Chapter 2461: Mystery gate

A gate!

A huge door with a simple shape and dozens of people tall stands tall at the end of this underground hall.

"What is this?! Six gates were built? Or is this something that six gates were built here before?"

Such doubts arose in Li Yun's mind. He stepped into the hall and looked up again from a distance. The two doors exuded a mysterious and quiet atmosphere, just like this, standing quietly on the ground, as if they have been left from eternity. To this day, I have witnessed the changes in the vicissitudes of life and guarded the things inside the gate tightly.

"This is a door that has existed for at least 10,000 years!"

Li Yun made an inexplicable judgment in his heart, and then moved closer to see that a strange and inexplicable painting was carved on the two closed copper doors.

On the high sea of clouds, stood a group of immortals and gods, they closed their eyes tightly, and each fell asleep on the noble throne.

On the ground, in the sky, in the sea, and above the stars and moons farther away, these fairy kings and god-like people are full of fairies, fairies, angels and monsters dressed in various styles of service. , Dan Tong.

Li Yun was shocked.

From the east, dressed in colorful mysterious clothes and fluttering dresses, like a fairy who descended like a nine-day fairy, to an angel with twelve-winged light wings in the west, to a barrel and singing, singing songs to please the gods, dancing The gorgeous dance is like the fate of Gao Tianyuan who pleased the \*\*\*\* of heaven.

And the mortal Valkyrie wearing golden armor, riding a war horse, forming a battle.

The \*\*\*\* of death who controls countless mummies, holding a golden spear, wearing a golden crown, an owl on his shoulders, a skirt covered in snake armor, golden light, dignified and beautiful...Athena?

Li Yun recognized Athena, the famous Greek goddess at a glance, including her sister, Artemis, the hunting and moon goddess, who was standing behind her. She was also one of the three goddesses.

"Who on earth made this door!?"

Li Yun hurriedly lowered his eyes. He suspected that if he continued to look at it, his emotions would become uncontrollable, and there would be no way to maintain the connection.

In order to divert attention, Li Yun quickly observed the situation in this underground hall.

The three men and one woman all sat cross-legged on the ground to meditate, surrounded by defensive enchantments. Not only did they guard against people like Li Yun, they might also guard against those around them.

Among the four, except for the newly promoted Venerable Lu Gao, who was a little farther away and had a slightly restrained look, the other three were extraordinary. Among them, a man in his forties and a slumped tiger by his side was the center.

Coincidentally, Li Yun knew him!

In the last time Zhonghai City cleared the spirit stick, Li Yun went to Zhangjiacun, and Saint Fanqing went to a mountain in the outskirts and clashed with a six-door elder. Afterwards, Saint Fanqing gave Li Yun a magical description. A portrait of a man with a tiger-shaped pet in front of him: Shi Zhen!

What's more coincidental is that Li Yun and Shi Zhen's grievance is not low. When in Zhangjiacun, he personally killed Shi Zhen's grandson Shi Taining.

"It's not that the enemy doesn't gather their heads. The little tiger next to Shi Zhen should also be a kind of Gu worm, which is closer to a fierce beast."

Li Yun observed the little tiger lying on Shi Zhen's legs. It was no more than a palm, and looked very cute with a tiger's head and brain. The whole body was snow-white, but there was a green "king" on its forehead.

Chapter 2462: Mysterious Little Tower

Gu worms do not only refer to insects. Some animals can also be refined into gu. They are more like murderous insects and become a single race.

Such as black feather butterfly, three-eyed toad and so on.

In Li Yun's view, the difference between demon and Gu is the same. They are both the same evil and possess all kinds of strange supernatural powers. The difference is that demon is naturally produced (reproduced or catalyzed by aura), while Gu is artificially cultivated. And most of them cannot reproduce the next generation, they can only rely on artificial refining.

"Shi Zhen is in the Void Returning Realm, and Lu Gao is a disciple of Shi Zhen, who broke through to the Void Returning Realm just now, and the other two, one of the males should also be the Venerable, and the same is the Void Returning Realm cultivation.

"As for the only woman," Li Yun looked at her carefully. The old woman was wearing a dark blue robe with wrinkles that are rare for practitioners. Her eyelids were drooped and her dry lips pressed tightly. Li Yun was meditating with his eyes closed, and Li Yun could feel the harsh and cruel personality of this old woman.

