm lying still in the box, and sent it to Sage Fan Qing for a look.

"Okay, leave that thing alone, let's look for any useful information!"

"Uh-huh!"

Jin Liuli was very excited now. After re-covering, she continued to crept around in Yan Jingyi's room looking for things-like a thief.

Li Yun looked amused, and let this girl make a fool of himself. It is estimated that there will be nothing in the room except Gu worm.

"Huh? There is a camera here, Brother Li, come and take a look!" Jin Liuli called him over, and Li Yun walked over to look at the images inside with her.

"Let me see what was shot inside!"

Under Li Yun's guidance, Jin Liuli smiled and turned on the playback function of this advanced camera, just like watching a movie with relish.

In the video, Yan Jingyi and a group of beauties are playing in KTV. A dozen beauties accompany a man to drink and sing in the KTV room. Yan Jingyi sits on the sofa with a big horse, surrounded by various Yingying Yanyan. Beauty, like an emperor.

"Big thief!"

Jin Liuli glared at Li Yun, who was very innocent: "This is not me, it's Yan Jingyi!"

"Anyway, he is about the same as you, the same color!"

Jin Liuli murmured while watching the video. The only difference was that the woman inside was very ordinary, far inferior to the three of them.

But they also have one advantage: Xi.

All kinds of teasing movements, waist and hip shaking, charming smile, glamorous and radiant, etc., even if Jin Liuli can't understand, she has never experienced it, but the girl's instinct still tells her that these movements are extremely Nasty! !

"Turn it off, this thing is nothing to look at." Li Yun understood what would happen later, that guy Yan Jingyi could play in the city, and he wouldn't be afraid of being exhausted by fighting a dozen people alone.

To his surprise, Jin Liuli prevented his movement.

"No, no!"

The little girl shook her head hard, her cheeks flushed, her little hand grabbed Li Yun's hand: "Keep on looking, see, see how shameless you big perverts... will be!"

After she stammered, the video has begun the official show.

Yan Jingyi blindfolded, grinning and groping in the KTV room, a dozen beauties screamed and hilarious, some of them actively leaned against him and were hugged by Yan Jingyi.

After that, it cannot be described.

Jin Liuli's face was red and transparent, his nose snorted, and his eyes ran out of sight, shyly trying to find a place to sew in.

It turned out... the relationship between men and women is even worse than she thought!

"Okay, don't look at it, you'll be stupid to look at people."

Turning off the screen, Li Yun amusedly squeezed her hot little face, then hugged her to leave the room and flew towards the top of the cruise ship.

"If you want to learn, we will learn again tomorrow."

"...Pervert, who wants to learn!!!"

Chapter 2247: Unchanging

The two flew back to the top deck and once again received the attention of the tourists.

"Hi, guys, how is my magic show?"

Li Yun smiled and greeted the group of tourists who saw him flying in English. They were stunned, and then they applauded, saying that the magic is so beautiful!

Li Yun hurried away with Jin Liuli.

"It's a set of deceptions." Jin Liuli gave him a roll of eyes, but in the end he couldn't help but laugh out loud, put his arm around Li Yun's arm and asked softly: "Brother Li, what the man said just now What do you think? We still have five days to prepare? Is it true? I suspect it is deliberately deceiving us!"

"Now it's called Brother Li again?"

Li Yun squeezed her little face amusedly, causing Jin Liuli to squeeze for a while.

"Regardless of whether he is real or not, our original plan remains the same."

"Oh, respond to all changes with the same?"

"almost."

Li Yun explained: "Yan Jingyi's whereabouts are under our control. We have actually taken the initiative. The only uncertainty now is what exactly the other party will do in five days and how big a situation they have set up. !"

Jin Liuli frowned and thought, "Listening to what the other party said, it seems that many ships have been hijacked. Five days later, the ships will probably drive to that Weiyi Island. Is it because the Six Demon Gates want to engage in conspiracies there?!"

Li Yun stopped, and looked at Jin Liuli with a weird expression.

