

Godly Choice 2291

Chapter 2291: Excuse me

The gamblers onlookers were blushing.

A small game of blackjack earned 800 million U.S. dollars. How can this speed of making money not make people jealous?

The small pile of golden chips on the table seemed to be the incarnation of a beauty, a mansion, a yacht, champagne, and fine wine. It plunged into everyone's mind, making people unable to look away.

"Honey~, I'll get the money back for you!"

Lucy couldn't wait to grab a lot of chips, and wanted to get all the money.

At this moment, a strong wind hit Lucy's hand just in time, making her sore, and the chips fell directly back to the table.

Xiao Mingzhu looked at Jin Liuli.

"Humph!!"

Jin Liuli glared fiercely at the blonde and beautiful girl, especially when she glared at her D+, and shouted: "What are you worried about? My husband's hidden cards have not been revealed, the money is not yours!"

Lucy didn't know what she used to beat herself, and she was not afraid of her when she heard it. She directly retorted: "Where is the wild boy! The card is already 20 points, do you really think your husband's hidden card is 1? You Wouldn't it be a red eye after losing money?"

—She didn't understand Jin Liuli's words, but she could guess it.

Jin Liuli didn't know anything about English, so she reached out and grabbed Li Yun's hidden card and said loudly, "No one can take away the chips before this card is revealed!"

The casino manager nodded and said: "The rules are indeed like this. There is a small probability that Mr. Li's card will be the one, so... please show your card!"

Jin Liuli understood now, and yelled "I'm coming!", she squatted down with joy, aligning her eyes with the table, and looking at the hidden card with a pair of round eyes.

"It must be A, it must be A, it must be A!!!"

Her hand slowly lifted the edge of the playing card, her eyes narrowed, and she tried hard to see what card was inside.

Everyone was also stimulated by her grandeur, and everyone craned their necks to look.

"In fact, this bet has another purpose."

At this time, Li Yun said: "If Nielsen, if you still have some chips before one of us loses all the chips, I will protect you. Otherwise, you will have to find a way to escape the danger."

Nelson's expression froze. Was this God's purpose?

"You guys!" Yan Jingyi suddenly reacted. Doesn't this prove that Nelson is the ghost?

No wonder his people on the boat were all arrested one by one. It turned out that Nelson, a **** gangster, betrayed him!

"Hey-hey."

Ignoring Yan Jingyi's wanting to eat people's eyes, Nelson decisively chose to flatter Li Yun: "God, I will do what you want me to do! Never dare to defy!"

Li Yun smiled slightly, "Remember, your bargaining chips are exchanged for your future life. If you lose all of it, then you can only choose to die for me for the rest of your life!"

"This....."

Nelson shed cold sweat directly.

Li Yun looked at Yan Jingyi again: "I also remind you that your 10 billion bargaining chips are also exchanged for all your assets. If you lose, you should be able to think of the consequences."

"Joke!" Yan Jingyi sneered, "Do you think my family has 10 billion assets? What if I lose all!? Humph!"

Li Yun smiled mysteriously, and said to Jin Liuli who had stopped his hand: "Little Liuli, let's continue to draw."

"...Oh. Inexplicably~."

Jin Liuli murmured that all the tension that had been brewing before was gone, so this time she just picked up the trump card and threw it on the table.

"..."

Everyone's eyes widened.

The one on the table is clearly an ace of spades! !

Chapter 2292: I win

"I'm Cao, 21 o'clock!"

"It's Black Jack!"

"sharp!"

"Ah, the Jedi made a comeback!"

"This is gambling with God?! You deserve to be called the hand of God, who can punish Black Satan!"

Everyone was stunned.

The so-called black jack refers to reaching 21 points directly in a hand (A is recorded as 11 points, not 1 point), but now the rule A is 1 point, so Li Yun has reached 21 points, which can also be called an alternative black Jack!

There is no doubt that 21 o'clock kills!

"Wow!!!"

After staying for a long time, Jin Liuli screamed and threw back all the chips on the table excitedly, as happy as a child who had scored a hundred on the exam.

"Your luck..." Xiao Mingzhu patted her forehead helplessly. She didn't know what to say anymore. Li Yun took 21 points in the first game, so luck was overwhelming.

