

## Godly Choice 2301

Chapter 2301: Flip again

Xiao Mingzhu looked at Li Yun with shining eyes.

He is undoubtedly a very good and perfect person. He has mastered the magical space technology, can summon thunder and lightning, and can also come up with black technology that surpasses the contemporary one hundred years!

Strong strength, strong ability, high IQ.

Such a person is a hidden danger in any country. A little carelessness will become the source of turmoil, causing violent storms!

but!

Li Yun, this bastard, is extremely greedy, and he is surrounded by a group of beautiful and extraordinary daughters and Bai Fumei.

This gave him shortcomings and a "human" taste.

As long as he doesn't bother him and his confidantes around him, he is a strong man who only pursues money and beauties, giving the upper class a "bargaining chip" to talk to him.

"In a sense, the way he lives is wise?"

Xiao Mingzhu quickly shook her head again, and glanced at Jin Liuli next to Li Yun. She still felt that this \*\*\*\* was just pure and beautiful.

Everyone recovered from the shock, and everyone came forward to congratulate them, because generally speaking, after the outrageous gamblers won big money, they usually put some bargaining chips as "recovering the capital".

Nelson is so generous, he can put millions of dollars in the beauties around him, this time he won tens of billions, how can he give tens of millions?

"Hey Hey!"

Nelson smiled at Li Yun, and said with a smile: "God, you have to protect me now. I have won ten times my life, what do you think?"

Li Yun smiled slightly and looked at Xiao Mingzhu, waiting for her final performance.

Whether it succeeds or fails depends on this moment.

Everyone reacted, Xiao Mingzhu still had a hidden card that was not revealed!

"actually....."

Xiao Mingzhu said sincerely: "I really don't want to be a bad guy, but I can't help it if I win. Sometimes people's luck is so good~"

"In other words..."

Everyone's mouths slowly opened wide, could it be said that...Her trump card is...?

"I, I, I, I, uh, cocoa, can't you?"

Jin Liuli seemed to be drunk, her small face flushed, and he awkwardly held the table to Xiao Mingzhu's side. After getting her permission, Jin Liuli slowly picked up the back of the piece with her trembling hands. Hidden cards!

Everyone held their breath, staring, staring, staring...

until.

A plum blossom 3 appeared in front of everyone.

"..."

"..."

Everyone opened their mouths wide, completely speechless.

After a long time, someone looked at Xiao Mingzhu with the look of a monster, and exclaimed: "Oh my God!"

The casino manager no longer knows what words to use to express his feelings.

He has been in the casino for decades, but this gambling game has refreshed his knowledge of gambling.

Whether it's Li Yun, Nelson, or Xiao Mingzhu who won in the end!

The mentality of these three people has become heinously strong, and the final result has been turned over and over again, and the process is even more thrilling. Various psychological battles have emerged one after another. You will never know who the real winner is before the final unveiling.

even!

When the casino manager recalled the details of the gambling game, he still couldn't figure out some things. He only vaguely felt that the real winner seemed to be the real winner. No, it should be said that the person who really controls everything is not Xiao Mingzhu, but! Li Yun!

"Is he in control of everything?"

The casino manager looked at Li Yun, who was applauding and smiling for Xiao Mingzhu with shocked eyes. The chairman of Baiyun Technology's goal seemed to be Yan Jingyi from the beginning. The goal is to let him lose. No matter who of the three wins and who wins, anyway He only needs Yan Jingyi to lose all his chips!

The final result is exactly what he envisioned.

Chapter 2302: You lost everything

"Congratulations." Li Yun applauded and congratulated Xiao Mingzhu.

Xia Feiyao and Jin Liuli looked at each other and clapped their hands with a smile, not annoyed because she won her husband's money.

"I should thank you."

Xiao Mingzhu's eyes were filled with a smile, she recalled a series of previous events, only to realize when Li Yun set off.

Stud is the beginning, enticing Yan Jingyi to come up and press all the chips.

The second step is to confirm her and Nelson's hole cards. As long as one of the three of them wins, or that Li Yun only needs to conquer Yan Jingyi, so that he dare not ask for more cards, so he can only lose.

