

Godly Choice 2261

Chapter 2261: Hu Xiaomeng and Zhao Tian

After a long night, Li Yun slept until eleven in the morning.

Calculating based on the time he only sleeps for four or five hours now, it is easy to get how long last night it lasted.

But Li Yun had plenty of reasons to pat his chest and said: I am not to blame, but to blame the Lord Jin Sheng for his kung fu as the pavilion master.

Li Yun confirmed one thing last night. Jin Shengge was really a killer sect before. The inherited martial arts is mainly to cultivate the flexibility of the body. The sect of innate realm strength can easily make all kinds of wonderful movements, malleability, The softness is incredible, and it can easily make a variety of jaw-dropping postures and movements.

for example.

Your Excellency Jin Sheng is a pavilion master, a 16-year-old genius of the innate realm. She can stand on the ground with one foot, without using her hands, with the other foot raised high, the soles of the feet facing the sky, and she can stand firm.

In addition, her feet can wrap around her back, directly hooking her shoulders, and the whole person rolls like a circle.

As for other arch bridges, trees, half moons, crescents, T shapes, cats, tigers, plows, garlands, butterflies, etc., all kinds of simple and difficult yoga movements are easy to come by, and the next patron of the Golden Sacred Pavilion is at your fingertips. It can be done, and it can also provoke Li Yun.

Naturally, Li Yun was not to be outdone, and the two sides were evenly matched.

"Xiao Liuli? Are you awake?"

Li Yun glanced at Jin Liuli, who was asleep, and couldn't help but clicked amusedly on her grinning face after carrying the rain cloud.

From the big pervert and villain at the beginning, to the middle brothers and brothers, then to the husband, grandfather, and husband.

Jin Liuli's name for him has been changing all the time, which indirectly indicates the course of things last night.

After fading away from the youthfulness, this arrogant little girl actually had the best time, no less crazy than Su Muxin. It is estimated that last night was like a dream to her, and she won't remember it when she wakes up.

"Well, Mom, I don't want to get up yet~~" Jin Liuli made a vague voice, turned over and continued to sleep.

Li Yun: "..."

Sure enough, this girl would think of her mother when she was confused, including when she lost her soul occasionally last night, she would also call her mother.

Getting up, washing up, chatting with people on the cell phone on the balcony, Li Yun's morning is still very comfortable.

It's just that Zhao Tianfeng and Hu Xiaomeng sent him a message last night, and Li Yun almost spit out a sip of tea.

"Tianfeng actually went to see a movie with Xiaomeng, and it is still a very...special movie about friendship between girls!"

Li Yun looked strange and sent a message to Zhao Tianfeng: "I have no objection. On the contrary, Tianfeng, you should know what I mean, but well—"

Li Yun, who was very angry in the morning, smiled evilly, and continued: "When you go to a movie or where to play, remember to take it and enjoy it! By the way, I will watch it later. you!"

Li Yun is sure that Hu Xiaomeng's attention to the movie and date must have been mentioned. After all, the three of them had been messing around for a few days when they were at the A Duoshan Hot Spring Hotel last time, that is, at that time, in Li Yun's evil taste. Next, the relationship between Hu Xiaomeng and Zhao Tianfeng is heating up rapidly.

Well, of course Li Yun, who is the control of Baihe, would not object to it. It is only the virtual phoenix and the false phoenix that are beneficial to the girls around him to get along with each other happily.

Moreover, the two girls have a 100% affection for him, and Li Yun is not worried about something that is okay. Who doesn't like watching two girls love each other in a family?

Chapter 2262: Watch a movie together

"Meng Xiaohu: Brother Yun guess what they did with Sister Tianfeng last night? Hehe, I promise you can't guess~!"

After seeing Hu Xiaomeng's information, Li Yun couldn't laugh or cry. This girl didn't know that Zhao Tianfeng had informed him, right?

Unfortunately, they just watched a movie last night and did nothing.

Li Yun estimated that what his Fenger meant was to ask him for his opinion, after all, Li Yun was the head of the family.

Zhao Tianfeng estimated that he would not refuse Hu Xiaomeng's mischievous proposal. After all, the two had always stayed in the capital, and they had a lot of time together with Li Yun, and occasionally had some needs.