"No way." Li Yun shrugged, "I would rather believe that I have supernatural powers than that I got 21 points in the first game. Alas, it seems that today my luck is destined to explode. You still don't want to be with me. Are you gambled?"

"Hehe, you pretend to be a big-tailed wolf again!" Jin Liuli gave him a roll of eyes, turned around and grabbed two handfuls from the chips, threw them to Xia Feiyao who was sitting next to Xiao Mingzhu, and said with a grin: "Feiyao, This is yours, today's game, if you lose, count as the big bad guy! If you win, it's all ours~~hehehe~"

"Okay." Xia Feiyao covered her mouth and snickered, holding this bunch of golden chips to play with her, not to mention, this thing is golden and exquisite, and it looks good when you look at it.

Li Yun shrugged and said that he didn't care. He has too much money to use up. Even if he sells Baiyun Technology, he is confident that he will continue to make big money.

Lucy and Nina, as well as a group of men and women present, are too envious. The chairman of Baiyun Technology is too rich, right? Picking up girls are hundreds of millions and hundreds of millions of money!

Xiao Mingzhu thoughtfully, Jin Liuli took the initiative to share the bargaining chips with Xia Feiyao. No wonder Xia Feiyao told her that the relationship between their sisters is very good and they get along very lovingly.

"Continue, continue!" Yan Jingyi said with a gloomy face, very unhappy.

Beautiful dealers continue to deal online.

Knowing that the bargaining chips on the table were equal to him in the second half of his life, Nelson began to have psychological pressure. Although he originally wanted to take refuge in God to give him his life, if the chips were used up, God would not pay him later, wouldn't he have a wine with the beauty? Missed?

Li Yun didn't care about him so much. After the cards were dealt, he continued to ignore the hole cards, showed a 5, and said to Xiao Mingzhu: "This time it's your turn to bet?"

"Okay, once per person, fair."

Xiao Mingzhu also grabbed a handful of golden chips and put them in. The beautiful croupier counted them carefully and reported the amount: "1 billion!"

Men's hands are larger than women's, so it's very scientific to grab more.

"what?"

Jin Liuli vaguely grasped something. Her husband and Mingzhu both grabbed a handful of chips to bet. Then, when it's someone else's turn to bet, there is a high probability that they can only bet this way!

In other words, every time the bet is not big or small, the number of bets increases, but because Li Yun is sitting on 500 billion chips, the chance of winning increases!

"That's what you mean... right?"

In front of Li Yun and Xiao Mingzhu, Jin Liuli was really not sure what these two clever people thought. Anyway, she vaguely realized that Nelson and Yan Jingyi had fallen into the trap.

In the second game, Xiao Mingzhu won.

In the third game, Yan Jingyi won.

In the fourth game, Li Yun won.

In the fifth game, Xiao Mingzhu won...

Chapter 2293: Good wife

Blackjack is simple to play and the process is very simple. If the cards are dealt quickly, a round can be over in one minute, even if it is a little longer, it will not exceed three minutes.

In addition, the four people betting are all grabbing a handful of chips and throwing it in, which makes it faster.

As a result, after half an hour had passed, Yan Jingyi had only a small amount of chips left in his hand, less than 40!

"So, this is the confidence of the rich!" Li Yun glanced at Yan Jingyi's fingers, shook his head and sighed: "I just lost five in a row, and there is still a pile of chips, and after you lose a few, just There is only this little left, tsk tsk, if this continues, it is inevitable for me to win the final bet!"

The muscles on Yan Jingyi's face twitched, as if he couldn't express his anger.

"Now you only have the only way to get back to the situation, do you know what it is?" Li Yun's hand was playing on a large stack of golden chips in front of him, making all-gold chips flipped back and forth between his fingers, his eyes looked Looking at Yan Jingyi jokingly.

Nelson glanced at his own bargaining chips, there were only less than 80 chips, God is really a God, even gambling skills are so powerful!

"According to probability theory." Xiao Mingzhu said with a smile: "If there are enough rounds, the probability of everyone winning is fixed. In a certain period of time, luck will be particularly good, otherwise it will be particularly bad. People with few chips. If you want to win the final victory, you can only give it a try when you are lucky and get all the chips!"