The third step is to give her the chance to win, that is, when Li Yun takes the third card 5, even though Li Yun did not know that she had already won 21 points.

Of course, he didn't know that Nelson was 20 points.

But Xiao Mingzhu naturally knew that Nelson was already a "prisoner" and his winning or losing had long since become unimportant.

"I didn't do anything." Li Yun was innocent. He did nothing. One was 20 points and the other was 21 points. Even if he wanted to win, he couldn't win.

"Believe you to blame~"

Xiao Mingzhu gave him a slightly charming eye.

"Mingzhu, you are amazing..."

Xia Feiyao, who was sitting next to Xiao Mingzhu, muttered to herself, because she was sitting close, she knew better than others what Xiao Mingzhu did.

Mingzhu actually mastered the invincible magic weapon of 21 o'clock from the beginning, but she just didn't say that she didn't have the slightest joy of winning on her face, she still acted calmly and completely.

Actually? She is almost sure to win, unless someone gets blackjack to split the prize pool with her again!

But Xiao Mingzhu just kept saying nothing! ! He didn't say he was killed, and calmly said that he had exploded. Waiting for others to continue asking for cards, he sat in a chair safely, without any strange expression!

She, she... The acting skills are simply amazing! !

"Hehe, it's nothing."

Xiao Mingzhu finally couldn't help it. She stretched out her hand and squeezed Xia Feiyao's baby face. This cute and immature face was as cute as a twelve or thirteen-year-old child, and she couldn't help it with baby fat. Go squeeze, kiss, rub.

Feeling that he was acting too recklessly, Xiao Mingzhu turned his gaze to Yan Jingyi again, and said in a cold voice: "Okay, you can take off your clothes and leave."

"what?"

Everyone is surprised, what does it mean to take off your clothes and leave? This is too...what the hell! You are still a big beauty!

"Didn't we make an agreement long ago?"

Xiao Mingzhu said in surprise: "Your 10 billion bargaining chip is all your Yan Jingyi's wealth, including the shares, real estate, investment income, dividends, etc., that your father gave you. Everything is turned into this. Hundreds of chips!"

She slender and white fingers pointed to the golden chips in the middle of the table, and said in a cold voice: "It also includes everything on your body, mobile phones, clothes, salutes, everything about you is included in the ten billion!"

And, you have all lost to me and Li Yun! ! ! "

Her eyes became extremely sharp, and a pair of beautiful eyes bloomed with sword-like brilliance.

Xiao Mingzhu is more than just a Bai Fumei!

Everyone was shocked by her fierce aura, and their eyes dropped slightly, not daring to look at this beautiful woman like a majestic queen.

Chapter 2303: Seize all property

Yan Jing was so angry that he could not say a word.

"Do you want to understand our purpose now?"

Xiao Mingzhu was not afraid to be exposed, and said indifferently: "When we come to you, you should know your own situation! We also revealed our purpose, which is to take everything from you. You dare to bet with us. It's really stupid. It's okay!"

In front of such bold people who attempted to kidnap the cruise ship, Xiao Mingzhu had no sympathy, only a strong disgust and indifference. Such people were thrown into the sea to feed the sharks, and her brows were not frowned!

"Manager, Captain."

Li Yun looked at the casino manager, then looked at Captain Davis, who was already watching the crowd, and the black man Doris, and said: "Your casino will give us a notarization, right? Yan Jingyi pressed himself to switch and do one. The tens of billions of chips in the gambling game with us have now all been lost. Everything he had on the cruise ship should be handled by the winner-that is, Miss Xiao Mingzhu!"

"You guys, \*\*\*\* it!!!"

Knowing that all this was a conspiracy, Yan Jingyi stood up abruptly, but the security guard brought by the captain was already in place, so he jumped over and grabbed him by the shoulder and pressed him onto the gambling table.

In front of him, there is a pile of golden chips, as if laughing at him heartily.

"Hahaha."

Captain Davis stood up, and the casino manager closed his mouth while trying to talk. He felt something was wrong. The captain seemed to want to catch Yan Jingyi?

"Of course our casino is formal and notarized!" Davis said righteously: "As long as the gambler puts in a reasonable bargaining chip, we can do notarization for both parties.