"It is said that the number of girls accepting lily is far more than men accepting to engage in Quito."

Li Yun thought of one thing. On a romance website, most of the people who wrote Baihe's articles were girls, and those who wrote Tanmei were also girls.

It can be seen that among female girlfriends, there are actually quite a few people with this tendency, but most of them don't show it.

Last time the hot spring hotel only inspired this tendency of the two women.

"What did you do? Well, it must be interesting."

Li Yun smiled wickedly while chatting with Zhao Tianfeng and Hu Xiaomeng.

What's interesting is that they all told him about yesterday's events, but they concealed the "tell" from each other, leading them to think each other was concealing Li Yun.

—This is extremely slurred. Simply put, Hu Xiaomeng didn't know that Zhao Tianfeng had sent a text message to Li Yun, and vice versa.

"Huh, who told Brother Yun to travel with the three girls~"

Hu Xiaomeng made a bitter voice, "I also want to go to the hot spring hotel with Brother Yun again. I miss it so much~, Brother Yun won't blame me, right?"

"how come!"

Li Yun laughed, let her rest assured, and supported her to play like this.

Still the same sentence, who doesn't like two girls next to each other, heads leaning together, watching a movie very intimately?

What a beautiful picture! Full of the sweet scent of lilies, Li Yun was excited just thinking about it.

"Hehe~, Brother Yun is so good~!"

Only then did Hu Xiaomeng feel relieved, and secretly told Li Yun how she captured Tianfeng's feat last night. Li Yun couldn't hear her crying or laughing, dare this girl treat this as a fun thing?

As expected of Xiaomeng Fox!

She is after 05, you can't play with her.jpg

"Button button."

After chatting with the girls for an unknown period of time, Li Yun heard the door be knocked, and at the same time, Jin Liuli, who was sleeping, was also awakened.

"You, you, pervert, don't open the door!"

Jin Liuli jumped up in fright. After seeing the state of his body, his face flushed red, and he gave Li Yun a "vicious" look, without blocking, she put on her clothes beside the bed.

Li Yun leaned against the balcony door to enjoy the beauty of the little beautiful woman's dressing, only to be glared at by the little beautiful woman.

"What are you doing?" Li Yun was innocent, "Did you call me last night..."

"Ah~~~~!"

Jin Liuli covered her ears, "Don't mention what happened last night! Nothing happened last night, did you hear that?!"

I don't think there is anything about the rise of playing last night, but now that I think about it, last night was simply... ridiculous!

She actually cooperated with this big pervert to do so many shameful... things.

And posture, movement.

Pity her practiced for so long to soften the body martial arts, all used last night.

Hearing her screaming, the door knocked even more happily, "Sister Liuli? Have you gotten up? Good, come and open the door, let your little pepper sister enjoy the battle last night, hehehe~"

Chapter 2263: Ugly wife

After a long time, Jin Liuli finally opened the door.

Then, she was immediately hugged by Su Muxin who was grinning, and she didn't need to look at it. Just from the blushing look of Jin Liuli and the tinge color that loomed between the corners of her eyebrows, she and Xia Feiyao, two experienced girls, understood, Sister Liuli also experienced the same thing as them last night.

"Yeah! In other words, in the next few days...? Hehehe~"

Su Muxin covered her mouth and smiled like a fox.

"Just, don't!" Jin Liuli's cheeks are hot, and she feels extremely ashamed by herself. If she is with the two of them, wouldn't it become a chaos?

I am afraid that it will not continue from morning to night, after all, the big satyr is already at the limit of the innate state, close to the master level, it is really energetic, and does not take a rest day and night.

And there will be all kinds of messy knowledge and ways of playing.

Su Muxin hugged her, kissed her shy little cheek fiercely, and said with a grin: "It's okay, your little chili sister, me, and Feiyao, plus you, little Liuli sister, everyone has experienced the same thing. , So don't be shy at all~"

Jin Liuli bit her lip and glanced at Xia Feiyao, whose face was reddened, Feiyao didn't object?

