

## Godly Choice 231

Chapter 231: Big win

The 30th floor of Mingyue Building.

There was no sound in the banquet hall, except for the crisp clicking sound made by Li Yun when he tapped the keyboard, as if to tell everyone that this cyber war was still going on.

"The opponent dog jumped the wall in a hurry and wanted to launch a global ddos attack, blocking the network and making it impossible for me to track it."

Li Yun's tone was plain, but there was a power that made Wu Ke, Su Muxin, and people in the IT circle tremble.

They never dreamed that a press conference turned into a network offensive and defensive warfare, and finally evolved into a global melee.

"I am afraid that more than 100,000 hackers have joined this carnival!" Someone said in fear.

Because of the spoiler of the Demon Legion, countless hackers were eager to fish in troubled waters, trying to steal some data in this online commotion.

Therefore, the confrontation between the two sides is no longer a matter of a few people, it has become a feast for global hackers!

"Li Yun--" Wu Ke stopped talking. He was a celebrity in the IT circle, but it was the first time he encountered such an amazing scene.

If this one cannot be dealt with, the global network talks for a few days, and the loss is at least a trillion dollars!

"It's okay. I have found the other party's main console. I sent a vulnerability patch to the broiler they control, to fill in the vulnerability of their computer, so that hackers can't use this vulnerability to plunder the broiler for use."

Li Yun is a \*\*\*\* at this moment, a \*\*\*\* who calls the wind and calls rain on the Internet!

After a while, everyone felt that the Internet had improved a lot, and many websites began to respond.

"I found the third hacker. The nickname is Sakura Petal. It is located in Country R. Hehe, they call themselves the Demon Army, and the boss is Black Satan."

"The fourth hacker, nicknamed Worm, is located in Country Y..."

Wu Ke was surprised, it turned out to be him!

This hacker called a worm has been famous for many years. He was arrested by FAI for releasing a virus, but he did not expect to be released from prison and rebuild his old business.

"The tenth hacker, Lilith, is in the Platinum Palace of Country E."

The Palace of Platinum? Everyone was a little surprised, this is the palace of Country E, and it is unexpected that hackers are hiding there!

"at last!"

A light flashed in Li Yun's eyes, "The head of the Demon Legion, Black Satan, is located in the villa in the Laijin District of Country M. His name is: Nelson!!!"

Immediately afterwards, Li Yun called up a picture with a camera on the pillar in front of the courtyard of Nelson Villa.

From the camera, everyone could clearly see a man in his thirties, running away in panic from the front. He couldn't even notice when his car hits the street light. He usually wanted to escape here when he was crazy.

Li Yun smiled, "I found Nielsen's mobile phone too, cough cough, let's talk to the world's top hacker and the initiator of the bitcoin killer."

The people present were shocked again, this Nima's cell phone was hacked by Li Yun?

For a moment, they seemed to have a sense of crisis. If their mobile phones were also hacked, how terrible would it be?

"Hi, Nelson, hello, meet for the first time, introduce myself, my name is Li Yun."

Li Yun smiled and greeted him. Nelson was so frightened that he shook his whole body, turned the steering wheel, and banged into the trash can on the side of the road.

"Li, Li Yun!?"

Nelson wanted to cry without tears, "Big brother, please spare me. I shouldn't be obsessed with my mind. I will proactively provoke you for ten million. As long as you let me go, my one billion deposit in the bank will be immediately transferred to Brother you!"

Chapter 232: Warning Nelson

Everyone was surprised that Nelson with short blond hair was so good in Chinese, but Li Yun noticed one thing.

"For ten million?!" Li Yun's face sank, and asked in a cold voice, "Nelson, what's going on?"

"Someone used 10 million to ask me to do something and let me do something at your press conference, brother, so..."

"Huh! Who is that person?"

Li Yun was very upset. He didn't offend anyone, could it be Wu Ke's enemy?

"I checked, his name is Yan Kai...maybe it's Kai, in short, this pinyin." Nelson asked cautiously: "Brother, what else do you want? FAI is coming soon, I have to run faster. As a hacker, Big Brother doesn't want me to be caught, right?"

"Hehe, I don't bother to care about you, but you have to remember one thing!"