Because Yan Jingyi has already pressed all of his assets in exchange for bargaining chips, now, I solemnly declare: All rights of Yan Jingyi in this cruise ship will be handled by the winner, Miss Xiao Mingzhu!

As the captain of the Ocean Princess cruise ship, I only guarantee that Yan Jingyi will return to the shore safely, and will not be responsible for everything else! "

Everyone was shocked. Is this what a captain said?

Xiao Mingzhu said in the interface: "Very good, then I also announce: Take Yan Jingyi's room, take away all his property, including but not limited to mobile phones, credit cards, bank cards, online banking, checks, etc., and prohibit him from using everything on the cruise ship. Public service, before I go ashore to take away his property, all his sources of consumption funds are regarded as my possessions!"

Simply put, Yan Jingyi is forbidden to borrow money from friends!

The captain smiled humorously: "Before taking over his property, this is a reasonable decision. I will now notify all the shops on the cruise ship and refuse him to enter the shops for consumption."

"You...!" Yan Jingyi couldn't get up in a breath, fell to the ground and almost fainted, clutching his pocket tightly with his right hand, trying to take out something several times, but in the end he did not dare to do so.

Everyone looked at him with pity, and those who lost everything were so miserable.

Jin Liuli thoughtfully: "So this is a gambler who has lost all his money and is heading for nothing? I thought it was too exaggerated when I saw it in the book, but now I feel it...you all deserve to die."

She glanced around the people around her, and some of the people who were serious about gambling turned pale with fright. It is estimated that they would not dare to gamble crazily for some time.

"The reality is worse than the novel." Li Yun's tone was flat. "In ancient times, those who lost red eyes sold children and sold their wives. These people didn't know sympathy at all. They can no longer be called human beings!"

Chapter 2304: Ding, colorful multiply by 2

At the gaming table, money is no longer money, and people are no longer people.

There is only one thought in my mind: win!

I want to win it back!

I can win!

Next hand, I can definitely win!

Capital, as long as I have capital, I can win it back!

must!

...

Crazy thoughts occupy all of the brain, and the words of a gambler can never be trusted!

Jin Liuli understands something again. Just now, her husband has been acting calmly, just don't want her reason to be deceived by winning or losing?

Indeed, even if you win a few trillions? People who lose their minds will lose again at the gaming table sooner or later!

"Leave the clothes for you, kick him out."

Xiao Mingzhu motioned to the security guards, and the two security guards who pressed him directly dragged the howling Yan Jingyi outside and threw them away.

It's been a long time for everyone to recover.

A wealthy boy with a net worth of tens of billions has turned into worthless \*\*\*\*\* in less than an hour. The contrast is too great.

The casino manager smiled bitterly. It seems that the commission drawn for this voyage will be directly reduced by more than 80%. Fortunately, this bet is large enough to offset the loss!

"Ding, the host made a choice to help Xiao Mingzhu win (returning Nelson and Yan Jingyi's chips to zero), reward Xiao Mingzhu's favorability degree +3, reward experience value +50 million, all attributes +30,000, colorful gift bags\*2, Additional reward: Xiao Mingzhu's favorability degree +1. Additional reward skill: the true God of Gamblers."

The reward is so generous?

Li Yun was very surprised, even if he had a high amount of experience and attribute values, after all, it was very difficult to win this time. The colorful gift bag\*2 and Xiao Mingzhu's favorability directly reached 98 points, which he did not expect.

The 98-point favorability level is very close to the full limit, and you can do intimate things at will.

Li Yun can say with certainty that now he stepped forward and hugged Xiao Mingzhu directly and took away her first kiss. This stunning girl wouldn't be angry either, at best she would push him away with an aversion.

As for the skill of the true God of Gamblers, Li Yun can only say that it is very slippery.

Once you use it, it will immediately be reduced to a master skill.

The reason is simple, the core of the skill is one sentence: Don't bet for a win!

In other words, once you are involved in gambling, you have already lost half, so there will never be god-level gambling skills, only master-level, which can only increase your winning rate a little bit.

"ended."

Li Yun stretched out and was very satisfied with the rewards, and also very satisfied with the bet this time. Didn't he see Xiao Liuli so nervously that he almost scratched his sleeves?