"I can play whatever I want. Isn't this time we are here for fun?" Su Muxin, a rich and entertaining daughter, said plausibly, "Besides, I also specially prepared a lot of beautiful clothes, and I promise to have something you like. We wear it together in the evening..."

"Ahem!"

Li Yun stopped Su Muxin's growing rhetoric, and said funnyly: "I'll talk about things in the evening at night, Xiaojiao, if you go on, your little Liuli sister will blush so much that she can scald a cooked egg."

Jin Liuli lowered her head and fiddled with her clothes, as if she agreed?

Su Muxin rubbed her cute face with a grin, and Jin Liuli was quickly infected by her lively attitude, and she laughed and quarreled with Sister Little Chili.

Li Yun watched two cute girls playing stickers, thinking that, as expected, who doesn't like two cute girls cuddle together and kiss each other?

Especially when they are still their own confidantes, Li Yun can join them at any time, this is simply...heaven, ahem.

"Eat and go!"

With three beautiful women like flowers and jade, Li Yun and them came to a high-end restaurant on the ship. They just walked in and accidentally ran into Xiao Mingzhu again.

Moreover, she is surrounded by handsome and handsome Shangguan Ming!

"You guys..." Li Yun greeted the two with a weird expression, "Come to eat together?"

Xiao Mingzhu's favorability for him is 89. This favorability is neither high nor low. With this favorability, Xiao Mingzhu has a favor for other men and Li Yun will not be surprised.

But Xiao Mingzhu's reaction was beyond his expectations.

"No, he and I are not...that kind of relationship!"

Xiao Mingzhu waved his hand again and again, the sun was shining, and the face of the peerless face showed a nervous look. He wanted to explain, but the more he explained, the more chaotic he was, and he looked very anxious.

Everyone looked at her with different expressions, causing Xiao Mingzhu's face to blush. After a while, he pretended to be calm and said, "Li Yun, are you here to eat too?"

Xia Feiyao blinked, Mingzhu's performance was too obvious, and ah, she said that she didn't have any good feelings for Li Yun the day before yesterday, but today she showed such a flustered expression, is this duplicity?

Chapter 2264: See also Xiao Mingzhu

Li Yun smiled, and after greeting Xiao Mingzhu and Shangguanming, they walked into the restaurant together.

Xiao Mingzhu took a deep breath to calm herself down. The more flustered she appeared now, the more suspicious it became!

Even she herself felt that her expression and actions just now were too embarrassing, it was not at all like the actions Xiao Mingzhu would make!

But the moment she met Li Yun, she really felt "caught", and she was so flustered in her heart that she wished to stay away from Shangguanming immediately, lest Li Yun doubt her relationship with him!

What she couldn't say was that she really didn't have any other feelings for Shangguanming, even after graduating from university, if she couldn't find her boyfriend, she would look for him.

But now, Xiao Mingzhu said with certainty that she just regarded Shangguanming as the son of an elder, and the impression was not bad, but it was not as good as she liked it!

"Pearl."

Xia Feiyao leaned close to her, blinked at her, and whispered, "You are in a mess."

"Don't talk nonsense!"

"Whee."

Li Yun deliberately pretended not to hear, and after taking his seat, he printed the topic of catching the inner ghost last night, and quickly eased the weird atmosphere just now.

"I made an appointment with the captain in the afternoon. I was about to contact you. I didn't expect to meet you again." Xiao Mingzhu smiled again on her delicate face, and used a joke to resolve the embarrassment.

After all, she is Xiao Mingzhu. She was trained as a strong woman with an independent personality since she was a child. She can understand her occasional gaffe, but she will never be in a shy state all the time!

"Mingzhu, what do you want to eat?" Shangguanming glanced at the menu and pushed it to Xiao Mingzhu to order her first.

Su Muxin couldn't help smiling when she saw it.

Generally speaking, if a group of people go to dinner together, the one with a couple will be the first person he/she likes after getting the menu.

Shangguanming took the initiative to hand over the menu to Xiao Mingzhu, and he hadn't ordered the food, it was enough to prove his thoughts on Xiao Mingzhu!

only.....

After Xiao Mingzhu got the menu, he glanced at Li Yun instead, and no one could guess what it meant.

"Give me some fresh shrimp, I can do the rest."