The corner of Li Yun's mouth clicked, "As long as I, Li Yun, or Nielsen, or the Demon Legion, as long as it is a hacker who dares to make trouble in Huang Xuan country, I will trace it to the end, and I will never give up if you don't overthrow your lair. Do you understand?"

"Understand, absolutely understand!"

Nelson nodded and bowed in compliment, "If I don't go to jail this time, I will take refuge in your boss. Your hacking skills are definitely number one in the world, and you will definitely make a big business in the future!"

"What big cause has hacked the global network? When I am a hacker? Get out of me, you!"

Li Yun cursed with a smile, Nelson was stunned, and he didn't know how he would escape the FAI net. It is estimated that he will hide in Tibet in the next few years.

As for Li Yun, he is on the righteous side, and naturally he is not afraid of the relevant personnel looking for him.

"Ding, the host makes a choice and rewards (reward justice value +1000, experience +100,000, wisdom and spirit +500, charm value +10, Wu Ke's loyalty rises, employee loyalty rises sharply, random purple gift bags \*1, Gong Qingyu's favorability degree +6, additional rewards for Hu Xiaomeng favorability degree +4, Gong Qingyu favorability degree plus 9) Has been issued!"

After uncovering the hackers behind the Bitcoin killer virus, Li Yun was rewarded by the system.

The justice value is close to 5000, and Gong Qingyu and Hu Xiaomeng's favorability have reached the subtle number of 89 points, and one step further is to be able to become a relationship between boy and girl friends.

But Li Yun hasn't talked with Gong Qingyu in private. This wealthy daughter who looks very cold and indifferent is not likely to fall in love with him easily.

"Wu Ke, would you like to introduce Vanguard Strike?" Li Yun turned his head and smiled at him.

Wu Ke shrugged helplessly, "You have just demonstrated the functions of Vanguard Strike in actual combat. I think the audience at the scene was impressed by it?"

Everyone laughed, but their smiles were a little dry.

They panicked when they think that hackers are so powerful, but they also desperately want a powerful security software that can protect computers and mobile phones.

Vanguard strikes are just right for their requirements!

——It's just that there is no mobile version yet.

Therefore, this press conference is over. Many people who rushed to eat melons expressed satisfaction. They never dreamed that a press conference would cause so many things. When they go back, they must post the live video on the Internet. Netizens envy and envy.

"Next, let's go have lunch?" Li Yun looked at Su Muxin and the others. Seeing her consent, after thinking for a while, he looked at Gong Qingyu, "Ms. Qingyu, I'm going to have lunch, do you want to go? "

".....it is good."

Gong Qingyu glanced at him with complicated eyes, and then agreed.

## Chapter 233: Nantian Group's

Su Muxin stomped her feet with anger, but Li Yun only invited Gong Qingyu, and she couldn't object so much.

Fang Hao looked at the look of Su Muxin's extravagant daughter, and his dissatisfaction with Li Yun became more serious.

Why can this kid hug left and right? Even Gong Qingyu, a lady of everyone, looked at him differently, and agreed to his lunch invitation, which was obviously safe for him.

You know, Gong Qingyu has never eaten with a boy during the two years.

"Qingyu." Fang Hao forced a smile, "Can I go to lunch with you?"

Gong Qingyu didn't say yes or no, but looked at Li Yun again. He initiated this lunch.

"All right." Li Yun shrugged, saying that it doesn't matter, one more person and one less person are the same.

When everyone came to the high-end restaurant on the 20th floor of Mingyue Building, Su Muxin squeaked and talked with Li Yun's arms around her arms all the way, with an intimate appearance.

Fang Hao guessed that Su Muxin was Li Yun's girlfriend, and his thoughts on her were weakened. Therefore, he sneered in a subtle way. This is a high-end restaurant, not a dining spot for ordinary people in the countryside. Don't always look noisy!

"Huh, what's so great about this?" Su Muxin heard his ridicule, and said directly: "I spoke the same way in the San Marco Hotel abroad, why no one said me? A five-star hotel in China, There are other high-end hotel banquet halls and so on, I have gone too! Some big company bosses participated in the banquets, I also do the same, how?!"

Li Yun couldn't help being so handsome, he deserved to be a little pepper, his temper was irritable.

The people around them turned their eyes. They were still quite complaining about Su Muxin's noise, but when they heard her seemingly extraordinary, they all shut up.