If this little girl can play well during the day, Li Yun can play well with her at night.

Xiao Mingzhu watched him stand up with a smile, and pointed to the thousand golden chips and was about to talk. The black man Doris finally couldn't help standing up.

"Wait!"

Doris, the black man with black face and black skin, sneered with white teeth showing off, strode out, opened his huge hand, and directly pinched Nelson's shoulder, making the latter scream in pain.

"You can go, you can!" Doris bared his dazzling white teeth and laughed: "But this man is an internationally wanted criminal worth five hundred million dollars. He must stay for me!"

He had long received reports that there was an internationally wanted man here in the casino. After learning more about it, he learned that this is a black satan worth 500 million US dollars!

The moment he heard the news, Doris couldn't help laughing out loud. In the vast sea, there was no way to escape 500 million dollars!

Chapter 2305: Grab five hundred million

It is a pity that when he came to the casino, the captain was already waiting here. In desperation, he could only stand aside and wait, watching with jealousy as Nelson had won more than 10 billion, intending to use some means to get rid of this \*\*\*\*\* wanted. The criminals get the money.

Then, I watched this tens of billions fall into the hands of that nasty beauty!

Therefore, Doris, who was so irritable, stood up and took the five hundred million yuan!

"Ding, trigger the option event, please choose from the host:

Option 1: Save Nielsen, reward experience value +1 million, free attribute points +1000, white gift bag\*3, and obtain Nielsen's allegiance.

Option 2: Ignore, no reward. "

"Save, save me, God!"

Nelson turned his face pale with pain. For a dead house like him, how could he bear this kind of pain!

"Let go of him." Li Yun said lightly.

"Hmph, just let it go if you say it, you are..."

Doris didn't say a word, and Li Yun slapped him with a slap. The speed was not fast, but he was full of strength, and there was a strong momentum attached to the palm of his hand.

"court death!"

Doris shook Nelson away, clenched his fists, shouted, and hit Li Yun's palm with his right fist.

He has dark and strong muscles, a hideous expression on his face, and a tall and mighty figure than Li Yun, who is 1.8 meters tall. As a result of his punch, the casino people all exclaimed for Li Yun.

But what surprised them was that the two sides exchanged fists, and after a crash, it was Doris who retreated!

"Hou Tian Jing?" Li Yun was a little surprised. There really were two people who could be sent by the cruise group to solve the problem.

After acquiring familiarity with modern weapons outside the country, and bringing a team of people, it is enough to deal with ten or eight congenial realms—provided that the congenial realms can't hold a gun.

"I don't know what the acquired state is not the acquired state, I only know that you annoyed me!"

Doris reached out angrily and touched his waist. He wanted to do it in the captain's room last time. This time for 500 million US dollars, even God can't stop him!

—God can't stop him, but a whip can.

"Look for a fight!"

Jin Liuli's soft whip shot again and slammed it fiercely into Doris's hand, violently knocking out the pistol he had just taken out and flying into the air.

The crowd hurried back with fright, Jin Liuli snorted coldly, and then whipped out again, making a very ear-piercing sound.

Snapped!

The swarthy pistol was directly torn apart by the soft whip, and everyone looked wide-eyed. Is this a soft whip or a steel whip?

"F\*ckYou, B\*tch...Ah!!!"

Jin Liuli can't understand English, but she still understands this classic Fuck. After all, on this international cruise ship, she has heard the international curse no less than a hundred times!

It's just like me in Chinese.

"Let you scold! You scold again! Then you go to the captain! See if I won't smash your mouth today! The black-faced monster is too hateful!"

With a word and a whip, the whip in Jin Liuli's hand continued to fall, hitting Doris with his head and scurrying.

Xiao Mingzhu was stunned, "Is the Xia Nu really a Xia Nu? If you don't agree with me, I will start a fight, and my thoughts are completely different from mine... But, really relieved."

She smiled at Li Yun again, the latter shrugged, and said that she would let the heroine fight, and only after the addiction could she stop.

"Stop! Put down your weapon!"

A group of Doris's men raised their pistols and shouted threats, but Jin Liuli didn't care about them at all, and continued to whip, beat Doris all over his body, and had to flee outside.

In the end, the men still didn't dare to shoot—the captain was standing there.