Xiao Mingzhu ordered a dish at random, then passed the menu to Xia Feiyao next to him, and continued to say to Li Yun: "From the captain's tone, I guess we won't get any good news in the afternoon."

Li Yun smiled: "I had a foreboding that the captain had a very bad attitude before. On the one hand, it was a problem with his personality, but on the other hand, it has been able to prove the attitude of the company behind this cruise ship."

"Then what are you going to do?" Xiao Mingzhu asked again.

"Cold food."

Li Yun shrugged, "Anyway, we have mastered the initiative. What we are worried about is not Yan Jingyi on the ship, but his father Yan Shengrong and the pair of Poison King brothers in the golden triangle."

Turning his head to look at Shang Guanming, Li Yun asked, "Have you found out where they are now?"

Xia Feiyao said strangely: "Don't you worry about the six gates?"

"Six Daomen can't find the little brother who can only bully it." Xiao Mingzhu looked at Li Yun with a smile on his face, and then explained: "We can't find Liu Daomen for the time being. Follow the line of Yan Jingyi It's the same!"

"Oh~" Xia Feiyao stuck out her tongue, she was really stupid.

"Yan Jingyi!"

Jin Liuli suddenly raised her little hand and said happily: "Last night I and my husband...er, sneaked into his room with Li Yun, and found one...er, it's a very useful clue!"

Chapter 2265: Yellow-skinned monkey

husband?

Xiao Mingzhu looked strange when she heard Jin Liuli's address to Li Yun.

Think of Jin Liuli's strange walking movement just now, and what Xia Feiyao said the day before yesterday that it was Jin Liuli's turn yesterday.

So Mingzhu Xiao could easily guess what happened to her and Li Yun last night.

"This dude... is really a girl a day! Then the next three together? Great, really great, **** dude!"

There was an inexplicable sour feeling in her heart, Xiao Mingzhu decided to be more indifferent to Li Yun, lest she really get stuck!

"What useful information is it?" Xiao Mingzhu complained to Li Yun in his heart, but asked Jin Liuli calmly on the surface.

"Hehe, we found a Gu worm~"

Hearing her words, everyone was silent, all digesting the shock brought by this weird Gu worm.

"Six Daomen really have special means of communication!" Su Muxin is very regretful, "Could they also realize that the network is not secure and will be monitored by us?"

"There is a possibility. Although they are cultivators, they are not ignorant of the Internet."

Li Yun thought of Concubine Wan Qing, at least the saints of the six gates attach great importance to the Internet, and once thought of recruiting him for this.

"In other words, we still have five days to prepare?" Xia Feiyao couldn't help but speak-although she is stupid, she is also a heroine!

"It may also be the other party's trick." Shangguan Ming put forward different opinions.

"My opinion is to control Yan Jingyi and others before talking!"

Xiao Mingzhu looked around at the crowd and continued: "No matter what the six gates want to do behind the scenes, but since we are on board the Ocean Princess, at least we must ensure that the ship is safe!"

I can't control the people of the world, but at least I can manage the things around me!

Everyone did not object, and temporarily set a plan to arrest Yan Jingyi and others.

Jin Liuli and Xia Feiyao were very happy about this. The two heroines both said that they would go to war by then, and they would catch all the gang with a whip or a sword!

The dishes were served one after another, and the six people ate lunch in a pleasant atmosphere.

Through observation, Xiao Mingzhu became more and more convinced that the lady from Jin Shengge last night had indeed happened to Li Yun.

One of the evidence is that Su Muxin kept smirking and serving her chicken soup to her, saying it was to replenish her body.

Replenish the body, the meaning is already obvious!

After a leisurely lunch, the six people chatted on the deck and the sea breeze was blowing. At 3 o'clock in the afternoon, they came to the captain's room together.

"Captain Davis, I am visiting you as agreed."

Xiao Mingzhu knocked on the open door politely, and after getting permission, walked in with Li Yun and others.

As the captain of a 200,000-ton cruise ship and in charge of the fate of more than 10,000 people on board, Davis's status is no less than the president of a company with a market value of 10 billion. His office and residence are very luxuriously decorated. Divided into two parts, inside and outside, people live inside and meet guests outside.

