

## Godly Choice 2431

Chapter 2431: conflict

"discuss?"

Sage Lian of Fanqing moved over lightly, and Jin Liuli, who had become a loyal fan of her, immediately gave up her position and ran to a nearby chair to move over.

As for the others, Jin Liuli doesn't want to care about them, just sit wherever they are!

Of course, Su Muxin, Xiao Mingzhu, Xia Feiyao, and Liu Xianxian sitting at Li Yun's table did not take their buttocks away from the chair.

"You maid has no eyesight." Standing next to Fan Qingsheng, a young man who had been following her just now showed displeasure, and said coldly: "I don't even move more stools when I see us come. I don't have any education. ."

"You are the maid!"

These words made Jin Liuli so angry that she almost wanted to pull out the soft whip on her waist, clenched her small fist, and said angrily: "I gave the saint a chair because I am willing, what are you? Dare to say I have no education!"

"Looking for death." The flying sword in the young man's hand whispered, and he was about to go out of the sheath and behead the rude maid.

But then, a chill rose from the bottom of his heart, causing him to forcibly interrupt his attempt to unscrew the flying sword, and his eyes looked suspiciously at the man sitting next to the Lord Saint.

"do you know?"

Faced with dozens of indifferent gazes from the Hidden Sacred Valley, Li Yun smiled faintly: "If I kill you now, no one can stop it, and I can still get a lot of rewards."

Reward refers to the selection items given by the system.

"Ding, trigger the option event, please choose from the host:

Option 1: Kill Lu Nianxian, the old disciple of Wu elder directly, reward experience value +10 million, all attributes +1000, golden gift bag\*1, trigger event: take away the saint woman, destroy the hidden sacred valley. Extra reward: colorful gift bag\*1.

Option 2: Take a lesson to him, reward experience value +4 million, all attributes +500, purple gift bag\*1.

Choice 3: Ignore, let your own woman be bullied, reward skill: Shrink the head Xuanwu. "

Shrinking Xuanwu? Xuanwu is not a tortoise, if it is really related to Xuanwu's skills, it is at least the same level as Tongyou.

Unfortunately, it is impossible for Li Yun to choose the third experiment to see what this skill is.

A woman who allows outsiders to bully herself, shrinking her head Xuanwu is not a tortoise but also a bastard!

"What a mad boy!" Lu Nianxian, the disciple of the Hidden Sacred Valley who wanted to do it before, sneered, pressing his right hand on the magic weapon flying sword, thinking of the master standing behind him in the Void Returning Realm, and the Nanhua senior who also had the same Void Returning Realm. Why be afraid of him?

"Stop it." Fan Qingsheng stopped. She was not good at dealing with these conflicts, so she could only say so.

"Master Saint!"

Lu Nianxian was unwilling to spare Li Yun so easily, and he bowed his hand to her: "This person's origin is unknown, Lord Saint, don't be fooled by him! I heard that he can use spells, I think he is in the magic door. People, deliberately deceived you, Master Saint!"

When Lu Nianxian saw Li Yun's handsome and sunny face, he couldn't help but burst into flames. This man must have been a traitor sent by the Demon Sect to seduce the Lord Saint!

"...No." Fan Qingsheng shook her head, she is indeed very bad at handling these things.

Moreover, she also realized that her status was declining, and the people of the Hidden Sacred Valley were increasingly ignoring her orders.

"Master Saint, I think you should be more careful!" Lu Nianxian looked at Li Yun with disdain and alertness. This person dared to sit next to Master Saint, already committing a serious crime!

Sage Fanqing finally closed his mouth.

She is really not good at these.

Chapter 2432: A palm

"Look at my hand." Li Yun smiled and raised his right hand, shining in front of everyone in the Hidden Sacred Valley and Lu Nianxian: "Do you know what it means?"

Everyone in the Hidden Sacred Valley folded their arms and sneered. They had an attitude towards the mortals outside or those in the Demon Gate.

"Don't understand? The meaning is actually very simple."

Li Yun looked cold and indifferent, and a huge amount of spiritual energy quickly gathered on his palm. The surrounding wind was violent, the fog was stirred and turbulent, and everyone's expressions changed.

"My palm--" Li Yun's right palm slowly waved to Lu Nianxian, manipulating a massive amount of spiritual energy.

He didn't use any spells, nor did he use the earth suffocation blessing. Li Yun simply relied on his innate Taoist fetus to increase his aura capacity by ten times and his true Qi absorption speed by ten times, and he forced his palms and slaps!

