

Godly Choice 2421

Chapter 2421: It's the wild goose and the master

"Ah..." Liu Xianxian panted hard and got rid of Li Yun's kiss. His eyes were full of tender affection. He watched his eyes and opened his ruddy mouth and continued to sing: "But big geese don't What I know is that another sharp arrow is already aimed at him."

A pistol was raised.

The dead young man, looking at all this with trembling, jealousy, resentment, and anger, swallowed his reason: "*husband*women, you all have to die! Die!!!"

"carefully!"

The crowd onlookers and Liu Xianxian's singing sounded at the same time.

"The white swan reminded the geese, but her lover was still pierced by a sharp arrow in her throat." Liu Xianxian became more sad, his hands tightly around Li Yun's neck, tears in pain: "The two, two died in the end. Together, the white swan died in the arms of his lover, and the wild goose died holding his lover and was buried in this beautiful but sad garden."

"I'll let you die together!" The young man yelled frantically, and the bullet flew out again after the gunfire was blocked by a finger.

Whoosh!

The squashed bullet flew back, piercing his throat.

Li Yun retracted his finger, touched the pure cheek of the white swan in his arms, and kissed her tenderly. The white swan shed tears, and responded greedily and obsessively to the wild goose's kiss.

Warm, timeless, love is so maddening.

Until the white swan was almost unable to breathe, the two reluctantly separated.

"But the miracle was born. The gods descended to the earth and saved the white swan and the wild geese. The two have lived a happy life." Li Yun smiled, stretched out his hand to shave off the fairy's cute little nose, and adapted the story.

"...Poof~"

Liu Xianxian showed a happy smiling face, blushing, and his lips flushed and said: "I have finally brewed a beautiful love story. I am so moved. I am proud of my beautiful literary talent and wonderful singing voice. You The bad wild goose doesn't match the atmosphere at all!"

Li Yun couldn't laugh or cry, "Beautiful literary talent? Why do I find it inexplicable, why is it suddenly advantageous?"

"Stupid!" Liu Xianxian nodded Li Yun's nose, and said angrily: "Of course the swans in the garden are raised. They are about to fly away, and the owner is of course not happy."

"..."

Li Yun has nothing to say, what is the brain circuit of a girl?

"But the real white swan has not been raised." Li Yun asked again.

"I was raised by you." Liu Xianxian replied without thinking.

"Then I have a second job? It's the wild goose and the master... well, cough cough cough."

Li Yun thought of something evil. Fortunately, Liu Xianxian didn't know the meaning, and said innocently: "This is just literature. I just want to be moved in tragedy. After all, there is contrast to happiness. Okay, that's amazing, he's not that kind of person, right?"

"What kind of person?"

"Huh, you know!"

Well, the white swan is jealous.

Li Yun smiled. Liu Xianxian knew that he and Feiyao's three daughters had been playing on the Ocean Princess for a few days, and they were always jealous.

However, after kissing her intimately just now, Xianxian was also satisfied a lot, the jealousy quickly dissipated, and a happy smile was restored on his pure face, holding his arm.

"Everyone."

Li Yun turned his attention to those hotel managers and others: "Everyone is safe, you can stand up with confidence!"

A group of people still squatted on the ground in a daze, shocked by Li Yun's method just now and Liu Xianxian's song sang under the gun.

The picture just now is really too much like the love of the hero and heroine described in the movie!

Chapter 2422: Tell

Everyone was in shock, but fortunately, tonight was enough to worry about it, and I had seen too many things beyond common sense, and people who could not resist mentally collapsed long ago.

Therefore, the security and waiter in the hotel also recovered quickly. Under the leadership of the manager, they stood in the lobby and bowed deeply to Li Yun: "Thank you Mr. Li (Superman Li)!"

Although the voice was messy because of the panic, judging from the expressions on their faces, everyone's gratitude came from the heart.

With arms around Xianxian's graceful waist, making her soft body close to herself, Li Yun said amusedly: "Actually, I don't like the name Superman very much, after all, Superman is not as good as me."

"Uh."

Everyone was speechless, and Liu Xianxian chuckled, "You are not afraid that others will say you are too arrogant!"