Fang Hao was taken aback for a moment, and then he snorted unconvincedly, "Who knows if what you said is true or false? What company does your family run that can go to a five-star hotel every day?"

"Nantian Technology." Bright Red Pepper glanced at him and said sarcastically, "Have you heard of this company?"

"Nantian Technology? Which Nantian Technology?" Fang Hao looked at her in disbelief.

"There is a second Nantian Technology Group in the world?"

Everyone took a sigh of relief. Is that the giant Nantian Technology Group? !

With a market value of RMB 5 trillion, it ranks among the top three in the country and the top ten in the world. It controls more than 100 listed companies, involves hundreds of fields, has 100,000 employees, and has an influence of more than 100 million people. ?

Just now Su Muxin said that Nantian Group belongs to her family, so she is Su Tengyun's daughter?  
!

For a while, this high-end restaurant fell into deathly silence.

They never thought that in this small restaurant, they would meet the daughter of a super boss.

"Su Muxin, Su Tengyun..." Fang Hao was almost frightened and looked at Li Yun in horror. Su Muxin kept her arms around his shoulders. In other words, Li Yun was the son-in-law of the Nantian Group?

This is too ridiculous!

If it is said that chasing Gong Qingyu can reduce the struggle for a lifetime, then chasing Su Tengyun's daughter is to struggle for ten lives, or even a hundred lives, and will not be able to reach the height of the current Nantian Group!

"Humph!"

Little Pepper Su Muxin is triumphant, no one will dislike her for being noisy now, right?

She actually knew very well that her self-willedness and confidence actually came from her father.

But who told her to have a good father?

Chapter 234: Gong Qingyu who doesn't like to talk

As the daughter of a rich man, or a royal princess, or a famous lady, she naturally possesses a halo.

Anger can be said to be frank, stupidity can be said to be naive, even Gong Qingyu, who has no expression on his face, is regarded as the restraint and upbringing of everyone's ladies.

——But in fact, Gong Qingyu simply didn't want to talk.

This was observed by Li Yun. Gong Qingyu was not self-reliant, but just didn't want to talk and was always immersed in her own world.

Surprisingly, Gong Qingyu's cold and immortal personality matched her temperament very well.

She looked like a classical beauty, coupled with her reserved and cold temperament, made her look like a fairy living in the moon palace, and she was so beautiful.

At least from Fang Hao's diligent actions and the frequent glances of people around her, Li Yun could see that the cold Gong Qingyu was more popular than the hot Su Muxin.

"Qingyu, do you like this dish?"

Fang Hao was enthusiastic and courteous to Gong Qingyu, and it was rare to have a meal with her. He had to hurry up and show it.

"Thank you, but the lady doesn't like to eat dishes from others, please forgive me!"

Gong Qingyu didn't speak, but the maid sitting on the small table next to Fang Hao refused.

The names or nicknames of these two maids are very interesting, the flower of spring and the chrysanthemum of autumn.

Li Yun wondered if Gong Qingyu still had two maids, Xia Zhihe and Winter Mei. Together they were called Spring, Summer, Autumn and Winter.

As soon as the maid finished speaking, Gong Qingyu looked at Li Yun and then at a yellow stewed chicken in the distance, her eyes seemingly expectant.

"?"

Li Yun thought for a while before trying to understand what she meant.

"Do you want yellow braised chicken?"

Nod.

"Well, I'll give it to you."

Li Yun took a piece of chicken thigh to Gong Qingyu. The latter's brows and eyes were crooked, showing a very shallow smile, and he happily ate the chicken thigh that Li Yun had given her.

Everyone was stunned.

The maid Chunzhuhua's eyes widened in surprise. She had just finished saying that the lady didn't like the dishes that others picked, but Gong Qingyu immediately slapped her in the face.

Not only did I ate, but I also ate very happily, even Gong Qingyu asked Li Yun to pick it up!

This kind of wonderful contrast can be seen right away. Gong Qingyu seems to be particularly different to Li Yun. It can even be said to be a crush, a high opinion, a liking for him, and so on.

Su Muxin glared at her again. This guy pretended to speak, but he only used his eyes to indicate to Li Yun. Could it be that he deliberately showed Li Yun her eyes and said that he was pretty?