When Li Yun entered, he found another guest in the captain's office.

And he is also a black man with a powerful body and dark skin!

"captain."

When the black man saw Li Yun and a few people coming in, he said with a disdain: "This is what you said, Huang Xuanguo's yellow-skinned monkey to help you? Haha, it really looks like a lady, as I thought!

He chewed the gum and looked up and down at Li Yun and Shang Guan Ming with extremely disdain. It wasn't until he saw Xiao Mingzhu that a light flashed in his eyes, and his mouth came out.

"There is a big beauty in this mission, not bad!"

Chapter 2266: Nico

The atmosphere froze for a while.

The captain was very embarrassed. Su Muxin and the women didn't know how to deal with it. Although Jin Liuli saw the disdainful expression of the black-faced guy, she could only stare at her because she couldn't understand English.

Li Yun smiled slightly and was about to speak when the system prompt came!

"Ding, trigger the option event, please choose from the host:

Option 1: scold the opponent, reward +10 for justice, white gift bag*3.

Option 2: Find a way to convince the new security captain, reward justice value +500, purple gift bag*2, all attributes +1000.

Option 3: Beat him directly, let him taste the fist of Huang Xuan countryman, reward justice value +100, increase Huang Xuan country's sense of honor, purple gift bag*1. "

The new security captain? From the cruise company?

Glancing at him, Li Yun inferred the identity of the black man from the system prompt and couldn't help but smile.

"Yellow monkey, what are you laughing at?!"

Wearing a camouflage uniform with a bulging waist, Doris directly cursed: "This cruise ship is not a place where you yellow-skinned monkeys can be arrogant. The previous thing was solved only after you hit the shit. Then you can get out. Now! Oh, this beauty can stay."

Doris smiled evilly at Xiao Mingzhu, with unconcealed greed in his eyes: "Beauty, if you don't mind, I will ask you to go to the bar for a few drinks, how about?"

In his impression of yellow-skinned monkeys, these so-called white fumeis with good backgrounds are actually a group of lowly easy.girls, who can get them by just a few words!

Xiao Mingzhu's face sank. Of course, she knew that for various reasons, people who went out in Huang Xuan, including many girls with good backgrounds, were actually very inferior and fanatical in front of foreigners. In layman's terms, they naturally worship foreigners. , But dismissed his own men.

This led her to go abroad, and many times she was looked at by foreign men with a very contemptuous look, but foreign women looked at her with a contemptuous look!

The international situation Huang Xuanguo is in, as well as the state of being underestimated by other countries, and the state of fawning on foreigners and foreigners, are what Xiao Mingzhu deeply dislikes and feels powerless!

"Are you looking for a fight?" Shangguanming directly lit his fist. He was so familiar with this kind of old man. He had beaten these arrogant guys several times with his own hands, letting them know that Huang Xuan was not all of them. Is cowardly and inferior!

Although it still cannot be changed.

After going out of the country, I got a deep understanding of Huang Xuanguo's location.

"Ahem!"

Li Yun stretched out his hand to stop him, turned his eyes to the person sitting on the main seat, and said in Chinese: "Captain Davis, who is this nigger?"

nigger, specifically spoken in English!

"you wanna die!"

Doris was furious. No black person could accept the name Nigger, which is full of contempt. Moreover, this name is also an absolute forbidden word abroad. Anyone, including the president of a large multinational company, would use this term even if Just use it in private, it will be sprayed to death by public opinion!

Until forced to apologize and step down!

An angry Doris flew up and kicked Li Yun's chest fiercely.

"It's a nigger, really rude."

Li Yun shook his head, dodged, and slapped the black man out of the door.

Chapter 2267: Watermelon with fried chicken

"stop!"

The captain, who had been watching quietly, finally spoke and stopped the impending conflict between the two.

Li Yun clapped his hands and stood there, his face was not wavering, which made Xiao Mingzhu look very strange-she knew that the word ***** would never be mentioned abroad!

Even Shanguanming, he was afraid of getting it out to trouble his upper body, and never said the word.

Otherwise, the correct policies and regulations in foreign countries can be annoying!