"Hmph, I don't need you to teach me to do things!"

Yan Jingyi sneered and continued to play cards with a dark face.

After three rounds, he finally found a chance and got 30 chips!

From the card, now he has a greater chance of winning, and it just happens to be his turn to bet!

"and!"

"Follow!"

"Me too!"

All three of them put in chips of 3 billion, so that the money in the gambling pool directly soared to 12 billion!

Dealing cards, Ming cards, Yan Jingyisheng!

"Ha ha ha ha!"

He gathered all the chips back in front of him in ecstasy, and laughed triumphantly: "Do you think I don't know the truth about Stud? Haha, I'm just waiting for a suitable time!"

Nelson's face has become more ugly, he has only 30 chips left!

A mere 100 is not enough to play, and you will be embarrassed if you lose a few times.

"I have a suggestion." Yan Jingyi took the opportunity to propose: "The more people who bet have the priority to bet, what do you think?"

The fish finally caught the bait.

Li Yun smiled slightly: "Okay, I have a lot of chips, I have no objection."

Xiao Mingzhu glanced at that he still had more than 600 chips, and nodded in agreement.

As for Nelson, he is just a player and has no right to speak.

The gambling continued to begin, and everyone was a little numb. Seeing these billions, tens of billions of funds, just flowed back and forth in the gambling table, it felt unreal.

"Go on, press it all!"

In the third game, Yan Jingyi, who got a good hand, continued to press all the way, the amount: 10 billion.

—— Nelson placed a bet in the second game and only dared to grab 5 chips and put them in.

"Follow." Li Yun still didn't look at the hole cards, and directly chose to follow, let Jin Liuli count his chips, and then put it in!

"Hmph, fortunately I reserve some chips for you, otherwise you guys will definitely lose all of them."

Jin Liuli murmured a little bit, which surprised Li Yun. So she asked for money to save him money?

It's really... his good wife!

Chapter 2294: Opportunity here

"and many more!"

Nelson screamed, crying and said, "I only have 20 chips. If you bet that big at once, isn't it that I can only pay a fine?"

"You can also choose to borrow money." Yan Jingyi said lightly, "Or, put one of your hands up, I allow you to raise!"

"I... don't follow!"

Nelson looked down at Yan Jingyi's reveal card, which was an 8. According to his understanding of Yan Jingyi, this bastard's hidden card must be very good, so he dared to bet like this!

"Then pay a fine of 1 billion!"

The two big blonde girls turned pale, only 2 billion, and another 1 billion... Their dears are almost lost! ! !

"I'll follow." Xiao Mingzhu hesitated and put in 100 chips. If he didn't follow, he would have to pay a 10% fine. It would be better to bet on whether he could win the opponent.

"Haha, you lost."

Yan Jingyi directly showed his hidden card, which was a ten.

$10+8=18$ points, which is very close to 21, which is a card with a particularly high chance of winning!

"Take a card!" Li Yun said to the croupier in a deep voice.

"Give me one too!" Xiao Mingzhu tapped her slender white fingers on the table, with a solemn expression on her delicate face.

The situation suddenly became tense again.

Involving a bet of 31 billion yuan, anyone who wins will turn over directly. If Li Yun wins, he can even end the bet directly!

In the end, Li Yun won four cards of A, 5, 3, and 10, with a high probability of exploding.

And Xiao Mingzhu got the two cards of J and 8, judging from the subtle expression on her face, it has exploded.

"Bright card!"

A drop of cold sweat appeared on Yan Jingyi's forehead, and his eyes stared at the two hidden cards.

"I'm bursting." Xiao Mingzhu shook his head and revealed a 5.

Jin Liuli hesitated, trembling fingers stretched out to her husband's hidden card, and slowly lifted it up.

Everyone stared at it, and then let out an exclamation.

"pity!"

"It's a nine!"

"Oh, I said I shouldn't be so forceful, now I'm playing off?"

"Don't win the fourth card!"

"Hahahahahaha!"

Yan Jingyi laughed wildly, and exclaimed in English to the two beautiful blonde girls: "Is anyone here to help me withdraw the chips?"

Lucy and Nina looked at each other with interest, but in the end they still didn't move their feet, still standing behind Nelson.

They also have professional ethics.