Su Muxin immediately became unconvinced, and her eyes were also very beautiful!

So, Su Muxin kept winking at Li Yun and said that she also wanted to eat yellow braised chicken!

"?what??"

Li Yun looked puzzled, what was she doing with her staring eyes?

"Ah, Brother Li Yun, you are so stupid~, people want to eat yellow braised chicken too!"

"... Mu Xin, your eyes are not suitable for hinting."

Li Yun couldn't laugh or cry, Gong Qingyu was a classical beauty, and the waves in his eyes made it easy for people to read her words, but Su Muxin...

Not to mention, she is just a little pepper.

Fang Hao's anger grew stronger and stronger. Li Yun was sitting next to two peerless beauties. These two beauties were also very noble. They belonged to the kind of men who could earn hundreds of billions of dollars by marrying and reach the pinnacle of life. Kind.

More importantly, this pair of beauties are still jealous of each other and obviously like him very much!

Chapter 235: Painting exhibition

"Student Li Yun." Fang Hao asked with a calm smile: "Before you said that your drawing skills are unparalleled in the world, is that true?"

Everyone was taken aback, and they all quieted down to look at Li Yun.

They saw that this mathematics genius was very dissatisfied with Li Yun, thinking about how to provoke and suppress him all the time!

Su Muxin raised her eyebrows and was about to ridicule the \*\*\*\* for a few words, but Li Yun caught her in time, so that the little pepper Su Muxin had to shut her mouth obediently, and muttered in her heart:

‘Brother Li Yun is so kind, this is not good, and you will suffer from it in the future... However, with my little pepper, I will definitely protect Brother Li Yun, hehe~’

"I know a little bit." Li Yun smiled faintly, "I didn't say that it is unparalleled in the world, but ordinary painters, I think I can still compare with them!"

The expressions of the people at the table and those eating in the restaurant were a bit strange.

Li Yun must be bragging again!

But this time, no one dared to laugh at him anymore.

Before Li Yun said that he wanted to solve the Bitcoin killer virus, he was also ridiculed by the whole network. The result?

Li Yun used powerful hacking methods, went into the sky, pursued thousands of miles, and stunned everyone by overthrowing the Black Satan and his demonic army.

Therefore, this time, although everyone did not believe it, everyone dared to pat his chest and said that Li Yun's words were fake.

"Oh, that's really amazing. At your age of eighteen, a master class is truly an achievement unparalleled in the world!"

Fang Hao hypocritically complimented a few words before turning his head and mentioning another thing: "It just so happened that Master Lu Qiulu held a painting exhibition at the Zhenming Art Gallery in Zhonghai City this afternoon. I was just about to invite Qingyu You go together, now there is a master like Li Yun, you, why don't we go together?"

Li Yun smiled, it turned out that Fang Hao had this idea.

"How about it? Master Li Yun, do you want to go?" Fang Hao thought Li Yun would not dare to go, and said aggressively, "Master Li Yun will explain to you, maybe Qingyu will adore you!"

Gong Qingyu glanced at Fang Hao indifferently. This person is really annoying. Use her to excite Li Yun. She has become the one to be used?

"Don't go!" Gong Qingyu said coldly, looking at Fang Hao with a warning look. Is her Gong Qingyu something used by others? !

"Ding, trigger the option event, please choose from the host:

Option 1: Accept Fang Hao's invitation to the exhibition, reward experience value +30,000, free attribute points +100, random gift bag\*2, Gong Qingyu favorability level -3.

Option 2: Reject, reward Gong Qingyu's favorability with +1.

Choice 3: Promise and comfort Gong Qingyu. The reward is the same as choice 1, and Gong Qingyu's favorability will not decrease. Tip: The host has a chance to gain Gong Qingyu's favorability by using sweet words. "

Just when the system selection event was triggered, Li Yun thought about it for a moment, and then he knew what Gong Qingyu was thinking.

But the system wants him to use sweet words?

Nonsense, Li Yun disdain to use this kind of thing, he just comforts the girl who has a good impression of him, how can it be sweet talk?

——It's so fragrant.

"Qingyu."

Li Yun ignored Fang Hao's invitation. Instead, he smiled gently at her, and looked curiously at the big backpack she put aside: "Do you like painting? I saw you carrying a drawing board, it should be more than just Do you compare yourself with me in order to come up with questions?"

