Chapter 24: Fate Borrow, Fate Flower

Ignoring Zhang Dong and Fei brothers who came closer, Li Yun stared at the dozen or so skewers in his hand, turning slowly, and said in his mouth:

"Xiaomeng, be careful when grilling meat. It must not be over-cooked. When the oil is rising, sprinkle some chili powder and wait for the grilled meat to turn into a beautiful golden color.

Use some cumin at this time. "

The corner of Li Yun's mouth twitched, revealing a confident smile, his hands kept moving, evenly sprinkling cumin on the kebabs in his hands.

Suddenly, a scent that was stronger than before, and that made one's forefinger moving, spread swiftly.

The aroma was so strong that Zhang Dong and the others even made them forget why they were here. The three of them stared at the barbecue, listened to the sound of the barbecue, smelled the aroma of appetite, and their saliva was rushing. flow.

"Meng, here you are."

Li Yun handed a skewer of barbecue to Hu Xiaomeng. The lamb was red in color and spicy and delicious. Xiaomeng couldn't wait to take a bite. The lamb was crispy on the outside and tender on the inside. The three flavors of spicy, spicy and fresh were perfectly mixed. Moe has an explosive taste, so that she squinted her eyes, and she couldn't help but make a whine:

"Woo~, it's delicious, it's delicious, it's better than Grandpa Zhou's, it's better than the top beef I ate at the Vinardo Hotel in Zhonghai City, better than me..."

Fox Xiaomeng took another bite with her little cherry mouth, with a happy expression on her little face, and said: "Anyway, it tastes better than everything I have eaten, great! Big brother is great! !"

She ate with her mouth greasy, and everyone on the sideline swallowed their saliva, staring at the barbecue in Li Yun's hand.

"Little, kid!"

Fei Ge said with greedy eyes, his greedy eyes were threatening.

"Ding, trigger the option event, please choose from the host:

Option 1: Give the barbecue to Brother Fei and Zhang Dong first. Reward skill: bow down.

Option 2: Reject the opponent, reward skills: steel and iron bones (effect: strengthen physical fitness, primary).

Option three: teach the other party a meal, reward: some general experience points. "

Li Yun was overjoyed, and it was time to choose an event again!

He has also initially figured out that there is the word'some', which means that the system will reward something based on Li Yun's performance.

The general experience points can be converted into any attributes, such as 100 points of experience = 10 points of strength, or 10,000 points of experience to upgrade skills.

This is also a good thing. Li Yun will undoubtedly give priority to this item. After all, steel and iron bones are added on the basis of physique, and Li Yun's current physique is only a little more than 130, and the skill bonus will not be too high.

Do you teach the other party a lesson?

Li Yun hooked the corner of his mouth, which he was good at.

"Do you want to eat?"

Li Yun handed them three skewers of barbecue. The three hurriedly nodded, and even the snatchers snatched the three skewers of barbecue. The tiger brother who wanted to stop couldn't react.

"Damn!" Brother Tiger scolded depressedly.

Li Yun shrugged and asked with a wicked smile: "Zhang Dong, A Fei, is the barbecue delicious?"

"Delicious, delicious, so delicious!!" The three nodded repeatedly.

"Then can you tell me, what are you doing here?"

"this....."

Brother Fei hesitated and said happily: "I heard Zhang Dong say that you have one hundred thousand yuan on your body, so I want to borrow some money from you, hehe, buddy, don't you?"

"So that's it, borrow, of course, but."

Li Yun smiled faintly, and a dangerous look flashed in his eyes, "I'm afraid you have a life, but you have no life!"