But even so, the terrifying power brought by the Dharma Prenatal Stage combined with the Congenital Taoist Pregnancy still made Lu Nianxian who had perfected the Divine Refining Realm frightened his soul: "Master, save me!"

The strong spiritual energy fluctuations in Li Yun's hand, like a majestic mountain falling from the sky, made him deeply feel what powerlessness is, and at the same time made him realize that this aura-rich overseas fairy island is for him to refine the gods. The blessing is huge, allowing him to cast spells without scruples.

But this kind of aura of environment is even more powerful for the strong, making the strong stronger!

"Li Xiaoyou, don't hurt your peace."

Elder Wu, who had been silent for a long time, finally spoke, lifted his palm, and patted Li Yun's palm.

"Hey, that's not right!" As soon as he caught up with Li Yun's aura, Elder Wu immediately realized that something was wrong. The aura in the opponent's palm was so strong that he actually absorbed the heaven and earth vitality he controlled, making his attack changed instead. Become strengthening each other!

But it was only then that I realized it, and it was too late.

boom!

The two volleyed palms to each other, and a strong explosion sounded at the center point. Korolev and others sitting nearby were blown out more than ten meters by the strong wind, and the soldiers standing guard on duty by the armored vehicles in the distance were blown farther. On the ground, he rolled out hundreds of meters like somersault, and then stopped his figure, wounded all over his body one by one.

"Okay, awesome."

Xia Feiyao looked at Master Saint in shock. Fortunately, she had just shot to block the aftermath of the attack, otherwise their innate realm would not even be able to stop them, and they would be directly injured by the explosion of the spiritual energy and flew out.

After a palm, Li Yun sat still, he didn't need to do anything at all. The frantic spirit around him immediately stabilized after encountering his congenital fetus. This is probably the essence of the congenital fetus reduction spell attack.

But Elder Wu stepped back three or four steps in succession, with a shocked expression on his face, and his eyes looked at Li Yun in disbelief.

The disciples of the Hidden Sacred Valley were silent.

Lu Nianxian had been slapped by Li Yun, and he flew directly to the beach, lying in the sand in a big font-the injury was not serious, but his face was lost.

"Now, dare to be arrogant in front of me?"

Li Yun was also irritated by this group of disciples in the Hidden Sacred Valley, and he directly cursed: "You are mortal at every turn. You are self-reliant. You think you are hiding in the

mountains and cultivating, and you are immortals? I am embarrassed to call you arrogant. Arrogant!"

A group of Hidden Sacred Valley brothers looked at each other. They were said to be red-faced and angry, but they couldn't beat Li Yun. They could only look at the other forty years old beside the fifth elder, with a majestic face and wearing a robes. On the man!

Chapter 2433: Arrogant

"Little friend." In the eyes of the man in the robes, Gu Jing Bubo, even if he saw his junior disciple being beaten out, he was still not angry or unhappy. After a faint glance at Li Yun, he said: "Don't be bothered. Don't forgive people, the Hidden Sacred Valley has a long heritage, can you give pointers?"

"Oh, you are wrong again."

Li Yun smiled and said, "My girlfriend was humiliated first, and I was just fighting back. How can I be bothered and not forgiving?"

Jin Liuli, who had always been upset, finally let go, she was afraid that her willfulness would bring bad consequences.

However, what Lu Nianxian just now was really nasty. It was enough to say that she was the maid of Lord Saintess, and even scolded her for having no tutor!

How could Jin Liuli endure this?

Fortunately, her husband didn't scold her, but understood her and helped her!

Sure enough, it was her husband chosen by Jin Liuli~, hehe.

Jin Liuli's eyes were soft and affectionate, and she looked at Li Yun affectionately. Before—at least ten days ago, she wouldn't have such a look, but after experiencing the change from girl to woman, she seemed to grow up. A lot.

"To say that you are truly reasonable and unforgiving," Li Yun smiled faintly: "It should be your Hidden Sacred Valley who apologizes first. I don't accept it. First I will call you a group of mice that can only hide in their nests, the losers of the times. After cursing, slap again and slap you all upside down, this is called being reasonable and unforgiving!"

A group of Hidden Sacred Valley disciples was furious.

"So bold!"

"Hidden Sacred Valley came forward to apologize?!"

"Master Saint!"

"Elder, this kid \*\*\*\*\* it!"