"No." Li Yun shrugged: "I have been called Li Superman by many people tonight, which made me embarrassed to death."

"Hehe, you are a great hero, okay, great hero, take me to meet those sisters." Liu Xianxian urged.

"Uh, Xianxian!"

Sister Zhang's expression was rather helpless, but she did not dare to say anything to the man who abducted Liu Xianxian.

Just now Li Yun showed great power, while talking about love with Xianxian, while shooting a powerful flame to kill the culprit between his fingers, it has deeply entered her mind.

Sister Zhang now fears Li Yun far more than she did in Donggou Village.

"Ah! Sister Zhang, you are downstairs too!"

Liu Xianxian patted her head and spit out her little fragrant tongue. She actually forgot that her agent was in front of her.

Ever since he knew that Li Yun took the three girls on a cruise ship, and that they were not Fang Xue and Li Feng in Longyang County, he had been thinking about how to face them and build a good relationship.

However, judging by Li Yun's eyes, the three girls should also get along well, right?

Every time I think about it, the international star, after taking the queen song of the Grammys and the Little Golden Man, can't help but feel a little worried.

"Xianxian, you..." Sister Zhang stopped talking, but in the end she didn't say anything. She didn't dare to offend Li Yun in the slightest.

"No need to go."

Li Yun smiled: "They will come soon. By the way, the sage saint you met once will also come."

"That fairy with a wonderful voice?"

Liu Xianxian's eyes lit up. After meeting the Vatican Sage at the press conference last time, she has never forgotten this fairy with a natural voice and a cold and holy temperament. If she can be invited to participate in the MV and let her use it Sing a sentence or two with a beautiful voice, I don't know how it will sound nice!

But unfortunately, Liu Xianxian also knows that the saint lady is of noble status, and definitely will not accept the so-called MV shooting.

"Well, it's her."

Li Yun nodded with a smile, and contacted Little Pepper with his mobile phone.

Among the few girls, only Xiao Mingzhu and Su Muxin were more reliable. Jin Liuli was playful and playful, Xia Feiyao was like a daughter-in-law, and Qing Sheng... She didn't like to talk, so Li Yun chose to contact Xiao Jiao.

Just after saving Xianxian and others, the system also had a selection event, which rewarded a golden gift bag.

This makes Li Yun have more than 30 golden gift bags, and there are several colorful ones. We will open another wave when there is free time.

"Okay, they will come soon." Li Yun hung up the phone, Liu Xianxian nodded happily, and took his hand out of the hotel: "Li Yun, tell me what you have encountered these days!"

Chapter 2423: stay

Seeing Li Chaoren, no, Mr. Li leisurely began to talk about love with Liu Xianxian, the big star, and the hotel manager and security attendants were relieved.

As long as Mr. Li is here, who dare to come to the Alohirani Hotel for the monsters and gangsters on Haowei Island? !

"Mr. Lee!"

The hotel manager cautiously called the couple who wanted to get out of the hotel and talked about love: "I will prepare the best suite for your friends. How about you staying here tonight?"

"Huh?" Liu Xianxian was a little strange, "Only for his friends? Manager, don't you prepare a room for Li Yun?"

Everyone had weird faces, it turned out that the big star and her boyfriend didn't have that much.

Li Yun said innocently: "Xianxian, aren't we boyfriend and girlfriend? Tonight should be..."

"Ah? At night?" Liu Xianxian's pure and beautiful face was stunned, and after thinking for a while, he understood what Li Yun and the manager meant. The little cheeks were immediately red, and he couldn't say anything.

—Her sisters have been with Li Yun on the sea cruise for so long, is it her turn to be too?

Her agent Zhang Jie sighed inexplicably. It seems that the purest Bai Yueguang in the fans' hearts, the idol known as the fairy bun and the fairy sister, has fallen. If this is exposed, I am afraid Liu Xianxian will no longer be able to follow the pure and pure jade girl route. .

However, Sister Zhang also knows that Liu Xianxian doesn't care about this. She has always relied on her works to speak, not on hype.

"Ha ha."

Li Yun smiled and said to the hotel manager: "You should prepare a few rooms first. As for whether you need them or not, I don't know. However, there should be no guests coming to stay at this time."