"Humph!" Yan Jingyi sneered disdainfully, "Your man is about to lose everything, and you are still following him, planning to drink Northwest Wind? A chicken is a chicken, and he doesn't know how to promote!"

In the crowd of onlookers, two beauties stood up and spoke charmingly to gather up the bargaining chip for Yan Jingyi.

Obviously, they were also doing Lucy and Nina's work.

"Go on." Xiao Mingzhu's tone was flat, her beautiful face was very solemn, and her chips were only more than two hundred, which was no better than Yan Jingyi.

"continue."

Next, Nelson won three rounds, and the chips returned to more than one hundred. His expression improved a lot.

...

"Unfortunately, I burst again." Xiao Mingzhu said helplessly, indicating that he had lost again.

Yan Jingyi smiled and showed his card, 20 points, win!

Li Yun smiled and shook his head, and said: "Next round, continue!"

The beautiful dealer continued to deal.

This time, Yan Jingyi's bright card was 4, while Xiao Mingzhu's bright card was 8.

opportunity finally arises!

Chapter 2295: Press all on

Li Yun pointed to his chips and said to Jin Liuli, "Count out the chips equal to him, and put them all in!"

"what!"

Everyone exclaimed, and the man with the most chips in his hand finally fought a decisive battle head-on! !

Yan Jingyi's eyelids jumped, and suddenly realized that he had fallen into a trap!

If Li Yun directly bet all the chips with him at the beginning, he would definitely not follow!

Now Li Yun holds more than 4,500 chips. He can stud five or six times. As long as he wins once, Yan Jingyi will lose all of them!

"I, don't follow!"

Yan Jingyi gritted his teeth and chose to give up, staring at Li Yun fiercely, wondering if the **** could see the hidden card!

"Hey?" Jin Liuli yelled directly, staring at him with big eyes: "You are a coward who doesn't follow? Too embarrassing! My husband used to fight every time, so you didn't dare to fight for the first time?"

"Huh, what do you care about my betting?" Yan Jingyi made up his mind not to follow. There must be fraud in this round!

"You are a big waste!" Jin Liuli cursed softly, "My husband..."

"Forget it, Liuli."

Li Yun stopped the irritable little girl and smiled: "It's his business how others play. As long as a 10% fine is paid, you can play as you like."

"That's right." Xia Feiyao covered her mouth and smirked. "This bet is at least 25 billion, that is to say, he has to pay a fine of 2.5 billion!"

Nelson looked at his chips, how did he feel that he was injured?

"I followed."

Xiao Mingzhu smiled and pressed her own bargaining chip. She just won more than 20 billion from Li Yun, and now she doesn't feel distressed.

"What about you?" Li Yun looked at Nelson.

"I... I follow too!"

Nelson gritted his teeth and died. He didn't want to be frightened. The bet with God was too terrible, and he would die if he continued to bet!

"Okay, I will lend you money, remember, if you lose, you can only give me your life in the future!"

Li Yun motioned to Jin Liuli to output more than a hundred chips to Nelson, so that he could press them all.

A full amount of 75 billion, 750 thumb-sized golden chips piled on the small table, glowing brightly under the lights of the casino, dazzling people swaying.

"Oh My God!"

Everyone held their breath and was shocked by the pile of golden chips.

Ignoring the amount of money represented by the chips, it itself is made of 50 grams of pure gold, and the cost alone is close to 20,000. Coupled with the exquisite and complicated pattern polishing on the chips, the value of each chip itself is more than 50,000 yuan. !

The casino took out a thousand such chips this time, which is considered to be a loss of money-this thing will wear out if it is used too much, and it has to be rebuilt.

"Let's deal with the three of us." Li Yun knocked on the table and motioned to the beautiful dealer to deal.

"and many more!"

Jin Liuli cried, and pointed her little finger at Yan Jingyi: "You guy hasn't put the fine in, hurry up, count out 25 and put it in!"

"you!"

"What are you?" Jin Liuli is not polite: "I am willing to accept the bet. If you refuse to pay the fine, then just take out all the chips!"

Yan Jingyi blushed and black, black and red.

Li Yun gave Xiao Liuli a thumbs up in his heart, what he wanted was this effect!

"Hurry up." Xiao Mingzhu also urged.