"We go together, I don't believe he can stop so many of us!"

The situation was on the verge of breaking out, frightening Korolev and Philip and the others quickly to stay away. The battle of this group of extraordinary people was terrible, and the aftermath of the battle made them feel deeply powerless.

These guys who can fly around in the sky may not be able to shoot them down by launching missiles. They can only be shot down by saturation bombing with powerful weapons!

Li Yun looked at the Vatican Sage, without too many eyes, the lady of the Hidden Sacred Valley knew what he meant.

"enough."

Fanqing's holy and holy face showed anger. If Li Yun remembers correctly, this is the first time she got angry, at least the first time he saw Qingsheng get angry.

"Junior Brother Lu." Sage Fan Qing said in a cold voice, looking at the angry young man who walked back from the beach, and directly ordered: "You immediately apologize to Jin Liuli!"

"Master Saint!" Lu Nianxian and all the disciples of the Hidden Sacred Valley were shocked, feeling a little uneasy.

The saints of their Hidden Sacred Valley are actually facing outsiders?

"You did this thing wrong!"

The Holy Vatican's voice was suppressed, with a hint of bitterness that was imperceptible: "Why do you, and you, look down on outsiders? Haven't you seen how outsiders transform the world and build tall buildings straight into the sky during the time you came out? Build railroads linking the world, and weapons powerful enough to destroy the Hidden Sacred Valley, you..."

Hate iron is not steel, hate wood is not talent.

With her cold personality, saying so many words at once is enough to see how strong Qing Sheng's inner fluctuations are at this moment.

The Hidden Sacred Valley was the place where she was born and raised, but now it has changed.

A group of Hidden Sacred Valley disciples lowered their heads and remained silent.

Elder Wu opened his mouth and didn't know what to say. He was a little bit inferior to the Saintess, but the Hidden Sacred Valley had a low concept of respect and inferiority. Even though the Saintess's position was important, he, as a Void Return Realm, had his own. the opinion of.

Ask him to apologize to a mortal woman, sorry, can't do it!

Chapter 2434: Minute

The scene went cold.

The two sides have different ideas and they refuse to bow their heads. It's a big deal.

Li Yun just broke into the Dharma Embryo realm and gained the Supreme Physique Congenital Dao Embryo, just wanting to test whether he or the Void Returning Realm is stronger, including the direct shot before for this purpose.

But the Lord Saint, who was hiding in the Sacred Valley, stood on Li Yun's side with a clear attitude!

"Holy, Master Saint." Jin Liuli Qiqi Ai Ai said: "No, it's okay, I don't need these people to apologize, Liuli thanks Master Saint for me, but... forget it."

It was obviously not her fault that caused so many disturbances, and Jin Liuli was also very wronged. She even specially brought a stool to the Lord Saint, but she was scolded by that \*\*\*\* for not being educated!

"Apologize!" Fan Qingsheng rarely insisted on being so persistent. She was cold and unwilling to argue with others. Even if the previous demon squad violated her orders, she did not get angry.

But now, Lu Nianxian came up to scold Jin Liuli, and Elder Wu did not hesitate to stand on the side of his disciples, which made Sage Fanqing feel extremely complicated.

Her previous impression of Elder Wu was that she was a kind and gentle person, but she did not expect him to look down upon mortals in his bones, and vaguely meant not to put the lives and dignity of outsiders in his eyes!

Is this the Hidden Sacred Valley?

Li Yun seems to be right, the Hidden Sacred Valley is a group...

"Qingsheng." The man in Dao gown who has not spoken, that is, Senior Nanhua in one of the three Void Returning Realms of Hidden Sacred Valley this time, gave her a deep look with an inexplicable look: "Although you are Saint, but if you have been standing on the opposite side of the disciples and elders in the valley, I am afraid you will soon lose your heart and be deprived of the position of saint by the elders."

The one who was surprised was not Fan Qingsheng, but Elder Wu and a group of Hidden Sacred Valley disciples.

Deprived of the position of Lord Saint?

No, in their hearts, the Sage Fanqing is the only choice of holy women, and no one can replace it!

What does Senior Nanhua mean? He thinks that the Holy Spirit is not worthy to be a saint?

"No." Elder Wu finally said again: "Qing Sheng is born with a holy body, and his aptitude is the strongest among the saints of the past. There is great hope in the future to break into the soul and light realm and become the backbone of my hidden sacred valley. But because of little things..."