"What, what's wrong? Did I say it was wrong?"

"No, Xiao Liuli, you are too right! A word to wake up the dreamer!"

Li Yun hugged her and kissed fiercely. Jin Liuli screamed in fright, slapped him in the face with her little hand, giggling and saying: "Bad guy, don't kiss me... No, you big pervert just wanted to take the opportunity to kiss me. Right? It's disgusting!"

Five days later, after a total of eight days of voyage, the cruise ship will be located approximately in the middle of the Pacific Ocean. It is heading towards the terminal station of this journey, Weiyi Island. At that time, the cruise ship will sail on the high seas and the casino on board. The door will open, which is a more relaxing time for tourists.

If the purpose of Yan Jingyi and Liudaomen is to hijack the cruise ship, they can do it tomorrow and the day after tomorrow.

The only explanation is that their goal is related to Haowei Island.

——Of course, the premise of all this is that the person speaking with Li Yun is correct!

"Brother Li~~ Where are we going now?"

"Didn't you want to find the goods before? Let's go!"

"Hey? I thought you would discuss with others~"

Jin Liuli followed his footsteps, her little face flushed with excitement: "Then we should cover our faces this time, right?"

Li Yun's face was weird, "Why do you always want to cover your face? Do you like being a heroine so much?"

"That's not it!"

Jin Liuli twisted her head and said, "Aren't we going to find the goods this time? If we sneak in, we should cover our face? Otherwise, it will be miserable if we are found out!"

"Ding, trigger the option event, please choose from the host:

Option 1: Satisfy the girlfriend's requirements, sneak in with a face mask, and find evidence that Yan Jingyi wants to hijack the cruise ship, reward justice value +50,000, all attributes +4000, experience value +10 million, golden gift bag*1, unlock more poses .

Option 2: Swaggering in, reward justice value +50,000, all attributes +5,000, experience value +30 million, golden gift bag*2.

Option 3: Leave directly, give up searching, no reward. "

Chapter 2248: Masked Woman

She stretched out her hand to pinch Jin Liuli's chin and asked her to look at herself. After seeing the expectation in her eyes, Li Yun laughed out loud.

"Well, it seems that you can't satisfy your heroine dream for a while, so cover your face!"

"Hmm!"

Regardless of being molested by him, Jin Liuli excitedly took out two pieces of black cloth from the space ring, one for his own use, and the other was naturally thrown at Li Yun.

"..."

Li Yun covered his face helplessly, glanced at Jin Liuli, who was covering his face amusedly, and said with a smile: "Little Liuli, you are now a female thief, not a female fighter!"

"Oh, almost, the female thief is also a female fighter who robs the rich and helps the poor!"

Jin Liuli didn't care about it, and took out a set of black tights, and wanted to take off and put on them.

Li Yun looked at her, and Jin Liuli also looked over. The two of them met, and Jin Liuli's face suddenly turned red again.

"You turn around! I want to change clothes!"

"Change here?"

Li Yun was shocked. Now the two of them had taken the elevator to the bottom of the cabin, far away from the area frequented by tourists. Although it was empty and surrounded by various hull facilities, it seemed extremely hidden, but it was also outdoor. The girl really dare!

"Huh... forget it!"

Jin Liuli directly untied her clothes, and Li Yun discovered that she was wearing a tights woven of gold silk, which should be similar to soft gold silk armor, which was used to block the deadly vital armor.

"Xiao Liuli, you are still wearing this stuff."

Li Yun was very curious, went forward to hug her, felt the golden silk soft armor a few times with his hands, and found that it was quite soft and did not affect his actions in the least.

Jin Liuli's face flushed red, and Xiaofenquan punched him a few times: "Big pervert, don't come over!"

After playing around for a while, Li Yun also changed into a tight-fitting black suit—Jin Liuli actually prepared night clothes for him, which Li Yun did not expect.

"Let's go and see what the gangsters brought in!"