The corners of the old woman's mouth faintly evoked, and a cold sneer was emitted all the time, plus now that they are underground, ordinary people can see it and be scared to death.

You don't need to guess to know that if you are qualified to sit cross-legged in front of a Void Returning Realm elder, this old woman is at least a Void Returning Realm.

"In a small underground cave, there are four Void Rebirth Realms! It is said that Void Rebirth Realms are very rare?"

Li Yun raised his eyebrows and looked at a tower-shaped magical instrument in front of the mysterious gate.

The gathering of so many Void Return Realms here can only explain one thing: this door is very important.

In other words, this tower-shaped artifact is very important!

"Let me see what the \*\*\*\* you guys are doing!"

Li Yun hooked the corner of his mouth, what about the four returning to Void Realm? He was swaggering to come to these so-called powerhouses now, Shi Zhen and the others were also blind, and it was impossible even to find someone invaded.

This kind of pleasure of hiding in the dark and mastering everything is really overwhelming. No wonder the Six Doors always act secretly. It turns out that the feeling of secretly planning a conspiracy is so wonderful.

Hahaha.

Li Yun grinned silently, and took a leisurely pace to spare the four Void Returning Realm, and came to the tower-shaped magical instrument in front of the gate.

Not looking at the mysterious gate for the time being, Li Yun turned his spiritual vision and glanced at the floating light tower, and suddenly guessed its function.

This small tower was bound by several large formations, and runes were inscribed on the tower. Although Li Yun didn't know the function of the runes, the purpose of these large formations could be clearly seen at a glance: condensing souls, gathering spirits, and refining souls.

In layman's terms, it is to gather the souls within the envelope of the large array, seal them into the tower-shaped magical device, and refine them into something.

Judging from the door in front of him, Li Yun has reason to suspect that the six doors are to open this mysterious door and come to Haowei Island, use unknown means to stimulate the aura on the island, create chaos, and prepare to kill the island. Everyone, collect souls and inject them on the tower-shaped magical instruments.

When the tower-shaped magical tool gains enough power, this door may be the time to open!

"But there are still many things I can't figure out."

"Where does the six gates have so many auras? If they find something to store auras in the ancient immortal mansion, or their own treasure cave thousands of years ago, do they use it for themselves? What is there in the mysterious gate, it is worthy of the six magic gates. The aura spreads... it's not right. If the purpose of the tower-like magical artifact is to collect souls, then they don't need fog at all, and they can directly dispatch four Void Returning realms, which is enough to kill a million people in one hour!"

Chapter 2463: Gods

"More importantly, is this mysterious gate really built by six gates?!"

Li Yun took a deep breath, suppressed the inner shock, and looked at the quaint and mysterious huge copper door again.

Fairies, fairies, angels, Valkyrie, gods, mortal war gods, nine-headed monsters, giant pythons, big birds with blue sky on their backs, fairies standing in the moon palace, golden crows covering the sun, Yasha, demons, impermanence, ghosts...

The numerous images crashed into Li Yun's mind, as if he had seen the grandest and most lonely gathering in ancient times.

A gathering held by the most powerful gods, monsters, and ghosts on this planet.

How incredible, these gods, immortals and monsters, who seem to be several gods to modern humans, are gathered together on this mysterious gate.

Li Yun even saw a goddess with a human head and a serpent body, entrenched in the throne, she should be the Eastern myth...mother, Nuwa.

"Mother?"

This unfamiliar word arose in his heart, Li Yun shook his head. In the Eastern myths and legends, the Nuwa Empress, who made people from the earth, really deserves to be the mother of all human beings—at least in the eyes of Huang Xuan people, the Nuwa Empress is the mother. .

In addition to Nuwa, surrounded by many gods, immortals and monsters, Li Yun also vaguely discovered Sanqing, Jade Emperor Queen Mother, Buddha sitting cross-legged, Guanyin Master holding a jade bottle, and wearing a crown of sun. , Surrounded by lightning, and eleven gods on his side, he should be the \*\*\*\* king Zeus, the head of the twelve main gods.