The hotel manager smiled awkwardly.

Not to mention this time, I am afraid that for a long time in the future, Haowei Island will become a forbidden place for tourists from all over the world—who will be attacked by monsters, tens of thousands of people died overnight, maybe hundreds of thousands Traveling on the island?

"Humph."

With a small snorted, Liu Xianxian grabbed Li Yun's hand and walked out. You can vaguely hear her muttering something that you must not let you sleep in another room with them.

Li Yun smiled, although it was very exciting now because of kissing Liu Xianxian for a long time, but now it's really not a nonsense, let alone the time to take away the first blood of this kind and innocent star.

There will be a lot of time in the future. For example, as Xianxian mentioned, when I went to make a martial arts movie with her, then Li Yun would take a leave of absence to accompany Liu Xianxian on a date while making a movie. It was perfect.

"Everyone."

Sister Zhang suddenly thought of something. She smiled and said to the hotel manager and others: "I think Mr. Li doesn't like others taking pictures of him, let alone being posted on the Internet. What do you think?"

The hotel manager immediately understood what she meant, that she didn't want Liu Xianxian's love affair to be exposed now. After all, for Liu Xianxian, when his career was still in full swing, he rashly broke out a boyfriend, which still had some impact on his career.

But then again, Liu Xianxian's boyfriend is Li Chaoren, will it be advantageous instead?

"I will let someone delete the photo!"

The manager asked for a while, only to realize that no one dared to take pictures of Mr. Li, none of them!

After thinking about it, the hotel manager figured out why.

Ordinary people dare to take pictures of celebrities and other big people with their mobile phones, but if a strong man like Li Yun doesn't like taking pictures, he can burn the stolen shooter to death with just a few shots. Who dares to risk his life and offend an extraordinary person? ?

Chapter 2424: Liu Xianxian's kindness

Alohirani Hotel is strategically located, facing the sea, and you are on a beach covered with fine soft sand. There are dozens of sun loungers with umbrellas in front of the door.

In the past, it is estimated that there will be a group of beautiful women in swimsuits, lying on chairs leisurely, drinking an iced drink with lemon, while sunbathing. The beautiful figure and healthy complexion constitute the most in front of the Alohirani Hotel. A beautiful scenery.

But now, it was three or four o'clock in the middle of the night, the sky was gloomy, dense fog enveloped, and from time to time there were gunshots, explosions and the roar of monsters from afar, making the scenic beach desolate and desolate.

However, Liu Xianxian did not feel that way.

Lying on the chair and chatting with the man she loves deeply, even the gloomy sky couldn't stop her inner joy.

"Li Yun, tell me what happened on the Ocean Princess!" Liu Xianxian slept for less than two hours tonight. The rest of the time was spent on the news, watching the cruise ship that was attacked by the monster on Haowei Island. , Pay attention to the situation of her lover on the cruise ship.

Now that everything is safe, let her curious, restless heart seeking excitement is about to move again.

"Ocean Princess? Do you want to listen to the detailed version of more than 20,000 words, or do you want it to be brief?" Li Yun teased with a smile, and played with this superstar with a pure temperament and kind character, which made him feel particularly fulfilled. .

It's like pinching the silly face of the wise and benevolent medical fairy, kneading and rubbing it to make the beautiful and stupid face of the medical fairy pink.

"Of course it is a detailed version!" Liu Xianxian wanted to say frankly, but there was another explosion in the distance. It should be the sound of the island garrison bombarding the sea with artillery shells and killing the monsters trying to go ashore.

"Li Yun." Liu Xianxian's expression was a little disturbed, "Shall we... do you want to help? Many people will die tonight... I, I'm not that kind of Virgin, but I just can't bear to see this..."

Liu Xianxian still knew about the Virgin Mary mentioned on the Internet. She didn't want to be a Virgin Mary and forced Li Yun to save people, but...someone died in the distance, but she and Li Yun had a love affair here, let her The more you sit, the more upset you are.

Li Yun shook his head helplessly: "I can save one, save two, but I can't save everyone on the island by a million. Only by calming down, seeking countermeasures, and directly looking for the real enemy's life gate, is the best way to go. Way to save people!"