Gong Qingyu's indifferent expression turned soft, a strange light glowed in his eyes, and his tone became a little cheerful.

Chapter 236: Comic, Gong Qingyu

"Well, I like drawing very much, but what I like is comics."

Speaking of her hobbies, Gong Qingyu blushed a little, and a blush appeared on her beautiful face, which made Fang Hao, who had never seen her show such an expression, look dumbfounded on the spot.

A shy classical beauty, who doesn't like it?

"Comic?" Li Yun thought for a while, "Is it One Piece, Naruto?"

"Um."

Everyone was taken aback. They didn't expect this classical beauty to have such a hobby!

Gong Qingyu defended a little shyly: "I can also paint in the car, so I don't just want to come to test you, I'm just...a little unconvinced."

Li Yun touched her head amusedly, because he was not convinced, so he ran to confront him?

When Gong Qingyu didn't speak, she looked very sensible and courteous. She was a matte and tender lady, but she was actually more willful than anyone else.

"Then let's go to the art exhibition today. I think the skills of comics will also be improved, what do you think?" Li Yun invited.

"OK."

Gong Qingyu agreed and gave Li Yun a happy smile.

Li Yun didn't add any additional conditions or other sloppy thoughts, but simply invited her to see the exhibition. Gong Qingyu liked this pure and sincere behavior so that she didn't have to think about it so much.

Su Muxin pursed her mouth and shook Li Yun's hand vigorously, saying that she wanted to see it too.

"Stupid." Li Yun reluctantly scratched her small nose, and said dozingly: "Of course you are following me, do you still need an invitation?"

Su Muxin was ashamed. The girl's heart was touched by these words. She couldn't help but rushed into Li Yunqi and acted like a baby. If it weren't for someone around, she would definitely offer her own sweet kiss to express her excitement.

Brother Li Yun's words meant that she was already his closest person, so no invitation was needed.

"Ding, the host has made a choice, and the reward (experience value + 30,000, free attribute points + 100, random gift bag\*2, Gong Qingyu favorability + 2) has been issued!"

Sure enough, the effect of sweet talk was amazing, even the cold Gong Qingyu couldn't help this trick, and his favorability directly exceeded 90.

Gong Qingyu's 91 favorability means that Li Yun is now allowed to make some intimate actions towards her, and will not arouse her disgust.

For example, when he touched his head just now, Gong Qingyu was not angry.

For example, if Li Yun wants to kiss her, Gong Qingyu probably won't object, because she has a high degree of affection for Li Yun. If it weren't for Li Yun to have other girlfriends, Gong Qingyu would have already assumed that she is Li Yun's girlfriend is out.

If you reach the 95-point affinity with Liu Xianxian, I'm afraid Gong Qingyu will also...

"Okay, let's go to the art exhibition after dinner!" Fang Hao became more annoyed. How did Gong Qingyu meet Li Yun? He was so close to him, almost like love at first sight!

Fang Hao now desperately wants to fight Li Yun's arrogant arrogance, make him ugly in front of Gong Qingyu, and even make him despised by Su Muxin, don't think that you can sit back and relax next to the rich woman!

Li Yun smiled faintly, nodded, and said nothing.

After eating, everyone went downstairs. Wu Ke did not follow him. He still needed to deal with the follow-up work. Only a few of Gong Qingyu's classmates followed to the exhibition.

A group of people are either rich or expensive. Except for Li Yun who doesn't have a car, the rest are driving expensive cars worth more than 500,000 yuan.

Chapter 237: I want it all

"Brother Li Yun, come and sit with Little Chili~!"

Su Muxin shook Li Yun's arm and acted like a baby, her small face was full of begging expressions, she even hinted at Li Yun's ear, and whispered: "I'll sit with brother Li Yun, and then I can... give and give Brother Li Yun, you have some benefits~"

Li Yun's heart swayed, this little pepper is really hot and bold, dare to say these words!

"Student Li Yun."

Gong Qingyu didn't say anything, but she was standing next to her expensive BMW M960. The rear door had been opened. In her bright eyes, the look of expectation had already explained everything.