In addition, Li Yun also noticed a little loli sitting in the same position as Nuwa, Sanqing, Zeus, and Buddha. There are seven twelve-wing ray angels waiting behind him. Under this background, this The little Lolita with a tight face, her small body turned out to be great, and her momentum was no better than that of the "mother" Nuwa, the master of the heavens, the Yuanshi Tianzun, Laozi, Zeus, Odin, the three pillar gods and other saints, God kings, creation gods are bad.

"I'm going! What's the situation?"

Li Yun began to doubt the memory of the gods in his mind.

Logically speaking, the seven twelve-wing ray angels behind the little Lolita are the legendary "seven angels", that is, Michael, Gabriel, Raphael and other archangels.

They are in charge of the millions of angels, guardians of the Garden of Eden, and loyal followers of God, Jehovah!

God is a girl? .mp3

This joke is really not funny at all. If it is seen by Westerners, I am afraid it is not to treat this gate as a blasphemous thing and tie it to a cross for trial.

Although a lot of myths and legends have been lost in this world, for example, Alice does not know Athena or Hades, but as the most famous God, Jehovah, Jesus, the triune god, and the archangel St. Michael under him. Le, of course Alice knew clearly.

"So, this gate is made by six gates, or the predecessors of the Hidden Sacred Valley. They don't understand ancient myths, so they randomly carved some specious things on it."

Li Yun nodded secretly. No wonder these gods closed their eyes and looked strange and inexplicable. It is estimated that some cultivators from thousands of years ago wanted to hold some evil secret ritual here, so let these gods close their eyes, representing God can't find the meaning.

Chapter 2464: Push door

"Strange, such a major discovery, the system did not prompt to select an event?"

Li Yun was a little strange, standing there waiting for a while, the system was silent, was it shocked by the gods in these portraits? hehe.

Standing still waiting for a long time, Li Yun saw that Lu Gao, Shi Zhen and the old woman were really meditating, and there was no change. It is estimated that if nothing happens, they can continue to practice until the day they start their hands. .

"Forget it, don't move, I'll figure out how to move you!"

A mischievous smile appeared at the corner of Li Yun's mouth. He came to the hanging tower, raised his hand and touched the evil pagoda that was collecting souls.

The congenital Taoist womb allows him to ignore most of the formations and enchantments, plus the control of the top spirit fire, enough to burn the evil souls who want to invade his sea of knowledge, so Li Yun does not worry that he will be affected by this The small tower was injured by the shock.

However, when the palm of the hand was about to touch the barrier of the suspended small tower, the belated system prompt sounded.

"Ding, trigger the option event, please choose from the host:

Option 1: Destroy the Hell Refining Tower, and escape safely, reward justice value + 5 million, experience value + 50 million, all attributes + 20,000, colorful gift bag \* 1, aura value + 500,000, randomly get a powerful door .Spell skills (soul related).

Option 2: Touch and enter the mysterious gate, reward: mother\*1, skill: be the champion of the death contest.

Option 3: Kill the Void Return Realm present, rewards (justice value 2 million, experience value 50 million, all attributes +1 million, colorful gift bag \*2, aura value \*300,000) X number of heads, randomly get two powerful doors .Spell skills. "

The corner of Li Yun's mouth twitched. What is the reward of "Mom\*1" in Option 2? Come out of the system, I promise not to kill you!

"Prison Refining Soul Tower? The name is rather domineering, and the effect seems to be the same as I guessed. It is used to refine the soul."

Looking at the small suspended tower, Li Yun touched his chin, and chose to give up temporarily to toss it.

Looking back at the four Void Returning Realm powerhouses who were meditating again-no, they are not considered strong. According to the rewards of the system, Li Yun is sure that his current strength is enough to kill a Void Returning Realm. , If there is a violent assault, one of the four may be seriously injured in a single blow.

But inexplicably, Li Yun never forgets Option Two.

He intends to experience what it's like to be a champion of the death contest!

"Hehe, what's the use of your door standing here? I just bypass you!"

Relying on the powerful ability to communicate with the quiet, Li Yun went straight to the side of the gate engraved with the gods, and his transparent body penetrated in without any hindrance.