Chapter 2306: Hit hard

"Do you know the gap?"

Facing the black Doris who was standing at the door and glaring at him, Li Yun smiled faintly and said: "I remind you again, Nelson has replaced all his future life with bargaining chips. If you want to take him away, I have to ask this beauty for her opinion."

Xiao Mingzhu smiled and said solemnly: "Well, just grab him and give it to..."

"No beauty!"

Nelson was so scared that he knelt down and made Xiao Mingzhu laugh again. After thinking for a while, he said: "Nelson, as a fugitive suspect, you have committed crimes in Huang Xuanguo as a hacker. This time, we caught you, so you must follow us. Go back to Huang Xuanguo for trial!"

Nelson opened his mouth to protest. He suddenly realized that there was a smile on the corner of this big beauty's mouth. He quickly said: "I accept the trial, I want to surrender, I have merit, I want to fight for the mine!"

Xia Feiyao let out a chuckle, this foreigner was so funny, he even learned to deal with leniency.

"Okay, you leave me aside."

Li Yun pointed to the side, and Nelson quickly got up and stood like a schoolboy.

"I protest!"

Doris walked in again angrily and gritted his teeth and said: "Nelson is from country M. He must be extradited back to country M. You Huang Xuanguo has no right to deal with him!"

Jin Liuli blinked. The black-faced monster was so hard. It seemed that the acquired true qi was used to strengthen the body, which was equivalent to practicing kung fu. The body was extremely hard. No wonder her whip hits it and doesn't hurt or itchy.

Just now I should use a little bit more force to make him scream!

"protest?"

Xiao Mingzhu calmed down, and was about to say something, but Li Yun stopped her.

"Well-so be it."

Glancing at the chips on the gambling table, Li Yun stretched out his hand on the table and slapped hard, his infuriating breath came out. The golden chips on the table did not move, but the 30 million US dollars of chips that Nelson had won before jumped violently. Up.

"What do you want?!"

Dorris took a step back in fright, vaguely feeling something was wrong.

But it was too late.

"All these chips are for you!"

With a big wave of his hand, Li Yun shot countless chips out like bullets and landed on Doris and the group of men, causing them to scream. The point is that they didn't dare to shoot—if it hurt the guests here, They cannot afford the consequences!

Besides, what did Li Yun just say? All the chips are theirs?

Everyone was jealous!

Li Yun smiled again, pointing at those chips, and said to the crowd of onlookers: "Go grab it, you all have a share!"

In an instant, countless gamblers rushed in frantically, squeezing the door.

"Fuck! Don't step on my hand!"

"Asshole, this is my bargaining chip!"

"Hit, brothers, hit these security guards hard for me!"

"Yes, the gold master has spoken, we will fight fiercely!"

A group of people fought in chaos, and Doris didn't know how many fists had been hit. He still couldn't fight back, otherwise he didn't know what the consequences would be.

His group of subordinates were even worse, being beaten with bruised noses and swollen faces.

"Hehe, I'm coming too."

Jin Liuli smiled and threw out the whip, swept all the remaining chips, and made the group of people partying more and more.

Now even Doris and his men have joined the team to grab the chips, starting with a chip of 10,000 dollars. Is it a fool if you don't grab it?

"This....."

The casino manager looked at Li Yun embarrassedly. Could these chips really be exchanged for them?

Chapter 2307: Let's make a fortune together

Nelson watched his chips being played by God and God's woman, and he wanted to cry without tears, but now he can only look loyal and stare at the casino manager: "Isn't this my bargaining chip? My boss said to give it away. , Then send it out, why, my boss can't spend my money?"

He especially emphasized that it is his money!

"...Yes!" The casino complained about ideals, didn't you lose all your money?

Lucy and Nina, the two blonde beauties who grab the bargaining chips, were very happy. They were the closest to the table, and one person grabbed at least dozens of dollars. On D+, in the mouth, in the armpits, and even with their feet, put them wherever they could be. superior!

And greedily glanced at the pile of golden chips.

"Take them all!"

Xiao Mingzhu waved his hand generously and smiled: "I am happy today. All these pure gold chips are given to you!"