He didn't say any more, turned his head and shouted: "Nianxian, apologize to this Miss Jin Liuli quickly!"

"Master, I!" Lu Nianxian was unwilling to do so, but the saint was indeed angry, and with the pressure from the teacher, he looked at Senior Nanhua and seemed unwilling to stand up for him.

In desperation, Lu Nianxian could only glance at Jin Liuli indifferently, and whispered: "Sorry."

"Humph!"

If it was released before, Jin Liuli would definitely curse "You \*\*\*\* didn't eat? The apology is so small!" But now, she is sensible and accepts it when she knows it.

But even with a soft snort, a group of Hidden Saint Valley disciples glared at her.

Jin Liuli shrank anxiously, seeing Li Yun still sitting next to her, only to feel relieved.

But still feel wronged, she was scolded, but these people were arrogant and rude, and they refused to apologize!

"These bastards!" Jin Liuli held a fire in her heart. She vowed that she must practice the "Soft Water Magic Art" given to her by her husband. Fall off!

"Lookingly but divine, Elder Wu." Li Yun looked at him indifferently, "I'm afraid we and your disciple can no longer get along with each other, so it's better to act separately, take care of our own, and see who can finally find the six doors. Trace it."

Chapter 2435: The request of the saint

"it is good!"

Lu Nianxian agreed first and sneered: "It is impossible for us to act with the mortal women around you, but the Lord Saint is the saint of our Hidden Sacred Valley. She can't be with you!"

In his eyes looking at Fan Qingsheng, there was a vague sense of greed and enthusiasm.

Li Yun laughed and looked at Fan Qingsheng, who directly said, "I and Li Yun."

In a word, the expressions of everyone in the Hidden Sacred Valley changed again.

It was as if the Lord Saint was abducted by this \*\*\*\*\* kid, and from then on he was no longer the Saintess of the Hidden Sacred Valley, but gave birth to children for Li Yun!

"Okay." My Qingsheng is good-behaved.

Li Yun agreed with a smile and turned to look at Elder Wu and said: "We are going to gather the people on the island together. Elder Wu, you can assist in the defense. I believe the three million people on the island will thank you. Of course, if you don't If you like, choose to explore around the island."

"Joke." Another disciple sneered directly: "You want us to protect those mortals? Boy, don't you take our Hidden Sacred Valley too much?!"

All of them are practicing in the gods, and the average age is at least fifty years old. Want them to protect a group of weak mortals? What is not a joke!

"This is your choice." Li Yun is not surprised. The practitioners of the Hidden Sacred Valley simply look down on mortals from the bottom of their hearts. If they want them to cooperate in their actions, it is estimated that even the oppression of the Sage Fan Qing himself is impossible.

Seeing Master Saint's resolute attitude, Elder Wu could only leave with someone.

"Elder Wu, and fellow juniors." Sage Fanqing stopped them, paused, and said, "If you see people on the island being attacked by monsters or gangsters, please try to help them."

A group of Hidden Sacred Valley disciples was stunned.

"This is not an order." There was a faint helplessness in the voice of the Holy Spirit of Vatican, "It's my personal request."

It means that the request is not in the identity of a saint, but only in the name of the Sanctuary of Brahma.

Everyone in the Hidden Sacred Valley was silent. Is the Lord Saintess affected by outsiders and caused too much change, or is she actually such a personality in the valley, but it just didn't show it?

With the revival of aura, everything before has changed.

"Okay." Elder Wu agreed, did not say anything more, and left with someone.

"strangeness."

Li Yun looked at the back of the Nanhua immortal in the Void Return Realm, and vaguely realized that the other party seemed to have been observing him too!

"His voice and temperament are vaguely familiar. When did I meet him? Or is it an illusion?"

Li Yun looked at Fan Qingsheng and wanted to ask about the information of Nanhua immortals, but suddenly saw that Qingsheng's eyes were vaguely worried, and the appearance of frowning eyebrows was particularly distressing.

She was supposed to be a fairy like a virgin, but now she is troubled by this chore, which really makes Li Yun feel ashamed.

"Qingsheng." Li Yun didn't care whether he would expose his relationship with her, and directly shook her little hand: "I'm sorry, I made you embarrassed."

Jin Liuli opened her mouth and didn't know what to say.

She didn't blame Li Yun, or Lady Saint, let alone herself. If she blamed them, she blamed those people for being too hateful, with high eyes and disgusting bastards!