To his surprise, there was nothing behind this mysterious gate, it was filled with dirt, rocks, and animal and plant remains. There was no supreme celestial weapon, no enlightenment secrets, and there was nothing like a teleportation array leading to the ancient fairy cave. Stuff.

It's just a gate buried deep in the ground, nothing else!

"Really... weird to grandma's house!"

Around the deep underground, there were dozens of people flying around the three- to four-meter-thick copper gate. Li Yun couldn't help but explode. There have been too many strange things in the past two days. A good recuperation can't stand it.

"I don't believe you have nothing!"

Li Yun was fierce, came to the door, and pushed forward with both hands.

Chapter 2465: Illusion

boom!

The immortals, monsters and gods portrayed on the mysterious stone gate opened their eyes together, and countless pairs of majestic, indifferent, and arrogant eyes looked straight at Li Yun.

"what!!"

The world around him turned into fragments, and the bright light filled Li Yun's entire field of vision. He became in a trance, and his body was shaky.

But all of a sudden, a group of faint colorful glow in the sea shook slightly, and all the abnormalities disappeared immediately.

Li Yun came to the ancient times, when the gods gathered for the last time.

"This....."

In a place with blue sky and wide sea, countless angels, fairies, monsters, fairies and gods filled the sky, massive monsters stood on land, and there was a huge black fish in the sea, entrenched above

the distant sun. A golden crow bird, on the bright and bright moon, a fairy standing in Guanghan Palace holding a jade rabbit facing here.

And Li Yun, standing among the gods with closed eyes, looked extremely small.

To be precise, he stood among the many gods, saints, and creation gods, and was among the strongest gods.

The nearest to him is the "mother" of the Huang Xuan countryman, Empress Nuwa.

On the left is the master of the Three Qing ancestors, and on the right is an old monk holding a colorful branch with treasures such as gold, silver, and colored glaze. Another old monk with a yellow complexion and a sad look is sitting cross-legged on a bright golden lotus. .

"Quick mention and lead?"

Before Li Yun was surprised, he saw the \*\*\*\* king, Zeus, who was surrounded by pale lightning not far away.

And farther away, the little loli of God who is protected by seven archangels, Jehovah?

"What a joke, God can't be a girl!"

A thought flashed in Li Yun's mind, and he suddenly realized that he was drawn into the illusion by the mysterious gate, just like the last time he was in Yongning Princess City and accepted the test of the illusion of his son-in-law.

After calming his mind and realizing that he had not been shaken by the aftermath of the saint and king, Li Yun finally let go of his beating heart.

"Oh my god, I'm really scared to death."

Li Yun deliberately used the "Lao Tzu" he had never said before to embolden himself. After all, the experience just now can scare people to death.

Think about it, you are suddenly surrounded by countless gods. The closest to you is some legendary saints who can kill Daluo Jinxian by raising their hands. There are even two Western saints looking around. Not far away there is Zeus, God—this little Luo. Li does not count, Asan's creation \*\*\*\* Shiva, Brahma.

In addition, Li Yun also saw a giant sitting cross-legged on the ground with the size of a whale in his eyes alone. Could this be a Titan giant, right? That is, the father of Zeus, the king of the gods, Cronus who was killed by the twelve gods under his leadership.

and many more!

All the gods that Li Yun knew and didn't know in his memory were all gathered in this world. He was suddenly pulled into this place, and he was bold enough not to be scared to death.

"Does this illusion scare people to death by fright?"

Li Yun took a deep breath, and then slowly exhaled. His trembling legs stood firmly on the clouds again, and his eyes looked curiously at the rare mysterious scenes around him.

Yes, he is now standing next to Empress Nuwa, that is, stepping on a colorful auspicious cloud.

Li Yun looked up at Empress Nuwa and found that her image was portrayed in a very traditional form by the person who built the mysterious gate, that is, the appearance of a human head and a snake body.

Chapter 2466: Empress Nuwa

Li Yun carefully observed the appearance of Empress Nuwa and found that the mother of Huang Xuan country was really dignified and beautiful, and her beautiful face was no less than that of the Qing Sheng.