Liu Xianxian stuck out his tongue and apologized obediently: "I'm sorry, Li Yun, I am too capricious. You have been fighting all night, but I still don't know how to be considerate of you, I'm sorry..."

Her eyes were red, and she was too self-willed.

"It's okay, after all, your character is like this, kind-hearted fairy sister." Li Yun comforted her, and then said: "But I still have to apologize for what I should, come, kiss your husband and me, husband and I have been busy all night. I am tired after saving tens of thousands of people. It is time for my wife to come and kiss to have motivation."

"Yeah~"

"what?"

It wasn't until Liu Xianxian's soft and moist lips and petals were printed on his face that Li Yun realized. Originally, he was just playing with his girlfriend.

"That's great! Come to the left again." Li Yun smiled and turned his right face over, Liu Xianxian covered his mouth and shook his head with a grin: "Don't don't, my wife's relatives can't encourage too much, one time is enough! "

Chapter 2425: Sister Shenxian accompany me

"Then put it another way, my wife needs her husband's personal encouragement!"

Li Yun hugged her shamelessly, and in the resistance of Liu Xianxian's delicate voice, he drew the energy of his wife to his heart's content. His spiritual satisfaction was overwhelming, and he was able to display the fascination ability.

"Awesome."

Li Yun was satisfied, took a sip of coffee from the blushing waitress, smiled and watched Liu Xianxian, whose eyes were blurred, slowly regaining his senses.

"Li Yun, you are too bad!!"

Liu Xianxian puffed up his mouth and took a sip of coffee to moisturize his mouth. Then he suddenly noticed, coffee? Doesn't it mean that when she was close to Li Yun just now, a waiter was there? And I saw her and Li Yun from close range...talking about love! ?

"It's necrotic for you!" Liu Xianxian gave Li Yun another annoying look, his pure face was flushed with shyness, indescribably beautiful.

"Hey-hey."

Li Yun is not a boy at the beginning, but a man, and has long been a cheeky man.

Besides, when girls talk about bad guys with men, they are mostly coquettish and shy, and the actual meaning has to be understood in the opposite direction.

"Let's talk about the Ocean Princess." Liu Xianxian was still thinking about it, and urged: "Speaking of the detailed version, anyway, we still have time now... Yes, do you want to take a break?"

"No, it would be nice to have Sister Shenxian with me."

"Hate! Why call me this nickname?"

"Because I like Sister Shenxian."

"Woo, no more talk!"

"That's called a fairy bun?"

"Ahhhhh badass!"

The two played around for a while, and Li Yun confirmed that Liu Xianxian wanted to listen to the detailed version of tens of thousands of words before clearing his throat and said: "The matter started on the day we boarded the ship."

"..."

"On a date with you all day, and still live together?!"

Listening and listening, Liu Xianxian suddenly reacted, his big round eyes widened: "You, you, my God, Li Yun, you are really..."

She blushed, and the girl's heart was pounding. It turned out that this villain was much worse than she thought.

It's so bad!

Liu Xianxian is in the entertainment industry, but she is from a good background and is supported by her parents' money and resources. She has never experienced the darkness of the entertainment industry. She only occasionally hears the unthinkable things. Liu Xianxian doesn't take it seriously. It is an exaggeration.

Unexpectedly, her boyfriend actually did something similar, going on a trip alone with a few girls, and also...!

Li Yun said innocently: "It's an immortal, you want to listen to the details, there will be more later, after three days of rotation, everyone will be together..."

"Ahhhhh!! Don't say it!"

Liu Xianxian covered her ears and didn't want to listen, but the point was that she understood!

Woo, Liu Xianxian only felt that he had become impure, and he was taken astray by the villainous big pervert like Li Yun...

"Xianxian."

Li Yun gently held her little hand, "I'm sorry."

He apologized sincerely.

After all, it doesn't make sense to leave Xianxian alone while traveling with three girls.

Liu Xianxian pursed his mouth and blushed and said: "Why do you apologize? Do you want me to join? I, I don't want to... at least not now, I'm not ready yet..."