"I... follow!"

Yan Jingyi gritted his teeth and slammed all the chips to the center of the table. When he retracted his hands, his face was full of sweat, and his eyes became flushed. He shouted, "The dealer, deal the cards!"

Chapter 2296: Who broke the card? (Part 1)

The beautiful croupier hesitated, "Sir, are you the first to ask for a card?"

All three of Li Yun looked at him.

"...Let them first!" Yan Jingyi chose to give up, his eyes drooping slightly, his fingers stiffly tapping on the table.

"I'll come first."

Li Yun said to the croupier, motioning her to give herself a card.

"Ah..." Xia Feiyao opened her mouth, her husband's face card is already a 10, and no one knows the hidden card, but in terms of probability, there is a half chance of being above 6 (including J/Q/K).), so in terms of the probability of winning or losing in gambling, Li Yun's best choice is not to play! Waiting for others to explode, or younger than him.

In fact, Li Yun showed a 10, and if you know what the hidden card is, the chance of winning is already very high.

Unfortunately, he was betting with God, no one knew what the hidden cards were!

"idiot!"

Yan Jingyi sneered, this kid arrogantly gambled with God, and had already lost more than half!

Li Yun turned a deaf ear and got an A from the beautiful croupier.

"This....."

Everyone, including Xiao Mingzhu and Jin Liuli, was a little dumbfounded. The two extremes of 10 and 1 were put together. It was really...a bit subtle.

Saying you win is not a steady win, and saying you lose is not a loss.

In short, I am in a delicate situation, or that sentence, if I know the hidden cards, it would be great!

"Continue to ask for a card!" Li Yun smiled at the beautiful croupier.

No one was surprised. The big man with the most chips was very willful and didn't stop until the last minute.

The cards add up to 11 points, of course continue to ask for cards!

"Okay, Mr. Li."

The beauty dealer nodded and looked at Nelson: "Sir, do you want a card?"

Nelson's bright card is 5, which is in the middle position. Even if his hidden card is 10, the chance of a card exploding is only half.

"want!"

After Nelson finished speaking, he stared at the card in the croupier's hand. The moment she took it out and turned the card, Nelson even felt that his heart had stopped beating.

One sheet 7.

Everyone was silent, and Nelson stayed in his seat. After a long time, he weakly said a well-known word: "F*ckyou!"

Beauty dealer: "..."

You deserve to blow up!

Everyone smacked their lips with regret, with luck, regrets, and regrets. There were also many people who watched the excitement and whistled joyfully.

"Miss Xiao, do you want a card?" The beautiful croupier looked at Xiao Mingzhu.

Xia Feiyao suddenly noticed one thing. The croupier only called Li Yun and Xiao Mingzhu by the last names, and he was husband for the other two.

"I want one."

Xiao Mingzhu stretched out a slender finger and smiled at her.

"Okay." The beauty dealer issues cards online. jpg.

Then gave Xiao Mingzhu a K!

"what!"

Everyone sighed with regret, $K+8=18$, Xiao Mingzhu's chances of exploding are already very high.

Xia Feiyao couldn't help but look at her, and found that Mingzhu's beautiful face showed a subtle expression, should it be a blow?

Xia Feiyao knew that she couldn't hide her expression, so she didn't follow her to see what her secret card was.

"No more." Xiao Mingzhu shook his head and said that he no longer asked for cards, but the expression on his face was still calm, just glanced at his chips with his eyes.

There are nearly six hundred.

Not urgent.

"hehe."

Yan Jingyi's playful hands wrapped around his chest, and his eyes swept across the faces of Li Yun, Nelson, and Xiao Mingzhu one by one.

Chapter 2297: Who broke the deal (Part 2)

Among the three, Li Yun's cards are negligible. This kid is betting on his fate, and the probability of the next card exploding is more than 90%.

This guy Nelson is an idiot, except that he has better hacking skills, the other is a dead house, it is not worth mentioning, he must have exploded!

Only Xiao Mingzhu, this woman is almost like a female prince in Zhonghai City, but everyone in the upper class has heard her name, and let their children have a good relationship with her early, only waiting for Xiao Mingzhu to take over after graduation from university. My father's industry, talk to her about business cooperation!