In an instant, the noisy and snatchers all looked here, and even Jin Liuli's eyes widened.

The manager is all bad!

These are the chips of his casino!

Xiao Mingzhu grinned and said, "The money for the chips is deducted from Yan Jingyi's card."

Meaning, you can get chips, but one chip can't be exchanged for 100 million, you can only sell it as gold.

As for the money to buy chips, Yan Jingyi will pay.

The casino manager immediately said: "I immediately asked Yan Jingyi to lock down Yan Jingyi's room and try to withdraw the money from his bank card!"

Someone pays, this is all set.

Everyone swarmed over to grab the chips, even Jin Liuli grabbed a lot of them, and laughed and played with Xia Feiyao, and the two little beauties had fun.

As for the two beautiful blonde girls, they just hate that their capital is not big enough to put down so many chips! !

The casino was plunged into a lively atmosphere. Everyone was beaming and grabbed hundreds of thousands. Doris's group was even more miserable. Now they are vaguely facing Li Yun instead of their boss!

After all... the boss is the one who sends the money.

——

Li Yun and the four big beauties walked out of the casino. Jin Liuli Xia Feiyao each held a few golden chips in their hands, and then Jin Liuli smiled and gave it to Xiao Mingzhu as a souvenir.

"That's right~, as a souvenir!"

Xiao Mingzhu had a brisk tone and smiled playfully at Li Yun: "How can I say today is to win 100 billion, which is worth remembering~, it is a pity that someone lost 30 billion~"

Her principal was 50 billion, the other two were 10 billion each, and the final gambling pool amounted to 100 billion, so Li Yun had a net loss of 30 billion.

"I will transfer to you after I go back?" Li Yun smiled.

"Seriously?" Xiao Mingzhu looked at him.

"seriously!"

"Are you serious?" Xiao Mingzhu asked again!

"Fake."

"Hahaha~"

Xiao Mingzhu smiled very happily, and suddenly thought of something: "By the way, this gambling game is regarded as a success of my joint efforts with you. When I go back, I have confiscated Yan Jingyi's 10 billion yuan. Should I give you half? "

".....seriously?"

"seriously!"

"Are you serious?"

Nelson and the blond girl who was holding a pile of chips next to him were shocked. Isn't this the previous conversation? !

"Ahhhhh~~~~!"

Jin Liuli frantically interrupted the almost emotional conversation between the two of them. She glanced at Xiao Mingzhu with a sour look, and then stared at Li Yun with a fierce look!

Xiao Mingzhu's face blushed, and she turned her head uncomfortably: "Well, it seems that you don't want money, but what about the things in Yan Jingyi's room?"

Chapter 2308: Wait for tomorrow

Li Yun thought for a while, "Let it go, no one is allowed to enter."

"Let it go?"

Xiao Mingzhu thought for a while with frowned Liu eyebrows, "You want to prevent Yan Jingyi from contacting the people behind the scenes. If he jumps over the wall in a hurry and has to enter the room, let's catch him again?"

"You think a lot." Li Yun smiled helplessly, "but now we have lost half of it, so...it doesn't matter."

"Already lost?"

Jin Liuli was surprised, "How is it possible? Didn't we just tease Yan Jingyi! And we also mastered..."

While speaking, she herself thought of the problem.

Yan Jingyi has never been the key. Although they rescued the people on the cruise ship, they never found out what Liudaomen wanted to do, and how their action plan was implemented!

It can not be said that it was not found at all. With the list of immigrants fabricated by Nielsen before, Li Yun still grasped some trends, vaguely knowing that the ultimate goal was related to the kidnapping and the good Weiyi Island.

"What should I do then?" Jin Liuli asked worriedly, is her heroine action going to end?

"I can only wait." Li Yun said: "The best way to contact Country M on Weiyi Island, let them send warships and personnel to check the situation and stick to the island, but..."

But how can country M listen to us.

With a sigh in his heart, Li Yun turned his head and said to Nelson: "You can go now, remember, don't run around, monitor the situation, I think you understand how to do it!"

"Yes Yes!"

With ecstasy on Nelson's face, after leaving, he could not wait to leave with two beautiful blonde girls.

Xiao Mingzhu lied, and wanted a hungry ghost to do business. It was really difficult.