Li Yun was stunned for a moment, wondering if Xianxian was already thinking about joining?

However, the appearance is beautiful and pure, and there is a high-profile fairy sister in the world who is willing to join the squabbling team. Li Yun said that it is false that she is not heartbroken.

If one day, the confidantes around him can all be together... Come to the beach for four to play, it will definitely be the pinnacle of life!

Chapter 2426: Was watched

"No, don't think about it!" Liu Xianxian said with hot cheeks, biting his thin lip: "I'm not ready yet, besides... I don't even know them!"

Playing foolishly with Li Yun with a strange woman, Liu Xianxian still can't save this face, at most, at most...No, at least everyone should know each other and become familiar friends, right?

Seeing her shy and evasive look, Li Yun's fierce fire cooled down a bit, holding her novel softly and saying: "No hurry, we have time in the future. By the way, I didn't agree with you. Do you want to make a martial arts movie together? It's directed by Zhang Ke, when that happens, we will be dating and making movies at the same time, how about?"

"That's what I think!"

Liu Xianxian blurted out. She has actually wanted to do this for a long time. Unfortunately, Li Yun has not been free. Director Zhang Ke has clearly prepared the script and funds, and the actors have also contacted him. She just waited for Li Yun, one of the leading male actors, to make time.

Li Yun couldn't help but said, "Okay, that's it."

Liu Xianxian raised the corner of his mouth, showing a shy and expectant smile.

"Li Yun, I want to change the song just now and add it to my next album. Then you will come and shoot the MV with me, the live-action version!"

"when?"

"Hehe, don't worry, wait until we go to university."

Looking at her beautiful smiling face, Li Yun thought of something: "By the way, Xianxian, I am going to move to Huangting Mountain, right?"

As one of the top residences in Zhonghai City, Huangting Mountain gathers a large number of wealthy individuals, including Xiao Mingzhu, Liu Xianxian, and Su Muxin from other places, all of whom have real estate.

"I knew it a long time ago." Liu Xianxian blushed and said: "The owner group has already passed on that the owner of Baiyun Technology is going to move to Huangting Mountain. It seems that everyone is discussing to visit you."

This is one of the benefits of rich people living together. With the convenience of "neighbors", they can easily obtain various resources and make money together.

Therefore, moving into Huangtingshan is equivalent to getting a ticket to enter the upper class of Zhonghai City. The newly rich people don't mind spending one or two billion to enter this circle.

Li Yun is a bit different. He is a top-tier circle himself. People have always approached him in an attempt to join the bonus circle brought about by the rise of Baiyun Technology and get a share of the pie.

"It's good to dare to love." Li Yun smiled: "From now on we can go to school together, go home together, run together in the morning, and walk around the Huangtingshan store in our leisure time."

Liu Xianxian's eyes are getting brighter and brighter, and he feels happy even thinking about this life.

"It's a pity that I have to go out to film...Well, let your confidantes accompany you, huh!"

Big stars are jealous again.

Li Yun held her smooth little hand, kneaded and squeezed in the tender palm, successfully turning the jealousy of the big star into shame, and a pure little face was full of happiness.

"Well, I'm going to start working, and I need to write down the lyrics while I still remember."

"Do you want me to remind you so that the beautiful white swan can regain the memory of just now?" Li Yun smiled and looked at her.

"What do you want to do?"

Liu Xianxian became very vigilant, but how could the beautiful white swan resist the attack of the bad geese? Within three or two strokes, the white swan fell into the arms of the wild goose, and once again recalled the unforgettable, lingering feeling of love before.

Then, I was watched by a group of people who had been late.

Chapter 2427: Meet a few women

After Xiao Mingzhu got off an armored car, he saw at a glance sitting in front of the hotel. To be precise, it was two people sitting in a chair and the other sitting in his arms, kissing each other intimately. One scene.

And the girl sitting in the arms of a man, she has known each other for many, many years, that is, the green plum and green plum, Liu Xianxian, who has been playing since childhood! !

"you!"

Xiao Mingzhu's shocked words awakened the big star who was in a hot kiss. She turned her head and saw her best friend, Xiao Mingzhu, known as the Pearl of the Sea, was standing less than three meters away from her. I watched her closeness with Li Yun just now!