She said that she had exploded, and her credibility was only 50%.

Moreover, if she hadn't lied before, this woman was so good at acting!

but!

Yan Jingyi also has her own judgment. At the last moment, Xiao Mingzhu glanced at her bargaining chip invisibly. It was obvious that she was calculating how much she could play next.

The chance of her exploding is more than 80%!

"You said you still need a card?!" Yan Jingyi suddenly looked at Li Yun and asked.

"Correct."

"No regrets?"

"Never go back."

Li Yun smiled slightly.

Jin Liuli next to him was so nervous that he jumped up. As a heroine, she also thought about the scene of making money in a casino and then losing money, but what about it?

The casino is more exciting than she thought!

This is only her husband's participation, not her!

If she went into battle in person, she would be so nervous that her hands would start shaking... However, her husband is too powerful, and even such a scene can be as stable as Mount Tai!

"it is good!"

Yan Jingyi slapped the table sharply and shouted: "I will stop asking for cards!"

He looked at Li Yun stubbornly, if this guy said out of his mouth and didn't want the card, he would definitely deny this bet!

The beautiful croupier took a deep breath and asked slowly: "Sir, are you sure you don't want cards anymore? Please note that you have no chance to go back."

"OK!" Yan Jingyi held the edge of the table tightly with both hands, and looked at Li Yun sharply with a pair of eyes: "I am willing to accept the bet, provided that this guy continues to ask for the next card!!"

The beautiful croupier looked at Li Yun.

Everyone also looked at Li Yun in unison, now the only one who can ask for a card is him!

"I said it earlier." Li Yun said indifferently: "Give me another one."

Jin Liuli grabbed the corner of his clothes with her little hand, so nervous that she was not well! !

"OK."

The beautiful croupier nodded, stretched out her hand, and slowly stretched out the next card.

Three fingers pinched and moved along the smooth tabletop towards Li Yun.

She didn't turn the playing cards gently until the arms straightened, revealing the front of the playing cards.

"!!!"

An A.

Another A!

Everyone's hearts almost popped out.

They all could not think that Li Yun actually got two Aces in a row! !

The current situation is:

Li Yun card face: 10, A, A

Xiao Mingzhu face: K, 8

Nelson face: 5,7.

Yan Jingyi card face: a 4.

Judging from the results shown above, Yan Jingyi has the lowest winning side, he may even be less than 10 points.

Xiao Mingzhu has the least chance to win, she has a high probability of exploding.

Li Yun and Nelson have equal probabilities. The only advantage is that Li Yun can still ask for more cards, and he can only wait for the result.

"Nelson." Li Yun called his name.

"What, what?!"

"You haven't exploded yet, have you?"

For an instant, Yan Jingyi was shocked and sweated all over. How could this ***** Nelson act so realistically? !

This ***** bastard! ! It should have broken his more than 2 legs with a single shot!

Chapter 2298: You guys also gamble with God

"How, how is it possible!!"

Nelson stood up straight up, his face flushed, and stammered: "I, I never dare to lie before God!"

Li Yun nodded and looked at Xiao Mingzhu: "Yours didn't explode, did you?"

Xiao Mingzhu blinked innocently, "Yes, I didn't blow up, I never lied in front of you~~"

The voice is charming and tender, and the bones of the men onlookers are crisp. This coquettish love statement can almost make the men feel itchy in their hearts. You must hug her and bite hard to alleviate the tingling of the heart. Itchy feeling!

Old Li Yun blushed and quickly turned to Yan Jingyi: "I guess your hole card must be under 3!"

Yan Jingyi sneered.

"Don't deny it." Li Yun said with a smile: "Judging from the pattern of your previous cards, among the two cards, if the sum is less than 10 points, you will choose the brighter, and if the sum is more than 15 points, you will choose the brighter. However, this It's also the obvious way most people would choose!"

The onlookers were scared into a cold sweat, and many of them did choose this way!

Doesn't this mean that Li Yun has guessed what everyone's secret card is?

If Nima chooses the normal gambling method and sees his own hidden cards, it is equivalent to playing the old one!

"This is normal." Xiao Mingzhu said in agreement: "The card below 10 points shows the big one, and if you ask for a card, you can make others think that you have already exploded. If the small card is above 15 points, it is the other way around. , Let others think that their cards are very small!"