"Captain!" Doris's black face turned stern, biting and glaring at Li Yun: "I demand that this racist be driven out of the ship immediately! Otherwise, I will report to the company and report that you have sheltered the black man who discriminates against black people. Damn!"

"This..." Davis's face became very ugly.

It is difficult for people who have not experienced Western politics and governance to understand how powerful this kind of power is!

Once a university professor used the term ***** to tell the history of the time when he was giving a history class. The professor did not mean to discriminate in any way, but after it was spread out, he was still forced to resign under the pressure of strong public opinion!

A domestic case is that the rice company recently hired a top artificial intelligence expert in the world, and the reason why this expert went to the rice company was because he did not take special care of some black students when he assigned the exam questions to the students. , Thus forced to resign and come to China.

Yes, not taking care of black students in the exam is also discrimination!

"You ***** is funny." Li Yun smiled slightly, making everyone's expressions change again!

It's the third time to say the forbidden word Nico!

Even Xiao Mingzhu's eyes widened, for fear that this forbidden word would spread out, and the reputation of Li Yun and Baiyun Technology would suddenly fall to the bottom!

This is by no means a joke, foreign zz is so terrible!

"Mr. Li Yun!"

The captain directly reminded him loudly, and Dorris was shaking with anger and his face flushed.

However, Li Yun's expression was flat and his tone didn't change. He asked, "Isn't it funny? Just now, I heard it right, it was the yellow-skinned monkey that you **** mentioned first, why? you?"

Everyone's faces became weird.

This is the case abroad. Only blacks discriminate against other races. No other race can discriminate against blacks!

"F*ckyou!"

Doris directly gave Li Yun a middle finger, and then pressed the corners of his mouth with his index fingers to make a gesture that the corners of his mouth turned upwards. He shouted: "Hey, yellow-skinned monkey, is this an action in your country? Haha Ha ha!"

Xiao Mingzhu clenched her fists, almost couldn't help but punch them!

This movement of holding the corners of the mouth upturned, and somehow spread it, has gradually evolved into a special movement dedicated to Huang Xuan people, the same as the nigger!

Li Yun laughed and said jokingly: "Yes, that's it, continue, let's hurt each other! I call you nigger, come to eat watermelon, fried chicken, you can continue to scold me the yellow monkey, come on, see who suffers first No way!"

"F*ck!"

When it comes to watermelon and fried chicken, Doris jumps up like a fire butt, his fists squeezed tightly.

"What's the matter? Don't continue? The black man eats watermelon and fried chicken, tusk, what a normal sentence, why did you poke your sore spot?" Li Yun's mouth was smiling.

Chapter 2268: stand up

Xiao Mingzhu couldn't help laughing.

Watermelon was originally a summer fruit to relieve heat, and fried chicken is also a delicious food.

But for blacks, these two foods are taboos.

The origin is that in Country M two centuries ago, the black slaves in the South liked to eat watermelon and became the object of ridicule by the slave owners. The slaves ridiculed the black slaves. They only knew that eating watermelon on the farm was not worthy of freedom!

Therefore, due to the advocacy and discrimination over time, watermelon has become a sore spot for black people. If you send black watermelon specially abroad, he promises to give you a punch!

"Bastard stuff!"

After learning the meaning of the conversation from Su Muxin, Jin Liuli scolded Doris with a look of contempt: "What a black-faced monster, he even dared to scold us, Huang Xuan, and didn't take a

mirror to take a picture of his own face. What happened to the black? I don't want to discriminate against you, so I'm still here to discriminate against us!"

"Yes, not bad!" Xia Feiyao also stood up with a face of justice, with a serious face: "You are only allowed to discriminate against us, and we are not allowed to scold you? This is reasonable! No wonder you are called barbarians, and they are unreasonable barbarians. people!"

Doris could not understand the words of these two yellow-skinned monkeys, but he probably knew what they meant. Just about to open his mouth to speak, Xiao Mingzhu also said coldly: "Mr. Negro, I advise you to pay more attention before speaking. We are not Westerners, and we will not get used to your stinking problems! It's best to show respect!"

Being accused by a group of yellow-skinned monkeys, Doris was furious, and F*ck and F*ck kept talking.