"Pig, you, how are you..."

Liu Xianxian's shy cheeks blushed first, and he hurriedly left Li Yunqi, but immediately thought: "Why are you here? Could it be that you are... on the Ocean Princess..." and Li Yun had been fooling around for seven or eight days? !

Liu Xianxian was dumbfounded.

It doesn't matter if you are taken down by Li Yun, how can you even know your best friend, a friend who is much closer than a good girlfriend, and also know Li Yun? !

When he saw the three girls standing next to Xiao Mingzhu, Liu Xianxian became more sure that Xiao Mingzhu had been messing around with Li Yun all those days!

It's just that the appearance of being intimate with Li Yun was directly "caught" by the three sisters, which made Liu Xianxian unavoidably shy, but inexplicably, she felt so happy that she finally managed to win back a city instead of looking enviously. They had been messing around with Li Yun for many days.

"No!"

With a cheerful personality like Xiao Mingzhu, he couldn't help but feel hot on his face, thinking that if he really joins the ranks of the pranksters of the Ocean Princess, it would be... really messy!

"Ahem, Mu Xin, Feiyao, and Xiao Liuli, where is our Lord Saint?"

Li Yun looked at the three women and asked. They arrived in a few American armored vehicles and were escorted by a group of soldiers, but Li Yun did not find Qing Sheng.

"Master Saint said that he would like to explore nearby, and he will come soon."

Xia Feiyao walked up to Li Yun and couldn't help looking at Liu Xianxian, this is the little woman of her husband, right? He looks really beautiful, looks very pure, and his personality...should be very good, right?

"That's it."

I was a little disappointed not to see the Saint Li Yun of the Vatican, but quickly laughed: "Fiyao, come, let me introduce you to each other, this is the international star Liu Xianxian, known as the fairy sister, fairy buns, have you heard of it?"

"Huh? It's Linger!"

The other name Xia Feiyao may not understand, but Liu Xianxian participated in a very famous movie. At that time, she was still a child star with her round cute face and won the love of audiences all over the country, so everyone kindly called her fairy buns!

After growing up, Liu Xianxian was pure and beautiful, with an immortal temperament. She was acting in a love drama in which the heroine was called Ling'er, and she was also named the fairy sister.

Liu Xianxian was a little embarrassed, and stuck out his tongue: "Ling'er is a character I like very much, but I like this...little sister better? Big, uh, call me Xianxian."

Only then did she see Xia Feiyao's immature baby face, and she was shocked. She thought that Li Yun had acted on a junior high school girl and looked down. After seeing the capital above E, Liu Xianxian was shocked again. Once, I didn't even dare to confirm the title of little sister.

The little sister is the big sister!

Chapter 2428: Union

"Hee hee~"

The restless Su Muxin approached Liu Xianxian kindly, took the initiative to hug her, and said with a smile, "Xianxian, do you remember me? From now on, we will be a family."

Liu Xianxian was at a loss.

Even the daughter of the Su family is Li Yun's confidante?

This villain is too...passionate!

Li Yun smiled, pulled over the awkward little Liuli, and introduced Liu Xianxian. Although the latter was a little jealous, he still called Xianxian awkwardly, which made Liu Xianxian look happy again.

The commanders of the various countries who came with the women all showed a weird expression.

They confirmed one thing. The Huang Xuanguo's Li Chaoren is terribly strong, but not without weaknesses. Judging from the various beauties around him, sending some spies with beautiful women may be able to achieve unexpected results!

Of course, ordinary spies must not be successful, they must be top-notch, preferably aristocratic women with good backgrounds, such as the royal princess of country Y, Alice Windsor.

Some people are even wondering whether Country Y specially gave Li Yun a noble and beautiful princess, so Mr. Li gave her a flame trident made of gold!

"Everyone, sorry to trouble you to come here."

Li Yun finally noticed these people, nodded to them, and motioned everyone to sit down and discuss.

The manager saw a dozen armored vehicles parked in front of the hotel and thousands of soldiers from all over the world. After being startled, he quickly became excited.

This also means that the Alohirani Hotel will be safe for a long time, so there is no need to worry about the attacks of those monsters!