By the way, is Li Yun the \*\*\*\* too?

Several people then went to ventilate with Shang Guanming, and learned that he and the team had almost captured the gangsters on the boat, and detained them temporarily.

The only ones left were Yan Jingyi, and another mercenary leader Yu Sheng Nan and several of his capable men.

Speaking of this Yu Shengnan, Shangguan Ming found out that he was also the leader of a party in the Golden Triangle, but he did not expect to act with the Golden Poison King this time.

It seems that there must be a capable person in the power of the Six Dao Sects, who can mobilize so many people from all over the world to make things perfect.

"Everything depends on tomorrow!"

After dinner, Li Yun finally concluded.

"Tomorrow... the cruise ship will probably be close to Haowei Island!"

Xiao Mingzhu looked into the sea in the night, as if there was a beautiful island waiting for them.

"Today, let's go back to rest?" Shangguan smiled and couldn't help but glance at Xiao Mingzhu.

Xiao Mingzhu seems to be particularly happy and happy tonight. Is it because I just caught Yan Jingyi?

"Also."

Xiao Mingzhu smiled and said: "Get a break sooner to welcome tomorrow's arrival. I would like to see what Liudaomen can do against the hundreds of heavily armed fighters on the cruise ship, and how many warships and cannons on Weiyi Island!"

Jin Liuli's eyes lit up and suddenly felt nervous and excited. Will he see the same magical scene in the ancient tomb again tomorrow?

"Trust me, I will regret it if I meet you."

Li Yun smiled, and took out the purple amulet that Xiao Mingzhu had previously rewarded her from the space ring.

Chapter 2309: proposal ring

"This is...?" Xiao Mingzhu accepted this special treasure made of rune paper in surprise, and looked at him with bright eyes.

"The amulet, which can withstand a fatal injury, counts as insurance."

Li Yun took out a golden-grade weapon, the Bingling Sword—a white long sword with a blue orb inlaid on the hilt.

Just taking it out, everyone felt a breath of coldness exuding, as if a bucket of cold water was poured in a big winter, cold from head to toe.

"A magic weapon with a cold attribute, every time it attacks an enemy, it will slow the opponent's actions, and the sharpness is by no means comparable to that of an ordinary sword!"

In Xiao Mingzhu's expression of surprise, Li Yun handed the sword to her and smiled: "Here you are, borrow it temporarily!"

Well, let's not say anything temporarily, his waist will be cut off by Jin Liuli.

"Li Yun, me!"

Xiao Mingzhu held this cold sword, and was so excited that he couldn't speak for a while.

Anyone who comes into contact with this kind of treasure beyond the worldview for the first time will behave like her. For example, Shangguanming's appearance after obtaining a space ring is almost nothing.

"...Forget it, let's lend you a ring again, so that you can store this sword so that it is not convenient for you to carry it."

There is only one space ring left on Li Yun. He originally wanted to give it to Hu Xiaomeng or Zhao Tianfeng in Beijing, but now he has a lot of golden gift bags on him, and he should be able to open another one before meeting next time.

After all, Xiao Mingzhu's favorability rating is 99, and Li Yun is not a stingy person, so naturally she is generous to give her things.

"what!"

Xiao Mingzhu was completely sluggish.

A ring, a ring that can store things, or... a ring for a marriage proposal?

"Big pervert, big bastard, big bad guy, will seduce beautiful women, you are necrotic!" Jin Liuli murmured from the side, but still did not oppose Li Yun's act of giving things.

Li Yun could only say that he was wronged. He just wanted to improve his strength before the war, and he definitely didn't take the opportunity to please Xiao Mingzhu.

Besides, Xiao Mingzhu's current favorability level has reached 98 inexplicably, and there is no need to do anything at all, just wait for himself to rise to 100!

"Amulet, sword, ring..." Xiao Mingzhu's face was flushed, she boldly looked at Li Yun with water-like eyes, showing a bright and bright smile: "Are you proposing to me?"

Obviously, this is a joke!

At least on the surface it is definitely a joke, everyone present can hear it-no one will propose marriage in this situation, right?

But in fact, it doesn't seem to be a simple joke?