"Gong Qingyu!!! Do you like to be against me so much?" Su Muxin glared at her with her cheeks, but Gong Qingyu did not show any weakness, her eyes were calm, but there was a strong sense of war.

Everyone was stunned. This time they saw clearly that the two top Bai Fumei were really jealous for Li Yun!

Fang Hao can't wait to kill Li Yun at the moment, he can't get a beauty, Li Yun actually hugs right and left!

"Ding, trigger the option event, please choose from the host:

Option 1: Shang Gong Qingyu's car, reward Gong Qingyu favorability +1, random gift bag\*3, extra bonus skill: advanced animation knowledge.

Option 2: Get on Su Muxin's car, reward Su Muxin's favorability degree + 1 million, random gift\*3, extra bonus skill: advanced hip-hop.

Option 3: I want them all, rewards to be determined, depending on the performance of the host. "

Li Yun has a black line, Su Muxin's favorability degree + 1 million, what the hell? The favorability is 100, and you can add a million to it for a fart!

Cheating system!

But do you want it all?

After thinking about it, Li Yun took Su Muxin's little hand and walked towards Gong Qingyu, "Ahem, Mu Xin, we went to Gong Qingyu's car. By the way, I want to see how she draws. I'm very curious about the comics. of."

"Ugh~" Su Muxin pursed her little mouth. Brother Li Yun was obviously just looking for excuses.

But forget it, because Li Yun took the initiative to hold her hand, she Xiaojiao forgave him.

So, after entering the back seat of the BMW, Su Muxin took the initiative to kiss Li Yun on the cheek, and even mischievously gave Li Yun a wink, with a triumphant appearance.

——Mainly triumphant in front of Gong Qingyu.

"Ding, Gong Qingyu's favorability +1, Su Muxin favorability + 1 million, random purple gift bag\*1, bonus skills: master-level animation knowledge, master-level street dance."

Li Yun's heart was dark. Although the two master skills were useless, he was very greedy for the purple gift.

This thing is difficult for thieves to obtain, until now Li Yun has only saved three, and then he will use the mat method to open it later, and then get a colorful gift!

Su Muxin and Li Yun occupied the positions that belonged to the two maids, so they had to sit in Su Muxin's red Ferrari.

Several cars drove towards the destination. Gong Qingyu's BMW was very spacious. She took out the drawing board and put it on her lap. There were various paintbrushes beside her, and she didn't feel crowded.

"I started painting?" Gong Qingyu was a little shy, she believed Li Yun's words, he was a master painter, and Gong Qingyu's painting skills can only be said to be average, more focused on telling stories.

"Okay." Li Yun nodded.

Gong Qingyu began to paint on the board with a paintbrush. Her black hair like a waterfall was tied into a single ponytail, but it did not affect her beauty in the slightest.

Chapter 238: Sending ball painting

Holding a brush, Gong Qingyu, who concentrates on painting on paper, shows her classic beauty to the fullest. Even Su Muxin, who has been against her, has to admit that Gong Qingyu is indeed very beautiful.

The so-called slender lady is a gentleman.

The men of Huang Xuanguo are deeply influenced by poetry and poetry. They always have an illusion about this kind of demure beauty. They look forward to sitting opposite to the ladies, enjoying the moon and composing poems, and they are leisurely and leisurely. Every man must like it very much.

"hateful!"

Su Muxin bit her silver teeth, and she lost again.

In the end, Gong Qingyu drew a beautiful girl with a black dress, which surprised Li Yun. He thought Gong Qingyu would draw male characters in anime, such as Luffy, Sauron, and Naruto.

Unexpectedly, Gong Qingyu likes female characters, but most of the girls who like anime also like female characters, such as Hatsune, Luo Tianyi, or other animations.

Yes, Li Yun has become familiar with these things after he has the knowledge of animation, and can even express his own opinions.

"Qingyu, do you think your Yan Moai painting is beautiful?" Li Yun smiled.

"Well... it's pretty!" Gong Qingyu smiled shyly, "Yan Moai is pretty good-looking, this is my favorite anime character, beautiful, elegant, with a beauty that is close to death and withering. It's so pitiful."

Li Yun nodded secretly, saying that girls have a tendency to light lily, which seems to be true.

"But the Yan Moai you painted seems to be too coquettish." Li Yun smiled.

"That's because I want her to be like this!"