She Jin Liuli, must work hard to cultivate, so that those \*\*\*\* who hide in the Sacred Valley will look good!

"No, it's not your fault, nor is Liuli your fault."

Chapter 2436: Choice again

Sage Fanqing shook his head, quickly reduced his expression, regained his cold and immortal posture, and said: "I know that the people of the Hidden Sacred Valley are self-reliant because they practice magic skills. But this time, I also understand one thing. Reason: All people are created equal. They are the ones who are wrong."

"Master Saint..."

Jin Liuli was very happy and wanted to say something, but Li Yun smiled and shook her head, stopping her.

Let Qingsheng think about it now, in the hidden sacred valley where she was born, everyone looked down on the mortals outside, including the little maid Qingzhu.

And the Sacred Fan Qing can maintain his senses, and quickly admit that outsiders have made extraordinary achievements and created a modern world that is far more powerful than the spiritual world—even the Hidden Sacred Valley and Liudaomen cannot be called the spiritual world at all, they are only two. A mouse den hidden in the dark.

"It turns out that Qingsheng's status is not that high."

Xiao Mingzhu can understand that the position of the saint of the Vatican Qingsheng is very high, but there is no real power. Ordinary disciples who cannot command the Hidden Sacred Valley do not know whether it is because the saint has no rights or because of the Vatican. Qing Sheng is as cold as an immortal, and is unwilling to engage in these rights disputes.

"Ding, the host makes a choice, and teaches Lu Nianxian, rewards experience value +4 million, all attributes +500, purple gift bag\*1, extra reward: golden gift bag\*3, trigger event: struggle with the Hidden Sacred Valley."

In the end, he took this step.

Seeing the last sentence prompted by the system, Li Yun sighed in his heart. When he first met with Fan Qingsheng, he vaguely guessed that the hidden sacred valley, an inextricable sect, is actually not decent. At least not decent in the traditional sense.

The Hidden Sacred Valley is hostile to Liudaomen, but their members are generally arrogant and arrogant, and look down upon ordinary mortals at all.

If you choose between the death of 10 million mortals and the death of a person with six demon gates, perhaps 95% of the Hidden Sacred Valley people will choose to kill the demon head, and let the mortals fend for themselves.

This is the hidden sacred valley, at least the hidden sacred valley that Li Yun currently knows!

"Li Yun, what should I do next?" Fan Qingsheng asked actively, as if he was uneasy about his disciple's practice of regardless of the life and death of mortals.

Li Yun felt sorry for her and was about to speak when the system prompt came again.

"Ding, trigger the option event, please choose from the host:

Option 1: Pull down the face to seek the hidden sacred valley, reward justice value + 100,000, experience value + 10 million, golden gift bag\*1, bonus: the hostility of the hidden sacred valley is reduced.

Option 2: Choose to work with women such as Fanqing Sheng, reward justice value + 50,000, experience value + 50 million, all attributes + 5,000, aura value + 100,000, extra reward: trigger another option, which can be around the host People increase their strength.

Option 3: Take a confidant and leave Haowei Island directly. Reward skill: Escape is shameful, but very useful. "

"let me see."

Li Yun replied to Qing Sheng first, and took a sip of the coffee on the table.

Let him go to the people in the Hidden Sacred Valley, don't say that they lose face, those in the Hidden Sacred Valley will not necessarily cooperate with him, they must be reluctant to agree on the face of the saint, but they will all be Treat him like a dog.

Unless forced to, Li Yun would never choose the first item!

The second one is not bad, and there are other options to increase your strength... However, Li Yun glanced at the dozens of golden gift bags in his inventory. The system, he thought he wanted to recycle them a long time ago, right? !

Chapter 2437: Soaring strength

The third option, escape is really useful, but not now.

"System, I choose second!"

"Ding, the host makes a choice, and works with the women such as Fanqing Sheng. Rewards: Justice value +50 thousand, experience value +50 million, all attributes +5000, aura value +100,000, extra reward: special event selection (please Check)."

Li Yun directly choose to view.

"Special event selection:

Option 1: Expend all experience points and gift bags (except for special gift bags), get one colorful equipment, twenty golden equipment, five space rings, some pills, and five sets of quiet formation materials (the formation can prevent The erosion of the mist, and the effective range is very large), plus a skill pill, the host randomly upgrades five martial arts skills.

Option 2: Consume all the golden gift bags + three colorful gift bags to obtain 20 pieces of golden equipment, suitable for use by the confidantes around the host to enhance their strength.