Xia Feiyao thought hard, and said: "No, I reverse the operation, and I can achieve a similar deception effect?"

Xiao Mingzhu smiled and said: "You are from the perspective of God. In fact, when choosing to show the cards, many people do it subconsciously, without thinking about how to deceive others."

"..." How to cheat? What way to cheat?

Xia Feiyao admitted that she was a fool.

Yan Jingyi's nervousness eased a lot, and his eyes swept over the two of them, "You two are husbands and wives, haha, I hope I can laugh when I lose!"

Xiao Mingzhu's face was flushed, and she lowered her head to look at the chips.

"Well, I'll give a chance!" Li Yun smiled.

"what chance?"

"Let you take a gamble with God!"

Li Yun stretched out his hand and clicked on his hidden card, "I have a card face of 12. No one knows how much this card is. Similarly, I don't know whether you have exploded or not, so the choice is given to You guys! It's up to you to decide, I still need a card!"

Everyone was silent, and they had been startled by Li Yun's repeated sorrows.

It's fine to gamble with God, and even others will get into the water and let them decide their own win or lose!

Jin Liuli scratched Li Yun's thigh vigorously, and the bad guys screamed in her mouth, making her so nervous, but her little face was full of excitement, and she was obviously looking forward to the final result of this kind of show operation.

"Ha ha, ha ha ha." Yan Jingyi's hand clung to the edge of the table again. Such a decision is undoubtedly a slap in the face. Li Yun meant nothing more than: I don't care about winning or losing, just to let you guys. Lost miserably!

——You decide to let yourself lose, you can't blame me.

"The croupier, give him another card!" Yan Jingyi gritted his teeth and shouted.

The beautiful croupier looked at Xiao Mingzhu and Nelson. It was also the first time she met a gambler who handed over winning or losing to others.

This is simply...too sao!

Chapter 2299: Still the best of God

Looking at Li Yun, Xiao Mingzhu kept tapping his fingers on the table top, and his white and tender fingers tapped on the smooth table top with a clicking sound.

This was the first time she was uncertain about this playboy's thoughts, what on earth did he want to do? Just for fun?

Also, can he see hidden cards?

"Choose." Li Yun smiled.

"I, my old man, call, call you, you choose!" Jin Liuli was too nervous to speak.

Xia Feiyao wanted to take a peek at Xiao Mingzhu's hidden card, her curiosity had reached its limit~~.

Xiao Mingzhu didn't speak, but looked at Nelson and motioned for him to choose first.

"..."

Nelson swallowed hard, only then did he really feel the malice of the world, full of maddening malice!

Why should he make a choice for God? Isn't this cheating him! !

After being baptized by everyone's eyes for a full minute, Nelson said tremblingly: "God, God, you still don't want to choose? You won't burst!"

"Yes, no problem." Li Yun shrugged and looked at Xiao Mingzhu again.

As a result, everyone turned their attention to this peerless beautiful girl.

Xiao Mingzhu smiled sweetly, tilted her head cutely, and asked tentatively: "Want another one?"

"Okay, just want another one!"

Li Yun looked at the beautiful croupier, and everyone followed for the third time.

This pressure came to the beautiful croupier!

So she decided to fight quickly, draw a card quickly, flip it directly, and push it to Li Yun!

One sheet of 5!

$10+A+A+5=17!$

The probability of exploding is close to 80%!

But it hasn't reached the limit yet!

"Do you want more?" Li Yun asked with a smile, and everyone's hearts were raised again.

"This Nima's is more exciting than my own gambling!" A gambler clutched his chest, saying that his heart can't stand it!

"No, no no!!!"

Jin Liuli screamed, and Xia Feiyao waved her hand to her husband quickly, and even Xiao Mingzhu glared at him, saying: You are not allowed to ask for more cards!

Li Yun laughed loudly and directly revealed his card.

One sheet of 5.

The final cards are: 5 (concealed cards), 10, A, A, 5.

"Blast, burst!" Jin Liuli slumped directly on the chair, wanting to cry without tears.

awful!

Everyone was dumbfounded, and there were so many sorrows that they couldn't reach God.

"I won!?! I won!! I won, hahahaha!"