Thinking of this, the hotel manager hurriedly sent people all kinds of drinks to serve this group of commanders with strong military power in the late night meeting that made plans!

"Mr. Li." As soon as he sat down, Korolev, who was fighting in the bear country, couldn't wait to ask: "What do you plan to do? The enemy's fog is too large, our movement is restricted, and the outer fleet is also moving in. No, unless you let the saint..."

Li Yun glanced at him faintly, Korolev quickly changed his words: "The Saintess is a noble woman, and she naturally cannot act in person, but her subordinates should also be able to lead people through the fog?"

Barrett of the Lican country was very upset, but this time it was not his turn to speak. The commander-in-chief of Haowei Island, the four-star general Philip, had arrived, and he was sitting opposite Li Yun!

"Eastern Slavs." Philip tapped his finger on the table and said coldly: "Please pay attention to your words. This is the territory of the Lijian country. Your fleet is forbidden to enter Haowei Island without permission!"

"Haha." Korolev, who fought in the bear country, laughed. "I drove the aircraft carrier all the way down from the Bering Sea down the ocean currents to the waters of Haowei Island. Do you think I still care about your threat?"

"Hehe, the missiles of our country's military bases distributed in more than 70 countries and regions around the world have been targeted here. Are you afraid I don't know. All I know is that once I order, the entire Haowei Island waters will be bombed. The bottom is up to the sky!"

Philip is using severe threats to prevent the fleet of other countries from entering Haowei Island!

"Shut up."

Li Yun's tone was indifferent: "I said that before this incident is resolved, the human side is forbidden to fight against each other. The right to life is greater than the right to territory. Now, let me sit down and discuss the next actions, otherwise just get out!"

Chapter 2429: Bright Pearl's Wisdom (Part 1)

No one dared to stand up angrily and leave.

Even the most arrogant Philip, faced with the vast array of six gates that obscures the sky, feels helpless. The plane can't fly to the sky, the ship can't get out of the sea, and even the approaching submarine is spinning around under the water. Become a den of the devil, a paradise for monsters.

"Mr. Lee!" Philip barely squeezed out a smile: "Li Jianguo is very grateful for your help. I don't know if you have any good ways to deal with the current situation? Can the power you have can help us out?"

"can not."

"That's great, we must listen... eh?"

Philip's words came to an abrupt end. He originally thought that Li Yun would say there was a way. After all, judging from his previous performance, Li Yun's power was mysterious and unpredictable, and he took a few beautiful women to the island with a very leisurely appearance. As a result... ..

Everyone looked at Li Yun in horror. If Mr. Li couldn't help it, they would have to wait to die if they were trapped on the island!

"I'm just a person, not a god."

Li Yun's tone was flat: "Waiyi Island is too big, and we have too few people, but the enemy uses aura to mutate marine life and restrain us from dealing with monsters. This is what we need to face. Question, so my answer is: I don't have a good solution at the moment!"

The commanders of the countries fell silent.

Li Yun is very strong, but the man behind the scenes of this shocking change seems to be stronger, and because he is hiding in the dark and taking the lead in launching an attack, he now occupies an absolutely powerful position!

Xiao Mingzhu said: "Now we are facing three problems."

The commanders of various countries looked at the young girl.

Each of them is at least fifty or more, and they are the naval commanders of the top ten powerful countries in the world, and their status and status are extremely extraordinary.

Mr. Li only speaks by his own strength. Why can you tell a little girl in a movie?

"First."

Faced with these questioning eyes, Xiao Mingzhu's delicate face did not show any timidity, and he spoke clearly: "The mist; second, the enemy's position; third, the enemy's purpose!"

"You said we all know this!" Philip said in a deep, unhappy voice, bowing to Li Yun, a member of Huang Xuan country, is already his limit, but now a little girl from Huang Xuan country dares to teach them to do things? !

Li Yun smiled, looking at Xiao Mingzhu neither encouraging nor stopping.

It stands to reason that Li Yun wants to encourage his girlfriend, but if Xiao Mingzhu doesn't even have the courage to speak up, then don't participate in these things in the future and become a beautiful female president obediently.