Jin Liuli, who covered his face in black with black cloth, only showed a pair of excited big eyes, and there was obviously a smile in his eyes, urging Li Yun to say.

"Wait for me to command, don't mess around."

"Got it, let's go, Man in Black Number One!"

Li Yun dressed up like her, and was stunned: "What?"

"You are stupid, of course we can't call our real names now, your name is Heiyi No. 1, and I am No. 2!"

"...Why don't you call me husband, and I call you lady?"

"Go to hell!! I didn't bark, I changed my mind, you are Goudan Number One!"

"Then you are Goudan No. 2?"

"Ahhhhhhh!"

The two of them played all the way through the long corridor, came to the stairs, and walked towards the bottom of the cabin.

When she noticed someone in front of her, Jin Liuli raised a finger and made a hush gesture.

Then, her body was like a flexible gecko. She slid and rushed to the corner of the stairs. She stood still in a dark place. When Li Yun looked over, she found that Jin Liuli was blindfolded, only showing a small hole observes the outside.

—This kind of mask was obviously specially modified by Jin Sheng Pavilion, and I don't know what this school did before.

"Come here, you fool, you won't sneak in at all!"

The footsteps in the distance were getting closer, and Jin Liuli shouted in a low voice.

Seeing her almost perfectly hidden figure, Li Yun touched her chin. This girl really understands this, so what did Jin Shengge do before? Moreover, what she cultivates is obviously a kind of kung fu that makes her body soft and watery, she is also good at sneaking, and she is also good at poisoning.

Golden Saint Pavilion... Is it the previous killer gang?

Chapter 2249: Dive into the bilge

"Big fool, come here!" Jin Liuli's voice got closer and closer, "I gave a place, hurry up!"

"It's okay, you are optimistic."

The next moment, Li Yun disappeared in front of Jin Liuli out of thin air, making her eyes widened.

The sound of footsteps approached, Jin Liuli shrank in the corner of the stairs and did not move. A pair of eyes were also hidden in the mask. The white part of the eyes completely disappeared, and there was no reflection at all in the dark paint.

Jin Liuli didn't see who the person was, and only presumably judged that it was a heavy man, wearing a pair of common thick-soled sneakers, walking up the stairs step by step and leaving the bottom of the cabin.

"It's okay." Li Yun suddenly appeared again, shocking Jin Liuli: "You, you, you, will you be invisible?"

Fortunately, she was worried about this guy just now, she didn't expect him to be invisible!

"It's not invisible, but it's the same in the eyes of ordinary people. Let's go, let's speed up and go back sooner."

"...Pervert!"

Jin Liuli murmured to follow him, her face flushed slightly. In fact, she had wronged Li Yun, and he really didn't expect that to go up.

The two walked along the dim bilge corridor to the end, only to find a kitchen, but did not find a place to store the goods.

Going down the stairs to the next level is a closed room where you can faintly hear the sound of machinery rolling, and all the important operating machinery of the cruise ship should be here.

Going further down, I finally came to the location of the warehouse. Li Yun saw the cold storage sign, so he judged that this was the place where the cold storage was storing ingredients.

"It's all cold storage here?" Jin Liuli, who was dressed in night clothes, hid in the corner, watching Li Yun's swaggering actions with her eyes wide open-she did not dare to expose too much.

"Ingredients, beverages, alcohol, etc. need to be refrigerated, other things only need to be at room temperature.

Li Yun looked at the door of one of the warehouses, Jin Liuli quietly left the dark place, carefully following his footsteps.

One of her heart beats fiercely.

This place is more exciting than the diving scene she had previously imagined!

Underneath is a cruise ship sailing in the sea, surrounded by iron walls. The roar of the ship when it is running makes the people in the bilge hear very clearly, and Jin Liuli can even feel the vibration of the cruise ship's exaggerated engine.

boom! boom! boom!

The continuous roar, like a beast lurking under her feet, combined with the quiet atmosphere around it, is really exciting~!