Option 3: Give up this trigger event. "

really!

no surprise! The cheating system has long been eyeing the dozens of golden bags that he saved with great difficulty. He now still has 300 million experience points, and as a result, option 1 is directly swallowed.

This cheating system has a bottomless appetite!

"What's the matter?" Xiao Mingzhu asked curiously. It is really rare for him to be so entangled. Could it be that he regretted offending the Hidden Sacred Valley?

"No, nothing."

Li Yun squeezed a smile, but looking at the few beautiful women around him, he felt that it was worthwhile to spend a little gift bag to win the beauty.

Isn't it just 300 million experience points, plus 36 golden gift bags, 5 colorful gift bags, and a lot of purple and blue gift bags?

No more!

For twenty golden equipment, they are all earned, not to mention a lot of messy rewards.

"System, I choose option 1!" Li Yun didn't even look at the inventory, for fear that the golden and colorful light would dazzle his eyes.

Not being able to open the bag is too painful!

"Ding, the host makes a choice and obtains colorful equipment: Ling Xiao Baokai, twenty golden-grade weapons and equipment suitable for confidantes around the host, a total of 78 various types of pills, five sets of formation materials, and a skill pill.

The host's wind-slashing sword technique was promoted to the \*\*\*\* level.

The host's spirit is promoted to the \*\*\*\* level, and gains a new passive: split spirit.

The host Longming Sword Art is upgraded, breaking into an unknown skill.

The host Qinglong roars to the \*\*\*\* level, merges with the Longming Sword Art, and acquires a new magical skill: Eastern Qinglong (Elementary)

The host's King Kong finger was upgraded, successfully breaking through the \*\*\*\* level, and evolved into a spell skill: Yang Yan Yizhi. "

Li Yun: "..."

Everyone looked at the shocked Li Yun in surprise-these words were stunned. Simply put, several big beauties were shocked by Li Yun's open mouth and shocked expressions.

"Li Yun, what's the matter with you?" Sage Fanqing frowned slightly. Li Yun is good at everything, but there are too many secrets in his body, and he always refuses to tell her.

"No, nothing!"

Li Yun excitedly grabbed the slender and white hands of Saint Fan Qing, and kissed them fiercely, which made Su Muxin's daughters terrified.

Fortunately, it's not a kiss, otherwise it must be exposed!

"Hey, your husband, I have received a powerful help from the ancestor master. What is the mere fog? Let me break it easily!"

Li Yun is very proud, and as expected, generally speaking, the trading options that the system actively rewards are not bad, especially this time he was very lucky, and he directly obtained two active skills... Hey, that's not right!

Chapter 2438: Please magic

Could it be that he broke through the Dharma fetus realm, coupled with the hidden understanding of the innate Tao fetus, that allowed him to acquire two powerful skills at once?

In that case, the system is still a bit pitted.

Regardless, Li Yun quickly took a look at what he had just obtained.

"Ling Xiao Baokai

Special effects: firmness, gathering spirit.

Skills: Protective shield (1/1), light weight (passive, greatly increased speed, depending on the strength of the equipment owner, the highest is 500%, the lowest is 30%).

Explanation: This is indeed a set of magic equipment. Wearing two or more pieces can obtain special enhancement effects. "

This is the same set of colorful equipment as the Lingxiao Treadmill. Li Yun looked at the effect of the two-piece set, and actually only added a little attribute, plus an automatic wear effect. As long as it is taken out, it can be worn and automatically covered. In the original clothes, it is similar to transformation.

This function is not bad, after all, these equipments are very sloppy in appearance. They are usually placed in the inventory and are only worn when they are used.

But this is not the point, the point is the two new skills he acquired!

"Eastern Blue Dragon (Elementary): Please magic, summon the blue dragon, one of the four beasts, to come, possessing all kinds of incredible abilities, and the cost of upgrading is increased by ten times. Note: The legend of the Eastern Blue Dragon is one of the four spirits of heaven worshipped by the ancestors. First of all, people who are not righteous should not be summoned, otherwise they will be bitten by the Azure Dragon."

Please magic!

Li Yun accurately grasped the key point. The skills he acquired before were all martial arts skills, or special skills, but this time after he entered the magic fetus realm, he directly obtained two new types of skills: magic Class, spell class.

Summoning the Eastern Azure Dragon is a skill that belongs to the category of gods and gods.

It's easy to understand just asking the gods. There are also gods in Taoism, such as Fusheng Xuanhuangxianzun, but what is the difference between gods and spells?