Her dark hair was coiled into clouds, and a golden hair fork was gleaming, very beautiful. She had a snow-white neck, folded her hands on her abdomen, her eyes closed, she couldn't see the eyes of the girl, her long snake. He stood up on the chair with his body standing up late, with a graceful waist and awe-inspiring temperament, which seemed noble and inviolable.

"Tsk tsk, it's not bad." Li Yun exclaimed: "The person who constructed this illusion has a good artistic level, and she pinches the Nuwa Empress to be very temperamental. If I were King Zhou, I could not help writing a poem. Marry the empress back to Changle...eh?"

Suddenly, Li Yun seemed to see Empress Nuwa opened her closed eyes and glanced at him. The golden eyes looked straight in his heart, shaking Li Yun's knowledge of the sea. The whole person is stupid.

"Niang Niang? Nu Wa Niang Niang?"

When Li Yun carefully looked at this dignified and beautiful only female saint again, she found that she had closed her eyes again, or that it was just an illusion, Nu Wa Empress did not open her eyes at all.

"Strange, is it also haunted in this illusion?"

His heart was always flustered, Li Yun didn't dare to stay with the Nuwa Empress, and quickly left. As a result, he just lifted his foot, but suddenly felt that he was kicking something, and he threw himself directly on the ground.

"What?!"

Li Yun was shocked. With his 530,000 strength and agility attribute points, plus the cultivation base of the magic fetus, and the supreme physique of the congenital fetus, what tripped him? !

This is almost as funny as walking on the road with an adult, but the left foot is mixed with the right foot and fell directly to death!

"Li Yun, calm down for me!"

Li Yun forcibly suppressed the shock in his heart. This is an illusion. Anything can happen, even if it is the Nuwa Empress, or the all over the sky, and the Chang'e Fairy on the moon, they suddenly took off their dresses and swayed their waists. He shouldn't be shocked when he walked towards him with a charming smile.

The so-called pink skulls, Li Yun still knows, these illusions like to use beautiful women to confuse people, making people indulge in them and unable to get out of the illusion.

Pushing his hand down, he touched a long, cold, soft object. It turned out that it tripped him. Li Yun subconsciously grabbed it and took a look.

"..."

It is the tip of Nuwa Empress's tail.

"I go....."

Li Yun couldn't laugh or cry. After putting her tail down, she stood up and took another look at the Nuwa, who was seven or eight meters tall and several times larger than the normal person. He shook his head and sighed, "Mother, if I go out and meet people Say, I tripped over the saint's tail, I don't know how many people's jaws I want to scare...I'm Cao?!"

boom!

A huge force hit him in the back. Li Yun had no time to react. He flew up and rushed straight on the tall Nuwa Empress, to be precise, lying on the empress's body. In the arms.

He threw into his mother's embrace with the child-he is a native of Huang Xuan, so it is correct to say that.

"Hee hee hee."

The two sounds of laughter that seemed like nothing came from the sky, and their voices were ethereal and leisurely, as if they were the laughter of those fairies covering their ruddy little mouths after seeing Li Yun's embarrassment.

But Li Yun didn't notice this, he was attracted by the Nuwa Empress.

Chapter 2467: Damn

A scent of secretive heart and spleen rushed out. As a saint's Nuwa Empress, her body scent is also the best in the world. Li Yun doesn't even know how powerful the owner of this illusion is. He can simulate such a wonderful scent, it really is. Is it a fascinating illusion? Even the sacred and inviolable saints have a fascinating charm.

"boom!"

Another inexplicable force came from the Nuwa Empress, and Li Yun flew out again.

But this time he did not panic. Being in the illusion has already explained one thing: he has fallen into the enemy's trap, acting on the opponent's territory, it is natural to suffer a loss.

"Where is the evildoer!"

Li Yun turned over and directly drew the God of Fire Sword in the air, and suddenly waved it at the surrounding area.

More than a dozen small flying swords suddenly appeared, killing the saints, kings, and creation gods around them. If it is in the real world at this moment, this scene already represents one thing: the protagonist is strong enough to fight the saints, and the story is nearing end. (error).

Fortunately, it was an illusion, causing Li Yun to kill two saints with one sword: Zhunti and Receiving, plus two kings: Odin and Zeus, plus three Indian gods: Shiva, Brahma, Vishnu.