Moreover, Li Yun's own existence is already Xiao Mingzhu's greatest backing!

"If the problem exists, we must find a way to solve it."

Faced with naval commanders from more than ten countries, Xiao Mingzhu remained calm: "First of all, we have no solution to the fog, and Haowei Island is too big, so we need to shrink the defenses to let the people scattered on the islands. Think of a way to gather together, and let Li Yun, Master Saint, and several masters of the Hidden Sacred Valley defend separately. It is best to cover each other and support at any time."

"Assemble the crowd?" Someone said disdainfully: "This has become a living target. The enemy only needs to control the monster to attack, and the people will suffer heavy casualties!"

"You probably underestimated the power of modern weapons."

Xiao Mingzhu's words made the man's face blush.

Indeed, if the monsters gather to attack, it will give the missiles a chance to concentrate their attacks.

Chapter 2430: Bright Pearl's Wisdom (Part 2)

"But the process of gathering people is inherently dangerous!" Some people are worried about this.

"Stay at home, in the hotel, in the hotel, isn't it dangerous?" Xiao Mingzhu asked rhetorically.

Everyone was silent, and it was already the greatest danger to fall into this sudden crisis tonight.

"There is a second benefit to gathering the people." Xiao Mingzhu continued: "The chaos on the island now is not conducive to searching for the enemy's tracks. If the opponent sets up such a big game, there must be something that lasts for a long time, and the movement is very large. After gathering people, we can protect the people while waiting for the enemy to take action, so as not to change!"

Well, that means..."

The conversation was spoken in Chinese, and Xiao Mingzhu explained this Huang Xuan national idiom again.

Li Yun smiled. Although he had begun to agree with Mingzhu's proposal, he still did not comment.

He is now in a different position. Once he speaks, maybe all these people agree with him, which is not conducive to raising objections and making the plan more comprehensive.

"Unchanging and changing..." Alice nodded, "This is a good way, and it also solves the problem of us repeatedly walking in the mist and being attacked by the enemy. To be precise, there are certain breaks in the three problems. effect!"

Focus on protecting a few places. If the enemy's goal is more than 300 people on the island, it will inevitably collide with the human side. Again, the same thing will not change.

Everyone nodded their heads to express their appreciation and recognized Xiao Mingzhu's opinions.

But just recognition does not mean that they will value her. These people are used to being in high positions. Unless they are someone with powerful power like Li Yunfan Qingsheng, they simply don't bother to listen to ordinary people's suggestions, even if Xiao Mingzhu is a thousand-year-old. Like a billionaire daughter!

The reality is that no matter how good the opinions of ordinary people are, those who are generals will only nodded quietly, and won't yell that I can help!

—Unless you are really driven to a dead end.

"Of course." Xiao Mingzhu smiled slightly and looked at Li Yun and said: "All the premise I said is that the transcendents have enough power to resist the strange attacks of the enemy."

Li Yun spread his hands: "I'm fine, I just don't know them—"

Looking into the distance, everyone followed, and soon they saw dozens of rays of light rushing out of the fog, hovering over everyone's heads for a week, and after confirmation, they landed in front of the hotel.

Everyone stood up wisely, not to welcome these extraordinary people in the Hidden Sacred Valley, but just to pay respect to the saint who once held a bell and took them through the mist.

Of course, this does not include Philip of Li Jian, who is still sitting in the same position as Li Yun, with a cold face and said nothing.

Presumably, this guy saw his country's territory surrounded by foreign fleets, and was also arbitrarily entering and exiting by a group of extraordinary people coming and going, did he feel uncomfortable to the extreme?

But no matter how unhappy, the four-star general did not dare to get angry, at least not yet.

"Qing Sheng."

Li Yun is probably the only person who hasn't stood up. He beckoned to the fairy who was walking in the distance: "You came back just right, I have something to discuss with you."

"presumptuous!"

"Who is this person?!"

"Bold, how dare you be so rude to Master Saint!"

"Kill this unknown mortal!"

A group of practitioners from the Sacred Demon Squad of the Hidden Sacred Valley looked at Li Yun with annoyed eyes. The latter did not move his eyelids, and smiled at them.