Putting aside his doubts for a while, Li Yun focused his attention on the last sentence.

Azure Dragon is a divine beast worshipped by the ancestors. The previous skill Azure Dragon Roar is also mentioned. Azure Dragon is a powerful and righteous existence that stuns evil spirits. This also means that if Li Yun gives up his justice value and degenerates into a demon, he will be alone. Most of the strength will fall.

In the future, the more righteous demons he has in his skills, the more restricted he will be.

Of course, Li Yun definitely believes that the spells similar to the Eastern Azure Dragon will be powerful enough to make up for these shortcomings!

"Li Yun?"

Xia Feiyao asked weakly, worried about her husband's current state.

Li Yun was taken aback for a moment, and then he noticed that once he was silent, everyone around him became silent. Even if Xiao Mingzhu and Fan Qingsheng had something to say, they were not easy to speak for various reasons.

He is now the unquestioned core. Once he gives up, Haowei Island will be a group of dragons without a leader, fighting each other!

"I'm fine."

Taking a deep breath, Li Yun stood up and shouted to Philip and other commanders in the distance: "Everyone, please come over and discuss the next countermeasures!"

These people hesitated, and finally returned again.

The entire Haowei Island can be trusted by Li Yun and his party, and it is impossible to count on other extraordinary people.

"I am going to act in accordance with Xiao Mingzhu's previous proposal, which is to gather the crowd and lay out the formation to prevent the erosion of the fog!"

The system has rewarded five sets of materials for the quiet formation, which is estimated to support this decision in disguise.

The corner of Xiao Mingzhu's mouth bends. After Li Yun recognized her, she recovered a lot from the shock of the extraordinary people in the Hidden Sacred Valley.

Especially in the face of the Sage Fanqing, she has a feeling of inferiority and reluctance to admit defeat, admitting that she is temporarily inferior to her, but she is not convinced...

Chapter 2439: action

After a fierce discussion, Li Yun reached an agreement with Philip, Alice and other commanders from various countries. Li Jianguo took the lead and arranged for manpower to \*\*\*\*\* the people to the five fixed locations.

Other countries try to use the equipment provided by Li Yun to keep the sailors awake, accurately drive the ships to shore, and transport soldiers from various countries to support them ashore.

The point is to reach an agreement that, before the disaster is resolved, countries are prohibited from firing cold guns and stumbling on each other.

This agreement has been publicly announced in the media, and people all over the world have witnessed the temporary peace agreement signed on Haowei Island.

For a while, major media around the world praised one after another, saying that this is the first real cooperation in human history!

In the face of monsters, it is also time to let go of prejudices and cooperate sincerely to tide over difficulties.

"Everyone, you can use these equipment!"

Li Yun stood up and temporarily borrowed three pieces of golden equipment that could prevent spiritual invasion, as well as the three weaker artifacts found by the Saint Fanqing from the mustard seeds in the storage.

"But remember." Li Yun warned: "This piece of equipment is more expensive than an aircraft carrier you docked outside. They are far stronger than the weapons that the practitioners were holding, or even stronger! If you lose it, you are ready to lose an aircraft carrier!"

"Can it be exchanged for an aircraft carrier directly?"

The words of the four-star general Philip actually left Li Yun speechless.

There is such a thing?

Su Muxin directly covered her mouth and snickered. There are more than a dozen active aircraft carriers in Lijian, but they still have twenty or thirty retired aircraft in the port. It is estimated that Lijian will use those old aircraft carriers to exchange for a powerful weapon. The Congress will pass this resolution soon!

"It's pretty beautiful." Li Yun glanced at Philip. "I can sink an aircraft carrier with a weapon. Do you understand the difference?"

The commanders of various countries were speechless.

Xiao Mingzhu said with emotion: "The era of the supremacy of personal force is coming, and the heavy-duty weapon of aircraft carrier is probably about to withdraw from the stage of history."

The aircraft carrier, which can be called a maritime giant, is very strong. One ship is enough to threaten a medium-sized country, but it is undoubtedly too cumbersome. It takes a day to prepare for a start, and some countries even need several days.

This does not mean the maintenance of the aircraft carrier, but the ammunition, food, staffing, weaponry, etc. needed to prepare for battle.

The aircraft carrier is too big to be a living target in the face of Return to Void Realm.

The same goes for monsters on the sea.