Li Yun had inexplicably impulsive thoughts, and blurted out: "You really guessed it right!"

"Hee hee~"

Xiao Mingzhu snickered while covering her mouth—she seldom made the usual gestures of cover-up and smirk among girls, but now, she especially wanted to laugh and was very happy in her heart.

"Um~~~ Then I will think about it." Xiao Mingzhu made a thoughtful expression, "For the sake of these treasures, I answer..."

"no!"

Everyone turned their gazes to Shang Guanming. The latter's majestic and handsome cheeks rose red, and hurriedly made excuses: "Mingzhu, I still need to be cautious about this matter. This is not something that can be used as a joke! Besides, your parents, Your uncle is also... sorry."

Xiao Mingzhu calmed down her happy expression before, and her expression returned to calm.

"You are right. Proposal is indeed a matter of caution. Well, these things are treated as if I won your 30 billion dollars. You borrowed me for ten years. It's almost eight years~, right?"

Chapter 2310: Tao is different

At the end of Xiao Mingzhu's speech, perhaps because of talking to Li Yun, her tone could not help but become briskly up again, like a girl in love chatting with her boyfriend happily.

Li Yun smiled and nodded, "You all have the things I sent, remember to be careful tomorrow, it should be fine. Come here tonight, and go back to rest!"

No one objected, the matter just now was a bit embarrassing.

Shangguanming walked in silence, and didn't know what to say when he tried to speak several times.

Instead, Xiao Mingzhu quickly recovered his mood. After looking for a few topics, the atmosphere improved a lot.

Several people came to the elevator door, Shangguan Ming pressed the down button and glanced at Xiao Mingzhu.

"Like Feiyao, I live on the 16th floor."

Xiao Mingzhu joked: "After all, I'm still a Bai Fumei, and I live in a studio suite."

The meaning of this sentence... is she and Li Yun the same kind of people?

Shangguanming didn't dare to think, he nodded stiffly and walked into the opened elevator to say goodbye to her.

Seeing the elevator door closed and that beautiful figure disappeared before his eyes, Shangguan Ming sighed slightly and slapped himself.

After he left, Xiao Mingzhu seemed to relax a lot, as if the elders disappeared before his eyes, and the whole person was different.

"It's still early, are you going to have coffee?" Xiao Mingzhu suggested to Xia Feiyao, "Tonight is probably the last peaceful night, and I might not see it tomorrow!"

"Okay." Jin Liuli agreed, but Xia Feiyao was a little surprised.

Why did Mingzhu propose to drink coffee after Shangguanming left?

Why did Sister Liuli willingly agree?

really weird!

Li Yun had no objection. After the four entered the elevator, Xiao Mingzhu took the initiative to press the button on the 12th floor.

"actually."

When the atmosphere was a little strange, Xiao Mingzhu said, "I... have known Shang Guanming for two or three years."

The three of them looked at her, Xiao Mingzhu's expression was calm and calm, and he couldn't see what he was thinking: "How to say, I know about him, and I also know that he came from a big family in the world, but he did not obey the elder The parents arranged to become a traditional swordsman, but went out of the arena, entered the army, and finally went abroad to hone himself in the most chaotic area in the world."

"To be honest, I admire him very much!" Xiao Mingzhu said with emotion.

"I also admire it." Li Yun said this sentence sincerely.

"Well..."

Jin Liuli also wanted to comment, but in the end she didn't say it, and it's always bad to say others' shortcomings behind her back.

Anyway, she feels that although Shangguanming is very good, she lacks a breath of life, a very special feeling that can make people happy.

Unlike Li Yun, although he is a bit asshole, he is really happy to be with him~.

Xiao Mingzhu smiled brightly again, "So I only treat him as an older brother, he wants to pursue me--" Having said that, she took a special look at Li Yun, "Probably only to return without success."  
"

"Whee."

Xia Feiyao covered her mouth and snickered.

Li Yun wanted to joke, who do you like? Is it a handsome guy like me?

But considering that there was a little wild cat staring at him, Li Yun still endured it!

Strangely, Xiao Mingzhu glared at him, as if he had already seen what he wanted to say!

Ding.

Not the system, but the elevator has arrived.

"Ahem, let's find a better outdoor coffee shop!"