It's just strange that the Sanqing who was closest to him, and the little God Lori who was attacked a little further away were fine. They still sat in the position with their eyes closed, sitting still like a rock.

These people are originally illusions, just like rocks.

"How dare you come to disturb Lao Na... No, disturb the cleansing of this seat!"

Li Yunjian revived, the fiery red sword light mixed with the blue earth fierce fire, and he rushed towards the Sanqing saint with closed eyes.

But before the sword light arrived, these three saints had already disappeared.

Li Yun raised his eyebrows, and shouted at the little Lolita in the distance: "Kill you first, then Nuwa, do you want to make me afraid by the power of the saints and gods? What a wishful thinking!"

Those who come in may be shocked by the power of the gods, but Li Yun will not.

He has mastered the mysterious system, which is comparable to a saint who creates a large number of treasures out of thin air, even the Hongmeng Ziqi fairy bracelet, something that even a saint can't handle. In other words, a real saint can't compare to the system. powerful!

Only when Li Yun called out to kill the gods and kill Nuwa, an inexplicable chill began to permeate, and the gods all over the sky disintegrated and melted, just like the legendary dusk of the gods, all the gods were killed.

"Haha, talking about your sore spots? I don't know whose disciple you hiding behind your back is, Nuwa? Sanqing? Or God, Buddha? No matter what, all will be destroyed for me!"

With a sword swung out, the little Lori God broke to pieces, and the seven twelve-winged angels behind her also disappeared.

With a turn of Li Yun's sword light, his figure shuttled back and forth in the air like lightning, dispersing a large number of legendary gods, monsters, and witches.

What is the \*\*\*\* of fire, the \*\*\*\* of the sea, the \*\*\*\* of the gods, the \*\*\*\* of death, the goddess of wisdom, the goddess of hunting, the goddess of scrim, the \*\*\*\* of the gods and so on.

All were chopped by Li Yun with a sword!

"Happy, it's so happy!"

This battle, which is not a battle, is definitely the one that Li Yun feels most refreshed. In this illusion, the gods and monsters are so vivid and vivid. Li Yun kills them as if they were really killed. This kind of sword is a golden immortal, a divine envoy, The feeling of archangel, \*\*\*\* servant, and quasi-sage can hardly be described in words.

"and many more!"

Out of the corner of his eye, seeing the only Empress Nuwa who was still intact, Li Yun stopped his movements, and the soothing expression on his face quickly solidified.

Chapter 2468: Mother, offended

The illusion is the best way to hook people's desires, show the darkest thoughts in people's hearts, and make people gradually go crazy.

Beauty is a desire, power is a desire, and money is also a desire.

In the same way, just now he vented the act of beheading the gods to his heart's content, and it was not a desire that attracted him to madness!

If Li Yun "killed" the last Nuwa Empress, then he would probably fall into the enemy's trap completely.

"It's very risky, why didn't the cheating system remind me to choose to kill or not to kill?"

Secretly cursing the muffled system in his heart, Li Yun calmed down, holding the Fire God Sword in his hand, and walked to the side of the immobile Nuwa Empress again with her eyes closed.

This is an illusion, and the intercalary fire sword he summoned is only a false existence. As long as the spirit is sufficient, in theory he can do anything here.

Of course, it is limited to the scope allowed by the illusion master.

For example, the master of the fantasy world forbids him to slash the Nuwa Empress, and Li Yun kills with a sword, which is tantamount to a head-to-head duel with the fantasy world. If you win, you can leave the fantasy world.

Otherwise, you can only stay here forever.

Generally speaking, illusions will not expose such weaknesses.

"It's just...this Nuwa should be killed...oh no, should the Nuwa disappear?"

Li Yun changed his mouth and looked at this fantasy territory. All the gods and monsters disappeared, leaving only Empress Nuwa and the two children standing beside her.

Li Yun recognized them. One was called Caiyun and the other was Biyun. They were both maids serving the Nuwa Empress. Their status was quite high, and ordinary immortals had to salute them when they saw them.

After all, under the sage, it is not easy to offend.

"system?"

Standing in place and waiting for a while, without choosing the event to happen, Li Yun could only reach out again to touch the cold snake tail of the Nuwa Empress, and press it with his palm. It was soft and elastic. Well, the fantasy world was made very real.