The captain hurriedly stepped up to mediate, saying that everyone was working on the same boat, so don't make trouble.

Li Yun smiled faintly: "The more you think in the unexpected world, the easier it is to be irritated. The less you care, the stronger your heart. Originally, I didn't want to care about people like you.

But I know that you Westerners like to bully honest people. If I do not speak today, people like you will have their nostrils walking towards the sky, so I must respond to you: nigger, pay attention to your words and deeds! Otherwise, I don't mind teaching you a lesson! "

Doris was so angry that he slammed the door and left, leaving a ruthless sentence: "Yellow monkey, wait, I will make you look good!"

Li Yun smiled, not paying attention to people like him.

Xiao Mingzhu gave him a deep look.

At the very beginning, she still felt that Li Yun was a bit reckless. She called a black ***** directly, just like an uneducated brash man, who didn't care about the consequences, just like a ***** cursing the street.

But if you think about it carefully, what he did is correct!

When others respect you, you respect him.

But if others do not have the slightest respect for you, then you can only retaliate with an iron fist!

Only raising a fist, telling those who discriminate against Huang Xuanguo openly and telling the world that we, Huang Xuanguo, will stand up from now on, and we will no longer be the sick man of the year. We can stand up and be human!

Only with a cannon behind him can people all over the world change their discrimination against Huang Xuan people!

"Poverty and weak old times, semi-colonial and semi-feudal, toddlers, invaded by great powers, swept through the monsters, the new country stood up..."

For a time, Xiao Mingzhu thought a lot in his mind.

Perhaps only people like Li Yun have risen up with an incomparable attitude, conquering the world with Baiyun Technology's technology, and helping the country become stronger!

At that time, is it the time when Huang Xuan people can really hold their heads up?

Chapter 2269: Continue sailing

After Doris left, Li Yun turned his head to look at Davis, and smiled slightly: "Captain, I don't think you are a racist person, do you?"

Captain Davis smiled bitterly and said, "Everyone, please sit down. I will explain this to the company. I don't think the company will give up the Ocean Princess."

The underlying meaning is that Li Yun will not be driven out, but this matter is very troublesome, so please stop mentioning it!

Jin Liuli murmured, "Foreigners are so strange, why would such a person become the captain of the guard? With his ability, he can at most be an outside disciple in Jinsheng Pavilion!"

Su Muxin curled her lips and said: "Foreign countries have special care for blacks. What proportion of blacks must be in the industry, just like a black man must be a supporting role in a movie."

"It's strange." Jin Liuli said she couldn't understand it at all.

"It's not necessarily. The discrimination against Huang Xuan people in foreign countries is in various ways. Doris may be very capable, but he naturally looks down on us!"

Xiao Mingzhu also expressed his opinion, ignoring Captain Davis's embarrassing look.

"That black-faced monster is really annoying!" Jin Liuli squeezed her small fist and said angrily: "I will definitely teach him a lesson the next time I meet!"

"Sit down first."

Li Yun stopped them from continuing to talk about this topic, and said to Davis: "Captain, I want to know what your company's decision is behind the scenes, so that we can arrange the next step."

"this....."

Captain Davis pointed to the door, "Doris was the one sent by the company to solve the problem."

He speaks Chinese, and Jin Liuli and Xia Feiyao can understand. Hearing the words, Jin Liuli directly widened his eyes: "Just him?! Also worthy to solve the troubles on the cruise ship!?"

Feeling offended!

She sneaked into Yan Jingyi's room with Li Yun last night. She was terrified and tried her best to obtain some information about the six doors. She did not dare to solve the problem on the ship.

Is he worthy of that black-faced monster?

"Ahem!"

The captain coughed and said sternly: "Although he has a bad personality, he is still very strong and has rich combat experience. He used to be a mercenary in chaotic areas overseas and led a small team to kill the enemy leader."

Overseas mercenaries?

Li Yun and Xiao Mingzhu looked at Shangguanming at the same time. Who can compare this kind of experience to him?

Shangguanming also laughed, shook his head and said: "Captain, you don't even know the conspiracy behind this kidnapping case. It's not that I look down on you, but...this matter is far beyond your imagination!"