Gong Qingyu looked at Li Yun and said seriously: "Yan Moai rarely laughs in the animation plot. I want her to laugh, so I just draw her smiling face. Don't you think it's bad?"

"It's good, but I think it will be better if you change it this way."

Li Yun stretched out his hand, Gong Qingyu took the initiative to pass the drawing board and paintbrush into his hand. In the process, Li Yun came into contact with Gong Qingyu's beautiful and slender hand.

I have to say that the painter's hands are very beautiful, Gong Qingyu agreed.

The silky, slender, soft touch gives Li Yun a wonderful feeling.

"If I painted Yan Moai's coquettish look, I would paint like this."

The brush in Li Yun's hand flew like a flying brush, quickly composing the picture on the paper, and before long he handed a simple portrait to Gong Qingyu.

Su Muxin also leaned over curiously and saw that in that painting, a woman in a black kimono was standing among a large swath of beautiful flowers, her mouth slightly raised, revealing a smile that overwhelmed all sentient beings.

"This... an amazing composition!"

Gong Qingyu held the painting excitedly. Li Yun's paintings are generally black. This is not because Yan Moai is a girl with a black tone, so black is very consistent with her temperament. .

But it was not all black. Li Yun dyed her eyes and lips, as well as the other shore flower biting in her blushing lips, all red.

Among the large blacks, the reds of these three have attracted more and more attention.

The red eyes show the weird, dead, and withered temperament of Yan Moai.

The bright red lips highlighted Yan Mo'ai's gorgeous and coquettish appearance, which made people unable to help but imagine what it would be like if I could kiss this bright red mouth.

The bright red Higan Flower symbolizes the identity of Yan Moai: a girl from hell.

Chapter 239: Happy Gong Qingyu

"Li Yun, you are amazing!"

Gong Qingyu looked at Li Yun excitedly, her beautiful and clear eyes filled with expressions of worship and admiration.

Su Muxin could tell at a glance that Gong Qingyu absolutely liked Li Yun, because this kind of look was the way she looked at Li Yun, and she was very familiar.

"Huh, bad brother!" Su Muxin quietly pinched Li Yun's waist, her small mouth pouting high.

As the preparatory girlfriend of Li Yun's brother, Su Muxin felt that she had to supervise him!

"Li Yun." Gong Qingyu held the painting in his arms, with a happy smile on the corners of his mouth, "I will definitely paint this picture seriously and completely, and show it to you at that time, and then you can teach me. How about colors and lines?"

"Of course it can." Li Yun agreed, and was attacked by Xiao Chili again on his waist.

"Yeah. Thank you, Li Yun~" Gong Qingyu straightened up slightly, her blushing lips slightly opened, as if she wanted to kiss Li Yun on the cheek.

But quickly realized that Su Muxin was still by her side.

And she didn't confirm the relationship with Li Yun, so she couldn't kiss casually.

After suppressing the excitement in his chest, Gong Qingyu's beautiful little face was full of crimson, and he hung his head shyly, almost touching his chest.

She was defeated twice by Li Yun. Li Yun has good attainments in drawing techniques, plus he knows a lot of animation knowledge, and he has the same language as Gong Qingyu.

More importantly, Gong Qingyu felt very comfortable with him. Li Yun could always guess her thoughts, which gave Gong Qingyu a wonderful feeling of heart-to-heart communication if he didn't like to talk.

Just ask, is there any woman who can resist having a friendly relationship with a man?

Su Muxin bulged her cheeks.

"Ahem, Mu Xin." Li Yun took the drawing board again and smiled: "I will draw you a picture too. How do you feel about drawing you as an anime character?"

"Yeah!"

Su Muxin immediately took Li Yun's arm with joy, and kissed him happily, "Little Chili likes Brother Li Yun the most~, hehe!"

Li Yun smiled helplessly, this little chili was very vinegar, but it came and went quickly, just coax it.

Gong Qingyu thoughtfully, it turns out that Li Yun has a girlfriend.

However, the palace family is a family of martial arts, and I have seen many men with three wives and four concubines, or women with three husbands and four faces. As long as she likes Gong Qingyu, it is not impossible to fight for the position of a regular wife.

Well, let Su Muxin be a concubine.