Empress's snake tail does not have the slippery and sticky feeling of snakes, but like a girl's skin, cold and delicate. The owner of the illusion did not make a piece of snake scales for Nuwa

Empress's tail. Li Yun pulled up the tip of the tail carefully. I looked at it and found that the skin of the cyan tail was full of strange patterns, and the whole tail was placed in the colorful clouds, which looked very strange.

"?" Li Yun was ready to be beaten by the empress's tail, but after watching for a long time, the illusion of Nuwa Empress remained silent, and the whole illusion seemed to be in dead silence.

Quiet like a ghost.

Li Yun was a little panicked. He would rather be beaten by the mother's tail in such a ghost place, at least to make this fantasy world still a little angry. Now he is the only living person, and if he doesn't want to go out, he will go crazy.

Normal people cannot tolerate a lonely environment for too long. After all, people are still social animals.

"Niang, you are offended!"

After searching for no results in the illusion for a long time, Li Yun could only aim the Leap Fire God Sword at the only illusion that still existed.

It was just that the sword was raised for a long time, but Li Yun still failed to swing the sword down.

For one thing, the Nuwa Empress seemed to be able to move her tail. Secondly, Li Yun always felt that her face was a little different from other stiff visions. The corners of the current Nüwa Empress's mouth were slightly aroused, revealing a smile that was not a smile.

Cooperating with the head of the snake-body standing on the large chair, she is quite dignified.

"What about the system? Come out and say something quickly, why there is no choice event!"

Li Yun hesitated for a long time, then stared at the dignified and beautiful appearance of Empress Nuwa for a long time, when suddenly thought of something, he couldn't help laughing.

Chapter 2469: Makes sense

"I'm really stupid!"

Li Yun flew up and stood parallel to the snake-body Nuwa Empress. The Leap Fire God Sword was slowly raised and aimed at the majestic face of the Illusion Empress. Inexplicably vague in his heart, he said to himself: "The power of the saint is unpredictable. , If Empress Nuwa is still alive, she knows that her face has been recorded in the illusion, and she still has to slap that person to death?"

There was another faint laughter from the sky, as if there was something like nothing, as if it was a female ghost whispering in the dark night.

Li Yunquan should not be able to hear and be unmoved, and his voice became more fierce: "It can be seen that the saint is dead, and there is no \*\*\*\* in the world. Otherwise, some people will enter the illusion and treat Nuwa Empress, Queen Mother, Chang'e, Athena, Luna, etc. What kind of obscene actions did the immortal make, and behave in front of the gods all over the sky, how can the surviving saints and gods bear it?"

"Well, it makes sense."

The strange voice became slightly clearer, but Li Yun stopped hesitating and cut out with a sword.

"But you kid is still stupid, go out."

"what?!"

The voice from the sky became extremely clear, spreading mightily throughout the illusion. Before Li Yun was surprised, he was hit again by the raised tail of Empress Nuwa, and his eyes went dark before returning to the real world.

"What's this all about? Forget it, don't worry, let's go!"

Li Yun revolved his magical powers, and he backed away from the weird and mysterious gate, passed through the thick ground, and returned to the hall where the four of Shi Zhen were located.

It wasn't until he saw the four Void Returning Realms of the Six Doors that Li Yun's heart settled a little. There was a sense of surprise of waking up from a nightmare and escaping from the dead, so that the four Shi Zhen sitting cross-legged were in Li Yun's eyes. Become cute.

"What does the illusion just now mean?"

Confirming that he had returned to the real world, Li Yun couldn't help thinking about what he had just seen and heard in his mind.

"It is almost certain that the gods did not die in time, they were almost paralyzed in bed, and could no longer use their power, otherwise they knew that their illusions were used to create illusions, and they didn't know how to jump into the thunder."

Li Yun smiled secretly in his heart. The saint didn't say anything, just said Zeus, the \*\*\*\* king of Western mythology, er, he didn't talk about this guy. He said his wife Hera, this woman's typical small belly chicken intestines, is very jealous. If she knows herself The image of was used by others, and a divine penalty must be given to him early in the morning, and the person who made this stone gate would be killed on the spot!