"Get started." Li Yun handed them equipment worth a few aircraft carriers, and the system directly prompted them to obtain one million justice. "You should check your own ammunition warehouses to prevent aircraft carriers, missiles, nuclear bombs, etc. A powerful weapon is hijacked by the enemy. If this happens, God will not be able to save it... and more than half of mankind will be destroyed! I think you should understand the power of nuclear bombs!"

Everyone showed cold sweat on their foreheads and quickly expressed their understanding.

The power of modern nuclear bombs no longer needs to be increased, and the more they do not need to be increased, because only one thousand can bombard the surface of the earth, causing explosion waves and radiation to oscillate back and forth across the globe, killing more than one in the next few years. Three billion humans!

In the hands of ordinary humans, nuclear bullets are a big killer to deter other countries, but in the eyes of practitioners, this weapon is the best thing to use to disrupt the existing human order, and

practitioners are not afraid of nuclear weapons at all because of their strength. Radiation and dust covering the world!

It can be said that once more than one hundred nuclear bombs are detonated, human civilization will be severely damaged immediately, the order of the past will no longer be, and the era of global turmoil will enter!

Chapter 2440: Hongyan

"Li Yun, do you think they can prevent the people from the Six Demon Sects from seizing nuclear bombs?" Xiao Mingzhu, who has always been cheerful, couldn't help asking after Alice and other commanders from various countries left.

"can not."

Li Yun shook his head affirmatively, "That's why I suggested that they remove the nuclear bomb launcher, so that even if the enemy gets the warhead, they can't start the launching and detonating device."

Practitioners have too many methods. As long as they want to do it, they will be able to seize a certain nuclear bomb launching base. The simplest method is to directly use the spirit of invasion to make people become puppets, and they can easily invade the base.

"Ah? What to do then?" Xia Feiyao was worried, nuclear bombs are too strong, for a small earth, no, it should be for weak humans, nuclear bombs are weapons outside the specifications, the power of atomic fission It should not be made into a weapon!

No one knows what to do. Nearly ten countries in the world have nuclear bombs. Among them, the strong nations have deployed nuclear weapons in seven countries and regions around the world, making it more difficult to defend.

Li Yun shook his head: "A weapon made by mankind that can destroy itself. If it is destroyed by this weapon, no one can be blamed."

The women were silent and did not speak. Jin Liuli tilted her head to look at Li Yun, and suddenly said softly: "Brother Li, if the earth is destroyed by a nuclear bomb, can you protect us?"

"Of course!" Li Yun smiled, "I can't protect my wife, so what kind of husband?"

"Hee hee~"

Jin Liuli didn't refute her husband's and wife's statement, but was moved by these words. She held Li Yun's arm and acted like a baby—it's rare for this awkward and arrogant little girl to act like a baby, usually she does It's at night, when I'm tired of playing with Li Yun, I will beg for mercy.

Xiao Mingzhu's face was flushed, and she went too far to ignore him.

She is not Li Yun's wife now, but she believes that she will be saved by then~.

"Okay, I don't want to be that far, let me give you some good things."

Li Yun mysteriously took a few women to a room in the hotel, and Su Muxin thought that she was going to have a great relaxation before the war. After all, it was played like this in the movie. The hero and the heroine would kiss each other before the battle. Maybe it will roll and roll over that bed or something.

As a result, Li Yun waved his hand and took out more than a dozen weapons and equipment that exuded a dreadful light, shocking all the women!

"Hehe." Seeing that even the cold saint lady's eyes showed a surprised look, Li Yun was quite proud: "The three artifacts I gave them just now are the worst three. The good things are here. You can pick whatever you like. !"

"Wow!"

After Jin Liuli recovered, she clapped her little hand happily, got to Li Yun's cheek and kissed hard, turned around and plunged into the shiny golden equipment, and hugged a black long whip in one hand. Li Li:

"Gluck, the whip is my weapon, my husband is great!"

The wooden handle of this whip is embroidered with patterns, and it exudes a simple and strange atmosphere. Jin Liuli feels the fluctuations from the magic weapon. This seems to be a poisonous weapon that can cause enemy poisoning with every attack!

Moreover, it seems to be able to stretch and shorten with the owner's will, and it can be hit more than fifty meters away with a whip, which is simply too good!

"Many...weapons."

Xiao Mingzhu dazzled, and subconsciously turned his head to look at Li Yun: "Don't you say that this kind of magical artifact is very rare, why did you take out so many in one breath?"