Yan Jingyi was ecstatic and stood up abruptly and stared at the pile of shiny golden chips.

A full 100 billion! !

It's all his! ! !

Behind him, the two beauties were dumbfounded, did they really win? Are they going to become millionaires tonight?

Everyone was stunned. The ownership of more than 10 billion US dollars finally fell. This gambling game will be unforgettable for them no matter whether they can get the chips or not!

"What else do you want to say now!?" Yan Jingyi began to sneer, "Pretend to be forced? Fight against the sky? Can you fight against the sky?! Huh? It's like a waste..."

"Ha ha ha ha ha ha ha ha!"

With laughter, everyone looked at the top hacker with messy hair, Nelson, who is said to be wanted by the international policeman!

I saw him clutching his stomach and laughing constantly, his laughter made tears come out.

The more he laughed, the more gloomy Yan Jingyi's face became, and everyone vaguely understood, each of them stared with shock and stared at the hidden card.

The beautiful croupier covered her mouth in disbelief, and kept chanting: "Impossible, impossible, absolutely impossible!"

Chapter 2300: Flip

"Don't laugh." Li Yun said lightly: "Give me the card."

"Uh, yes!!"

Nelson was so frightened that he quickly reduced his expression, but he smiled at Yan Jingyi and said in blunt Chinese: "Yan Jingyi, you were too proud of yourself just now. The real winner is me!!!"

After speaking, he smiled and rushed to the two big blonde girls behind him and motioned.

The two blonde girls were so nervous that their hands and feet were trembling, and they walked forward tremblingly, and it took a long time to finally turn the hidden card over.

An eight of hearts.

"hiss!"

"impossible!!!"

Everyone gasped, and Yan Jingyi's pupils suddenly enlarged, making the whole figure dumb as if he had lost his soul.

5+7+8=20.

In Blackjack's gameplay, getting 20 points can almost be said to have established a victory!

"My goodness."

It is still hard for everyone to believe that Nelson's face like a house will be the final winner!

This guy didn't look like a master at all, but he was not inferior in acting.

Especially the beautiful croupier, she is even more dumbfounded now. She still clearly remembers that when she sent Nelson a 7, this guy made a feeble F*ckyou, which is still lingering in her ears.

Especially the expression of Nelson's unloved expression at that time, completely unlike a person with a 20-point near-final card!

An ordinary person, can he remain calm when he is sure of winning in a huge gambling game? !

"I'm Cao! Sure enough, I'm a world-famous hacker, I can only say, amazing, amazing! Admire, admire my Cao!"

Everyone looked at Nelson in different eyes. It is not that simple to become the world's top hacker and escape the chase of the International Police Center and dozens of national policemen!

"Wh, what, maybe..." Yan Jingyi still couldn't believe the fact that he actually lost. The whole person was desperate, looking like he was about to die at any time.

Ten billion is not a small amount, and it is definitely not too much for the Yan family eldest master, especially the Yan family who is about to rise to the top.

but!

In this gambling game, all his efforts have been exhausted, and in front of Li Yun and Xiao Mingzhu, Yan Jingyi has a kind of irritability that is almost crazy with regret and regret!

"Yan Jingyi, you are really stupid." Li Yun smiled.

"What did you say?!"

"hehe."

Ignoring his vicious look of cannibalism, Li Yun said leisurely: "Before the gambling, you already knew that Nelson had taken refuge in me, but you hadn't considered one thing: Why is he hiding by your side?"

Why?

Isn't it just relying on Nelson's acting skills!

Everyone looked weird, and Yan Jingyi was struck by lightning. He looked at Nelson who looked like a dead house in disbelief. The latter gave him a squinting expression-Nelson was relying on the

appearance of the dead house, and good looks. The character of fine wine has been successfully confused!

"You!" Yan Jingyi stared at Nelson, gritted his teeth and cursed: "Damn it!"

Xiao Mingzhu suddenly realized: "A person with a flawed personality can best conceal his true purpose, and it can also make people relax their vigilance about themselves."

A perfect person can make others feel pressured.

But if a person with shortcomings, no matter how perfect he does things, no matter how good he is, others will only think that he is a geek and belongs to the range of approach.

For example-Li Yun!