"Really?" Davis remained unmoved, and continued: "But the company's leadership has decided that since Mr. Li Yun, you have found the weapons of the gangsters, and we are also prepared, then the people on the ship alone are Nothing dangerous can be done to tourists!"

"So?" Su Muxin looked at him, "This Ocean Princess continues to sail according to the original plan?"

Xia Feiyao and Jin Liuli also looked at the captain. For some reason, they felt very happy inexplicably.

Of course, it is a pleasure to continue the cruise.

Moreover, they can still play with Li Yun...continue to play together.

"Yes! The cruise ship continues to sail!"

Davis gave Li Yun an apologetic smile, "The company leaders asked me to thank Mr. Li Yun, Ms. Jin, and Ms. Xiao on their behalf, and said that you will be our company's VIP guests and enjoy ten free global events every year. For travel opportunities, you can choose any of the company's 25 cruise ships and carry no more than ten people for global travel!"

Chapter 2270: Act separately

Calculated on the basis of a travel cost of 500,000 yuan, ten opportunities a year for free travel is a very generous reward.

"Who cares about your money!" Jin Liuli muttered, but her little face was very happy.

The content of the repayment also included her. This is also a free travel opportunity that she exchanged back through "Xing Xia Zhi Yi". Maybe she can travel abroad with Li Yun in the future?

Therefore, Jin Liuli is still very satisfied with this kind of reward!

Li Yun smiled and squeezed Xiao Liuli's face, and said to the captain: "I don't care about this, I just want to know, your future plans, the gangsters on the boat, and how the tourists are arranged?"

"Doris brought a team of one hundred people on board, and carried weapons and equipment." Davis was confident, "Plus there are more than one hundred security guards on board. I believe this is enough to protect everyone on the cruise ship. The safety of tourists!"

"Besides, aren't there Mr. Li Yun and friends around you?" Davis patted Li Yun's flattery and said with a big smile on his face.

Li Yun was noncommittal.

In theory, it can protect the safety of tourists, but Yan Jingyi is no ordinary gangster.

Xiao Mingzhu said: "Captain, I need to tell you a message. The gangsters will do it in four days, and the target is Haowei Island!"

"Good Weiyi Island? Isn't that good!" Davis was happy instead, laughing loudly: "There are our country's garrison on Weiyi Island, with as many as 100,000 elite navy, air force, and marine corps. There are also three powerful aviation ships (the same as the aircraft carrier|ship). As long as the cruise ship docks, I will immediately contact the garrison on the island to capture it. We don't need to worry about this trip at all!"

"How about this!"

Davis thought a little, and quickly made a decision: "I will discuss with the company leaders to speed up the cruise and get to Haowei Island one day earlier, so that the gangsters don't have time to do it, Mr. Li, what do you think? "

"That's okay?" Su Muxin asked strangely, "If the journey ends early, won't the tourists curse?"

"No, the last two days of the voyage were all spent on the high seas. We arrived at Haowei early. I can also let the cruise ship take tourists around the beautiful Haowei!"

Davis turned his gaze to Li Yun. He had already noticed that Li Yun was in a relatively leading position among this group of people.

"It can be, but I also have a suggestion."

"Speaking."

"During these four days, try to catch the culprits."

"Ah?! Isn't this a horror!"

Everyone looked at him in astonishment, and Li Yun smiled slightly and said, "It's just to stun the snake. The most important thing for us now is that we don't know what the other party is going to do. So I'm thinking, through a step-by-step persecution method, to make those people panic. Expose! Remember, you must be more secretive when arresting!"

"This plan is feasible." Shangguan said in agreement.

"Okay!" Davis' eyes lit up, "Mr. Li Yun, you must know who the culprit is? You will list..."

"Do not."

Li Yun shook his head, "I don't know the list of these gangsters. You'd better let Doris go and search. In addition, let your company leaders find relationships and ask the customs of Laos, Vietnam and other countries to see who has gotten into the cruise Inside!"

After a pause, Li Yun continued: "The news I got is that someone has hacked into the customs system and forged a false entry list. You'd better contact those countries to investigate again!"

Davis looked at Li Yun in surprise, and nodded thoughtfully after a long while.