Gong Qingyu's mouth twitched. Who called Su Muxin had such a carefree personality that she was not suitable for being the mother of a family at all?

Gong Qingyu had to reluctantly take over the position of Li's mistress. After all, her character is very calm, and she can definitely hold down those concubines.

However, Gong Qingyu has not yet made the final decision to become Li Yun's wife.

Li Yun defeated her twice. The so-called matter is no more than three. There is still another chance to confront Li Yun. Gong Qingyu is not so easy to succumb.

For the second mock exam, next week, she will go all out to get a good result!

Only when Li Yun beat her again, or tied with her for the top score, will Gong Qingyu willingly become his wife and never fall in love with him...

...

The car drove all the way to the Zhenming Art Gallery where Fang Hao said that the exhibition was held.

After getting off the car, Fang Hao saw the beautiful and lively daughter of the Nantian Group, yelling while holding a picture.

Chapter 240: Master Lu Qiulu (Part 1)

"Wow, Brother Li Yun painted me so beautifully, hehe, I really like it~~!"

"The fairy spirit is fluttering, shaped like a weak Liu Fufeng. In the eyes of Brother Li Yun, is this the way they are?"

Facing the noisy and yelling Su Muxin, Li Yun knocked her head helplessly: "I just think you like this style very much, so I painted you like this. In my eyes, you are a lively little pepper! "

"Huh? Isn't it a lively little lady?" Su Muxin deliberately sold cuteness, and she also knew that she was not in touch with a lady.

Fang Hao's eyes fired, and Li Yun's hug left and right made him mad with jealousy.

The more he saw Su Muxin's innocent and lively side, the more he was jealous of Li Yun's Yanfu, and the more displeased he was!

"Huh!" Fang Hao glanced at the picture Su Muxin was holding. He wanted to find a shortcoming, but he didn't expect that Su Muxin was wearing a skirt and sitting in the lake pavilion, playing the piano against the lotus in the rain.

The beauty and the beautiful scenery complemented each other, which made people feel so shocked at a glance, that Fang Hao was so speechless that he couldn't speak.

Several of Gong Qingyu's classmates also had weird faces. I didn't think Li Yun could really paint!

"Huh, maybe it was painted by Qingyu."

Fang Hao said stiffly, and Gong Qingyu immediately retorted: "My painting is not as good as Li Yun."

Fang Hao was too embarrassed, Li Yun glanced at him lightly, this kind of clown had nothing to pay attention to.

"Let's go in."

"Hey, wait for me, Brother Li Yun~, I will go with you!"

Master Lu Qiulu seems to be quite famous. At least this exhibition was very successful. The visitors included men and women, old and young, and there were at least five to six hundred people in the gallery, which is considered relatively successful in terms of numbers.

Little Chili also lowered his voice and whispered while holding Li Yun's arm.

The intimate movements made Li Yun a little overwhelmed. Fortunately, it was spring, and the clothes were a little thicker, so that he wouldn't be hugged by the chili peppers, and he felt the girl's softness.

But now it's exciting enough, especially Xiao Chili is not shy at all, almost half of his body is leaning against Li Yun, his dark posture makes his heart flames.

"Ah, this picture is beautiful!"

Little Chili Su Muxin took Li Yun to the front of a picture, and pretended to comment: "The mountains are misty, the clouds are fluttering, and the beauty is so beautiful, it deserves to be a masterpiece!"

Li Yun smiled and said to Gong Qingyu: "Qingyu, can you also comment?"

At this moment, a large group of people walked in the distance, headed by two old men with a crow-like temperament, one of them suddenly sank when he heard Li Yun's words.

An unknown boy, or a stinky hairy boy, is also worthy to comment on his paintings? !

Fang Hao had already seen the person coming, and now he saw the expression on the old man's face again, and he was very surprised.

He greeted him immediately, and said with enthusiasm on his face: "Master Lu, hello!"

Everyone looked over. This old man with a mustache, elegant temperament and a gray hat is Master Lu Qiulu?

"You are?"

"Oh, I'm Fang Langyang's son. I was fortunate enough to meet the master two years ago."

"so it is."

Lu Qiu nodded lightly, his face was full of reserved and arrogant seniors, he looked at Li Yun: "I don't know who this young man is? Is he also learning painting?"

Fang Hao was overjoyed.