"Then the intention of this illusion is to forbid anyone from touching the door?"

"Could it be that the gate is the base of some kind of super god-level formation, just because it is too long, so I can't see it?"

"But what is this super powerful formation? Without aura, how can the formation be maintained?"

Li Yun touched his chin. In fact, he still tended to have an ancient cave house under the door, which still contained aura and various ancient treasures and Linguo Lingzhi.

"How about...Let the six doors continue to act, open the mysterious door, and I will wait for the opportunity to seize the treasure inside?"

Li Yun was a little moved. He has done this before and is very familiar with this!

"Ding, the host makes a choice, touches and enters the mysterious door, reward: mother\*1, skill: to be the champion of the death contest (a small probability to increase the success rate when you die), additional reward: unknown consequences have been caused, please host Be careful."

.....roll.

Li Yun directly gave the system a middle finger.

Chapter 2470: Options to change the world

The mother\*1 mentioned by the cheating system should refer to the Nuwa Empress.

The Nuwa Empress in the illusion is indeed the strangest. Other gods can't move, and her tail can be flung around. Of course, it is also possible that Li Yun happened to fall by the Nuwa Empress, and the owner of the illusion controlled it. She attacked him with the tail of Empress Nuwa.

It's just that the extra reward makes Li Yun not quite understand, it seems that he has been targeted by some people.

It should be the controller of the illusion, the mysterious gate, or the person in the six gates who knows this mysterious gate very well.

"But I am not at a loss, at least I know one way of attacking this gate, and I have seen a lot of gods."

When Li Yunquan became lucky, he was about to approach the small suspended tower to take a look, when the system's option prompt came again.

"Ding, trigger the option event, please choose from the host:

Option 1: Destroy the small tower and the reward is the same as above.

Option 2: Kill the Void Return Realm present, and the reward is the same as above.

Option 3: Ignore, let them plan, persuade Fan Qingsheng and others to leave, activate the mysterious door, and reward no. Note: This behavior will change the world or bring unpredictable benefits and risks to the host. "

change the world?

Li Yun's face was solemn, and the system finally came up with a useful option prompt.

Just in what way will the gate change the world?

Activating the mysterious gate means that there is something hidden behind the gate. It may be a sealed monster, it may be a stunning treasure, it may be a cave, or it may be...an ancient person.

Judging from the six gates knowing how to activate the gate, it is really possible that this gate was built by them, and the years of existence may be a little bit forward, tens of thousands of years ago?

"Which one should I choose...change the world?"

Li Yun thought about it. The choice this time is no less than a life choice problem. Option 3 does not seem to be punished. It will only cause the people on the island to be killed by the six gates. He has committed a morality that will not save him. Blame.

Li Yun didn't feel very guilty for failing to save him, but there would be some grievances in his heart. There is a good saying that the greater the ability, the greater the responsibility.

If the strong (high-status) people do not take the responsibility of maintaining social order, the world will become a mess.

The power of justice must occupy the dominant position, so that the human world can develop normally and not be destroyed by thousands of nuclear bombs by crazy ambitions!

"So, the evil careerist must die."

Li Yun made a decision and took out the Leap Fire God Sword from his inventory, and looked at the four Void Returning Realm who were sitting cross-legged indifferently.

He may not be a righteous person, but he needs an orderly society. Otherwise, in a chaotic world, how can he spend a happy vacation with his confidante?

For example, this time, Li Yun originally wanted to spend ten days on the cruise with three little beauties, and then come to the private beach of Haowei Island, while enjoying the beach sunbathing while enjoying the little pepper Feiyao and Xiao Liuli, but now it is only going on. Half and the other half are planned to be scrapped.

Even if only for the smiling faces of the confidantes around him, Li Yun must not let the world become chaotic!

"Die to me!"

Li Yun's eyes flashed with cold light, and he was about to fully urge the Dragon Fire Divine Sword to cooperate with the Earth Evil Fire and severely wound the four Void Returning Realm in one fell swoop.

"Who?!"

Suddenly, the Void Returning Realm powerhouse among the four who didn't know the name suddenly opened his eyes, and a wave of spiritual power swept across the entire underground hall, awakening all the other three Void Returning Realms in an instant.