"Li, Li Yun, how can we find the goods? The warehouse here is so big!" Jin Liuli was so nervous that she kept observing the surroundings, for fear that someone wearing it would suddenly push a cart to pick up the goods— —She had avoided several waves of personnel with Li Yun before.

"To provide food, clothing, housing and transportation for tens of thousands of people, the warehouse is beyond my imagination."

Li Yun gave up. It is estimated that the entire bilge is filled with ingredients and other goods that were transported by the way. It is enclosed in a warehouse with a number written on it. It is too difficult to find a few boxes of goods in an unfamiliar situation.

"What should I do then?" Jin Liuli looked around and said in a low voice: "Should... we kidnap someone and ask?"

She is now expecting someone to come and use her strength to hijack someone for interrogation, which is easy.

"Don't be so troublesome, just call."

"Call? Who do you call?"

"Call the chief mate on the boat."

Li Yun smiled, took out the phone, and dialed a very strange phone number.

Chapter 2250: fraud

"beep--"

After the bell rang seven or eight times before connecting, Li Yun changed into a majestic and hoarse tone and said in English with a slight M accent: "Fin, I am Captain Davis!"

"!!!"

Jin Liuli's eyes widened, is this okay? This is absolutely impossible! How could this deceive the other party! ?

—Although she does not understand English, she can probably guess what Li Yun said.

"Captain? You are not..."

The voice stopped abruptly, and he didn't speak for a long time.

But the call did not hang up. Jin Liuli covered the microphone and said anxiously: "Who are you pretending to call that person?"

"Of course it is the captain with the most rights on the ship." Li Yun shrugged and answered naturally.

"The chief mate is...?"

"The assistant on the ship, named Fein, is in charge of the daily work on the deck, and also in charge of the stowage, loading and unloading, and handover of the goods." Li Yun smiled: "If we are looking for goods, it is best to ask him."

"You, you, you!" Jin Liuli was not shy this time, but her angry fingers trembled. "Are you an idiot? If the captain and the first mate were together, wouldn't you just make a phone call? !"

Li Yun laughed and said to her teasingly: "Xiao Liuli, guess what, he has been on the phone for so long without answering, what are you doing now?"

Jin Liuli's eyes widened instantly.

What else can you do? It must be communicating with the captain around him, ready to arrest people! ! !

"Wow, you idiot, run!"

Jin Liuli didn't care about hiding his figure, and grabbed Li Yun's hand and ran away-two people wearing night clothes and masks, one tall and one short, fled for their lives in the dim bilge of a huge cruise ship, the scene said. Not funny.

But after arriving at the stairs, Li Yun grabbed her little hand and abruptly stopped the girl's running energy.

"Well, it's almost enough to escape here."

"!!!"

Jin Liuli didn't speak, and stared at him vigorously, staring at him with the big eyes full of the anger of the female snitch that were enveloped in the black mask.

Li Yun pointed to the phone and continued to talk with the first officer named Fein, and said, "Why haven't you spoken for so long?"

".....Feel sorry."

This Fein seemed to be shocked by the shamelessness of the "fake captain". He didn't think of a suitable language for a while. After a while, he cautiously asked: "Captain, how did you change your number?"

By his side, more than twenty people have gathered, including a man in a white uniform, about fifty years old, with a **** beard, and four golden bars with blue cuffs.

He is the captain of the Ocean Princess, Davis Dampier.

Davis, who is only fifty years old, looks extremely majestic against the backdrop of a fitted white captain's uniform. He stands in the cockpit of the ship, like a pin on the sea, anchoring the entire cruise ship so that it can be safe and stable at sea. Voyage.

"Continue to talk to him!"

At this moment, Davis's eyes flashed with anger, "I want to see what tricks this liar is doing to actually lie to my first officer!"

The first officer, the captain's assistant, is the second person on the cruise ship.

This liar is not unbelievable, but it is a pity that the first officer and him are checking the day's sailing records in the cab. Therefore, as soon as the first officer Fein received this so-called call from the captain, he immediately Just talk to the real captain and figure out the truth quickly!
